I am not a radical feminist, although I definitely do believe that any time a woman wants to do a job and can do it as WELL as a man she should have the opportunity to do so. That also means, in my book, that she has to be able to do it without special concessions, and that's that.

For many years I encountered a lot of opposition in my chosen line of work...editors, publishers and reporters when I first started eighteen years ago were not supposed to be female. Females were supposed to be in charge of "soft" news like weddings, obituaries, and fashion news. When we were flying there was a pretty good consensus that "women ought not to be pilots" too.

Well, times have changed, and I don't meet much opposition any more in the newspaper business, and even the pilot prejudice has pretty much fallen by the wayside.

Some women still ask for too much special consideration and some men still think women have a "place".

Christmas day, as I listened to a choir singing, one of the songs was done by the women, and their higher, clear voices sounded very nice. Then, the men did a song and their deeper, masculine voices also sounded very good. But when both men and women lent their voices to the next carol I was struck by the perfection of voices as they blended together.

It seemed so clear to me that these voices, men and women together, were meant to be combined into something beautiful.

And, that led me to the conclusion (hardly original) that it is a shame we can't manage to apply this principal of perfection to men and women's search for equality...and then on to race relations, and nation relations and so on and so on.

If we could ever manage to recognize that difference isn't bad...but can be blended into something wonderful...well, the possibilities for humanity would certainly be endless, wouldn't they?

## Manhunts End In Death Of Suspect

A massive manhunt which has been going for the past eighteen days ended Tuesday, December 27th with the death of the suspect, Richard Earl Davidson, age 36 was declared dead at the scene where he had engaged in a shootout with law enforcement. Davidson was wanted on a wide variety of charges, including being wanted by the Texas Department of Corrections for parole violations. He was on parole from TDC for aggravated robbery, which he had been sentenced for several years ago in Red River County.

An anonymous call Tuesday morning to Red River County Sheriff's office and to Lamar County Officials said that Davidson was in a travel trailer approximately two miles from FM 909 in Rosalie Community in Red River County. Sheriff Bob Edrington said. Responding to this information Red River Co. Sheriff Bob Edrington, A Red River County Deputy, Two Lamar County Deputies, A Texas Ranger and a Game Warden arrived at the location to check out the tip. Some of the officers approached the trailer, and movement within led them to believe it was occupied. They identified themselves and knocked on the door, reports indicate and there was a shot fired from the trailer. The time, reports indicate, was about 9:30 a.m. Officers retreated behind their vehicles, and attempted to communicate with the suspect. Sheriff

Edrington said that when they tried to communicate with him, the suspect fired on them some more, and they returned the fire. The sheriff says that they once more tried to talk to him, and he again fired on them. They returned fire. "Then" Sheriff Edrington reports, "we heard what we thought was a single shot, to which we did not respond." During this time law enforcement officials arrived from Red River, Lamar, Titus and Franklin County, along with Texas Department of Public Safety officials, the Texas Department of Corrections tracking dogs, and the DPS helicopter. After there was no movement within the travel trailer for some time they called in the SWAT team from the City of Paris. Sheriff Edrington said that "they have bullet proof shields and are trained in entering buildings under circumstances like this one".

At 1:45 p.m., after firing tear gas into the trailer the tactical team entered it and discovered Davidson dead, Sheriff Edrington reports. His body has been transported to Dallas for autopsy and ballistic reports which Sheriff Edrington said would probably be available by late Wednesday or early Thursday of this week.

The previous day (Monday, Dec. 26th) a massive manhunt was held in the Rugby, Halesboro area after a woman reported seeing a man trying to get into her car at her home. Captain Larry Moree of Lamar County Sheriff's Department reported that the woman said she had fired at the man

with a pistol to chase him off. Dogs, helicopters and officers from various counties and organizations were called in for the search, since it was believed the suspect might well be Davidson, who had been reported in the area several times over the past week or two. A cabin with a still-warm stove was found, in which it is believed the suspect may well have been hiding.

Earlier in 1994 Davidson had been the subject of several hunts in the Pattonville, Clardy area.

