NUMBER THIRTY-EIGHT

Tractor Pull Fair Feature

Approximately 50 smoke belching power monsters are due in town this week to compete in the Tractor Pull Contest to be held Saturday, Sept. 21, at 6 p. m. The contest will take place on the Rodeo Grounds and is a featured attraction of the Haskell County Fair. Pat Hale, who is in charge of the contest, says that a large number of entries have been received and this is expected to be one of the largest Tractor Pulls in the Big Country.

Entries are in three classes: 7-9,000 lbs., 9-12,000 lbs., and 12-15,000 lbs. Mr. Hale also states Official National Tractor Pullers Rules will be used.

It will be a battle of power and drivers when this event is staged on Saturday, with drivers urging every ounce of strength from the big machines. Some of the entrants

New Deadlines Announced

The Haskell Free Press is now being printed offset and due to extra time required for make-ready, the following policies are announced:

Classified deadline has been changed from 10 a. m. Wednesday to 5 p. m. Tuesday. No exceptions.

All news items, except events happening on Tuesday night, must be in by 5 p. m. Tuesday.

Your cooperation will be appreciated in following these policies.

are experienced drivers in such contests while others will be in the amateur class with determination to win with their souped-up giants.

Some contestants have spent a great deal of time in preparing their tractors for this exciting event. It will be a thrilling sight to see drivers pit their skill against the huge weighted sled and with quivering power plants on wheels beginning to move down the course.

The contestants in this event take a great deal of pride in their tractors and you can bet they will be tuned to perfection and geared for the ultimate power they can produce.

Starting time is 6:00 p. m. Saturday and admission is \$2.00 for adults and \$1.00 for children. You will not want to miss one of the most exciting events of the Haskell County Fair.

It all begins at 5 p. m. this afternoon! The 1974 edition of the Haskell County Fair will begin with one of the largest and most spectacular parades ever. Theme for this year's parade is "The Good Old Days" and will feature entries that will be of interest to the young and cause adults to reminisce. Entries in the parade will include color marching bands, hill-billy bands, old time square dancers, antique automobiles, farm wagons, buggies, horse drawn farming equipment, plus a number of unique floats, and one entry that always gets lots of attention is the Spanish Fort Coon Hunt-

ers Association from down Red River way. Everybody will love a parade and nobody will be disappointed with the parade that will kick-off the ninth annual 'Growing Haskell County Fair.'

At least 100 Haskell County Citizens have been busy for days working to assure the success of the three-day run fair and provide entertainment and educational opportunity for those who will attend this gala event.

Livestock entries have been coming in for days and promise to be good, both in number and quality. Exhibit barns are expected to be overflowing with livestock, rabbit and fowl entries. H. V. Woodward, chairman of the crops division, promises nice exhibits from area farmers. More entries are expected this year in the women's division, according to Mrs. Barbara Elliott, Haskell County Extension Agent.

Judging of the various entries will be going on throughout the fair and results will be posted as soon as judging is finalized.

The carnival attractions by A. T. T. Amusements, will provide many thrills for children and adults alike, and the midway will be open throughout the three day run.

Free entertainment will be provided each night and will include the Old Time Gospel Singing on Thursday night under the direction of Tom Watson, and each night a fine western band will perform on the outdoor stage and will be under the direction of Jean Free and Melba Howard.

An added attraction of the Haskell Fair will be the drawing at approximately 10 p. m. each night for the awarding of \$100 in cash to some lucky Fair visitor.

Whether your fancy runs to the excitement of the midway, or to the numerous exhibits, or just visiting with friends and neighbors, you will find much entertainment at the Haskell County Fair.

The tractor pull under the supervision of Joe Pat Hale promises to be one of the largest ever in this part of the Big Country and is sched-

In modern times, the word "champion" is used as often, if not more so, than any other word in the English vocabulary. We crown champions in football, golf, baseball, basketball, tennis and hockey, plus a multitude of other sporting events. In fact, it would take a long winded computer working overtime, to compile a complete list of all the recognized champions in our many fields of endeavor. We have champions of "women's lib" and we have politicians who say they champion the cause of their

Gov. Briscoe Here Oct. 1

The October 1 date for the Giant Democratic Political Rally is nearing. Haskell is preparing for one of the largest gatherings in sometime. The rally is scheduled to begin at 10 a. m. on the Courthouse lawn. Governor Dolph Briscoe will be present along with John White, Commissioner of Agriculture, Bill

Heatley, State Representative, Ray Farabee, candidate for State Senator from the 30th district. Also expected to attend are John Hill, Texas Attorney General, John Tower, U. S. Senator, and other local and state democratic candidates.

Candidates will be given an opportunity to speak in the morning along with the Governor and Governor Briscoe will dedicate the Herman Marcus plant in the afternoon.

The noon barbecue will be catered by Clifford Teinert of Albany, winner of the Big Country Cowboy Cook-Off in Abilene on Labor Day, and tickets are now available at \$2.50 each.

The afternoon activities will be held at the Herman Marcus plant on West Highway 380. The plant will be open all afternoon for Open House. This will afford area residents, as well as visitors, an opportunity to tour the plant and see the operation first hand.

Pipers Down Tribe, 34-6

By DON COMEDY
Bewildered is the only word which can be used to describe Indian fans at half time of last Friday night's game against the Hamlin Pied Pipers.

The Tribe held Johnny Jones to 60 yards rushing during the first half. In their season opener, Jones rushed for almost 180 yards in the Pipers 62-0 defeat of Rotan.

The only score of the first half came on a 3-yard run by Steve Evans with 8:00 minutes left in the first period. The Tribe halted another Hamlin scoring attempt from the 24-yard line late in the first period when Ricky Bird

intercepted a Tracy Rowland pass on about the 10-yard line.

An Indian highlight occurred three plays later when Cris Love carried the ball 55 yards to the Hamlin 30. The Tribe surrendered the pigskin to the Pipers six plays later. The Hamlin team managed only seven plays before being forced to punt.

Five plays later a 64-yard punt by Cris Love got the Tribe out of a hole and gave the Pipers the ball on their own 15 yard line. After gaining only six yards they were forced to punt and the Tribe had possession of the ball as the first half ended.

During the first half the Tribe had possession of the ball for 32 plays and the Pipers ran only 23 plays. Haskell had 7 first downs and 105 yards rushing to Hamlin's 8 first downs and 122 yards rushing. Both teams were forced to punt 3 times. Haskell averaged 47 yards and Hamlin averaged 30 yards on the punts. The Tribe had two penalties for 20 yards, and the Pipers had 8 for 80.

During the second half the Pipers scored four times on six possessions. The scores came on drives consisting of 6, 9, 5, and 1, plays.

Ricky Bird was a defensive standout for the Tribe. Bird was in on almost 30 tackles during the game. Considering that Bird weighs only 135 and almost all of these tackles were on people in the 160-175 pound class, gives an insight to the effort and determination of not only Bird but the entire Indian team.

The effort and pursuit of the Indians looked like a different team than that seen by Indian fans in the season opener against Anson.

After giving the ball to Anson eight times in the season opener, the Indians made a complete turn-around and didn't fumble or throw an interception during the entire game last Friday.

Senior Ollie Johnson, a 190-pound senior, did a fine job from his tackle position both offensively and defensively. Jim Pippin and Johnny Larned were noted as offensive standouts.

The Indians will meet the Seymour Panthers this Friday night at Indian field at 8:00 p. m. The Tribe will be looking for their first win of the 1974 season. See you there!

Good Rains Fall On County

Long awaited rain has been falling in Haskell County this week. After a long dry summer it has been a welcome sight to see the slow falling rain soaking into the parched earth and filling the dry weather cracks. Rainfall has been far below normal and with rain continuing on Wednesday morning it appears now that we may reach the normal during the month of September.

The amount of rainfall has varied a little over the county but all areas have received beneficial amounts. While it is a little late for most crops, it will help pasture

land and also provide moisture for fall planting by the farmers. Also, some area lakes which have been low may get some water, and hopefully there will be enough rain for the newly completed Miller Creek Reservoir to begin filling.

Rainfall recorded in Haskell as of Wednesday morning was 2.32 inches. Paint Creek reported 2.5 inches Wednesday a. m. Rule reported 2.5 inches as of Tuesday noon. Rochester reported 3 inches Wednesday morning, and the Mattson Community had received 2.7 inches by late Tuesday.

With the bountiful rain old-timers' faith is renewed and the youngsters have had a chance to see rain.

Crop Prices Down . . . 1973 Was Good Year . . . Rain Slows Harvest . . . Many Honored Families

TEXAS FARMERS and ranchers don't have to be told that 1973 was a good year, but this year is another matter. The 1973 prices just haven't held up. Texas Crop and Livestock Reporting Service says that all farm products price index on August 15 was 13 per cent below last year although three per cent above the same time the previous month. Prices on livestock and livestock products were 35 per cent below last year and seven per cent above the previous month. That means that a beef animal that brought 34.90 cents a pound in August would have brought 54.20 at the same time in 1973. Hogs that brought \$36.20 a hundred (up \$3.80 over July 15 prices) would have brought \$55.80 on August 15, 1973. On the other hand, the price index on all field crops was 21 per cent higher than a year ago. Sorghum at \$5.03 a hundred was \$1.50 higher than a year ago. Upland cotton that brought 44.2 cents a pound was 9.2 cents above last year. But wheat was

19 cents a bushel—at \$4.05—below last year; and \$9.80 rice was \$1.20 below last year. Corn that brought \$2.75 a bushel on August 15, 1973 brought \$3.16 on August 15 this year. Corn was only \$2.74 a bushel a month earlier.

COMMISSIONER JOHN C. WHITE earlier released figures showing that Texas cash receipts for all crops and livestock in 1973 totaled \$6,467,923,000 (that's billions), which has to be a record. Production was better than in 1972, except in rice, pecans and fruits, and possibly a few other minor crops. Livestock cash receipts in 1973 in this State amounted to half of the total, \$3,673,825,000, which was an increase of a billion over 1972. Texas, as usual, was first of all the states in the production of cotton, grain sorghum, wool, mohair, watermelon, cabbage, spinach.

