High winds the last few days are drying out the ground. Many stock tanks are getting low. Outside of peanut farmers, most everyone says, we need rain. Broom weeds, which have grown waist or shoulder high to some, will be a fire hazard this winter. Pastures are full of them and have taken on a yellow color since they are in full bloom now. Everyone should be careful to prevent fires, as the hunting season will be in full swing next month.

RE-ELECT FOR A SECOND TERM

CRAWFORD MARTIN ATTORNEY GENERAL

WOULD YOUR CONGRESSMAN **VOTE FOR GEORGE WALLACE?**

Some fine Texans are tempted to vote for the 3rd party candidate because they admire his stand and his statements on some of the major campaign issues . . .

STOP AND THINK WHAT WILL ACTUALLY HAPPEN ...

The best that Wallace supporters can hope for is enough strength to throw the election into the turmoil of a Congressional election by the House of Representatives.

The answer is certain and simple. Wallace supporters are at the mercy of Washington Politicians! Every vote for George Wallace automatically becomes a vote for Hubert Humphrey!

THERE IS A BETTER CHOICE ...

A vote for the NIXON-AGNEW ticket is a positive vote for "change" with the definite promise that our National Affairs will take a new direction . . . the direction you want it to take!

YOU CAN TAKE OUR WORD FOR IT!

IF YOU REALLY WANT A CHANGE ... NIXON'S THE ONE!
