There's only a 8 year
window for perfection

I think we have a problem. We're all getting old. But I don't know how to solve it because there are other problems that come from getting younger employees! You see, all of us here at Thunder Prairie are about the same age. And that age is an age when we begin to have more brain cells die than are replaced. We tend to forget things we used to always remember. We have to make notes where before we just committed things to memory. We throw things away and then have to go back and dig in the trash.

One of us will turn to the other and exclaim, "don't you remember when so and so talked to us that day and said to do such and such". The other then looks blankly back and denies every having seen "so and so". Then, four or five hours later someone will say "Ohhhhh yeah, I vaguely remember. I made a note of it here somewhere." Then we begin looking for the note, which we have trouble finding.

In our 40s we never had any of these things happen to us.

But, we have two young people working for us. They are good workers...but easily distractible. Their minds are on dates, parties, anything that qualifies as fun.

Also they don't know much about all five towns. That means they don't know automatically that (for an example) Red River Genealogy goes in all five while other things do NOT go automatically in all five.

So the very young don't make the perfect employee either.

Then, I began recalling what it was like when we were all here and in our 30s. We were pretty distractible too. In our 30s there were gatherings, children, houses to build, many things that kept us from being "perfect" at our jobs.

That leaves our 40s. In our 40s, (yes, some of us are still there, but barely) things all came together. We were dedicated, energetic, never forgetful.

It didn't last long. Now those middle-aged-forgetful-low-energy days stretch out in front of us.

In other words, there is about an 8 year window for perfection!

It looks as if we should have only people in their early 40s working here. But then, they would make ME look old and stupid!

Oh well, I am told by older people that things won't be getting much better. It's taken a little while to learn, but now we make NOTES. If we can remember where we put them.

New air and water regulations may affect Bogata and surrounding area

By Wendell Davis
City Public Works Director

Changes in water regulations and air regulations are coming to the front, being pushed by the TNRCC (Texas Natural Resource Conservation Commission). New regulations on air quality in the Metroplex areas are going to start affecting larger areas of Texas that was previously exempt from such regulations and enforcement. Bogata is classified in the same area of the state of Texas as bigger cities such as Tyler, Longview and Marshall.

A more regional approach is being proposed by the TNRCC to combat ozone pollution. Some proposals include expanding the tailpipe vehicle emissions testing from 8 counties in the Metroplex area to a 12 county area. The City of Greenville will be included in this area. This strategy is designed to reduce Nitrogen Oxide-NOx emissions, which come from combustion sources ranging from your vehicle to power plants, are being targeted by the TNRCC. Other recommendations include lower speed limits in the 12 county non-attainment area, cleaner gasoline and even lower sulphur diesel fuel, electrification of ground support equipment at DFW Airport, Love Field, Meacham Field and Alliance Airport and an ozone season ban on early morning operation of heavy duty construction equipment. Other proposals will also include the sale of improved hot water heaters that use natural gas or butane for fuel, as they are also a source of Nitrogen Oxide emissions. A vehicle scrappage program for older vehicles is also being proposed.

These measures will affect our area sooner than we may have anticipated. A public meeting was held on Wednesday, January 26, 2000 at Longview City Hall. In attendance was Wendell Davis, Bogata Public Works Director, city officials and state representatives from the Tyler, Longview and Marshall areas voiced their concern to mainly the use of a gasoline additive called MTBE, being used as an octane booster. MTBE, which we will cover more in the next update from Bogata City Hall, is very dangerous to drinking water, especially well water, which is Bogata's sole supply. Right now, reformulated gasoline, containing MTBE is only used in the 8 county area in the non-attainment Metroplex area, in a 1 or 2 percent by volume of the gas.

Use of MTBE may go up to as much as 15 percent of gasoline supplies. Contamination of some lakes, such as Lake Lewisville, have already been documented. Prospects for contamination of well water seem even worse. In lakes, some MTBE may evaporate through the surface, but in an aquifer (water bearing layer) entrapment of the chemical occurs. MTBE being water soluble is difficult, if not impossible to remove. Water contamination of wells in the State of California where MTBE has been used has increased at an alarming rate. EPA has been rethinking MTBE but the TNRCC does not at this time have any restrictions on the use of this chemical. The only thing that seems to be of any value is if contamination occurs in our water supply, the result will be water that tastes like drinking TURPENTINE!

More information on MTBE will be forthcoming in later City Hall updates. Let your elected officials know you do not want your drinking water contaminated. This threat is very real and the amount of MTBE required to contaminate a water source is very small. By example, Lake Cypress Springs contains (when full) approximately 23.8 billion gallons of water. Only 800 gallons of reformulated gas can contaminate this entire amount of water.

Any questions or comments will be welcomed at Bogata City Hall or call 632-5315. We will be glad to answer your questions.

Museum/Library board meets

The Bogata Public Museum and Board of Directors met Thursday, February 3 at the United Methodist Church fellowship hall.

