Worth

By Nanalee Nichols

There as many different types of personalities in this world as their are people.

It certainly keeps the world from being boring, that's for sure!

This difference in people was brought home to me this past weekend as Thomas and I helped Sam and Maragie Rice to pack for their move back to Red River County the first of December.

Not having moved in a long while, I'd forgotten that Thomas is a pack rat and I'm a ruthless "throw awayer".

My husband (and Sam and Margie) would keep every Christmas card, letter and note we ever received. With magazines and letters he had best read fast...or out I'll grow it!

I have this theory that if it hasn't been touched in six months it needs to be recycled, sold, given away or thrown out. My husband doesn't understand this.

At Sam and Margie's I'm definitely the "odd man out" because I want to throw out things like a strip of inner tube.

As I pitched it to the trash Sam said "Girl, don't throw that out".

Blankly I looked at him, then asked whyever not?

Sam said "if I want to make a bean flipper that's perfect!". How can you argue with logic like this? It makes perfect sense to the "pack rat" person...to me the unlikelihood of ever needing to make a bean flipper far outweighs keeping a piece of inner tube.

How can I argue with my husband's assertion that some day the totally outdated citizen's band radio that he keeps will be useful?

If I haven't worn a piece of clothing in the last year I assume I never will and out it goes.

My dear husband keeps clothing that has "memories".

Sam and Margie agree with him.

Of course, I love to keep little pictures and knick knacks from trips...that is where my weakness lies. Matchbook covers from "exotic" places, or tiny bits of stone or shell, these I hate to part with.

Then, on the other side of the coin is the family I know of who has not a single picture on the wall or knick knack on the tables! That's hard to conceive of too!

So, I suppose what it boils down to is that there are keepers and non-keepers and in-between-keepers. No one way is right and no one way is wrong...it all boils down to those mysterious differences we lump together as "personalities".

What a boring world it would be if we were all the same.

Talco-Bogata CISD Attends To Business

The Talco-Bogata Board of Trustees met Monday night. In open forum a letter was read appealing to the board to revise the practice of selling raffle tickets or chances by the school, school organizations, students and parents in order to raise money for support of activities. The author felt this practice taught children to gamble.

The board approved the consensus agenda which included minutes of meetings, the financial report, cafeteria report, tax report and payment of the bills.

Chris Arnold representing Oakerson, Arnold and Walker of Mt. Pleasant presented the 1992-93, Audit Report to the Board and the members accepted and approved the report unanimously.

The date of the December meeting

was discussed and set for Dec. 9, 1993 to avoid a conflict with the school holiday.

