

Welcome home, Exes! Mules hammer Roosevelt in 35-14 Homecoming win

Led by senior Rashad Kirven's 155 yards and two touchdowns rushing, the Muleshoe Mules scored 35 first-half points en route to a 35-14 blowout on Homecoming night over the Lubbock Roosevelt Eagles at Benny Douglas Stadium Friday night.

"We haven't scored 35 points in half since Moby Dick was a minnow," said Muleshoe head coach Randy Adair of his team's explosive start.

The explosion came mainly from the feet of Kirven. Kirven, a converted wide receiver forced into the backfield due to an injury to Robert Toscano, showed a perfect blend of power and speed as he ran over and around the Eagle defense all night.

Kirven put the Mules on the board a yard out to culminate their opening drive. His second score came on an eagle pitch down the Eagle's sideline. Kirven made the first defender miss and then showed breakaway speed as he outran several Eagles who seemed to have the angle on

him. Fifty-four yards later, he was in the end zone and Muleshoe lead 28-7 in the second quarter.

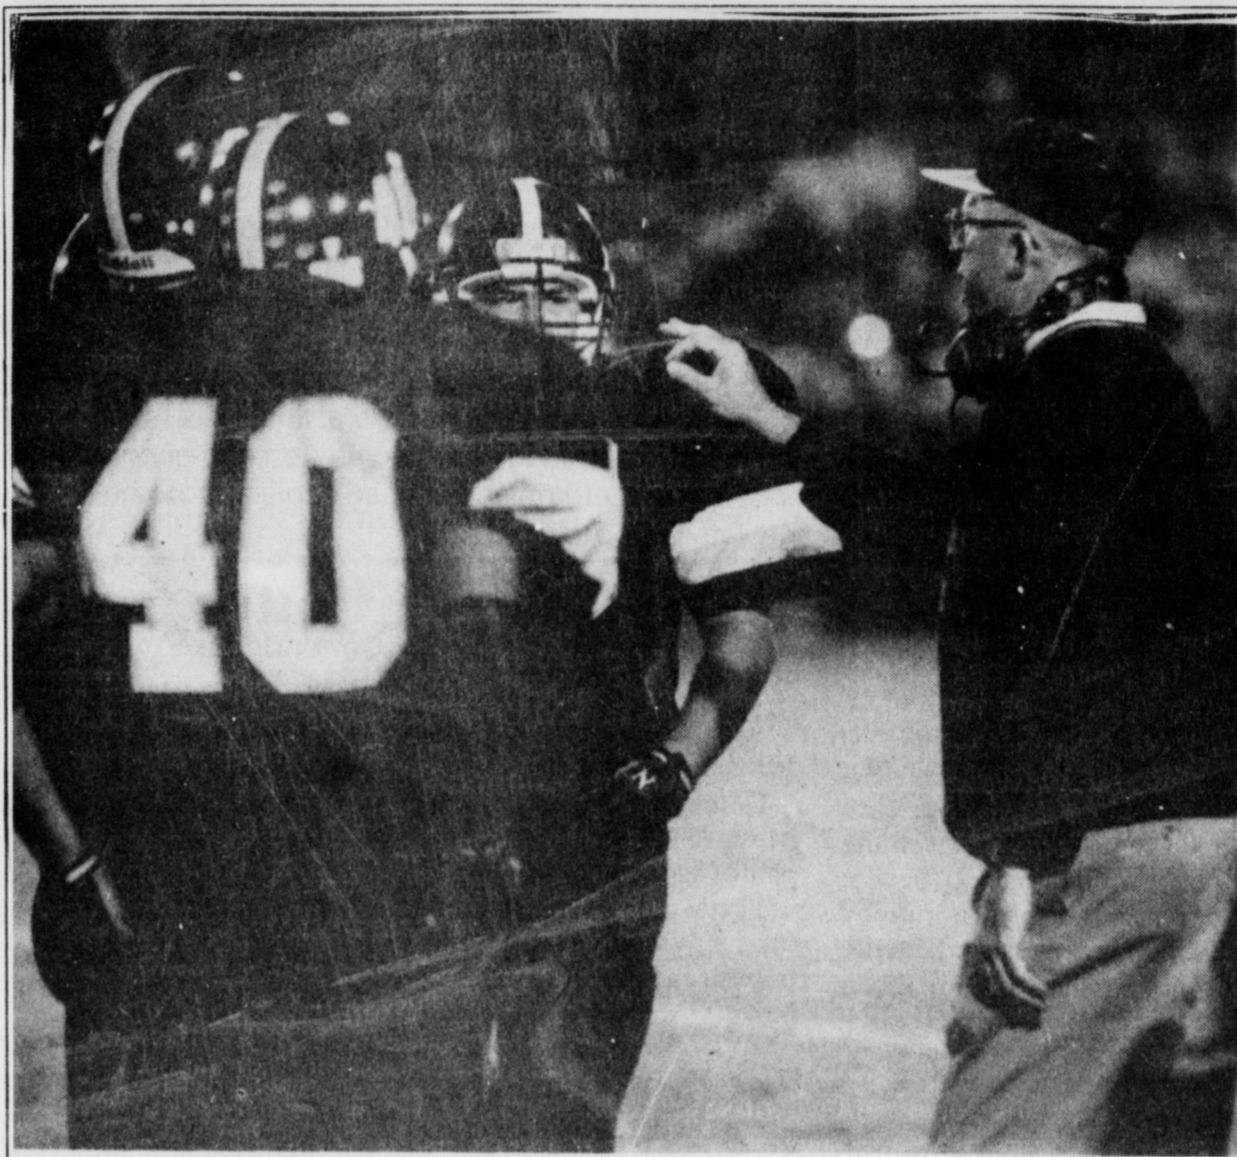

"That's the kind of back we knew Rashad could be, but up until now, he hasn't wanted to get back there," Adair said. "We knew we could run the ball against (Roosevelt) and Rashad made some things happen."

And run the ball they did — 47 times for 348 yards and 15 first downs. In fact, the normally air-oriented Mules only attempted three passes the entire game (all incomplete).

"Coming into the game, we were worried about (receiver) Robert Brown and their tailback, (Kwasi) Taylor," Adair said. "We knew we had to keep the ball out of their hands and the best way to do that is by controlling the clock and you do that by running the football."