Attending were James Gaddis, Mike Garretson, John M. Howison, Miriam Stephenson, June Stanley, Eleanor McCluer, Mary Margaret Vaughan, Kathy Stringfellow and Denise Wood.

A number of interesting ideas were discussed regarding maintaining the excitement and anticipation of the museum/library. Various ideas will be available in the future in newspapers

and other media.

One thing was for sure, the Board is unanimous in their enthusiasm and fully expect this enthusiasm to flourish within the community.

Donations are already exceeding early expectations. At the same time, any donations of current and former citizens of the community are encouraged and vitally needed. Please remember any new or used books may be delivered to City Hall.

Monetary donations may be mailed to P.O. Box 508, Bogata, TX 75417.

Council to meet February 14

The Bogata City Council will meet February 14 at 7:00 p.m. at City Hall for a regular meeting.

Staff reports from the water superintendent, fire department and police chief will be heard.

Discussion and possible action will be taken concerning a resolution allowing the Main Street Florist van to park on FM909; also updating the City Employee Handbook; and possible action on the fire siren.

In new business, discussion and possible action will be taken on the following items: public hearing requested by Jackie Clark referring to Ordinance 98-09, junk vehicles; public hearing requested by Lyle Williams referring to Ordinance 98-09, junk vehicles; confirmation and appointment of creation of a crime control and prevention district's board; transferring of funds from the court account, police grant account and 1999 surplus to the general fund; recent sewer stops and installation of clean-outs; announcement of May 6, 2000 election for Mayor and two council positions; surplus funds to be used for street repair; actions of council members Harbison, Crane, Osborne and Spencer of their recent decision made outside a council meeting to allow water superintendent Wendell Davis to attend a meeting in Longview after the Mayor told the superintendent not to attend due to other priorities in the City; disciplinary actions of Wendell Davis, Joel Jeans and Robert Lewis for insubordination; purchase of new computer for court clerk with money from \$2 added on fee from fines; clarifying decision made on paying overtime; part time help, approx. 2-3 days a week, to get files in order; designating two parking spaces for city secretary and assistant; replant evergreens at City Hall, weeds; change time for printing agenda; control of the Texaco credit card.

dent Wendell Davis to attend a meeting in Longview after the Mayor told the superintendent not to attend due to other priorities in the City; disciplinary actions of Wendell Davis, Joel Jeans and Robert Lewis for insubordination.

In Executive Session, the council will convene under Article 6252-17, Vernon's Texas Civil Statutes, to discuss personnel. Items to be discussed in this session are actions of Councilmembers Harbison, Crane, Osborne and Spencer of their recent decision made outside a council meeting to allow water superintendent Wendell Davis to attend a meeting in Longview after the Mayor told the superintendent not to attend due to other priorities in the city; and disciplinary actions of Wendell Davis, Joel Jeans and Robert Lewis for insubordination.

Country Cooking

By Liz Irwin

<http://tpp.1starnet.com/>

Our cooks this week come to us from Blossom. They are the officers of the newly-organized ladies auxiliary for the Blossom Volunteer Fire Department. They came together because they saw a need to assist the fire department in any way that they could.

The organization began taking of forming back during the heat of the summer and fall. With several of the ladies having loved ones and friends serving in the department, they felt that they could be of service with food and refreshments, to keep the firemen from becoming dehydrated, especially with the many brush fires that took so much of their time to maintain. They keep them supplied with Gatorade, water and other liquids, calling on neighbors and friends for assistance.

The ladies also want to raise community-awareness for those folks who have lost their homes and belongings due to fires and other disasters. They will take donations of clothing and household furnishings and other belongings needed by families in distress. They also plan to begin a coat drive and other related activities when the need arises.

They will be assisting the firemen at their annual fund raiser this Saturday night at the Blossom Cafeteria. The chili supper is a major fundraiser for the firemen and the ladies urge anyone wishing to donate a baked item or other auction item to contact them or a firman and they will be glad to have it picked up and delivered.

We hope you enjoy these recipes and we will see you in the kitchen!

Apple-Mustard Glazed Ham and Broccoli Rice Casserole-Mary Crouch-Mary serves as the president of the group and is also quite a craftperson. She owns and operates Mary Jane's Crafts in Blossom.

Herb-Topped Fish Fillets and Creamy Italian Cake-Ann Steele-Ann is vice president and her husband Kenneth is a volunteer fireman.

Mandarin Orange Cake and Mexican Chicken-Jamie White-Jamie's brother Jimmie is a long-time member of the fire department.

Corn Salad, Chickpea Salad and Cornbread Sald-Ann Eddins-Ann is Mayor-Pro-Tem of Blossom and urges everyone to become more concerned with the cities activities.

