Rain and Autumn really might help!

And then, they pulled out their guns and shot each other dead on the street! No, it hasn't happened around here, but if we don't get some nice rain and perhaps the hints of autumn in the air it seems like it might happen!

Whatever am I babbling about? Rumors, ill tempers, arguments.

I have absolutely heard more unfounded rumors the past few weeks than can be imagined.

For the record, folks, no dead bodies have been discovered around here, and there was no meth lab next to where the body that wasn't supposedly was!

And, we all need to get a nice cool something to sip on, put our feet up and relax!

I go to lots of meetings, and so does my husband. I get lots of letters, and I get lots of phone calls.

And, whether aimed at me, or someone else, there is a distinct edge to things right now.

Folks are hot, they are tired and they are ready to flare up much quicker than usual.

It seems that there are so many "factions" so many "camps" that decisions are difficult to make and getting along is even harder.

Everyone wants what they want when they want it. And, they are ready to fight to get it.

I've taken a few "chewings" lately, enough that I should wear a size six instead of my usual plus size! And, mostly, I've resisted the temptation to snap back. But, normally I don't HAVE the temptation to snap back!

I think it has to be heat related.

Think about every western movie you ever saw. Very, very seldom did the characters stalk down the Main Street of a snowy western town. No, it's always with a hard, dust filled wind cutting at them.

Signs squeak in the wind, tumble weeds roll down the street.

It's not raining, nor snowing, and the spring flowers are never in bloom during those old timey cowboy confrontations.

Personally, I think that's because if the weather weren't so hot and dry they would have gone to the saloon for a nice drink together instead of squaring off with murder on their minds!

So, I'll enjoy these cloudy days, and pray for a nice, life-giving shower.

And hope all of us get a little bit of a grip and step back from our aggression or irritation.

After all, it's the middle of August, the dog days are almost over and autumn is on it's way.

In the mean time, stay cool and collected, and let's all work harder at not imitating those old Westerns!

BOGATA NEWS

92nd YEAR, No. 11 BOGATA, RED RIVER COUNTY, TEXAS Thursday, August 15, 2002 50¢

Council accepts Bogata School building, listens to speaker

The Bogata City Council had a full agenda on Monday, Aug. 12th. Local businessman James Wood addressed the council in relation to the new budget. Mr. Wood outlined his concerns as a Christmas list, and council members "should be prepared to tighten their budget belt at present time due to the state of the local economy".

Wood asked the council to categorize projects as a list of wants, needs, wish fors and what the city can afford. Citizens on a fixed income, residents who have faced cutbacks or job layoffs "are not able to afford an increase in taxes or utilities at this time" he stressed.

Wood challenged the council to appoint a committee made up of personnel not associated with any city department to suggest to the council the projects that the people feel need to be pursued.

He also pled with the council to not pursue a grant to build a city complex to house a civic center, city offices, fire department and police department.

The council agreed to allow Mayor Randy Kennedy appoint a committee to help council decide what projects council will pursue.

All council members were in attendance and approximately

forty guests.

Roger Dean of Dean and Son Properties of Texarkana discussed road repair inside the city limits. The road repair purposed was tabled until the council can consider the course of action to take that would be the most beneficial to the city.

Police Chief Charles Clegg reported that deputy John Davidson has resigned and Jason Henry of Commerce has been hired to fill the position vacated on the police force.

Officer Henry has four years of experience in code enforcement and will be used in code enforcement for the city.

Chief Charles Clegg also informed the council that he does not wish to be involved in any grant applications in the future, and addressed the issue of his not living in the city. Clegg stated that he pays as much out of his own pocket for uniforms, and equipment to be used by the city than he would pay in city taxes if he lived in the city limits.

Another hot issue on the agenda was whether to accept or reject an offer made by David Rozell to give the city the Bogata School building and property for \$1.00.

Councilman Charles Don Lewis

spoke out against the acceptance of the building since the cafeteria part of the complex has already been sold to a local business.

In the end, the motion was made by Councilman Roland Screws to accept the building for 0 amount of money and the council will pay all closing costs. Brian Strickland seconded the motion. The vote resulted in a tie vote with Jerry House abstaining. Mayor Randy Kennedy cast the vote to break the tie in favor to accept the building.

No action was taken on applying for a grant to build a city complex.

No action was taken on raising the franchise tax from 2% to 4% of gross revenues between the city and TXU.

