BY NANALEE NICHOLS

It continually amazes me just how things work out. Murphy's Law, (anything that can happen-will) certainly applies to me.

I dropped by the First Baptist Church in Deport week before last to take a few pictures of the Vacation Bible School they had in progress.

This is the first school they have held in their newly completed church, and I had some cute pictures of youngsters, especially the little kids.

But when time came for the pictures to be printed-they weren't there! Absolutely nothing but a series of completely black frames showed up on the negatives.

Now I approach photography with a very serious attitude. I walk around prepared for most anything with filters, telephoto lenses, heavy-duty strobs and a variety of other equipment.

That would leave one to believe that a simple, straightforward shot of some cute kids making projects would be within my technical range.

Apparently it was not. I still haven't figured out what happened to the pictures. I don't own a lense cap, so it couldn't have been left on, and that is the only explanation for the completely black photos that we can think of.

At any rate, apologies go to the Bible School youngsters that didn't get their picture in the paper, and meanwhile we'll keep on trying to figure out what happened!

Tremendous Homecoming....

Cunningham Does It Again!

By NANALEE NICHOLS

Lots of places have homecomings, and there are many, many small communities in the world, but it is hard to imagine a community that had a homecoming more successful than Cunningham's.

Like everything the community undertakes, the Cunningham Homecoming pulls out all the stops and really gets rolling!

Young Business In Action

These hot and sultry July days are just perfect for going into the Kool-Aid drink sales business and that's just what Mark and Lee Ann Farris are doing as they serve one of their specialties to their cousin, Amy Farris. Mark and Lee Ann are children of Mr. and Mrs. Travis

Farris of Deport and Amy is the daughter of Mr. and Mrs. James Farris. Mark and pal, Chip Adams, were the original "founders" of the business, but when Chip had to go home, Lee Ann became a partner. And, business was brisk, too. (TIMES STAFF PHOTO).

For Deport Reunion....

Seniors of '41-'42 Are Young Again!

BY MELBA LADD

The sounds remain the same. Had you passed by the Deport High School last Saturday between the hours of 2 and 5 p.m. (the windows were open in the study hall for the chance of a breeze)-the sounds of laughter and talk was the same sound from a time 40 and 41 years ago when a few, now in their 'fading fifties', were in their late teens.

Never has there been a study hall to remain quiet without teacher supervision.

The first reunion of the class of 1941 was underway!!!

Fred Parks with his cousin Gerald D. Parks were the first to arrive, register and tour facilities filled with memories, pleasant, unpleasant, rewarding and enduring. Fred had not

been inside the building since graduation 41 years ago - from his comment - 'Well, there is the old auditorium, gym!' - the 41 years melted away and memories were voiced and shared by all as they arrived and looked for their special memory.

Mac Webb was there with his grade books, neatly penned, telling that story. Webb was the only one in attendance that needed no nametag - he was recognized by each and every student on arrival.

Other teachers in attendance were Mrs. Thelma Ladd Warren, Mrs. Tommie Baughn Lawler, Mrs. Lou Ellen Reid Hayes, Regina Bell Webb had prepared beautifully and tastefully refreshments for all.

Members of the 1941 class numbered 67, the largest class to ever graduate from Deport High School, 13 are known to have died and we were unable to locate three.

Those in attendance for this registration were: Fred Parks, Gerald D. Parks, Helen Chandler Gibson, Dorothy Shannon Worthy, Grady Wright, Billie Nobles Hill, Beatrice Shannon Collier, Lewis Nicholson, Ruthmarine Grant Cockrell, Jaunita Westbrook Upchurch, Carlos Ladd, Virginia Whitney Allison, Ray Rhodes, Jackie Griffin and Wilber Gann.

At the Quality Inn in Paris that night the '41 class met with the '42 class for a dinner meal and more memories. Carlos Ladd presided for this joint venture in the absence of Dudley Dearman, who has presided for the previous meetings of the class of '42. Dudley is recuperating from a major illness at his home near Houston.