Then, on December 9th, Richard Earl Davidson was again the object of a manhunt, this time in the Red Oak area, and then in the Bagwell area after a gunman held an attorney living in the Red Oak area at gunpoint demanding money and the keys to his vehicle which was found abandoned shortly thereafter with the engine still running on a small dirt road off of FM 1502 near the community of Midway. Reports indicate there is evidence linking Davidson to this crime.

Sheriff Bob Edrington said "we feel like we will be able to clear up a number of burglaries that have occurred in this county. We have very good evidence linking him to three or four burglaries of a habitation, and a number of other burglaries that there isn't too much evidence left on, but that we feel he did commit."

Further information will be forthcoming after full reports from autopsy and investigation are available.

## NUTS & BOLTS

By Judy Screws

A few weeks before Christmas Nancy decorated the office, since I'm not very good at decorating. I've never been good with decorating. I'm also not very good with plants. I know absolutely nothing about plants, therefore, I only grow silk arrangements, and I'm not even really sold on them, because they are going to eventually get dusty and get cobwebs on them. Then someone will expect me to dust them.

But back to the office decorating. Nancy did a good job. She put gold garland and some little Christmas stick ons on the door and she sprayed the outside of the large window with snow, and let it outline a tiny Christmas tree with lights which was sitting in the window. This really looked nice to the folks who were outside looking in.

I just had a feeling about that snow though. I didn't see how on earth that snow was going to make it until Christmas on the outside of that window without someone using it for writing about themselves and others on it. It was just too tempting.

I was right. The first night someone was only brave enough to run three of their fingers down it, making three lines. No harm done. During the next few days "Merry Christmas"

and some little lines telling who loved Jamie became part of our window decor.

