In the past few weeks I've spent a lot of time at the ball park taking pictures of youngsters from ages of about 5 or 6 up to teenagers.

They are fun to work with, bright and cheerful and just as cute as can be.

And during that time I've come to realize just how special the folks that work with those youngsters are.

I know that most coaches are parents....but they are parents willing to spend an incredible amount of time working with

It's hot out on those ball fields. And before every game the field has to be worked on. Lime has to be spread and mark the baslines.

The bases have to be put down. Behind the scenes there are schedules to be made out and games to be arranged.

There are uncountable phone calls to be made. There are funds to be raised and uniforms to be fitted and rounded up. One good rainstorm can create havoc with an entire schedule!

Then coaching has to begin. Coaches aren't on hand just for the games, they come out to practice too.

Of course, there has to be some criticism during all this...coaches sometimes have to accept the flack for things that they did or did not do.

So, let's hear it for those spring-time heros...the coaches of kid's baseball and softball!

And, while handing out awards, it might be nice to hand out one or two to the parents who run the concession stands at those same ball games...and then there are those dedicated parents who take their children, and other people's kids, to the games and patiently sit in the blazing sun

while their youngsters play ball. Yes, it's dedication and love that these people display ... a love of the game of baseball and a love of children.

They all deserve a round of applause!

Dear Editor:

Often we take for granted things that are not outwardly noticeable. I am referring to the city's water tuation this past weekend. I earned of the water outage at 7 o'clock Saturday morning and prompty reported it to Paul Yeatman. We went to the reported break site to find our water superintendent Wyatt Bush already there and sizing up the situation. Wyatt had been up most of the night trying to keep the tanks full and looking for the leak, rainwater run off had made finding the leak a difficult task.

There was a huge sink khole in the road behind Joe Ford's old grocery, that you could have put a small car in, with water running out it at an enormous rate. After realizing the complexity of the situation "8" water main requiring major backhoe work to shut it off, it was decided to try and fix it "live". Wyatt and Paul worked in the sink hole for 45 minutes digging the dirt from around the pipe, the water was 5 feet deep. Upon successfully completing the patch, they went about restoring the water levels in our storage tanks which had been depleted the previous night. Wyatt explained to me that the low water level in the tanks had activated the iron depositss in them that is what made the water so brown this Sunday.

If you see one of these city employees, thank them for spending their Memorial weekend on the job, correcting a situation that without proper attention could have become disastrous.

Letter To The Editor:

Dear Editor:

Yesterday in Bogata everyone's water came out of the faucet looking like "liquid gold". Of course a lot of people called our water superintendent, Wyatt Bush, immediately to complain, not even taking a minute out to try and figure out why the water was that color!!

Frankly, I think wyatt Bush does an excellent job as our water superintendent. He is a very responsible young man who always gives extra effort and who believes in doing his job right. He is always polite, is very well mannered and congenial, even though he is a quiet

person. I wonder how many of the people who are so quick to complain are laying in bed sound asleep while Wyatt Bush is out in the middle of the night, sometimes all night, up to his knees or higher,

Country Cooking

The Country Cooking column is being shared this week from the kitchen of Douglas (Andy) and Kathy Williams. Andy and Kathy have been married for 15 years and even though they have lived all over the world, they call Bogata their home. Kathy was raised in the Bogata area and graduated from high school there. Before she married, she never really traveled, but since then she has lived or visited in Malaysia, Singapore, Holland and many more places. She and her family are in the process of moving to Holland at this time and

will spend about six months there. Kathy and her family are members of the United Methodist Church in Bogata. She enjoys cooking, entertaining, oil painting and any craft you can use a hot glue gun.

Kathy likes to cook fancy foods. Although she cooks plain foods for her husband, she likes to experiment with fancy recipes. She does a lot of changing in a recipe also. She might take out some ingredients that her family doesn't like or add ingredients they do like.

Kathy also likes to work in the yard and grow plants. Her career for the past eight years as been Activity Director for nursing homes. For the past four years she has served at Red River Haven Nursing Home. May 29 will be her last day of work.

Andy and Kathy are the parents of Brandon, a seventh grader, age 13; and Kevin, a fourth grader, age 10. Another enjoying of Kathy's is

working with children's church on Wednesday night. She also helps with vacation bible school each summer. Kathy is vice-president of PTO at the school and she enjoys getting involved in activities that concern her children.

The crabmeat recipe shared this week came from Eileen Wainman from British Columbia, Canada. Kathy got the recipe from her when she lived in Singapore. Upon my arrival at Kathy's house, she had the table set to sample this crabmeat dip. I've mentioned before how I hesitate to taste foods because of calories, but I did sample this unique dish. It is delicious and I will make it for the next event i attend. The hot potato salad recipe came from Aunt Berniece Hartman in 1983 when they visited them in Spokane, Washington.

The chicken pot pie is good to freeze. When she fixes it, she usually freezes half of it to have for visitors who pop in. This recipe came from a neighbor, Mary Joplin of Bogata.

