Worth

By Nanalee Nichols

My husband's uncle died last week, and Thomas was a pall-bearer at the funeral. This funeral took place at a large Dallas area funeral home, and after he came home, Thomas talked about the differences between that funeral and one that takes place in "our part of the world".

From Paris to Mt. Pleasant and all the towns in between, there is a level of service and caring that we all take for granted. It was something of a shock to discover that it is not the normal state of affairs everywhere.

All of the funeral homes, be they in Paris, Clarksville, Deport, Bogata, Mt. Pleasant or in any other smaller city, are able to provide personal care that is unmatched.

Little things, such as coming to the home of the deceased's family, we take for granted. Not so in many places...it is up to the family to find their way to the funeral home, or church.

Things are very impersonal, and it was painfully obvious that although the personnel was polite and impeccable, they are just doing a job.

The feeling of being known to the people at the establishments, the comfort of knowing that they truly care and really do want to help a family get through this difficult time was lacking.

It is understandable, they deal with a constant stream of grieving people every day, and they seldom if ever actually know the people they are serving. The very size of the operation makes it impossible to extend the little familiar touches we are all so accustomed to.

But it helps more than most of us realize when we know the people assisting us, when they are our friends and neighbors, and a visible, vital part of our communities.

After the services, after the rideback home, came another one of the differences...for instead of the usual huge bounty of food sent by concerned friends and neighbors there were only two or three items...for customs have changed and only those who are closest to the family sent food.

So give a thought to the wonderful, personal help given us in our times of trouble...and be thankful and appreciative. It isn't always that way.

Country Cooking

This week I visited with a delightful lady from the Minter community by the name of Pam McKee. They have lived there for 5 years in a tastefully decorated home with a southwestern flair. Pam gave me a tour and explained that she did the walls with a sponge to get the adobe effect. She did the children's bathroom with a washcloth as her main tool and sponged on the fish and highlighted them with glitter and other items. The paint was applied with a wiping motion and makes the walls look like the ocean. She then highlighted with the fish, using various colors.

As we got into our visit, the conversation turned to children. I explained to her that she had some "great" years ahead. (Hey! Hey!) We compared notes and decided that no two children are alike, they each have their own personality. Pam and her husband Jimmy have two girls and one boy. Jemilynn is 10 and a fifth grade student in Deport Elementary and Jay Curt is 6 and a first grader there. Jerrika is five and in the Head Start program in Detroit. Jemilynn is in the Lamar County Four-H program and a member of the Prairieland Junior FFA and has show pigs and Houston broilers and a member of the Little Dribblers program. Jay Curt is in the Deport Baseball program and Jerrika is not old enough for either, but her time is coming.

Jimmy is the Safety Director for Harrison-Walker and Harper and in his spare time serves as a Paris Re-

serve EMS. They are members of the Blossom Church of God and Pam is a substitute at Deport School and PTO and Head Start volunteer. Pam also works part-time at Chapman-Nauman Florist. She loves to do yard work and loves decorating the house. She does something different each month and was getting ready to put out her Thanksgiving decorations.

Her recipes this week are varied and include some of her favorites. They enjoy the German Cole Slaw and can be made ahead of time and refrigerated. The Chops N' Kraut is an unusual recipe, but she says that everyone that tries it, loves it and can also be used with pork spareribs. The Goldminer's Dip sounds delicious and I can't wait to try it for the holidays along with the Cheese Soup. Well, maybe I won't wait that long! I have tried the Banana Pudding recipe and it is luscious, absolutely wonderful and a weight-watcher's nightmare! But by the time you get through the Slaw, Kraut dish and Dip and cheese soup...who cares! The Peach tortillas can be used with other varieties of fruit fillings and are very good. The Smell Good Recipe is added to get everyone ready for the holidays! Thanksgiving and Christmas are just around the corner and I know everyone is anxious to get started with preparations.

We're looking for holiday recipes and cooks. If you have any suggestions, call us...see you in the kitchen!

FEATURED COOK OF THE WEEK is Pam McKee of the Minter community. She is shown here with her Peach Tortillas and says that her children love them for an afternoon snack after school. (Staff Photo)

Rebs Lose Big To Mustangs

The Rivercrest Rebels lost 48 to 0 to the Chisum Mustangs. The Rebels were to lose the ball nine times during the contest, with the Mustangs taking advantage of each turn-over. Chisum led the contest by 21 points in the first half.

