By Nanalee Nichols

My mind is a blank...literally!
My brain has been destroyed, wiped, emptied, erased. However you want to express it, I am mindless!

Before you hop in and start making jokes about not knowing I'd ever had a brain, I'll explain.

The hard drive on my computer has been emptied!

We leased new machines back in May. Everyone's works just dandy-fine except my mine. (Naturally).

My new machine, like everyone else's had all the data transferred from the old machine to the new.

But my new machine has a habit of bombing me. I mean that literally....the machine locks up and a little round bomb image appears. Of course, everything I've been working on at the time of the crash has disappeared into that black hole of computer land where nothing is ever seen again.

We've been through several months of attempts to correct this. I've been through several months of being totally stressed out because of frustration.

Last week the repairman came yet another time. I don't know who is more upset, him, or me.

He said the company wanted him to try one last thing before sending me a new machine.

Because it was Wednesday and I was very, very busy, I didn't pay much attention to what was going on.

When I went up to the front of the room again my machine was mindless. I had absolutely nothing in my Pagemaker files!

Now folks, that may not matter much to most people. But a good chunk of my life was on that hard drive!

There were funny (and true) stories we have recorded in case I ever got up the nerve to write a book....nine years worth.

There was a list of addresses for Christmas cards, about six column ideas that I had taken notes on for future use, and assorted ideas for ads.

There were ads and "standing" column heads, including this one.

There were scanned bits of art work, notes on various subjects and more things than I want to go into.

Where was my backup, you ask? Good question. I have left most of it on the hard drive of another machine....but without my knowing it most of it had been trashed from that machine!

True, some of it was there, but my book notes, addresses and column ideas were not.

I must have had a pretty bad look on my face when I looked at my Pagemaker files and saw absolutely nothing. The repairman looked up at me, blanched and said "you're looking at me like you'd kill me if you didn't know you'd wind up in jail".

All I could do was nod agreement!

I don't LIKE being mindless, and it's a slow process to rebuild what was lost. Oh well, I guess it isn't the end of the world...it only seems that way!

BLOSSOM COOKS OF THE WEEK-This group of 4th graders on the Blossom campus prepared a Texas Pecan Recipe Book as part of Open House activities. They also prepared several of the recipes and served them to parents and visitors. They are also pictured here as they enjoyed Chelsey Anderson's 10th birthday party on September 22. Chelsey's mother Alice and friends Stacey Wood and Carla Finley were hostesses. Pictured is Chelsey Anderson, Cassie Cullum, Latessa Harper, Chelsie Holley, Trent House, Tiffany Pollard, Bridget Ray, Heather Scott, Daniel Smith, Cody Upchurch, Blake Woodall, Brandon Mauldin, Taylor Mauldin, Lucas Morgan, Andrew Philpot, Kurt Flanery, Amanda Neel and Laci Thompson.

Amanda Barnard's 4th grade class on the Blossom campus created a "Texas Pecan Recipe" cookbook for Open House recently. She always looks for new and innovative ideas to incorporate into her classroom activities. They made some of the recipes and served them that night to parents and grandparents who visited their room. Since they were studying Texas and the pecan is the state nut (no pun intended), this was the perfect opportunity.

This part of their Social Studies gives them a lesson on their home state. They learn that the state flower is the bluebonnet, state song is "Texas Our Texas", state bird is the mockingbird, the state motto is (I used to know this) and did you know that Texas even has its own Pledge of Allegiance? I don't remember this either, but if you asked one of these students, they could tell you. So here are their recipes and try some of them, they sound delicious!

Texas Pie is like a Pecan Pie but uses chocolate chips in the mixture and is from Kurt Flanery.

Texas Pecan Cake-the base is a baked yellow cake mix and a mixture of Karo, eggs, oleo, dry cake mix and pecans poured over the top and then baked again. and is from Andrew Philpot.

Pecan Dainties are cookies made from egg whites and brown sugar and is from Bridget Ray. Brandon Mauldin also submitted a recipe for Pecan Kisses much like the dainties, but they use only white sugar and no flour.

