Sometimes there is someone who plays a major part of the community; but you weren't even aware they were in the game. Rev. George Rape is the perfect example of this. It is an honor to showcase him this week in Familiar

This year Rev. Rape retired from Cambell Soup after twenty-five years. Don't think that he's going to just sit around. You could never accuse him of not working hard at something. For years Rev. Rape not only worked at Cambell Soup; but he also preached every Sunday. In fact, he's been pas-

pastor for FreeHope Baptist Church . It's amazing what a difference he

District 17AA Football Roundup

As Texas football gets underway this week, District 17AA joins right in. Texas Football Magazine, in their annual pre-season picks, tabbed Leonard the early favorite, due primarily to senior quarterback Trey Trenholm, who, as last year's MVP in the District, will be the catalyst that makes or breaks their success. Cooper could give Leonard its toughest test because of their strong line of

Rivercrest could be a sleeper, waking up to surprise them all as Coach Tommy Green has installed the ever-explosive wishbone offense that is led by quarterback John Smith.

The question mark will be whether the Rebels can furnish enough defense to go with the bone. Country Cooking is being shared this week from the kitchen of Phil and Liz Williams. Being married for seven years, they have lived all this time in the Blossom area.

Phil and Liz have four children: a daughter, Marcie and husband Doug Thompson o Paris; daughters Becky and Regina of Tyler and son Chad of

Phil and Liz work at Uarco in Paris and Liz has made this her career for

the past 19 years. Her hobbies include sewing, making crafts, T-shirts, jewelry, cooking, swimming, going to baseball and basketball games, shopping at craft stores and collecting cookbooks.

She says they like to watch sports games whether they know anyone playing or not. They like all the area school games plus games in Dallas, etc. Liz makes a lot of her and Marcie's clothing. She enjoys painting and appliquing on T-shirts and sells some of them occasionally. She also loves to make earrings, all colors and all fashions. Most of these are for herself and her daughters, but she does give a lot to friends.

Liz says "Just face it, I'm a craft person. I enjoy antiques and country items." Phil calls it all junk but that's

not Liz's definition of it. Cooking breads and sweets is Liz's favorite foods to cook. However, Phil doesn't like either of these so she doesn't cook them as much as she would like. Liz started making desserts as a young girl when she helped out at home. She started making breads in high school while taking a homemaking class.

Swimming is another enjoyment Liz loves. She would like to swim everyday but only manages about 3 or 4 times a week. She thinks this is the best therapy anyone can have.

She collects and cuts out recipes from everything she sees. She has chosen a variety of foods to shae with you this week.

The Steak Strips have been a favorite of every member of her family for the past seven years. She found the recipe in a magazine. The Enchilada recipe has been around about 10 years and came from a friend at work. The Quick Bread recipe is fast enough to start it and bake it for supper. She mixes the dough first, lets it rise on her oven door, and by the time she gets everything finished for supper, the rolls are ready to bake.

The Scratch Combread was one she has continued with her through the years. She said it seems she has always made it. Marcie encouraged her to share this recipe, it's one of her favorites. The Brownie recipe is one she also has used since a youngster. We hope you enjoy these recipes.

I have had great response this week for the requests. We have received an Almond Joy Cake recipe from JeNola Cavender, Linda Eilers and Tommy Williams and will be sharing it with readers in the future. An Orange Slice Cake recipe was sent in by Tommy Williams and by JeNola Cavender.

If you've enjoyed the article, request a recipe or have a recipe to share or suggest a feature, please call 652-6032 or write Rt. 1, Box 67A, Deport, TX 75435.

Yes, it did look like we were going to get blown away on Friday night, but we gave Detroit a little surprise. The Rivercrest football club looked 100% better than last week against Fannindel.

With each club playing 40 plays, it gave them both a lot of practice. The Rebels looked exceptionally good on offense. The offensive linemen David Jones (center), Clay Pirtle, Gary Cheatwood, Clint Burns and Brandon Miller did a very good job. The offense gained right at 300 yards, which was doubled over last week.

The Rebels scored on the fourth play on a 40 yard run. Then three plays later, Tony Sanders scored on a 4-yard run, which was set up after a 57-yard pass from John Smith to Matt Childres. As the game progressed, RHS kept gaining yardage, but never scored again.

RHS's defense did well, also. Although Coach Green is a little worried about their tackling. But the Rebels did have vast improvement. Tony Sanders did a good job at linebacker while Jonathan Savage and Micquail Jackson did a good job also.

The JV played well on Friday night. beating Boles Home 3-0. "They put forth great team effort. We had an excellent line (blocking). We also had good running from the backs. We've been working really hard and I've seen great improvement," said Coach Wood. The JV is expected to do a good job this year.

