Thomas and I lost a friend last week. Not a "simple" friend, not
an acquaintance, but a friend who exemplifies the true meaning of the word.
Richard with dignity, ce died as he lived, pability to laugh until the the caet Richard more than
20 years ago.
When he and his wife, Helen, retired and built a house, near the
property we had property we had just bought we
became better friends. While we were living in the
dairy barn and building our house, Richard was always there to lend
helping hand, and they both oreught meals to us knowing our
cooking facility was pretty limited. Richard was the kind of neighbor who stopped to help you fix
fence if he drove by and saw you
had that needed doing, and he did it.
Hesaw someone $\begin{aligned} & \text { He saw someone in need and he } \\ & \text { helped. }\end{aligned}$ middle of the night if a friend called for help with livestock.
He took care of aging parents He took care of aging parents

## Letters in support of

 Red River County Courthouse Restoration The following letters are letters ofsupport for the Red River County re just a few of the hundrecs that have been received.
I pledge to support both financially and morally this restoration project. My ancestors are deeply
rooted in Red River County. Jauvanee Carpenter Deport, TX. 75435
It is a beautiful historical build ing and needs to be preserved. VanDeaver, helped haul the stone to construct it.
Joseph Gordon VanDeaver Pattonville

1 remember as a child being awed by the courthouse with it's huge clock, high ceilings and stately atmosphere.
Today, I
driving by with my children and seeing the majesty of it reflected
on their faces. I hope the court on their faces. I hope the court-
house will be preserved for future generations
Peggy Bruge
Bogata, TX.
I totally support the restoration of the Clarksville courthouse. It is one of the oldest and prettiest buildings and is full of history. Also, my
great-great-grandfather worked great-great-grandfather worked
as a surveyor for many years in the courthouse.
Kelsey Taylor,
Most of Clarksville and Red River County's past history took place in
this beautiful old building. I hope it will be restored to it's stately
beauty as an everlasting memory beauty as an everlasting memory
to its service to the early settlers to its service to the early settlers
who lived the memorable past of the county.

Re-Elect Sheriff Robert Edrington My experience with Sheriff Edrington's duties as a Sheriff has been very good.
He is a hard worker and deserves much credit for breaking up a criminal theft operation, which helped many people in Red River County. Sheriff Edrington is a great asset to Red River County.

I would like to thank the citizens of Red River County who have supported me with their hard work during this election and would appreciate your continued vote of confidence.

I am running on my merits and past record. While I was Sheriff, a high percentage of burglary, theft, murder and drug cases were cleared.

I believe the citizens are ready for a positive change in the Sheriff's office. I have the qualifications and experience to make those changes. If elected, I will make the Sheriff's office, and myself available to the citizens of Red River County.

EVERY vote is needed to make a positive change. Please take the time to vote.

- Annquncing The Opening of OPEN IMAGING OF MT. PLEASANT

1901 North Jefferson Ave. * Mt. Pleasant, Texas 75455

What is OPEN IMAGING OF MT. PLEASANT? We are an outpatient diagnostic imaging facility providing open MRI (magnetic resonance imaging), CT (computerized tomography), and ultrasound. The sonography includes obstetrics, vascular, abdominal and pelvic exams.

What is an open MRI?
MRI is a means of imaging the body without the use of radiation. Until recently many people have been unable to take advantage of the technology because they simply could take advantage of the technology because they simply could
not tolerate the tight, confining nature of the exam. Our not tolerate the tight, confining nature of the exam. Our
magnet is an open magnet which means that the patient is no longer expected to slide into a narrow tube in order to have the exam. Even people with claustrophobia can rest comfortably throughout the exam, and if the patient wishes, a friend or family member can be in the room the entire time. This is especially comforting to children to have mom or dad in the room.
Our open magnet is a state of the art Hitachi ARIS II MRI that is permanently located in our office, not a mobile unit.

Will the exam cost more at
OPEN IMAGING OF MT. PLEASANT?
What most people are used to receiving for a diagnostic imaging study are two bills: one from the facility that performs the exam and another from the radiologist for interpreting the exam. At OPEN IMAGING OF MT. PLEASANT our fee includes both components and is typically $30 \%$ to $40 \%$ less than other places.

What insurance plans do you accept?
We accept Medicare assignments and most major insurance carriers. If you find that we are not a provider listed on your plan, you can contact the office and we will make every effort to become a covered provider. We will also file the claim, and our knowledgeable billing staff is available to assist you.

What if I do not have insurance?
We have interest-free payment plans.
Once my doctor has decided that I need one of these special tests, what is the expected waiting time?
Most studies can be performed the same day or the next day, but certain exams do require a minimum amount of preparation or precertification that may impact scheduling.

Who will be performing my exam?
Our physicians are board certified radiologists, and our technologists are specially trained in MRI, CT and sonography. They are experienced, friendly and eager to make your visit as pleasant as possible.
When will OPEN IMAGING OF MT. PLEAOANT be in operation?
We began 2eeroting patients Monday, March 20,2000
For apppointments or questions please call $903-575-0325$ or TOLL-FREE 1-877-909-6539 or visit our office at 1901 North Jefferson Ave., across from the hospital.
