Only one day a week
like this, please.

Have you ever seen a large, grown woman so mad she had tears in her eyes? It's not a pretty sight. But, between the heat and my frustration level, that's what happened to me Saturday afternoon. I was not a role model for the calm, cool, collected or serene.

I suppose it began when I wanted to finish mowing the yard. It should be fairly simple. The "guys" were in the hay meadow, and all I needed to do was climb up on my little ole' 8N tractor and go. Of course, one of the back tires was low. So I had to locate the air compressor, drag it out to the tractor, wait for it to fill, then get down on my hands and titanium knees to reach the valve stem. That accomplished I discovered that I kept turning wrong, so that clouds of dusty grass clippings kept blinding me. That's not that unusual, though.

After the tractor mowing it was time for the push mowing. I cranked on that sucker until I was covered in sweat and made enough to bite nails in two. Of course, the reason it wouldn't crank is that it has to be killed by taking the spark plug wire loose, and I hadn't replaced it before I started yanking on the rope. With the wire in place it thing roared into life on the first pull. Duh!

Well, the push mowing was finished and all I needed was a little sit down in the shade and something cold to drink. But sitting there I kept gazing at my brand new little red dump bed trailer that was my birthday present. And I conceived the bright idea that I would simply pick up the dried clods of dirt that were left from digging a long trench for an electric line, back up to a gully and use my handy dandy trailer to dump it out.

Great idea. But I did not make myself acquainted with the workings of the trailer before I set about this task. I left the tail gate in. I loaded the trailer, pulled forward on the four wheelers and backed up to the ditch. Of course, I am totally dyslexic about backing trailers, be they gooseneck or little ones, and that took a while.

But, I tried to dump the dirt. Then I realized the tail gate must come out. So I tried to remove it. It was wedged by the weight of the dirt.

I drove forward and headed for the shed to get some tools.

Halfway across my just-manicured lawn the blankety blank trailer dumped, catching the tailgate, pulling it loose and bending my new trailer!

My husband arrived about that time from the meadow to find me standing there, hot to the point to dying, wet, smeared with dirt and madder than the proverbial wet hen.

When he asked me what had happened all I could do was snub and snivel like a four year old.

He promised me to fix the trailer (he did). He also said it was time for me to go get cooled off and have something cold to drink. I did. I felt stupid. I swore to myself I wouldn't let things get to me so badly ever again. But then, Monday came. You don't EVEN want to hear about it!!

Council applying for grant, approves truck purchase for Fire Department

The Bogata City Council met Monday, Aug. 14 with all council members, the mayor and about 13 visitors present as well as four employees.

Council heard from John R. Bolster, Tax Attorney for Red River Appraisal District, about the procedure for publishing delinquent tax landowners' names in the paper. Council agreed to publish these names in the paper, if the taxes are over 460.00 and it is the second consecutive year the taxes are delinquent.

Water Superintendent Wendell Davis gave his monthly report which included sixty-five work orders, 3 culverts installed, a big tree cut and removed from a large sewer line, 4 cats and 21 dogs picked up, 5 water leaks and sewer stops. A water leak on Lawson Street was discussed and it was determined that this would be repaired when needed parts are received. Council member Lewis requested that the water superintendent set a policy about holes being dug in street to repair leaks, etc. Council voted to purchase a new pump for the sewer plant, at an approximate cost of \$2,750 to replace one that has been in use since 1986 and is in need of repair.

Council heard the Fire Marshal's report from Randy Lemme and voted to pay for him to attend a four week school in Mt. Pleasant, a cost of \$520.00.

Police Chief Clegg gave his report and showed the council a Second Place trophy won by the new police vehicle in Paris on August 12. Council voted to confirm Police

Office John Davidson. Chief Clegg reported that Officer Henry has been hired by the Paris Police Dept. He presented the ordinance amending the Truck Ordinance #0009 and council voted unanimously to approve it.

Council approved the Cross Connect and Backflow Prevention Ordinance which is required by Texas National Resource Conservation Commission.

Council voted unanimously to pass a resolution authorizing the submission of a Texas Community Development Program application to the Texas Dept. of Housing and Community Affairs. If the city is successful in obtaining this grant for water and sewer repairs, \$27,500 will be required as the city's matching funds. Council voted to approve a resolution engaging Gary R. Traylor and Associate, Inc. for grant management services and KSA Engineers, Inc., for engineering services for grants awarded under the Texas Community Development Program.

Even though Mayor Crane was not in favor of a podium, the council voted to have one built for the Municipal Judge's use, at a cost of \$175.00 and also voted to purchase a beeper for his use.

A date for the budget workshop was set for August 25, at 7:00 p.m. Action to consider retaining an attorney was tabled pending more information.

Council voted to commit \$600.00 per month for the next five years toward the purchase of a new 4 wheel drive 3/4 ton Dodge diesel truck to be used as a rescue unit for the Fire Dept. This will be used to transport their equipment to the scene.

Letters To Editor

Dear Editor,

As I think back to when I was a kid and later as a young man, a familiar, kind face comes to mind. Growing up on a ranch, it was only natural to associate myself with others of similar interests. It was at the store, car wash, bank or post office where we would later discuss cattle prices, grass situations, equipment or life in general. I can not remember him not smiling and having something positive to say. He was a role model in the way he lived his life, serving on many boards and giving back to the communities he called home. The last time I saw him alive, he and Jim Baker were visiting beside the road in front of Jim's Pine Branch home. As I rode by on my motorcycle he threw up that big hand and smiled even though I doubt he knew who I was.

It was sad as I stood beneath the trees at his residence in Rosalie and watched the auction last weekend. Ennis would have been at the sale if it were one of his friends, strangely I felt as though he was there.

Sincerely,
David Rozell

Dear Editor,

For our family March 31st was a nightmare. But, because of the many wonderful people in our community who volunteer their time, our home was saved. We would like to say "thank you" to each and every volunteer who took time away from their families and personal lives to assist us in our tragedy.