MORE RAIN over the State delayed harvesting, and Hurricane Carmen threw a scare into Texans and accounted for a part of the rain. Cotton harvest was judged 16 per cent completed, much farther along than the four per cent harvested at the same time in 1973. Fall plowing of cotton land is well along in the Valley and Gulf Coast. Rain across the Northern High Plains delayed wheat planting, but Texas Crop and Livestock Reporting Service estimated that four per cent of the planting was complete. Oat planting was not that far along. More than half the grain sorghum has been combined in the State, and peanut harvest is about a quarter complete and also delayed by rain. Most of the first 1973 rice crop has gone to market. The first oranges and grapefruit from the 1974-75 crop in the Valley have gone to market. Yield is expected to be below the 1973-74 crop.

BEFORE AUGUST 31, the deadline for entering farms and ranches in Texas Department of Agriculture's Family Land Heritage Program, over 1,200 inquiries had been received. As checking of the mass of mail and applications continues, more than 500 Texas farms and ranches have qualified. Those families who have owned and used their farms and ranches 100 years or longer are qualified for the honor. As has been announced previously, special recognition will be given those families during State Fair ceremonies in October.

TEXAS COMMERCIAL slaughter plants reported 211 million pounds of red meat produced during July, which is an eight per cent increase over June's production and 13 per cent more than in July, 1973. The 1,341,000,000 pounds produced in Texas for the first seven months of the year was five per cent more than for the same seven months in 1973.

Every day, more than 186,000 adults in The Big Country read more local West Texas news and sports in The Reporter-News.

Haskell 4-H Holds Meeting

The Haskell 4-H Club met Sept. 14 in the County Kitchen of the Courthouse. Mrs. Barbara Elliott, County Extension Agent met with the group. Club President, Melissa Roberson, presided over the meeting. Melissa was also in charge of the program. She showed slides of her recent trip to the National 4-H Congress in Washington, D. C. and Heritage Tour. Melissa and Calvin Wilfong were two of the Texas delegates chosen for the tour.

Mrs. Elliott explained to the 4-H members the entering of exhibits at the Haskell County Fair. After refreshments, the meeting was adjourned. The next meeting will be October 14.

Saffel Speaks At Lion Meet

The Haskell Lions Club met Tuesday at the Haskell Steak House for the regular weekly luncheon meeting with Doyle High, president, calling the meeting to order. Darold Roberson led the opening songs, accompanied by Jo Overton, Lion Sweetheart. After the Pledge of Allegiance, Aubrey Headstream gave the invocation.

Doyle High introduced Dudley White of Anson as his guest. Buster Gholson, program chairman for the day, introduced Gerald Saffel, Haskell police officer, who brought the program. Officer Saffel gave some interesting information about law enforcement problems and solutions. He stated that law enforcement training is now mandatory and officers must be certified, also that law enforcement officers must know the law well enough to act in a split second. Saffel also gave comparative statistics on population of area towns and number of officers each has. Some of the problems faced in law enforcement, according to Saffel, are lack of sufficient number of officers, lack of equipment, lack of communication and lack of proper training. Solutions to the problems listed were sufficient finances, information through seminars, classroom teaching, group meetings, and other methods for both youth and adults, and cooperation from all news media.

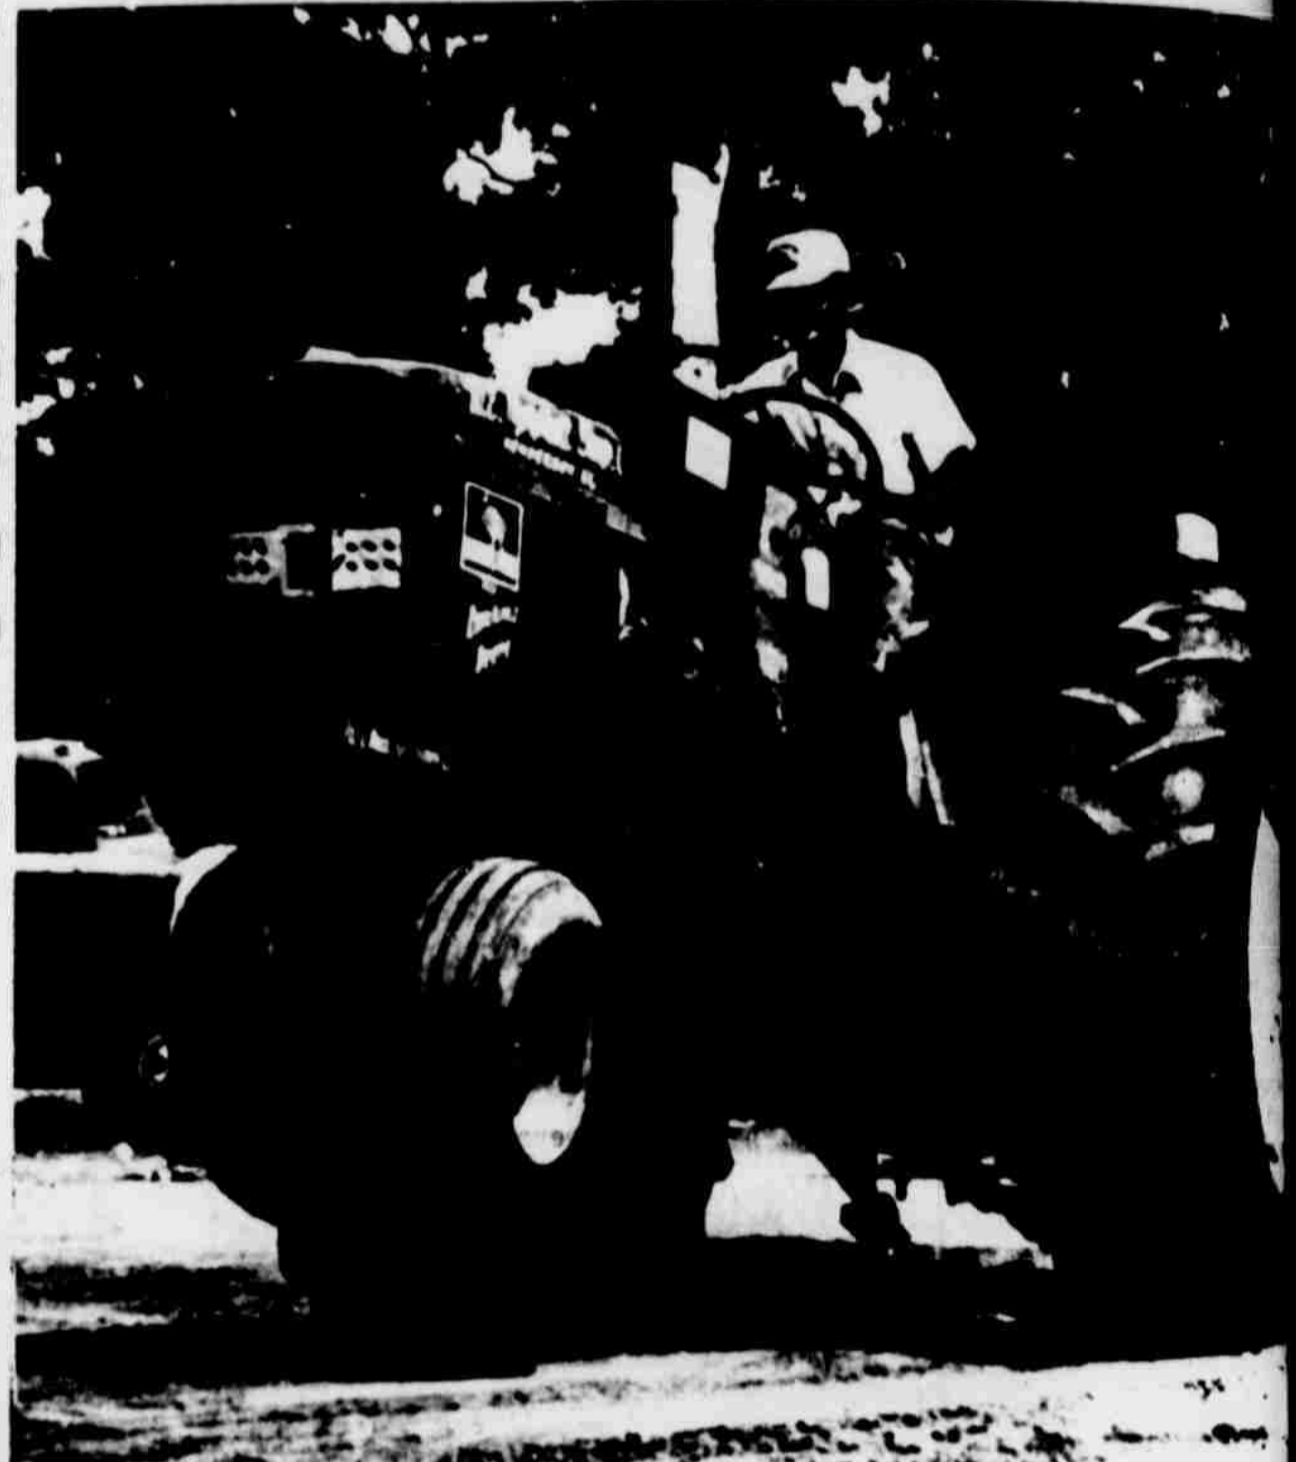

Lion O. W. Tooley, Club Secretary, gave a report of the board of directors meeting held last week, and outlined the schedule of activities of the club for the next several weeks. These events included Lions National Service Day on Oct. 7, Lions meeting Oct. 1, will be in conjunction with the Giant Rally to be held on the Courthouse lawn, and Lions Club members may obtain a ticket for the barbecue lunch from secretary Tooley for \$1.00. The Oct. 15 meeting will be a visit by the club to West Texas Utilities generating plant at Lake Stamford. On Nov. 15, the Lions Club will sponsor their annual pancake supper before the football game.

FHA Holds First Meeting of Year

The Haskell F.H.A. held its first meeting of the year Sept. 9. The officers for this year presented a "Charlie Brown" skit urging everyone to join this fine organization. The skit was followed by a short business meeting, a get acquainted game, and refreshments of homemade ice cream.

GREYHOUNDS RUT RULE
The Knox City Greyhounds took the opening kickoff Friday night from the Rule Bobcats and after that they controlled the game. They scored on the 5th play of the 1st quarter in only 2 minutes. Bateman ran the TD over and Swain kicked the extra point. Within 6 minutes the Greyhounds' Charlie Flye scored again with an end sweep and Swain again kicked the extra point leaving the score 14-0 for Knox City for the 1st quarter.

