

June is here ... and almost gone. Things are supposed to slow down in June in the paper business, but this month is fleeing by at the same rapid pace as the others are

For some reason, June also seems to the the month which I have the hardest time writing columns. I tend to go as blank as a piece of paper. I was feeling pretty good about things because I hadn't had a problem until this week. But here I am, at the last issue of June, and I'm just as empty of ideas as it's possibleto

So, I'm reduced to bits and pieces. Piece number one:

One of the neatest things I've heard lately is from a friend of mine in Paris. Her father is in his 80's and her Father's Day gift to him is to go roller skating with him! In fact, he has been skating with kids, grandkids and now great-grandchildren....four generations! I think that's absolutely wonderful.

My friend maintains that the only bad thing about it is that she is sore and stiff after skating ... and he's not.

Bit number two:

My dentist and his assistant want to know when they are going to get into one of these column.s

Now, really, folks....are you SURE you want to be featured here? Hmmmm...people who inject, scrape, drill, root canal, suction and generally keep their hands in an open mouth (no matter how gentle they try to be) just MIGHT not be treated with the respect and admiration they de-

serve! I have a return visit or two ahead of me...so I think I'll leave the featuring of "dental people" until I'm sure I won't be seeing them until a routine checkup. The pos sibilities for dental revenge are too numerous and horrifying to consider!

Scrap Number Three: I witnessed something sweet Friday. The scene-outside a store, on a concrete parking lot after a big rain. A young mother with two small children. Upon arriving at a big puddle the two youngsters paused, looked up at mom . She nodded, slipped off her shoes and all THREE... both children and Mom, leaped together into the middle of the big spot of water, splashed around a few moments and then contently proceeded on their way. I heartily approve of nom's who take time to jump into puddles with their kids!

Snippet Number Four: Guess what, folks...the other day I was on a smooth, well-paved, wellshouldered, rockless road that wasn't under construction. It was really nice. Obviously it wasn't around here, either. Now, I got that off my chest!

Well, I think I've pieced together enough bits, pieces, scraps and snips to make ... if not a quilt at least a lap robe. Here's hoping that by next week my brain cells will be back to normal (?) and the column will flow!

This week I'll try to tell you all some of the things I learned about Joyce Merritt and Jaleta Scott. As those of you who know them probably already know, they are mother and daughter. I guess I need to get to the hard part first. I owe Joyce an apology for snurling up my nose at her recipe. I'm sorry. I have never knowingly eaten crawfish. It is probably a wonderful dish for someone more sophisticated than I.

Joyce and her husband, James, live in Pattonville. They have three children. Jaleta Scott and her husband Charles have two children, Tracy and Carly. Mike and Missy Merritt have 3 children; Toni, Tye and Jake. Lewis and Kathy Meritt live in Plano and have 2 children, Chad and Ashley.

Joyce enjoys community work, yard work and baking. She usually takes desserts to any gathering she

The Merritts attend the Church of Christ. Joyce has been with the Extension group since the 1970's.

The recipes she is sharing with us this week are Crawfish Etouffe, and a Fried pie crust recipefor which I pleaded. They make the fried pies to sell at the dances on Friday nights, and the Steamed Crawfish recipe was given to her by Marise Fontenot.

Jaleta Scott and her husband, Charles, live in Pattonville. Charles drives a cattle truck.

Jaleta is a homemaker. I tried to get her to say she was a domestic engineer, or even a domestic goddess, but she liked homemaker better.

Jaleta and Charles have two daughters. Twenty year old Tracy is a student at Texas Tech, with an elementary education major, and Carly 11, is in school at Blossom. Carly is a member of The Blossom 4-H Club. Her project at this time, is raising a dairy calf to show.

In 1971 Jaleta was in the first Prairiland CISD senior class to graduate. Until that year, she had attended East Lamar. The Scotts attend The Church of Christ at Blossom. Jaleta says that she enjoys teaching the very young children. She doesn't teach a class every year, but when she does, the little kids are really a joy. She also enjoys the Area wide singings which are held at Blossom. She says that the strong bass and tenor voices make the songs ring out with the a cappel la singing.