Blossom Ladies' Auxiliary-BVFD

Apple-Mustard Glazed Ham

1 cup apple jelly
1 tablespoon lemon juice
1/4 teaspoon ground nutmeg
1 fully cooked bone-in ham (5-7 #s)
whole cloves
spiced apple rings-optional

In a small saucepan combine jelly, mustard, lemon juice and nutmeg; bring to a boil, stirring constantly. Remove from heat; set aside. Score the surface of the ham, making diamond shapes 1/2-inch deep. Insert cloves in each diamond. Place ham on a rack in a shallow roasting pan. Bake, uncovered fat 325 degrees for 20 minutes per pound or until meat thermometer reads 140 degree. During the last 30 minutes of baking, brush with glaze twice. Garnish with apple rings if desired.

Broccoli Rice Casserole

1 small onion-chopped
1/2 cup chopped celery
1 package (10 ounces) frozen, shopped broccoli
1 tablespoon butter
1 8 ounce jar cheese spread
1 can cream of mushroom soup
1-5 ounce can evaporated milk
3 cups cooked rice

In a large skillet over medium heat, saute onion, celery and broccoli in butter for 3-5 minutes. Stir in cheese, soup and milk until smooth. Place rice in a greased 8-inch square baking dish. Pour cheese mixture over; do not stir. Bake uncovered at 325 degrees for 25-30 minutes or until hot and bubbly.

Herb-Topped Fish Fillets

Topping:
16 saltine crackers-crushed
2 tablespoons parsley

Fish Fillets:
1/4 cup margarine
1 clove garlic
1/4 cup lemon juice
1 to 1-1/2 pounds fish; cod, sole or orange roughy

Preheat oven to 400 degrees. In small skillet melt margarine and saute garlic for 1-2 minutes. Stir in lemon juice. Brush fish fillets with lemon-batter mixture. Place fish in shallow baking dish. Toss remaining lemon-butter with crush crackers, parsley and dill weed. Spoon mixture evenly over surface of each portion of fish. Bake 8-10 minutes or until fish flakes easily with fork. Do not overbake.

Creamy Italian Cake

1 stick margarine
2 cups sugar
1 tablespoon vanilla extract
5 egg whites-beaten
1/2 cup shredded coconut
1/2 cup shortening
1 cup buttermilk
1 teaspoon baking soda
1 cup pecans
1 teaspoon nutmeg
5 egg yolks

Cream together margarine, shortening and sugar. Add egg yolks. Combine flour and soda and ad alternately with buttermilk. Add vanilla, nuts and then coconut and nutmeg. Fold in beaten egg whites. Stir until creamy. Bake at 350 degrees for 30 minutes in three prepared 9-inch cake pans.

Icing:
1 pound powdered sugar
3/4 stick margarine
8 ounces cream cheese
1 teaspoon vanilla
1/2 cup nuts

Beat all ingredients for icing on high speed until creamy. Blender may be used in place of beater. Spread icing over each layer, stack and then ice sides.

Mandarin Orange Cake

1 yellow butter cake mix
3 eggs
1/2 cup oil
1-2 cans mandarin oranges
save juice from one can

Mix cake, eggs, oil and juice; beat well. Drain juice from can; empty orange slices into batter and let mixer chop them slightly. Pour into 3 well-greased and floured pans and cook at 350 degrees until done. Cool on wire racks completely before frosting.

Frosting:
1 large can crushed pineapple with juice
1 large box instant vanilla pudding
mix ingredients well. Stir until thick. Fold in 9 ounces of whipped topping. More may be used if desired. Frost and keep refrigerated.

Mexican Chicken

12 corn tortillas
4 cups diced chicken
1 cup diced onions
1-1/2 teaspoon chili powder
1 teaspoon garlic powder
1 can mushroom soup
1 can Ro-tel
3 cups grated cheese

Soak tortillas in chicken broth until wilted. Place tortillas in greased baking dish; lining sides and bottom. Combine chicken, onion, chili powder add garlic powder; place mixture on tortillas. Mix remaining ingredients together and pour over mixture in pan. Top with cheese and bake for 30 minutes at 350 degrees or until cheese is melted. Serves 8-10.

Corn Salad

1-10 ounce can corn-drained
3 hard boiled eggs-chopped
1 green onions-sliced thin
creamy salad dressing of choice

In bowl, mix corn, green onions and eggs. Add enough salad dressing to create a smooth creamy consistency. Sprinkle with paprika for color.

Chick-pea Salad with Red Onion and Tomato

1 can chick-peas-drained
2 tablespoons finely chopped red onion
2 cloves garlic-minced
1 medium tomato-diced
1/2 cup chopped fresh parsley
3 tablespoons olive oil
1 tablespoon lemon juice
salt and pepper to taste

In large bowl, combine above ingredients and chill for two hours before serving. Taste to adjust seasonings if needed.

Cornbread Salad

1 package cornbread mix-baked, cooled and cubed
1 chopped bell pepper
1 chopped onion
1 chopped tomato
8 slices extra crispy bacon-crumbled
2/3 cup mayonnaise

Mix all ingredients 1 hour before serving. Salt and pepper to taste. Refrigerate before serving.