Knox City controlled the ball the 2nd quarter but did not score, although they threatened several times. The 2nd quarter was a case of fumbleitis for both teams. Coming back at the half, Rule took the opening kickoff but was forced to punt to Knox City and they immedi- ately proceeded to run the ball back 50 yards for a score by Flye. The PAT was good to make the score 27-0.

The last two scores came in the 4th quarter with a pass from Swain to Johnson for 6 and the PAT was good, and then a pass from Swain to Flye from 10 yards out was Knox City's final score. The PAT was no good to leave the score at 40-0.

Playing excellent ball for Knox City was quarterback Joey Swain and back Charlie Flye.

Playing good ball for Rule was Jack Wilson, Leonard Rhoads, Ronnie Oliver and Johnny Menchaca.

Returning home they visited in Tulsa with Mr. and Mrs. Harold Smitherman.

Mrs. Clarence Ray has re- turned home after visiting her sister, Mrs. Bill Cooper, in Odessa who is ill.

ROTARY CLUB
Guest speaker for the Ro- tary Club at their noon meet- ing Monday, Sept. 9, was A. B. Arnett who spoke on the new adventure of going into business for himself. Also he spoke on how much Rule meant to him. Mr. Arnett was raised in Rule, retired from the service and has re- turned to Rule and has open- ed a new business entitled "The Greenhouse", located on the west side of the city limits of Rule. He spoke of various places of the world where he had served while in the service and how much America meant to him. He compared this country with the other countries of the world and commented, "He'd take this country everytime." President John Greeson presided for the meeting. Leading the opening prayer was Morris Neal. Song leader was Harold Woods and pianist was Rotary Sweetheart, Susan Lewis. In the business, A. B. Ar- nett was accepted as a new member.

Students are to be reminded of the date and dress accordingly and bring their uniforms for the group organization pictures they are participating in.

PHIL. CLUB
The Philadelphian Club will meet Thursday, Sept. 19, at 12:30 for a salad luncheon to begin the new year, 1974-75. Mesquite District president, Mrs. John Berry of Clyde will be the guest speaker. Hostesses will be Mrs. Lon- nie Martin and Mrs. J. E. Geer, assisted by the social committee of Mmes. Harold Wood, Ed Cloud and A. R. Eaton.

BUSY BEES
Members of the Busy Bee Club met for their first ses- sion of the new year in the home of Mrs. J. J. Wheeler, Thursday, Sept. 12, at 3:00 p. m. Mrs. H. H. Hines, presi- dent, presided. Secretary, Mrs. Wheeler, read the min- utes which were approved. Members answered the roll call with the listing of activ-

Ford Introduces The Granada

The Granada, a new auto- mobile from Ford Motor Co., with classic styling and five- passenger seating comfort, goes on sale Sept. 27 at Bill Wilson Motor Co.

The Granada is about half a ton lighter and two feet shorter than most standard- size cars. It is available in 2-door and 4-door models in two series, the basic Granada and the luxurious Granada Ghia.

"The Granada is a new concept for an American car," said J. B. Gipson of Bill Wil- son Motor Co. "It is neither a small car nor a big car, but combines the best character- istics of both."

Standard equipment in- cludes a 250-cubic-inch en- gine, 3-speed manual trans- mission, manual front disc brakes, an all-new instru- ment panel, full carpeting and vinyl-covered reclining front bucket seats.

Two V-8 engines, the 302-2V and 351-2V, are available. Automatic transmission is optional, but standard with the 351-2V V-8. Power assists are offered for steering, brakes, windows, driver seat and sunroof.

Extreme care and attention to detail set the Granada apart from other U. S. cars in its weight class.

Quality construction and precision engineering are the un- seen elements that make the Granada a wise transpor- tation buy. The body is pro- tected against rust by 13 lbs. of zinc-rich primer and chip- resistant baked enamel. Nine- ty lbs. of insulation go into the Granada, nearly match- ing the sound-deadener ap- plied to the Thunderbird, which is about 1,600 lbs. heavier.

4-H Officers

New officers for the up- coming 4-H year were elect- ed Aug. 30. They are: Pres- ident, Melissa Roberson; Vice President: Kim Lane; Secretary-Treasurer: Kim Campbell; Reporter: Sonya Tidrow; Council Delegate: Kim Campbell, Karen Gray. In the list of officers printed last week, one was omitted.

Vietnam-era veterans com- prise almost 98 percent of more than 1,300 "Vet Reps" selected by the Veterans Administration to expedite educational assist- ance checks and otherwise provide expert assistance on veter- ans' affairs on college campus- es this fall.

Sagerton News

We finally received some measurable rainfall the early part of the week and over the weekend. Over an inch fell over the weekend, but we had plenty of cracks in the ground to fill up. It will help our pastures and maybe put some water in our stock

tanks, and give farmers moisture to plant wheat for grazing this winter. In other words, we can nearly always use rain.

The Community Volleyball Tournament and picnic that was to be held next Saturday

at Herman Baitz Park, was postponed until Saturday, Sept. 28, at 8 p. m., because of the Haskell County Fair and Tractor Pull next Saturday.

There will be open house at the new home of Mr. and Mrs. Charles Clark next Sunday afternoon from 3:00 until 5:00. All their friends are invited.

A large crowd attended the monthly musical at the Sagerton Community Center last Saturday night, and enjoyed some new talent from Knox City and Rochester. We are glad they came and everyone enjoyed their music. We invited them back any time.

The ladies of the Sagerton Methodist Church met last Wednesday evening at the church and reorganized for the coming year. Mrs. F. A. Ulmer retired as chairman and Mrs. Reece Clark will be chairman. Mrs. Luther Meiers, vice-chairman, and Mrs. G. W. LeFevre, study leader. Mrs. Harvie Jordan will again be secretary-treasurer. They plan to meet the second Wednesday night of each month. Family night will be the third Wednesday night of each month. The Allen Meiers and the Luther Meiers will host the next family night, Sept. 25, at the park, weather permitting with volleyball and homemade ice cream. The ladies also discussed buying more hymnals for the church.

A group of interested citizens met at the Community Center Wednesday evening to make plans for the Retirement center, and a survey is now being conducted of those who would be interested in living in such a center and survey blanks are available at the Sagerton Post Office and from several members of the group. This survey is necessary so that a definite need can be established as to how many units are needed before applying for the loan from the F.H.A. All interested persons should fill out one of these so that they will be in the proper hands before Sept. 24 when there will be another meeting at the Community Center at 7:30 p. m.

Kathy Cornelison of Wichita Falls and Midwestern University visited with her grandparents, the August Balzers, last weekend.

Mrs. Reece Clark and Mrs. Cliff LeFevre went to Sherman to visit with Mrs. LeFevre's aunt and other relatives and then they went by Hurst and visited with Mr. and Mrs. Mike Bailey and family on Sunday.

This is the time to "Re-

cycle" many times, so the ladies at the L.O.C. Home Demonstration Club learned how to recycle many of the clothes that they can find hanging in their closets and make wearable, fashionable garments out of them after hearing Mrs. Barbara Elliott last Wednesday at their monthly meeting in the home of Mrs. Herbert Nierdieck. She showed some of her things she had added to, changed sleeve lengths or made jackets from shirt-waist dresses for the layered look. She challenged the ladies to go home and look in their closets and bring back a recycled garment to next month's meeting. This program is part of this year's theme of "Good Money Management" that is being studied by the club this year. Janice Matthews, who is in training here in Haskell County, also helped with the program.

Those present were: Mmes. J. A. Hertel, John Teichelman, Harvey Jordan, A. C. Knipling, Delbert LeFevre, F. A. Ulmer, Clarence Teichelman and little granddaughter, Eugene Teichelman, Leonard Kieke, J. N. Huggins, Clancey Lehmann, Herbert Lammert, Fred Schronerstedt, Herbert Stremmel, J. B. Toney, Lewis and the hostess.

Mrs. Mac Hearne, the former Maria Stegemoller, the daughter of Mr. and Mrs. Marvin Stegemoller of O'Brien, was honored with a bridal shower at Faith Lutheran Church Friday, Sept. 13. The groom's mother, Mrs. Arlis Hearne, was introduced to the guests. Deep pink and white were used in the table decorations.

Hostesses were: Mmes. Otto Schaake, J. A. Hertel, A. C. Knipling, J. B. Toney, Fred Kupatt, J. D. Kupatt, Melvin Baitz, Herbert Nierdieck, Emma Raphael, Kenneth Hertel, Carl Hertel and Wallace Dudensing.

The young couple will live in Rochester.

Mr. and Mrs. Herman Raphael, Jr., of Lubbock, celebrated their 25th wedding an-

niversary at the Bronze Room of the South Park Inn in Lubbock last Sunday. Attending from here were: Mr. and Mrs. Joe Clark, Mrs. Don Bivins and Emilee, Mr. and Mrs. J. B. Toney and family, Mr. and Mrs. A. C. Knipling, Mrs. Emma Raphael and Erna and Walter Schaake of Stamford, Mr. and Mrs. Ervin Schaake of Paint and Mr. and Mrs. Arlon Kinnibrugh and Kelley of Vera. Herman is a former resident of Sagerton as a boy.

Mrs. Otto Lehmann attended the wedding of her grandson, Larry Dale Lehmann, and Miss Sharla Stonberg in Fort Worth last Saturday. She accompanied Mr. and Mrs. Clancey Lehmann of Old Glory and Mr. and Mrs. Carl Oplitz of Abilene to Fort Worth for the ceremony.

Girls of the Freshman class at Rule High School were the guests at a slumber party in the home of Mr. and Mrs. Ed Fouts Friday night in honor of their daughter, Lyn, on her 15th birthday.

Jackpot Roping And Barrel Race

The Stamford Junior Sheriff's Posse is sponsoring jackpot roping and barrel races Sunday, Sept. 22, at 1:30 p. m. at the Quarterhorse Arena in Stamford.

The peewee event for boys and girls under 10 years of age will include roping and barrel races. Junior event for boys and girls 11-14 years of age will include both roping and barrels. The open event will be roping and girls barrels.

The Junior Sheriff's Posse plans to sponsor this event the fourth Sunday of each month.

Postponed

The open house for Mr. and Mrs. Charles Clark of Sagerton, announced in the Sagerton News for Sunday afternoon, has been postponed due to rain.

A new date will be set and announced at a later date.

Taylor Elected President of ASAE

R. WILLIAM TAYLOR

R. William Taylor, CAE, Executive Vice President and General Manager of the Society of Manufacturing Engineers, Dearborn, Mich., was elected today to serve as President of the American Society of Association Executives.

