Worth

By Nanalee Nichols

I don't know whether it's called optimism or stupidity. Right now, I'm leaning towards stupidity.

In March I will have been in the newspaper business for sixteen years, and in that length of time it seems as if I would have learned that there will never be a week that goes smoothly.

But, for fifteen-going-on-sixteen years each and every Monday morning I think that "this week will be a good week and nothing will go wrong".

To date, that has never happened...and it probably never will.

To begin with, we are all convinced that the original owner of this paper, Sam C. Holloway, is still lurking around the office in "ghost form" waiting to cause problems, especially with computers. We figure he has a hatred of computers since they replaced his beloved "hot type" method of printing. How else to account for all the strange glitches and hitches our machines occasionally cough up? After all, it couldn't possibly be inept operation!

Then, there is the nature of the beast. While dailies have more deadlines, they are better staffed to deal with them.

Around here all it takes is for one well-greased cog in our machinery (translate that to someone out sick or on vacation) to be missing and things get very, very sticky.

Add wrecks, fires, storms, last minute "we just HAVE to get this in" stories and Tuesday night council or board meetings and you have more problems.

We have to be at the printer's by non on Wednesdays and it isn't easy.

Sometimes it feels like I'm out in the middle of a vast, tinder-dry prairie. Little fires are popping up everywhere and I'm running around with a wet tow sack slapping them out. But every time I put out two another pops up.

But, finally, the week will be over and I'll breath a sigh of relief. Hopefully the relief will last a little while and no one will call to complain are chew me out. Then we can start deciding which of our three school system's ball games we will attend this week, check our calendars for other events requiring our presence and generally line out the rest of our time.

I have a favorite plaque on my desk that says something to the effect that "When you are up to your backside in alligators it's hard to remember your original intention was to drain the swamp"...and every single week on Tuesday or Wednesday nights, when we're at the office and it's about nine o'clock that's exactly how I feel!

But, I have digressed. The whole point is that in this length of time wouldn't it seem that I would learn to KNOW that this is the way it is? Shouldn't I have just seen that these things ARE the Norm? I don't really mind working late...or dealing with the little fires here there and everywhere, it just seems illogical that I expect it to be different!

Every week I think "this week will go smoothly, without error, without last minute delays, without a problem".

Know what is even funnier? On those weeks when things do go smoother than usual I run around thinking "Something's wrong. What have we forgotten...what have we missed, help, something isn't right".

You tell me...is it perpetual optimism or perpetual stupidity? Never mind...I don't really want to know.

The meeting was opened with prayer led by Ricky Franks. The board discussed joining the litigation challenging the adequacy of the State's funding for public schools in Texas.

A motion was made by John Ward, seconded by Ricky Franks, to adopt the Resolution concerning the adequacy of the State's funding for public schools in Texas; the motion carried unanimously.

The Resolution is as follows: WHEREAS, THE Board of Trustees of Talco-Bogata Consolidated Independent School District is charged by law with the responsibility to manage and govern the public free schools of the district.

WHEREAS, Article VII, Section 1, of the Constitution of the State of Texas fixes upon the Legislature of the State the duty to make suitable provision for the support and maintenance of an efficient system of public free schools.

WHEREAS, for reasons set out in the attached Appendix entitled "Lack of Suitable Provision for Public Free Schools," which is by this reference being simultaneously adopted and made a part hereof for all purposes, the Board of Trustees has determined that the Legislature has failed to uphold its duty to make suitable provision for the support and maintenance of the public free schools of this district.

THEREFORE, BE IT RESOLVED BY THIS HONORABLE BOARD, acting by majority vote of a quorum duly assembled, that the Talco-Bogata Consolidated Independent School District promptly intervene in the pending litigation denominated as Edgewood ISD, et al. v. Rarely do I ever find myself at a loss for words, I can usually think of something to say whether it's interesting or not, but I am totally without words today. I'd write a poem, but I can't think of one which applies. I could sing a song but that wouldn't put any words on this paper. So I'll

just not embarrass myself further, and will let you read the recipes.

Please, in the coming weeks, if you have some favorite holiday recipes, I'd really like to hear from you.