The speaker for the meeting wil be Louise Stuart, a school teacher for 33 years.

Everyone is invited to attend the meeting.

The world of funeral service is constantly changing. Many of family owned funeral homes have given way to corporations that for whatever reason fail to give the individual service that has long since been the trademark of the funeral industry. Casket stores and burial societies have tried to place the emphasis on ways of saving you money with no thoughts to service and the personnel that provide them. Long after a funeral is ended it won't be the type of casket or how nice the funeral home was decorated that will be remembered by the family. What will be remembered is the caring service offered by a compassionate staff that allowed the family to express their grief in a way that was healing for them. That is something that you can't put a price on--something that cannot be discounted. The James Wood Family prides itself on service and individuality. We believe that a funeral service is a testimony to the life of the deceased. There is no price that can be put on such a gift. The memory of the loved one should be one of fondness and cherished memories, not hindered by financial stress and worries. We will be most happy to talk with you anytime about the services that we provide for our families. Let us know how we can help.

Monte Rodgers, Melissa and Gilbert Arriaga had dinner Sunday evening with Betty Rodgers. Loyd Cavender is in rehab in a Dallas hospital in serious condition after a stroke and brain tumor. Visitors of Mr. and Mrs. Preston Crump have been their son, Duane and wife and granddaughters. Karen Baker of Mesquite was a visitor in the community on Friday. Dick King of Paris was a visitor Saturday of his mother, Jimmie King. Dinah Thomas of Omaha visited Betty Rodgers on Saturday. Carolyn Irvin is still recuperating at home from surgery. The snow was beautiful. Estimated we had between 10 and 12 inches in our area.

Commissioners Report for January

By Ricky Daniels

As this report was written, the snow and ice is beginning to melt. From what can be seen so far, our sand roads have been damaged the most and are in really bad condition. Dry weather will allow them to be shaped back up.

In January, two loads of railroad rock were hauled to the yard, seven loads to different roads and five loads off the yard. Also, four small loads were hauled off the yard and 26 loads of state material.

In Commissioners Court this

month we approved audit for Fiscal Year 1999, approved classification of roads in Precinct 1 and Precinct 4, approved burn ban for Red River County, approved authorizing contract to hire Ginger Cook to seek funds to restore the Red River County Courthouse, approved nominees for Salary Grievance Committee for the year 2000 and approved bids on salvage metal guard rail in Precinct 4.

If you have any questions or comments please feel free to come by or call me at 632-5963.

Lady Rebels to vie for playoff position

The Rivercrest Lady Rebels were to play for a playoff spot Tuesday night at Chisum High School in Paris. If the ladies from Rivercrest could get the job done it will be the payoff of the rebuilding process at RHS.

Debbie Williams, head coach, has been the Lady Rebel boss for the past four seasons. She obtained a career victory number 200 on December 28 when her team defeated DeKalb. She currently has a record of 206 wins and 99 losses. She was also the East

Texas Girls Basketball Coach of the Year in 1994 when her Canton girls team went deep into the playoffs.

The Lady Rebels are led by Kim Shirley and Kim Ross, a pair of outstanding junior athletes and students along with seniors, Tiffany Prentice, Jill Foster and Missy Carroll, who are also strong athletes and students. The last time the Lady Rebels were in a playoff spot was 1991 under Coach Frank Stubblefield.

Rivercrest teams wind basketball season down

On Tuesday, Feb. 1, 2000 the Rivercrest JV girls and boys and Varsity girls and boys traveled to Honey Grove for district play. Both JV teams were defeated and the Varsity Lady Rebels also lost their game. But, the Rebel Varsity brought home a 70-36 win. Also on Tuesday night Paul Pewitt, the only district team to defeat the Rebels, was defeated by Chapel Hill and Chisum, another strong contender in the district, was defeated by Prairiland. The losses for Pewitt and Chisum had left the Rebels alone in first place.

On Friday night the Rivercrest teams played host to Prairiland. After only one win at Honey Grove on Tuesday night the Rivercrest team made a turn around.

The JV girls who were almost shut out at Honey Grove played a much better game. In their first meeting with Prairiland the team had lost 31-17 but not this time. After one 31-17 but not this time. After one 31-17 but not this time. After one 31-17 but not this time.

The final quarters saw good Lady Rebel defense and offense to get them a 37-19 win. High scorer for the game was shared by Jessica Rose and Brittany Bull. Also scoring were Britt Barnett, Ashley Beers, Tina Carder, Michelle Bryant and Erica Williams.

The JV Rebels had also lost their

first contest with the Pats but not again. After one quarter the Rebels were up 7-3. The game was a strong defensive one for both teams in the first half but the Rebel held on to the lead 12-8 at the half time buzzer.