The election was held during the ASAE Annual Convention and Exposition at the New York Hilton Hotel.

Standlee-Bohanon Say Vows

MRS. BOBBY D. BOHANON
... formerly Debra Kay Standlee

Cynthia Christian of San Marcos. They wore identical dresses of silk organza green and yellow floral print over yellow satin. They were designed with a scooped neck, empire waist and puffed sleeves. They each carried a pom pom bouquet of yellow daisies and baby's breath.

Flower girl was Deanna Salley of Seminole, Texas. She was dressed identical to the other attendants.

Ring bearer was Mark Standlee of Megargel, Texas. Ricky Bohanon, brother of the groom, was best man. Groomsmen were Donald Wood of Garland and Donald Ferrier of Seymour.

Ushers were James Standlee, brother of the bride, Gary Vickers of Wichita Falls and Jerry Henshaw of Seymour.

Immediately following the ceremony a reception was held in fellowship hall. The bride's table was covered with a floor length yellow dotted swiss cloth. The three tiered white wedding cake was decorated with yellow daisies. The bridesmaids bouquets were placed on the table. Silver and crystal appointments completed the table decoration. Serving at the bride's table was Mrs. Don McDermott of Seymour, Miss Jana Weisinger of Lubbock and Mrs. Freddie Gibbs of Graham.

The groom's table was covered with an avocado green cloth overlaid with an ecru linen cloth. The German chocolate cake was served from an antique crystal cake stand centered with a cluster of green grapes. A gold and brass coffee service and goldware completed the groom's table. Serving were Mrs. Morris Christian and Miss Karen Dormier.

Registering guests at the wedding was Miss Kathy Lunsford of Denton. Serving as receptionist was Miss Charlotte Bohanon, sister of the groom. Passing out rice bags were Miss Carla Bohanon, Darla Salley, Twyla Walker and Mary Ann Moody.

For the wedding trip to Dallas the bride chose a hunter green polyester knit dress trimmed in white. She wore a yellow rosebud corsage.

The bride is a 1973 graduate of Seymour High School. She attended Vernon Junior College where she was a member of Phi Beta Kappa honorary society.

The groom is a 1971 graduate of Seymour High School and is currently a junior at Midwestern University in Wichita Falls. He is employed at M-System Super Markets.

Other relatives of the bride in the Haskell area are Mr. and Mrs. Raymond Walker and Mr. and Mrs. M. S. Walker of Weinert; Mr. and Mrs. T. C. Walker, Mrs. Verna Moody and Mary Ann Moody of Haskell.

MRS. RICKEY DALE BRANTLEY
... Debra Nell Miller

Mr. and Mrs. Glenn Cad-dell of Weinert announce the engagement and approaching marriage of their daughter, Lorenia, to Mr. Joseph Henry Davis, III.

Joe is the son of Mr. and Mrs. Joseph Henry Davis, Jr., of Jacksonville, Fla.

Lorenia is a senior elementary major. Joe is a senior biology major. Both are attending Abilene Christian College.

The wedding date is set for December 28.

Organized Crime In Texas

By DOLPH BRISCOE
Governor of Texas

Organized crime flourishes on dark street corners, in back-room bookie joints and pornography parlors, and in dingy warehouses stacked with stolen goods.

Its brain center, however, more likely is in a high-rise apartment or office building in a major city, where the men who benefit most from the narcotics traffic, organized gambling, and other illegal enterprises can enjoy their dirty business without soiling their hands—relatively safe from the criminal justice system.

This is co-called "syndicate" crime in Texas today—not as glamorous as the Mafia but just as deadly in terms of human suffering, economic loss, and heavy taxpayer expense in law enforcement and prosecution.

Many Americans, especially in large Eastern cities, have learned the hard way that the greed of power-hungry racketeers has no limits. Their greed can involve nearly every part of the daily life of a community—jobs, government services, politics, police work, union activity, business and finance.

Sen. John L. McClellan of Arkansas, chairman of the Criminal Law Subcommittee, pointed out that "at various times, organized crime has been the dominant political force in such metropolitan centers as New York, Chicago, Miami, and New Orleans." He added, "Only fortuitous circumstances prevented its takeover of Portland, Oregon and Kansas City, Mo. Smaller communities such as Cicero, Illinois, and Reading, Pennsylvania, have been virtual baronies of organized crime."

While no Texas cities are on that list, this state is not immune from the organized racket and it will require vigilant law enforcement backed by citizen support to prevent the spread of crime.

The drug culture, of course, has been a bonanza for organized crime. The smuggling and pushing of illegal drugs is virtually impossible without a network of criminals from source to final sale.

I recommended reform of our drug laws to the Legislature in 1973. The bill which was passed brings our laws into line with national standards and provides stiffer penalties for those who deal in hard drugs. The Legislature also approved my recommendation for a law making it easier to convict those who deal in stolen goods, and for the first time in a century the Texas Penal Code was revised to meet modern conditions.

But stronger laws work only in a climate of public concern. Many people have a tolerant view of "victimless" crimes—gambling, pornography, prostitution. Yet all of us are victimized by these crimes, because the racketeers who cause the racket to the racketeers enable them to expand their illegal operation and infiltrate legitimate businesses and labor activities as well.

The Texas Organized Crime Prevention Council, a division of the Governor's Criminal Justice Council, was established by executive order to coordinate state and local anti-crime programs. As in other government responsibilities, there must be planning and new programs to cope with the threat of organized crime while it is still a manageable problem. Again, public awareness is essential to success.

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams

AUSTIN—Rep. Bill Clayton, moving fast to roundup votes over the Labor Day weekend, staked claim last week to more than 100 votes in the House Speaker's race.

With 76 the minimum needed to win, Clayton, a 45-year-old farmer and rancher from Springlake (population about 300) in Lamb County, indeed, appeared to have the speaker's job raked up.

But Rep. Carl Parker, 40, of Port Arthur refused to concede defeat.

Rep. Fred Head of Athens set the stage for Clayton's apparent victory by withdrawing from the contest and throwing 15 votes to the West Texas.

While Parker was still checking the pledge cards, Rep. Jim Nugent of Kerrville also withdrew and announced—along with 14 others—he would back Clayton.

Then, Rep. David Finney of Fort Worth released his five remaining backers to do as they pleased.

Parker claimed the Clayton coalition—which includes staunch conservatives, staunch liberals and down-the-middle moderates—is hastily and insecurely glued together.

He said he still hopes to shake it apart by emphasizing to liberals his own voting record, particularly on House reform, minority, labor, consumer and ecology legislation.

Most legislators appeared to agree with Clayton that: "For all intents and purposes, the ballgame is over."

take a look at possible future means of getting a new state constitution.

The January-July Constitutional Convention, with the legislature sitting as delegates, ended in failure. CRC recommended a revision draft to the convention which has drawn wide praise as a sound document.

The blue ribbon commission, which conducted a 10-month study in 1973, is now officially disbanded and must make the trip to Austin at members own expense. Many have proposed that the legislature take the CRC revision draft and other recommendations and try next year to come up with a document which can be submitted to voters.

TYC OVERHAUL ORDERED—U. S. District Judge William Wayne Justice in a 200-page opinion issued in Sherman ordered massive changes in operations of the state agency dealing with youth offenders.

Justice directed that Gatesville State School for Boys and Mountain View maximum security unit near Gatesville must be "phased out" as quickly as possible. He cited records of cruelty to youthful inmates there.

Texas Youth Council members voted to appeal the order because it did not "take into account improvements (during) the past year."

TAX CUT TALKED—Both Governor Dolph Briscoe and Lieutenant Governor Bill Hobby have suggested sales tax rate cuts next year.

Briscoe called for elimination of the four per cent tax on utility bills.

Hobby, in a speech here, said he thinks the projected \$1.5 billion general revenue surplus will lead legislators to consider "very seriously" lowering the state sales levy in 1975.

Briscoe's proposal would take an \$80 million annual load off utility bills.

AG OPINIONS—A law prohibiting membership by licensed vocational nurses in labor unions with the right to strike is unconstitutional, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded:

- A justice of the peace may not delegate to any employee exercise of his constitutional or statutory judicial powers.
- Records of State Bar Grievance Committee proceedings are not subject to mandatory public disclosure under the open records act.
- The Workmen's Compensation Second Injury Fund may be deposited in an interest-bearing account.
- Wages must be paid at least semi-monthly and within 16 days after the day earned.
- Certain medical records of county hospitals may be protected from forced disclosure.

BOOK HEARINGS ON—More than a dozen individuals and groups this week presented 484 objections to public school textbooks submitted for state adoption in 1975.

The three-day September hearings—siring objections and answers of publishers—are the first step in the annual adoption process. The State Board of Education will have the final say when it votes on the books November 9. The board will also hold a special public hearing here November 8 to hear objections to specific books and any claims of misconduct or procedural irregularities.

POPULATION BOOMING—Texas population is growing by 30,000 a year due to migrations from other states, and nearly 250,000 new baby Texans are born annually.

Look Who's New
Mr. and Mrs. Jack Dunnam of Weinert announce the birth of a daughter, Tanya Cae, born Sept. 15, 1974, weighing 6 lbs.

Mr. and Mrs. David Wayne Parr of Rule announce the birth of a son, Casey Wayne, born Sept. 13, 1974, weighing 7 lbs., 8 ozs.

But the most important factor in growth and decline of cities, according to a new report by Robert I. Ryan, editor of Texas Business Review at The University of Texas, is not birth rates but job opportunities or lack of them. One hundred and eighty-five of the 254 counties actually lost population through migration in the last decade. The Negro population increased during the sixties at a 55 per cent higher rate than the white population.

STATE JOBS TO INCREASE—State employment will increase substantially during the next half dozen years, according to Texas Research League.

The League, a privately-supported research group, predicted non-educational employees will increase from 58,700 to between 78,000 and 95,000 by the fiscal year 1980. The average cost per employee is estimated by TRL to increase from \$9,174 (a 1972 figure) to more than \$12,000.

SHORT SNORTS
September 16-21 has been designated Voter Registration Week.

Senator Jim Wallace of Houston served as governor-for-a-day Saturday. Senator Peyton McKnight of Tyler was honored Monday at special "McKnight Day" ceremonies in Tyler.