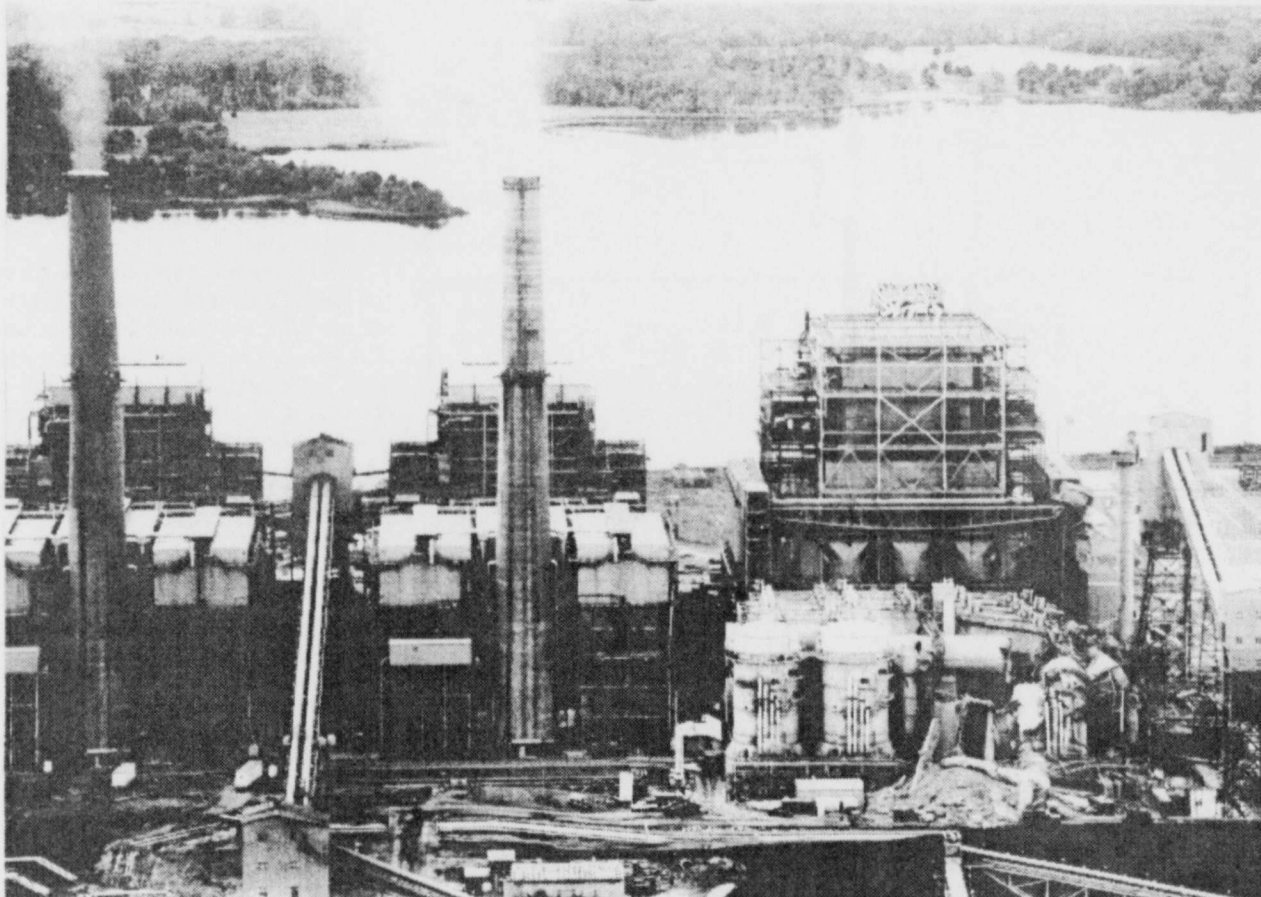

Principal Ray Miller reported to the Board of a pending visit to the Mansfield, Tx. ISD to look into alternative scheduling called Block scheduling. A principal and teacher from each campus will participate in this study.

The repairs recommended on the Agriculture Building were approved. The low quote was accepted from Harrison, Walker and Harper of Prist for \$8,701. A brief report was given concerning the progress of the Rivercrest bleacher project. The Board then approved an amendment to the 93-94 budget to offset the \$17,500 cost for the bleacher project. Reports were given by Johnny Gable and Jimmy Lee concerning

scheduled use of the computer labs recently installed at Talco and Bogata Jr. highs.

Superintendent Freddy Wade gave a report on a recent study concerning solutions for the deficit in the food services budget. Action approved to alleviate cafeteria losses was to reduce the number of employees on the two campuses that had deficits and to study other causes and eliminate the losses in total.

The Board went into executive session for the purpose of evaluating personnel on each campus with the campus principals. Upon returning to the open session, the board took action to accept the resignation of Glenda Corbell, who was employed as a teacher's aide at Bogata School. The Board adjourned at 12:30 A.M.

Country Cooking

By Judy Screws

Rachel and Marty Ward, of Talco, were nice enough to let us visit, and feature her this week as our Country Cook. Rachel and Marty attended and graduated from Rivercrest High School. She works for her daddy, Gene Smith, at Talco Butane, and is involved in his Rodeo Stock business. Rachel loves to play tennis. She coaches 4th and 5th grade girls in the Talco Little Dribblers Basketball League. Actually, anything to do with sports is right down her alley. Rachel enjoys spending time with her family and one of her favorite

occupations is keeping her niece and nephew, Kaysee and Caleb, who are the son and daughter of Rachel's sister Kim and her husband Kyle Hatley.

Most of Rachel's recipes come from her mother, Cecilia Smith. She is sharing her Macaroni and Cheese, her Divinity, and her Mexican Casserole recipes with us this week. The Broccoli Recipe was given to her mother by Anna Sue Goodroe.

The recipes look delicious. Thanks so much to Rachel for letting us visit with her this week. Have a super week.

To the Editor:

I am sure you are aware of the fact that Douglas Cablevision does not provide the viewers in our area with any Christian channels.

I have tried for months to get Douglas Cable to add a Christian channel. I've had no success, but I was recently told, in a phone conversation with one of the cable office employees, that it would take at least 600 signatures requesting a Christian channel for Douglas Cable to even consider the possibility.