Pecan Surprise Bars are a mixture of yellow cake mix and pudding along with brown sugar, Karo, vanilla, pecans and eggs from Cassie Cullum.

Millionaire Candy is just what it implies. What else could be full of sugar, Karo, milk, vanilla, pecans and hershey bars! Yum! Yum! This is from Lucas Morgan.

Heather Scott submitted **Caramel Ooey-Goey Pecan Bars**. This recipe uses a german chocolate cake mix, caramels, pecans, milk and butter plus chocolate chips. Wow!

Of course, we can't have Texas Pecans Recipes without **Pecan Pralines**. They are by far the best candy in my opinion... along with a lot of others! This is from Taylor Mauldin.

Pecan Coffee Cake is sent in by Tiffany Pollard and is one of those recipes that is easy but taste like you spent all day in the kitchen.

There were **Pecan Pie** recipes from Bridgit Ray, Latessa Harper, Chelsie Holley, Amanda Neel, Kim Wilson and Laci Thompson. This seemed to be the favorite and of course, is a favorite old standby!

Fudge Brownie Pie uses Eagle Brand milk, chocolate chips and biscuit baking mix along with pecans and vanilla and comes from Chelsey Anderson.

Daniel Smith submitted his **Apple Pecan Shoo-Fly Pie**.

We hope you enjoyed these recipes from our youngsters and we will see you in the kitchen!

Rebels lose to Bulldogs 34-14

The Rivercrest Rebels played host to the Cooper Bulldogs Friday, Sept. 26. Jody Nolen, Jared Guest and Jody Gray served as captains for the Rebels. The Rebs lost the toss leaving them to kick off to the Bulldogs.

In first quarter action the Bulldogs moved hard and fast leaving the Rebels stunned. The Dogs drove in for the first score of the game within the first two minutes of play and added the extra point.

On the Rebels first possession of the ball a fumble gave the ball back to the Dogs on their own 36 yard line. Cooper took advantage of the fumble and drove in to score with less than five minutes off the clock in the first quarter and added the extra point. Score 14-0.

The Rebels took the wake up call and although they were stopped on downs following the Bulldog kick off they had decided to play ball. The rest of the first quarter saw a Cooper fumble recovered by Paul Billingsley. Michael Allen, Jody Nolen and Jody Gray picked up Rebel yards while Jared Guest, Scotty Goodwin and Jason Freelen did a good defensive job for the Rebs. Bulldog penalties helped the Rebels to move and with just over two minutes left in the first Jody Gray crossed the line for the score. A pass from quarterback Jody Nolen to receiver, Michael Allen

added the two point conversion. Score 14-8.

The Rebels kicked off to the Bulldogs and the buzzer ended the quarter following two downs. Luis Torres, Jared Guest, Keith Hines, Aaron Martin, Jody Gray and Jason Freelen made key tackles for the Rebs. The Bulldogs would not be denied and drove in to score. The Rebels held solid to stop the extra points. Score 20-8.

The Rebels Jason Freelen took the Bulldog kickoff and carried it to the Rebels own 34 yard line. The first down saw no gain, second down saw a Nolen pass to Allen gain the first down. The play exploded when running back Jody Gray broke the line to run 51 yards for the Rebel TD. The extra points were stopped by the Bulldogs and the score stood 20-14 Bulldogs.

Following a good deep kick by Rebel Will Noey the Bulldogs were not to be out done and Derrick Hooker # 14 ate at the Rebel line picking up needed Bulldog yards. Hooker took the ball in for another score before the mid-mark of the second half and the extra point kick was good. Score 27-14.