"You go with whatever is working that particular game, but we still know that we can throw the football," Adair continued.

Nevertheless, the Mule ground game was unstop-

pable. Sophomore John Bryan Cowart showed his abilities on a 72-yard touchdown run at the 9:53 mark in the second quarter.

The play started out as a simple dive play, but Cowart had other ideas as he cut behind the pursuing linebackers and punting the footrace

between two Eagle defensive backs. Kirven did an excellent job of screening off both pursuers for the final 25 yards.

Mules soccer team ties at first game

The Muleshoe Mules 10 and 11-year-old soccer team broke even during their first soccer game for the season last weekend. With a score of 4-4, the Mules were tied with the Clovis team they played last Saturday.

"Everybody on the team played good," said coach Julian Dominguez.

The Mules were scheduled to take on another Clovis team this weekend.

Supper to honor 7th grade team is rescheduled

MPD cracking down on illegal, out-of-state tags

Driving is not a crime and neither is driving across the border to visit neighboring states. It is a crime, however, for a Texas resident to drive across the border to other states in order to purchase vehicle registration, even though they are often less expensive than in Texas.

In an effort to crack down on the number of residents driving with illegal, out-of-state tags, the Muleshoe Police Department (MPD) is initiating a plan to get people to comply with this law.

"We are having a problem with people who are living in Texas and who have out-of-

state license tags," said Muleshoe Police Chief Julian Dominguez. "The problem is not just with New Mexico though. There are many from Colorado and other states as well."