There is no way to remember who all was there but they know who they are. No one who lives in our community can say they have never met a hero because they walk among us every day.

Please support our local fire departments because the only pay they receive is our thanks. God Bless each and every one of them.

Sincerely,
Kelley, Deana and Paige Boyd

America's hospitals need immediate relief

America's hospitals are ailing. The prognosis for recovery is uncertain at best. The budget crisis at Parkland Hospital and Health System in Dallas is not just an isolated problem. From rural health centers to mid-sized community hospitals to large urban medical centers, public and private hospitals are facing an array of challenges that threaten their ability to fulfill their mission of caring for the communities they serve.

Congress' intent by passing the Balanced Budget Act of 1997 (BBA) was clear, to generate \$53 billion in Medicare payment savings over five years. This would be far and away the greatest contribution to the projected federal budget surplus of \$4.2 billion by 2010. But, the law's unintended consequences have actually cut Medicare payments to hospitals by \$75 billion, \$5.7 billion from Texas, in the last three years.

As a result, hospitals all over Texas are struggling. For THR, this has meant a loss of \$210 million in reimbursements in 2000. Because we, like hospitals across Texas and around the country, are being asked to absorb more of the cost to care for Medicare patients, we are forced to take a hard look at the programs and services hit hardest by the cuts, home health, skilled nursing and rehabilitation, for closure or drastic reductions. The sad fact is that the cost effective program of care for Medicare patients that hospitals have put together over the past decade is being destroyed by the BBA.

In fact, the BBA is having an effect right here in Deport, Detroit, Bogata, Pattonville and Blossom. Some doctors are now refusing to see new Medicare patients. Medicare's inadequate reimbursement rate has forced McCuiston Regional Medical Center to limit its services to patients as it faces the potential of greatly reduced operating funds because of the BBA.

There are many factors putting a squeeze on the ability of America's hospitals to maintain vital programs and services. According to the American Hospital Association, 55% of a hospital's total expenses are represented by people costs, salaries and benefits. With a tight labor market and inadequate numbers of enrollees in nursing schools and other health professions, salaries are on the rise. Hospital are experiencing a dramatic rise in the cost of drugs and pharmaceuticals. The average cost of new drugs is more than twice that of existing drugs. While advances in technology are improving the care that hospitals can provide to their patients, the cost to acquire that technology is escalating. And, America's hospitals are being asked to provide care to more and more uninsured people as the cost to provide that care continues to rise. Today, approximately 44 million people are uninsured and that number is projected to rise to 55 million by the year 2010.

While Washington continues to offer inadequate solutions, Texas Health Resources has recommitted our efforts to strengthen what we do best, caring for patients. This approach emphasizes continuing to improve our financial performance evaluating opportunities to enhance quality care, and listening to our customers patients and their families, doctors, THR employees, local employers and others.

Like several nonprofit health systems across the country THR was formed in anticipation of many of today's challenges. Harris Methodist Health System had Presbyterian Healthcare Resources combined operations in 1997 and Arlington Memorial Hospital Foundation joined the organization soon after. This unique organizational approach to the delivery of health care in North Central Texas has enabled THR hospitals to gain efficiencies and share

continuous improvement efforts in serving the growing health care needs of the communities we serve. In addition, our employers and health insurance companies have seen the value of working with a health care organization that offers a network of 5,000 physicians and more than 18,000 employees.

However, in order to survive and continue to serve the health care needs of our area in the future, we have been forced to make some very tough decisions recently to meet rising costs and stretch the capital investment needs of our hospitals. In February, THR sold the Harris Methodist Health Plan and we've consolidated or eliminated other programs and services.

By telling our story and demonstrating the dire consequences of the BBA on our patients, we have encouraged our area legislators to pass BBA relief now. Thanks to the diligent efforts of the Texas delegation and specifically, U.S. Senator Kay Bailey Hutchison and U.S. Representative Max Sandlin, we have achieved some small victories. But, the battle is not won and we will continue to fight for restoration of funds in the coming year, some \$14.6 billion in payments to America's hospitals, \$6.2 million to THR hospitals directly. And, even more will be needed in the future.

Failure to scale back the Balanced Budget Act will force the health care industry into further financial chaos, resulting in irreparable harm to rural and urban safety net institutions. Without legislative relief, there is no effective treatment available to cure what is ailing America's hospitals.

As a consumer of health care in North Central Texas, we invite you to join us in calling upon Congress to pass immediate BBA relief for hospitals. Your voice is important to the future of health care in your community.

Dry conditions prompt

Red River County Burn Ban

The Red River County Commissioners Court agreed to implement a Burn Ban for 90 Days in Red River County unless the County receives enough rain to justify rescinding the order.

As a rule if residents of the county set a fire, the local fire department will come out and extinguish the fire.

Farmers can get an agreement with the county judge under certain conditions to burn.

Residents of Red River County are to be reminded that conditions are dry and any fire can be extremely hazardous. Outside burning while a burn man is in effect is subject to fines.

Country Cooking with Liz Irwin

Our cook this week is Steven Ray "Mad Dog" Faulkner of Paris. He is the 14 year old son of Jerry and Cindy Faulkner of Paris. He was recommended as cook by his grandmother JoAnn Faulkner of Clarksville, who reads our column. She thought he would make an interesting article and she was right. His grandfather, Jo Ann's husband is Jim and other grandparents are Gene and Ethelda Boyd. Steven has three brothers, Tony 23, Jay 20 and John 11.

Steven will be a freshman at North Lamar this fall and is a very active young man. He loves all types of sports, but baseball is his favorite. He does volunteer work at the hospital in the various departments.

He enjoys cooking and often has a meal prepared when his parents come in after work. His mom really appreciates this. He states that he has

cooked since he was 10 and always helped his mom with supper. He prepares lunch for his brothers and dad.

Here are some of his favorite recipes. . . and take notice that he does not use box mixes, they are all from scratch! Try some of these and we will see you in the kitchen!

