WHOLE NUMBER 1727

ELECTION TO BE HELD FOR COUNTY SCHOOL TRUSTEES

In another column will be found notice of school trustee election which will be held on Saturday April 3rd.

The position of County School Trustee is a very important one as the trustees have supervision of all the schools in the county.

The present board consists of O. B. Norman of Haskell as trustee at large and chairman of the board; J. E. Cloud of Precinct No. 1, J. A. Mapes of Precinct No. 2, J. C. Montgomery of Precinct No. 3, and W. T. Overby of Precinct No. 4, all good school men.

Only two vacancies are to be filled this year—they are in Precincts 2 and 4. We understand that Mr. Mapes and Mr. Overby do not desire to serve another term and it is up to the voters of these precincts to elect good men to take their places on the board.

The names of H. Weibert, J. T. Reid, and Marvin Chamberlain have been mentioned as good men for the place in Precinct No. 2, and no mistake would be made in electing either one of them.

In Precinct No. 4 the names of Dr. J. C. Davis, E. G. Stein and Frank Pilley have been suggested as suitable men to represent this precinct, and in our opinion no mistake would be made in selecting either one of them.

Probably other good men are also available. We hope that the voters will give this matter serious consideration in these precincts and elect men who will be an honor to themselves and a credit to Haskell county's rural schools.

JAS. M. COONER ANNOUNCES FOR TAX COLLECTOR

The name of Jas. M. Cooner will be found in our announcement column this week as a candidate for the office of Tax Collector of Haskell county. His announcement is made subject to the action of the democratic primary which will be held next July.

Mr. Cooner has been serving as Deputy Tax Collector for the past year and is thoroughly familiar with the duties of the office. He has lived in the county for the past 19 years and is well known—especially throughout the north side of the county. He served in the army for several months—entering the collector's office on being discharged from the service.

Mr. Cooner is thoroughly qualified to discharge the duties of the office if elected and he expects to make a thorough canvass of the county before election time, at which time he hopes to be able to meet every voter in the county and place his claims before them personally. He will appreciate your vote and influence.

BOX SUPPER AT COTTONWOOD BRINGS IN THE SUM OF \$234.00

A box supper was given for the benefit of the school at Cottonwood Saturday night in which \$234.00 was received. The number of boxes was small, but the crowd was in good spirits and the bidding was lively. One box brought the neat sum of \$25.50. The money will be used to put in a storm cellar and other improvements for the school. Miss Frankie Curry is the teacher for Cottonwood this term and her patrons are delighted with her work.

SINGING CONVENTION WILL MEET AT O'BRIEN SUNDAY

The Haskell County Singing Convention will meet with the O'Brien class at the Baptist Church the fourth Sunday afternoon, March 28th. A good time awaits those who attend, and O'Brien extends a big welcome to all. The convention is growing better with every coming together and the musical interest is warming up to pre-war existence. We trust every singer and lover of music will lend us a hand in this good cause. Come and you will hear some good singing and make O'Brien glad with your presence.

WOMAN CIRCLE OF HASKELL AND BALLEW UNITE. NEW OFFICERS ELECTED.

The Graves of Haskell, No. 1215 and Ballew No. 725 have united and will meet at Haskell Circle Hall in the future. New officers were elected at the last meeting and will be installed Saturday afternoon, March 27th. These new groups constitute above 100 members and is in thriving condition, with 100 members that leaves nothing undone to further the advancement of the cause. All the members are requested to be present at the installation of Officers Saturday afternoon.

MARVIN H. POST FOR CITY SECRETARY-COLLECTOR

Marvin H. Post requests that we make his announcement as a candidate for the office of City Secretary, Treasurer, Assessor and Collector. These four offices were recently combined by the City Council.

Mr. Post is making the race on the earnest solicitation of his many friends. He is thoroughly qualified to fill the office in every way and will look after the best interests of the city.

Since the four offices have been combined it will be one of the biggest jobs and one of the most difficult positions to fill in the city government. We believe Mr. Post is equal to the occasion and will do his very best to make the city a good officer. Your support and influence will be appreciated. The city election will be held on April 6th.

FOOTS & MITCHELL OPEN VARIETY STORE SATURDAY

The doors of the Variety Store of Fouts & Mitchell were opened Saturday morning and their new stock of notions were nicely displayed and a good patronage was enjoyed throughout the day. J. E. Fouts will be manager of the new firm and we predict a successful business under his guiding hand. This store adds another business to Haskell which the city has been in need of for several years and will be the means of bringing more people to town. It has often been said by the people in the trade territory of Haskell, "you can always find anything you wish to buy in Haskell," and the new store will make the statement stronger. Let "Buy It In Haskell" be your slogan.