Have a good week and I'll try to think of something to say next week.

Mellisa Jo Padgett and Kevin Scott Sinclair Wed

Mellisa Jo Padgett and Kevin Scott Sinclair were united in marriage at 4 p.m. on Saturday, September 25, 1993, at the First Baptist Church, Mount Vernon. The Rev. Dr. Clint Davis, Mount Pleasant, officiated at the double ring ceremony.

The bride is the daughter of Mrs. Clarence Watts of Talco, and Joe Padgett of Texarkana. She is the granddaughter of Mr. and Mrs. E. L. Padgett of Mount Vernon, Ken Finney of Longview and Mrs. Lou Ann Brown of Pensacola, Fla.

Double ring vows were exchanged before an altar of columns decorated with leatris, stargazer lilies, magnolias, plum cabbage, iris, parrot tulips, eucalyptus, ting ting, heather and ivory tulle embraced with grape leaf ivy.

Wedding music was provided by Toni Dellacroce of Dallas, organist, and Mike and Amy Kessler as soloists. Amy sang "Only God Could Love You More" during the ceremony, and "All I Ask of You" and "Jesus Is The Reason."

Escorted to the altar by her father, the bride wore a sheath designer gown in Italian ivory satin. The molded bodice was designed with a v'ed neckline and full melon puff sleeves finished with a fitted cuff at the elbows. The bodice and the sleeves were overlaid with re-embroidered Alencon lace, pearls, iridescent sequins and iridescent crystals. The skirt was designed with motifs of Alencon lace at the hemline. The detachable cathedral train was enhanced with scattered motifs of Alencon lace.

A two-tiered veil accented with puffs of illusion scattered with pearls

enhanced the crown of Alencon lace, pearls and iridescent sequins.

The bridal bouquet was fashioned with Calla lilies and purple iris.

Tawalla Padgett, sister of the bride, was maid of honor. Bridesmaids were Carla Craig of Grand Prairie, Stacey Hall of Canton, Kris Proctor of Mount Pleasant, Lisa Swavel of Mount Vernon, Kathie Wilson of DeSoto. Carrie Kent registered the guests as they arrived.

Seating the guests were Gary Price of Kaufman, cousin of the groom, David Samples of Hughes Springs, Paul Braham of Hughes Springs, and Casey Robertson of Rockwall.

Following the ceremony a reception was held at the Mount Vernon Airport.

Musical entertainment was provided by Dorothy Long.

The bride's table was covered with an ivory cloth draped with ivory tulle.

The six-tiered wedding cake was covered in fresh flowers.

At the groom's table a four-tiered Italian chocolate cake was covered in dark chocolate and topped with strawberries.

Servers were Sarah Milner and Susan Milner of Quitman, Brandi Long of Mount Vernon, Cherece Kitchell of Nacogdoches, Krista Shipley of Mount Vernon, Robbie Henderson of Beaumont, Carrie Kent, Tiffany Banister and Robin Banister, all of Mount Vernon.