DEATH NOTICES

Mrs. Druessedow

Mrs. H. Y. Druessedow, Sr., 85, died Saturday, Sept. 14, at 5:45 a. m. at the Rice Springs Care Home in Haskell. Funeral services were held Sunday, Sept. 15, at 5 p. m. in the Trinity Lutheran Church in Haskell with the Rev. Anton Kern, pastor, officiating. Burial was in Willow Cemetery under direction of the Holden-McCauley Funeral Home.

Born June 8, 1889, in Williamson County, she married Henry Druessedow Feb. 15, 1912 in Sagerton. He preceded her in death Oct. 20, 1965. Mr. and Mrs. Druessedow had been residents of the Mattson community, northeast of Haskell for nearly 50 years. They moved to Haskell in 1958. She was a member of the Trinity Lutheran Church in Haskell.

Survivors include four daughters, Mrs. Royal Enloe of Fort Worth, Mrs. Kenneth Kline of San Antonio, and Mrs. Ernest Peiser and Mrs. Herbert Fischer, both of Haskell; two sons, Henry, Jr., of Haskell and Bobby Dean of Abilene; 13 grandchildren; six great-grandchildren; and two sisters, Mrs. Bernard Letz of Rule and Mrs. Adolph Letz of Stamford.

Pallbearers were Bobby Pritchard, Gary Druessedow, Bobby Druessedow, Jr., David Fischer, Andrew Kline and Bobby McGary.

Emmett Wyche

Emmett L. Wyche, 71, of Haskell, died Thursday, Sept. 12, at 1:45 p. m. in the Haskell Memorial Hospital after an illness of about 2 months. Funeral services were conducted Sunday, Sept. 15, at 2 p. m. in the Haskell Church of Christ with Larry Suttle, minister, officiating. Burial was in the Throckmorton Cemetery, Throckmorton, under the direction of Holden-McCauley Funeral Home.

Born March 9, 1903, in Riesel, Texas, Mr. Wyche came to Haskell in 1906 with his parents, the late Mr. and Mrs. Henry C. Wyche. The family was in the construction business for many years building most of the churches and store buildings in Haskell. Mr. Wyche married Bernardine Means Jan. 28, 1922, in Rule. He was a member of the Haskell Church of Christ.

Survivors include his wife, of Haskell; three daughters, Mrs. Donna Stover of Alva, Okla., Mr. Bobbie Hammond and Mrs. Patricia Kuenstler of Dallas; 11 grandchildren; one great-granddaughter; two sisters, Mrs. Mary Bischoffhausen of Haskell and Mrs. Slydell Henson of Dallas; one brother, Carlton Wyche of Dallas.

Pallbearers were Gary Stover, Dale Stover, Terry Hammond, Steve Hammond, Gary Cox, Glen Perryman, Mark Hamilton, Jack Ogilvie, John Rogers and Konrad Kuenstler.

Mrs. Martin

Mrs. Grace Martin, 71, of Lubbock and formerly of Aspermont, died at 11:45 a. m. Monday, Sept. 16, at Jewell's Holiday House following a lengthy illness. Funeral services were conducted Wednesday, Sept. 18, in the Northside Church of Christ in Lubbock with Garnie Atkisson, minister, officiating. Burial was in Peaceful Gardens Cemetery. Mrs. Martin moved to Lub-

Another Fine Texas Recipe

TEXAS PEANUT PIE
 2 Tbsp. flour
 1/2 cup sugar
 1/2 tsp. salt
 1/2 cup cold water
 1 cup dark corn syrup
 3 eggs
 2 Tbsp. butter
 1 cup salted peanuts
 1/2 cup coconut
 1 unbaked 9-inch pie shell

Combine flour, sugar and salt. Add water and syrup, blending well and boiling gently 3-5 minutes. Slowly pour mixture into slightly beaten eggs, stirring continuously. Add butter. Spread peanuts and coconut over bottom of pie shell. Pour filling into crust. Bake at 425 degrees 10 minutes. Reduce heat and bake at 350 degrees 20 minutes.

For additional recipes write Commissioner John C. White, Texas Department of Agriculture, P.O. Box 12847, Austin, Tex. 78711.

COTTON BOOSTS CASH RECEIPTS—Texas ranked third in 1973 cash receipts for crops and livestock, more than doubling its receipts for cotton, feed crops, food grains and vegetables. According to Agriculture Commissioner John C. White, cotton production alone amounted to more than \$914 million. Current reports indicate that this year's acreage for harvest will be down, mainly because of the High Plains drought. Grades of cotton harvested in the Lower Rio Grande Valley were reportedly higher than last year.

Coast Guard Academy Competition

WASHINGTON, D. C.—Congressman Omar Burleson today announced that the United States Coast Guard Academy is now accepting and processing applications for appointment as Cadet, U. S. Coast Guard, Class of 1979. Burleson stressed that appointments to the U. S. Coast Guard Academy are tendered solely on the basis of an annual nationwide competition with no congressional appointments or geographical quotas involved. Applications for appointment must be submitted to the Director of Admissions, U. S. Coast Guard Academy, prior to 15 December 1974. Candidates must arrange to participate in the College Entrance Examination Board Scholastic Aptitude Test (SAT) prior to or including the 7 December 1974 administration. The competition for appointment as Cadet is based on the candidate's high school rank, his performance on the SAT, and his leadership potential as demonstrated by his participation in high school extracurricular activities, community affairs, or part-time employment. Most successful candidates rank in the top quarter of their high school class and demonstrate proficiency in both the mathematical and applied science fields.

Burleson emphasized that cadets obtain an excellent undergraduate education at no personal cost. In addition, they receive pay and allowances fully adequate to fulfill their ordinary living expenses. The constantly updated Academy curriculum offers nine majors which include: electrical, civil, ocean and marine engineering, marine science; mathematical sciences; physical sciences; management; and government. These areas of academic interest, combined with the varied elective courses, establish a solid foundation for a challenging career. Graduates of the Academy are awarded a Bachelor of Science degree and are commissioned as Ensign in the U. S. Coast Guard. Selected officers may pursue further postgraduate education and specialized training in many civilian and military graduate or professional schools in such fields as aviation, business administration, electronics, engineering, law and oceanography. The young Academy graduate can look forward to a varied, exciting, and demanding career as a regular Coast Guard Officer. The Coast Guard performs essential humanitarian missions vital to the safety and saving of lives at sea. Under the auspices of the Dept. of Transportation, the Coast Guard establishes and coordinates search and rescue operations by ship and plane, maintains advanced electronic and other aids to navigation scattered around the globe, operates the icebreakers which clear the way for all polar expeditions, and enforces marine law and all aspects of Merchant Marine safety. In addition, the Coast Guard has responsibility for boating safety and marine environmental protection. Applications and additional information may be obtained by writing to: Director of Admissions, United States Coast Guard Academy, New London, Connecticut 06320.

Becky Richardson On ISD Board

The Board of Trustees of Haskell Independent School District met in regular session Tuesday, Sept. 10, at 7:30 p. m. in the board room of the Haskell Public Schools. Present for the meeting were: Abe Turner, president; Charles McCauley, vice president; Elbert Johnson, secretary; Leonard Weise, Raymond Andrada, Becky Richardson and R. K. Sams, Superintendent.

In opening deliberations the board approved the minutes of the previous meeting. A motion by Johnson and second by Weise to pay bills in the amount of \$16,664.98 for the General Operating Fund and \$47.90 for CASFA carried.

Charles McCauley made a motion with second by Weise, that Mrs. Becky Richardson be appointed as board member to fill the unexpired term of Mr. C. G. Burson, who recently resigned, carried.

The board voted to employ Mr. Prentis Sansom as teacher in the fifth grade.

A motion made by Mr. Johnson and second by Mr. Andrada, to employ Mr. Randolph Wilson at \$3.50 per hour for maintenance work, carried.

A motion made by Leonard Weise, second by Elbert Johnson, that the board forgive Haskell Housing Authority payment in lieu of taxes for 1973-74 as per their request, carried.

By general consent the board changed the October meeting to Wednesday, Oct. 9, at 8:30 p. m.

Mr. Hoyt Smith was employed as auditor for the 1973-74 school year by a motion made by Becky Richardson, second by Johnson.

A motion was made by Charles McCauley, second by Becky Richardson to make the following policy revision: Amend Section 4.01, Item 4, to read as follows: Each employee will be granted two days of emergency leave each year where the em-

ployee pays the substitute. This is on a year-to-year basis and does not accumulate. No less than one-half day of emergency leave will be allowed in each absence. The following will be considered eligible emergency leave: 1. Illness, 2. Personal business that could not be conducted at other times, 3. Funerals, 4. Other emergencies approved by the Superintendent.

A motion by Weise and second by Johnson, to make the following policy revision: Amend the first sentence of section 6.06 to read as follows: Each full-time (12 month) auxiliary employee, as defined by the Teacher Retirement System of Texas, shall be entitled to vacations as follows: 1. Two weeks (10 days) vacation, other time off will be Christmas day, New Year's day, Fourth of July, and Thanksgiving day. Motion carried.

A motion made by Johnson, with second by Becky Richardson, to make the following policy revision: Amend Section 8.12 by deleting Item 3, carried.

A motion made by Andrada, second by Charles McCauley prevailed to make the following policy revision: Amend 8.16 to read as follows: "All high school students participating in football must carry school insurance. All other students participating in other athletics must carry school insurance unless their parents submit proof that the student is properly covered with other insurance and is willing to sign a statement releasing the school from all medical liability."

A motion was made by Becky Richardson, second by Charles McCauley, to amend school policy as follows: Add a section 8.20 to read as follows: 8.20 Travel To and From School Sponsored Activities: The school will furnish transportation to and from out of town school sponsored activities. The students

will be expected to travel to the out of town activity on transportation provided by the school. The return to Haskell will preferably be on the transportation furnished by the school, but the student may ride back with their parents if the parents personally request such in writing of the sponsor immediately prior to return to Haskell. Motion carried.

A motion by Johnson, second by Weise, to revise school policy as follows: Amend Section 9.06 by striking the words "Monitors" and "Patrols" and adding the word "driver." Motion carried.

A motion was made by Becky Richardson, second by Elbert Johnson, to delete Section 9.09 of school policy, carried.

Tractor

constituents every day during their terms of office. Only this year, two of our neighboring towns crowned champions in "cowchip" throwing and in watermelon seed spitting contests.

