A new insight into  
several old ideas

Last Thursday I attended a book club program on "Children with Learning Disabilities". The program featured a video that I think almost everyone should watch, whether they deal with a learning disabled child or not.

Called "How Difficult Can It Be", the video places adults into situations that make them feel much of the frustration, tension and fear children with learning disabilities feel.

Two things really caught my attention.

One was when the group was presented with a grainy, black and white photo. Not a single person could identify what the image was.

The "teacher" zeroed in on one particular student. "Carol" he roared! "look at the picture harder!" Of course, she still couldn't identify the photo.

He reached into his pocket and produced a check for \$100.

"Everyone knows that all you have to do to motivate a student...right" he announced.

"Carol, if you can tell me what the photograph is I'll sign this \$100 over to you".

Of course, poor frustrated Carol couldn't tell him what the picture was of....it simply wasn't possible.

He began to snarl at her, insult her and threaten to take away her privileges if she didn't properly identify the photo.

None of it did a bit of good, of course, because Carol wasn't capable of doing the task set before her.

The man then put a clear plastic sheet with a brief outline sketched on it. Instantly a cow's face sprang into view. When the sheet was removed it was still simple to see the cow!

In other words, with the proper instructions and assistance, the problem became simple. But how many times have we all done the "try harder, if you'll do it I'll give you something...if you don't do it you'll be punished" routine?

He pointed out that it doesn't take long before a child will cease to even try under these conditions.

And finally, he mentioned something that applies to every day life.

He said "I don't want to hear a teacher say "I can't give that learning disabled student a lot of extra attention, it wouldn't be fair to the other children".

It sounds reasonable. But the instructor pointed out that the REAL definition of fair is not "everyone gets equal" but that "everyone gets what they need".

Somewhere along the line we have come to think that fair does mean equal, but it doesn't. As an example, if I was not hungry and someone else was hungry, would it be fair for me to get the same amount of food? Of course not!

Both of these points I intend to take to heart in my personal life. Because if you think about them very long, it's evident that both of these little lessons can apply to everyday life, to all people, not just children who have learning disabilities.

## Gas rates to increase

The Bogata City Council heard from Roy Sparks, manager of Lone Star Gas Company in their meeting Monday night about the change to the rates for natural gas service in Bogata. Their last rate increase in Bogata was in April, 1989. This increase is to allow them the recovery of their expenses and to provide a reasonable return on their investment. After a discussion, the council voted to defer this increase for 90 days.

The Fire Department members reported that their roof is leaking. Council voted to have John Duke to check and repair the roof. They also voted to purchase locking gas caps for all vehicles at the fire station. The members also announced that they will have a hamburger supper and pie action on Saturday, October 25 at 6:00 p.m. at the Elementary School Cafeteria. They invited everyone to come out and support their efforts. The council also agree to allow the fire department to hold their meeting

in the Community Center until their roof is repaired.

They approved two bills for repairs on the rescue van at a cost of \$521.28.

They also approved the purchase of a new edger, approximate cost \$299, and the purchase of a new trimmer-weedeater.

They approved the budget for 1997-98 as amended.

They also approved paying the mayor's expenses to attend a meeting in Texarkana on Oct. 24 about funding for various projects. They also approved a resolution to appoint W.T. Harbison to the Red River Appraisal District Board of Directors for another term of two years.

Randy Travillion, Water Superintendent told council that the sewer plant lab new shingles and paint. Council agreed to this. Water Department will furnish labor.

The mayor told the council about a letter from the City of Whitewright

concerning forming a coalition of Texas-New Mexico Service Area cities to show support of the Transition to Competitoin Plan, but no action was taken.

The mayor also announced that all locks on doors, gates and the park are being changed and that Freddy Booker has begun working with the City Marshall.

A letter was read inviting members to an Open Meetings Workshop in Daingerfield at 1:30 p.m. on October 16.

Minutes of previous meetings were read and approved, bills and final water bill accounts were also approved.

HOMECOMING QUEEN-Brooke Belcher was crowned Rivercrest Homecoming Queen Friday, Oct. 10 at Rivercrest stadium. She is pictured with her father and escort, Sonny Belcher and last year's queen, Jana Weatherall who presented Brooke with her crown and bouquet which was donated by Main Street Florist in Bogata. Dear Editor:

I would like to respond to a recent letter to the editor.

I did not call the First Responders, or the Fire Department or the City Marshal when I called for the ambulance. I called only for an ambulance. There was already a registered nurse in attendance and she had been there for some time. My wife had fallen and simply needed transportation to the hospital.

When the First Responders arrived I told them that everything was under control and they were not needed. They informed me that they had to go into my house and I told them no.

The second time they insisted they had to go into my house I informed them a little more firmly that they could not go in my house.