COUNTY INTER-SCHOLASTIC LEAGUE MEET APRIL 2nd

April 2nd will be a holiday for the schools of the county, this date having been selected for the Annual Interscholastic League Meet. Most of the schools of the county will participate.

Friday will be given over to field events while declamation and spelling contests will be held Friday evening.

An enjoyable feature of the day will be the picnic-dinner on the courthouse square Friday. People from the rural districts, and the various towns of the county will mingle their good things and rub elbows generally. Let everyone come and help along with the good time.

Receives Sad Message

Albert Glenn of this city received a message of the death of his mother at Gainesville, Texas, where she has just returned. Grandma Glenn was here during the recent death of Mr. and Mrs. Glenn's daughter, Reba. Many friends will be shocked to learn of Grandma Glenn's death, only being a short time since she was in Haskell. Grandma Glenn was a christian, being a member of the M. E. Church for many years. She was laid to rest in Fairview Cemetery, Gainesville, Texas.

Thompson-Johnston

Witt Thompson and Miss Gladys Johnston were married by Judge Jas. P. Kinnard in his office Sunday, March 14th. These young people were from Bule and are among the best young people of Haskell county. The Free Press joins their many friends in wishing them much happiness through life.

Liberal Bequest to Fisher

Lost on Haskell and Standard road between G. W. Waldrop's Ranch and Haskell a brown morocco leather pocket book containing \$26.00 in bills, identification card, five or six blank checks and an interest note dated July 19th. Notify Fred Akerhahl, at G. W. Waldrop's.

Winter Harvest Is On

TO BE OR NOT TO BE-- THAT IS THE QUESTION

An intimation recently came from the State Department to the effect that the classification of the Haskell schools would most probably be reduced by the Classification Committee and that as a result little hope could be held out for increased affiliation. The superintendent wired the Department that the demands made in Inspector Mikese's report were being lived up to as fast as possible, that funds had already been subscribed to run the school the full nine months and to buy the emergency equipment demanded, and that the community seemed thoroughly committed to doing whatever the future might require in order to maintain an efficient standard in the schools. The following reply is self-explanatory:

Austin, March 17, 1920.

Supt. C. C. Minatra, Haskell, Texas.

Dear Mr. Minatra:

In reply to your telegram permit me to say that no change in the classification in the Haskell High School will be made prior to June 1st.

You will please prepare a statement to be signed by the president and secretary of your school board that the recommendations made by the supervisor have been adopted according to his report. If this is received prior to June 1st, there will be no change in the classification of the Haskell High School.

Yours very truly,

S. M. N. Marrs, Chief Supervisor Public High Schools.

Let the Haskell school public forget what these recommendations are, they are reprinted below just as they occur in Inspector Mikese's report:

- Recommendations:
1. Additional elementary teachers so that no teacher will have more than forty pupils.
 2. An amalgamation of the two elementary schools so that all of one teacher's work will be within one grade, all grades in one building.
 3. A library of \$25.00 worth or more of books for each elementary grade room.
 4. Physiology charts and globes for geography, for elementary rooms.
 5. Complete equipment of apparatus for physics.
 6. Compound microscope and dissecting microscopes for physiology.
 7. Buildings need general repairs and overhauling to make efficient and attractive.
 8. Make toilets sanitary and neat.

9. Provision of public money for nine months free term.

10. Build up library with late general reference work, source books and reference books for English, and modern and ancient histories.

CLIFFORD GLENN SPENDING 30-DAY FURLOUGH AT HOME

Clifford R. Glenn, son of Mr. and Mrs. R. P. Glenn, who has been for several months at Base Hospital at San Antonio, recuperating from a broken leg, is spending a furlough of thirty days with home folks and friends in the city. It will be remembered that just before the boys embarked for home from overseas, Clifford suffered a broken leg and was not discharged from the army with the other boys, but was placed in the base hospital where he will remain until thoroughly well. We are very glad to see him able to visit his parents and his many friends and we trust that he will soon be able to return home fully recovered.

SUNDAY SCHOOL ORGANIZED IN THE BALLEW COMMUNITY

The good people of the Ballew community met at the schoolhouse last Sunday afternoon and organized a Sunday School. Bro. McLemore was chosen superintendent and Mrs. Sampson Newsom secretary. Mrs. Beulah Robinson, Mrs. J. C. Holt and Rev. J. C. Turnbow were chosen for teachers, and other teachers will be selected when the classes are formed properly. These good people expect to make a success of the Sunday School work and should receive the hearty co-operation of the entire community.