This week Rivercrest plays their traditional rival, Prairiland, at Prairiland at 8 p.m. The JV game will be played at Rivercrest against Prairiland at 7:30 so everyone come out and support the Rivercrest Rebels.

RIVERCREST played a scrimmage football game against Detroit last Friday at home. The JV Rebels won the contest while the Varsity Rebels took a thin loss. (Staff Photo by Nancy Brown)

Tuesday Night Meeting
In one of the more exciting booster club heard from Supt.

Booster Club Holds

club meetings in a long time Rivercrest Football Coach Tommy Green gave a Booster-Type talk relating to this week's game at Prairiland. Coach Green introduced his various assistant coaches, who in turn introduced respective team members. The Junior high Squad was introduced by Coach Wake Wood and Coaches Eddie Barker and Harvey Slawson introduced, along with Green, the Varsity.

Various demonstrations of the different on field signals given by the coaches to the players on the field during the game were explained to the large crowd of fans and boosters who gathered in Rivercrest auditorium. Green was given a large ovation as he emphasized the desire and enthusiasm the players and coaches have shown already this season and promised the boosters a fun game to watch this Friday.

In an earlier business meeting the

club heard from Supt. Freddy Wade regarding U.I.L. regulations involving athletes and how they can be treated no different than any other student regarding benefits. It had been advertised last week that the athletes would be given hamburgers at reduced prices at the scrimmage, but that was changed prior to the supper as it could have been a UIL violation if reduced prices had been offered.

Plans for upcoming homecoming activities of the booster club were discussed and a committee was to be appointed to oversee Homecoming Acitivites relating to the Booster Club. The Hamburger super sponsored last week was a success with net profist exceeding \$265.

Prospective new members will have the opportunity to join at the New Diana Game next weekat Rivercrest. The membership in Rivercrest Booster Club is like the enthusiasm for Rebel Footbal...It's getting stronger every week!

Good neighbors with good advice for saving energy

Frank Sanchez, a customer services representative in Texas-New Mexico Power Company's Pecos, Texas, office, can help customers with their energy questions. Employees in all of the communities TNP serves are a good source of advice for using

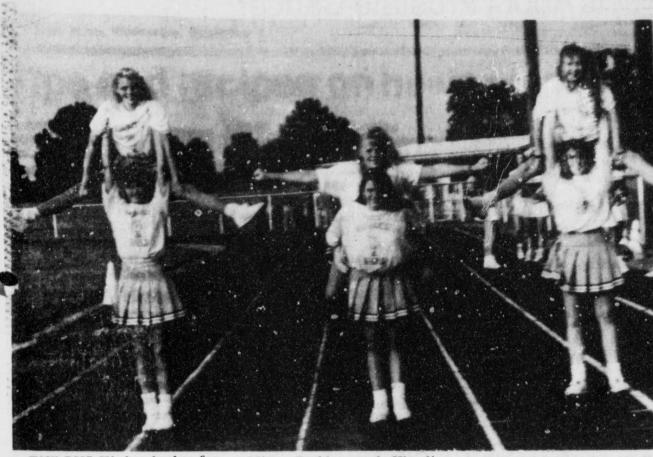

Caulking and weatherstripping are two low-cost measures you can take at your home to reduce energy waste. To prevent unnecessary air leakage, caulk any cracks between windows and their frames and make sure you have full weatherstripping around doors, windows and the attic stairway opening.

For more information about caulking and weatherstripping, call or visit the neighbors at your local TNP office and ask for the free brochures, "Straight Talk About Caulking' and "Straight Talk About Weatherstripping."

Remember The Red River County Fair Sept. 18-21

By Jorene Carpenter

Always of interest in Fair-goers are the following divisions. We appreciate all of the many hours of labor and love that goes into these items on display for judging. Youth and adults judged separately.

Household Textiles with Irene Lyons, Superintendent. Division I Embroidered or cutwork Textiles; II, Rugs; III, Crochet; IV, Tatting; V. Knits; VI, Decorating Stitching; VII, Sewing and Fancy Work.

Quilts are always a favorite of the Exhibit Building. Zoe Farmer is superintendent of this division. All quilts must be cleaned an completed since October 1, 1990 (except heirloom quilts) completely finsihed, standard sizes are twin, full, queen or king. Label quilts with pattern names, if known. Quilts are judged on both

The classes are too numerous to mention. They have been expanded to include a wide range of quilts. See Fair Catalog for information.

Clothing Division has Sarah Grizzle as superintendent. There are many classes under the following sections: Sewing & Fancy Work, Baby Clothes, Blouses, Dresses, Jackets, Shirts, Skirts, Shorts, Pants and Suits and Miscellaneous.

One of the largest divisions is the Crafts and Hobbies having Dorothy Dawson as superintendent. There are 82 classes of items so please refer to the Fair Catalog for the class you can enter. Please note: Anything that hangs on the wall must have a hanger. This group works hard to see that every item is placed for viewing.