Brownies-notice that he does not use a mix. . . these are from scratch!

Millionaire Pie-this pie is delicious!

Peanut Brittle-no microwave here!

Hot Chocolate-perfect for early morning snack if you don't like coffee or tea!

Spaghetti Sauce with Meat-again, here we go with not boxes or mixes. . . just scratch!

Hushuppies-great side dish for soups, stews, etc! . . . scratch again!

YOUNG COOK and Volunteer the cook this week is Steven Ray "Mad Dog" Faulkner. He is shown here with his mom, Cindy Faulkner. He not only is a pretty good cook, but serves as a volunteer at CHRISTUS St. Joseph's Healthcare Center in Paris. (Staff Photo by Liz Irwin)

Brownies
6 tablespoons cocoa
1/4 cup butter
1/2 cup white corn syrup
1/2 cup sugar
2 eggs
1 cup sifted flour
1/4 teaspoon salt
1 cup chopped nuts
Melt cocoa and butter in saucepan over low heat. Beat eggs, add sugar and corn syrup; blend well. Add to cooled cocoa mixture. Blend in flour to which salt has been added. Pour into greased 8-inch square pan. Bake in a 350 degree oven for 30 minutes. Cut into bars. When cool spread with chocolate frosting. Makes 20 1-1/2" x 2" bars.

Millionaire Pie
8 ounces cream cheese
1 cup sugar
1 large Cool Whip
1 cup chopped nuts
1 small can crushed pineapple graham cracker crust
Mix cream cheese and sugar together. Add remaining ingredients. Pour into graham cracker crust. Makes 2 eight inch pies.

Peanut Brittle
2 cups raw peanuts
1 cup Karo syrup
1 cup sugar
1 teaspoon soda
Cook 8-10 minutes and remove from heat and add soda. Mix well and pour into buttered dishes or pans. When cool, break into pieces.

Hot Chocolate
1/4 + 2 tablespoons cocoa
1/2 cup sugar
dash of salt
4 cups milk
Mix cocoa, sugar and salt in saucepan. Add small amount of milk, about 1/2 cup to form a smooth paste. Stir in remaining milk. Heat thoroughly. Do not boil. Remove from heat and beat until foamy. Yields 4-5 servings.

Spaghetti Sauce with Meat
1/2 cup celery
1/2 cup chopped peppers
2 tablespoons oil
1/2 cup chopped onions
1 pound ground meat
1 can tomatoes
1 small can tomato paste
In heavy skillet, cook vegetables in oil over medium heat until tender. Brown meat along with vegetables and add tomatoes and tomato paste. Season to taste.

Hushuppies
2 cups cornmeal
1 cup flour
1 teaspoon salt
1 teaspoon baking powder

Mark Perkins files write-in candidacy for Sheriff position in Red River County

Longtime deputy sheriff Mark Perkins paid his filing fee Wednesday, August 9 to run as a write-in candidate for Red River County Sheriff.

Perkins will face Bob Storey in the November 7 general election. Storey defeated Sheriff Bob Edrington in the primary run-off earlier this year.

"Some people have been saying that I was 'put up' to running for Sheriff, but that's definitely not true. I have thought of running for Sheriff several times as my experience in law enforcement expanded," Perkins said Monday morning from his office at the Sheriff's Department. "But I did not want to run against my boss, Sheriff Edrington, who I respect very much."

"We all know crime is growing at an alarming rate and we all have to fight it just one day at a time and I am willing to work as many hours a day as it takes to fight the crime in our county. Most of my family lives in Red River County and as Sheriff, I would have a part in making this

county a better and safer place to live and raise a family."

Perkins continued, "We need to keep the department moving forward, not backwards, if the department can improve as much in the next four to eight years as it has in the past eight years, we will have an excellent Sheriff's Department."

Perkins, 40, is a Red River County native and has lived in Bagwell all his life. He has owned and operated a locksmith and gun shop there since 1978. He is a 1978 graduate of Clarksville High School and did attend East Texas Police Academy where he received his law enforcement training in 1981. He has since taken several criminal justice courses through Southwest Texas State University.

Perkins is the only candidate who holds a current Texas Peace Officer commission, and with almost 20 years of law enforcement experience and 1,470 hours of in-service training. He holds the following licenses

with the State of Texas: Advanced Peace Officer, County Jailer, Instructor, Law Enforcement Firearms Instructor and Telecommunications Operator.

"I was a patrolman for the Clarksville Police Department for six years," he said, "and I have been a Red River County Deputy for 13 1/2 years."

The last seven and one-half years, he has served as the department training coordinator and as a firearms instructor. Perkins teaches law enforcement courses for East Texas Police Academy, a division of Kilgore College, telecommunications courses for Texas Department of Public Safety, and DWI courses for Texas A&M University.

Perkins said, "Based on feedback from the citizens of the county, I believe I have a good chance of winning this election," he concluded by saying, "and if elected, I would have no problem in hiring women law enforcement officers."

Card of Thanks

We would like to thank everyone for everything that was done during the illness and death of our loved one Sally.

Flowers, food and most important your prayers. Sally was always smiling. We never heard her complain or cry. She trusted in her Lord.

Poem
We knew that morning that God was going to call your name;
During your life, family and friends loved you dearly;
Our hearts hurt to see you suffer and it hurt to lose you;
But you did not go alone for part of us went with you.
You left us peaceful memories
Your smile is still our guide
Altho we cannot be with, you are always at our side.
Our family chain is broken.
Now, nothing seems the same but God will call us one by one
And the family chain will link again.

FOOT NOTES

HELP PREVENTING CHARCOT'S JOINTS

New research suggests that simple ice packs may slow or prevent the irreversible foot degeneration that occurs with Charcot's joints. Diabetics are prone to Charcot's joints due to the deterioration of peripheral nerves that often occurs with diabetes. The first sign of damage is typically a foot numbness and blood engorgement that can increase skin temperature. Higher foot temperatures can alter the mechanics of the foot ligaments which leads to the biomechanical and structural destruction associated with Charcot's joints. The process happens slowly and often goes unnoticed by diabetics because of loss of sensation in the foot. When detected early enough, the application of ice packs has shown promise in slowing or preventing deterioration.