There is no set pattern to follow in making a selection of a champion in any field or undertaking. Likewise, there is no set age limit which determines just when a champion is crowned in any contest or exhibition. It is highly possible for Junior's white faced heifer to be declared a champion before she reaches the ripe old age of two years. Providing, of course, that her measurements in the right places meets the requirements of the judge of Bovine beauty. On the other hand, it is possible that Grandma might not be declared a champion pickle maker at the county fair until she has reached the age of eighty or more years. Never the less, there is just something about the crowning of a champion that makes folks sit up and take notice because they realize that the subject didn't reach that status merely by accident.

With the foregoing conclusions and explanations of champions, it seems in order at this time to advise you that the 1974 Honorary Marshal of the Haskell County fair parade will be Shawn Chambers, seven-year-old son of Mr. and Mrs. Eddie Chambers of Haskell. Now it is true that Shawn is a bit short in years to have such an honor bestowed on him but he is long in experience and ability. He not only has the distinction of being a champion but also has the honor of being a five time all-around champion in his particular field of endeavor. He has been awarded a sum total of 23 trophies for his accomplishments in the rodeo arena. That is surely no mean achievement when you consider that some seven-year-old boys are just beginning to wonder if there isn't some better way of transportation than riding a tricycle.

Now it is true that his title in the parade is an honorary one, it isn't true that his trophies are in the same category. He won them in hard competition against other boys of comparable age in Junior Rodeos in which they matched their skill and daring. While it is an honor to be a champion at anything, it is doubly so to have the distinction of being recognized as a five time all-around champion. It signifies that the recipient of such honors excels in more than one phase or event of the contest.

Any of you folks who have had the privilege of seeing Shawn in action in the rodeo arena, will more than likely agree that when it comes his time to perform, there is no doubt but what he knows where he is going and how he is going to get there. And, af-

ter all, isn't that one of the basic things which we as Americans are sadly lacking in during these troubled times? Texas and the other 49 states of the Union needs many thousands of people "who know where they are going and how they are going to get there" if we are ever to get things back on an even keel.

Now there are some folks who will tell you that a county fair is outdated and a thing of the past. We don't propose to argue the point with them other than to remind them that what a county fair teaches young boys and girls never was and never will be outdated. Not as long as the stars and stripes wave as a symbol of a free nation where all men and women, boys and girls have the inalienable right to become champions and thusly be honored for their ability.

This year's honorary parade marshal has already, at the tender age of seven years, set a pattern for other boys and girls to emulate. He did it in good, clean competitive sport that makes a fellow feel kinda good when he wins the trophy or blue ribbon. There is no doubt but what he has won and deserves the honor, so consequently, he will be riding out front in the column where a "champion" belongs when the fair parade winds its way downtown at 5 p. m., September 19.

We urge everyone to make plans to take a little time off this weekend and find your way down to the Haskell County Fair grounds. There you will have the opportunity and privilege of seeing many boys and girls crowned champions or having the champion entry in their class or division. You are going to miss something if you are not there before the final curtain is drawn on the annual fair activities on Saturday night, P. S. Along with his other honors, Shawn also has the distinction of being the grandson of Mr. and Mrs. Loid (Fuzzy) Renfro of Haskell.

School Offers Adult Classes

Haskell ISD announces that Adult Basic Education will be offered in the Visual Aids Room of Haskell High School this year. Registration is tentatively set for Sept. 30, 1974; announcement of exact time will be made later.

This Adult Education class will be concerned with preparation for the GED. It will meet twice a week for 2½ hours a night. People interested can receive help and refresher work in preparation for taking the GED. The instructor will be James Lanier. Anyone having any questions can call 864-2915.

There is a strong possibility that a course will also be offered in English as a second language.

Cowbelles Are Hostesses

The Haskell Cowbelles met Monday, Sept. 16, 7:30 p. m. in the Community Room with Mrs. Bobby Howard, President of the Cowbelles, presiding over the meeting.

The main topic of business was the upcoming Haskell County Fair. The Cowbelles voted to have a booth at the Fair for a membership drive. These ladies will give a \$25 beef certificate each night and anyone over 18 may register. No purchase is required to register.

The Haskell Cowbelles are the official hostesses for the Fair this year.

Mrs. Melba Howard was nominated "Local Haskell

Cowbelle of the Year" and she will also be eligible to run for "State Cowbelle of the Year". Hostess for the meeting was Mrs. Adell Thomas.

Thursday Jr. High Football

The Haskell Warriors and Indian Jayvees will journey to Seymour this Thursday afternoon. The 7th grade game begins at 5:00; the 8th grade plays immediately following, approximately at 6:00 p. m. The Junior Varsity will play at 7:15. The Seymour 7th graders have defeated Munday and Crowell this season. The 8th graders have lost to Munday and Crowell, while the Seymour Jr. Varsity defeated both Munday and Crowell. The Haskell teams will return home immediately following their respective games.

In last week's action, the 7th graders fell to Hamlin, 14-8. However, the Warriors got their offense generating in the second half, scoring a touchdown and two points, proving they could move the ball against Hamlin's highly rated team. The 8th grade Warriors handily defeated Hamlin 18 to 0, playing a hard-hitting game.

The 26-0 defeat suffered by the Indian JV's does not reflect the 6-0 score in the game with only 6 minutes left to play. Two intercepted passes and a Hamlin fumble recovery were converted into last period scores, leaving the final score 26-0.

Comm. Court Holds Session

The Haskell County Commissioners Court met Tuesday, Sept. 10, with the following members present: Q. D. Byrd, Slover Bledsoe, Ray Perry and E. C. Collins. Proceedings of the session included approving minutes

of August 27 meeting, accepting Auditor's and Treasurer's reports as filed and paying all approved bills. Other action included accepting the recapitulation of Tax Schedule as presented by Tax Assessor-Collector, Jimmy Owens, and a motion by Bledsoe and second by Collins, to employ Cynthia Lain in Tax Office at a salary of \$325.00 per month, effective Sept. 9, carried. A motion prevailed to reimburse Justice of the Peace, Precinct No. 1, for office help while attending Justice of Peace Workshop. A motion by Byrd, to transfer \$1,000 from the General Fund to Jury Fund also carried. In final action the Court voted to recess until Sept. 24.

Haskell ISD To Repair Bldgs.

At the regular meeting of Haskell Independent School District Board of Trustees held on September 10, the Board toured the entire school facilities with the three building principals acting as guides. The tour disclosed that some of the physical facilities are in bad need of repair and modernization.

After the tour, it was decided to hire Mr. Randolph Wilson as a full-time maintenance worker to do nothing except maintenance work. The Board decided to look at the possibility of doing some paving at the Elementary building, as well as the secondary campus. Also, bids will be taken on new central heating for the Homemaking building, and exhaust fans for the dressing rooms at the high school gymnasium.

The Elementary School cafeteria has been repaired and the Board is in the process of obtaining bids for the ceiling and lighting of the cafeteria.

An additional teacher, Mr. Prentis Sansom, was hired as fifth grade teacher, to help ease the student load among elementary teachers.

Local Trap Club Hosts Area Event

The Big Country Championships hosted by the Haskell Trap Club in Haskell, Texas, drew to a close Monday, Sept. 2, after three days of intense competition from shooters throughout the state, as well as Oklahoma. The shooting began Saturday, August 31, with 200 16 yd. targets, with Melvin Wiley of Fort Worth leading the pack with a score of 194x200. Class AA was won by W. E. Wooten of Haskell over Don Cain of Henrietta after tying with 196x200, the tie being decided by the flip of a coin. H. G. Bishop of Snyder claimed the Class A title with a score of 194x200, while Larry Loicano of Fort Worth won Class B with 194x200. Billy Gladson of Rotan won Class D with a score of 181x200, while Randy Hagood of Henrietta won Hi-Lady with 184x200. J. F. Boyd of Fort Worth claimed Hi-Vet with 191x200, while Lonnie Blackard of Snyder took Hi-Jr. with 184x200.

beyond the stark statistic of 4 billion tons of sediment that moves from land to water in the United States each year. First, there is the irreparable loss of soil, often millenia in the making. Second, sediment impairs the quality of the water in which it is entrained and carried. Third, sediment exacts economic and ecological tolls at the site of its ultimate deposition. Sediment occupies storage reservoirs, settles on productive lands, clogs harbors, fills lakes and ponds, destroys aquatic habitats, or damages water distribution systems."

The Soil Conservation Service assisting the Wichita-Brazos Soil and Water Conservation District urges all landowners and operators in the Miller Creek watershed to step up their use of high residue crops such as small grains and grain sorghums. These type crops and the proper management of the residues from these crops can significantly reduce the amount of soil washed out of the fields and into the reservoir.

The maintenance of terrace systems, even the rebuilding of some systems using parallel terraces, keeping top quality cover on waterways, and a host of other sound land management practices will help reduce the amount of soil that leaves the farm.

Do your part. Keep crop residues on the soil surface. Don't overgraze ranges or over-cut grassed waterways. Use equipment designed for the least amount of soil disturbance—minimum tillage in your farming operations.

For planning assistance, contact your SCS offices in Haskell and Knox City.

Rotary Club Views Film

An excellent attendance of members and several out of town guests was noted at the regular weekly meeting of Haskell Rotary Club which met at the City Cafe at noon, Thursday, Sept. 12. President Ferrell Coston presided for the luncheon meeting which featured a most educational and interesting program, presented by Bill Comedy, program chairman for the day. Rotarian Comedy introduced Mr. Harold Couch, of the Defensive Drivers Education

Department of the State of Texas, who conducted two such classes in Haskell during the past year under sponsorship of the Rotary Club.

Mr. Couch explained some of the problems confronted by the Highway Department in prevention of automobile wrecks with the millions of citizens traveling the roads at all times. If we can just prevent accidents by keeping drunks from driving, it will certainly do much to lower the death and injury statistics each year, he said. The department, automobile manufacturers and the public are doing much these days in experiments designed to alter the situation but it will probably be the year of 1980

before some of them will be put into effect. After his opening remarks, he presented a colorful film with narration which showed in great detail why some fatal accidents happen and the untold millions of dollars the insurance companies are paying out annually for automobile repair. Some cities are now experimenting with break-away light poles instead of the stationary ones which cause many fatal and near-fatal accidents. Anyone, after having the privilege of viewing the film, would certainly determine to follow traffic regulations and to be more careful in their daily travels by automobile.