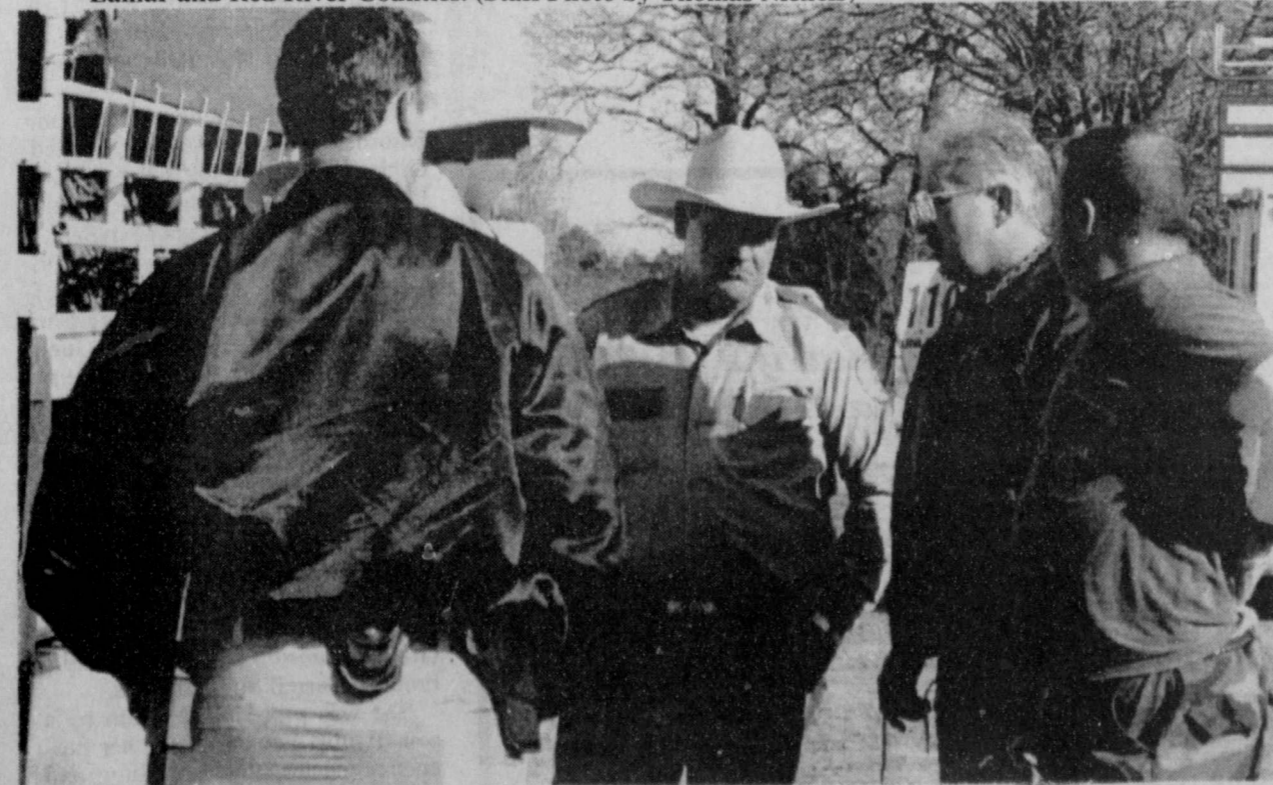

I was really pleased that nobody had lost the battle with themselves and written ugly things on our window. To me this said something good about the folks who write on other people's property in Bogata. Of course this couldn't last, and sure enough when I came to work Monday morning they had finally succumbed to the temptation and written the dreaded words. I'd like to think that they waited until after midnight on Sunday night to do their scribbling, just out of respect for the reason for the Christmas Holiday, but I was probably being naive. I imagine it was the first time they saw the window and just had to do their dirty work.

This did me no harm and even though they were disrespectful enough to put their thoughts on our window, I have to pity them for not having anything better to do with their time.

I've decided how I'm going to console myself about this though, I'm going to continue to reassure myself that they didn't live in Bogata, and that they will not ever do such a thing again.

FEATURED COOKS OF THE WEEK is Ronny Sansom who is the Postmaster at Talco. He gives us his recipes this week for Deer Chili and Chicken Fried Venison Steak.

## Country Cooking

Liz Irwin

When Thomas came back into the office a few weeks ago from his trip over toward Talco Bogata way, he also brought an idea for a "Cook of the Week". Can you guess? Yep, that's right, a man. Well, that's okay. They say some of the best chefs in the world are men. This one just happens to be a little closer to home.

Ronny Sansom is the Postmaster for the Talco Post Office and is rumored to be a very good cook. His recipe for Fantasy Fudge is the same one I use and I hate to admit it, but Thomas brought some back and it is better than mine! It was really light and fluffy. I'm jealous! No, really. I think it is great that we have a man to feature and we ladies can take a rest from the kitchen.

Ronny and his wife Andrea reside in Pittsburg and they have a son in college and a daughter that still lives at home.

Ronny has been with the Postal Department for 25 years. His wife Andrea, is employed by Priefert Manufacturing Company of Mt. Pleasant. On some of the days that

Andrea works on Ronny's days off, he prepares the meals to help her out. He learned to cook when he was a kid. His mother raised four sons alone and he assumed part of the cooking duties to help out.

Reflecting on his first attempts at baking a cake at twelve years old, Ronny says that he called his mother at work and asked, "Mom, how do you get the icing in between the three layers of the cake?" His mother's reply was, "Silly, you are supposed to put the icing on the layers before you stack them!" Ronny has honed his cooking skills to a fine art since that time though. A taste of his Fantasy Fudge removes all doubt about his cooking ability now.

This week Ronny is sharing not only his fudge recipe but also his recipe for Oatmeal-Peanut Chocolate Drops, Deer Chili and Double Battered Chicken Fried Venison.

We want to thank Ronny for sharing his recipes with us this week and want to wish everyone a safe and Happy New Year. See you in the kitchen!