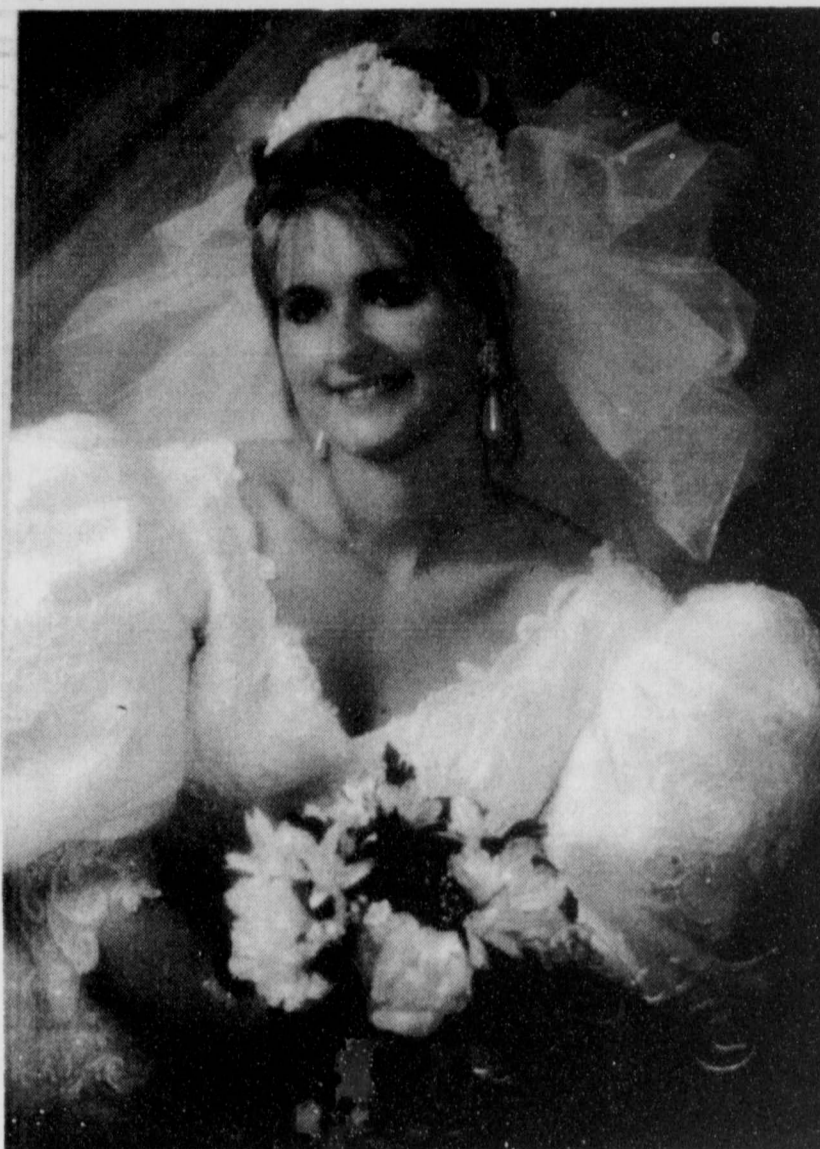

The couple made a Caribbean cruise for their wedding trip. Upon their return they will make their home in Mount Pleasant.

A dinner was hosted by the groom's parents at the Mount Pleasant Country Club following the rehearsal on Friday, September 24. Gifts were presented to the attendants at this time.

A bridal shower was given September 7, in the home of Kitty Ramsey, Mount Vernon. On September 28, a bridal shower in Hughes Springs in the home of Mrs. Mickey Rorez honored the bride-to-be.

A pool party was given for Mellisa and Scott and friends in the lovely home of Attorney and Mrs. Danny Woodson with co-hosts, Mr. and Mrs. Bob Moreland. An Italian meal was served to Scott and Mellisa, Mr. & Mrs. Chris Horn, Dr. and Mrs. Charles Matkin, Mount Pleasant, Jeff Moon of Tyler, David Phillips of Gilmer and Lisa Swavel of Gilmer and Mr. and Mrs. Billy Sinclair.

Notice of Vote on Tax Rate

The Talco-Bogata Consolidated Independent School District conducted a public hearing on a proposal to increase your property taxes by 700% percent on October 18, 1993, at 7:30 p.m. at Rivercrest High School.

The Talco-Bogata Consolidated Independent School District is scheduled to vote on the tax rate at a public meeting to be held on October 18, 1993, at 8:00 p.m. at Rivercrest High School.

This notice is required by the Texas Legislature

* The percentage increase shown in the first paragraph below may appear unusually high because it does not reflect 1992 taxes levied by the now-abolished county education district (CED). In 1992, the CED levied a portion of the taxes used for school purposes and the school district levied the remainder of school taxes. In 1993, school districts will levy all school taxes. For an explanation of the increase, attend the public hearing scheduled below or call your school district.