In the third the Rebels added scores while keeping up a strong defense. They went ahead with a score of 21-12. The fourth quarter saw Prairiland able to add only 7 points to their score but they also held the Rebels to only 7 points. The third quarter scoring saved the Rebels who took the win 28-19. High scorer for the game was Josh Cabell. Also scoring were Ryan Newton, Dustin Jones, Stephen Shade, Justin Exum and Nathan Carroll.

The Lady Rebel Varsity celebrated Parents Night and prior to the game they and their parents were introduced to the crowd. Seniors playing their last high school home game were Jill Foster, Tiffany Prentice, Missy Carroll and Cara Morgan. Also cheering at their last home game were senior cheerleaders, Jill Foster and Sissy Meredith.

The Lady Pats were no match for the Lady Rebels who led 19-4 after one quarter and went into the half up 39-14.

The senior girls ended their high school home careers on a good note

as they went on to win 73-31. The win continued the teams hopes for a playoff spot. High scorer for the game was Tiffany Prentice. Also scoring were Kim Shirley, Kim Ross, Missy Carroll, Cassee Wilcox and Jill Foster.

The Varsity Rebels and Pats squared off and the Pats were the first to get on the board but the Rebels quickly took control. Keith Hines, Chase Collins, Michael Galloway, Kyle Stansell and Kerry Posey scored with Stansell being the first to get on the board for the team. The entire Rebel team got playing time and the frustrated Pats who had defeated a strong Chisum Mustang team on Tuesday could not break the Rebel press. Quick hands and steals led to scores for the Rebels who drove to a 62-30 win. High scorer for the game was Keith Hines. Also scoring were Chase Collins, Michael Galloway, Kyle Stansell, Kerry Posey and Brandon Bell.

The Rebels are still alone in the number 1 spot in the district. They were set to meet Chisum at Chisum on Tuesday night. The out come of Tuesday's game was also important for the Lady Rebel Varsity who will go into the playoffs if they defeat Chisum on Tuesday. Go Lady Rebels and Rebels!!!!!!!

Texas A&M vets looking into animal pain

COLLEGE STATION - Pain is never pleasant for humans, and it's no picnic for animals, either.

Learning more about animal pain, what to do about it and how to treat it are the subjects of a research project by Dr. Gwendolyn Carroll in the College of Veterinary Medicine at Texas A&M University.

Carroll is looking into ways of reducing animal pain, specifically in cats after they have been declawed, a common procedure requested by many pet owners.

While the surgery is not serious, it can be very painful to the animal, with removal of a claw and associated bone from each front toe.

"Often, animals get just one shot for pain after surgery, and that's about it," Carroll explains.

"That may not be enough. We're examining one analgesic to see how it performs and if it's effective in relieving pain for several days."

The analgesic is butorphanol, and Carroll says it is being tested with injections and oral dosage. The drug is not new but has not been widely used for extended pain relief among veterinarians, Carroll says.

NOTICE OF APPLICATION FOR APPROVAL OF A BUSINESS SEPARATION PLAN

On January 10, 2000, Texas-New Mexico Power Company (TNMP) filed its application for approval of its Business Separation Plan filing with the Public Utility Commission of Texas (Commission). A summary of the application follows.

The Commission has established Docket No. 21955, entitled Application of Texas-New Mexico Power Company For Approval Of Business Separation Plan to address TNMP's Business Separation Plan application. In addition, in Order No. 1, the Commission severed matters from TNMP's Business Separation Plan pertaining to Competitive Energy Services. The Commission has established Docket No. 21986, entitled Competitive Energy Services Severed From Application Of Texas-New Mexico Power Company Business Separation Plan, Docket No. 21955 to address these matters related to Competitive Energy Services.

The application was filed pursuant to the Public Utility Regulatory Act (PURA) 39,051, which requires electric utilities to (1) separate its business activities from one another into a power generation company, a retail electric provider, and a transmission and distribution utility; and (2) separate from its regulated utility activities its customer services business activities that are otherwise already widely available in the competitive market. TNMP petitions the Commission for approval of its business separation plan filed pursuant to PURA 39,051(e), identifying competitive energy services, and petitioning to provide certain competitive energy service(s).

Persons who wish to intervene in either or both proceedings or comment upon the actions sought should contact the Public Utility Commission of Texas at P.O. Box 13326, Austin, Texas 78711, or call the Commission's Office of Customer Protection at (512)936-7120 no later than February 22, 2000. Hearing and speech-impaired individuals with text telephone (TTY) may contact the Public Utility Commission of Texas at (512)936-7136.

A dedicated radiologist sets us apart.

As the region's first comprehensive breast care center, we are proud to welcome a physician of Dr. Klouda's caliber to our staff. Mammography is one of the best tools in the detection of breast cancer at its earliest stages, and our program is designed to provide excellence in all aspects of this important procedure, including patient convenience and comfort. Every woman over the age of 40 should have a screening mammogram each year. We urge you to consider ETMC's Breast Care Center. Tyler's only breast care center offering the services of a dedicated radiologist fellowship trained in breast imaging.