Untreated foot problems can be more than just a momentary nuisance. They can develop into complicated conditions with serious consequences, so be sure to treat your feet to specialized care. At our office at DOCTOR'S FOOT CLINIC, you'll find we are as concerned as you are about the health of your feet. If you feet are suffering because of injury or trauma, skin or nail conditions, or hereditary problems, we invite you to call 784-5585 for an appointment for personalized foot care at DOCTOR'S FOOT CLINIC.

Could I be having a heart attack?

Yes. You could be having a heart attack. You could also be stressed from spending too many late hours on that classic Chevy. But, are you willing to risk your life on might and maybe?

Never deny the possibility.

The Chest Pain Center at CHRISTUS St. Joseph's is the facility in this area that can interrupt a heart attack in progress with balloon angioplasty technology in one of our two CathLabs. That's why any time you or someone around you experiences serious chest pain, go to CHRISTUS St. Joseph's. We'll check first for a heart attack! If it's not, no one will be more relieved than us. But, if it is, the time we save going straight to the most serious possibility could save a life. And it could be yours. Never deny the possibility of a heart attack. We don't.

This summer, saving energy just got a little easier.

Summer is all about relaxing and being cool. So here's a way to stop sweating your energy bill and start improving it.

Keep your thermostat set at 83 degrees if you're going to be out for a few hours, and keep it on 78 when you're home. To cool off quickly without lowering your thermostat, use ceiling fans.

Many more tips to make this summer a breeze can be found in our guide to saving energy in your home. For your free copy, please call or visit our office nearest you. It's our way to help you take things easy and enjoy the power of choice.

Mark and Jana Hawkins enjoyed celebrating his birthday at the Fish Fry on Friday night. Their children, Haley, Heather and Hana enjoyed visiting with Steven and Kathy Hawkins and family that evening.

Mark, Jana, Haley, Heather and Hana Hawkins, Aaron, Erin and Chris Eudy all enjoyed dinner with Adam, Tracey, Joshua and Aaron Eudy Sunday evening. A steak and shrimp supper was served and all enjoyed the meal and visiting.

Sunday lunch guests in the home of Robbie Hawkins were Jana, Hana, Haley and Heather Hawkins, Steven, Kathy, Koren, Ryan, Seth and Seton Hawkins, Dale, Tyler and Kelsey Jean, Calvin and Myra Permenter. Robbie served chicken fried steak with all the trimmings and homemade rolls.

Hana Hawkins has had a great time over the weekend getting to know and play with Tyler and Kelsey Jean of Austin. The twins parents are Dale and Dawn Jean.

Comptroller says early signs indicate successful sales tax holiday

Texas' second annual sales tax holiday appears to have been even more successful than last year, Texas Comptroller Carole Keaton Rylander said.

Judging by media accounts and an informal survey of shopping mall managers, families across Texas headed for malls and department stores in droves to stock up on back to school clothes for the kids, and clothes for mom and dad, too.

At stores offering layaway plans, shoppers responded positively to an administrative change Comptroller Rylander made this year; eligible items placed in layaway during the sales tax holiday can be taken out

later without having to pay sales tax.

Comptroller Rylander predicted shoppers would save at least \$34 million in state and local sales taxes during the three day shopping spree.

Many retailers who were caught off guard last year by shopping's response to the sales tax holiday were better prepared this year, stocking more merchandise and adding staff.

Shoppers said they were more aware of the sales tax holiday this year and more familiar with the list of tax exempt items. They said they had postponed back to school shopping to take advantage of the sales tax holiday, just what Comptroller Rylander likes to hear.

Prepared for disaster? What about your animals?

Whether it's a hurricane, flood, wildfire or other natural or man-made disaster, an animal evacuation plan can make the difference between life, death or tremendous suffering for pets and livestock.

Texas Emergency Response Team quickly recognized the need to address animal evacuation in disasters, particularly after Texas' devastating October 1998 flood in which more than 23,000 head of cattle drowned. Another 400 head of hogs, sheep, equine and poultry also were killed in the violent storm that struck 21 counties in south central Texas.

Most shelters will not accept pets, so it's important to know ahead of time where animals can be housed. No one wants to leave their pets, horses or other stock to drown, burn or suffer in a natural or man made disaster. Establish a relationship with animal housing facilities outside your area before a crisis and keep phone numbers and addresses handy.

An emergency evacuation kit for animals should be maintained in an easily accessible place. Keep an adequate supply of clean water and food, collars or bridles, leashes or leads, medicines and health records, including proof of rabies vaccinations or for equine, test documents for EIA or Coggins. If animals are evacuated, owners should carry several photos of their animals to aid in

identification, as pets may be shuffled from one site to another during a chaotic situation.

Livestock or pet food supplies may be limited after disaster hits, so make certain your emergency kit has plenty. If you have large animals, such as horses or other livestock, plan an evacuation route. Leave early and allow time for hauling. Don't wait until roads become congested or impassable, as this will stress the animals.

A number of livestock markets and fairgrounds have agreed to serve as holding sites during an emergency. Despite all the planning, they still have to deal with strays, displaced and dead animals after a disaster situation. TERT can assist with identification restraint and capture of animals and disposing of carcasses to protect public health.

Besides knowing how and where to move animals in a disaster, be aware of and report potential signs of a foreign animal disease.

In addition to its huge pet population, Texas ranks sixth for the enation in the production of cattle, sheep and goats, horses and exotic hoofstock. The state ranks sixth for poultry production and 19th for swine. With billions of dollars, millions of animals and thousands of industry jobs on the line, it pays to be prepared to fight disasters, disease and pests.

RWNT meets

The Republican Women of Northeast Texas met Monday, July 24 at the home of Sue Evenwel of Mt. Pleasant with 24 members and four guests attending.