The letter stated that "everybody who owns a scanner probably got the message " must be true, for most of them showed up in front of my house!

As far as supporting the First Responders, I used my personal car and my time and gas looking for and locating a metal building to keep the ambulance in. I was able to purchase a building, have it dismantled, hauled to Bogata and reassembled and modified-widening the doors and adding two feet to it's length so it would fit the ambulance. It was set up on concrete. This was paid for by the City of Bogata. I am a member of the city council, and supported the project.

The question I would like to ask is why everybody was notified to respond to a simple call for an ambulance only? I think that's the rest of the story!

This week's cook comes to us from the community of Woodland, eleven miles outside of Detroit. She is Dell Garrett and her husband is J. E. Garrett. They have been in this community for around eight years. She, being retired from the Atlanta School District and he retired from the Red River Army Depot. Mrs. Garrett was employed as assistant manager to the food services, so she was involved with the planning and ordering of food for a large group.

They have three children, two daughters and a son. Wanda Bailey lives in Marshall and has two sons, James and Lance. Marla Fouse is married to Vick and they live in Texarkana. Glenn Shelby lives in Austin. His wife is Juanita and they have a daughter Stacy. They had a family reunion this past Saturday and everyone was able to come in for it.

Mr. and Mrs. Garrett are members of the Woodland United Methodist Church. They have seen the church grow from an attendance of only five to over fifty with five Sunday School classes.

The ladies of the community meet each Wednesday in the fellowship hall as members of the Sharing and Caring Friends Club. They quilt all day, while stopping to visit over lunch.

Mr. and Mrs. Garrett enjoy fishing and doing things together. They check in on older residents of the community to make sure they are all right and see if they need anything.

One of her favorite dishes to make is Irish Stew and a nice hot pan of cornbread. Especially with the weather cooling off like it has. I noticed in her kitchen she has

several shelves full of canned fruits and vegetables, so she keeps busy with a lot of projects.

She also enjoys making homemade soaps. Mrs. Garrett also makes the kind that is cooked in an iron washpot, but found this recipe for the no-cook variety. She had just made a batch and sent some home with me. She enjoys giving it away to friends and family. Her recipe is pure white, but can be colored or a fragrance added.

I enjoyed my visit with Mrs. Garrett and hope you enjoy her recipes.

**Mock German Chocolate Cookie Bars**-This recipe is a simple version of the favorite German Chocolate Cake.

**Asparagus Casserole**-sounds like an interesting recipe using English Peas, onions and asparagus.

**Meat Ball Sauce**-this tomato flavored sauce would be great over spaghetti on a cool autumn day.

**Sausage and Biscuit Tidbits**--These tasty morsels would be just perfect as a halftime treat for a night of football watching on television.

**Sassafrass Jelly**-This recipe is actually made from the sassafrass root and Mrs. Garrett says that it is so clear that you can see right through it! Just boil the roots in water. It makes a nice spicy jelly that is very good with meats.

**Pecan Pie**-it is getting pie baking weather as the temperature drops and cool weather sets in. An old favorite using white Karo, butter, eggs, sugar and pecans.

**Homemade Soap**-This is the recipe Mrs. Garrett uses for her home-cooked homemade soap. It is so simple that anyone can make it.

**COOK OF THE WEEK** is Dell Garrett of Woodland. She is pictured here with some of the homemade soap that she prepares for friends and relatives.

**Tinsel and Tidings still has booths available**

Artists and crafters who would like to display and sell their items at the 10th Annual YWCA Tinsel and Tidings are invited to make application to the YWCA, according to Penny Davis, volunteer Chairwoman of the event.

Tinsel and Tidings will be at the Love Civic Center from 10:00 a.m. until 5:00 p.m. on Saturday, November 22, 1997.

The on-time deadline for registering for booth space at the event is October 20, according to Ms. Davis. However, applications will be accepted on a space available basis up until the day of the event.

"Our goal is to provide a good mix of booths for people to enjoy," said Davis. "In the past we have had booths which sell everything from clothing to customized photo albums, silver jewelry to home furnishings and decorations."

Tinsel and Tidings is the second largest fund-raiser for the YWCA with proceeds going to fund its annual community service programs. For more information, please contact the YWCA at 903-785-5221. The YWCA is a United Way agency.

**Red River County Roots**

**8 Reasons Why You Should Get Your Windshield Repaired Instead Of Replaced**

- It's FREE** - If you have full coverage, your insurance company will waive your deductible if you repair the windshield. This could save you up to \$250.00 or more!
- 85% Of Breaks Can Be Repaired** - We can even repair cracks up to 20 inches long!
- No Water Leaks** - Because the water-tight factory seal has to be broken when a new windshield is installed, water may leak past the new seal and damage your car's interior.