The Rebel fans hit their feet when Alvin Savage took a Chisum punt 60 yards for what should have been a Rebel 6, but a penalty kept the Rebs off the board. The Rebels were to use two quarterbacks during the con-

test, to try to generate Rebel points. The Mustangs never let up on the Rebels and continued to run up the score even into the final minutes of the game.

Defensive plays were made by Ellis, Belcher, Green, Hancock, Demming, and Humphrey.

The Rebels will end their season Friday night at Rebel Stadium, when the Eagles from Como-Pickton come to town.

Chisum Defeats 7th Grade 16-0

The 7th grade Rebels played the final game of their season Thursday against the Chisum Mustangs. The Rebels played hard but were unable to put the win in their bracket. The final score: Rebs 0 and Mustangs 16.

The Rebels on several occasions were within scoring distance but were unable to put the ball over. The Rebs were plagued with fumbles during the night, which resulted in the Mustangs taking possession.

The Mustangs used the air and ground attack against the Rebel defense. The Rebel Defense was able to keep the Mustangs to only 16 points on the night. Ryan Case and

Paul Billingsley were able to rush the Chisum QB on several downs, one by Case resulting in a Mustang fumble and Reb recovery.

The young Rebel offense was able to use the running skills of Billingsley, J. C. King and Cody Wolfe. Wolfe, also the QB, showed his passing ability by going to the air.

Regardless of the record of the 7th grade Rebels, the men showed great improvement over the season. Each and every player made contributions to the team and each showed great sportsmanship.