President Maxine Patton called the meeting to order. Cynthia Hanking gave the invocation. Rosemary Evetts gave a short quiz on flag facts before leading in the pledges to the American and Texas flags.

Sandy Bridges, Regional Deputy-President of the Texas Federation of Republican Women over regions 1, 2 and 3 was guest speaker. She provided handouts, organizational charts, information on all the special committees of the TFRW, public relations information, the policy for counting campaign hours. She reported that Legislative Day will be March 22, 2001.

Sue Evenwel reported some fallout for the Boy Scouts of Rhode Island due to their stand with regard to the homosexual issue. United Way has refused funds for them in that area and it apparently is moving across the states.

The next RWNT meeting will be August 28 at the home of Mary Ellen Lawrence in Pittsburg.

Public Notices

ORDINANCE NO. 160
 An ordinance requiring weeds and grass to be cut upon premises and that rubbish and trash be removed therefrom; fixing a penalty for failure to comply; providing that the same shall be done by the city in the event of such failure; providing for the fixing of a lien upon the property for the expense incurred in removal; declaring that allowing weeds to grow and trash and rubbish to accumulate to be a nuisance; fixing a penalty not to exceed two hundred dollars (\$200.00) for each offense and a separate offense to be deemed committed for each day during or on which a violation occurs or continues; repealing all ordinances and parts or ordinances in conflict herewith providing a severability clause; declaring an emergency and providing an effective date.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF DETROIT, TEXAS:

SECTION 1: It shall be unlawful for any owner, lessee, occupant or any other person in charge or possession of any premises in the City of Detroit to allow weeds to grow upon the premises, or trash or rubbish to accumulate upon said premises to such an extent as is reasonably calculated to create a fire hazard or calculated to become injurious to the health of the citizens of Detroit, and either act is hereby declared to constitute a public nuisance.

SECTION 2: Whenever weeds are allowed to grow, or trash or rubbish allowed to accumulate upon any premises of the City of Detroit as prohibited by this ordinance the City Council shall hear evidence and determine whether or not such accumulation of rubbish and trash or the growth of weeds thereon, or both, are sufficient to constitute a nuisance as herein defined, and if they so find, they shall pass a resolution declaring that the growth of weeds or accumulation of trash and rubbish upon such premises, or both, constitutes a public nuisance, and shall order same removed by the owner, occupant, lessee or person in charge of such premises, within five (5) days from the date such notice is given.

SECTION 3: In the event the owner of the premises upon which is located a nuisance as prohibited by this ordinance can not be found or served with notice, and there does not appear to be any person of such premises or occupancy, or in the event the nuisance is not abated by cutting the weeds and removing the trash and rubbish or either of them, as the case may be, then said nuisance shall be abated by the City of Detroit, and the expense incurred, which shall include salary and wages of all employees, and reasonable charges for machinery and tools, vehicles, etc., used in abating said nuisance shall be a personal charge against owner of said premises and shall be assessed as a lien against the property on which such nuisance is located and removed therefrom, and shall be due and payable to the City Secretary within thirty (30) days following the date at which such nuisance is abated and failure to pay when due shall cause a ten (10%) percent penalty to be added and same shall bear interest from the date the same is due, at the rate of twelve (12%) percent per annum.

SECTION 4: Failure to cut weeds and remove trash and rubbish or to do either of them when notified to do so, as set out in this ordinance by any party obligated to do so by this ordinance, shall be punished by a fine in any sum not exceeding two hundred (\$200.00) dollars and each day that such nuisance shall continue after the time for abatement as set out shall constitute a separate offense.

SECTION 5: Severability.
 If any section, subsection, sentence, clause, phrase or portion of the Ordinance is for any reason held to be invalid or unconstitutional by the final decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance. The City Council declares that it would have adopted this Ordinance and each section, subsection, sentence, clause, phrase or portion thereof, despite the fact that any one or more section, subsection, sentence, clause, phrase or portion would be declared invalid or unconstitutional.

SECTION 6: Conflict.
 All ordinances and parts of ordinances in force in the City of Detroit, Texas, which conflict with the terms and provisions of this ordinance are hereby repealed insofar as they conflict with this ordinance, but all other portions of said ordinance shall remain in full force and effect.

SECTION 7: Effective Date.
 The fact that the present ordinances and regulations of the City of Detroit, Texas are inadequate to properly safeguard the health, safety, morals, peace and general welfare of the inhabitants of the City of Detroit, Texas, creates an emergency for the immediate preservation of the public business, property, health, safety and general welfare of the public which requires that this ordinance shall become effective from and after the date of its passage and it is accordingly so ordained.

PASSED AND APPROVED this the 14th day of August, 2000.
 Margaret Missildine, Mayor
 City of Detroit, Texas
 Kim Maynard, City Secretary 8-17

ORDINANCE NO. 161
 An ordinance of the City of Detroit, Texas declaring it a public nuisance for dangerous and unsafe buildings to be maintained in the City of Detroit; providing for notice and procedures for removal of all dangerous and

unsafe buildings; providing for enforcement; providing for the cost of removal to be assessed against the owner; providing for a privileged lien to be placed on the property; fixing a penalty not to exceed one thousand dollars (\$1,000.00) for each offense and a separate offense to be deemed committed for each day during or on which a violation occurs or continues; repealing all ordinances and parts of ordinances in conflict herewith providing a severability clause; declaring an emergency and providing an effective date.

WHEREAS, the existence of dilapidated buildings and structures within the City of Detroit creates a health threat and a fire hazard contrary to the public health, safety and welfare of the citizens; and

WHEREAS, dilapidated buildings and structures are an attractive nuisance enticing children to play upon the premises and therefore poses a high risk of bodily injury due to the unsafe condition; and

WHEREAS, there is a substantial likelihood of property damage or injury to health or body if a dilapidated building or structure is not abated.

