In hot pursuit!

My husband likes to get up early in the morning, he takes a dawn walk up to the barn to check on the heifers, then across the road to check on the grown cattle.

Last week he woke up a little earlier than usual.

Even though it was still dark, he started out up the rise from our house to the barn, the sun only a faint, pinkish glow in the east, the breeze deliciously cool.

He was at the top of the hill, not too far from the barn, when he began to hear a strange little noise. It was a chattering, chattering sound.

He stopped and peered into the darkness. What was that he saw? he wondered. It was moving, rolling and tumbling.

Gradually he made out the forms to two little skunks, obviously born this spring.

They were tumbling and rolling, playing like little kittens or puppies.

Now, cute or not, there are two reasons not to want any type of a close encounter with a skunk, no matter if it is immature or not.

There is the danger of rabies and the more obvious danger of being sprayed with the horrible odor skunks are so proud of.

These little fellows were obviously healthy and happy, but Thomas didn't really want to become better acquainted.

He turned instead and began to stroll back down the hill he had just strolled up.

Unfortunately for him, the little skunklets (skunklings, whatever) spotted him.

He says they paused, exchanged a glance with one another and then decided to investigate this large, interesting beast that had come walking out of the darkness.

They began to follow Thomas.

Thomas walked faster. They walked faster too.

Thomas broke into a trot, so did the little skunk duo.

Finally, knowing that discretion is the better part of valor, my husband ran down the hill, pursued by two little black and white forms.

They decided he wasn't worth pursuing too far, so soon gave up the "chase".

He retreated to the house, and drove to the barn by the road to finish his chores.

He says that being pursued by little skunks wasn't what was so humiliating, but that the final indignity was that they were chattering to one another the whole time. He swears they sounded exactly like two mischievous teenagers!

I'm just sorry I missed the whole thing!

Chase leads to Manhunt at Maple

A manhunt in the Maple community east of Cuthand resulted in the apprehension of one suspect last week.

The event began after on Thursday afternoon, October 2nd when a citizen from Titus County saw two men loading items from a logging camp located in Titus County into the back of an older model Cadillac. The citizen called the Titus County Sheriff's Department and a deputy responded.

Reports indicate that the deputy attempted to stop the vehicle and the suspect fled, refusing to stop.

The chase pursued the vehicle from Titus County into Red River County on county Road NW 39 to FM 910 and on to FM 1487 for about six miles to the Maple community where the chase ended in the Cadillac crashing into the ditch.

The suspect abandoned his vehicle and fled on foot into the woods at

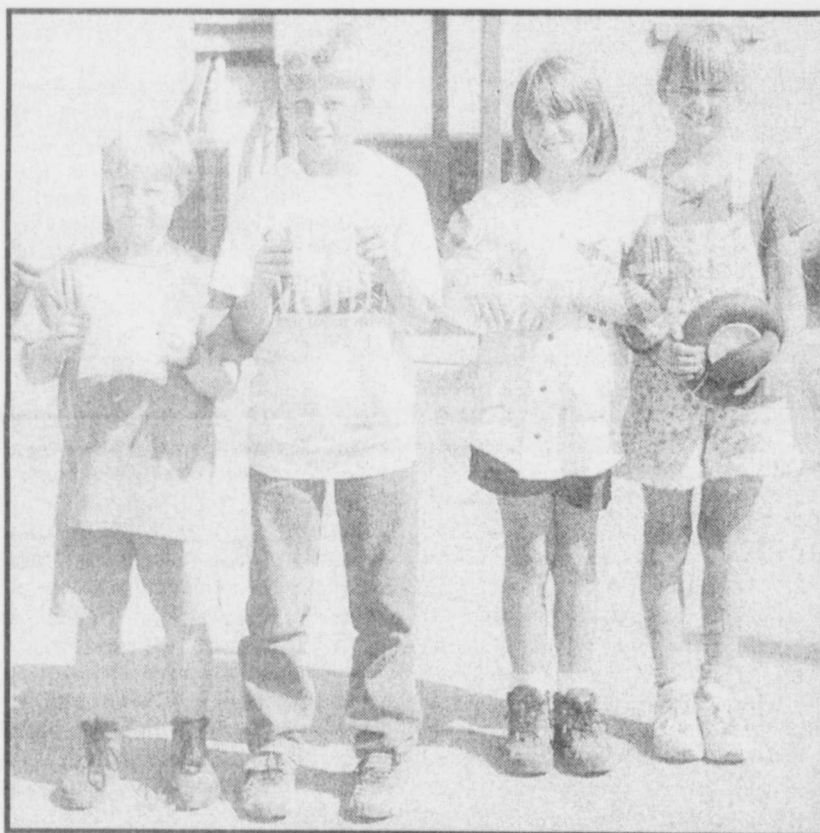

approximately 6:20 p.m. according to Titus County DPS reports.

Officers from Titus, Red River and Lamar Counties, as well as a game warden and Department of Public Safety Officers participated in the manhunt.

Tracking dogs from Lamar County along with trainer Captain Scott Cass helped with the hunt until 1:00 a.m. Friday morning. The search was called off at that time with plans made to return at daylight to continue the search.

Later Friday morning a citizen of Maple community called the Red River County Sheriff's Department to report a stranger walking down the road.

Reports indicate that Deputies Grantham and Perkins arrested David Carson on warrant for theft. Carson was later transported to Titus County Jail.

Funds are sorely needed for the cemeteries. Several mowings have been necessary this year and this takes quite a bit of money. A BLAZE ON THE FRONT OF BOGATA TRUE VALUE STORE-Sunday afternoon was apparently set by vandals. Fortunately it mostly burned the wood part of the building off the front and was contained without doing extensive damage. Vandals seemed to be on the prowl the last part of last week and over the week end. They entered First Baptist Church last Thursday and damaged screens as well as pouring out a large jar of coins. They took the silver money and left the pennies. Over the week end, vandals broke into Bogata Junior High School Building and also over the week end they literally destroyed a home up north of town by the cemetery. The home is owned by residents of the Nursing Home. The Sheriff's Department are investigating these separate occurrences.