Go Rebels!
Shake 'Em Up

Rivercrest 8th Grade Loses 18-8

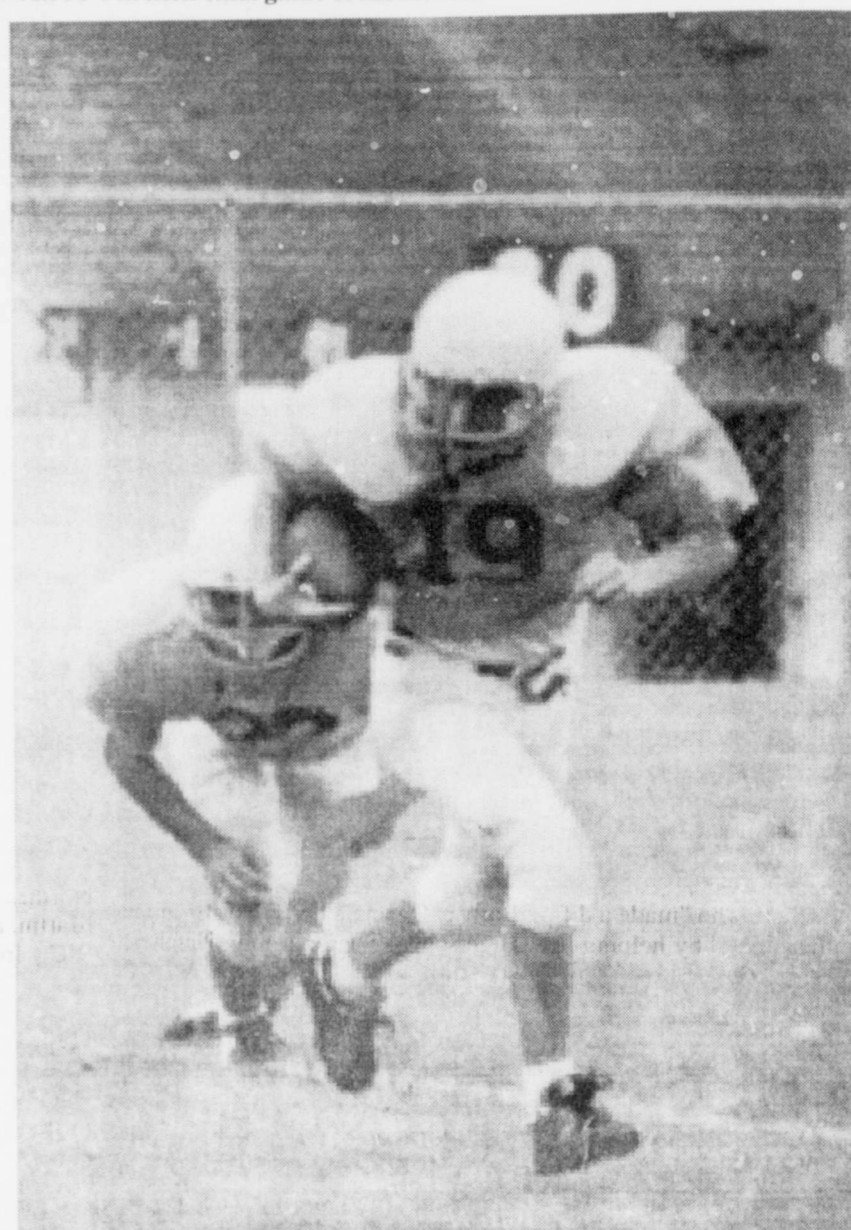

The 8th grade Rebels met the Chisum Mustangs Thursday night in battle, the Mustangs taking the victory, 18 to 8.

Rebels Chad Holland, John Ross, and Will Nowey tried to work magic for the Rebs to no avail. The Rebel offensive line worked hard to provide Holland protection and to give running room to Ross and Nowey. The Mustang defense was tough and held strong against the run. Ross was

able to put 6 on for the Rebs with Holland adding the extra 2.

The Rebel defense, led by Aaron Martin, Ross, and Holland, tried to keep the larger Mustangs in control. The Mustangs were able to march down field to put points on the board, the last 6 on a Reb fumble.

The young Rebs hope to put another win on their record Thursday when they go against the Como-Pickton Eagles.

RIVERCREST REBEL Chad Holland carried the ball for some yardage in football action earlier this year. The Rebels lost their contest with the Chisum Mustangs last week and finish the season this Thursday night in competition with the Como-Pickton Eagles. (Staff Photo)

JV Defeated by Mustangs

The JV Rebels met their match Thursday in the Chisum Mustangs. The Rebels were to take the loss 14 to 36.

The Rebels, under field command of Jody Nolen, used both the air and ground to move the ball. Clint Gage was able to put the first points on the board for the Rebels late in the second quarter.

The Rebel defense had their work

cut out for them from the first quarter to the last. Chisum also used the air and ground to keep the Rebels off balance.

The Rebels hope to finish their season on an up-beat when they travel to Como-Pickton to take on the Eagles. The Eagles should be aware of the Rebel attack led by Nolen, Grey, Allen, and Smith.

Rivercrest Teachers In Who's Who

A select group of America's teachers are being honored by their toughest critics, their former students, in the third edition of Who's Who Among America's Teachers, 1994.

All of the 66,500 teachers being honored were selected by their former students who themselves are currently listed in Who's Who Among American High School Students, or the National Dean's List, publications which recognize the top 5% of our nation's high school and college students respectively. Paul Krouse, publisher of Who's Who Among America's Teachers said, "there is no greater honor teachers can receive than to be recognized by former students for their excellence and dedication. In this publication we clearly have the best teachers in America selected by the best students."

The students were requested to nominate teachers who "made a difference in their lives" by helping to shape their values, inspiring interest in a particular subject and or challenging them to strive for excellence. Many of the students commented about the enthusiasm and knowledge their teachers demonstrated in the classroom, and many praised their teachers for their ability to relate to youngsters on a personal as well as a professional level. One student wrote about her teacher saying, "she made

education something pleasurable, instead of a dreadful ordeal, by letting me spread my wings and showing be the best way to fly."

Local educators honored in Who's Who Among America's Teachers, 1994 include Sherry Sikes Gable, Talco, Pamela Marie Verner, Hays and Barbara Jean Mankins Russell, of Rivercrest High School.

Other area teachers included in the book are Juanita Rhodes Davis, Prairiland, Leisa Johnson Brown, Detroit, Bonnie Hopkins Singleton, and Katherine Malone Sugg, Blossom Elementary School, Jane L. McGill Meals, Clarksville Elementary School, Cathy Lynn Abbott, and Bill Richard Moseley, Prairiland High School, Debbie S. Mills Paris Jr. College, Carla Wade Sanders Chisum Elementary, Donna Ferguson Steffey, North Lamar, and Kathy Walker Stewart, North Lamar, Valerie Sandlin McClain, Aaron Parker Elementary, and Shirley Haley Hare, Sulphur Bluff.