The council agreed to give city employee Kay Kneading a 50¢ per hour raise.

The council gave the nod to hire David Rozell to cut down a dead tree at the east end of the park and grind the stump for \$800.

A budget workshop was scheduled for Monday, August 19th at 6:30 P.M., at which time a committee selected by Mayor Kennedy should be at the meeting.

BOGATA POLICE CHIEF Charles Clegg introduced new Bogata City Policeman Jason Henry of Commerce to the council and those attending the meeting Monday night. He was hired to replace John Davidson who resigned to a position elsewhere. (Staff Photo by Thomas Nichols)

Bogata under burn ban

City Fire Marshal Wayne Martin announced Monday that due to the present dry conditions that exist, the City of Bogata is under a burn ban until further notice.

Anyone with a special need to burn should not do so without obtaining permission from the City Fire Marshal.

KEEP IT CONTROLLED-Detroit, Bogata, Deport and Clarksville Fire Departments responded to a two story frame house fire in Fulbright on Saturday. The Bo and Connie Phosay home was totally destroyed and everything the family owned lost. The fire departments had to use a great deal of skill to keep adjoining structures from catching fire. No body, no drug lab located at Shadowland after tip

According to reports from the Red River County Sheriffs Department, a 48 hour vigil last week ended at a dead end investigation at the present time.

Apparently, a "bad source" of information was passed on to the Sheriff's Office last week. The information claimed that a body was seen in an old silo located at Shadowland, between FM410 and Deport. Also, rumors of a drug lab located at that same site were

passed along, but after an extensive search no evidence was found to substantiate either of the stories.

A DPS dive team assisted the Red River County Sheriff's Department and the Drug Task Force in a search of the old silo, which as some water in it. Personnel worked around the clock until the investigation was concluded, with neither a body nor a drug lab being located.

"Back to School Night" at Rivercrest Elementary

Rivercrest Elementary PTO will sponsor a "Back to School Night" on Thursday, August 15, 2002 at the new Rivercrest Elementary. Students will have the opportunity to bring their school supplies, meet their teachers and see their classrooms.

The PTO will have a hamburger supper also on this night as a fund raiser. A hamburger or hot dog plate with beans, chips, dessert and drink will be \$5.00 for adults and \$3.00 for children 12 and under. Serving will begin at 6:00

p.m. and will continue until 8:00 p.m. Student and their parents will go to their classrooms anytime between 6:00 and 8:00 p.m.

The PTO will also begin this year's membership drive at this time. Memberships are \$2.00 each and the group would like to have every parent/guardian at the school involved.

The public is also invited to come and support the PTO and enjoy a good hamburger supper. The building may also be toured by visitors.

West Nile Virus case suspected in Talco

By Nancy Brown

Donnette Parrot of Talco could possibly be the first case of West Nile Virus in the area, but she waits for a positive confirmation of her test results. Donnette and her family returned last Sunday from a trip to the Gulf Coast. While there she reported the weather beautiful with a breeze blowing every day except on Friday evening. She went out on the deck of the place they were staying and said her legs were instantly covered in mosquitos. Thinking nothing of it she brushed them off and went inside. Sunday on the trip home Donnette said she felt really tired.

On Monday she had to force herself to do some housework and by afternoon had a bad headache. She is prone to have migraine type headaches so this was not unusual. By Tuesday the pain in her head was severe and she went to a local doctor's office, and was able to see the nurse practitioner. She was given two shots and a prescription.

By Wednesday morning the pain was much worse and Donnette returned to the doctor. He sent her straight to the hospital where she had a spinal tap. The

normal protien in a human's spinal fluid should be 20-40, Donnette's reports that hers was 140. West Nile Virus also causes swelling of the brain so a brain scan was ordered and test results were sent to a lab to see whether she could possibly have West Nile Virus.

As of press time no confirmation has been made as to whether Mrs. Parrot has the virus, which is affecting humans, birds and animals.

She is at home and is improving daily. On Tuesday when I spoke to her she stated the pain was much less but she is still having to take pain medication around every 6 hours.

The symptoms of Mrs. Parrot's condition started as a very tired feeling, headache which escalated, stiffness in the neck and finally down the spine.

Mrs. Parrot said she is not sure when her tests results will be in but will report the results when she receives them.

For now, she is wished a speedy recovery from whatever has made her ill.