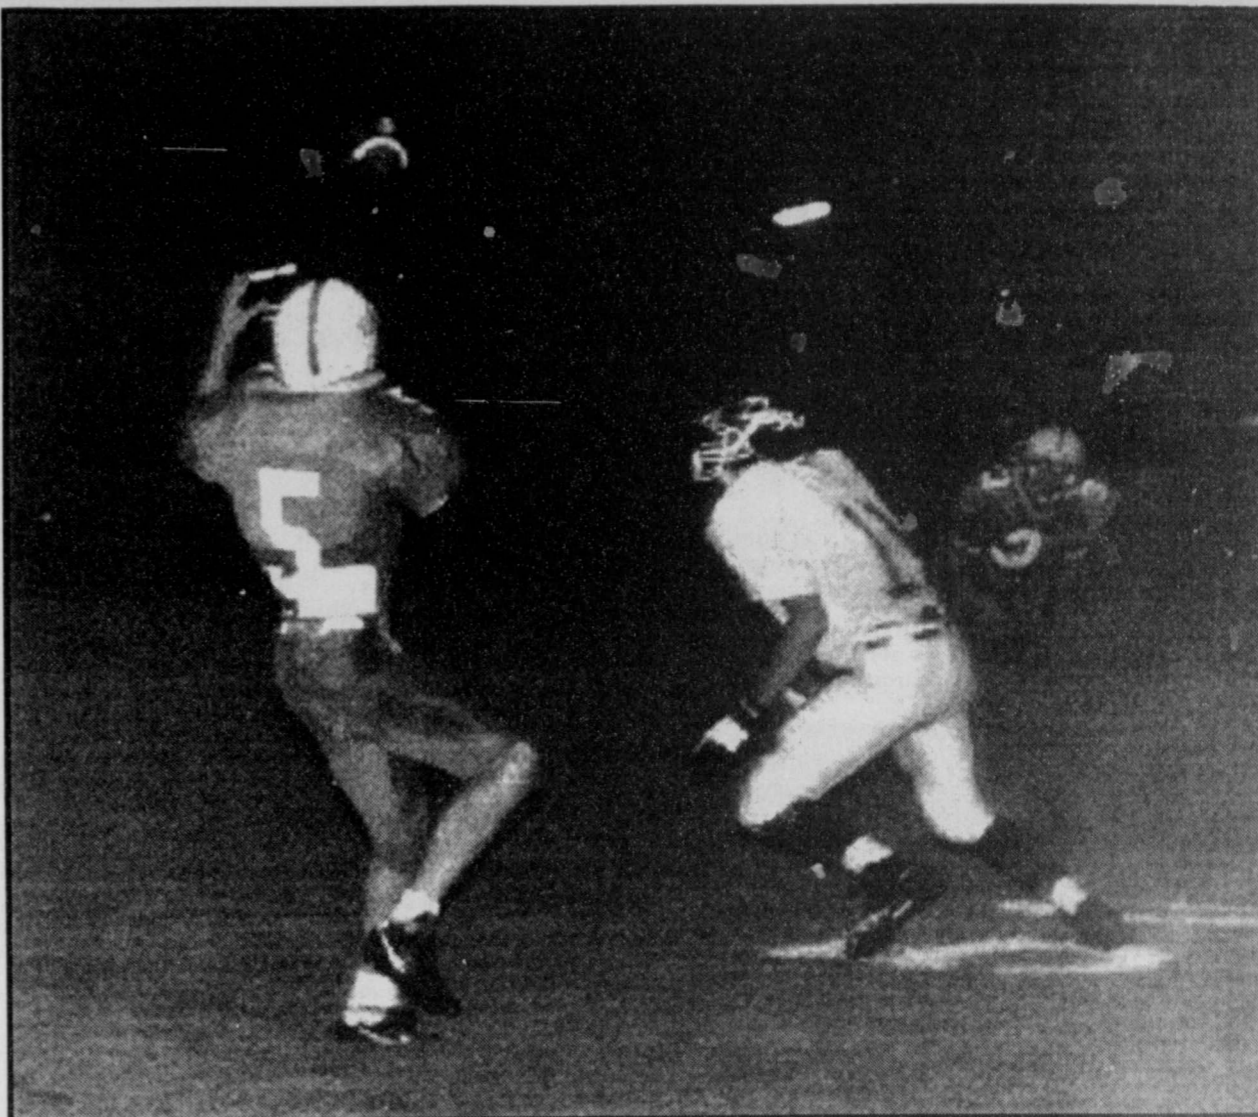

Michael Allen took the Bulldog kickoff and on 1st and 10 the Rebels fumbled but the ball was returned to

the Rebs on the next play from a Cooper fumble recovered by Luis Torres. The Rebel drive came up short following a fake punt attempt and the Dogs took the ball with just over a minute left in the half. With :22 seconds on the clock, Rebel Jason Freelen picked off the interception giving new life to the Rebel team but there was just not enough time left in the half. Score 27-14

The third quarter saw good play from the Rebels. Jody Gray made the carries, Keith Hines, Phillip Rolen, Aaron Martin and Michael Allen made key tackles but the Rebels could not get into the end zone. The quarter ended with neither team getting across the line.

