Worth

By Nanalee Nichols
Bravery in the Face of Fire
There are many examples of courage in this world. Recently I have witnessed several instances of courage by, of all things, birds.

I was mowing at our neighbor's house the other day. As I whipped around at the end of the gravel drive way I saw a tiny form, wings spread, desperately huddled over something in the middle of the drive. I was pelting her with high-velocity debris, small gravel and I thought it would surely kill her. I stopped to look, and there she was, a little Kill Deer, valiantly covering her two eggs, which were nestled in the drive.

From then on I made sure I didn't mow where the discharge from the mower would hit her or her eggs. But every time I came close she would rise up, spread her wings and prepare to do battle with this threat. A tiny bird, ready to face a full sized tractor and mower.

Then, just a day or two later I watched as a mockingbird swooped down on one of my cats, literally yanking a wad of fur out of her back. The noisy birds have a nest in a tree not far from the house, but have defended it so diligently the cats now give that area a wide berth rather than deal with the shrieking, hair pulling sky-borne creatures.

Then, I went down to mow at the neighbor's again. As I made my first pass through the yard three tiny little brown forms flew up in front of me. It was a trio of wrens, each not over two inches in length. I got off the mower and chased them down, carefully taking each one into my hand. They were perfect little miniature wrens, tiny and just able to fly for short distances. They must have just left the nest. And each one was courageous enough to try and threaten me with it's little beak! I put them carefully in a safe place and kept an eye on them while I finished the yard.

Now these little birds all showed defiance and courage. They also showed fear. That fear was apparent, but didn't keep them from trying their best against forces that outweighed them much as an atomic bomb does a firecracker.

I know it is instinct, but what a wonderful instinct it is. There must be many times when these feathered warriors lose their battles. But for the Kill Deer, Mockingbirds and wrens I encountered each time their strength of purpose won. Is there a lesson here?

BOGATA CHIEF OF POLICE-Charles Clegg was proud to show of the city's newest addition, a new police car. The car has the latest equipment and will be a tremendous help to the department. Chief Clegg expressed his appreciation for the purchase. He said, "This car is so nice and up to date we may even enter it in the Police Car Contest that will be held in Paris next week?"

STOP, IN THE NAME OF LOVE!! Better yet, just STOP!! We just wish we could read this guy's mind, or then again, maybe we don't. The Ring of Fear was a big hit during the Bogata Rodeo last weekend. Though we don't know the outcome of this confrontation, somehow we think we know who won. (Mark Evans Photo)

Horton wins calf scramble

Garrett Horton, a member of the Prairiland FFA, won the James Wilford Lowry Memorial Calf

A scrapbook containing the progress and pictures of the former winners will be placed in the new Bogata Library and will be added to each year.

Happy
4th of July

Country Cooking

By Liz Irwin

Happy 4th of July! We hope everyone has a safe and happy holiday! This is one of the most celebrated holidays of the year with cookouts, picnics, family gatherings and other special summer festivities.

Since the 4th is celebrated with fireworks, flags, food and fun... here are a few facts about our nation's flag that you may not know about.

Congress first authorized the United States Flag on June 14, 1777, the day we currently celebrate Flag Day in America. This date is also significant in that it qualifies our flag as the third oldest of the National Standards of the World, even older than Britain's Union Jack.

The flag was first flown from Fort Stanwix, on the site of the present city of Rome, New York, on August 3, 1777. The flag had a tumultuous beginning. It went through the Battle of Oriskany when it was only three days old on August 6, 1777.

The flag's original design called for a star and a stripe for each state, corresponding to the original thirteen colonies. In 1791, Vermont was admitted to the union, followed by Kentucky in 1792. The number of stars and stripes was accordingly raised to fifteen. As other states joined, it was clear something would have to be done about the ever expanding flag. An act of Congress in 1818 reduced and restricted the number of stripes on the flag to thirteen new states.

The individual stars depicting the states represent the power of our Federal Constitution, which reserves the

States their individual sovereignty, except as to rights delegated by them to the Federal Government.

George Washington said of the flag's symbolism, "We take the stars from Heaven, the red from our mother country, separating it by white stripes, thus showing that we have separated from her, and the white stripes shall go down to posterity representing Liberty."