Final sign-up for Rivercrest Pee Wee Football

The final sign-up for Rivercrest Pee Wee Football (football only, not cheerleaders) this season will be held on Saturday, August 17, 2002 from 9:00 to 11:00 a.m. at the Rivercrest High School cafeteria. This is the last

chance for players to sign-up. No players will be taken after this date.

The fee per child this year will be \$60.00 each. All children in grades second through sixth are invited to participate.

Shower to help Phosay family

A fire completely destroyed the home of Connie & Bo Phosay in Fulbright on Saturday. No one was at home at the time of the fire and the house was completely engulfed in smoke and fire when it was discovered. All contents were lost.

There will be a shower for the family at the Fulbright Baptist Church Fellowship Hall on Saturday, August 17 from 2 until 3 p.m. There was no insurance on the home or contents.

If you would like to donate household goods, furniture or clothing, it would be appreciated.

There has been a fund established at Community National Bank in Detroit for anyone wishing to make a cash contribution. You may do so by going by the

bank or mailing your contributions to the account of Connie Phosay, Community National Bank, P.O. Box 279, Detroit, TX 76536-0297.

Items may also be brought to the shower on Saturday.

Clothing sizes for the family are:

To: Shirt, large; pants, 33x32; shoes, 8 1/2.

Connie: T-shirt, 3X; dress, 22-24 women's; pants 24 plus size; shoes, 8-8 1/2 wide.

Rachel: Shirt, M; pants, 12 misses; shoes, 6 1/2 ladies.

RED RIVER COUNTY ROOTS

This week's query is from Ms. Merle Miller, 5701 S. CR 1285, Midland, TX 79706. She is researching the Stansell family. It is unknown if any Stansells settled in Red River County, many Stansell descendants lived in Lamar County. The first of the family came to Texas was William John Thomas Stansell, born 1850-60, possibly in Clay County, AL. He was known as John and is believed to have lived in Titus County at one time. His brother, James Charles Zwingle Stansell also moved from Alabama and he and his wife had 10 children in Lamar County. John married twice in Alabama and left three grown children there. The family information states he died suddenly working on a roof, but the location is not known. If you have a query you would like to have placed in this column, please send to the Red River Geneological Society, P.O. Box 516, Clarksville, Texas 75426.

With school beginning next Monday, everyone will want an after-school snack when they get home. We are featuring some cool, quick recipes for just that. Kids like a variety of desserts as well as the adults.

Try some of these, I think you might enjoy them. See you in the kitchen!

BANANA SPLIT CAKE-keep this hand in the fridge for a really "cool" dessert!

CHERRY CRUNCH-quick and easy, rich but good!

FRUIT PIZZA-use whatever fruits your family enjoys!

Card of Thanks

We wish to send thanks to the Deport, Detroit, Bogata and Clarksville fire departments for the great job they did controlling the fire that destroyed the home of Mr. and Mrs. To Phosay Saturday morning. Other homes nearby could have been destroyed if they had not responded as quickly as they did. Our community is grateful for their fine work.

Also, a sincere thanks to the Bogata Fire Department for their quick response to the grass fire east of Fulbright on Thursday afternoon.

Robbie Nell Cooper dies August 10

Robbie Nell Cooper, age 74 of Clarksville, died Saturday, August 10 at ETMC, Clarksville.

Services were held Tuesday, August 13 at 10:00 a.m. in the Lindeman Chapel of Clarksville Funeral Home with Mike Demory and Rev. Don Shovan officiating. Burial followed in Lone Star Cemetery under the direction of Clarksville Funeral Home.

Pallbearers were Austin and Will Cooper, Rusty Cooper, Max Cannaday, George Gordon, Richard Harvey, Carl Hendrix.

She was born in Red River County, the Mosley community, June 20, 1928, a daughter of Earl and Maude Mitchell Legate. She was a homemaker and member of the Church of Christ. She graduated from Fulbright High School and Paris Junior College with honors.

Mrs. Cooper taught Bible classes for many years but for the last 24 years, she taught Cradle Roll, her favorite.

Her husband, Morris T. Cooper, preceded her in death April 16, 1984, along with a brother, Billy Legate.

Surviving are sons, Ron Cooper of Avery, Randy Cooper and wife Joyce of Gilmer and Keith Cooper of Clarksville and seven grandchildren and 10 great-grandchildren.