A main factor for many Texas residents going to New Mexico is because of cheaper vehicle registration rates.

The large amount of people registering their vehicles out of state is costing the county money in lost taxes.

Vehicle registration fees help support schools and other public facilities. Therefore those people who register their cars out of state are not con-

tributing to property tax revenues these facilities receive, although they live in the district.

Dominguez said the police department currently has about 150 cases which they are studying and will follow up on.

Dominguez has appointed police officer Coy Plott to handle these cases.

Dominguez said that the police department wants to be fair and give people time to comply with the law.

Car owners or operators who are found to be residents of Texas and who are regularly driving vehicles with out-of-

state license plates will be given a warning notice the first time. They will then be given 30 days to comply with the law. Dominguez said the police department will then conduct a follow-up after the 30 days and will issue tickets if violators fail to comply.

"This (out-of-state vehicle registrations) is a violation of the law and we will work to enforce it just like any other law," Dominguez said.

Dominguez said a common situation in which people don't

realize they have to have in-state car tags is when they are

Requirements for car registrations

- A vehicle owner or operator (someone who frequently uses a vehicle in state) who has established residency in Texas must have in-state tags (They have 30 days to comply).
- Non-resident fulltime students attending accredited colleges and universities are granted full reciprocity.
- Non-residents will be granted reciprocity as long as their status remains that of a visitor and do not gain residency status.
- Non-resident passenger cars and commercial vehicles not used in a commercial enterprise operated by members of the Armed Forces and their families, will be granted full reciprocity.

Cotton expo to be held in Lubbock on Sept. 26-27

LUBBOCK — Retailers, manufacturers, farmers and consumers interested in organic cotton are invited to attend the first Texas International Organic Cotton and Apparel Expo in Lubbock on Monday and Tuesday, Sept. 26-27 at the Lubbock Civic Center. It will be followed by a field day on Wednesday, Sept. 28.

Hosted by the Texas Organic Cotton Growers Association and the Texas Organic Cotton Marketing Cooperative, the conference will provide an arena for manufacturers, mills, retailers, consumers, growers and suppliers from across the globe to exchange information, educate and become educated on all aspects of the organic cotton industry.

An Organic Cotton Fashion Show will highlight Monday's activities at noon, featuring eco-friendly designers revealing their latest designs. In this time of heightened ecological consumer awareness, organic cotton fashions are becoming an increasingly important aspect of the fashion industry.

Admission to all of the events is free and this event will also provide an opportunity for Lubbock consumers to purchase organic clothing.

In addition to exhibit space, the expo will offer a number of speaker seminars on the 26th and 27th on topics such as sustainability, integrated pest management, retail organic clothing and low impact dyes.

Mike Villareal, another Mule used sparingly in the backfield, came through with a solid game. Villareal gained 48 yards on 10 carries and scored on a nifty 11-yard jaunt up the gut.

Even receiver Jesus Flores got into the big-play spirit. With the Mule offense determined to grind it out on the ground, the senior receiver took matters into his own hands on a punt return.

With the Eagles backed up at their own 2-yard line, punter Alvin Springfield got off a 43-yarder that bounced over Flores' head, but the Mule return man chased the ball down and made swiss cheese out of the Roosevelt coverage unit as he weaved through the defenders for 45 yards and a touchdown.

Quarterback Jimmy Gauna, although shut down through the air, rushed for 57 yards and converted a two-pointer on an option keeper.

Adair's concern for the potent Roosevelt attack seemed well-founded as the Eagles answered Muleshoe's opening score, going 70 yards on only five plays. Brown made the first big play, a 50-yard pass from Cisco Castane-

da, and Taylor made the second, a 5-yard touchdown run.

But the Muleshoe defense held the Eagles in check the rest of the game, save a 46-yard touchdown run by Johnny Zaragoza when the outcome had already been decided.

"Our defense played a great ballgame," Adair said.