On Roll Call by class president: Carlos Ladd, these were present: Ray Rhodes, Ruth Green Walsh, Ross Skaggs, Juanita Westbrook Upchurch, Virginia Chandler Allison, Rufus K. Storey, Gerald D. Parks, Fred T. Parks, Beatrice Shannon Collier, Dorothy Shannon Worthy, Grady Wright, Wilbur Gann, Helen Chandler Gibson, Jackie Griffin, (See REUNION, Page 6)

GENEALOGY BEGINS WITH U Courthouse Records Valuable In Research

By Michael Cunningham

The fourth principle of genealogical research will be termed--Courthouse Records. These are normally birth, death and marriage certificates. However, deeds, wills, abstracts and administrations may also offer a lot of information. I combined all of these records together in this article because normally they are all found at the county court house. They are normally in the county clerks office (some parts of the country call this office Probate Judge Office and District Clerks Office, etc.).

Let us consider birth and death certificates. Ever since man has been on the

earth, there have been births and deaths. However, not until within the last 100 years did localities have to legally keep any of these records.

Because of the settlement patterns of the United States, most of the older birth and death records were kept in areas that were first settled (Virginia, Bay area, etc.).

When looking for a birth or death record, keep four things in mind. First, remember the people at these offices will not look up information. This may be like asking for John Jones' birth record in Flemingsburg, Kentucky. You need to have some idea of a date of birth or at least a

five year span of which to look.

Second, only try to obtain birth records which contain the information you need. Birth records vary greatly on what they contain, some simply state, Boy Baby born to Mr. and Mrs. Bishop, 1899. This does not help much.

Third, consider your source in death certificates. Normally, death certificate information may not always be correct because the informant is normally going through a terrible feeling of loss. In a case where the relative is very old, the informant may not actually know very much information.

Fourth, always remember to follow up your leads you receive in these documents. These may include address of next of kin, place of birth of parents, total number of children born to this family, and spouses name.

Wills are a very good source of information. This is especially true because normally a person leaves

something to all of his family. It may list the names of every daughter, son, son-in-law, daughter-in-law, etc. They also list what the person owned and where it

was located. Location as we will learn later plays a lot of importance in our research. Deeds, administrations, and abstracts are very good sources for finding out where

our relatives lived. They also establish the date and times when they lived there.

Remember, when you obtain information from these records to file all information in the proper folders. You should also fill out your family tree charts and put your tacks on the map.

After doing all of these things you will notice that

you may have a lot of incomplete information. For example, you may find a will of John Bishop. In this will he leaves a 300 acres farm in Fauquier Co., Virginia to his sons. This is an excellent piece of information to combine with the research principle we will talk about next week--the fifth genealogical principle--The Chamber of Commerce.

Right Way

A little water is worse than no water for your lawn. Light watering causes the roots of grass to turn up and become shallow. A thorough watering once a week does a lot of good. Drench the soil so at least an inch below the surface is wet.

Mrs. Gordon Allen Claims first \$10 award in Hidden Name game!

Mrs. Gordon Allen of Bogata received numerous "tips" about the Allen name being "hidden" in last week's News-Times newspapers and that the discovery was worth the first

\$10 prize in the weekly Hidden Name Game.

Mrs. Allen requested that the prize money check be made out jointly with Bryson Building and Farm Supplies of Bogata.

The name of another paid-up subscriber is hidden in one of the ads published in today's newspaper and the person whose name is hidden will win this week's \$5 cash prize if he or she calls either the Deport Times or Bogata News before the Saturday noon deadline. If the money is unclaimed, the prize will double to \$10 next week.

The "hidden name and address" is in the same size type as the words you are now reading; although the name and address may be printed upside down, sideways, on a slant, etc.

The check for the prize money, if claimed, will be made out to the person whose name is hidden and any business or store they name that is an advertiser with either the Talco Times, Blossom Times, Bogata News and or Deport Times. The check is mailed to the person whose name is hidden, after they identify themselves, then all they have to do is take the check to that business or store they named and cash it.

The prize money won by Mrs. Allen had increased to \$10 last week because the person whose name was hidden the previous week had not claimed the award.

Matura-Norwood Vows Exchanged

Teresa Norwood and Eugene Matura Jr. exchanged marriage vows June 5 before the altar of St. Bartholomew Catholic Church in Katy. The Rev. Milam Kleas performed the double ring ceremony. Providing the nuptial music on the organ was Mrs. Billy Ray Oats, cousin of the bride, who also was soloist.

The bride is the daughter of Mr. and Mrs. Canard Norwood, former Deport residents, and the granddaughter of Mr. and Mrs. Almer Norwood of Cunningham and Mrs. Frances Franklin of Deport.