DOUBLE WEDDING AT THE COURTHOUSE SATURDAY

County Judge Jas. P. Kinnard performed a double ceremony in his office Saturday at 2 p. m. in which George W. Bush and Miss Easter King and George W. Martin and Miss Maggie Buh were united in marriage. The contracting parties were from Bule and have many friends who join the Free Press in extending congratulations.

Death of Mrs. R. Sanders

The Death Angel visited the home of Mr. R. Sanders of the Cottonwood community Sunday and took the mother and wife of that family. Mrs. Sanders had suffered an attack of influenza and death resulted from complications. She leaves a husband and several sons and daughters. The remains were laid to rest Monday afternoon in the Pleasant Valley cemetery. The Free Press joins their many friends in extending sympathy to the bereaved family.

J. M. IVEY ANNOUNCES FOR RE-ELECTION AS COMMISSIONER

J. M. Ivey, who has served Precinct No. 1 as Commissioner for the past three years authorizes us this week to make his announcement for re-election to succeed himself.

Mr. Ivey is so well-known throughout the precinct he needs no introduction to the voters. He has made the precinct a good officer and is asking the people to elect him for another term solely on the record he has made during the past. Mr. Ivey is a good roads enthusiast as well as a mighty good citizen. He has no rash promises to make the people, but will do his very best to make a good commissioner in the future has he has done in the past. He will appreciate your vote and influence.

HOME OF L. C. PHILLIPS DESTROYED BY FIRE SUNDAY

The home of L. C. Phillips, a farmer living in the Center Point community, was destroyed by fire last Sunday morning about 4 o'clock. The family was away from home at the time and all was a total loss. The origin of the fire is unknown. The house belonged to W. E. Bland and was partly covered by insurance, but there was no insurance on the household goods of Mr. Phillips.

H. B. WEAVER BUYS PURE BRED HOLSTIAN CATTLE

H. B. Weaver of Weibert Route One has purchased 17 head of pure bred Holstian cattle to take the place of the mixed breeds formerly owned and bred by him. He has had the Holstians several months and finds them to come up to the high standard they hold for milk and beef production. He says the Holstian has many good qualities that make them a favorite breed. They are gentle and kind, and are seldom fence breakers and prove to be satisfied with inclosure better than most cattle kept on the small pastures on the farm.

He is enthusiastic over the future of the Holstians for Haskell county as an all purpose breed and says the day will come when the scrub stock will be no longer found on the farms of Texas.

BOX SUPPER AT MYERS SATURDAY NIGHT A SUCCESS

A box supper was given at Myers school house Saturday night from which about \$100.00 was received. The purpose of this box supper was to supply the pupils with basket ball and other equipment for the play grounds. Sufficient money was received and the fixtures have been ordered. The people of Myers are very grateful to those who attended and contributed to the needs of the school. Mr. R. Post was the chief entertainer and it is said of him that he was at his best on this occasion.

RELIGIOUS CENSUS POSTPONED UNTIL SUNDAY MARCH 28th

The religious census which was to have been taken last Sunday, has been postponed until next Sunday, March 28, on account of the blanks not being received. The workers will start promptly at 2 o'clock and if the people will remain at home as they are urgently requested to do, the workers can finish at 4 o'clock. Do not forget the time, and remain in your homes from 2 until 4 p. m.

PROGRAM CHRISTIAN LADIES EASTER PRAYER SERVICE

On next Monday and Tuesday afternoons at 4 o'clock at the church, the ladies of the First Christian Church will conduct their Easter Prayer Service in carrying out the plans of the Interchurch Movement, the "Win One Campaign." A hearty invitation is extended to all ladies of the town, and it is urged that the members especially attend these services. The following program will be rendered at this time:

Prayer: That there may be a revival of study of scriptural teaching of Christian Stewardship; That all Christians may become Stewards.—Mrs. P. W. Walthall.
Song: "Saviour Thy Dying Love."
Benediction.

EDWIN H. PATTON MAKES MONEY WITH HOGS

Edwin H. Patton, living in the extreme northeast part of Haskell county has demonstrated the fact that money can be made easily raising hogs. Mr. Patton has one brood sow that he has sold, and has on hand this sow's pigs now that are only nine months old and will weigh 275 pounds each that have cost him very little to get them to this marketable age. He has other pigs from this sow that are fine, and some were sold for a good price at weaning.