Area Students On National Dean's List

A total of 12 students from this area are among the over 114,000 students included in the 17th Annual Edition of the National Dean's list just published by Educational Communications, Lake forest, Illinois.

Students are selected for this honor by their college deans, registrars or honor society advisors and must be the upper 10% of their class, on their school's dean's list or have earned a comparable honor.

Area students selected include: From Bogata- Mary Lynn Horn Northeast Texas College; Joe C. Martin, and Robin D. Webb both at PJC, from Talco- Nancy G. Edge, and Robin D. Mr. and Mrs. James Dee Asbery

**Asbery-Roach
Wedding Vows Exchanged**

Jenny Lee Roach and James Dee Asbery were married in a double-ring ceremony on Friday, October 14 at the home of Mr. and Mrs. Philip Roach of Milton.

The Rev. Sam Campbell heard their vows in the presence of family and friends in an outdoor ceremony.

Jenny is the daughter of Mr. and Mrs. John Lee Roach of Deport and the granddaughter of Mr. and Mrs. Lelan Stringer of Tyler and Mr. and Mrs. Muri Roach of Deport and the late Margie Roach. She is the great-granddaughter of Carlie Stringer of Van.

James is the son of Mr. and Mrs. Jerry Asbery of Brookston. He is the grandson of Mr. and Mrs. Paul Hostetter and the late Vera Hostetter of Brookston, Mrs. Ruby Asbery and the late Horace Asbery of Paris and Mr. and Mrs. James Plunkett of Montgomery, Alabama.

The bride was escorted to the altar by her father as Susan Roach, aunt of the bride, sang "Looking Through The Eyes Of Love". She was presented in marriage by her family. Other musical selections included "I Cross My Heart" by George Strait and "I Swear" by John Michael Montgomery.

Her gown featured a fitted bodice of white satin with a sweetheart neckline and was veiled in white sheer glitter organza, trimmed with iridescent pearls. The basque waistline featured 23 pearl buttons from the deep vee back. The short puffed sleeves were of white sheer organza trimmed with small satin bows. The flared skirt was of bridal satin, and fell into a cathedral train. The double-circle overlay was of sheer glitter organza, trimmed in white satin ribbon and tiny bows with a ruche effect. Eight inch ruffles encircled the skirt and covered the train.

She wore a bridal wreath of tulle, fabric flowers and iridescent pearls with a cathedral-length veil. Her cascading bouquet was white satin roses and pearls. She wore a six pence in her boot, given to her by Nanalee Nicholas and a handkerchief that belonged to the groom's great-grandmother pinned to her petticoat.

Nikki Farris served the bride as Maid of Honor. Beth Roach and Jerri Ann Cobb were bridesmaids. Best man was Abran Garcia. Serving as groomsmen were Mark Payne and Tim Milsap. David J. Darden and Ty Merritt served as ushers. Hali Screws served as flower girl and Zachary Milsap was ringbearer.

Elderly Urged To Take Flu Shots

Elderly Urged To Get Flu Shots, Medicare Pays.... With the approach of autumn, it's time for older Americans to take precautions against the pneumonia and flu epidemics that are on the horizon. The cost of both pneumonia vaccinations and flu shots is covered by Medicare Part B (Medical Insurance) for those age 65 or older.

The National Institute on Aging (NIA), American Lung Association, and the Department of Veterans Affairs have launched a coordinated campaign to encourage elderly people to be vaccinated this fall. Statistics show they are twice as likely as younger persons to get pneumonia. Only about twenty percent of those over age 65 have taken advantage of the availability of the pneumonia vaccine in the past, according to the NIA.

The Public Health Service recommends an annual flu shot for people over age 65, even if they are generally healthy. Typically, shots are given in the fall or winter. Medicare beneficiaries do not need a doctor's prescriptions or supervision to have this vaccination covered by Medicare Part B. And, beneficiaries do not pay a deductible or coinsurance amount.