Jaleta's hobbies include quilting, sewing and crafts. She really enjoys cooking also. She injoys making desserts, and the family enjoys Mexican Food. The recipe that the pretty young lady is sharing with us is a Chocolate pie she got out of a Church of Christ Cookbook. Please notice that it is different from the run of the mill chocolate pie. I plan to try it

Nuts and Bolts by Judy Screws

Well, I have a new job. It does not require me to leave my present job. In fact I doubt seriously that my

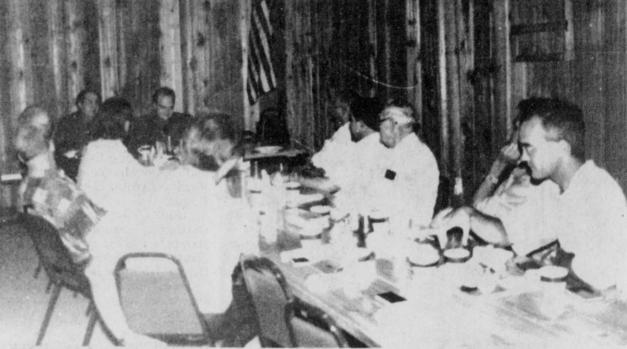

services will ever be needed again. I guess we could just say I gave myself a job and retired as gracefully and quickly as I possibly could with egg on my face.

I meant no harm, in fact I didn't even know that I had taken on the

job until I got the phone call. You see, my only intention was to go over to Peoples National Bank, take a picture of the reigning rodeo queen, Kenda Guess, with a representative of the bank, Mollie Williams, who is loan secretary with the saddle to be given to the new rodeo queen, put the picture and explanation in the paper and go on to something else.

I nver intended to promote Mollie to a loan officer. She gave me a pink slip of paper on which she had written her name and the fact that she is a

You'll have to admit that they are quite a distance from my brain,. Yes I have one, I have an exray to prove it! But for whatever reason I appreciate Mr. Cochran's being so nice when I called to beg his forgiveness.

I really wasn't so worried about his reaction, because I knew that he would know it was a mistake but I didn't intend to embarrass Mollie.

I have made a short story long, but I wanted to take all of the blame for the error, but wasn't the picture nice?

I will probably never make another mistake, but if I do and somebody catches it and calls me and tells me about it, I will apologize. Apologizing is something I do quite well since I have had so much practice.

How about it, would anyone like to be CEO for a week?

A Minister's Open Forum was held Tuesday by Bogata-Grant Funeral Homes at the Lonesome Dove Cafe in Deport.

Over breakfast, ideas were exchanged on ways of better meeting the needs of grieving families.

"It is through these meetings that an open line of communication can be established between the funeral home and those people that we work closely with during a funeral service" that will enable all of us to learn from each other."

"This is the first of several meetings that we are going to hold with groups that we closely associate with" deceased's life. Through meetings such as these we can pass ideas around said TimWood.

Comments From Your **County Attorney**

Jack Herrington

The 73rd regular session of the Legislature has concluded. A new Penal Code has been enacted. Parts of it will take effect September 1, 1993, and part September 1, 1994. Over the next few weeks, I hope to bring to you the major changes in our criminal law.

The biggest change is the creation of our fourth class of felony called a "State Jail Felony". It will be the lowest class of felony. "State Jails" will be prison facilities that have standards in between regular prisons and our county jails. A "State Jail Felony" would carry a penalty of 180 days to 2 years and up to a \$10,000 fine.

The idea behind "State Jail Felonies" is to house the less violent offenders in these "jails". This, in turn, would free up prison space for violent offenders. These violent offenders would spend longer periods of time in prison than they do now.

For example, a life sentence for a capital murder offense would require 40 actual calendar years as a minimum time spent in prison. Murder, indecency with a child, aggravated kidnapping, aggravated sexual assault, aggravated robbery and any crime connected with the use of a deadly weapon would require the lessor of 30 calendar years or 1/2 of the maximum sentence for the particular crime. This part of the new law would be good. It would keep these kinds of criminals locked up and off our

My next article will discuss the pros and cons of the "State Jail Felonies" and the types of crimes that will be in that category.