If he should place all the offspring from this one sow on the market, with what he has already sold, would run the grand total up to or above \$400.00 and he has the sow left. Ed is a believer in hogs and he likes them and therefore he has made a study of the hog business. When a man likes to do anything he usually makes a success of it. He uses good common sense with his liking.

L. S. Wall Sells Farm to Sam Armstrong

We learn through T. A. Williams of this city that L. S. Wall has sold his farm 5 miles south of town to Sam Armstrong of Whitewright. Mr. Wall has been a citizen of Haskell county for several years and we are glad to learn that his intention is to remain in Haskell county. Mr. Armstrong has moved his family to Haskell and will use his farm to improve his farm by building a new residence. Mr. Armstrong is a good citizen and we are glad to welcome him to a home in the better county of West Texas.

WELLS FURNITURE STORE

Get The Habit

From childhood, people begin to form habits, many noble and elevating, others not so good, and so on.

One very costly habit, is to do all your trading at one house, without stopping to investigate the true market price for such goods.

Every day, and every day, we have people who tell us "Why I did not know that you were selling that goods at that price! Why, I paid—(which is more than our price)—for the same goods." Well, here is where we both lose money.

WE ARE DOING A STRICTLY CASH BUSINESS

and for that reason, we can sell you cheaper than any house in the U. S. which does a credit business. We do not have to charge the general trade, an extra price to make up for the losses we would have to take on bad accounts.

We have personally selected our stock with the greatest care, and you are sure of two things—that you will get the correct styles, and the best merchandise possible for your money.

This week we have received many new articles of Dry Goods. Some new Dress Goods, Shoes, and Slippers, Shirts, and Blouses for Spring wear. We have at last got the Baby Doll slippers, for Misses and Ladies, and can sell them at the low price of \$5.00 for a real good slipper.

Come in and look over the new things. We want you to get the habit of seeing our goods first, then you will know the lowest prices obtainable on high grade dry goods.

P. S.—We have just this minute, got in a big shipment of Men's Spring Suits. They are sure enough good looking. They are "birds." Come see them. "They are around here."

THE UNIVERSAL CAR
THE WHY OF QUALITY AND PRICES

Consider a production of 1,000,000 Ford cars in one year, which is the estimated output for the present twelve months, and consider it not only in point of magnitude of materials used, but as a buying force coupled with spot cash payments, and you get some idea of the power for economy in manufacturing possessed by the Ford Motor Company.

Over 445,000 tons of steel are required for the cars. 140,000,000 square feet of rubber cloth material for tops. 4,000,000 each of wheels and tires. 3,000,000 lamps. 11,649,548 feet of Vanadium steel shafting and axles. 5,586,666 square feet of plate glass for windshields. 121,649,337 feet of copper tubing for the radiators. 14,333,333 pounds of steel for Ford magneto. 8,707,325 square feet of galvanized metal for gasoline tanks. 34,264 miles of wiring used in magnetos. 77,733,278 square feet of sheetmetal for guards and fenders. 31,044,889 feet of tubular rods. 156,546 freight cars to handle material and product in addition to 79,534,404 pounds of material in less than carload shipments. Approximately \$15,000,000 profits are shared annually with employees.

WIT AND HUMOR

The Effect of Imagination

Four gentlemen attending a *luncheon* in the country were sleeping in two beds in a large room. One of them was a "fresh-air fiend." Outside it was freezing cold, very dark, and the wind blowing almost a gale. The fresh-air fiend tossed and rolled, gasping for breath. He became so distressed that finally one of the other vexedly told him to get up and open a window. He got up and fumbled round in the dark until he found a window and opened it, the sash being hung on hinges like a door shutter. He went back to bed, took a long breath and said: "Ah, that is so refreshing! Now I can sleep." So he did, but it was discovered next morning that he had opened a book-case door inside the room.

She Did Her Best

Margaret was naughty and her mother punished her by putting her in the closet. She was very quiet for a while and her mother, thinking she had repented, opened the door, and said "Margaret what are you doing?" A gentle little voice answered, "I pit on your new dress and I pit on your new hat and I am waiting for more pit to pit on your paratal."

The Menacing Grocerman

"I'll attend to you in a minute," was a mother's way of addressing delinquents, and her four-year-old understood its import. One day she sent him for soda, and he returned empty-handed.

"He was goin' to 'pank me," the baby complained of the grocerman.

"Oh, no, he wouldn't do that," denied the perplexed mother.

"Es um would," sobbed the child. "He kep' selling to odder folkses, and kep' sayin' to me, 'I'll attend to you in a minute.'"