- 100% Lifetime Guarantee** - For as long as you own your car, we'll guarantee our repair will never spread.
- Environment** - Because windshield glass can't be recycled, millions of windshields are piling up in our landfills.

## Rebels gain homecoming defeat over Pats

Friday, Oct. 10 was the Rivercrest Homecoming and the evenings activities began with the crowning of the Homecoming Queen. Nominees for the title were Seniors Brooke Belcher, Tasha Brown, Mallory Chaloner and Kristi Hines. Winning the title for the 197-98 school year was Brooke Belcher who was crowned by last year's queen, Jana Weatherall.

Following the crowning of the queen, Rebel team captains, Jody Gray, Jody Nolen, Jared Guest and Dustin Wolfe met with the Prairiland Patriots captains for the toss at mid-field. The Rebels won the toss and elected to receive. The Pats kicked off to the Rebs who turned the ball over on downs and the Pats went to work. Taking a short time the Pats drove downfield but the Rebels held them out of the end zone. The Patriot kicker split the uprights for the first score of the game, 3-0 Pats.

The evening was thick with penalties and the Rebels received more than their share. The Pats kicked off to the Rebs who received an un-sportsmanlike conduct call and incomplete passes move them either back or for no gain. On 4th down and 23 the Rebels received a break when roughing the kicker was called on the Pats. The break went nowhere as the Rebels fumbled the ball which was

recovered by the Pats. Time ran out in the first and the second quarter began with the Pats in control and on the Rebel 38 yard line. The penalties began to shadow the Pats. An illegal receiver downfield call, an illegal procedure call and a pass broken up by Jody Gray ended the Pat drive. Jason Freelen took the deep Patriot

punt and was downed on the Pat 35 yard line. The Rebel drive ended on downs after an illegal procedure call and a pass on the fake punt by the Rebs did not gain enough yardage. The Pats took over on their own 48 yard line. Jason Freelen broke up a Pat pass but a hole in the Rebel line let the Pats move in. The Rebs held the Pats for three downs and goal but a Patriot pass got in on 4th and goal and the extra point kick was good. During the drive the Rebels had received two penalties which helped the Pats in their drive. Score 10-0 Patriots. With 3:34 left in the half the Pats kicked off to the Rebels. Brian Giles took the kick and was upended following a good run back. The Rebs again had the flag thrown on a personal foul. On the third down quarterback, Jody Nolen connected with receiver, Brian Giles to set the Rebels up for the score. A pass from Nolen to Freshman starter, Keith Hines picked up the Rebs and the extra point kick was wide to the left. The Rebels kicked off to the Pats with just over one minute left in the half. Following a delay call on the Pats and some good Rebel defense the Pats were forced to punt. Rebel Aaron Martin flew in to block the Patriot punt giving the Rebels the ball but without time to score. The half time score stood 10-6 Prairiland.

The teams returned to the field for the final half and the third quarter was pretty much a tie. No score was made by either team as they battled to move in to the end zone.

Early in the 4th and final quarter Rebel, Aaron Martin with the help of Scott Davidson blocked a Pat punt and the Rebels took over. The Rebels Jody's went to work, that is Jody Gray running back and Jody Nolen quarterback with the help of the Rebel line. The line opened the holes for Gray who carried the first three downs to gained 9 yards and the quarterback sneak by Nolen saw a Rebel score. Score 12-10 Rebels. Gray carried the ball in for the extra points and the Rebels had the lead for the first time in the game. Score 14-10.

With just under 8:00 minutes left in the game the Rebels kicked off to the Patriots who failed to move the ball. A fired up Rebel defense was the total cause. The Rebs took over and a pass to Giles gained a 1st down and goal. On second and goal, Nolen sneaked in for another Rebel TD. 20-10 Rebels. Nolen also gained the two point conversion on a quarterback keeper to up the score 22-10 Rebels.

Only 3:55 remained in the game as the Rebels kicked off to the Patriots. Keith Hines and Jason Freelen made key tackles for the Rebs as did Brian Giles, Jerad Guest and Jody Gray. Hines ended the Patriots hopes with an intercepted pass and the Rebels took over to control the ball until there were only :10 seconds on the clock. The Pats did their best to score but the time ran out. Final 22-10 Rebels.

The Rebels will travel to Chisum on Friday, Oct. 17 where they are in a must win situation to stay in the district race. Everyone is encouraged to come out and support all the Rebels teams. Go Rebels!!!!!!!!!!!!

## Rebel Junior Varsity defeated 0-6

The Rebel Junior Varsity traveled to Prairiland Thursday, Oct. 9 to take on the Patriots. Despite the pouring rain the Rebs moved the ball well and the Rebel defense held off advances by the Pats. The first half ended with a 0-0 score.

The third quarter saw the Pats able to use the run for 6 points. The Rebels defense held tight and the Pats were refused the two point conversion.