The final quarter saw the Rebels struggle to keep the Bulldogs on a leash. Derrick Belcher and Jeff Brown made key tackles for the team. With just over a minute left in play Derrick Hooker, who had dealt the Rebels misery throughout the game again crossed the line to score. The extra point was good and the game ended with a final score of 34-14.

The Rebels will travel to Honey Grove to meet the Warriors on their own turf Friday, Oct. 3. Everyone is encouraged to bring your noise makers and come support the Rebel team. Go Rebels!!!!!!

3. HOW DO I FEED PRO-LIX?

Pro-Lix gives you a number of feeding options-you can choose any one of them with confidence. Pro-Lix may be fed (1) as a free-choice supplement in lickwheel feeders, (2) as a top dressing on the roughage or grain portion of the diet, or (3) as an ingredient to be mixed in with all-in-one rations or concentrates. Regardless of how you use it, Pro-Lix greatly improves the value of ordinary feed.

2. WHEN'S THE BEST TIME TO FEED PRO-LIX?

There's definitely not a bad time. Since the nutrients in grass are only adequate about 60 days a year, a good supplement is absolutely necessary to get top performance out of your cattle. Pro-Lix is ideal when grass is at its weakest, but year-round use means better health and increased production overall.

Osteoporosis can rob you of mobility and independence by reducing the strength in your bones, causing them to become brittle and prone to fractures. McCuiston has just implemented new technology which can help diagnose this disease at a very early stage while treatment can make a real difference. This is extremely important since conventional X-rays won't reveal a problem until 30% of

bone mass has been lost. Called a DXA Bone Densitometer, this equipment provides a safe, fast, noninvasive and painless measurement of bone health and it's available only at McCuiston.

Don't let Osteoporosis and related fractures steal your lifestyle. Ask your physician about Osteoporosis and bone density measurement or contact McCuiston at 903-737-1234.

Rebel Junior Varsity travel to Cooper

The Rivercrest Rebel Junior Varsity met the Cooper Bulldogs for battle last Thursday, and what a battle it was!

The Rebels took the kick off but were unable to put the ball into the end zone. Following several opportunities to score the Bulldogs held strong.