Notice of Public Hearing on Tax Increase

The Talco-Bogata C.I.S.D. will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in 1993 by 700% percent. Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property. The public hearing will be held on October 18, 1993 at Rivercrest High School FOR the proposal **AGAINST** the proposal **PRESENT** and not voting: **ABSENT**: The statement above shows the percentage increase the proposed rate represents over the 1992 tax rate that the unit published on Sept. 30, 1993. The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

	(Optional) Last Year County Education District	Last Year School District	This Year School District
Average home value	\$ 17,767	\$ 17,767	\$ 18,459
General exemptions available <small>(amount available on the average home, not including senior citizen's or disabled person's exemptions)</small>	\$ 10,000	\$ 10,000	\$ 10,000
Average taxable value	\$ 7,767	\$ 7,767	\$ 8,459
Tax rate	\$ 0.87	0.13 /\$100	1.00 /\$100 <small>(proposed)</small>
Tax	\$ 67.57	\$ 10.10	\$ 84.59 <small>(proposed)</small>
(Optional) Total 1992 School Taxes	\$ 77.67	(Optional) Total 1993 School Taxes	\$ 84.59 <small>(proposed)</small>

(School districts publishing optional information must publish the following:)
This paragraph compares last year's CED and school district taxes with this year's proposed school district taxes:
Under this proposal taxes on the average home would increase by \$ 6.92 or 8.9% percent compared with last year's total school taxes. Comparing tax rates without adjusting for changes in property value, the tax rate would not increase by \$ -0- per \$100 of taxable value or -0- percent compared to last year's total school tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

(All school districts must publish the following:)
This paragraph compares last year's school district tax with this year's proposed school district taxes:
Under this proposal taxes on the average home would increase by \$ 74.49 or 737.52% percent compared with last year's school district taxes. Comparing tax rates without adjusting for changes in property value, the school district tax rate would increase by \$ 0.87 per \$100 of taxable value or 669% percent compared to last year's school district tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

Explanation of Conversion from County Education District Taxes

County Education Districts have been abolished. In order to compare school tax rates from last year to this year, it is necessary to compare the combined school tax rate below to the school district's proposed tax rate for this year.

Last year the Talco-Bogata C.I.S.D. School District's tax rate was \$0.13.

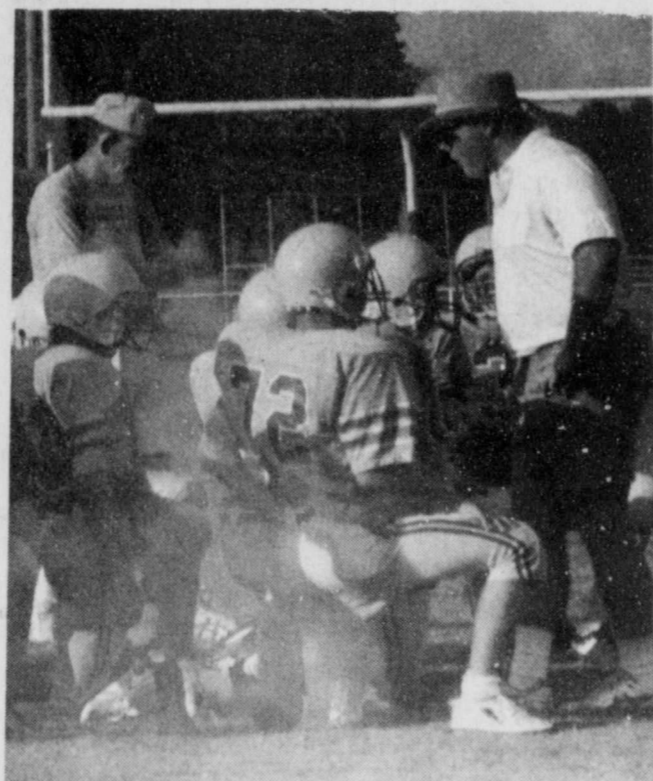

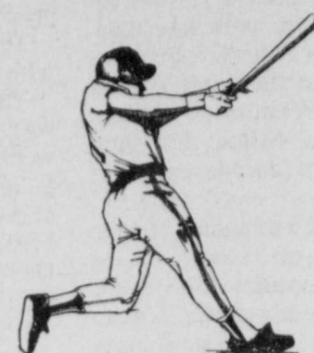

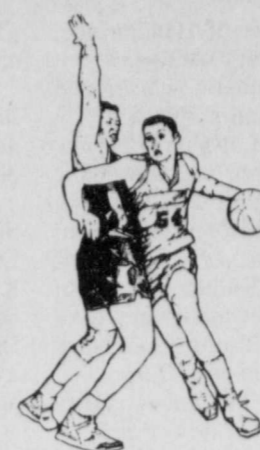

Last year the Red River County Education District's tax rate was \$0.87.