Please take time during this holiday to show your flag the honor and dignity that it deserves and give thanks for your freedom in this United States!

We do hope you celebrate this holiday in a safe manner and hope you also enjoy these recipes for your cookout or picnic! See you in the kitchen!

Grilled Corn and Peppers- Italian dressing, corn and peppers add a zingy flavor to this recipe!

Basil Cherry Tomatoes- this calls for cherry tomatoes, but I bet that fresh-from-the-garden tomatoes would be good also...cut into chunks!

Tangy Chicken Legs- I have never used brewed coffee in a marinade or sauce...but there is always a first time!

Orange Vegetables Kabobs- give a zip to your grilled vegetables...use others that your family would like!

Honey-Lime Grilled Chicken- this sounds great, but take the time to plan ahead, as this needs to marinate!

Make-Ahead Shortcake- with an abundance of strawberries this year...this will make the perfect dessert for your cookout!

Rural phone service to improve

Local telephone services for more than a quarter million Texas phone customers, most of whom live in rural or small communities, will be upgraded under an order signed on Thursday by the Public Utility Commission.

Valor Telecommunications of Texas, L.P. agreed to buy 313,800 phone lines in 197 local exchanges scattered throughout west Texas, east Texas and the Texarkana area, from GTE Southwest. The sale is expected to close on September 1.

In addition to maintaining at least the current level of service for customers, Valor plans to introduce the following improvements to its system when the sale is closed:

- *Upgrade central office facilities to improve Custom Local Area Signaling Services such as caller ID, call waiting, three way calling, call forwarding, call return, call blocker and automatic redial.

- *Provide CLASS to all exchanges within 18 months.

- *Introduce high speed internet access or digital subscriber line service to at least 10 exchanges within 18 months.

- *Deploy DSL within 15 months to any exchange with at least 75 DSL requests from Valor subscribers requesting it.

*Guarantee internet service to every local exchange within 187 months.

Valor has agreed to pay GTE \$942 million, slightly more than \$3,000 per access line.

Valor also agreed to notify all customers of the opportunity to obtain DSL services and will also advise local community leaders. The company also will continue the current discount rate for providing broadband services to school libraries and hospitals.

All 320 GTE employees will keep their jobs at current salaries and receive comparable benefits. Valor also has committed to increase its work force by at least 10% within 18 months.

The PUC encourages competition and customer choice while ensuring electric and telephone operations, services and rates are fair and reasonable.

Exchanges purchased in the Texarkana area are: Annona, Avery, Avenger, Bagwell, Bogata, Clarksville, Daingerfield, DeKalb, Deport, Detroit, Douglassville, Hooks, Hughes Springs, Karnack, Linden, Lone Star, Marietta, Maud, Naples, Negley, New Boston, Redwater, Simms, Texarkana.

"Holiday Hero" blood drive is underway

Stewart Regional Blood Center in conjunction with KNUUE will host its "Holiday Hero" blood drives in a concerted effort to increase blood donations and awareness of how critical blood donations are to East Texas communities. The Holiday Hero event is scheduled to run through July 4.

The summer months are the most critical time because of the high usage of blood products in East Texas. KNUUE is and has been a great community partner in efforts to relieve

the suffering of patients in East Texas hospitals by sponsoring blood drives.

To commemorate the event, blood donors will receive a "Holiday Hero" T-shirt with donation at selected blood drives.

Most blood types are still in the critical stage. To donate, you must be at least 17 years old, weigh more than 110 pounds, and be in good general health. Donating is simple, takes about 30 minutes or less, healthy and life saving. Also remember to bring a photo I.D.

People spend a great deal of their time preparing for things. We save money in order to buy a house, start planning and shopping for Christmas presents sometime a year in advance, we plan ahead so that we will be financially able to do things so we can better afford them. But more often than not we never think about planning for our funerals until we are faced with death, and sometimes it catches us unprepared. To stress your family the financial stress of paying for your final expenses, start preparing today. A prearrangement guarantees that your expenses are taken care of; that your family will have one less responsibility at the time of your death; and that your funeral service can be handled according to your wishes.