Bogata besieged by vandals again

Once again, Bogata was set upon by vandals. It's not certain whether there is one person, one group or many groups of people doing damage to other people's property in Bogata, but last week and over the week-end someone just generally made pests of themselves.

Last Thursday night someone broke into First Baptist Church cutting screens on the church and fellowship hall. They just mostly made a mess, but they were able to find a large water bottle which was being filled with money. They poured out the money and stole the silver, leaving the pennies.

Over the week end someone broke into Bogata Junior High School. There wasn't much damage, mostly a broken window, but they had no business in the school at all.

On Sunday afternoon, apparently vandals set the contents of a waste basket in front of True Value Hardware Store on fire, catching the wooden part of the building on fire. This could have created much more damage than it did if hadn't been seen quickly and put out by the fire department.

Sometime over the week end someone vandalized a home north of town by the cemetery. They broke out windows, broke down doors and tried to destroy the inside of the house. The folks who own the home are residents of the Nursing Home.

The Red River County Sheriff's Department is investigating each of these cases.

his family is planned for the morning worship service, followed by lunch in the Fellowship Hall. Singers and musicians of First Assembly will be conducting a special singing for the Sunday evening services beginning at 6:00 p.m.

We made our annual "pilgrimage" to the State Fair of Texas last Thursday. Nothing much has changed from last year. Same "strange" people, same noise level, same weather. . . **HOT!** About the only thing that has not changed is. . . the prices. Well. . . I guess that they have changed. . . they went up! They do it gradually, so that you won't notice as much. The value of the coupons have definitely seen a rise! Oh well, just once a year and this will be the last year for Cari to show her pig and we did enjoy it and the kids certainly did! Enough reasons?

Well, we took the tour of the Food and Fiber Pavilion and saw all that Texas has to offer in the way of foods and fiber. . . what else, along with all the free samples. We are so lucky to live in a state that is so rich in heritage and culture. Texas is known for just about everything.

Did you know about the lowly peanut? Yep! One of Texas' finest crops! Did you know that a peanut is considered a fruit? It bears fruit (it is a legume) in the form of pods or shells that contain one or more seeds. It is more closely related to the peas than the nuts. There are two seeds in most peanut pods. These tasty seeds are also called *peanuts*. They are a favorite food, whether eaten alone or mixed into other recipes. Worldwide, peanuts are grown chiefly for oil.

The peanut plant is unusual because its pods develop underground. For this reason, peanuts are often called groundnuts. Other names for peanuts include *arachides*, *goobers*, *mani* and *pinders*.

Peanuts are an important crop, especially in the warm regions of the world.

Farmers in Africa and Asia grow about 85 percent of the world's peanuts. The leading peanut-growing countries, in order of production are China, India and the United States. Georgia produces nearly half of the annual peanut crop in the United States. Other leading peanut-growing states in order of production are Alabama, North Carolina, Texas and Virginia.

Peanuts are a nutritious food. There is more energy-giving calories

in roasted peanuts or peanut butter than in an equal weight of beefsteak. About half of the peanuts consumed in the United States are eaten as peanut butter. About a fourth are sold as roasted peanuts.

Low grades of peanut oil are used as an ingredient in soaps, face powder, shaving creams, shampoos and paints. They are also used in making nitroglycerin, an explosive. Peanut oil has also been tested as an alternative fuel source. The shells are also used, when ground as ingredients for plastics, cork substitutes, wallboard and abrasives.

While Georgia grows over 964,000 tons yearly, Texas comes in fourth behind Alabama and North Carolina with 226,000 tons per year.

George Washington Carver made an extensive study of peanuts and he is credited with having found more than 300 uses for the plant and its fruit.

We hope you enjoy and try some of these recipes and we will see you in the kitchen!

"Old Fashioned" Peanut Butter- This recipe is easily made with an electric blender or food processor. The longer you blend it, the softer it will be. It has to be stored in the refrigerator and if oil rises to the top, just stir before using. Chunky can be made by stirring in chopped peanuts that have been roasted.

Chili Peanuts- This recipe is great as a snack and temperature can be regulated if you like a hotter snack by increasing the amount of pepper. They can be frozen to preserve freshness for an indefinite period.

Rocky Road Fudge- is always a favorite and is easy to make and store not only for the holidays, but year around.

Never Fail Peanut Brittle- This is another easy recipe, takes a little time but is well worth it. Store in an airtight container and makes 2-1/2 pounds approximately.

Oven-Made Caramel- This all-time favorite will go quick so have enough ingredients for another batch!

Tiger Butter- is an unusual combination of chocolates that is easy made and delicious.

Card of Thanks

We would like to thank everyone who helped make our 50th wedding anniversary such a wonderful occasion. A special thanks to our children and grandchildren for making the party so special.

Randall & Margie Mayes

Card of Thanks

The family of Ollie Watkins wishes to thank each of you for your concern, prayers, food, cards and flowers. Thanks to Brother Don Shovan, Brother Mike Green and Brother Randall Childres for the words of comfort and the beautiful service. To Dr. Nada and the staff at Red River Healthcare Center a special Thank You.

Card of Thanks

Our eldest son and brother passed away from cancer on September 30. Not only was he a caring, loving son and brother, he gave me strength in some very hard times when I needed it. He was more than a brother to the other children, more like a Father as he helped me to raise them. I have always believed that the Lord sent him to me for a special reason. He was a very good son, brother and a very good man and his death at such an early age was devastating for all of us but I think the Lord thought his work on earth was done to His satisfaction and took Charlie to be with Him.

We would like for all our friends, neighbors and persons who only know that Charles was our son and brother to know just how much your comforting words, hugs and expressions of sympathy and offers to help has meant to us, for they mean more to us than words can ever express.

A very special thanks to Brother Don Shovan for conducting Charlie's memorial service and for his comfort and prayers.