Remember the general rules are in the Fair Catalog along with a complete listing of all the above divisions and classes. Come to the fair to enjoy the county resident's wonderful tal-

Check in of items is Tuesday, September 18 from 1 to 6 p.m. Judging will be Wednesday morning. Check out of all items in the Exhibit Building is Sunday, September 22 from 2 to 3 p.m. Home Economics exhibits pay-out times will be Friday from 6 to 8 p.m. and Saturday from 2 to 4 p.m. and from 7 to 9 p.m.

Historical Society Bazaar Is October 5 In Clarksville

The Red River County Historical Society's 12th annual Fall Arts and Crafts Bazaar is Saturday, October 5 from 9 a.m. to 4 p.m. around the Red River County Courthouse in Clarksville.

Over 80 individual booths will feature a variety of items for sale to the public, from arts to crafts to antiques to produce to canned goods. The Society will sponsor food and drink concessions offering an assortment of home cooked items.

Entertainment will be offered throughout the day including an old fashioned western shoot out, and a musical written and produced by Boyd Hurt, to be presented five times during the day. Tickets for the play will be on sale at the Carousel for

Miss Belle's House, one of the Society's current renovation projects, will be converted into a Tea Room

for the day of the Bazaar. A luncheon, directed by Mary Simpson, will be served for \$5.00 each with three separate seatings.

Surrey rides will be provided all

day by the Wagonmasters. The Children's Corner chaired by Susan Hughston, will feature a variety of children's crafts and activities. Twenty raffles will be held during

the day. A street dance will follow featuring Jody Nix and his band, the Texas Cowboys.

A barbeque dinner will be catered at the Courthouse before the street dance from 6 to 8 p.m. Everyone is encouraged to bring lawn chairs to the dinner and dance or just listen to the music.

Facts About Prostate Cancer

Prostate cancer is one of man's most ignored and least talked about diseases. However, it is the most comon cancer of American men and their second leading cancer killer. But it doesn't have to be this way, early detection is key to successful treatment, and new therapies are available that can extend life, even in patients with advanced diseases.

An estimated 122,000 American men will get prostate cancer this year; 32,000 will die. About one man in 11 will develop prostate cancer; one in none for black men.

Black Americans, have the highest incidence in the world. All men over the age of 40 are at risk, though the average age of men with prostate cancer is 70. The American Urological Association and the Prostate Cancer Education Council recommend annual prostate exams for all men age 40 and over.

Unfortunately, prostate cancer often devleopes without any warning signs. Possible symptoms include:

weak or interrupted flow of urine; inability to urinate, difficulty in beginning to urinate or the need to uri-

nate frequently, especially at night; blood in urine and semen; and continuing pain in lower back, pelvis or upper thighs.

While no test is 100% accurate in detecting prostate cancer, a digital rectal examination and Prostate Specific Antigen blood test are currently the most effective way to diagnose the disease at an early and potentially-curable stage. Ultrasound may also be used.

If detected during it searly stages, prostate cancer may be cured with therapies such as surgery or radiation. In advanced stages, prostate cancer typically cannot be cured, but new therapies such as hormone therapy have been shown to extend life, control disease spread and have fewer side effects than other treatments.

Early detection is the key, more than 80% of all patients whose tumors are diagnosed at an early stage are alive five years after treatment. Survival rates for all stages of prostate cancer have improved steadily since 1940 and have increased nearly 25% in the last 20 years alone.

NIGHT CRAMPS

Cramps which occur in the muscles of the feet or legs at night often cause the sleeper to wake in a hurry, grasping his leg and cursing. These cramps aren't symptoms of a circulatory disorder as daytime cramping may be. Daytime cramps are generally caused by exercise and will disappear after a period of rest. Night cramps, on the other hand, occur only during rest, and generally while one is in bed. Normally, when a muscle stretches, it is pulled against others which contract at the same time. These cramps ar egenerally brought on by stretching one muscle against little or no resistance from the opposing muscle. They most commonly occur in the calf muscle, but can also affect the arch of the foot or even a toe. For immediate relief, grasp the affected area and pull it gently in the opposite direction from the way the cramp has dis-

"We've sent a letter to Washington telling why we think interstate banking will be bad for the country," Patterson said. "But we've also told them that if it does pass, to at least allow states the opportunity to tax bank facilities in the state and to also allow states to have the privilege to opt out of allowing interstate branches."

'We've already seen the trouble caused by allowing large out of state bank holding companies operating in this state, their lack of small business and agricultural lending, their shipping state deposits out of state, their unfair handling of work outs, and on and on, "Patterson continued. "Think what it will be like when we allow banks to consolidate in ever greater size, without state consumer and