To schedule your mammogram, call the ETMC HealthFirst Line at 531-8890 or (800) 648-8141. Press "3" to speak to a representative.

ETMC's Breast Care Center welcomes Michael J. Klouda, MD.

The ability of mammograms to detect breast cancer at its earliest stages relies on the skill of the physician who interprets them. That's why the ETMC Cancer Institute looked far and wide to recruit a radiologist offering the level of education and experience in the specialized field of mammography held by Dr. Michael Klouda.

ETMC is a not-for-profit organization committed to improving the quality of life in communities throughout East Texas.

Services held

at Thedford Homes

A church service was held February 1, 2000 at Thedford Homes in Bogata. Due to the weather conditions, the group was low in number, but not in spirit. The dinner was abundant and delicious, the gospel singing fervent. Special songs were presented by Lauryn Kilmer, Dorothy Johnson, Ashlyn Owen and Sarah Fleming.

Bro. Wilson Weed, pastor of the Talco Assembly of God Church, preached a sermon from Psalm 51, "Have Mercy Upon Me, O God." He and his wife sang an original composition, "Where Could I Go" that expresses their personal testimony.

The next service is scheduled for Tuesday, Feb. 15 at 12:00 noon. A Valentine theme is planned and Karen Forsythe will be the guest speaker. Everyone is cordially invited to attend.

8th grade Lady Rebels need help

The Talco-Bogata eighth grade Lady Rebels are "Austin Bound" the first weekend in March to watch the girls State Playoffs. The trip will be an inspiring and educational one for the group but they could use your help.

The trip will cost approximately \$300 per Lady Rebel. Their parents will be sponsoring bake sales and will raffle off retired Beanie Babies and will be selling chances on a \$50 Wal-Mart Gift Certificate to earn funds. Your purchases will be greatly appreciated along with cash donations from local individuals and businesses.

The first bake sale will be held in Bogata on Friday, Feb. 18 beginning at 8:45 a.m. in front of the Bogata Guaranty Bank.

On Friday, Feb. 25 beginning at 8:00 a.m. a sale will be held in Talco in front of the Talco Post Office. Raffle tickets will be available at both bake sales or call Deana Boyd at 632-4820 in Bogata or Sue Wilson at 379-3741 in Talco or see any 8th grade Lady Rebel parent to purchase a chance or make a donation.

Help send the girls to Austin and someday be proud to see Rivercrest have a playoff team at Austin.

Bogata Homecoming to be held Saturday, April 8

The Bogata Homecoming will be held on Saturday, April 8 and is planned around lunch. Lunch will be served from 12:00 noon to 1:30 p.m. No reservations are necessary.

The gym will be open at 10:00 a.m. for those who wish to meet before lunch. Following lunch there will be a program, business meeting and visiting in the school gym. Hosts for this

year are classes of 1952 and 1953. For more information you may call; Mary Ann Alsbrook Williams at 632-4013, Frances Mayes Rozell at 632-5752 or Mary Margaret Barnard Vaughan at 632-5221.

Mark your calendar and make plans to attend for a fun day of seeing old friends, making new friends and sharing a good meal.

Audra (Sissy) Meredith signs letter of intent to TJC

Rivercrest's Audra (Sissy) Meredith signed a letter of intent to play golf for the Tyler Junior College Lady Apaches next fall. Sissy has been playing in golf tournaments since the age of nine. She is a member of the four Junior Associations in which she entered thirteen tournaments last summer winning three first place medals, one including the Four States Junior Championship, six top five finishes, qualifying for the NTPGA East Texas Championship and the Ark-La-Tex Area Championship where she finished fourth and ninth respectively. Sissy

traveled to Houston to play in the qualifying round of USGA National Girls Championship, where she competed with girls from the US, New Zealand and Mexico. Sissy is the daughter of Michael and Sharon Meredith of Rosalie, the granddaughter of James and Barbara Meredith, Ted and Beth Grant, Charlie and Sue Jones and the great granddaughter of Nell Whiteman all of Clarksville. Sissy's coach at Rivercrest is Superintendent, Gary Van Deaver. Her coach at Tyler will be Wade White. Good Luck Sissy!!!!

Terry is named administrator

Brenda Terry, former manager of outreach and community services for the 5-Obed United Regional Health care System in Wichita Falls, has been named administrator of Occupational HealthNET at Christus

St. Joseph's Health Center, Paris. Terry is a native of Paris and she and her husband, Mark, attend Our Lady of Victory Catholic Church. They have two children, Sabrina Parker and Danielle Terry.

Organization trying to locate former members

The USS Saint Paul CA 73 and USS Minneapolis-Saint Paul SSN-708 will hold its 10th reunion on August 22 in Colorado Springs, CO. The organization is trying to locate former crew members. Your help will be appreciated. For information, please contact George M. Takis, Jr., Secretary, 125 Spalding Drive NE, Atlanta, GA 30328.