The James Wood Family will be happy to answer any questions that you might have, so start preparing today.

DHS enhances senior services

Making food stamps more accessible for low-income citizens age 60 and over in Lamar, Delta and Red River counties is the goal of the EZ Access for Seniors pilot project at the Texas Department of Human Services.

There are many senior citizens who need help with their grocery bills, and although the food stamp allotment for senior citizens is minimal, oftentimes this will help as they

stretch their dollars to purchase other needed items such as prescriptions. The EBT debit card and certification process will make it easier for needy senior citizens to get the help they need. Many of the seniors elect an authorized representative and have someone help with their shopping. Case managers can share the simple process and benefits of this alternative.

To help senior citizens remove any barriers they may encounter as they seek food stamp assistance, call 737-0361, Monday through Friday from 8 a.m. until 5 p.m., qualifying senior citizens will receive help in completing the process.

EZ Access for Seniors telephone is 737-0361.

BRANDON DODD was honored on his second birthday with a party given by his parents, Chad and Heather Dodd. His birthday cake was surrounded around the edge with a road, complete with cars and trucks. Attending were his sister, Maurissa, his maternal grandparents and five friends with their families. The children enjoyed playing on the swing set and in the sand box. Guests were served BBQ chicken, salad, baked beans, cake, punch and tea. Brandon enjoyed opening his gifts and especially liked the cars he received. The family lives in Paso Robles, California. Brandon is the grandson of Gayla Dodd of Garland and Ed Dodd of Paris. He is the great-grandson of Nadine Caldwell of Talco and Dorothy and Grady Dodd of Johntown. As shown in this photo, Brandon likes to top off a good meal with an olive.

If you're tanned, you're toast.

Tanned skin is damaged skin.

There's no other way to say it. Any change in skin color after time outdoors — whether suntan or sunburn — means damage from the sun's UV rays. And just a few serious sunburns can increase your risk of skin cancer. One million people will get some kind of skin cancer this year. Don't be one of them. Protect the skin you're in. To learn more about your risk for skin cancer, call the Cancer Education Prevention Project (903) 737-1164.

FOOT NOTES

SEVER'S DISEASE
Sever's disease is a painful condition of the heel that occurs in growing children. The heel bone develops in two sections, which are connected by cartilage until the bone hardens completely and fuses into one piece. Vigorous activity or excess stress can break the cartilage and cause pain, typically along the heel edges. Sever's disease is diagnosed when a child participating in sports has pain along the sides of the heel. The heel is often swollen and slightly warm to the touch. The broken cartilage usually heals after several months, decreased activity is always advised. Heel pads in the shoes can help reduce pressure, while immobilizing the foot in a cast may decrease tension and alleviate symptoms.

Childhood is the best time to begin teaching proper foot care. Learned early, taking care of the feet becomes a lifetime habit. Take your child's first step on the road to happy, healthy feet and call DOCTOR'S FOOT CLINIC at 784-5585. A sure investment in your child's future is a visit to our office at 3605 NE Loop 286, Ste. 1800 today. We treat all members of your family, from kids to grandparents, for all kinds of foot problems.

Prayer at football games

Recently the United States Supreme Court issued a 6-3 decision upholding the Fifth Circuit Court of Appeals' decision prohibiting student-led prayer at high school football games.

In Doe v. Santa Fe ISD, the Fifth Circuit overturned a school district policy allowing students to recite prayers over the public address system at football games, holding that the policy violated the Establishment Clause of the United States Constitution. In the recent decision, the Supreme Court upheld the lower court's decision, stating "The policy is invalid on its face because it establishes an improper majoritarian election on religion, and unquestionably has the purpose and creates the perception of encouraging the delivery

of prayer at a series of important school events."

The decision appears to prohibit school-sponsored student-led prayer at all extracurricular activities. The Court emphasized, however, that the decision does not prohibit public school students from voluntarily praying at any time before, during, or after the school day, so long as the school does not sponsor the prayer.

Furthermore, the decision does not address moments of silence. TASB Legal Services believes that school districts are free to begin football games with a moment of silence to reflect upon issues such as student safety and good sportsmanship, so long as the adoption of the moment of silence is not for the purpose of promoting religion.