His Choice

"There were two rich men," said the teacher. "One became rich by honesty and industry; the other by fraud and roguery. Now, boys, which of these two men would you prefer to be?"

Young Isaac Blumenthal's hand shot up, and he eagerly asked:

"Vich made de most monies?"

A Hard Task

John, a new arrival from Holland, was hired by a Montana farmer. The English language was a source of great confusion to him. During the first days of his stay he said to one of the farm hands: "Vat call dese?" tapping his overalls.

"Oh, call 'em breeches," he was told. The following week, the farmer said to him: "John I want you to take that breeching off the harness today."

John went out but soon returned, a look of consternation upon his countenance. He said: "Mr. Noble, you tell me de horse pants off to taken and I no can find dem."

Needed for Further Use

The modern Romeo helped his Juliet to descend from the vine-covered balcony.

"Dearest," he called, when she had climbed into the motor "shall we take away the rope-ladder?"

Just then the upper window was raised, and the old man leaned out.

"Just you leave that 'ere ladder where it is, young feller," he cautioned, "I've got a couple more darters."

Slightly Mixed

"Would you be kind enough to show me Patrick's Buttons size 36?" asked a lady in great haste.

"Would Butterick's Patterns do," asked the astonished salesgirl, after a little delay.

Didn't Need 'Em

A young lady in an Indiana village was canvassing several streets, selling War Stamps. At one little home she made her very strongest argument, and closed with her very strongest appeal. "And now," she said, "how many stamps do you care to buy to-day?" "Law sakes, miss! I won't take

In Memoriam

A colored preacher noted for the excellence of his language, once began an oration over a departed sister, thus: "She am gone from among us. Observing the Preliminaries

The Sunday School teacher was astounded to see one of her small pupils sitting on a younger playmate and holding him tight to the ground. "Why, Johnny!" she exclaimed, "Didn't I tell you not to strike anyone till you had counted one hundred." "Ain't hit him yet!—Sixty-five—seventy—seventy-five—eighty—"

That Feeling

Crops That Compete With Cotton

Consider for a minute some figures:

American cotton, the South's royal staple, brought \$13,000,000,000 in the past eleven years.

American hay in the same period brought \$11,000,000,000.

Wheat brought more than \$10,800,000,000, and corn produced a total of \$26,000,000,000, besides the value of the fodder.

Even oats brought half as much as cotton.

The growers of corn and wheat and oats and hay have become wealthy.

The growers of cotton have received a scant living for the most priceless of crops. Why?

Because they have been beggared, driven down to poverty, by the one-crop, speculative system under which they have operated.

But the South will no longer have to plead for a profitable price. By the system advocated by the American Cotton Association the price will be regulated by the legitimate laws of supply and demand and not by speculation.

And with cotton the Southern cotton farmer will produce other profitable crops—as told in an article in The Country Gentleman entitled Crops That Compete With Cotton. Read it in the issue dated March 13th—and read the rest of the great series of which it is a part. (Five cents a copy from any newsstand; by mail, 52 issues for \$1.00 a year from The Country Gentleman, Philadelphia, Penna.)

The cotton growers will get a fair price this year—they will have more money to put into the bank.

No. 2627

CITATION BY PUBLICATION

THE STATE OF TEXAS, To the Sheriff or any Constable of Haskell County—Greeting:

You are Hereby Commanded, that you summon, by making publication of this Citation in some newspaper published in the County of Haskell once in each week for four consecutive weeks previous to the return day hereof, Iva Harwell whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Haskell at the Court House thereof, in Haskell, Texas, on the 26th day of April, A. D. 1920, then and there to answer a petition filed in said Court on the 30th day of September A. D. 1919, in a suit numbered on the docket of said Court No. 2627, wherein Walter Harwell is plaintiff and Iva Harwell is defendant. The nature of the plaintiff's demand being as follows, to-wit: Suit for divorce. Plaintiff alleges that he and the defendant were lawfully united in marriage in Haskell County, Texas, about July 27, 1912, and lived together as husband and wife until about September 25, 1912, at which time the defendant herein, without cause or provocation, voluntarily left and abandoned this plaintiff as her husband with the intention of living separate and apart from this plaintiff and has continued to live apart from him since said date. Plaintiff prays for judgment against said defendant dissolving the marriage contract now existing between them, for all costs of suit and such other and further relief as he may be entitled to recover.