## Letters to The Editor

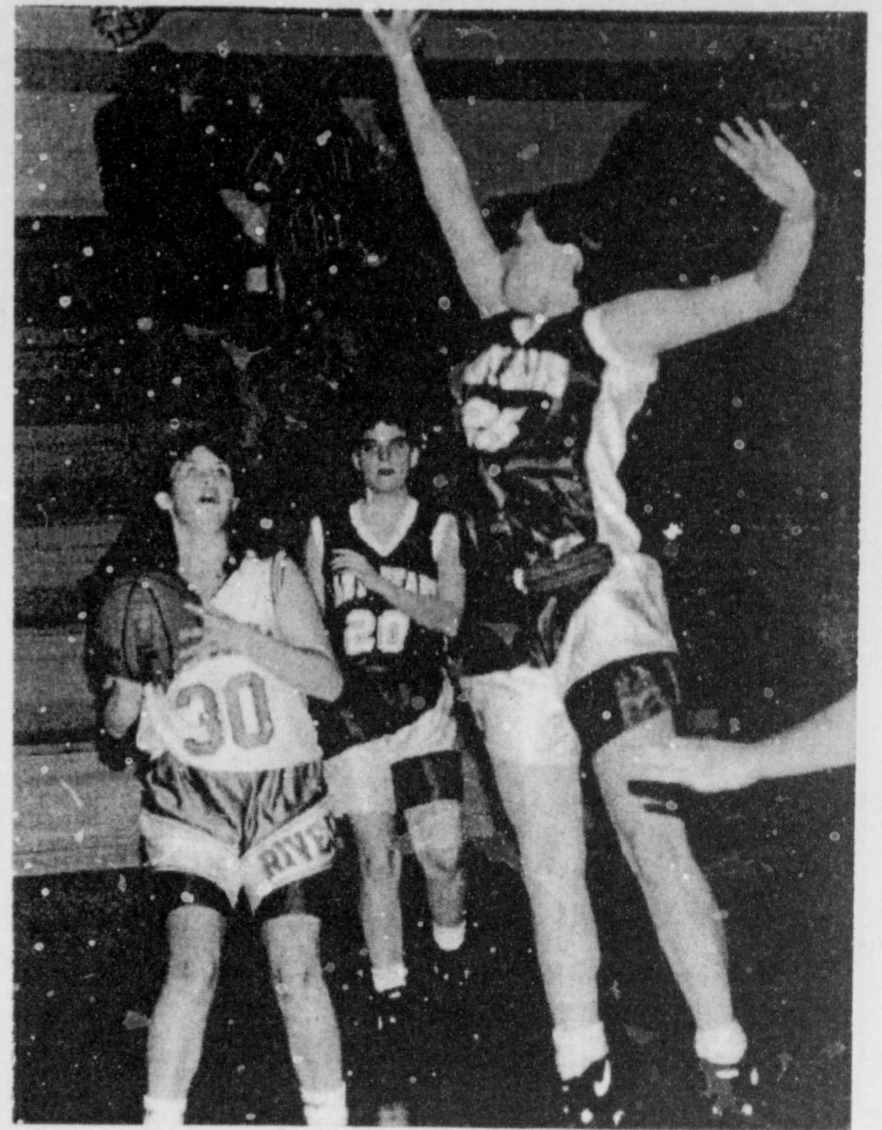

Dear Editor:  
Berniece Lynn Wyatt was teacher of fifth and sixth grades in Cunningham School in 1932-33 when I was Superintendent of Schools there. She was one of the best teachers in my years of teaching in public schools. She was a loyal, dedicated and caring Christian person who had a special way with her students.

Our state and nation are in need of teachers with the above qualities and our Texas School system is better today because of this great teacher.

Former students, parents and fellow teachers are indebted to Berniece Wyatt for her many contributions and her memory will live on to future generations.

As a long time subscriber, my wife and I, along with many others will miss Berniece Wyatt and her column in the Deport Times each week.

## Financial Aid Available At Paris Junior College

New students planning to enroll at Paris Junior College for the Spring 1995 semester need to pick up a 94-95 Financial Aid Application as soon as possible.

The deadline for completing the process is rapidly approaching, according to Linda Slawson, Financial Aid Coordinator at PJC.