May the Lord bless each and every one of you, friends and neighbors.

Few points separate Rebels from Warriors

The Talco-Bogata Junior High Rebels and Junior Varsity Rebels played host to Honey Grove on Thursday, Oct. 2.

The Junior High team took the field first and jumped out to an early lead. Zack Ward made a 56 yard run for the Rebels and on the next play Josh Cabell drove in to score. Ward picked up the two point conversion and the Rebels held a score of 8-0. Throughout the remainder of the quarter the Rebels held the Warriors to no score. Nathan Carroll did a great job on the offense for the Rebels picking up necessary yards. The quarter ended with the Rebels in possession.

To begin the second quarter the Rebels were driving hard for the goal when a fumble gave the ball to the Warriors on their own 44 yard line. Justin Exum made a key tackle that prevented the Warrior score but the drive continued and Warrior Josh Treadway drove in for the score and also picked up the two point conversion. Score 8-8. On the Warrior kick off Dustin Jones returned the ball to the Warrior 49 yard line for the Rebels but the ball was turned over on downs. With only :18 seconds left in the half the Warriors again found the end zone and picked up the conversion. Score 16-8 Honey Grove.

The third quarter saw the Warriors kick off to the Rebels and Zack Ward took the ball all the way for the TD. However, the touchdown was called back on a Rebel penalty. The drive ended in no score. The game went back and forth. The right side of the Rebel line did an excellent job on the defense while the left side held their own. The Rebels got a break on a fumbled ball on a Warrior punt which set up a Zack Ward TD. The Warriors held the Rebels short of the two point conversion leaving the score 16-14 Honey Grove. Dustin Jones booted the ball deep for the Rebels and was one of the last men able to make the stop on the Warrior return. Jones and Brandon Davis saved a long return for the Rebels. Zack Ward and Dustin Jones got the quarterback sack helping end the Warrior drive. The Rebels regained the ball with seconds left in the third. On 1st and 10 and :11 second left on the clock, Nathan Carroll ran the ball to the Warrior 31 yard line.

The fourth quarter began with the Rebels on a roll. Josh Cabell picked up yardage and a reverse play on the third down saw Chance Wolfe pick up the first down. The drive ended in one penalty after another on the Rebels, Rebel Jeremy Grissom was shook up on a play and the Rebels drive ended on an incomplete pass.

With just over 4:00 minutes left in the game the Warriors took over. Chance Wolfe and Brendon Jones made key tackles for the Rebels and the Warriors were forced to punt. The Rebels took the punt on the 50 yard line with 1:27 left in the game. Zack Ward gained ground for the Rebels but the clock caught up. The game ended in a heart breaking two point loss for the Rebels. Final 16-14 Honey Grove.

The Junior Varsity team took the field to start off with a bang just as the Junior High Rebels had. Brodie Belcher picked up a mishandled ball on the Warrior kick off and ran for 78 yards. A pass from quarterback Cody Wolfe to Ryan Case gained yards and a pass to Michael Galloway saw a big gain returned on the Rebel penalty. Illegal procedure penalties and incomplete passes ended a long drive with no score for the Rebels. On the Warriors first possession of the ball a long run set up a 1st and 10 TD. The extra point was good leaving the Warriors with a 7-0 lead. On the Warrior kick off Rebel Brodie Belcher showed the Rebels can also run when he took the ball into the end zone for the TD. The two point conversion attempt by the Rebels failed. Score 7-6 Warriors. The Rebels kicked off to the Warriors and Cole Warren and Clinton Cheatwood did a good job on the defense making key plays for the Rebs. A Warrior fumble gave the ball back to the Rebs at midfield. Joey Taylor carried to ball to gain ground. Wolfe to Case on the pass added and J.C. King picked up the 1st down. On 1st and 10 Joey Taylor drove in to score the TD. The Rebel two point conversion was stopped and the score stood 12-7 Rebels. On the Rebel kick off Michael Smith made the stop for the Rebels. Joey Taylor chased the quarterback out of the pocket on the second down and the third down drive failed to stop the Warriors due to and unnecessary roughness call on the Rebels. Rebel fans felt the call was unjustified and the Rebel team went to work. Clinton Cheatwood made key tackles for the team and with :09 left in the half Cody Wolf intercepted the Warrior pass. The clock ran out with the Rebels in possession and a score of 12-7 Rebels.

The third quarter saw the Rebs kick off to the Warriors. Bubba Abernathy, Cole Warren and Cody Wolfe made key tackles for the Rebs. The Warriors drove in only to have the TD called back on a holding penalty. Joey Taylor and Coleman Brown put pressure on the Warrior offense and with 4th down and long the Warriors went for the bomb. It was caught and