Bogata Rodeo hosts 257 cowboys and cowgirls

The Bogata Rodeo 2000 played host to 257 cowboy and cowgirl members of the C.R.R.A. during the three action-packed nights of competition. Even though the rains prohibited parking near the arena, the competition did not suffer inside the arena, as top scores and low times took the top monies in the seven championship events.

The biggest single money winners at the rodeo were the calf roping winner and the cowgirls barrel racing winner, each winning \$842.24 for their take home pay.

Bogata Locals

Sunday lunch guests with Donald, Judy and Tana Screws were Jerry, Chris Anna, Christopher and Jerred Guerra of Paris.

Visiting with Dixie Stringfellow during the weekend were Joe and Misty Stringfellow and sons, Tyler, Darrn, Brent, Josh and Jake and their friend, Colt Moore; Billy and Kathy Stringfellow, Kaley and Kellen; Chad and Felina White and Jerica; Buddy Stringfellow and grandchildren, Janelle, Jessica and Noah and 2 of their friends; Danny Tabb and Judi Maddux; Michael Tabb and Suzann Holland; Vicki Tabb; Tommy Dee and Ruth Anderson and their friends, Don and Wanda.

Recent visitors with Donald, Judy and Tana Screws were Mike, Kara and Hali Screws of Deport.

While there they attended the high school graduation of their granddaughter, Traci Woodward, who graduated from the American School of The Hague. Accompanying them were their son and family, Bo, Sherri and Kailee Hervey. Traci will be attending Texas A & M at College Station in the fall.

The calf roping championship went home to Okmulgee, OK with Randy Jackson with a time of :08.27. Times ranged from there to :10.09 for sixth place.

Tracy Rankin of Quitman, TX was the winner of the distaff event with a :16.443 second run, besting the other 47 entrants in her event.

Jackie Hammett of Detroit, TX was fifth in the money with her :16.596 second run. Jackie received \$236.88. She is in contention for the 2000 Rookie of the Year honors for the C.R.R.A. Two and two-tenths seconds separated first from sixth in the girls competition.

Veteran horse rider Audie Reagan of Benton, LA won the bareback riding championship with a score of 82 points, receiving \$488.80 for his efforts.

In the steer wrestling, Kenny Newton of Bowie, TX was the fastest, with a :3.57 second run. Newton gathered a check for \$767.04. Times ranged from his 3-second run to sixth place :4.46 seconds.

Keith Bacon of Boswell, OK and team partner Wayne Carter of Colbert, OK were the big winners in the tandem event, turning in a :5.27

second run, each pocketing \$714.00 for their share of the team roping earnings. Bacon also placed fourth in the event with team partner Chuck Speck on their :5.56 second run.

Total payoff at the rodeo was \$16,638.00, paid by Rodeo Secretary Sharon Autrey of Atlanta, TX.

Rodeo officials were Mickey Delashaw of Durant, OK and Larry McIntosh of Longview, TX.

Doug Williams, veteran announcer from Idabel, OK was again behind the microphone for the three day contest and Rudy Burns from Louisiana was the rodeo's contract act.

Once again, the home town rodeo producers, Wing Rodeo Company, provided large crowds with exciting and top-flight competition each evening.

The world of funeral service is constantly changing. Many of family owned funeral homes have given way to corporations that for whatever reason fail to give the individual service that has long since been the trademark of the funeral industry. Casket stores & burial societies have tried to place the emphasis on ways of saving you money with no thoughts to service and the personnel that provide them. Long after a funeral is ended it won't be the type of casket or how nice the funeral home was decorated that will be remembered by the family. What will be remembered is the caring service offered by a compassionate staff that allowed the family to express their grief in a way that was healing for them. That is something that you can't put a price on - something that cannot be discounted.

The James Wood Family prides itself on service and individuality. We believe that a funeral service is a testimony to the life of the deceased. There is no price that can be put on such a gift. The memory of the loved one should be one of fondness and cherished memories, not hindered by financial stress and worries. We will be most happy to talk with you anytime about the services that we provide for our families. Let us know how we can help.