Every cable subscriber household can help. When you send in your monthly payment, just write a note on your bill asking them to provide you with a Christian channel. Continue to request it each and every month until we are blessed with a Christian channel, and God will bless you.

Thank you,
Glenda Denson

Safety Around Downed Power Lines Is No Mystery.

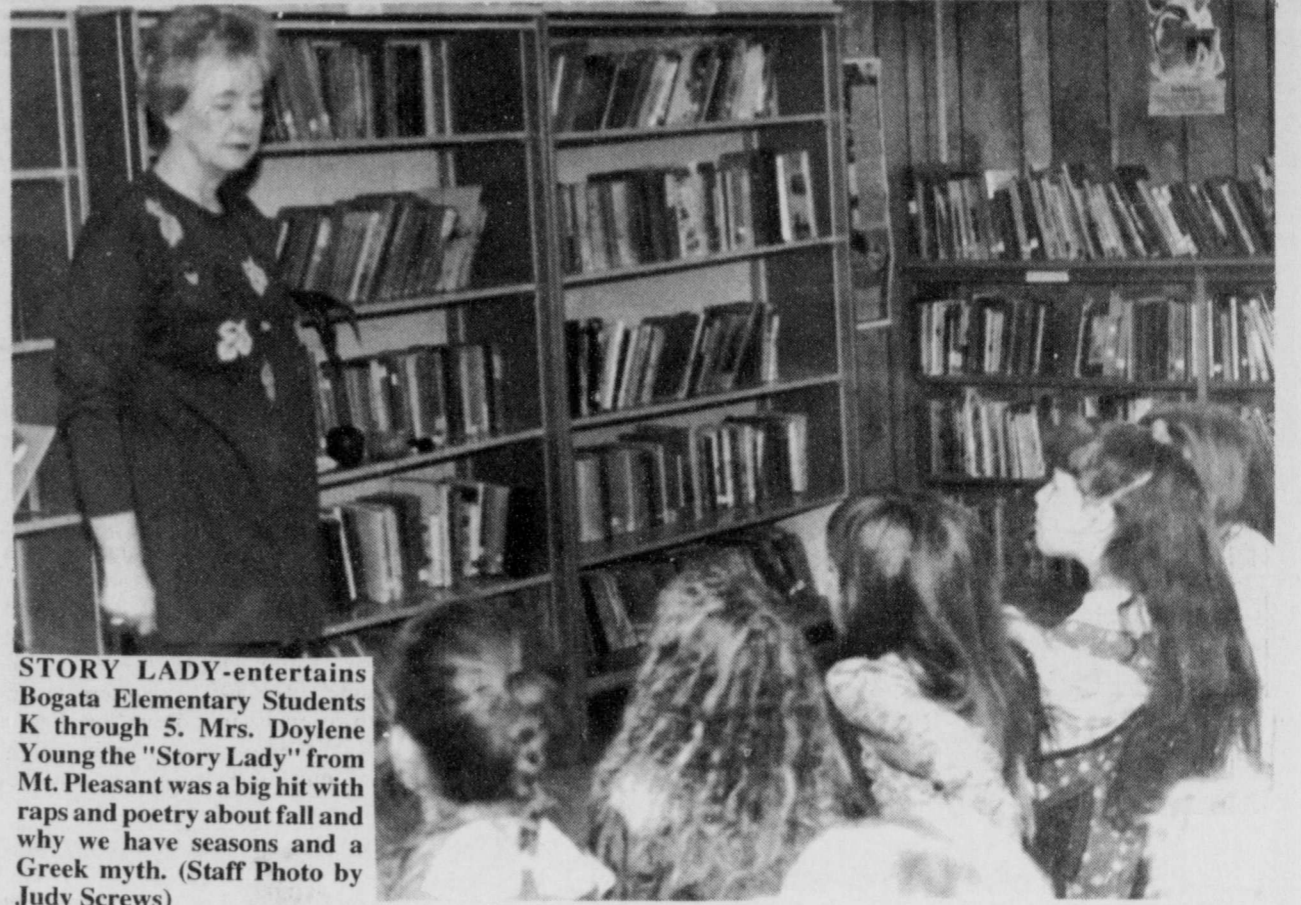

The key to keeping safe around a downed power line is simple common sense: keep your distance. Downed lines are not necessarily dead lines and can be extremely dangerous. If you see a line that has been downed by an accident or storm, please stay away from it and report it to your local utility or law enforcement office. For more information about power line safety, call or visit your local TNP office.