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF DETROIT, TEXAS:

SECTION 101. Definitions.
 (a) Abatement means the removal, stoppage, prostration or destruction of that which causes or constitutes a nuisance, whether by breaking or pulling it down, or otherwise destroying or effecting it.
 (b) Owner means the owner of record based on the County Tax Assessor's record or any person with legal, financial or equitable interest in the property on which the alleged public nuisance exists at the time of the violation.
 (c) Property means any real property, premises, structure or location on which a public nuisance is alleged to exist.
 (d) Public nuisance means any fence, wall, shed, deck, house, garage, building, structure or any part of any of the foregoing; or any tree, pole, smokestack; or any excavation, hole, pit, basement, cellar, sidewalk subspace, dock, loading dock; or any lot, land, yard, premises or location which in its entirety, or in any part thereof, by reason of the condition in which the same is found or permitted to be or remain, shall or may endanger the health, safety, life, limb or property, or cause any hurt, harm, inconvenience, discomfort, damage or injury to any one or more individuals in the City, in any one or more of the following particulars:
 (1) By reason of being a menace, threat and/or hazard to the general health and safety of the community.
 (2) By reason of being a fire hazard.
 (3) By reason of being unsafe for occupancy, or use on, in, upon, about or around the aforesaid property.
 (4) By reason of lack of sufficient or adequate maintenance of the property, and/or being vacant, any of which depreciates the enjoyment and use of the property in the immediate vicinity to such an extent that it is harmful to the community in which such property is situated or such condition exists.
 (e) Summary abatement means abatement of the nuisance by the City, or a contractor employed by the City, by removal, repair, or other acts without notice to the owner, agent, or occupant of the property except for the notice required by this Ordinance.

SECTION 102.
 (a) Whenever a complaint is made to the City of the existence of a public nuisance, as defined in Section 101, the Mayor shall promptly cause to be inspected the property on which it is alleged that such public nuisance exists. Should the Mayor find that a public nuisance exists, and that the public health, safety or welfare may be in immediate danger, then summary abatement procedures shall be implemented and the City may cause the nuisance to be removed or abated. The Mayor may notify the Building Inspector if the public nuisance involves building that appears structurally unsafe. The Building Inspector, upon being notified by the Mayor shall cause the building on which it is alleged such public nuisance exists to be inspected and submit a written report of such inspection and the findings to the Mayor.
 (b) When summary abatement is authorized, notice to the owner, agent or occupant of the property is not required. Following summary abatement, the Mayor shall cause to be posted on the property liable for the abatement a notice describing the action taken to abate the nuisance.

SECTION 103. Abatement in Other Cases; Notice, etc.
 (a) If, after inspecting the property on which the nuisance is reported, the Mayor declares the existence of a public nuisance, but the nature thereof is not such as to require the

summary abatement of such nuisance, then, regular abatement procedures shall be followed. Photographs and reports of the findings and inspections shall be made and filed with the City.
 (b) The Mayor shall determine the individual, firm or corporation who, from the records in the Recorder's office, appears to be the titled owner of the aforesaid property and immediately cause a written notice to be served on such individual, firm or corporation by personal service or by leaving a copy of the notice at the usual place of residence or business of such owner, or address of such owner shown in the County Tax Assessor's records, or by copy mailed to such owner at such place or address by United States certified mail return receipt. If service of such written notice is unable to be perfected by any of the methods described above, the Mayor shall cause a copy of the aforesaid notice to be published in a newspaper of general circulation in the City, once a week for two consecutive weeks, and shall further cause a copy of the aforesaid notice to be left with the individual, if any, in possession of such property on which it is alleged such public nuisance exists, or if there is no individual in possession thereof, the Mayor shall cause a copy of the notice to be posted at such structure, location or premises. The Mayor shall also determine from the County Clerk's office who the lienholder of the property, if any, as documented therein, is and cause a written notice to be served on such lienholder by United States mail return receipt.
 (c) The aforesaid notice to the owner, and lienholder, if any, of the property shall state clearly and concisely the findings of the Mayor with respect to the existence of a public nuisance. The notice shall further state that unless the owner thereof shall cause the abatement of the public nuisance, pursuant to the orders contained in the Mayor's notice, the public nuisance shall be abated by the City at the expense of the owner.
 (d) Any person who is the record owner of the premises, location or structure at the time an order pursuant to this Ordinance is used and served upon him, shall be responsible for complying with that order, and liable for any costs incurred by the City therewith, notwithstanding the fact that he conveys his interests in the property to another after such order was issued and served.
 (e) It shall not be a defense to the determination that a public nuisance exists that the property is boarded up or otherwise enclosed.

SECTION 104. Abatement by Owner.
 (a) Within thirty (30) days after the posting and mailing of a notice to abate a nuisance, the owner, agent of the owner, or individual in possession of the affected property shall remove and abate such nuisance or show that no nuisance in fact exists. Such showing shall be made by filing a written statement that no nuisance exists in fact with the City.
 (b) The Mayor, upon written application by the owner within the thirty (30) day period after the notice has been served, may grant additional time for the owner to effect the abatement of the public nuisance, provided that such extension is limited to a specific time period.