State Jails-what are they? Senate Bill 532 created the "State Jail Division" as part of our prison system. They are state jails and not county jails. They will house convicted felons. The prison system will manage the State Jails or contract with a private vendor or the commissiones court of a county for the construction, operation, maintenance or management of a State Jail Facility. Also a Community Supervision and Corrections Department (probation department) may, through grants, contract, operate, maintain or manage a State Jail Facility. These jails shall adopt reasonable rules for work prorams and programs for rehabilitation, education and recreation. A State Jail Facility may be located on private

shall be set up to provide these State Jails. Prisoners may be confined in State Jails for no more than two years. These State Jails are designed for the less violent offenders. Some of the offenses that will be State Jail felonies are:

land or land owned by any government entity. Nine regions in the state

Criminally Negligent Homicide, Reckless Assault-causing bodily injury; Interference with child custody; criminal nonsupport; Criminal Mischief it value of damage is \$1,500 but less than \$20,000; burglary of a building; theft of \$1,500 or more but less than \$20,000 or cattle, horses, etc. and under \$20,000, or theft of a firearm; theft of services if \$1,500 or more and less than \$20,000; unauthorized use of motor vehicle; credit card abuse; delivery of marijuana is over 1/4 ounce and up to five pounds; delivery of cocaine under 1 gram.

Punishment for these offenses have been downgraded to State Jail Felonies with two year minimum sentence.s The other side of the coin is there will be more room for violent offenders to serve longer periods of time in Texas Department of Corrections

"Taking Care of God's Creation" Was Bible School Theme

"Taking Care of God's Creation" was the theme of the Bible school sponsored by First United Methodist Church of Bogata and the Cuthand Methodist Church on June 15, 1993, in Thomas Park. Over 80 workers and students took part in this one-day

The Bible school started in a traditional manner at First United Methodist in Bogata with songs, pledges, and a short skit presented by Brooke Belcher, Alison Foster, Jill Foster, and John White. From there, the group walked to Thomas Park to begin a schedule of singing, Bible stories, craft projects, nature walks, video time, and face-painting. Snacks and lunches were provided. Despite the summer heat, the venture was considered a success.

Workers assisting with the Bible school included the following: Bob and Tallie Bush, Mike and Jean Upchurch, Mable Hale, Pat Durock,

Amanda Durock, Deanna Harper, John White, Miriam Stephenson, Anaya Phillips, Sonya Hammonds, Mary Belcher, Duanna Lawson, Jill Foster, Brooke Belcher, Gayle Reeder, Deborah Moore, Gale Hervey, Judy Marshall, Anita Stubblefield, Vicki Wade, Peggy White, Kathy Stringfellow, Edith Collins, Bess Ruthardt, Mildred Eudy, Cynthia Avraham, Shirley Allums, Floy Smith, Margie Myers, and Betty Puckett. Keeping Healthy

Fear Dental Problems, Not Treatment

Dental anxiety stems from a variety of reasons. For some, it's bad childhood experience. Others may be influenced by family and friends who have poor attitudes toward dentists.

One way to treat dental anxiety is for the patient to realize that dental health is important. Simple dental problems that go untreated, such as cavities, can lead to bigger problems, such as periodontal (gum-related) disease.

Patients can also deal with their anxiety on an emotional level. Visiting a dentist's waiting room without an appointment can help anxious patients see others being treated painfree without the pressure of having dental treatment themselves.

RED RIVER Haven Residents had Hawiian Day on Friday. They are playing dominoe bingo, wearing their leis and straw hat, and being

served fruit punch and fruit cups with umbrellas in them. Prizes were given for the bingo winners. (Photo by Judy Screws)

Bogata Lions Club Meets

The Bogata Lions Club met at the Community Center at 7:00 p.m. on

President Jack Dodd called the meeting to order. Buck Ramsey led the Pledge to the Flag and Buford Hervey gave the opening Prayer.

The meal was a covered dish supper and all Non-Lion people who help with the rodeo concession stands were invited guests. The meat, prepared by Lion Shirley Vickers was brisket and ham.