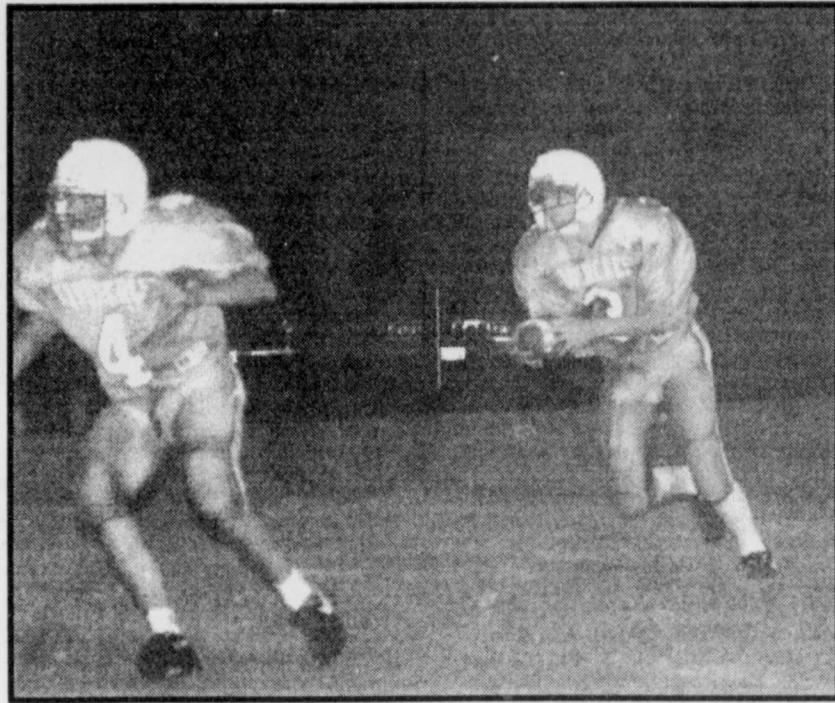

the TD was picked up. The Warrior kick was good and the score stood 14-12 Honey Grove. On the Warrior kick off Brodie Belcher returned the ball to the Warrior 36 yard line where the Rebels began a long drive. J.C. King picked up yards but the Warriors held tight. On the Rebel punt by Cody Wolfe the Warriors fumbled but were able to recover the ball. Ryan Case, Colby Guest, Craig Eudy, Cody Wolfe, Cole Warren and Bubba Abernathy made key Rebel tackles to end the drive and the quarter.

The fourth quarter began with a Warrior punt which was fumbled and then recovered by the Rebs. On 1st and 10 Michael Galloway made an awesome catch from quarterback Cody Wolfe to set the Rebs in gear. Galloway and Cheatwood gained ground but a Warrior interception ended the drive. Coleman Brown made the stop that kept the Warriors from scoring on the interception. The Warriors took over on their own 35 and a big hole in the Rebel line saw the Warriors score and add the extra kick. Score 21-12 Warriors.

On the Warrior kick off again Brodie Belcher made a big 45 yard return for the Rebs. A flag on the Warriors, no gain on 1st and 10, illegal procedure on the Rebels on 2nd down and a small gain on 2nd and 17 saw the Rebels at 3rd down and long. At 3rd and long a pass from Cody Wolfe landed in the hands of Bubba Abernathy who made a 35 yard TD for the Rebels. The extra point conversion was stopped and the score stood 21-18 Warriors.

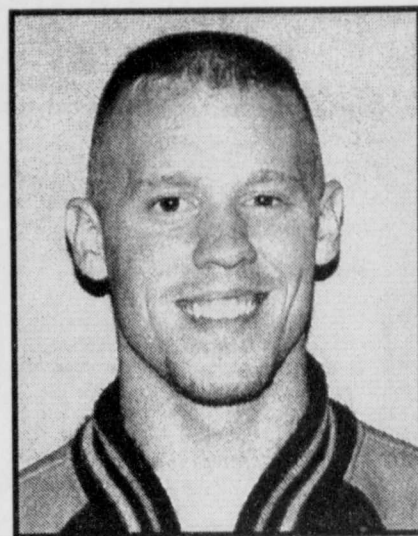

The Rebels tried the on side kick but the Warriors came up with the ball. Michael Smith made a key tackle for the Rebels. The Warriors took over on the 50 yard line and gained 8 yards on the 1st down. The 2nd down saw a Warrior fumble recovered. On 3rd down the Warriors again recovered their own fumble and the 1st down was gained through and encroachment penalty called on the Rebels. Colby Guest, Joey Taylor, Cole Warren and Cody Wolfe made key tackles for the Rebs and Coleman Brown picked up the quarterback sack. A Warrior fumble was recovered by Colby Guest to give the Rebs the ball with little time left on the clock. The Rebs tried the hurry up passes but they fell incomplete and time caught up. Final 21-18.

The Junior High Rebs and JV Rebs will travel to Prairiland on Thursday, Oct. 9 to meet the Patriots beginning at 5:00 pm. Everyone is encouraged to come out and support the teams. Go Rebels!!!!!!

BRODIE BELCHER- receives the ball for the Junior Varsity Rebels and #4 Joey Taylor gets ready to make the block as the Rebels met the Honey Grove Warriors Thursday. The Rebels lost the contest by a slim margin 21-18. Belcher took this reception for a 45 yard return which set up the Rebel TD.

DR. PEPPER PLAY OF THE DAY-this week went to Rebel quarterback, Jody Nolen for his outstanding read on the option play which resulted in the Rebels first touchdown in their game against Honey Grove. Jody is a Senior at RHS. He is the son of Mr. and Mrs. Ricky Nolen of Talco. Great Job Jody!!!!!!

Rebels downed by Warriors 33-16

by Nancy Brown

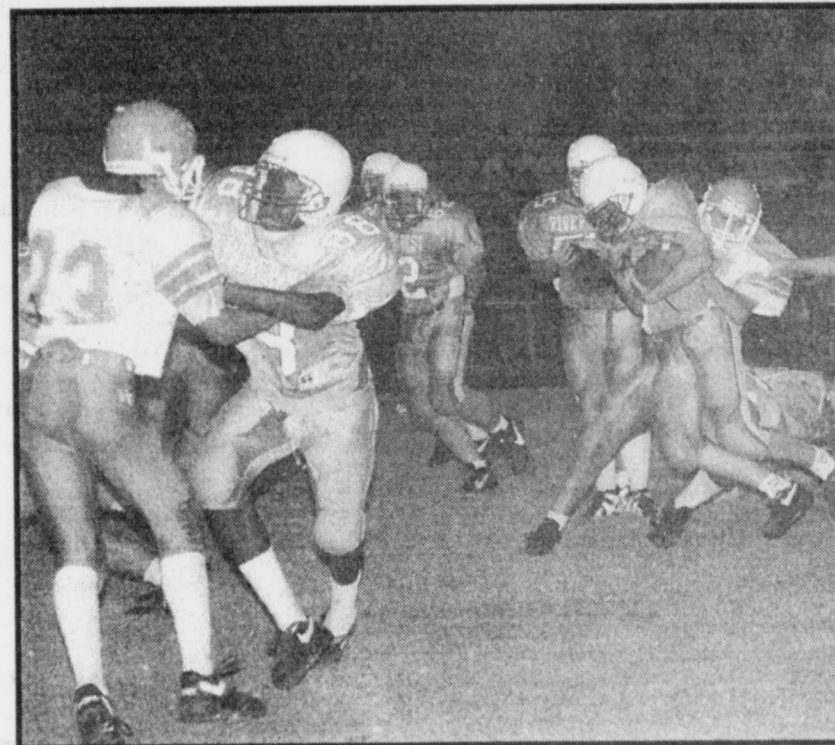

The Rivercrest Rebels traveled to Honey Grove Friday evening for yet another tough game. The Rebels have been consistent in not beginning to compete until the half time buzzer has blown.