The combined School District and County Education District tax rate was \$1.00.

The proposed tax rate for Talco-Bogata C.I.S.D. School District for this year is \$1.00.

Rebels Lose To Eagles

By Matt Stockton

The Rivercrest Rebels faced off with the Como-Pickton Eagles Oct. 1st on home ground at Rebel Stadium. Meeting at center field for the Rebels was Number 40 Elliott Pogue, Number 62 Jody Ottinger, Number 85, Sydney Hines.

After the Rebels won the toss and elected to receive Eagle Number 60 kicked up to Rebel Elliott Pogue, who brought the ball out to the 30 yard line. After a few short handoff plays Tee Green Quarterback, ran around the left side on a quarterback keeper all the way for a TD. The following extra point was no good.

Kickoff by Jeremy Weatherall was received by Eagle Balke Thomas. After the Eagles were unable to get a first down because of blocks by Matt Childers, I Greg Henry and Jody Ottinger and Clay Pirtle Eagle Thoms punted the ball out of bounds at the 12 yard line.

Rebs had one play before Joe Grissom fumbled of the Eagles. After one play Thomas ran for a TD. Extra point was good for Como-Pickton.

Kickoff from Casey Benson to number 22 who fumbled to the Eagles. Brandon Miller got hungry for quarterback, causing Eagle Duane Wright to be caught in the backfield. The end of the first quarter ended Rebs 6-Eagles 7.

Blake Thomas kicked off to no one because the Eagles killed the ball on the 32 yard line.

After QB Tee Green kept the ball

for a small gain he was caught in the backfield for a loss.

After losing possession the Rebs recovered a fumble. Rivercrest was unable to get a touchdown, however, and went backwards for a touchback, two points.

Clay Pirtle intercepted a pass and ran downfield unable to continue he lateralled it to another Rebel but the ball was caught by an Eagle instead who ran all the way from the 30 yard line for a TD.

Another TD was made by the Eagles as Rivercrest couldn't get anywhere. Then the Eagles scored yet again to close the end of the second quarter Rebels 8 and Eagles 21.

Beginning the third quarter Reb Jeremy Weatherall kicked off shortly after the Eagles made a touchdown and then yet another touchdown. Their extra point was no good.

Eagles kicked off after one handoff play to Joe Grissom. Juan Torres fumbled and the Eagles recovered.

Coming from behind the Rebels made a touchdown to bring the score to Rebels 14, Eagles 34. The extra point was run in and added on two more points.

Number Twelve for the Eagles returned with another touchdown and the two point conversion was good.

The score was Rebels 16-Eagles 42 after many unsuccessful attempts to gain first down yardage the ball was turned over to the Eagles who followed the same pattern to bring the game to a close.

Letter To The Editor

Dear Editor:
October is National fire Prevention Month. The winds of winter carry one of the deadliest seasons for home fires. Woodstoves, fireplaces and alternative

heaters are often necessary to fight the cold, but if not used properly they can become fire hazards. The increase of fires during the winter months is particularly ominous for the state of Texas, which ranks among the nation's top states in fire deaths. The need for fire safety information is critical. Fire kills close to 5,500 people in the United States every year-- more than all other natural disasters combined. October has been deemed Na-