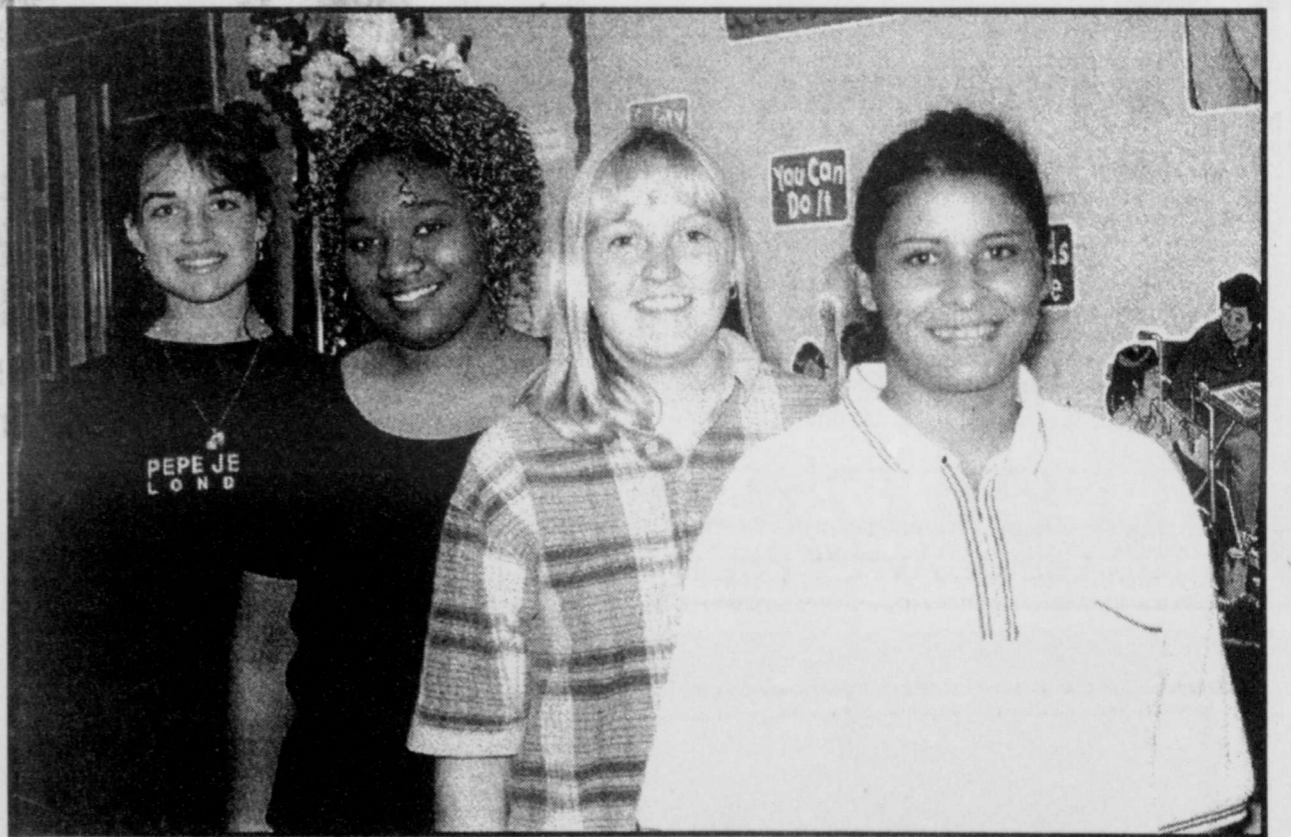

The game was a defensive game for both teams and neither gave ground without a struggle. The Rebels held the Dogs scoreless but were unable to come up with their own score and the first half ended 0-0.

Both teams entered the second half with determination. The game saw-sawed until the Dogs got a lucky break and were able to get into the end zone for 6 points. The score shook the Rebels and the Dogs added the two point conversion. Score 8-0 Bulldogs.

In the final minutes of the game the Rebels again held the Dogs from scoring but could not come up with a score. Time ran out with the Rebels in good position. Final Cooper-8 Rivercrest-0.

Key plays were made defensively by Myron Ellis, Brodie Belcher, Bubba Abernathy, Ryan Case, Joey Taylor, Shane Crabtree and the entire Rebel team made the game a truly exciting one.

The Rebels will play host to the Honey Grove Warriors on Thursday, Oct. 2. Everyone is invited to come out and support the team beginning at 7:30 pm. The Rebel Junior High will play prior to the JV beginning at 5:00. Come out and support our young teams. Go Rebels!!!!!!

Fifty is not so bad, regardless of what you have heard. You're only as old as you feel. And besides, it's the perfect time in life to get started on some major projects you have been putting off. So get out your rod and reel, rustle up some bait and mosey on down to the Old Place and get started on some serious fishing.

**Happy Birthday, We love you,
The family**

Mr. & Mrs. Randall Mayes

Mayes to celebrate 50th anniversary

Randall and Margie Mayes were wed 50 years ago. We're going to celebrate and wanted you to know. A covered dish lunch, some laughs and fun. Will all be had before the evening is done. No ties, high heels, or fancy suits. Just wear your tennis shoes or cowboy boots. Come and eat or just drop by to reminisce. This is an occasion we don't want to miss. They ask for no gifts, your presence is all. If you can't come -- your prayers and maybe a call. October 4, 1997 will be the day. At the Rosalie Community Center on the highway. So come, eat, enjoy the fall weather. And help Randall and Margie celebrate their life together.