Medicare Part B pays the reasonable approved amount for either shot. If the cost exceeds the approved amount, the beneficiary is responsible for the difference.

Generally, the cost will be paid if the vaccine is provided at the doctor's office or by a hospital, skilled nursing facility, home health agency, rural health clinic, federally qualified health center, outpatient physical therapy provider, a comprehensive outpatient rehabilitation facility or health maintenance organization (HMO).

However, when Medicare beneficiaries get either vaccination at a community clinic that normally provides the shots free of charge to the public, the beneficiaries should not be charged just because they have Medicare coverage. Medicare Part B will not pay for these shots or for shots administered under a plan where an employer arranges to have free shots for all employees.

Medicare Part B pays for pneumonia and hepatitis B vaccinations when the beneficiary is in the hospital, even though the hospital stay is covered under Part A (Hospital Insurance). Flu shots now are paid for in the same way.

Immodest words admit of no defense. For want of decency is want of sense.

When England wanted to cut government waste, a Texan showed them how to trim the fat

Cutting waste in government isn't easy. That's why, when members of Parliament wanted to make the British government more efficient, they consulted the recognized expert in America: Texas Comptroller John Sharp.

Hardly a surprise, old chap. Since taking office in 1991, John Sharp and his Texas Performance Review team have set the standard for streamlining government agencies, saving taxpayers a documented \$6.2 billion and helping Texas avoid a state income tax. And his reviews of Texas school districts have saved taxpayers more than \$24 million.

Now he's fighting to cut millions of dollars in welfare fraud and bureaucratic waste by abolishing paper food stamps, which are often stolen and then traded for drugs. Sharp's plan is to replace food stamps with computerized security cards.

No wonder U.S. News and World Report (1/4/94) says: "John Sharp has become the mastermind behind a sweeping overhaul of the bureaucracy that has put Texas at the forefront of the nationwide effort to...root out waste."

Yet, despite all the additional duties and initiatives taken on by the Comptroller's Office, Sharp still managed to reduce the number of his employees and return \$9 million of his budget to the taxpayers.

Of course, there's a lot more waste in Texas state government just waiting to be cut, so the job is far from over. That's why we need to keep John Sharp on the job.

Citizens Group Mounts Drive To Keep RRAD Off Base Closure List

A community-wide campaign has been mounted to keep Red River Army Depot off the base closure list in 1995. Swede Lee, President, Texarkana Chamber of Commerce, is chairman of the RRAD Defense Committee which is spearheading an effort to assure that members of Congress and Department of Defense officials fully understand the military value of the depot. At the present time, 25 citizens representing 16 local communities comprise the RRAD Defense Committee.

Red River is at risk to be among the depots recommended for closure under the Base Realignment and Closure Commission initiatives to be announced in early 1995. There are currently five Army depots and two of these will possibly be earmarked for closing, Lee said.

What is at risk? In dollars, a loss of \$330 million a year. In jobs, 4,200 jobs at the depot and at least another 4,200 outside the depot. "What we're talking about is 4,200 jobs and \$330 million a year economic loss," Lee stressed in a recent meeting. Closure would have a "devastating" effect on the entire community--businesses, hospitals, churches, schools and the general quality of life would be hit hard.

Saving Red River will require hard work, smart planning and money. The Red River Defense Committee has established a budget of \$320,000. While this is a lot of money, it represents only one-tenth of one percent of RRAD's annual input into the area economy. The money will be used for printing, postage, telephone, travel, lobbyists, and economic analysis experts. Having enough money does not guarantee

success, but lack of funds virtually assures failure.

The next twelve months will be critical as we face the possibility of Red River Army Depot being closed during the 1995 Base Realignment and Closure Commission (BRAC) process.

The BRAC time table is as follows:

1. By January 1, 1995, the Department of the Army will submit a list of installations to be closed or realigned to the Department of Defense.

2. March 1, 1995, the Department of Defense submits list of installations to be closed to the BRAC Commission.

3. July 15, 1995, the BRAC Commission submits list to the President.

4. September 1, 1995, the President submits BRAC list to Congress. Congress must accept or reject the list; they cannot amend the list.

The community must work together as a team if we stand a chance of saving Red River from the closure list, Lee emphasized.