SECTION 105. Appeal Procedures; Hearing.
 (a) The owner or occupant of the property who has been served with a notice pursuant to this Ordinance that a public nuisance exists and that it must be abated within thirty (30) days, may, within seven (7) calendar days after receipt of such notice, make a written demand of the City for a hearing on the question of whether a public nuisance in fact exists. The hearing shall be held within seven (7) calendar days following receipt by the City of the written demand and at least two (2) days' notice of the hearing shall be given to the individual who made the written demand for the hearing.
 (b) The hearing shall be conducted by the City Council. The City Council may amend or modify the notice and/or order, or extend the time for compliance with the Mayor's order by the owner by such a date as the majority of the Council may determine.
 (c) The owner, agent of the owner, occupant or lienholder, if any, of the subject property shall be given the opportunity to present evidence to the City Council in the course of the hearing.
 (d) In those instances where the nuisance has been abated by the City, the City Council shall have the discretion to waive the cost of abating a nuisance, in whole or in part, if, in the course of the hearing reviewing the decision, the City Council finds that any of the following did not conform to the provisions of this Ordinance:
 (1) The notice to remove the nuisance;
 (2) The work performed in abating the nuisance;
 (3) The computation of charges.
SECTION 106. Abatement by City.
 (a) Should any public nuisance not be abated at the expiration of time stated in the notice/order or within such additional time as the City may grant, the City shall have the authority to enter upon the property and abate the public nuisance found thereon. In abating such nuisance, the City may go to whatever extent may be necessary to complete the abatement of the public nuisance and should it be practicable to salvage any material derived in the aforesaid abatement, the City may sell the salvaged material at private or public sale at the best price obtainable and shall keep an accounting of the proceeds thereof.
 (b) The proceeds, if any, obtained from the sale of any material salvaged as a result of an abatement of a public nuisance by the City shall be deposited to the General Fund of the City and any deficit between the amount so received and the cost of the abatement may be levied as an assessment against the property in question by

the City Council and collected as any other assessment by the City; however, any other alternative collection method may be utilized by the City to recoup the deficit. Should the proceeds of the sale of such salvaged material exceed the cost of abatement, the surplus, if any, shall be paid to the owner of the property from which the public nuisance was abated when a proper claim to the excess is established.
 (c) In abating a public nuisance, the Mayor may call upon any of the City departments or division for whatever assistance shall be deemed necessary or may by private contract cause the abatement of the public nuisance.
 (d) The Mayor shall, after completing the removal and abatement, file a statement of costs with the City Secretary.

SECTION 107. Notice of Assessment; Appeal of Charges.
 (a) Upon receipt of the statement of costs from the Mayor, the City Secretary shall mail to the owner of the property upon which the public nuisance has been abated a notice of the amounts set forth in the statement plus an additional amount sufficient to defray the costs of the notice and stating that the City proposes to assess against the property the amount set forth in the notice and that objections to the proposed assessment must be made in writing and received by the City Secretary within twenty (20) days from the date of mailing such notice. Upon the expiration of the twenty (20) day period, if no objections have been received by the City Secretary, the City Secretary shall enter that amount in the City liens docket which shall therefore constitute a lien against the property.
 (b) If objections of either the property owner or their representative are received by the City Secretary prior to the expiration of the twenty (20) day period, the City Secretary shall refer the matter to the Mayor for administrative review.
 (c) Upon conclusion of administrative review, the Mayor shall make a written determination that the amount of the charges shall be canceled, reduced, or remain the same. A copy of this determination shall be furnished to the person making the objections together with a notice of such person's right to appeal to the City Council.
 (d) If no appeal of a determination by the Mayor is filed within the time period allowed, a copy of the determination will be furnished to the City Secretary who shall then enter a lien in the amount determined by the Mayor in the City liens docket as provided in subsection (a).
 (e) If a timely appeal is received by the City Council, a hearing shall be scheduled and held on the matter. If, after the hearing, the City Council determines that the proposed assessment does not comply with subsection (g) herein, the City Council shall so certify to the City Secretary and the proposed assessment shall be canceled. If, after the hearing, it is determined that the proposed assessment or any part of it is proper and authorized, the City Council shall so certify to the City Secretary who shall enter a lien in such amount as determined appropriate by the City Council, in the lien docket as provided in subsection (a).
 (f) The determination of the City Council is a final decision.
 (g) (1) The Mayor, in administrative review, or the City Council, on appeal, may reduce or cancel a proposed assessment if it is determined that:
 (i) Any of the following did not conform to the provisions of this Ordinance:
 (A) The notice to remove the nuisance; or
 (B) The work performed in abating the nuisance; or
 (C) The computation of charges; or
 (ii) The owner of the property was eligible for a waiver of costs under Section 109.
 (2) The Department of Public Health and Safety, in administrative review, or the Appeals Board, on appeal, may reduce a proposed assessment by eliminating the civil penalty portion of the invoice if it is determined that:
 (i) The current owner was not in possession of the property at the time the notice required in Section 104 was posted; or
 (ii) The owner did not receive the notice to remove the nuisance, did not have knowledge of the nuisance and could not, with the exercise of reasonable diligence, have had such knowledge.
 (h) If, after a lien has been entered in the docket of City liens, there is a written request of an owner who alleges that the owner did not receive notice of the proposed assessment, the City Secretary shall refer the matter for review pursuant to subsection (b).
 (i) The lien may be cancelled or reduced by the Mayor, in administrative review, or the City Council, on appeal, if it is determined that the owner did not receive notice of the proposed assessment, did not previously have knowledge of the lien or of the nuisance abatement work constituting the basis of the lien, could not, in the exercise of reasonable care or diligence, have had such knowledge, and in addition, that the circumstances are such that a reduction or cancellation of the charges would have been appropriate had the matter been reviewed pursuant to this Section prior to assessment. Upon receipt of a certification from the City Council, pursuant to subsection (e), the City Secretary shall cancel or reduce the lien if required by the determination of the Mayor and/or City Council.

SECTION 108. Personal Liability of Owner.
 The person who is the owner of the property at the time at which the notice required under Section 103 of this Ordinance is posted shall be personally liable for the amount of the assess-