Herein Fall Not, and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Haskell, Texas, this, the 16th day of March, A. D. 1920. (Seal) ALLEE IRBY Clerk District Court Haskell County Texas. 12-4tc

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have no words to describe the extraordinary cures that have been effected by the use of this medicine. Send for any one that is afflicted to cure. WORE NO SHOES FOR TWO YEARS

Los Angeles Woman Lived in Bed and Pillowed Chair Until She Started on Tanlac.

"I had to be cared for just like a baby before I began taking Tanlac," said Mrs. Alice Murphy, of 1501 Pennsylvania Ave., Los Angeles, Calif. "Two years ago I had a very severe attack of muscular rheumatism," she continued, "and no one knows the pain and torture I have suffered since. My hands swelled until I could hardly work my fingers and I haven't been able to put on a pair of shoes because my feet were swollen so. I had sharp pains through my back so bad at times I simply could not keep from screaming. Sometimes I got so dizzy everything seemed to spin around and then I would have sharp pains and a chilly feeling afterwards. I was so helpless that I lived propped up with pillows in a chair or in bed all the time and had to be helped from one place to the other."

"I tried every medicine or treatment we could hear of, but it was money thrown away and I got so blue I did not care to live. Then my husband read in the papers about Tanlac and by the time I had taken it four or five days I saw it was helping me. Now, after taking several bottles, I can't praise Tanlac enough. My nerves are so much better I sleep like a child all night long. I am already doing my housework again and it is the first time in two years I have been able to get around at all and wear my shoes." Tanlac is sold by the leading druggists everywhere.

ITEMS OF INTEREST FROM PLEASANT VALLEY SECTION

We are still having some fine weather, and the farmers are wishing for a good rain.

Mrs. Scott Caddell of Weinert called on her sister, Mrs. W. W. Ashby Friday.

Quite a number from this community attended the box supper at Cottonwood Saturday night and reported a large crowd.

Little Mildred Amelia, daughter of Mr. and Mrs. W. W. Ashby, is very sick at this writing. We hope that she will soon recover.

Miss Effie Caddell of Weinert spent Saturday night and Sunday with her cousins, Misses Edna and Lilly Ashby. Miss Bessie Terry left Saturday to visit her sister, Mrs. Myrtle Wright of Decatur.

Rev. J. R. Bateman filled his regular appointment at this place Sunday evening, and the Valley was very much surprised at the crowd, so let's all try

and come back next third Sunday, April 13. We will be glad to have all.

Mr. and Mrs. Rob Maxwell of Lake Creek called on her brother, Mr. and Mrs. Luther Caddell Sunday.

Grandma Terry is on the sick list at this writing.

Miss Mabel Guess of Vontress spent the day Sunday with her cousin, Miss Ruby Weaver.

There will be Sunday school at this place next Sunday evening at 3 o'clock promptly. Everybody come and bring someone with you.

Miss Marine Hickman of Weinert spent Saturday night and Sunday with Miss Mabel Derr.

Lewis Free is on the sick list at this writing.

REASONS WHY EXPERTS CHOOSE THE HERRICK

Here are a few feature facts about HERRICK REFRIGERATORS—some of the points of superiority that convince all who make careful comparisons that HERRICKS are the master refrigerators of the world.

Provable Advantages

- 1. SAVES MOST ICE**
There are no conflicting warm and cold air currents, therefore requires less ice.
- 2. DRY AIR CIRCULATION**
The circulation of dry air is perfect, insuring freedom from disease-breeding germs and food-spoiling conditions.
- 3. PURE COLD AIR IN ALL PARTS**
Nothing but a forced current of cold, dry, pure air ever reaches the food and food chambers.
- 4. FOOD COMPARTMENTS DRY**
The air inside is kept drier than the air in a room, due to the Herrick's perfect system.
- 5. NO MOLD OR TAIN**
Due to the forced dry air current, foods can never mold or taint in a Herrick.
- 6. FRESH FRUITS NEVER DECAY**
The Herrick principle of cold, dry air circulation keeps fruits fresh and prevents decay.
- NO MIXED ODORS**
There is no food contamination in the Herrick.
- 8. DOUBLE INSULATION**
Genuine Mineral Wool is hand packed to full thickness in all walls and doors, insuring maximum insulation.
- 9. NO "DEAD AIR" SPACE**
Excelsior or dead air spaces are never found in Herricks. Experts concede the superiority of mineral wool as an insulator.
- 10. PATENTED ICE PROTECTION**
Rust-proof, never-leak trap protects ice from warm air while allowing escape of water from ice chamber.
- 11. AIR-TIGHT DOORS**
All doors close tightly and overlap, insuring exclusion of warm outside air.
- 12. SOLID OAK FRAMES**
Every case is built of solid oak—mortised and tenoned to give great durability and lifetime service.
- 13. BEST LININGS**
Three perfect linings—sanitary white spruce; heavy white enamel; thick white opal plate glass. No corrosive metal used.
- 14. HANDSOME FINISH**
Herricks are handsomely shaped and finished and compare in appearance with the finest parlor furniture.
- 15. EASY TO KEEP CLEAN**
The Herrick's principal parts are easily taken apart; can be cleaned and replaced in a minute. The small pan under main ice pan is removable.