Defensive lineman John Mesa led the charge with a pair of sacks on Castaneda.

The Mules are on the road Friday as they travel to Seminole to face the Indians at 8 p.m.

NOTICE OF PROPOSED GAS RATE CHANGE

On September 20, 1994 Energas Company filed Statements of Intent to change its gas rates and service charges with the Texas Railroad Commission and each incorporated city listed below. The proposed changes will take effect no sooner than 35 days after filing.

The Company proposes to increase its customer charge by 89 cents per month with no other changes to its gas rate schedules. The change would apply to General Service (residential and commercial) and Small Industrial Service. The Company also proposes the following increased service charges:

	During Business Hours	After Hours
Turn on new service with meter set	\$23.50	\$35.25
Turn on service (shut-in test required)	19.00	28.50
Turn on service (meter read only required) and miscellaneous service calls	10.50	15.75
Reconnect delinquent service or service temporarily off at customer's request	29.50	39.00
Dishonored check charge	25.00	

The proposed changes are expected to increase the Company's annual revenues by approximately 1.9% and therefore do not constitute a "major change." The proposed changes could affect approximately 217,000 gas consumers in the following communities and surrounding rural areas:

Abernathy	Hart	O'Donnell	Southland
Amherst	Hereford	Olton	Springlake
Anton	Idalou	Opdyke West	Stanton
Big Spring	Kress	Pampa	Sudan

Copies of the filing are available at the Energas Office at 5110 80th Street, Lubbock, Texas 79408-1121, and your local Energas Office. Affected persons whose gas rates are subject to the original jurisdiction of the Railroad Commission may file in writing comments or a protest concerning the proposed changes with the Docket Services Section of the Legal Division, Railroad Commission of Texas, P.O. Box 12967, Capitol Station, Austin, Texas 78711-2967, at any time within 30 days following the date on which the change would or has become effective.

Session to aid parents of Hispanic children

On Thursday, September 29, 1994, Ms. Rosa Guerrero, a parenting consultant from the University of Texas at El Paso, will address a parenting session on cultural sensitivity and the importance of parenting. She will also discuss the self-esteem cycle as it pertains to the entire family. She firmly believes that all of us should instill pride in our heritage in our children.

This is an invitation to Hispanic parents of our community to attend this parenting session. It will start at 9:00 a.m. and will end at 4:00 p.m. Muleshoe I.S.D. will be taking a bus load of interested parents to the meeting at Lubbock and we would like for you to go with us. We will leave from the north parking lot of Muleshoe High School at 7:30 a.m. on Thursday, the 29th of September and will be back by 5:30 p.m.

This is your chance to find some answers to the parenting problems we all experience. JOIN US -- Won't you? If you are interested, please call Janie Balderas at 272-5230 during the day and we will make arrangements for you.

A Tale of Two Prayers

Jesus once told a tale of two pray-ers. Listen to the first one as he begins.
"God, I thank thee..."
The prayer begins well enough. After all, isn't prayer the overflowing of a thankful heart to its Creator? Thanksgiving is a good thing, right? Yes, but the speaker should have stopped there. Unfortu-