Card of Thanks

I want to thank our many friends for their love and concern in the loss of my sister, Janice Davis. Everything was helpful; the calls, cards, food, flowers and the donations to Bridges Chapel Cemetery, the Talco Ex-student Scholarship Fund, the Bogata Methodist Church and the Franklin County Historical Society. We had the visitation in Dallas for her friends and loved ones who were her second family from her work with Sedco and Desk and Derrick Club. She was indeed an oil field kid. The graveside eulogy was given by our family members and we thank them for making it so meaningful. Thanks to the Wood Funeral Home for helping us with the Dallas funeral service selection.

Plans progress for gala

The CHRISTUS St. Joseph's Health System Foundation continues to plan for its Oct. 5 gala, with members of the Foundation's underwriting committee currently completing sponsorship calls.

Anyone wishing to become an underwriter for this year's gala, and who has not yet been contacted, may call Raymond Armstrong, CHRISTUS St. Joseph's director of development, at (903) 737-1163 or 737-1161.

Individual tickets for the gala are expected to go on sale in September.

Members of the underwriting committee, chaired by Robert Campbell, are Philip Cecil, Dick Severson, Arthur Tijerina, M.D., Steve Rowlan, M.D., Larry Love, M.D., Steve Graves, M.D., Gene Stallings, Jo Ann Parkman, John Kirkman, Don McCaskill, Charles Lynch, Charles Hill, Jim Bell, Sims Norment, Curtis Fendley, Lisa Higgins, Gary Young, Frank Ray, Melinda Love, Kathy Floyd, Gerald Brandon, Phil Fletcher, Mike McBride, Roy Sparks, Pat Bassano and Bobby Walters.

Proceeds from the 2002 CHRISTUS St. Joseph's gala, "Some Enchanted Evening," will be used to establish a nursing scholarship fund for Lamar County residents who wish to pursue a nursing degree to become a registered nurse. Scholarship recipients will be required to sign

an agreement to work for CHRISTUS St. Joseph's Health System for a minimum of one year following graduation. Scholarships will also be offered to RNs working toward an advanced nursing degree and who are interested in teaching after completing the program.

"The nursing shortage is a problem that seriously threatens our healthcare system locally and on a national level," explained Dr. James Brunette, 2002 gala chairman. "We have cycled through shortages in the past; however, this shortage is viewed as more serious since it is occurring at a critical time when the "baby boomer" generation will need more intense, long term health care services, and the majority of nurses currently in the workforce will be retiring."

Almost 60 percent of the nation's registered nurses are over 40, and a decade-long decline in enrollment in nursing education programs has created a shortfall in the pipeline. According to government projections, another 450,000 nurses may be needed by the year 2008 to meet the demand.

According to Paris Junior College officials, the total cost of tuition, books, fees, etc. for the associate degree nursing program is \$6,653, and many students require financial aid in order to make ends meet.

Guaranty Bond Bank reports results

Guaranty Bancshares, Inc. a community oriented bank holding company with assets of \$491.6 million, reported second quarter and six month earnings as of June 30, 2002. Net income for the second quarter was \$1.1 million, an increase of \$370,000 or 51.3% over the second quarter of 2001. Net income for the first six months was \$2.1 million, an increase of \$614,000 or 42% from the first six months of 2001.

The increase in net income for the second quarter and six months ended June 30, 2002 was primarily attributable to an increase in net interest income and non-interest income partially offset by an increase in non-interest expense, provision for loan losses and income tax expense.

The annualized return on average shareholders' equity for the six months ended June 30 was 12.66% compared to 9.80% for the same period in 2001. The annualized return on average assets was 0.88% for the six months ended June 30 compared to 0.70% for the same period in 2001.

Non-performing assets increased \$288,000 or 4.6% since

December 31, 2001. Non-performing assets to total loans and other real estate represent 1.86% at June 30, 2002. The largest increase occurred in other real estate owned which increased \$1.3 million. While this is a sizable increase, the amount does not appear to be a significant drain on earnings and is representative of the company's large loan growth over the last three to four years. Unless adverse market conditions occur, the other real estate owned should sell in the normal course of business. The other real estate owned was partially offset by a decrease of \$1.2 million or 65% in past due loans. The Company loans were \$348 million at June 30, 2002, an increase of \$16.7 million or 5.0% from December 31, 2001. Deposits increased \$19.5 million or 5.1% from \$383.3 million at December 31, 2001.

