Commissioners, City Council Pass Resolutions Opposing Dump Sites

Both the Lamar County Commissioners Court and the Deport City Council have adopted resolutions opposing a Chemical Dump Site, which Chem-Security, Inc. has proposed to locate in Red River County, just East of the Lamar County Line near Cunningham.

Both court and council met Monday night and adopted the resolutions. Councilman John Lee Roach made the motion opposing the site and Walter Gifford seconded it. Only one member of the Deport council was not in favor of the resolution.

The resolution opposing the site by the commissioners court was presented by Commissioner Jimmie Sparks of Deport. The Franklin County Commissioners have also gone on record by approving a motion which

opposes a dump of such nature. The Deport city Council also received word that a \$500,000 lagoon-type sewer project has been approved by the Texas State Department of

Water Resources, yet one more step in the long process of obtaining such a system. The council also approved some necessary business on the plant, and considered installing a street light near the newly constructed Faith

Baptist. That was carried unanimously, and a street light will be installed. A motion to pay the liability insurance bill was approved and the meeting was adjourned.

Northeast Texas Prime Dumpsite

Northeast Texas will continue to be a prime area for location for a chemical waste disposal site, even if a proposed site in Red River County proves not to be feasible, a spokesman for Chem-Security Systems, Inc., of Bellevue, Wash., said Tuesday.

"There is a need for industrial waste disposal in the area," Roger Nelson, business development manager for the company said Tuesday, adding, "we won't be giving up on Northeast Texas. There's too much potential for growth in the area."

"Not having a site in Northeast Texas is a worse crime than having one," Nelson continued, indicating that the waste is probably being disposed of improperly.

Chem-Security has proposed an industrial waste disposal site for southwest Red River County on a 310

acre site owned by John Ward of Fulbright. An option to purchase the land is on file in the office of Red River County Clerk Mary Hausler.

Since the proposed site became public, a group formed in opposition to the site, the Sulphur River Watershed Concerned Citizens Association has been formed, which has retained Clarksville attorney Jim D. Lovett.

Nelson denied Tuesday that Chem-Security has any corporate ties with Southwest Nuclear, Inc., a firm which tried to locate a low-level nuclear waste dump in Delta County, then near Roston.

Nelson added that eighty to ninety percent in areas where Chem-Security sites are located are happy with the facilities once it is in place, but that the company always faces strong opposition before it can prove itself to be a good neighbor.

FLOODWATERS from Sulphur River were within a half mile Saturday of the site proposed by Chem-Security

Systems, Inc. for a chemical waste disposal and treatment site in Red River County. A broken floodgate in the levee

which protects the area allowed the water to flow from the river into the area. Roger Nelson,

Business Development Manager with Chem-Security, said Tuesday that the results of the core

drilling tests conducted by the company are still not complete. (Staff Photo)

Frontier Days Events Part Of Rodeo

June 25-26-27 will be the dates for the annual Bogata Rodeo, with performances

scheduled for 8:30 p.m. on Thursday, Friday, and Saturday evenings.

The big celebration will be climaxed on Saturday by the colorful Frontier Day, which this year will be sponsored by the Bogata Lions Club, with Gaylen Legate in charge of the day's activities.

The free pancake and sausage breakfast, a traditional Frontier Day meal, will be served in downtown Bogata from 7 to 9 a.m. on Saturday morning.

At 9 a.m. the exciting, traditional turtle auction will be held by buying on of the turtles. This will be followed by the race itself as soon as the entries can be trained and brought to the starting post.

A snack break will come at 10 a.m. with two groups in the watermelon eating competition: those 14 years and under and youngsters 15 and over trying for prizes and recognition, as well as messy faces.

The Ugliest Man judging is next with the top award going to the really big ugly of Bogata and surrounding territory.

Those having a possible contestant in mind are urged to contact him to be present for this event at 10:30 a.m.

Those disgusted by the whole thing who fancy their

spitting ability may participate in the tobacco-spitting event following. Contestants must provide their own tobacco.

Then comes the big egg-throwing event, with two categories of contestants, youngsters, and adults. In this sporting event teams of two throw an egg back and forth at increasing distances with the couple avoiding the inevitable "smush" the longest winning.

Eggs will be provided to the contestants to eliminate any possibility of hard-boiled ringers.

At 11:30 a.m. folks will begin throwing their weight around in the tug-of-war with one contest for men and the other for the ladies.

Joe Kelsy and Johnnie Hudson are planning the activities for the rodeo events, including the two big parades, one to open the celebration at 5 p.m. on Thursday and the grand parade at 6 p.m. on Saturday to officially end Frontier Day.

Gerald Smith's Wing Rodeo Company will produce the rodeo event as usual providing the very finest in Rodeo stock.