tional Fire Prevention Month, we hope you can do a story on the hazards of fire, particularly in the state of Texas, to warn your audience on how to avoid them. The United States Fire Administration (USFA) has issued the following recommendations to reduce the number of fire related deaths this winter: **Alternative Heaters**- *Use space heaters in well-ventilated rooms * Place heaters where they will not be knocked over easily and away from curtains, furniture and other items that burn. *Plug heaters directly into wall sockets, not into extension cords. * Unplug heaters when they are not being used. **Woodstoves and Fireplaces** *Use seasoned wood and protective screens at all times. *Clean interiors, hearths and chimneys yearly. **Sleep Safety Practices**-*Never Smoke in bed * Use only electric blankets approved by testing labs. * Don't run cords under beds or trap against walls. **Safe Cooking Practices** - * Don't leave the stove unattended while cooking. * Keep clothing, curtains and other fabrics away from the stove. * Make sure the stove is off

and all small appliances are unplugged before going to bed. Don't forget- A smoke detector is useless without a working battery. Check them often.

Five Texas firefighters were killed in the line of duty in 1992. Sincerely,
Michael Gilstrap

Governor Ann Richards Pays Surprise Visit To Clarksville Dairy Queen

The Governor of Texas just rode up in her motor home, got out, and visited with whoever happened to be at the Dairy Queen, in Clarksville, last Wednesday. When she first came in, people were a little shy, according to Sandra Benson, who along with her husband Duane owns the eatery, but the longer she stayed the more relaxed they became and she just visited with everyone. She ordered a dipped cone with a cherry on top. That will of course now be known as the Governor's Special. She even told the old joke about the D-A-I-R-Y Q-U-E-E-N in Mexico.

The Governor didn't talk politics. She mostly visited with the kids. She

gave them a hug and talked about education. She told one of the girls that if she would just spend as much time a day studying as she spent fixing her hair, she would find that her grades would improve so much. She tried to explain to the kids that looks are important, fun is important, but without education you can't go very far, and regardless of how pretty you are, you still need that brain.

Mrs. Richards sat down and visited with some ladies who had some friends in common with her. She stayed about 45 minutes and was really friendly with everyone, but you could tell that her heart was with the kids and their futures.

TRAVEL TIPS

By Marlene Pendleton, C.T.C.

We have had a lot of inquiries about Alaska already this Fall and it is NOT too early to be thinking about there. Early booking discounts are greatest the further ahead you make your reservations.

There will be a couple of new ships in Alaska this year. Cunard Line bought Crown Cruise Lines and are now calling it Cunard Crown Line. They have a couple of new ships (smaller ones). They will put one of them the "Dynasty" in the Alaska Market this summer. They will bring some good rates to the Alaska Market. Rates will start at \$1441 for 7day cruises including RT air from Dallas. This is with early booking discounts. This is savings of over \$500 per cabin. Princess and Holland America Line have their cruises and cruisetours out for '94 for those that want to combine a cruise and tour.

Now you can fill the tub again and again-without getting soaked. Because a propane water heater can save you \$2,000 over the life of the heater. And a propane water heater pays for itself in about two years. It heats twice as much water as an electric water heater in the same period of time. And propane is better for the environment. QUESTION: Why does some of my mail have stickers or writing on them that say my address is wrong? I have been getting my mail at this address for years.

ANSWER: There are a couple of good reasons why we would like for you to use your correct address. First, The Postal Service is going to automate the way we process mail. That means that a machine will

sort your mail by the address that is on it. So if the wrong address is on it, your mail may go somewhere else or be returned because the address is not a current one. Second: Because I am new here and I am not familiar with the different families, I can very easily sort your mail to someone else. The bottom line is it costs more to deliver your mail if it has the wrong address, and this in turn will keep the cost of

postage stamps going up. **QUESTION:** I would like for my mail to be held on the day my checks come in and I will pick them up later in the day. Will you do this?