Arts Festival takes new name

The Paris Art Fair will get a new name this year. It will become the Paris Arts Festival, according to Cynthia Burnham, chairman.

The 2000 Paris Arts Festival will be on Saturday, May 6, at the Red River Valley Fair Grounds. The YWCA of Paris an Lamar County sponsors the festival.

Burnham, who will chair the festival, is a staff accountant for Christus St. Joseph's. She has been a member of the YWCA Board of Directors for two years.

"We want to give the event a new name this year, because we are at the beginning of a new century and a new millennium," said Burnham.

"We think that the words reflect more of the flavor of the event," she said. "We will continue to encourage and solicit fine arts for competition,

show and sale. But when children's activities, performing arts, delicious foods, the fun run and other activities are added in, it really is more of an Arts Festival."

The theme for the festival is "Art for a New Millennium", said Burnham.

The YWCA is currently soliciting art which can be used for promotion of the Arts Festival, such as for T-shirts or a poster," Burnham said.

"We will accept original works of art from now through March 1," said Burnham. Winning works of art will be used to create this year's festival t-shirt as well as the 2000 Arts Festival poster.

Artists interested in submitting work should contact the YWCA at 903-785-5221.

People spend a great deal of their time preparing for things. We save money in order to buy a house, start planning and shopping for Christmas presents sometime a year in advance, we plan ahead so that we will be financially able to do things so we can better afford them. But more often than not we never think about planning for our funerals until we are faced with death, and sometimes it catches us unprepared. To save your family the financial stress of paying for your final expenses, start preparing today. A prearrangement guarantees that your expenses are taken care of; that your family will have one less responsibility at the time of your death; and that your funeral service can be handled according to your wishes. The James Wood Family will be happy to answer any questions that you might have so start preparing today.

POWER LIFTERS-Participating on the newly formed Rivercrest Power Lifting team are; (back row from the left) Marcus Deming, Zach Ward, Ryan Hawkins, Chance Wolfe, Heath Hinton, Brandon Davis and Hollis Grimes; (front row from the left) Coach Gary Schultz, Cole Warren, Krista Allums, Misti Joe Tucker and Coach Jimmy Rogers. (Staff Photo Nancy Brown)

NEW EQUIPMENT-Wendell Davis Public Works Director for the City of Bogata displays a new John Deere tractor and 6 ft. bushhog recently purchased by the city. Mr. Davis said, "The bushhog is a heavy duty one and should last for a long time. It is large enough for big jobs but still small enough for mowing ditches and in small areas". The new tractor and bushhog will be put to use very soon. (Staff Photo Nancy Brown)

Power Lifting new sport at Rivercrest

The Rivercrest ISD has added a new sport for students under the guidance of Coach Gary Schultz and teacher, Jimmy Rogers.

At their first every meet on Thursday, February 3 at Honey Grove the team had a tremendous showing. The meet was a tri-meet between Honey Grove, Rivercrest and Dennison JV and the results were very pleasing to the RHS coaches especially for the first meet.

Team members who participated Thursday were Hollis Grimes, Cole Warren, Chance Wolfe, Heath Hinton, Marcus Deming, Ryan Hawkins, Scotty Goodwin, Brandon Davis, Zach Ward, Misti Joe Tucker and

Krishna Allums.

Misti and Krishna finished 2nd and 4th respectively in the girls 148 pound class. The boys results were; Hollis Grimes-2nd, in the 132 pound class, Cole, Chance, Heath and Marcus finished 2nd, 3rd, 4th and 5th respectively in the 148 pound class. Ryan Hawkins finished 3rd in the 165 pound class. Scotty Goodwin finished 1st in the 181 pound class. Zach Ward finished 1st in the 242 pound class and also won Overall Champion with a 3 lift total of 1145 pounds.

The team will continue to work hard and achieve higher weight totals and will compete again soon.

Rivercrest class of 1985 plans reunion

The Rivercrest High School class of 1985 is planning their 15th year reunion. It will be held May 20 at the Bogata Community Center.

It will be a two event reunion with families meeting around noon and bringing a picnic lunch. Later in the evening, the adults will meet for a meal, a program and their favorite music from the early 80's.

The class does need help finding some of their classmates. If you know the whereabouts of any of the following people, please contact Greg Russell at 903-463-3532.

FOOT NOTES

GOUT

Gout is a form of arthritis that occurs when uric acid accumulates in the body's joint fluids. It develops when the body produces excess uric acid or fails to efficiently eliminate it through the kidneys and urine. Gout usually begins with a sudden onset of intense pain in one or more joints, often the big toe joint. Redness, swelling and warmth over the joint accompany pain. Wearing shoes is difficult and painful, and it hurts to move the joint or stand. Oral anti-inflammatory medications are often prescribed to manage acute attacks of gout. To treat the condition effectively, a doctor must establish whether it was caused by excess production of uric acid or failure to properly eliminate it.