The groom is the son of Mr. and Mrs. Eugene Matura Sr., all of Katy.

Given in marriage by her father, the bride wore a Victorian bridal gown of sheer organza. The bodice featured a deep neckline of sheer net and Venise lace medallions, puffed sleeves on which the medallions were repeated and a narrow band of Wedgewood lace at the wrist.

The five-tiered skirt of Wedgewood lace flowered into a long ruffled train. Completing her ensemble, the bride wore a wide brimmed Victorian hat of Schiffli embroidery and a sheer dotted veil. She carried a crescent design bouquet of bridal roses, minuet roses, lily-of-the-valley, French carnations and starburst palms accented with English ivy and lace.

Attending the bride as maid of honor was Becky Pendleton, a friend from Deport. Bridesmaids were Becky Walla and Carol Hyde, both of Katy.

Flower girl was Amy Lux, cousin of the groom and ring bearer was Damon White, cousin of the bride.

Serving the groom as best man was his brother, James Matura of Katy. Ricky Norwood, brother of the bride, and Rusty Walla, both of Katy, were groomsmen. Candlelighters were Jon White, the bride's cousin, and Brad Lux, the groom's cousin. Ushers were Tracy Norwood and Frankie Norwood, both cousins of the bride from Cunningham, Gerald Winkler of Weimar and Steve Kutach of Katy.

For her daughter's wedding Mrs. Norwood chose a misty plum chiffon gown accented with pearl beading and a pleated skirt. Her wrist corsage was of cymbidium orchids and minuet roses.

The groom's mother was gowned in chiffon in shades of peach and wore a corsage of cymbidium orchids.

A dinner and dance reception was held at the Katy VFW Hall.

The bride's cake was a Queen Anne design depicting a fountain and staircases. Accenting the table were porcelain cherub containers holding flower arrangements of carnations, minuet roses, gladiolas and Freezier.

The groom's cake was the traditional chocolate cake decorated with a ball and chain.

Assisting in the house party were Terri Shaver, Kathy Pilcik, Carol Kenny, Stacy Wilson and Sharlyne Muesse. Karon Pilcik presided at the guest register.

The groom is a 1981 graduate of Katy High School and is now employed at Dresser Industries.

Following their wedding trip to Galveston, Mr. and Mrs. Matura are living in Katy.

To most Texas sports fans the arrival of July means only one thing: Football season is just around the corner and the annual reviews and previews by such magazines as Dave Campbell's "Texas Football", "Texas Sports", etc., will be hitting the newsstands within the next few days.

schoolboy pigskin season is a mere 8 weeks from this Friday!
The 1982 football season will mark the start of the biggest change in history in the selection of state champions for Texas high school teams in all sports. For the first time, the runner-up in each district will also enter the state playoffs. Locally, this means that both the champ and runner-

up in Prairiland's District 13-AAA will advance into the bi-district round, while the same will apply to the champ and runner-up in Rivercrest's District 17-AA.
It will be possible for the 1-2 teams from a particular district to meet in the quarterfinals of the state playoffs.
Starting with the first state championship football game in 1921 when Bryan defeated

Dallas Oak Cliff, 35-13, there have been 170 state championship games in 61 years, excluding the 6-man and 8-man football playing schools.
The UIL currently turns out state champs in five

classifications each year (not counting the few schools that still play 6-man football.)
In the past 61 years, 104 different high schools have won outright state football championships and four

others have either tied for a title or been declared co-champion. Eighty-three schools have played in the finals but have never won a title—all of which makes for 191 different schools that have played in state championship games over the past 61 years.
Wichita Falls holds the record for the most title game appearances, 10, with the Coyotes winning six and losing four. Waco, from years ago, ranks second in title game trips, nine; while Abilene and Brownwood have each been there eight times, followed by Breckenridge, Amarillo, Temple and Odessa Permian, each with six.
Brownwood took over first place with the most titles last year when Gordon Wood's Lions won a record-setting seventh crown. Brownwood's first title came in 1960, also with Wood as coach, which gives the Lions an incredible record of winning a state championship an average of once every three years!