The Warrior team on the other hand came ready to play and outscored the Rebels by 26-0 by the half time break. The Rebels could not be credited for good plays in any areas.

The third quarter saw the Rebels return to the field with a different attitude. They stopped the Warrior drive with ease and held the team scoreless for the quarter. Although the Rebels were unable to score in the third, they drove into the end zone after an 80 yard drive early in the fourth. Jody Gray found pay dirt and Jody Nolen crossed the line for the two point conversion. Score 26-8 Warriors and just over 11 minutes left in the fourth quarter.

The Warriors would not be denied the win and scored another TD, plus the extra point to push the score to 33-8. Had the Rebels played the entire game like they did during the final minutes the score would have reflected it. Jody Nolen returned the Warrior kickoff and set the Rebels up at the Warrior 38 yard line. After seven plays in less than three minutes Jody Gray carried the ball in to score and Nolen again added the two point conversion. Less than a minute was left in the game. Time caught the Rebels and the final score stood 33-16 Warriors.

The team will host Prairiland at their Homecoming game on Friday, Oct. 10. Homecoming activities will begin at 7:00 p.m. with the game following at 7:30 p.m. This is a good Rebel team and if and when they get it together their opponents should beware. Go Rebels!!!!!!

JOEY TAYLOR- has the ball for the Rebels as his teammates #88 Michael Galloway, #2 Myron Ellis and #75 Michael Smith open the hole. The Rebels took a slim loss from the Honey Grove Warriors in Thursday's game at RHS.

"LOCALLY OWNED AND OPERATED"

8 Reasons Why You Should Get Your Windshield Repaired Instead Of Replaced

1. **It's FREE** - If you have full coverage, your insurance company will waive your deductible if you repair the windshield. This could save you up to \$250.00 or more!
2. **85% Of Breaks Can Be Repaired** - We can even repair cracks up to 20 inches long!
3. **No Water Leaks** - Because the water-tight factory seal has to be broken when a new windshield is installed, water may leak past the new seal and damage your car's interior.
4. **Safety** - Your windshield was installed with an ultra tight bond that can never be duplicated. A newly installed windshield can pop out during an accident and cause your airbags to malfunction, placing your family at great risk.
5. **100% Lifetime Guarantee** - For as long as you own your car, we'll guarantee our repair will never spread.
6. **Environment** - Because windshield glass can't be recycled, millions of windshields are piling up in our landfills.
7. **Experience** - We've repaired over 2,000 last year alone.
8. **Free Mobile Service** - We'll come right to your home or office. No more wasting time sitting in customer lounges reading 6 month old magazines.

Youth Center discussed at Bogata Lions Club meeting

The Bogata Lions Club met Thursday, October 2 at the Community Center.

The meeting was called to order by Club president, Neil Rozell, the invocation was given by Buck Ramsey and the Pledge of allegiance to the flag was led by Danny Efav. The meal was prepared by Claudia Vickers and Mary Colflesh. Fifteen members and one guest were present.

The minutes of the previous meeting were read and approved as were the financial reports.

Johnny Ragsdill reported on the Youth Center Committee meeting. He reported that sub-committees were formed to look into the many aspects

of such a large job. There are committees to look into the cost of building or finding a building already in existence, survey the children from high school down to the 6th grade, checking into grants, and publicity. The next committee meeting is scheduled for November 6 at 5:00 p.m.

A report was given on the cost of

redoing the floor in the Community Center. After discussing the pros and cons of linoleum and indoor-outdoor carpet. It was decided to use the carpet.

David Rozell was appointed to ask the Park Board about the possibility of building a concrete basketball court in the park.

Pat Spencer suggested a Health Fair as a fund raiser. She was appointed to look into this and report back to the club.

James Wood, a visitor, addressed the club on the problem of children going from door to door in the community selling things for fund raisers. He gave an example of a situation in New Jersey where a child was raped and killed by a man on whose door he had knocked. Mr. Wood asked the Lions Club for support in getting this type of project stopped in the local schools. It was suggested that anyone interested in this should write to members of the school board.

Red River County Commissioner's Report

By Commissioner Ricky Daniels

September was a good month for us. We got some bad places patched up for the winter. Unfortunately, we have got them all but we are still working on them. The weather has been very good for road work and we are making progress. I just wish we could get around to all of the bad places before winter sets in.

This month we hauled 35 loads of oil sand. We hauled the oil sand to the yard in order to have some for patching. We also hauled 4 short loads of white rock to two different mud holes. We also installed 9 culverts this month across roads and in driveways.

In Commissioner's Court this month we accepted bids for a group health insurance coverage for employees, we also appointed James Wood and Naomi Lawler to the Board of Directors of the Red River General Hospital Authority. We authorized

Jack Herrington to negotiate a wage dispute. We also accepted a petition to close a road in Precinct 2, authorized payment to Green Thumb, Inc., approved consolidation of voting boxes for November amendment election, approved resolution to restrict possession of wild animals, accepted a resolution for the collection of a 5% filing fee for basic legal services for indigents, accepted bids on a trailer, handrails and a backhoe in precinct 2. We also approved a salary schedule of the two district courts.

If you have any questions or comments, please feel free to call me at my office at 632-5963 or at my home at 632-4548. I want to say thanks to each one for your patience. I know some have not had anything done to your roads and some haven't had enough done to them, but we are trying to hit the worse places first and come back later to fine tune them. Call me if I can be of any assistance.