TIPS ON STAYING SAFE AND SOUND WITH NATURAL GAS.

For more than 80 years, Lone Star Gas has been providing safe, dependable energy to its customers. By following a few simple rules, you can help make sure you and your family stay safe and sound with natural gas:

- Always have qualified service people install, regularly check and maintain all gas heaters and appliances, following the manufacturer's instructions for installation, ventilation, and operation.
- Always use a gas appliance only for its intended purpose. An oven, for example, should not be used to heat a room.
- Always keep flammable materials and substances away from gas heaters and appliances. Remember, a pilot light is constantly burning.

IF YOU SMELL GAS in your home, or know you have a gas leak, follow these rules:

- 1 Everyone should leave the house immediately, leaving the doors open for ventilation.
- 2 Do not switch anything electrical on or off.
- 3 Do not use your telephone (telephones use small amounts of electricity).

4 Do not strike a match or do anything else that might cause a spark.
5 Go to the nearest telephone and call Lone Star Gas Company. Wait until we have found the cause of the gas leak before returning to your home.

If you smell gas while you're outside, contact Lone Star Gas immediately.

CONTRACTORS, BEFORE YOU DIG, call your local Lone Star Gas Office, and we'll help you avoid any potential problems.

SAFETY TIPS. We've put together a brochure that includes safety tips designed to educate your whole family about the proper usage of natural gas. For a copy, or if you have any questions, call us at 1-800-545-3427.

REBEL SPORTS REPORT

Frosh/JV Rebels Open Season

The freshman and junior varsity Rebels traveled to Mt. Pleasant on Monday, November 15 for their opening game of the season.

The freshman team took the first possession of the ball from a tip at the center, off the fingers of Clint Gage.

The Rebels played a very good half, with the first quarter ending 14-10, Mt. Pleasant, and the half score being 27-25.

The third quarter ended with the Rebel team behind 55-36. Where the

Rebels have seven players, the larger Mt. Pleasant team of 15 was able to keep fresh players in the game.

The Rebels gave their all in the fourth quarter, but simply couldn't overcome the odds.

The final score was 55-36.

High point man was Todd Barker.

The Rebel JV took the court to play almost the same game as the freshman team.

The first quarter ended 12-9, Mt. Pleasant, but by the half, the Tigers

had upped their lead to 30-19.

A severe height difference hindered the Rebel team, plus as in the freshman game, the Tigers were able to keep fresh men on the floor.

The third quarter ended 47-34, and the Rebels struggled to stay within range. The final score was 62-40, Mt. Pleasant.

High point man for the Rebel JV was shared by Jay Hancock and Eric Waller.

Bogata Book Club Meets November 11

The Bogata Book Club met for the November 11, 1993 meeting at the home of Roberta Anderson. Sixteen members answered roll call with, "Remedies for Life situations." The program was presented by Susan Baggett and Brenda Scoggins. They started the program by having each member make a Christmas ornament from beads and chenille stems. Each member then showed a

craft they had made, purchased, or received as a gift. Most of the crafts were Christmas items. The business meeting followed. Members had brought cookies to exchange and these were included in the refreshments. The next meeting will be at the home of Brenda Scoggins. It will be a covered dish dinner and gift exchange.

Gifted And Talented And One Act Play Students Attend Play In Paris

On Thursday, October 21, the Rivercrest Gifted and Talented students and the One Act Play Students attended a play at Paris Junior College. Those students included Nicholas Castle, Dru Denison, Eric Martin, Lindy Penn, Lindy Phillips, Amber Spencer, Teresa Torres, Marla Williams, Josh Belcher, Norma Jasso, Paty Lozoya, Elizabeth Scott, Karen Williams, Misty Deming, Eric Hall, Gerianne Harper, Wendi Mears, Michael Noble, Misty Rodden, Andy Speir, Emily Spencer, Amanda Durrock, Jerry Francis, Kathy Hinsley, Ashley Ross, and Teri Speir. The play, The Merchant of Venice, is one of William Shakespeare's most

praised and frequently performed plays. It tells a story of love against hate, generosity against greed, mercy against vengeance, and honest expression against religious hypocrisy and prejudice. Annette Harper, one of Rivercrest's ex-students portrayed a masquer in the play. Her sister, Gerianne Harper, who is a junior at Rivercrest, helped set up the props. The Merchant of Venice, which is Shakespeare's most controversial play, was greatly enjoyed by the students. Faculty members who accompanied the students were Pam Hays, Barbara Russell, and Ray Miller.