The pea salad came from a lady she attended a nursing home meeting with. The lady was telling about it, Kathy wanted it, so she wrote it on a paper plate for her because she didn't have any paper. Kathy recalls how difficult it was to figure out the rec-

Rabies Vaccinations Could Be Crucial This Year, Bring Your Pet To The Dip And Vaccination Clinic

Is your dog vaccinated for rabies? Does it scratch from fleas and ticks? Now is the time to do something about it, as the Deport Community Service Club and Dr. Sam B. Kelsey

hold their annual dog dip and rabies vaccination clinic. This year's clinic will be held from 9 a.m. until noon on Saturday, June 8 at Dr. Kelsey's Veterinary Clinic,

located just west of Deport on Hwy. This year might be a good time to give more thought to vaccinating a pet for rabies, as cases are being reported throughout the state. The cost of the dip is \$3, and the vaccination is \$5. Both cost \$8, and

are a bargain at that price. The Community Service Club and Dr. Kelsey sponsor this dip and vaccination clinic as a service to anyone in the area who wants to protect their pet, and people.

Everyone is welcome, so come take advantage of this one day only opportunity. Protection against rabies, fleas and ticks is important, and it's entertainment at it's best to watch the men dipping those often-unwiling

"Home". I doubt that any word, in any language, holds more emotion than that one. Although I moved to Missouri at a young age, I still con-sider Cuthand home. Mother, born Allie Dee White, knew how I felt and saw to it that I got to spend my summers in Cuthand. Some of my fondest memories are of my grandfather, Rufus White, known by all of us as Papa. I swore to try to be as much like him as I could. To my everlasting sorrow, I never even came close.

Several of my relatives have gone on but still live in my mind. Fred White, uncle and friend. Whenever I am troubled and depressed by the ups and downs we all suffer in this old life, the perfect antidote is always to summon up the memory of Fred grinning and joking and the black clouds are swept away. Otha White, a man who loved people and understood them as no professor at any university could ever hope to. Warren White, a man who proudly served his country for three decades and when he retired, did what I long to do...moved to Cuthand!

My aunt Rosie, despite living a hard life, was always willing to help. I still fondly remember a time when I was in the Army, out in the field, cold and miserable when mail call came around and with it a birthday card with money from Rosie.

Then there was uncle Johnny who I never got to spend much time with, but when he arrived on one of his infrequent visits he managed to brighten up everybody's life for a few

Three of my cousins, Sammy Mays, Gary White and Morris White were taken from us at much too young an age andI think of them all.

Whenever I get to brooding about how many of my family that has passed on I remember how many are still with us.

Aunt Ruthie, a lady whose love for chilren and people in general is only, and could only be, matched by those who love her. Her husband, Samuel, is a man about whom other men say "I'd like to be like him". Few are! A good man, a good friend and a man I have always been proud to call Uncle.

Dorothy White, known to everybody as Mutt, is a lady who, when someone is troubled, sick or injured, Mutt is there to help.

There is a lot of pain and suffering in this old world but I sometimes ponder how much worse things wou be if there weren't people like Mutt walking among us.

My aunt Marie, whose Sunday dinners are legendary, used to take care of me when I was little. I believe that good lady, to this day, still worries about me. Seeing her bright smile has chased many a blue cloud for me and I love her even more for that.

Uncle Gene White is one of a kind. An original, and I have never seen nor heard tell about anybody quite like him. He loves his family, has borne more than his share of tragedy, and loves life. Just thinking about Gene makes me smile and seeing him is always a treat. His lovely wife, Lily, a lady I'm tickled to call my aunt, is one of those people who can make you feel good by just being around them.

My dear Aunt Helen, she has comforted me, sympathized with me and made me laugh since back in the days when I carried a slingshot in my pocket. The years have neither slowed her down nor dulled her tongue, a blessing for all of us who admire and appreciate plain talking and honestly given opinions. She is a jewel that I will always treasure.

My Aunt Margaret who came to cuthand from a far off land and earned the respect and affection of those around her. Those who know her are aware that her gruff exterior hides a good heart.

As for my cousins there are truly too many to mention for fear of slighting one of them. That might result in me missing out on a free meal on my

Country Grocery Stores Are Almost Gone

By Nanalee Nichols

Kisner's and Joe Ford's Grocery are gone from Bogata. Edgar Rodgers and Otis Westbrook's establishments have vanished from the streets of Deport.

The Taylortown Store is no more, and the stores at Milton and Minter don't exist except in the memories of older residents.

The one that sold so much sugar and corn at Sugar Hill, near Talco, is a thing of the past.

Rugby's store is now a lawn mower repair service. Fulbright was one of the last to go...but is now locked and

It seems that soon the old fashioned country grocery store will be as rare as a glass topped gas pump or two row tractor rig.

In many cases these homely little establishments have been replaced by more modern stores, often on the same location. Such is the case with Jim's Country Corner near Cuthand. It was destroyed by fire, and a clean, new building took it's place.