The good news is there is no reason to continue to experience foot discomfort due to gout. Here at DOCTOR'S FOOT CLINIC, we turn to the most advanced treatment for problems of the foot and ankle, always with a gentle and caring approach. That's the reason why so many adults, seniors and children continue to seek our help whenever it is needed. At DOCTOR'S FOOT CLINIC, we make taking care of your feet, your body and your well-being easy. Call 784-5585 for an appointment.

OFFICE LOCATED AT
3605 N.E. LOOP 286 STE 1800

P.S. Acute attacks of gout may be caused by eating purine-rich foods, such as red meats, shellfish, beer, red wine or salt.

Letter to the Editor:

On February 7, I received three letters from the City of Bogata stating that I was in violation of the City Ordinance (junk vehicles or parts thereof).

This vehicle is not junk, it is not to be parted out. It belongs to my daughter. She is a student in high school. My wife and I are trying to teach her the responsibility of owning a vehicle. This vehicle is in tip top shape and is in running condition. My wife and I are going to have our daughter to help with the expense of registering and insuring this vehicle. By doing this, I feel that depending on Mom is not accepted in our family. I do not want her to live with Mom and depend on her mother's car for her transportation.

Upon receiving this letter I was not very happy. I talked to the Chief of Police and he told me that I was in violation of City Ordinance 98-09 and if I did not comply that I could receive a citation for the above. I also talked to the water and sewer superintendent and he apologized he stated that he was only doing what the Mayor had told him to do. He also stated that the Mayor had him to take binoculars and get the information from my daughter's car.

This car is parked in my backyard. I confronted the Mayor, he denied knowing anything about this letter. I do not feel that I am being picked on but I do feel that it is odd for taxpayers money to be spent paying employees to drive around with binoculars looking in citizen's backyards trying to find vehicles that could be in violation, when right beside of the fire station there is a 2 1/2 ton truck that does not display a current registration or inspection.

Dear Editor,

I was sitting in my living room listening to my scanner during the ice and snow storm we had recently and was so thankful that I wasn't out in it, but as I sat there I thought of all the men and women who put their lives in danger to protect and serve the people of the community and they spend countless hours doing so. When you see someone who worked during these times take the time to thank them for all that they do. A few of them are the policemen, dispatchers, first responders, firemen, paramedics, utility company workers and highway department employees. If I left someone out please consider yourself thanked.

Thank You,
 Linda Eilers

Dear Editor,

I'd like to take a moment to thank the Bogata First Responders. A few nights ago, I became ill. At one o'clock in the morning, I needed help quickly. The First Responders were at my home in a matter of minutes. They left their families, drove in the ice and snow to come to my side. I truly believe if it were not for the First Responders, I would not be able to write this letter today. I want to publicly thank them for all that they do.

Sincerely,
 Robert L. Lewis

Dear Editor,

Someday soon, we Texans may walk into an auto dealership and be told we could not buy a full-size V-8 pick-up truck or a Suburban. Why? If Texas adopts an emissions standards program equivalent to that of the State of California, as the Texas Natural Resource Conservation Commission (TNRCC) is considering, these new state regulations may preclude the sale of such vehicles.

Texas is a vastly different state from California, and Texans use their vehicles in vastly different ways. For example, Texas ranchers depend on powerful trucks and SUV's to haul feed and cattle and to travel off-road to perform normal daily ranching chores. Boaters, campers, hunters and other outdoorsmen need a vehicle that can tow a boat or camper and carry all the gear that is required for their favorite recreational activities. These Texans will be among the hardest hit if the TNRCC adopts the California standards.

Even if these big vehicles remain available, adoption of the California standards would add \$500-\$600 to the cost of a truck in Texas. That is a pretty hefty increase for some farmers and ranchers to bear, particularly when it is not necessary. The Environmental Protection Agency (EPA) already has issued tough new nationwide tailpipe emissions standards that will sharply reduce emissions for all vehicles; cars, pick-ups, mini-vans and SUV's alike. These new standards should adequately address

any air quality problems we face in Texas.

We don't need California setting the standard for what we do here in Texas. Why, the California regulations ultimately would require us to drive vehicles that don't have any emissions at all! Can you imagine how small a truck that would be?

It is true that some of Texas' larger metropolitan areas are facing daunting air quality concerns, but solutions exist that not only are less disruptive to our life-styles, but that also are better suited to our specific problems. For example, late last year, the American Automobile Association (AAA) released a study entitled "Cleaning the Air" that showed that Houston's air quality problems stem largely from industrial sources, rather than from vehicles, as in California. According to the AAA, less than 30% of Houston's nitrous oxide emissions come from cars and trucks, a percentage that is expected to continue declining over the next few years.

So, on behalf of ranchers across Texas, and all Texans who value their rights to choose the types of vehicles they drive, let us send a strong message to the TNRCC: Reject the California emission standards policy and preserve Texans' rights to buy and drive the vehicles of our choice.

Sincerely,
 Charles Carter