Wins Highest Awards at World's Fairs Wherever Exhibited

Approved and Endorsed by New York Tribune Institute and by Good Housekeeping Institute

Approved and used by State Board of Health. On some U. S. battleships, tenders, and in state and government institutions, public and private hospitals, the Herrick is used for the storage of the most delicate serums and biological products.

Built by Specialists

Manufacturing first quality refrigerators is the whole business of the Herrick Refrigerator Company. The complete plant is devoted to this line only. Herrick Refrigerators are principal products—not by-products. They are built by men who believe in making one product better than anything else on the market, rather than in making many products only as good as others. And that one product is the Herrick Refrigerator.

The Leader for Over 27 Years

The Herrick has consistently set the highest standard of refrigerator construction for over a quarter of a century. It truthfully can be said that it is the most copied refrigerator in America today.

But superior facilities and an ever rigid policy to use only the best materials throughout, keep the Herrick Refrigerator far superior to other makes.

Just as the work of a master artist, a master musician or a master sculptor far exceeds the efforts of many imitators, so does the work of the Herrick Refrigerator Company far exceed the product of other plants.

Chamberlain-Poer
Lennie L. Chamberlain and Miss Cary Poer, both of the Brushy community, were married by Rev. J. P. Patterson Tuesday in the parlors of the Methodist parsonage. They were accompanied by a few friends and relatives who witnessed the ceremony. The bride is the beautiful daughter of Mr. and Mrs. D. R. Poer and the groom is the son of Mr. and Mrs. L. W. Chamberlain. The happy young couple have a host of friends who join the Free Press in wishing them much joy in life.

Magazine Club Notes
The Club met Friday, March 20th, and after a short business session a very interesting lesson from the Geographic Magazine was conducted by Mrs. H. S. Post, as follows:

The Progressive World Struggle for Civil Equality by the Jews—Mrs. Guest.

A Hunter of Plants—Mrs. Kirkpatrick.

These papers were unusually interesting and showed much thought and preparation.

The Club is planning a "Rural Day" with dinner on the ground sometime in April or May. Watch for the date. Our Civic Committee is co-operating with county officials in making flower beds on the Courthouse lawn and hope to enter in the State Contest for the Events' Loving Cup.

Undergoes Operation Tuesday
Mrs. Ross Payne underwent an operation for appendicitis at the local sanitarium Tuesday morning at 11 o'clock. Latest reports state that she was doing nicely. Mrs. Payne has a host of friends who wish her a speedy recovery.

Post School Notes

The pupils of the Post School are doing excellent work now, as all have their books. Some could make improvement with a little more encouragement at home.

The work on the playground is going forward. Soon we will have all equipments up, and then we will have the most modern playground in the county.

The following pupils made an average of 90 or above for the month just finished:

High School—Earl Livengood, Lula Kettner, William Johnson, Beryl Adams.

Intermediate—Cecil Breigh, Mable Livengood, Vernon Adeock, Martha Simmons, Bruce Breigh, Minnie Davis, Ruby Earls.

Primary Grades—Johnny Earls, Janetta Adams, Doris Davis, Anna Lula Breigh, Myrtle Turpen, Rob Simmons, Norman Nantey.

"The Kahoe-Darnell" Society will give a program at the schoolhouse Friday night, March 19. Everyone invited to come.

Bring your children to J. T. Finley for hair cut. Satisfaction given. Norton Hotel. 13-14

Rev. Ed R. Wallace formerly pastor of the Methodist Church of this city, but now of Ramsdell, was in the city a few days this week visiting old friends.

Great Saving in Price
DR. PRICE'S Baking Powder
Only 25c for 12-oz. Can

Scientific methods of producing Dr. Price's Baking Powder with PURE PHOSPHATE make it possible to sell this excellent and wholesome baking powder at just about HALF the price charged when the powder contained Cream of Tartar.

Millions of women know Dr. Price's Baking Powder. The name has been a household word for sixty years. A multitude of women have never used any other kind.