Focus On Faith
Curtis Shelburne

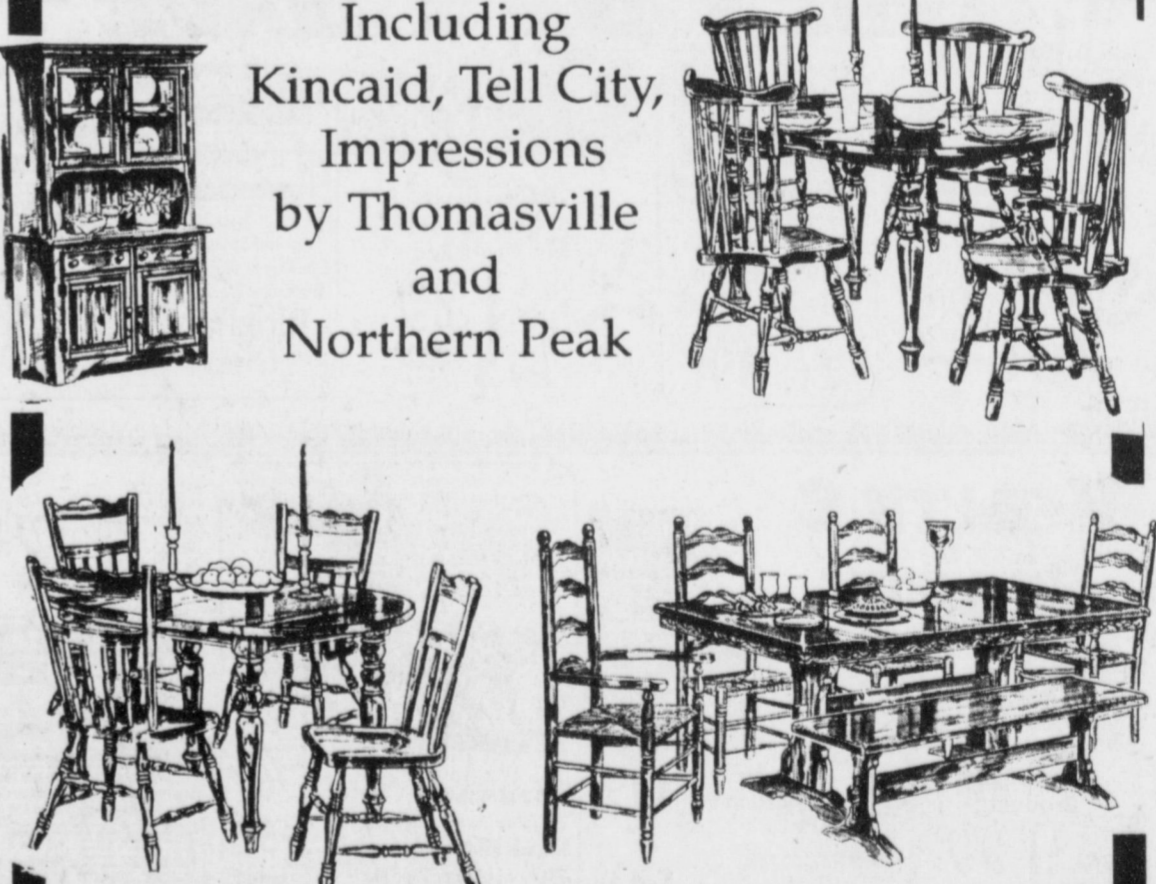

nately, the pious petitioner drones on.
"I thank thee, O God, that I am not like the rest of men-greedy, dishonest, adulterous..."
He pauses. Like his kinsmen in every age who spend too little time examining their own lives, he made up for it by spending lots of his time making mental lists of the sins of others. He could easily have continued in the same vein for another paragraph or two. But his eye, momentarily straying from its heavenward focus, catches a glimpse of a tax collector praying nearby. Why continue listing abstract categories of sins and sinners with such a living, breathing, prime

example so handy?
"God, I thank thee that I'm not like this tax collector."
Example in hand, he moves on from the list of other men's sins to the more important list of his own virtues. God probably knows these things already, but it never hurts to be sure. Like everyone who puts his hope in salvation by law instead of salvation by the grace of a Savior, the Pharisee had the uneasy feeling that perhaps he hadn't done enough, or that maybe heavenly record-keeping was a little loose. He'd hate to lose points because of too much modesty. (No worries there!)
"I fast twice a week; I pay tithes on all that I get."
And so the religious leader continues.
A couple of the translations of this passage give us a hint as to what's really happening here when they say that this man "prayed thus with himself." Lest we disturb his supposedly holy harangue, let's move on.
Some distance away stands the tax collector, the object of the Pharisee's open derision. He, too, is praying. The difference is that he prays to God. One short line captures the essence of his petition: "God, be merciful to me a sinner!"
Oh, yes, there is one other difference: God listens to this man's prayer.