CITY MARSHAL, RON CLARK AND OFFICER-Tyler Banister and his drug dog, Clinton, a Belgian Malinois, held a wonderful, informed program at Bogata Community Center, Thomas Park on drug abuse Monday night. The folks in and around Bogata missed a program every parent, grandparent and child who is interested in and concerned about our youth and neighbors and friends should have heard and seen.

Women's Community Ministries meets

The first Women's Community Ministries organization met October 3 at the home of Mikel Haynes in Bogata. This was a planning meeting to begin what is hoped to be a fun, exciting and most of all beneficial endeavor for the community. Those in attendance to help get the ministry off the ground were Neoma Goodman, Glenda Corbell, Mary M. Vaughn, Francis Rozell and Sally Green, all of First Methodist Church. Also in attendance was Angela Rose, representing the First Baptist Church and Mikel Haynes and Wanda Bradley representing the First Assembly of God.

The Women's Community Ministries are excited to announce that their first gathering will be Saturday, November 1 for a brunch at 10:30 a.m. at the First Assembly of God Fellowship Hall. Special guest speaker will be Kathy Casto of Plano, author of "How to Pray for Your Loved Ones" and she will have those books available at the meeting. She will speak on prayer. All the ladies of the community are invited to come out for a day of food and fellowship.

The brunch and seminar are free but a love offering will be taken for Kathy to cover traveling expenses. A nursery will be provided for small children at \$1.00 per child. You are asked to bring a sack lunch for your child.

Registration forms will be available at each of the area churches. There is also a copy of a registration form in this newspaper for your convenience. Please return to the address listed by October 24 so that the brunch may be prepared for. The meeting will conclude at approximately 1:00 p.m. and remember, it's free.

This is a community joint effort. The planning committee has a number of good ideas to better the community and will be bringing these ideas up at later meetings. Some of the ideas include a community food closet, clothes closet and other ways of helping with community needs. Even if you are not affiliated with any area church, you are welcome to come and be part of the new program.

If you have questions, please feel free to call Mikel Haynes at 632-4924, Angela Rose at 632-4851 or Glenda Corbell at 632-5460.

Turner's Lake School reunion planned

The Turner's Lake School reunion will be held Saturday, October 12, at Bogata Community Center. A covered dish lunch will be served at noon. Everyone is invited to come out and enjoy the fellowship.

Equipment needed

The Bogata School P.E. classes are in need of equipment according to Coach James Daughtery. The classes exercise daily but to expand the physical education weights, weigh benches, exercise bikes and any other type of exercise equipment could be used.

A child's physical education is very important in these days of television and Nintendo and those children who do not participate in sports do not always have access to the proper exercise equipment. Anyone interested in donating such items to the school may contact Coach James Daughtery at the Bogata School. All donations will be greatly appreciated and put to good use.

How the Other Half Loves to be presented

Rehearsal are under way for Paris Community Theater's second production of the season "How the Other Half Loves" by Alan Ayckbourn, opening October 23 and running through November 2. Produced by special arrangement with Samuel French, Inc., the two act play gives us a few lessons in life, love and relationships.

From Thursday morning through Sunday morning you'll have to hold on to your hats for the Fosters and Phillip's get the Detweilers involved in a zany comedy of infidelity-cover-up. The simple set over-laps two dwellings and characters walk next to each other without ever acknowledging the nearness. Frank Fosters heads a department but just can't seem to do two things at once. Fiona Foster has had a little episode with Bob Phillips who works in Frank's department. Teresa Phillips is frustrated with a lack of a goal and having to take care of a baby. To explain why he was out until 3 a.m. Bob tells Terry he was counseling with William Detweiler whose wife is having an affair. Fiona tells Frank she was help-

ing Mary Detweiler whose husband was having an affair.

The Foster's and the Phillips' invite the Detweilers to dinner, one on a Thursday night and the other on Friday night and that is where the audience must really be on their toes, for the dinners take place at one table and at one time. You'll just have to come see the show and how the author works this riotous dinner, bringing the mix up to a close.

The cast consists of Lisa Martin of Blossom portraying Fiona Foster, Newcomer Lia Bauer of Paris playing Teresa Phillips; Dr. Fred Williams of Paris playing Fiona's husband Frank Foster; Brent Dollins of Paris as Bob Phillips and Gerald and Dorinda Gerrard as William and Mary Detweiler.

The show opens October 23 at 7 p.m. with 8 p.m. performances on October 24th, 25th 31st and November 1st; and matinee performances on November 2nd at 2:00 p.m. For tickets or reservation information contact the Paris Community Theater Box Office, 784-0259 weekdays 1-5 p.m.

Rebel Junior Varsity travel to Cooper

The Rivercrest Rebel Junior Varsity met the Cooper Bulldogs for battle last Thursday, and what a battle it was!

The Rebels took the kick off but were unable to put the ball into the end zone. Following several opportunities to score the Bulldogs held strong.

The game was a defensive game for both teams and neither gave ground without a struggle. The Rebels held the Dogs scoreless but were unable to come up with their own score and the first half ended 0-0.

Both teams entered the second half with determination. The game saw-sawed until the Dogs got a lucky break and were able to get into the end zone for 6 points. The score shook the Rebels and the Dogs added the two point conversion. Score 8-0 Bull-

dogs.

In the final minutes of the game the Rebels again held the Dogs from scoring but could not come up with a score. Time ran out with the Rebels in good position. Final Cooper-8 Rivercrest-0.

Key plays were made defensively by Myron Ellis, Brodie Belcher, Bubba Abernathy, Ryan Case, Joey Taylor, Shane Crabtree and the entire Rebel team made the game a truly exciting one.

The Rebels will play host to the Honey Grove Warriors on Thursday, Oct. 2. Everyone is invited to come out and support the team beginning at 7:30 pm. The Rebel Junior High will play prior to the JV beginning at 5:00. Come out and support our young teams. Go Rebels!!!!!!