ment including all interest, civil penalties and other charges.
SECTION 109. Cost of Abatement; Low Income, Elderly Persons.
 (a) Notwithstanding the other provisions of this Ordinance, the cost of abating a nuisance shall be waived for low income and elderly persons, if upon application it appears to the Mayor that the conditions set forth in subsection (b) are met.
 (b) To be eligible for waiver of nuisance abatement costs a person must be classified as "low income" as defined by the U.S. Department of Welfare, or
 (c) Be more than 65 years of age and:
 (1) A person living alone, whose total income for the preceding calendar year did not exceed one and one-half (1-1/2) times the maximum amount a Social Security recipient at age 65 may have earned in that year without having any benefits withheld or
 (2) The head of a household which household received a total income for the preceding calendar year that did not exceed two and one-quarter (2-1/4) times the maximum amount a Social Security recipient at age 65 may have earned in that year without having any benefits withheld.
 (d) Additionally, all persons wishing to qualify for waiver of nuisance abatement costs must:
 (1) Furnish proof of the age and/or income requirements set forth above in the manner and form designated by the Mayor.
 (2) Must own, or be in the process of purchasing the property from which the nuisance is abated; and
 (3) Be living on the property from which the nuisance is abated.
 (e) The removal of the nuisance in question must have been required by the Mayor and the person requesting the waiver of costs must have been officially notified by the City to remove the nuisance.
 (f) Applications for waiver of nuisance abatement costs shall be filed with the City Secretary, on forms supplied by the City, within ten (10) days after receipt of a notice to remove a nuisance or a work order notice unless the Mayor extends the time for good cause shown. All information required to be given on such form shall be supplied and verified by the applicant.
 (g) The maximum amount that may be waived under this Section for any one parcel of real property or any one person shall be five hundred dollars (\$500) per calendar year.
 (h) No overhead charge or civil penalty shall be imposed for any real property for which a waiver, pursuant to this Section, shall have been approved.

SECTION 110. Overhead Charge, Civil Penalties.
 (a) Whenever a nuisance is abated by the City, the Mayor shall keep an accurate account of all expenses incurred, including an overhead charge of twenty-five percent (25%) for administration and a civil penalty of two hundred dollars (\$200.00) for each nuisance abated.
 (b) When the City has abated a nuisance maintained by any owner of real property, for each subsequent nuisance that is abated by the City within two (2) consecutive calendar years concerning real property, owned by the same person, an additional civil penalty of fifty percent (50%), minimum of fifty dollars (\$50), of the cost of abatement shall be added to the costs, charges and civil penalties provided for in subsection (a). The civil penalty shall be imposed without regard to whether the nuisances abated by the City involve the same real property or are of the same character.
SECTION 111. Severability.
 If any section, subsection, sentence, clause, phrase or portion of the Ordinance is for any reason held to be invalid or unconstitutional by the final decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance. The City Council declares that it would have adopted this Ordinance and each section, subsection, sentence, clause, phrase, or portion thereof, despite the fact that any one or more section, subsection, sentence, clause, phrase, or portion would be declared invalid or unconstitutional.

SECTION 112. Conflict.
 All ordinances and parts of ordinances in force in the City of Detroit, Texas, which conflict with the terms and provisions of this ordinance are hereby repealed insofar as they conflict with this ordinance, but all other portions of said ordinance shall remain in full force and effect.

SECTION 113. Misdemeanor for Violation.
 Any person permitting the existence of a public nuisance or violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in a sum not to exceed one thousand dollars (\$1,000.00) and a separate offense shall be deemed committed upon each day during or on which a violation occurs or continues.

SECTION 114. Effective Date.
 The fact that the present ordinances and regulations of the City of Detroit, Texas are inadequate to properly safeguard the health, safety, morals, peace and general welfare of the inhabitants of the City of Detroit, Texas creates an emergency for the immediate preservation of the public business, property, health, safety and general welfare of the public which requires that this ordinance shall

become effective from and after the date of its passage and it is accordingly so ordained.

PASSED AND APPROVED this the 14th day of August, 2000.
 Margaret Missildine, Mayor

ORDINANCE NO. 00-15
 An ordinance prohibiting operation of commercial trucks on city streets in residential areas and restricting parking in residential areas within the City Limits of the City of Bogata, Texas; prescribing a penalty for violation thereof; repealing all ordinances or parts of ordinances in conflict herewith; providing for an effective date of September 16, 2000, and providing for a savings clause.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BOGATA, TEXAS:

SECTION 1. It shall be unlawful for any person to operate, access, drive upon, or use any truck tractor, trailer, semi-trailer, bus, or any commercial motor vehicle with a rated capacity of one and one-half tons, or greater, on residential streets within the city limits in the City of Bogata, Texas.
 This section shall not apply to the following named roadways within the city limits of Bogata, Texas:
 Texas State Highway 37; U.S. Highway 271; Business Route 271; Gable Street; Mt. Vernon Drive; Halesboro Street; Clarksville Street; Texas Farm To Market Road 909.
 This section shall not apply to a truck tractor if the trailer is disconnected and the owner/operator is in route to their residence and the vehicle is parked on private property.
 This section shall not apply of the vehicle is in route to a commercial destination as described and defined in Section 2 of this ordinance.

SECTION 2. It shall be unlawful for any person to leave, park or stand any truck tractor, trailer, semi-trailer, bus, or any commercial motor vehicle with a rated capacity of one and one-half tons, or greater, on residential streets within the city limits in the City of Bogata, Texas.
 This section shall not prevent the parking or standing of the above described vehicles in such areas for the purpose of expeditiously loading and unloading of passengers, freight or merchandise; and provided this section shall not apply to street construction, maintenance and repair equipment, trucks, trailers and vehicles used by public service utility companies engaged in repairing or extending public utilities; and motor buses when taking on or discharging passengers at customary bus stops.
 This ordinance does not negate, alter, or change any currently existing posted "NO PARKING ZONES."
SECTION 3. That any person found guilty of parking any motor vehicle or other vehicle in the above described areas at any time shall be deemed guilty of a misdemeanor, and upon conviction, shall be punished by a fine as allowed by the laws of the State of Texas.

SECTION 4. All ordinances or parts of ordinances in conflict herewith are hereby expressly repealed.

SECTION 5. The provisions of this ordinance are hereby declared to be severable and if any section, subsection, sentence, clause, phrase or provision of this ordinance is for any reason held unconstitutional or void by a court of competent jurisdiction, such holding shall not affect any valid provision of this or other ordinances of the City of Bogata, Texas.

SECTION 6. This ordinance shall become effective the 16th day of September, 2000.
 Jack Crane, Mayor 8-17