College Night to be held at MHS

What is the deadline date for admission to college? When can I apply for financial aid? How much money do I need to secure a room in the dorm? Students will have the opportunity to ask these questions and many others of the more than 20 college representatives that will be in Muleshoe.

Muleshoe High School is sponsoring its first college night on Tuesday, Sept. 27 in the cafeteria from 5:30 to 7:30 p.m.; Junior and senior students and their parents are encouraged to take this opportunity to gather information on colleges and universities without having to leave Muleshoe.

"It is my objective to bring college information closer to our students, without asking them to travel long distances," said Linda Marr, MHS counselor.

While the program is aimed at 11th and 12th graders, any interested student or community person is encouraged to attend.

Students have also been invited to participate from Three Way, Littlefield, Farwell, Bovina, Lazbuddie, Sudan, Springlake-Earth, Friona, Amherst, Morton and Dimmitt.

The following colleges/universities have responded that they will have representatives present: Amarillo College, Angelo State University, Austin College, Baylor University, Clarendon College, Clovis Community College, Eastern New Mexico University, Frank Phillips College, Hardin-Simmons University, Lubbock Christian University, McMurry University, Midwestern State University, South Plains College, Tarleton State University and Texas A & M University.

Also participating will be Texas State Technical College, University of North Texas, University of Texas at Arlington, University of Texas at Austin, Wayland Baptist University and West Texas A & M University.

GOD LOOKS ON THE HEART

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Man's first reactions to another is based on outward appearances, and only time will help him to know the heart of another. God knows, immediately, every attitude of the heart, whether it is good or bad.

"Blessed are the pure in heart: for they shall see God."

There are many rewards for those that follow the Lord. "Let the heart of them rejoice that seek the Lord."

NOTICE OF A PUBLIC HEARING
THE PROPOSED EXTENSION OF FARM-TO MARKET HIGHWAY 1731, FROM FARM-TO MARKET 298 SOUTH TO FARM-TO MARKET 54 IN BAILEY COUNTY

TUESDAY, OCTOBER 18, 1994

The Texas Department of Transportation (TxDOT) and Bailey County will host an Open House beginning at 6:00 P.M. and conduct a Public Hearing beginning at 7:00 P.M. on Tuesday, October 18, 1994, in the auditorium of the Three Way School which is two (2) miles north and three-quarters (3/4) mile west of Maple in Bailey County.

The Open House will begin at 6:00 P.M.

During the Open House, the public will have an opportunity to ask questions about the proposed highway construction and make written comments on the project prior to the beginning of the hearing. All written comments whether received during the Open House, at the Public Hearing, or after the Public Hearing during the ten (10) day comment period will receive the same weight as oral presentations made at the Public Hearing.

The Public Hearing will begin at 7:00 P.M.

The purpose of the Public Hearing is to permit the public an opportunity to review and comment on the proposal to construct a new farm-to market (F.M.) highway in southwestern Bailey County to replace a narrow and deteriorating county owned paved road. The project is the extension of the existing F.M. 1731 on a new location, from its current southern terminal at F.M. 298 to F.M. 54, a distance of approximately 9.1 miles. Construction of a modern, two-lane, rural highway at this location will better accommodate local farm and ranch traffic to travel between northern and southern portions of the county, and rural school traffic than does the existing county road.