"If a student wants to charge tuition and fees against a Pell Grant at spring registration, the application needs to be filled out immediately," Slawson said.

Registration for the spring semester at Paris Junior College will be held January 11 and 12.

Slawson said that if a student does not complete the application process by registration and uses his/her own funds to pay tuition and fees, they can be reimbursed after aid eligibility is determined.

Financial Aid Applications for next year (1995-96 Federal Financial Aid Applications) will be available February 1 in the Financial Aid Office located in the Rheudasil

Learning Center on the PJC campus.

Students should file their 1994 tax returns as early as possible in order to complete the financial aid application and get priority processing.

Returning students that do not receive a renewal application in the mail by February 1 should pick up another application at the financial aid office.

Students or parents having any questions concerning federal aid for college students should contact the office at (903) 784-9429.

History is the witness that testifies to the passing of time: it illumines reality, vitalizes memory, provides guidance in daily life, and brings us tidings of antiquity.

**Bogata School Has Accelerated Reading Program**

The Bogata School Parent Teacher Organization purchased a new computer reading program for the Bogata School Library called Accelerated Reader. Certain books in the library are designated with a yellow dot which tells the grade level the book is appropriate for and how many points the book is worth. Each time a student reads one of those books, he can take a test over the book on the computer. The computer asks questions about the story which test the student's comprehension of the book. If a student gets as many as half of the questions right, he earns points for the book. To get the full points the books are worth, a student must get all the questions answered correctly.

Once each six weeks, the students are allowed to spend their reading points like money for prizes. Each point is worth \$.10 cents. Prizes range from pencils to roller blades, etc. Students are allowed to save their points until the end of the year if they wish in order to buy a bigger prize. If they wish, students may spend their points for the privilege of being principal for a day. That honor includes a salary of \$25.00 plus going out for lunch with a friend and a teacher of the student's choice. Students came to the library store on the last day of school before the Christmas holidays to happily spend their points. A total of 1,635 points was spent.

Students on grades 5 through 8 also use this program to earn their reading grade. The number of points they have accumulated is figured as part of their grade. This six weeks the students have competed against each other because the seven readers from each class with the most points were rewarded with a trip to Skateland in Paris on Monday, December 19. Competition was fierce and a new competition will be held each six weeks. Those who enjoyed the party and lunch were Caressa Covington, Kalya Belcher, Candace Jones, T.J. Williams, Krisha Allems, Craigh Cannon, Charla Hines, Kim Shirley, Dottie Brooks, Aubrey Herring, Michael Williams, Kara Palmer, Yolander Smith, Travis Jackson, Rebecca Stewart, Kasey Crawford, Cassie Cannon, Jennifer Hays, Mary Brown, Christopher Miles, Cole Warren, Mitch Cannon, Wesley Williams, Courtney Jordan, Michelle Lum, Jill Foster, Patrick Upchurch, Stephanie Farmer, John David Kuhl, Brian Cannon, April Elrod, Essie Reeves, Josh D. Jones, Kevin Hinson, Lissa Stoner, Kristi Alford, Debra Janes, Lisa Shirley, Amy Watkins, Kim Brown, Christy Brown, Dani Brown, Andrea Palmer, Katie Hare, Lee Miller, Jamie Jeans, Wayne Williams, and John Ross, Phillip Rolen and Lisa Carpenter were eligible to go but were absent on the day of the trip.

Students in grades 5 through 8 began the program at the beginning of the third six weeks. By the end of one six weeks period the following students had already earned more than 100 points: Phillip Rolen, Mitch Cannon, Kim Shirley, and Caressa Covington. By the end of the third six weeks everyone in grades one through four are also participating in the program as recreational reading not for a grade. All the students seem to be very excited about the program and are reading more than they ever have before. A total of 293 students are now participating (everyone except kindergarten and they will begin next year when they begin to read.)

Mr. Fabry is spending money from the activity fund for prizes and even books. At the rate, students are earning points, the activity fund will be depleted. If anyone is interested in helping with this worthwhile endeavor, there are several ways to help. Donations of items which students would like for prizes or cash to buy prizes are welcomed. Donations to buy books in memory of someone or in honor of someone are also welcomed. Donations from several individuals and businesses have already been made and are greatly appreciated.