Bill Buckman, chairman, is still seeking entries in the

Rodeo Queen Contest, with the entry deadline being June 10th.

Young ladies between the ages of 14 and 21 years, living within 25 miles of Bogata, and who have never been married are urged to enter the competition. Western attire is required and those participating will be asked to ride in the parades and rodeo grand entries.

Buckman may be contacted for more information by calling 214-632-5811 or in person at Buckman Drug Store in Bogata.

The Rodeo Parade for Friday will form at the Red River Nursing Home and follow a predetermined route to where it will come east on 2nd street to North Main then it will turn back south and go south through the Main Street in downtown Bogata, then to the Rodeo Grounds.

The parade on Saturday will follow the same procedure except that it will be much larger and will include several Shriner Units from as far away as Dallas and Texarkana. There will be something for everyone to enjoy so make your plans to attend the parade then go on out to the rodeo for some of the best entertainment you will find anywhere. Bring the whole family as as there will be something for everyone. See you at the Frontier Day celebration.

Decision Quartet Provides Concert To Replace Windows

Shady Grove Methodist Church was given a benefit Sunday by the Decision Quartet. The benefit was given to restore the windows of the church which were recently broken by vandalism.

The Shady Grove Methodist Church is part of the circuit established by the North Texas Conference of the United Methodist Church. It is one of the oldest church in

the country. Each year the church pulls in hundreds of people in their annual church reunion. It's membership stretches all over the state and is the "home" church of dozens of families.

There were approximately 75 to 100 people attending the benefit, including those of several other church denominations. The event began with a

piano concert given by the Rev. McQueen and followed by a song, the "Light House" which he sang.

Towards the middle of the concert Phillip Lamb, the spokesman for the quartet received a free will love offering to be used to restore the windows of the church. The offering was counted an Pastor McQueen acknowledged gifts totalling \$160. One of the highlights of the

service was when Pastor McQueen held the offering up in the air and made the statement that if anyone could guess what was in the offering plates they could have it. Much to everybody's surprise a little voice of a small child was heard to say, money. Everyone laughed in good humor. Pastor McQueen made the point that one should be careful in the wording of a statement.

The Decision Quartet rounded out the concert new songs in their repetoir, "Jesus Is Coming Soon", "Daddy Sang Bass" and a solo by Thomas Russell, the tenor for the quartet, "Let The Tower Lights Be Burning".

Closing out the event Rev. McQueen invited everyone to the Blossom Methodist Church Old Fashion Day, to be held July 5, 1981. The entire day will be given to old

fashion gospel singing. The Decision Quartet, Hershell Booth, and the Davidson Sisters as well as other soloists and groups will be invited for the morning worship service and remain for the all-day sing. Invitations are extended to any gospel singing group who wants to come and enjoy the day. They may contact Rev. McQueen at 982-6221 for further details.

Kennedy Signs Four-Year Contract

Tommy Kennedy, son of Charlie and Chris Kennedy of Blossom, has a letter intent and has received his four-year contract with Panhandle State University in Goodwill, Oklahoma.

Kennedy, a star of the Paris High School football team, which was a state

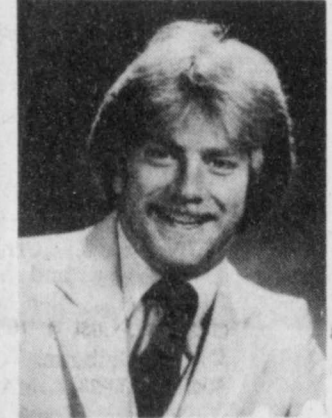

finalist, attended Prairiland High School for two years.

The coaches at Panhandle State University hope that Kennedy can help the Aggies reach the NAIA Division II national playoffs.

The Aggies were 8-2 last season, and narrowly missed an opportunity to make those playoffs.

Paris High School Wildcat coach Bill Hicks was pleased when he learned that Kennedy has received the contract.

"We're very happy that Tommy has signed," the coach said. "He did an excellent job for us this past season, and I'm sure that that he'll meet with success in college. He's a fine football player and should be able to help Panhandle's program."

Bug Remover
To remove insects squashed against the hood of the car, use linen or nylon net dampened in water. Without scratching the surface, the fibers will act as a mild abrasive.

LEST WE FORGET—some complaints about a minor flooding problem at the south end of Deport last week resulted after the heavy rains. This aerial picture was taken

before the construction of the dam north of Deport, and serves as a reminder of what would have happened without the

dam. All buildings on Main Street were flooded plus the highway was impassable with assistance from the high-

way department. The June, 1974 rain was two inches less than the rains of last week. (Staff Photo)