Guaranty Bancshares, Inc. is a \$491.5 million holding company that owns 100% of Guaranty Bank. The bank currently has ten locations in Northeast Texas and one location in Fort Stockton, Texas.

Sandlin to visit East Texas

During the month of August, U.S. Representative Max Sandlin will hold public meetings throughout East Texas. On August 27, Sandlin will host an "America's Business" meeting in Red River County to discuss retirement and economic security and corporate accountability.

"It is crucial for Red River County residents to be informed of the latest actions taken by Congress to bring stability to our economy. Further it is essential that Social Security remains solvent, that we help those who have been wronged by corporate wrongdoers and that we prevent future exploitations of our financial markets."

"As representative of the 1st District of Texas, my most important responsibility is to support the issues of importance to my constituents. In order to do a good job, it is critical that I keep in constant contact with East Texans," said Sandlin. "I hope all Red River County residents will join me at this public meeting."

Sandlin will make 25 stops in all 19 counties in the 1st Congressional District. All residents are invited to attend.

The meeting will be held Tuesday, August 27 from 8:30 until 9:30 p.m. at City Council Chambers, 800 W. Main in Clarksville.

RRC Genealogical Society meets

The August 12 meeting of the Red River County Genealogical Society was held at the County Library. Mr. Marion Butts gave a very interesting talk in the absence of the scheduled speaker. Mr. Butts has done extensive study on the steamboats that traveled the northeast Texas area. He spoke of the valuable cargo and some difficulties that were encountered in transporting goods, etc. Mr. Butts has done invaluable research on the construction of the courthouse in Clarksville. He has viewed film of the Northern Standard and read materials on this subject. He concluded his speech by telling of the rich history of Red River County that needs to be remembered. Ms. Ann Evetts gave informa-

tive information of the celebration in October of the courthouse which will be a several day event.

Mrs. Cynthia Samples spoke of the contents of the Red River County Website, which she maintains.

Mr. Eugene Simmons and Mrs. Miriam Stephenson informed the society of the progress of the paperwork that they have compiled for the courthouse dedication. Mr. Simmons also told of the progress of the volunteer work he is doing for the society.

Thirty were in attendance for this excellent meeting. The next meeting of the society will be September 9, 2002 at the County Library. Visitors are welcome to attend.

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN A WATER QUALITY PERMIT RENEWAL

PERMIT NO. 10869-001
APPLICATION: City of Talco, P.O. Box 365, Talco, Texas 75487, has applied to the Texas Natural Resource Conservation Commission (TNRCC) to renew Texas Pollutant Discharge Elimination System (TPDES) Permit No. 10869-001 (EPA I.D. No. Tx0012205) to authorize the discharge of treated wastewater at a volume not to exceed a daily average flow of 125,000 gallons per day. The domestic wastewater treatment facility is located on the north side of Farm-to-Market Road 71, approximately one mile northeast of the City of Talco in Titus County, Texas. The discharge route is from the plant site to an unnamed ditch; thence to Prairie Lake; thence to an unnamed tributary of the Sulphur River; thence to the Sulphur/South Sulphur River. This application was submitted to TNRCC on July 19, 2002. The permit application is available for viewing and copying at Talco City Hall, 400 West Broad Street, Talco, Texas.

The TNRCC executive director has determined the application is administratively complete and will conduct a technical review of the application. After completion of the technical review, the TNRCC will issue a Notice of Application of Preliminary Decision. **PUBLIC COMMENT/PUBLIC MEETING.** You may submit public comments or requests a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. The TNRCC will hold a public meeting if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing. **Written public comments or requests for public meeting must be submitted to the office of the Chief Clerk, MC 105, TNRCC, P.O. Box 13087, Austin, TX 76711-3087.** **ADDITIONAL NOTICE.** After technical review of the application is complete, the executive director may prepare a draft permit and will issue a preliminary decision on the application. **Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list or the mailing list for this application. That notice will contain the final deadline for submitting public comments.** **OPPORTUNITY FOR A CONTESTED CASE HEARING.** After the deadline for public comments, the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. **The response to comments, along with the executive director's decision on the application, will be mailed to everyone who submitted public comments or who requested to be on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.** A contested case hearing will only be granted based on disputed issues of fact that are relevant and material to the Commission's decision on the application. Further, the Commission will only grant a hearing on issues that were raised during the public comment period and not withdrawn. **The TNRCC may act on an application to renew a permit for discharge of wastewater without providing an opportunity for a contested case hearing if certain criteria are met.** **MAILING LIST.** In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices mailed by the Office of the Chief Clerk. You may request to be added to: (1) the mailing list for this specific application; (2) the permanent mailing list for a specific applicant name and permit number; and/or (3) the permanent mailing list for a specific county. Clearly specify which mailing list(s) to which you wish to be added and send your request to the TNRCC office of the chief Clerk at the above address. Unless you otherwise specify, you will be included only on the mailing list for this specific application. **INFORMATION.** If you need more information about this permit application or the permitting process, please call the TNRCC office of Public Assistance toll free, at 1-800-687-4040; General information about the TNRCC can be found at our web site at www.tnrcc.state.tx.us. Further information may be obtained from the City of Talco at the address stated above or by calling Jone Clemmons at 903-379-3731. August 7, 2002 8-15