The invocation was given by Rotarian Eldon Anderson and the song session led by H. V. Woodard with Joan Dean providing accompaniment.

Guests were introduced by Charles Thornhill who recognized two Rotary-Anns, Debra Jennings, wife of Curtis Jennings, new manager of Lone-Star Gas Co.; Joan Dulaney, wife of City Secretary Desmond Dulaney; Kenneth Sams, Superintendent of Haskell schools, guest of Abe Turner, and student guests, Karen Croft and Christi Opitz.

Whale Of A Sale

Plans and activities are underway for the Abilene Junior League's 1974 rummage sale, and it promises to be a mammoth event!

The sale will be held Sept. 19-21 at the Abilene Civic Center. Tickets are being sold at \$1.00 each for the pre-sale from 7 to 9 p. m., Sept. 19. They may be bought now from Mrs. Pete Baker, or at the door the night of the 19th. The sale will be open to the public with no admission charge Sept. 20-21.

Funds raised will go back into the community through Junior League projects.

An added attraction this year will be a "Silent Auction" featuring merchandise donated by local merchants.

The interior of the building formerly occupied by Safeway has been remodeled to bring together the entire staff under one roof in an open-area concept. Heretofore the ESC has been divided with the major services located at the Nike site on the West Lake Road and the

administrative offices and the data processing services in the Lamar Building at 205 Fannin.

The Region 14 Education Service Center is one of 20 such institutions in Texas authorized by the 50th and 60th legislatures. Instituted in August 1967 the Center provides services to a 13-county area with 36 school districts, 3,500 teachers and approximately 45,000 students. The counties served are Stone-wall, Haskell, Scurry, Fisher, Jones, Stephens, Shackelford, Mitchell, Nolan, Taylor, Callahan, Eastland and Comanche.

Delta Kappa Gamma Holds Munday Meet

The Beta Chi Chapter of Delta Kappa Gamma met on Sept. 7, in the Munday Homemaking Department with Munday and Goree members serving as hostesses.

The business meeting was conducted by president, Erma Liles.

Kathleen Diggs gave a preview of programs for the coming year which are centered around the theme "The Woman Educator in Changing Times."

Each of the 31 members present told of her summer's activities. While some members traveled, others had spent time at home with work and hobbies.

During the meeting the Alpha Chi scrapbook was on display. Mrs. Liles had restored all materials from 1936 through 1964.

The meeting was closed with a sing song and refreshments.

Briscoe Sets Week For Voter Registration

Governor Dolph Briscoe today signed proclamations denoting the week of Sept. 16-21 as Voter Registration Week and designating Tuesday, Nov. 5, 1974, as the date for the state-wide General Election.

In signing the proclamations, the Governor urged all eligible Texas citizens to register to vote in order to insure maximum citizen participation in this year's important elections. He pointed out that the voters will be selecting all State officials, many members of the Texas Legisla-

ture, members of the U. S. Congress and numerous county and local officials.

"Only 30 percent of the registered voters cast their ballots in the May primaries," Governor Briscoe said. "I certainly hope that many more of our citizens will participate in the November elections and vote for the candidates of their choice. The right to vote is one of our greatest Constitutional privileges, and I urge all Texans to exercise this right on November 5."

Alvis Completes Basic Training

Kenneth R. Alvis, Jr., a spring graduate of W. E. Boswell High School of Saginaw, Texas, recently completed nine weeks of basic training at the Naval Recruit Training Center in Orlando, Fla. He is now stationed in Great Lakes, Ill., after spending two weeks at home with his family and attending his sister's wedding. He also visited

with his grandparents, Mr. and Mrs. James C. Alvis of Haskell, and Mrs. Clara M. Holt, also of Haskell, who has been ill recently.

Kenneth has chosen the area of Nuclear Power and is now attending Class A School in that field. He was given the Academic Award for his Company while in basic and finished with the rating of Seaman First Class. Upon completion of approximately 12 weeks of Class A School, he will receive the rank of Petty Officer Third Class. He has been appointed Master-at-Arms of his class in Great Lakes.

When he has completed approximately 36 weeks of training in Great Lakes, he will be assigned to either a nuclear submarine or a nuclear surface ship as a nuclear power operator, where he will be on a three months rotation schedule. He will spend three months on the ship, and three months on shore duty. He will have a selection from three ports, Orlando, Fla., Cambridge, Md., or Mare Island, Calif.

Heart Attack Is Never Sudden

A heart attack is often described as "sudden"; yet there are no sudden heart attacks — only those that seem to happen suddenly.
A heart attack is often described as "sudden; yet accident." It's not an accident in human terms. Underlying causes build over the years.
Both have their roots in basic risk factors: high blood pressure, high blood cholesterol and excessive cigarette smoking. Others include heredity, lack of exercise, a diet high in saturated fats and cholesterol and obesity.
"Some risk factors can be avoided by an alteration of lifestyle," says Judy Covington, President of the Haskell County Division of the American Heart Assn. "Others can be minimized by an awareness of them. But equally important, we

should know the warning signs of a heart attack. The heart man lists the signs which are supplied by the American Heart Assn. They are: "Prolonged, or unusual, fatigue or breathlessness." "Pain in the shoulder, arm, neck, or jaw, accompanied by shortness of breath, nausea, or dizziness." "Sudden weakness or numbness of the face, arm, or leg." "Temporary loss of speech or trouble speaking." "Temporary loss of vision." "Unexplained dizziness." "Changes in mental ability or headaches." "The warning signs of a heart attack is never being aware of medical help when you literally can't breathe." "Heart disease kills a million lives each year. The United States estimates 675,000 will suffer from fatal

There should be justifiable pride for all of us in knowing that this generation is keeping it, realizing at the same time that other assaults on its institutions will again occur. To keep freedoms and our free institutions intact is not for spectators, but rather work by those who feel the responsibility of protecting the great heritage we have. Applicable to both domestic and foreign affairs, the old and worn line, "The price of liberty is eternal vigilance" holds fresh and true meaning.

Jr. Fire Marshals Fall Safety Drive

It all started with Mrs. O'Leary's cow, the legendary culprit in the Great Chicago Fire of 1871. The cow kicked over the lantern which started the fire which is commemorated annually during Fire Prevention Week (Oct. 6-12).

Fire Prevention Week also marks the start of the Junior Fire Marshal program, sponsored locally by The Hartford Agency. Now in its 10th year in Haskell, Junior Fire Marshal is designed to teach grade-school youngsters the basics of fire safety and fire prevention. Participating in program activities this year are pre-school through third grade classes at Haskell, Rochester, Weinert, O'Brien and Paint Creek Elementary Schools.

Founded in 1947 as a public service of The Hartford Insurance Group, Junior Fire Marshal reaches nearly three million school children in the United States and at American bases overseas. Through songs, films, and printed materials, youngsters are taught to observe simple fire safety rules and to identify fire hazards around the home.

During Fire Prevention Week, each child receives the fall issue of Junior Fire Marshal News, an easy-to-read magazine which serves as the basic program text. The fall issue contains a two-page checklist of home fire hazards which is filled out with the help of a parent. To qualify as a Junior Fire Marshal, a youngster must check his own home for fire hazards and return a signed statement to that effect from himself and his parent.

Fire officials in a number of communities have praised the program for helping to reduce the death and destruction of fire. All materials are produced by The Hartford and distributed through a network of more than 2,000 local insurance agencies, fire departments, and civic groups.

Scholarships Available

College scholarships, from \$500 to \$5,000, are available to all high school seniors through the Betty Crocker Search for Leadership in Family Living, formerly the Betty Crocker Search for American Homemakers of Tomorrow.

An invitation to enroll in the program will soon be mailed to all high schools across the nation. Schools new to the event are invited to write the Betty Crocker Search, P. O. Box 1113, Minneapolis, Minn. 55440, for information.

Enrollment deadline is Oct. 31. On Tuesday, Dec. 3, each participating school will administer a 50-minute written examination. Prepared and scored by Science Research Associates, Inc., Chicago, this general knowledge and attitude examination is the first important step of the scholarship program.

From the examination results, a Betty Crocker Family Leader of Tomorrow will be chosen for each participating school. School winners are acknowledged with special awards and their examinations are entered in state competition.

Each State Family Leader of Tomorrow receives a \$1,500 col-

lege scholarship while every state second-place winner receives a \$500 grant. The state winner also earns for his or her school a 20-volume reference work, "The Annals of America," from Encyclopedia Britannica Educational Corp.

State winners accompanied by a faculty advisor will be the guests of General Mills next spring on an expense-paid educational tour, which will include Washington, D. C. and Williamsburg, Va. A special event of the tour is announcement of the All-American Family Leader of Tomorrow, who's scholarship will be increased to \$5,000. Second, third and fourth place winners in the nation will receive scholarship increases to \$4,000, \$3,000 and \$2,000 respectively.

The Betty Crocker Search is on the advisory list of the National Association of Secondary School Principals.

White Says '73 Receipts Up \$3 Billion

AUSTIN—Agriculture Commissioner John C. White has announced that total cash receipts for 1973 crops and livestock amounted to \$6,467,923,000, an increase of nearly \$3 billion over 1972.

But figures for 1974 are expected to drop considerably because of the summer drought, White said.

"Despite a hectic year for agriculture which included a meat boycott, a price freeze and some bad weather, Texas managed to move ahead in most areas of agricultural production last year."

Texas ranks third in the U. S. in cash receipts. The state more than doubled its cash receipts in cotton, feed crops, food grains and vegetables. Production was off in fruits and nuts and

rice, due mainly to a poor pecan and peach season and a hurricane damaged rice crop.

White said total livestock receipts amounted to \$3,673,825,000, a jump of more than \$1 billion over the previous year. Receipts for cattle and calves only were \$2.8 billion, placing Texas first again in this area of production. The state ranked second behind Iowa in total livestock receipts.

Crop receipts jumped from \$1.3 billion in 1972 to \$2.7 billion, placing the state fourth in the U. S.

According to figures from the Texas Crop and Livestock Reporting Service, the value of other Texas agricultural products ran

Dairy products, \$261 million; poultry and eggs, \$344 million; hogs, \$142.1 million; cotton, \$914.1 million; feed crops, \$926.6 million; food grains, \$501.8 million; vegetables, \$220.7 million, and fruits and nuts, \$46.1 million.

Bob Bullock Visits Haskell

Bob Bullock, Democratic nominee for State Comptroller, was in Haskell recently to say "thank you" to the voters of Haskell County who gave him a 78.3 per cent majority in the May primary.