Donations are being solicited from private citizens, local businesses, employees of RRAD, and from civic, service and professional organizations. Everyone is urged to contribute to the RRAD Defense Fund.

Donations may be forwarded to: RRAD Defense Fund Account No. 567011RR, Red River Federal Credit Union, P. O. Box 5909, Texarkana, TX 75505-5909.

Red River has built a reputation of being a community that provides efficient service to the nation during a 53-year period. "We must all work to assure that it remains a viable part of the national defense structure," Lee added.

The sound of thunder is caused by the violent expansion of the air after it has been heated by lightning.

In America any boy may become President and I suppose it's just one of the risks he takes.
—Adlai Stevenson

Nuts & Bolts

By Judy Screws

As my children so kindly call it, "back in the olden days", when you reached the age of 21 you were allowed to vote free that year. Of course this was still during the time when you were required to pay poll taxes and voted religiously because they considered it a duty as well as a privilege to vote. I really don't believe they thought so much about the privilege as they did about it being their civic duty to see to it that the best person for the position got the job.

Things have changed as the years progressed and the country supposedly progressed. Sometimes I think that in many ways the country has regressed.

I have a tendency to spout words about what is wrong with our country and the people running it and not say as many nice things as The United States of America deserves.

I also don't take credit where I am due credit along with many other citizens. When I don't keep up with who is running for which office and learn as much about their qualifica-

tions as possible, I deserve credit for not being a qualified voter. When I gripe about what is going on in Washington D.C. and Austin, and don't write letters to our representatives and senators letting them know how I feel about things, I deserve all the credit I can get for laziness and apathy. If I criticize our local county and school officials and don't go to the trouble to attend their meetings and voice my opinion, I have no right to complain.

While many technicalities and rules which have been put into laws and amendments are to safeguard us, many of them make it easier for politicians to give us the run around when we put them on the spot, but there still has to be a way for us to do something about the mess. Maybe the first thing we should do is go to the polls on November 8. Then after that, if we aren't happy with the way things turn out, we can start tormenting those who aren't serving our best interest. The fact that politicians can spend more money and have more elaborate campaign ads doesn't mean that they will do a better job for us. The only way they will do a better job is if we insist they do so and don't take "no" for an answer.

I guess that what I'm trying to say is that when we vote, or don't vote, we are hiring employees. They work for you and me. We are the bosses. If you hire someone to mow your yard and they only finished half of it, would you pay them double? Of course you wouldn't. So why do you suppose we allow our congressmen and women to have raises for sub-standard work?

We deserve better. Start by voting on November 8, and don't stop there.

Halloween Costumes Brighten Friday

Halloween came early to the Bogata school campus last Friday as ghouls, ghosts, fairies, cheerleaders, clowns and cowboys walked the halls.

The students of Bogata Elementary and Junior High were preparing for their Fall Festival and getting into the spirit of the season with a costume day.

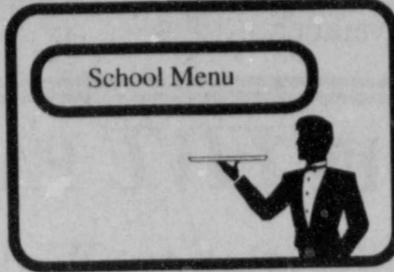

The elementary students held a spook parade by going to visit each classroom.

Mrs. Linda Grey got into the spirit by turning herself into the good witch during lunch and during her elementary student's visits to the library.

Letters To The Editor

Dear Friends,

This Halloween the young people of our communities really "came through" in the finest tradition of the quality persons they are! The Halloween Carnival for children and junior and senior high students sponsored by the UMYF of the Bogata Methodist Circuit was a whopping success because YOU, the youth of Bogata and Talco, made it happen!

When our Methodist youth said they wanted to have this Halloween party for the "trick or treaters" and a dance for the high schoolers, we adult workers, along with our youth, thought it was a good idea...but with a few reservations. When you open up an event like this to the community, it is up to the community to make it happen in a fun way (and in a responsible way)

And that is the reason for this letter; we say to all of you who came to our party and made it such a success, "THANKS!"

Trust gives hope to continued trust.. Our kids knew you'd have a great party, and that's why they wanted to throw it for you. Children and youth of Bogata and Talco, "THANKS!" You were great guests. Come any time!"