NOTICE OF PUBLIC MEETING TO DISCUSS BUDGET AND PROPOSED TAX RATE

The Rivercrest ISD will hold a public meeting at 7:00 PM, August 29, 2002 in Rivercrest High School Board Room, Hwy. 271 South, Bogata, Tx.

The purpose of this meeting is to discuss the school district's budget that will determine the tax rate that will be adopted. Public participation in the discussion is invited.

The tax rate that is ultimately adopted at this meeting or at a separate meeting at a later date may not exceed the proposed rate shown below unless the district publishes a revised notice containing the same information and comparisons set out below and holds another public meeting to discuss the revised notice.

Comparison of Proposed Rates with Last Year's Rates

	Maintenance & Operations	Interest & Sinking Fund*	Total	Local Revenue Per Student	State Revenue Per Student
Last Year's Rate	\$1.237800	\$0.235700	* \$1.473500	\$1,814	\$5,531
Rate to Maintain Same Level of Maintenance & Operations Revenue & Pay Debt Service	\$1.474732	\$0.312930	* \$1.787662	\$2,375	\$5,134
Proposed Rate	\$1.277800	\$0.235700	* \$1.513500	\$2,006	\$4,645

* The Interest & Sinking Fund tax revenue is used to pay for bonded indebtedness on construction, equipment, or both. The bonds, and the tax rate necessary to pay those bonds, were approved by the voters of this district.

Comparison of Proposed Levy with Last Year's Levy on Average Residence

	Last Year	This Year
Average Market Value of Residences	\$24,543	\$25,861
Average Taxable Value of Residences	\$9,543	\$10,861
Last Year's Rate Versus Proposed Rate per \$100 Value	\$1.473500	\$1.513500
Taxes Due on Average Residence	\$140.62	\$164.38
Increase (Decrease) in Taxes		\$23.76

Under state law, the dollar amount of school taxes imposed on the residence homestead of a person 65 years of age or older or of the surviving spouse of such a person, if the surviving spouse was 55 years of age or older when the person died, may not be increased above the amount paid in the first year after the person turned 65, regardless of changes in tax rate or property value.

Notice of Rollback Rate: The highest tax rate the district can adopt before requiring voter approval at an election is \$1.846922. This election will be automatically held if the district adopts a rate in excess of the rollback rate of \$1.846922.

Fund Balances

The following estimated balances will remain at the end of the current fiscal year and are not encumbered with or by a corresponding debt obligation, less estimated funds necessary for operating the district before receipt of the first state aid payment:

Maintenance and Operations Fund Balance(s)	\$63,210
Interest & Sinking Fund Balance(s)	\$40,000

Traffic stop yields drugs

Last Friday a Red River County man was arrested after he failed to yield to a routine traffic stop. A chase ensued with a Department of Public Safety officer and Danny Powell of the Drug Task Force. The suspect wrecked out on FM 114 north of Clarksville. An undetermined amount of marijuana was recovered from the suspect's vehicle. According to Red River County Sheriff Chief Deputy Larry Spangler, several thousand dollars worth of marijuana was seized.

Beware of mosquito borne illness

It's shaping up to be a virus kind of year, and Texans are being warned to take precautions to avoid mosquito-borne diseases, according to an entomologist with the Agriculture Program at Texas A&M University.