NOTICE OF RATE DECREASE REQUEST

On July 31, 1997, Texas-New Mexico Power Company ("TNMP") filed the TNMP Transition Plan in accordance with the regulations of the Public Utility Commission of Texas. The proposed effective date of such change is January 1, 1998. The period of the TNMP Transition Plan is five years (the "Transition Period"), beginning on the proposed effective date and ending on December 31, 2002. All classes of customers receiving service from TNMP will be affected by said proposed rates. TNMP serves approximately 170,000 customers in Texas. The proposed rates for all of TNMP's Texas operations over the transition period will decrease gross revenues to the Company with respect to current revenues. The reductions will occur January 1, 1998, January 1, 2000 and January 1, 2002 in the approximate amounts of \$4.5 million, \$3.6 million and \$3.6 million, respectively. The total expected decrease over the five-year Transition Period is approximately \$11.7 million.

The purpose of this filing is to obtain approval for the TNMP Transition Plan which will achieve an orderly transition to competition in the electric utility industry. The TNMP Transition Plan has five primary components:

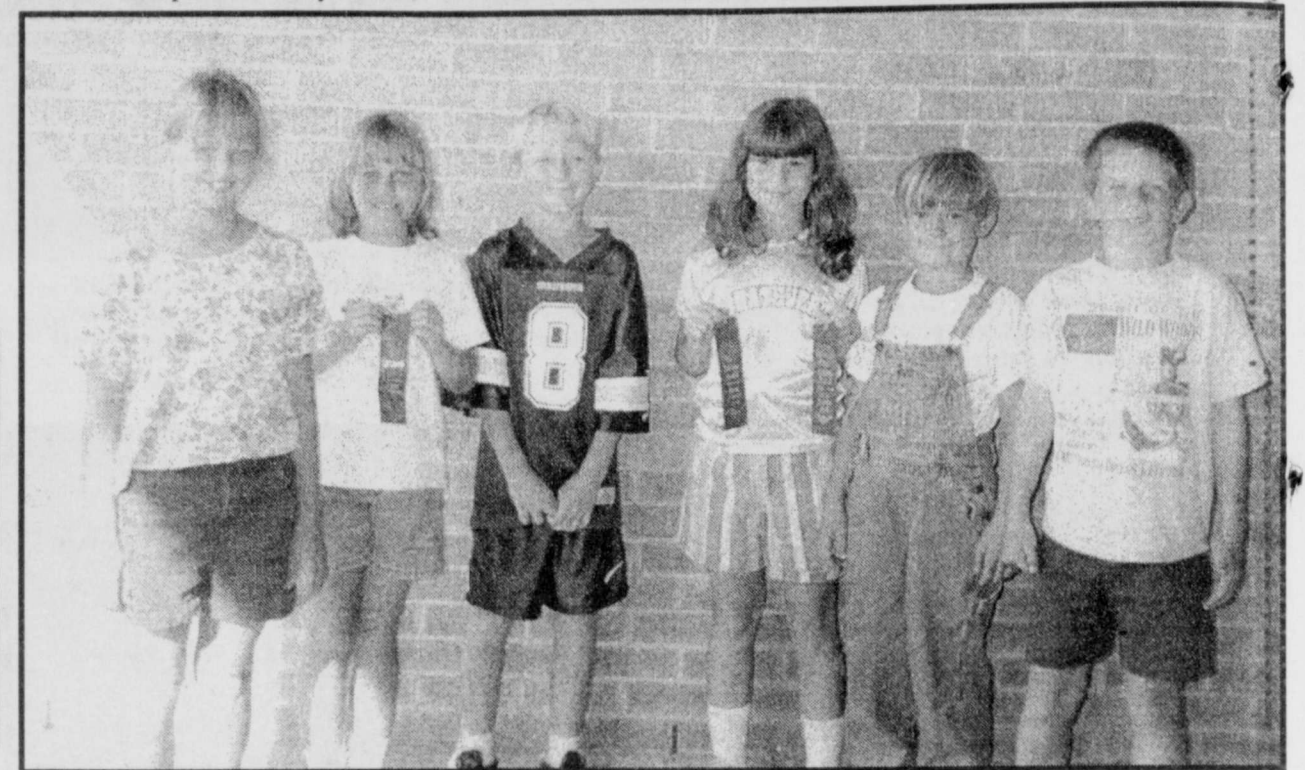

- (1) A five year Transition Period, beginning January 1, 1998.
- (2) Rate benefits to customers, including rate decreases for residential and commercial customer class, a rate freeze for industrial customers and the elimination of the Power Cost Recovery Factor (PCRF).
- (3) Recovery of Excess Costs Over Market (ECOM) through:
 - (a) accelerated depreciation and a lower rate of return on equity for TNP One ECOM;
 - (b) creating a regulatory asset by redirecting the recovery of depreciation on transmission and
- (4) Choice of electric energy suppliers, open access, and unbundled service prices by January 1, 2003.
- (5) Quantification of actual ECOM at the end of the Transition Period with either a refund of any over-recovery of ECOM or the implementation of a Competitive Transition Charge (CTC) to recover any remaining ECOM over a five-year period (Post-Transition Period).

During the Transition Period, TNMP will have a fair and reasonable opportunity to reduce expenses, mitigate its purchased power costs, and reduce the "stranded costs" associated with TNP One, TNMP's generating plant.

A complete copy of the requested rate filing package is on file with the Public Utility Commission of Texas. You may inspect a copy of the filing during normal business hours at the business office of Texas-New Mexico Power Company in your area.

Persons who wish to intervene in or comment upon these proceedings should notify the commission as soon as possible, as an intervention deadline will be imposed. A request to intervene or for further information should be mailed to the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326. Further information may also be obtained by calling the Public Utility Commission's Office of Consumer Affairs at (512) 936-7120. Hearing-and speech-impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136. The deadline for intervention in the proceeding is 45 days after the date the application was filed with the commission.