If you have any questions about this program, please call. It is very exciting to see what it is doing to our students. Everyone is looking forward to reading test scores improving as well as making life long readers of the students.

**Have You Seen Any Lady Beetles?**

Okay, I have the answer. It was sent to the newspaper from the Texas Agricultural Extension Service from Mike Marrow of Lamar County. Have you seen them. Those little lady bugs that have been invading your home and in your car and everywhere you look! First, it was the crickets that we have every year. We know they are coming, but Lady Bugs. This is a first. Read below.

Homeowners in several areas of Texas and along the Red River as far west as Gainsville have reported seeing large numbers of lady beetles in and around their homes during the past three weeks. These beetles are a species new to Texas and are commonly called the Harmonia or Asian Lady Beetle. These beetles apparently entered the state from Louisiana and have also been introduced into the state as beneficial insects in certain crops.

The adult Harmonia Lady Beetle is larger than the common convergent lady beetle. They are brightly colored yellowish to reddish orange. The number of spots is highly variable ranging from two large spots to several small spots.

In the fall, Harmonia Lady Beetles congregate to overwinter in sheltered

areas including buildings and homes. In their native home, the beetle overwinters in limestone cliffs and caves. Therefore, they seem to be attracted to light colored houses in searching for overwintering habitat in the United States. Beetles congregate in groups in unheated attics and buildings and sometimes unused brick chimneys. As long as conditions are cool, and the beetles are not disturbed, they remain dormant until spring when they leave.

Beetles will be a nuisance for several days around homes until they move into their overwintering sites. Meanwhile, beetles inside the home can be collected with a vacuum cleaner and removed. Caulking and weatherstripping around windows and doors will help exclude the beetles from homes.

Despite their bad habit of overwintering in homes, this beneficial predator feeds on aphids infesting pecans, roses, crepe myrtles and other trees and shrubs. Pecans producers value Harmonia for controlling the yellow aphid in pecans. Some pecan growers and gardeners remove and store the insect for release in their orchards and gardens the next summer.

## ATTENTION DOUGLAS CABLEVISION SUBSCRIBERS !!

KTVT (CHANNEL 11 FROM DALLAS) HAS ANNOUNCED THAT AS OF JANUARY 1st THEY WILL STOP DISTRIBUTING THEIR SIGNAL VIA SATELLITE. CABLE COMPANIES LIKE DOUGLAS CABLEVISION WHICH RELY ON THIS SATELLITE DELIVERY WILL BE FORCED TO REPLACE IT WITH ANOTHER SERVICE!

THE NEW SERVICE WILL BE KTAL FROM LOS ANGELES WHICH PROVIDES OVER 130 LIVE SPORTING EVENTS EVERY YEAR PLUS A POPULAR MIX OF MOVIES AND SITCOM FAVORITES. UNFORTUNATELY, HOWEVER, SPORTING EVENTS SUCH AS TEXAS RANGERS BASEBALL GAMES WILL BE LIMITED. AT THIS TIME NO ONE KNOWS WHO WILL BE CARRYING THE RANGERS' GAMES BUT WHEN IT IS ANNOUNCED, WE WILL DO OUR BEST TO CARRY IT.

TO FURTHER ADD TO YOUR (AND OUR CONFUSION) KTVT HAS ANNOUNCED THAT THEY WILL BECOME THE METRO AREA CBS AFFILIATE SOMETIME IN 1995 AND KDFW (CHANNEL 4) WILL SWITCH TO FOX!

THESE CHANGES ARE, OF COURSE, BEYOND DOUGLAS CABLEVISION'S CONTROL, BUT WE WILL DO OUR BEST TO MAKE THE TRANSITION SMOOTHLY, AND WITH AS LITTLE INCONVENIENCE TO OUR SUBSCRIBERS AS POSSIBLE

THANKS FOR YOUR UNDERSTANDING!