dued Tidehaven to a scoreless deadlock in the 1980 Double-A title game but came back last year to win the title outright with a 32-0 blast over Garrison.
Only 14 schools have repeated with clear-cut back-to-back state football championships, the last being Cuero in 1973-74.
Waco won three straight back in the 1920's, while Amarillo had a string of three in the 30's and Abilene pulled a triple in the 50's. Those are the only schools with three straight title trophies.
Coming with two straight clear-cut championships were Wichita Falls, 1949-50;

Lubbock, 1951-52; Breckenridge, 1951-52; Deer Park, 1954-55; Stamford, 1955-56 (also had a double going in 1958-59, but had to forfeit the 1959 crown); Albany, 1960-61; Dumas, 1961-62; Garland 1963-64; Austin Reagan, 1967-68; Brownwood, 1969-70; and Cuero, 1973-74.

The closest this immediate area has come thus far to claiming the state football jewels was the Paris team of 1980 which lost the Four-A shootout to Huntsville, 19-0; and the 1973 Mt. Pleasant team that lost the then Triple-A finals to Cuero, 21-7. Some, however, might want to claim kinship to Pittsburg's great defensive team of 1980 that won the Triple-A gems.

We'll have more about past years and the 1982 season next week.

SENIOR CITIZEN'S CORNER
HELPFUL IDEAS FOR SUCCESSFUL RETIREMENT

Save the Benefits
Social Security and Medicare become increasingly important to America's senior citizens as prices continue to escalate and the chances of finding any type of gainful part-time employment grow dimmer and dimmer.

Once strong, the reluctance of congressmen to cut back on established benefit programs could be seen to waiver in the face of continuing disagreement over the federal budget. Senior citizens found little comfort in the word that there was a strong movement in Congress to postpone, or eliminate entirely, yearly cost-of-living increases for Social Security beneficiaries. There could be no joy in the word there was also an effort—to increase payments for Medi-

care or reduce the benefits offered—under the program. Cost-of-living increases were applied to Social Security several years ago when Congress realized that each check received by a recipient had decreased purchase value because of inflation. Times are no better for Social Security recipients, so withdrawal of the cost-of-living increasing, even for the sake of doing something about the huge federal deficit, represents a 180-degree turn to individual hard times.

There needs to be consideration of the many Americans who, year after year, paid regularly into the Social Security System with dollars of high purchasing power and who now need a return on that investment to maintain a sufficient standard of living.

CUNNINGHAM

ningham Homecoming 1982" were a hit with the younger folks.
The most sedate of the homecomers visited under the huge oaks ensconced in lawn chairs while the energetic younger ones raced around and played games.

The oldest present was Anna Bell Bedford, age 96, and the youngest was three-month-old Kara Palmer, daughter of Mr. and Mrs. Kenneth Palmer of Bogata.

Traveling the furthest distance to attend was Geneva Holbert Madole from California. All three honored guests were presented crockery pitchers handpainted with "Cunningham Homecoming 1982".

Mr. and Mrs. F.E. McGahan were honored with a plaque for their dedication during their years at Cunningham school.

The Harold Bell Choirs, which performed that evening, presented flowers to Loretta Allen, Johnny and Larry Bell to be taken to their father's grave at Cunningham cemetery in memory of his services to the school and community.

That evening an old fashioned singing joined the voices of five or six hundred people together under the trees, and brought the day to an appropriate close.

There is a lesson to be learned from the energy and enthusiasm displayed by Cunningham.

Their unity shows in everything they do. Volunteers spent weeks repairing the old gym, cleaning the grounds and organizing an event that went off with professional smoothness.

The people of the community know that they must work in cooperation to achieve their goals, and thereby set an example surely unparalleled by any small town.

Observing or participating in their homecoming is a pleasant insight into a spirit that makes Cunningham unique in itself.

PORTABLE WRECKERS FOR SALE. How much money did you lose last year because you did not have a wrecker for your business????? Probably a lot!!!!!! The reason you didn't have one is probably due to the extremely high cost (Approximately \$25,000 to \$40,000). Today, however, there is a new wrecker available that will begin putting more money-making potential in your back pocket immediately, and the cost is only \$4,000. The best part about it is that it can pay for itself in a very short time. Why not give it a try? We also need a few select distributors for this revolutionary new product. For more info, write: Texas Wholesale Wrecker Distributors, 3606 Hialeah Dr., Arlington, Texas 76016. (18-tfc)