DEPORT and BOGATA Volunteer Fire Departments begin extinguishing a grass fire at Fulbright which threatened a house and several other structures, and burned off a large number of acres. It took several hours to bring the blaze under control. In addition to Deport and Bogata VFDs Detroit VFD and the Forest Service were required to handle the huge fire. Rain this week was much needed and hopefully will cut down on the serious fire danger dry conditions have presented recently. (Staff Photo by Nanalee Nichols)

BOGATA SCHOOL LIBRARIAN-Linda Gray uses the new automated library computer system to check out books to **Chris Shirley, Chelsea Alford, Coty Townes, Dustin Perry and Ethan Meredith.**(Staff Photo)

Bogata School Library is automated

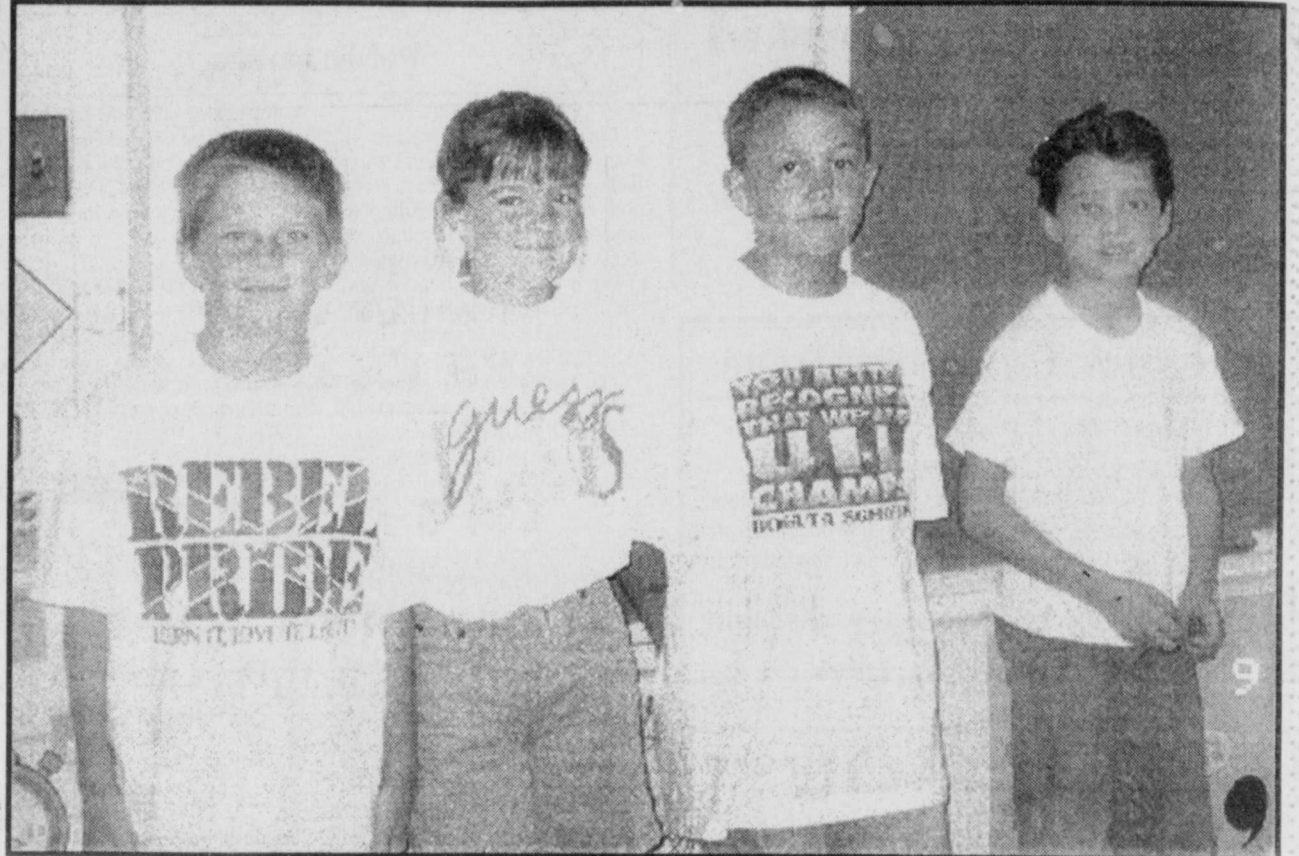

Thanks to the efforts on many, Bogata School Library was tremendously improved this summer. Genesis, an automated computer system was installed. This system makes keeping track of library books so much easier by limiting how many books a student can check out, keeping track of overdue books, letting one know at the touch of a button who has a book, etc.

The system was purchased by several groups. The Bogata Parent-Teacher Organization paid for half of the program (approximately \$1,777)

with profits from their fund raisers such as the Harvest Festival. The school board and administration agreed to pay \$1,000. The remaining \$777. was paid by two groups of students. Mrs. Ginger Jordan's fifth grade class of '96-'97 donated \$500.00 to the library from their sale of cookies and that gift was used. The remainder was paid from funds raised in '96-'97 from an annual fund raiser the students participate in to support the Accelerated Reader program.

Mr. DeWayne Stephens, Jr. technology director for the school district, brought some older computers out of storage and installed the Accelerated Reader program on them to free up some newer computers for the use of the automation program.

Mrs. Margaret Fowler, Rivercrest Librarian, and Mrs. Linda Gray, Bogata Library aide were hired to place bar codes on all the books and enter them in the computer this summer. The system is working very well and should cut down on lost library books as well as slow circulation of books. It has already proved to be a great help and is very much appreciated by the library staff as well as the students.

MRS. STRAWN'S FOURTH GRADE-math students at Bogata Elementary School participate in a weekly math contest to enter and move ahead in certain categories. The ultimate goal for the year is to reach "all around champion." Pictured are **Josh Nailling, Dustin Perry, Keith Williams and Sarah Hare,** who are the top runners to date with Keith Williams in the lead.