NOTICE OF RATE DECREASE REQUEST

On July 31, 1997, Texas-New Mexico Power Company ("TNMP") filed the TNMP Transition Plan in accordance with the regulations of the Public Utility Commission of Texas. The proposed effective date of such change is January 1, 1998. The period of the TNMP Transition Plan is five years (the "Transition Period"), beginning on the proposed effective date and ending on December 31, 2002. All classes of customers receiving service from TNMP will be affected by said proposed rates. TNMP serves approximately 170,000 customers in Texas. The proposed rates for all of TNMP's Texas operations over the transition period will decrease gross revenues to the Company with respect to current revenues. The reductions will occur January 1, 1998, January 1, 2000 and January 1, 2002 in the approximate amounts of \$4.5 million, \$3.6 million and \$3.6 million, respectively. The total expected decrease over the five-year Transition Period is approximately \$11.7 million.

The purpose of this filing is to obtain approval for the TNMP Transition Plan which will achieve an orderly transition to competition in the electric utility industry. The TNMP Transition Plan has five primary components:

- (1) A five year Transition Period, beginning January 1, 1998.
- (2) Rate benefits to customers, including rate decreases for residential and commercial customer class, a rate freeze for industrial customers and the elimination of the Power Cost Recovery Factor (PCRF).
- (3) Recovery of Excess Costs Over Market (ECOM) through:
 - (a) accelerated depreciation and a lower rate of return on equity for TNP One ECOM;
 - (b) creating a regulatory asset by redirecting the recovery of depreciation on transmission and

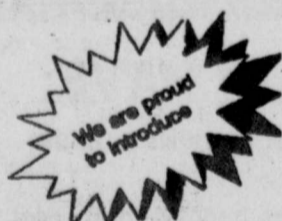

distribution assets to the depreciation of TNP One ECOM; and
 (c) setting an earnings cap and applying any earnings in excess of the cap to the depreciation of TNP One ECOM.

- (4) Choice of electric energy suppliers, open access, and unbundled service prices by January 1, 2003.
- (5) Quantification of actual ECOM at the end of the Transition Period with either a refund of any over-recovery of ECOM or the implementation of a Competitive Transition Charge (CTC) to recover any remaining ECOM over a five-year period (Post-Transition Period).

During the Transition Period, TNMP will have a fair and reasonable opportunity to reduce expenses, mitigate its purchased power costs, and reduce the "stranded costs" associated with TNP One, TNMP's generating plant.

A complete copy of the requested rate filing package is on file with the Public Utility Commission of Texas. You may inspect a copy of the filing during normal business hours at the business office of Texas-New Mexico Power Company in your area.

Persons who wish to intervene or comment upon these proceedings should notify the commission as soon as possible, as an intervention deadline will be imposed. A request to intervene or for further information should be mailed to the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326. Further information may also be obtained by calling the Public Utility Commission's Office of Consumer Affairs at (512) 936-7120. Hearing-and speedh-impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136. The deadline for intervention in the proceeding is 45 days after the date the application was filed with the commission.

Dear Editor,

I enjoy the local paper and try to cover every inch. I would like to address some personal comments to the Editor in the September 18 paper.

First, I too feel the First Responders are a wonderful asset to our community. When people are in a true crisis they appreciate their presence and assistance. We are very lucky to be a community so small and have so many people willing to give their time **FREE**. We all do what we want to do and make time for what we feel is important to us. More and more I see people doing less and giving less of the most important things in life which are live, sharing, caring and kindness to others. It saddens me to think that anyone wouldn't welcome someone who was giving freely of their time and talents to help them in a time of need. Not much in life is free these days. Several of our citizens have spent their own money for courses to qualify them for First Responders, simply because they are dedicated and caring citizens.

Also to the letter concerning the park again. The city men do a great job, however the Lion's Club efforts are **FREE** to our community. I personally have seen Lion's Club members working at the Community Center and Park area. The beautiful park would not be ours to enjoy had it not been for so many hours of hard work unselfishly donated by the Lions Club.

I would like to thank the First Responders and Lions Club for giving of their time and talents, they will be rewarded some day more than anyone here can reward them and I do appreciate their service.

Sincerely,
Kathy Sue Williams