All too often, though, in an age of super markets and increased mobility, the country store has simply "bitten the dust" and belongs to a by gone era.

The country store was generally located at the crossroads of a town. It usually consisted of one long, narrow room, with a tacked- on feed room to the side, and often a set of gas

pumps out front. The porch would harbor a bench or two and the elderly men of the town could usually be found sitting there, telling tales, whittling and generaly keeping an eye on the progress of

an arrival announcement. Those screens frequently had an advertisement for bread or soda pop emblazoned on them.

The interior was dark, and felt cool in the summer. A pot bellied wood stove kept the front porch crowd happy in bitter weather.

Those stores catered to folks wanting basics like flour and sugar, salt and bacon, milk or butter.

There were few frills to be found. No fresh mushrooms or artichokes ever foundtheir way to those empo-

But feeding a large family was easy as a farmer's charge account was totted up in a little book, to be paid off when the "crops come in" Inside the proprietor or his wife

would give hearty greeting to their Few strangers would appear in that dim chamber...and those didn't re-

main strangers for long.

The fixtures of a country grocery now can be found in antique stores fetching handsome sums of money.

Coke boxes that held their glass bottles suspended in a bath of icy water, tobacco plug cutters and signs advertising Ivory soap or Gladiola flour have all become collector's items

Shelves were of painted or plain wood, and prices were hand printed onto the can or package

At the back huge sacks of flour, sewn up in calico prints that were used to make uncountable dresses, quilts and shirts, gave the whole store a faintly dusty odor.

Eggs were frequently be purchased from a local grower, as was sorghum syrup, honey and fresh produce. Slanted bins held fresh bundles of onions, greens or tomatoes, while underneath tilted bushel baskets held red and white potatoes, sweet potatoes and beans.

Human nutrition wasn't the only kind that could be obtained at a country store, either.

There would be scratchy burlap bags of horse and mule feed, hen scratch and hog mash. Those bags would bear portraits of truly amazing, prize-winning animals on the

Medicinal needs, too, were met with Lydia Pinkham's, Carter's Little Liver Pills and other patent remedies lining the shelves.

For children there was always a special section...the candy section. In an era where candy was a real

treat, those glass jars filled with eve-

Often the store served as the post several small children. So theunder-When a customer entered the office too. The post master would be standing proprietor kept right on be one or the other of the husband and wife team running the store.

> The post office was a small room with a lockable door, and a request for mail pickup or stamps would result in the grocer removing their apron and stepping "next door" into the post office to fill their customer's needs.

That extra postal money came in handy to store proprietors who were all too often plagued with more credit business than cash.

After a bad crop year it was diffi-

carrying the family until times "go Country stores are few and far be-

tween now. Cunningham still has one that contains a post office. So do a few other places.

But, like full service gas stations

and soda fountains in drug stores, there are only a few left.

And perhaps it is that scarcity that makes them worth noticing and remembering.

By their very rarity they have cult to cut off credit to a family with become something worth noting.

Familiar Faces

When Dr. Robert White graduated in June, 1989, from Baylor Dental School, he could have begun his practice anywhere. Of all the places Dr. White could have gone, he knew the only place for him was Bogata. His dream could not have become reality without the help of his mentor, or as we know him, our own town dentist, Dr. Jack Troutt. Dr. Troutt gave Dr. White the encouragement

that no one else could have. Almost everyone who has lived in the Bogata area in the last 20-something years, has known Dr. White. He was an active Boy Scout, who eventually became an Eagle Scout. He was also in the Rivercrest marching band as a trumpet player, an enjoyment that he still practices today. It's not hard to imagine that the same boy of that time, being the successful dentist he is today.

The reason Dr. White decided to become a dentist is for his love of helping people. His philosophy is that the more he helps people, the more it helps him. But Dr. White does more than that. Since 1985, he anda group of other dentists travel to Matamoras, Mexico to aid the natiaves in dental care. The care is entirely free for the natives and the experience is overwhelming. Together with the help of a Baptist mission, the dentists are able to give people the

medical attention they might not be offered. Even though last year Dr. White was unable to make the trip, he plans to make it possible this year and every year after.

One of the most disturbing parts in his field of medicine is he sees children who are neglected. Dental care plays ann important role in a person's health and Dr. White hates to see innocent children in pain from the cause of neglect.

Outside of his career, Dr. White has several other roles which he plays just as well. In July, he and his wife, Brenda, will have been married for one year. They are members of the First Baptist Church in Paris. Dr. Whitie is also an active member in the Bogata Lions Club. His hobbies of fishing, hunting, swimming and yard work keep him more than occu-

Dr. White's career is very important to him. His practice and his patients mean a lot to him. He plans to continue his education in dental care by taking seminars at least every two months and his main goal is just serving the people in the best possible way. You can be assured that Dr. White will be there if you need him because he's planning on staying in Bogata forever. What more could