"The general public needs to be more aware of the local mosquito situation and take precautions against these insects," said Dr. Jim Olson. Precautions include cleaning up premises by removing all sources of standing water, mosquito-proofing dwellings, and, as much as possible, altering outdoor activities to times and places mosquitoes aren't active.

"Wear loose, light-colored, long-sleeved clothing and apply a mosquito repellent of choice," he said. "Mosquitoes tend to go for dark-colored, moving objects. If the clothing fits tightly, they can drill right through the fabric into the skin."

The recent rains across much of the state is a good-news, bad-news type of situation. With a capability of traveling up to 30-50 miles

from where they breed as larvae, these mosquitos may cause nuisance problems well away from where they were in their developmental stages. They are going to be a serious source of annoyance for the next 10 days to two weeks.

The first case of West Nile virus in a human in Texas was confirmed recently in a 50-year old Orange resident, who is in stable condition at the Houston VA Medical Center. Evidence of the disease has been found in birds or mosquitos in Harris, Jefferson, Fort Bend, Orange, Montgomery and Dallas counties, and several confirmed and unconfirmed cases of the virus have been found in horses in Southeast Texas.

Some horses have died while others are recovering. "The situation in East Texas is further confused by also having Eastern Equine Encephalitis activity," which has been confirmed in one horse each in Nome, Jasper and Tyler.

According to the Texas Department of Health, mild infections of mosquito-borne encephalitis in humans may occur with only a headache. More severe infections

may include headaches, high fever, neck stiffness, disorientation, coma and tremors.

With West Nile infections, flu-like symptoms include fever, headaches, sore throat, body aches, fatigue (often with a skin rash), and swollen lymph glands. It can be fatal, particularly in the elderly or very young or those with weakened immune systems.

Human symptoms of Eastern Equine Encephalitis range from mild flu-like illness to frank encephalitis (true inflammation of the brain), coma and death, according to the Centers for Disease Control and Prevention.

In the United States, there have been 153 confirmed human cases of Eastern Equine Encephalitis in humans since 1964; up to 3,000 cases of St. Louis Encephalitis in humans since 1975; 639 human cases of Western Equine Encephalitis since 1964; and 152 human cases of West Nile virus confirmed since it first appeared in the U.S. in 1999, according to CDC information.

Migrating birds are the primary source of the West Nile virus and

Eastern Equine Encephalitis, which are transmitted by mosquitos to other birds, animals or humans. Eastern does not seem to kill birds (West Nile infections kills blue jays, crows and hawks), though birds are the reservoir for that virus.

There is evidence of St. Louis Encephalitis cycling in mosquitos in the Corpus Christi area and Western Encephalitis cycling in mosquitos in El Paso. Western Equine Encephalitis is vectored by Culex tarsalis. Since West Nile virus often shows up in the bird population first, the public is asked to contact the nearest office of TDH when dead blue jays, crows or hawks are found. Check for the nearest office at their website: <http://www.tdh.state.tx.us/>

As a final precaution, please report any dead crows, blue jays or hawks to City officials so notification to the Department of Health can be made. The best way to help is to control breeding sites for mosquitos in your area.

Date set for Rivercrest High School class of '83' reunion

Representatives of the Rivercrest class of 1983 have set the date for their 20 year reunion for July 19, 2003. The place and time, as well as activities, are still being planned. More information will be available at a later date. Mark your calendars and plan on coming back to visit with those you have not seen in decades.

The group are also collecting information for the "20 Year class reunion annual". If you are a member of the class of 1983 please send a recent picture of you and your family as well as a little biography of what you have "been up to" in the last 20 years; college, family, jobs, hobbies etc. The Reunion Annual will have addresses, phone numbers, emails, pictures and information on each of the class members. You can mail your photos and information

to Leah Lewis Bull, 431 S. Bryson St., Bogata, Tx. 75417. You may also email your information and pictures if you have the capabilities to lrlewis@1starnet.com. All photos will be promptly returned within a few days of receiving them. The reunion annual may be purchased before or during the class reunion next year. The price of the annual will cover copying and binding only and the cost will be \$7.00-\$10.00 each.

An invitation is also extended to the classes of 1982 and 1984 as well as any parents, faculty or friends to come reminisce and reconnect with old friends. You may contact Leah Lewis Bull at 903-632-9520; Joe Corbell at 903-509-3027; Kathie Williams Thompson at 903-632-4591 or David Rozell at 903-632-5617 for information.