During the fourth quarter the Rebels tried hard to find the end zone but fell short each time. The team never gave up and Myron Ellis was

able to pick off a Patriot pass to make a great effort to find the scoring line.

Time ran out on the Rebels with them taking the loss. Rebels-0 Pats-6. Great efforts were made by Cody Wolfe, Coleman Brown, Joey Taylor, Colby Guest, Michael Smith, Myron Ellis and the rest of the Rebel team.

**NOTICE OF RATE DECREASE REQUEST**

On July 31, 1997, Texas-New Mexico Power Company ("TNMP") filed the TNMP Transition Plan in accordance with the regulations of the Public Utility Commission of Texas. The proposed effective date of such change is January 1, 1998. The period of the TNMP Transition Plan is five years (the "Transition Period"), beginning on the proposed effective date and ending on December 31, 2002. All classes of customers receiving service from TNMP will be affected by said proposed rates. TNMP serves approximately 170,000 customers in Texas. The proposed rates for all of TNMP's Texas operations over the transition period will decrease gross revenues to the Company with respect to current revenues. The reductions will occur January 1, 1998, January 1, 2000 and January 1, 2002 in the approximate amounts of \$4.5 million, \$3.6 million and \$3.6 million, respectively. The total expected decrease over the five-year Transition Period is approximately \$11.7 million.

The purpose of this filing is to obtain approval for the TNMP Transition Plan which will achieve an orderly transition to competition in the electric utility industry. The TNMP Transition Plan has five primary components:

- (1) A five year Transition Period, beginning January 1, 1998.
- (2) Rate benefits to customers, including rate decreases for residential and commercial customer class, a rate freeze for industrial customers and the elimination of the Power Cost Recovery Factor (PCRF).
- (3) Recovery of Excess Costs Over Market (ECOM) through:
  - (a) accelerated depreciation and a lower rate of return on equity for TNP One ECOM;
  - (b) creating a regulatory asset by redirecting the recovery of depreciation on transmission and

distribution assets to the depreciation of TNP One ECOM; and  
 (c) setting an earnings cap and applying any earnings in excess of the cap to the depreciation of TNP One ECOM.

- (4) Choice of electric energy suppliers, open access, and unbundled service prices by January 1, 2003.
- (5) Quantification of actual ECOM at the end of the Transition Period with either a refund of any over-recovery of ECOM or the implementation of a Competitive Transition Charge (CTC) to recover any remaining ECOM over a five-year period (Post-Transition Period).

During the Transition Period, TNMP will have a fair and reasonable opportunity to reduce expenses, mitigate its purchased power costs, and reduce the "stranded costs" associated with TNP One, TNMP's generating plant.

A complete copy of the requested rate filing package is on file with the Public Utility Commission of Texas. You may inspect a copy of the filing during normal business hours at the business office of Texas-New Mexico Power Company in your area.

Persons who wish to intervene in or comment upon these proceedings should notify the commission as soon as possible, as an intervention deadline will be imposed. A request to intervene or for further information should be mailed to the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326. Further information may also be obtained by calling the Public Utility Commission's Office of Consumer Affairs at (512) 936-7120. Hearing- and speech-impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136. The deadline for intervention in the proceeding is 45 days after the date the application was filed with the commission.

Lorie Harris

### Harris is national award winner

The United States Achievement Academy announced today that Lorie Harris from Midlothian, has been named a United States National Award winner in Honor Roll and leadership.

This award is a prestigious honor very few students can ever hope to attain. In fact, the academy recognizes fewer than 10% of all American high school students.

Lorie Harris, who attends Midlothian High School was nominated for this award by K. McKee, a counselor at the school. Loris will appear in the United States Achievement Academy Official Yearbook, which is published nationally. Winners should be congratulated and appreciated for their dedication and excellence.

Lorie is the daughter of Mike and Gail Harris of Midlothian and the granddaughter of Coy and Dorothy Coker of Bogata.

INTEREST HAD BEEN EXPRESSED-in having art classes after school to aid Bogata Elementary artists to finish an art project for entry in the Clarksville County Fair. Approximately 53 students from grades 1-5 enthusiastically tackled the task of a crayon, pastel or pencil drawing. For many it was their first attempt at drawing in pencils or pastels. Great results were achieved. The following students participated in the Art division at the fair: Cheyenne Williams, Taylor Anderson, D.J. Gentry, Jordan Stafford, Cortney Merchant, Brian Hays, Lauren Beers, Collin Alford, Sarah Hare, Lee Jordan, Stacy Borders, Koren Hawkins, Justin Exum and Paul Green.

A large thank you goes to the parents of these young artists for giving their support, seeing that each picture was framed for hanging and delivering the picture to the fair. (Staff Photo by Judy Screws)