Bullock won the Democratic nomination with the largest percentage vote of any contested statewide race. He carried all but one of Texas' 254 counties.

Visiting every county in Texas during the primary, Bullock said he "prefers to talk to the people personally instead of hiding behind words and gimmicks ground out by clever public relations people."

The size of his victory shows the people support improvements and reforms he recommends for the Comptroller's Office, Bullock said.

Bullock, 45, gained statewide acclaim as Secretary of State. He also has served as Assistant Attorney General and a member of the House of Representatives. He is a veteran of the Korean Conflict and lives in Austin with his wife, Amelia, and son, Bob.

During the campaign, Bullock has called for an end to faulty collection methods which he says cost the state millions of dollars a year by "fly-by-night" operators.

Bullock also has promised to cut down the amount of red tape facing businesses in handling and paying state taxes. Other reforms urged by Bullock have included quicker processing of city sales taxes by the state.

"I'm fully confident that the people are more than anxious to see that their hard-earned tax dollars are carefully collected and wisely spent," Bullock said.

FOUR JUSTICES OF THE PEACE from Region Ten were among the more than 73 judges who participated in a 20-hour basic Texas Justice of the Peace Training Center conducted Sept. 3-6 in Amarillo. Judges from Region Ten participating included (left to right) Judge Hubert M. Bledsoe of Precinct 1, Place 1, Haskell County; Judge Alice M. Vinson of Precinct 1, Place 1, Guthrie, King County; Judge Emette Cross of Precinct 5, Rochester, Haskell County, and Judge Walter Counts of Precinct 6, Rule, Haskell County. The training center is headquartered on the Southwest Texas State University campus, where part of the seminar sessions are held.

identify tax accounts, joined this massive update effort by mailing out questionnaires wherever a mismatch of name and number was identified. The IRS advised questionnaire recipients to complete fully the information requested and not to attach social security cards or other official documents in an effort to validate the information submitted.

Both agencies urged full and accurate completion of the questionnaire adding that the correct information now would hopefully eliminate potential problems at a later date when applications for social security benefits are applied for.

the nomination of the new Trustee who will be one of three "teacher" members who serve on the nine-member Board which is responsible for the administration of a trust fund for 340,000 active members and 45,000 retired members and beneficiaries of deceased members. Deadline for return of the ballot is October 15.

Candidate names, placed on the ballot by petition of signatures of at least 500 of their fellow TRS members, are: Bennett F. Brooke, University of Texas Health Center Pharmacist, Austin; H. Rich Calverd, Planetarium Director, El Paso; Frank Murphy, teacher, El Paso; Robert V. (Bob) Short, North East ISD Principal, San Antonio; Dewey G. Smith, Alice ISD Superintendent, Alice; Patrick J. Walton, University of Texas Acoustics Research Associate, Austin.

Gov. Briscoe Begins Campaign

Governor Briscoe officially opened his campaign this week in Dallas. In his remarks, he would be entirely appropriate to abolish the sales tax, on every Texan's utility bill. This would give much needed relief to the inflation-plagued state.

"Utility rates have been skyrocketing in Texas and it is possible to do so without raising rates," he said.

"During the next two months Governor Briscoe will be in parts of Texas on his re-election drive."

DPS Reports Aug. Accidents

The Texas Highway Patrol investigated five accidents on rural highways in Haskell County during the month of August, 1974, according to Sergeant Frank Jircik, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and four persons injured.

The rural traffic accident summary for this county during the first eight months of 1974 shows a total of 37 accidents resulting in three persons killed and 24 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for August, 1974, shows a total of 542 accidents resulting in 30 persons killed and 314 persons injured as compared to August, 1973, with 506 accidents resulting in 24 persons killed and 328 persons injured. This was 44 less accidents, six more killed and 14 less injured in 1974 at the same period of time.

The 30 traffic deaths for the month of August, 1974, occurred in the following counties: seven in Palo Pinto; three each in Potter, Wheeler, Crosby, and Lubbock; and one each in Armstrong, Childress, Hardeman, Deaf Smith, Hemphill, Pomeroy, Jack, Lamb, Stonewall, Wichita and Wise.

SS Updates Number Files

Dallas, Texas—The Internal Revenue Service (IRS) in cooperation with the Social Security Administration has begun a nationwide effort to correct and update the social security number files of millions of spouses.

Agency officials indicated one of the primary reasons for the many name/number mismatches is because social security numbers issued to housewives before marriage were issued under the unmarried name, and the name change was not reported to the Social Security Administration.

The IRS, who uses the name/number combination to

Those from out of town are Mr. and Mrs. Bobby Druesedow of Abilene, and Nora Kline from San Antonio. Fay Schnurizer of San Antonio visited Martha Collins. This is an old friend of Martha's. Martha is formerly of San Antonio. Mrs. Sam Wright of Rule visited Sam Wright. Mrs. Barker's son and wife, Mr. and Mrs. James Patterson of Roscoe, accompanied Mrs. Barker to Hodges Clinic in Abilene for x-rays. Mrs. Gusy Bunde also went with them. Mrs. Yarbrough celebrated her 89th birthday. She had many cards and guests. Mrs. Abernathy's granddaughter, Vickie Taber from Aspermont, visited her. Mr. and Mrs. Steve Alexander and Mrs. Wanda Alexander visited John Baugh. Mrs. Hattie Carter of Dallas visited her sister and brother-in-law, Mr. and Mrs. Furney Branch. Mr. and Mrs. Lawrence Griffin of McCauley, Mrs. Carl Young of Hamlin, Mr. Alvin Davis of Old Glory, visited Mr. and Mrs. Luther Hines. Mr. and Mrs. Hines went with their children to Hamlin and visited Mr. Hines' brother, Mr. and Mrs. Elva Hines. Mr. and Mrs. Charles Cox of Claremont visited her parents, Mr. and Mrs. Sam Bradford. June Martin of Anson visited Mrs. Eunice Honea. We are proud to have Mrs. Ann Taylor back in the home after a hospital stay. She is much improved and we are sure proud of that. Her daughter, Ruby Cowan and husband, have been here from Austin. Pinkie Robertson's brother and wife, Mr. and Mrs. T. B. Hicks from Muleshoe, visited her. Cleo Mondy's niece, Jo Ann Mondy, of Odessa, and her mother, from Sweetwater visited with her. Miss Cleo hasn't been feeling too good. Hope she'll soon be all right again. Lola Mae Liles and Lea May visited Mrs. Yarbrough and Mrs. Martin and other residents of the home. A special singing quartet from Rule came and sang for us Sunday. They were Mr. Harold Wood, Tommie May, Junior Mathis and Cotter Bowles. LeeRoy Vanderworth, Hazel Letz and Gladys Grice of Old Glory visited Mr. Vanderworth. We are sorry that Mrs. Eve Gray is leaving Rice Springs. Eve has been our Activities Leader. We shall miss her and wish her the very best. We are also sorry Mrs. Sams won't be out very much. She is going to work. Mrs. Sams has done so much volunteer work among our residents. John D. Henderson from Dallas has been here visiting his mother, Stella Henderson and Aunt Elizabeth Yakey. Dietary School in Abilene was attended by Clotilda Moeller and Mrs. Ruth Klose. Miss Moeller will be representing Rice Springs in this school weekly. Mrs. Klose also attended the meeting at the West Texas Rehabilitation Center in Abilene for new program benefiting nursing homes.

Receives Award

LARRY ROSE
Larry Rose, a senior at O. D. Wyatt High School in Ft. Worth, was recently selected to have his biography published in "Who's Who Among American High School Students." He was selected for this award because of his leadership abilities shown in academic and extracurricular activities. Larry was chosen to represent his school as a citizen at the American Legion Boys State in Austin this summer. Boys State is a mythical state of government and there he was elected to the House of Representatives, to the State Platform and Campaign Committee, and also elected Assistant Precinct Chairman. At Wyatt this year he is serving as vice president of the student body. Larry is also active in many other school functions such as Future Teachers of America. Last year he served as president and is currently acting photographer. Larry has been elected as Mr. F.T.A. on both the local and district levels. He is the son of Mr. and Mrs. Delbert L. Rose of Fort Worth. Grandparents are Mr. and Mrs. A. B. Arnett of Rule; Mrs. Opal Rose of Haskell, and Curtis Rose of Temple.

D. Pittman. Birthday cake and punch was served to all residents, nurses and visitors. Mr. Wendell Gideon, Haskell Band Director, brought a number of his students who played several snappy numbers for the party. Band students playing were: John Cox, Clark Richardson, Kim Campbell, Brenda Hill, Linda Hilliard, Marisa Miekler, Jo Ann Dean, Tamala Turnbow, and Teresa Jenkins. Mrs. Robert Stover of Alva, Okla., visited her father, Mr. Emmett Wyche last week. Lawrence Gieb of Wichita Falls visited Mr. and Mrs. Donald Flint, Monday. The Methodist ladies along with Rev. Brown brought a devotion, Tuesday. The usual Sunday services were held by the Central Baptist Church and the Church of Christ. Mr. and Mrs. Manford Reid of Rochester visited with Mrs. Carrie Edwards on Saturday. Visiting Mrs. Ann Stapp recently were her daughter, Annie Lee Wright of Baird and a grandson, Freddy Wright of Abilene. Mr. Melton Howard is a patient in the Haskell hospital this week. He is some improved at this time. We welcome Mrs. Francis Tibbets back to our home after being in the hospital for a couple of weeks. We extend our sympathy to the Emmett Wyche family. Mr. and Mrs. O. U. Connley of Loveland visited with Mrs. Carrie Edwards on Thursday.

Ass't To Comptroller of Currency

DR. DAVID H. JONES
Appointment of Dr. David H. Jones as special assistant to the Comptroller of the Currency for strategic policy planning was announced today by Comptroller James E. Smith. Dr. Jones assumed the newly established position, September 1. Since 1973, Dr. Jones has been acting director of economic and financial research for the American Bankers Assn. Prior to that time, he was an economist with the Federal Reserve Bank of Dallas. Still earlier, he had been a research assistant at the University of Texas at Austin. It was from this institution that he received his BA degree in 1968, his MA in 1969, and his Ph. D. in 1972. Dr. Jones is a native of Haskell, Texas, where he was born July 4, 1937. He is the son of Mr. and Mrs. Jesse Jones of 1106 S. Ave. G, Haskell.