For the most part, typical right-of-way widths will be expanded from the existing 80 feet in width to 120 feet in width, through the acquisition of approximately 40 feet of additional right-of-way width along the east side of the existing county road. An exception to the right-of-way expansion proposal occurs near the southern end of the project at F.M. 54. Beginning at approximately 1.37 miles north of F.M. 54 and extending approximately 1.17 miles south, the existing county road right-of-way width will remain 80 feet in width and will not be expanded to 120 feet in width. The reason for not expanding the right-of-way width in this area is the requirement that a shelterbelt (treelines) not be destroyed and the need to avoid potentially expensive utility adjustment costs. As the newly constructed farm-to-market

highway approaches the shelterbelt area, the centerline of the proposed highway will make a gradual shift from the center of the proposed highway to the center of the existing highway. The proposed project encroaches on two floodplains. These floodplain encroachment include the crossing of a wetland playa lake (which is also crossed by the existing highway), and the crossing of a floodplain located on the upper reaches of a second playa lake. The second playa lake is not affected by the proposed highway construction.

Although additional right-of-way is required, the proposed project will not necessitate the relocation of individuals, businesses, or farm houses. Some personal property such as fences and water wells will require relocation. Information concerning benefits and services which may be available to affected property owners as well as information about the tentative schedule for right-of-way acquisition and construction can be obtained from the Lubbock District Office or from the Littlefield Area Office. Maps and drawings showing the recommended route and design of the farm-to-market highway, the environmental assessment, and other information about the proposed project are on file and available for inspection and copying at the office of the Area Engineer on W. Delano Avenue in Littlefield, Texas. A copy of the project's environmental assessment, which includes maps and drawings showing the project's location and design is available for inspection in the office of the Bailey County Judge, located in the Bailey County Courthouse, 300 S. 1st Street in Muleshoe, Texas.

Persons interested in attending the hearing who have special communication or accommodation needs are encouraged to contact Mr. Stevan Perez, P.E., Area Engineer at 806-385-3552 at least two days prior to the hearing. Since the public hearing will be conducted in English, any requests for language or other special communication needs should also be made at least two days prior to the public hearing. The Texas Department of Transportation will make every effort to accommodate these needs.

Verbal and written comments may be presented at the Open House, Public Hearing, or submitted within ten (10) days (Friday, October 28, 1994, 5:00 P.M.) after the Public Hearing to Mr. Stevan Perez, P.E., Area Engineer, Texas Department of Transportation, W. Delano Ave. in Littlefield, or by mail to P.O. Box 868, Littlefield, TX 79339. Written comments may also be delivered to the Lubbock District Office at 135 Slaton Road in Lubbock, or by mail to P.O. Box 771, Lubbock, Texas 79401-0771.

NOTICE TO DEFENDANT: "You have been sued. You may employ an attorney. If you or your attorney do not file a written answer with the clerk who issued this citation by 10:00 a.m. on the Monday next following the expiration of forty-two days after the date of issuance of this citation and petition, a default judgment may be taken against you." To: Walter Louis Seales Defendant, Greeting: You are hereby commanded to appear by filing a written answer to the Plaintiff's Original Petition at or before ten o'clock A.M. of the Monday next after the expiration of forty-two days after the date of issuance of this citation the same being Monday the 10th day of October, A.D., 1994 before the Honorable 287th Judicial District Court of Bailey County, Texas at the Court House of said County in Muleshoe, Texas. Said Plaintiff's Petition was filed in said court on the 25th day of August A.D. 1994, in this case, numbered 6772 on the docket of said court, and styled, Randall L. Field and wife, Andra Kay Field Plaintiff, vs. Elisha

Don Seales and Walter Louis Seales Defendant. The names of the parties to the cause are as follows: Randall L. Field and wife, Andra Kay Field are Plaintiffs and Elisha Don Seales and Walter Louis Seales are Defendants. A brief statement of the nature of this suit is as follows, to-wit: Plaintiffs seek a partition of a tract of land among the coowners in accordance with their respective interests, ordering a sale of the property, and distributing the proceeds, as is more fully shown by Plaintiff's Petition on file in this suit. The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates thereof, and make due return as the law directs. Issued and given under my hand and the Seal of said court, at office in Muleshoe Texas, this the 25th day of August A.D. 1994.

Attest:
Nelda Merriot Clerk,
District Court, Bailey County, Texas.