ANSWER: Yes, we will hold your checks on the 1st and the 3rd. Starting with the Month of November, we are starting a new method of doing this. I have a form that you must sign stating that you would like for us to hold your mail on these stated days. We also will not hand any mail until after 9:30 a.m. The reason for this is the Rural Carrier must have time to case his mail. There will be forms available at the Post Office for you to sign. Mail will not be held if this form has not been signed. **THIS IS FOR THE 1st AND 3rd CHECKS ONLY.**

Keeping Healthy

Appendicitis

Symptoms of appendicitis may include slight fever, nausea, constipation and abdominal pain. The pain does not always begin on the lower right side of the abdomen where the appendix is located. It may start in the center of the abdomen and then move to the lower right side. The swollen appendix, filled with pus and fluid, may block off its supply of blood and its nerve supply. When this happens, the person may get some relief from pain, but with it's blood supply cut off, the wall of the appendix weakens and sometimes ruptures. The pus which breaks through may infect vital organs in the abdominal cavity. This is called a perforated appendix. In some patients, particularly infants and children, the interval between onset of pain and perforation may be a matter of hours.

Although not every pain in the abdomen indicates appendicitis, any such pain that is persistent and that is accompanied by loss of appetite, nausea, vomiting and fever should be reported to a physician.

Rev. and Mrs. Huffman Lead Locals on Tour

Virginia Cox and Sue Beard of Bogata and Ella Brakefield of New Orleans, LA flew out of the Houston airport on July 18 to visit with the Rev. and Mrs. Wayne Huffman - Assembly of God Missionaries to Romania. They were met in Vienna, Austria by the Huffmans. After staying several days at the Assembly of God Headquarters in Vienna, they left for Germany.

Austria and Germany were beautiful with an abundance of flowers, but extremely cold for July. The highlight was riding a ski lift to the top of the Alps. From Germany we went on to Rome, Italy, where we toured the Roman Ruins. Very impressive was the place where the Christians were fed to the lions. We visited the Vatican, toured Viennece, the city surrounded by water.

On July 26 we left Bari, Italy, by ship for Greece. In Greece we went to Phillipi where Paul was in jail. Part of the cells are still standing among the ruins. We stayed in Tessonallika Greece, where the book of Tessonallians was written. We visited the ruins and saw where Paul spoke. Italy and Greece were very hot and

dry. From Greece we left for Bulgaria. The conditions in Bulgaria are very poor. Crops are still carried in from the fields by donkey wagon. Vegetable stands are plentiful along the side of the road. People were washing clothes in streams by beating them on rocks. They could be seen carrying their water in hand-pulled carts.

After leaving Bulgaria, we arrived in Romania. Hot, tired, and bone weary only to wait seven and a half hours at the border while everyone working took a break for supper then another break. We arrived in Bucarest, Romania, at 3 AM. What a sad sight! Little children, called street children, were everywhere begging. An estimated 1500 young children live on the streets and sleep in the underground sewer systems. This is a country of very little. Going into a store, one will find bare shelves. Water is a luxury. Now, each time I turn my faucet on, I am thankful for Bogata water. Food is scarce.

The Huffmans buy most of their food in Austria or Hungary and hope they get back into Romania with it. Either way, it is a two day ordeal. The

Romanian people have gone through so much and have so little, yet they want to share what they do have. We were entertained by a lovely family of 14 in a four room apartment, but they fixed us their best.

After leaving Romania, we travelled through Hungary to the airport in Vienna, Austria.

We learned that the countries we were in had only one traffic rule: do not let anyone pass no matter that you are on a mountain curve or cliff or whatever. The center stripe of the highway is for the cars to drive on and see which one chickens out first.

On my passport envelope these words by O'Henry stayed with me my entire journey "Never does the American flag look as good as when it's flying on foreign soil."

Bogata looked so good when I returned. Let's all take time to be thankful for the things we take for granted and pray for our home town foreign missionaries.

Wayne Huffman will be remembered for his volunteer work and gospel singing at the area nursing homes.

He is the grandson of the late Tom and Vada Cox.

Energy Efficiency Is A Piece Of Cake With A Heat Pump.

Saving energy is always sweet, especially when a high efficiency heat pump lets you save without sacrificing comfort. Because a heat pump cools in the summer and heats in the winter, the savings is year-round. For icing on the cake, Texas-New Mexico Power Company is now offering rebates for new heat pumps with a Seasonal Energy Efficient Ratio (SEER) of 12.0 or higher. Units equipped with a two-speed or variable speed compressor need a minimum SEER of 11.0 to qualify. For more information, call or visit your local TNP office.