The desire to reduce the cost of living has kept some women from using it, although they have often said to themselves: "My, I wish I could afford Dr. Price's Baking Powder."

Now their wish may be realized.

Here are the Prices:

- 25c for full weight 12-oz. can
- 15c for full weight 6-oz. can
- 10c for full weight 4-oz. can

There is no longer any excuse for using a doubtful baking powder because it is cheap

Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, . . . and the pains were very severe. A friend told me I had tried everything else, why not Cardui? . . . I did, and soon saw it was helping me . . . After 12 bottles, I am strong and well."

TAKE

CARDUI

The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui.

FLOWERS TO BE PLANTED AROUND COURTHOUSE

Judge Kinnard and the Commissioners have given permission to the Magazine Club to enter the Haskell County Courthouse in the state Courthouse Contest for the Everts' Solid Silver Cup. This cup was given to the Texas Federation of Women's Clubs by a public-spirited citizen of Dallas, Mr. Arthur A. Everts, to be awarded each year to the court house in Texas making the highest mark in sanitation, cleanliness and beauty. This cup has aroused much interest over the state in Texas' most abused public building—the county courthouse. Corpus Christi now has the honor of holding this cup.

The flower beds around our Haskell court house have been put in splendid order for the planting of flowers. The Civic Committee wants to have a flower planting afternoon when the children of the town will be asked to bring after school all the plants and flower seed they can. Every citizen of Haskell County is urged to take an interest in this, the property of Haskell County.

All kinds of flowers will be gladly accepted, and planted. Most especially would we like to get canna's, periwinkle phlox, verbenas, lilies, violets, pansies, larkspur, daisies, poppies, English ivy, hollyhocks, petunias, and roses.

The flower planting afternoon will later be announced. While we plant flowers around the court house will not everybody this spring plant some flower seeds at their own homes.

—Civic Committee, Magazine Club.

The Methodist Church

Everything in connection with our church seems to be taking a new life. The Sunday School contest is on in full blast. We must be true to our church and attend her meetings or be left behind. So we send a rallying cry to all Methodists and those who worship with us, to be present.

When the opportunity was offered for infant baptism at the 11 o'clock service, Francis Elizabeth Kaigler, the little daughter of Mr. and Mrs. C. M. Kaigler, was baptized. After which a forceful sermon on Christian Stewardship was delivered by Rev. Patterson. At this service quite a few visitors were present, and we invite you to come again.

Clarence Mercer from Sanger, Texas, Mr. and Mrs. B. L. Brown and children, Lanza and Ruth Brown, gave letters for membership. Our church extends to these new members a hearty welcome.

The sermon, taken from the third chapter of James, was delivered to a large audience Sunday night. "The Tongue Can No Man Tame" was the subject for the evening service. You know the hour of all these services. We need you there to worship with us. Come.

Mr. and Mrs. J. K. Quinn of Thorndale have purchased property in Haskell and will make this their future home. Mr. Quinn is an extensive land owner and very progressive. Such citizens are always desirable and we welcome them to our city.

Services are being held every night at 8 p. m. in the Baptist Church, ending Sunday night April 28th. Beginning April 29th, there will be special meetings every night in the Presbyterian Church, ending Easter Sunday, April 4th. A cordial invitation is given to the public to attend any and all of these services.

Honoring Miss Nola Hallmark

Last Thursday afternoon, from 4 to 6 o'clock, at the home of Mrs. M. O. Lyles, Mrs. Walter Lamm entertained with a miscellaneous shower honoring Miss Nola Hallmark. After the guests had assembled Mrs. Marvin Post favored us with a beautiful piano solo, after which Miss Allee Irby in her usual charming manner sang. As soft strains of music were played by Mrs. Post, a little white wagon laden with beautiful and useful gifts, and drawn by two little girls, Madie Frances Lamm and Elsie Anderson, were presented to Miss Hallmark, who in a few words expressed her appreciation for the many beautiful gifts. Miss Linnie Lamm presided at the punch bowl where she served the guests, as they arrived and departed. After a social hour the guests departed, wishing Miss Hallmark a bright and happy future.

The little rain Wednesday and Thursday was a welcome visitor. The only objection so far, it was not sufficient for stock water, although it will help the grain crop considerably, because of the splendid underground season we have at this time.

Style Completes Clothes

Curlee Suits for Spring are Right in Every Detail—But Supreme In Correct Lines and Perfect Fit

There are many things to consider in clothes. Fabric, pattern, tailoring, finishing, fit, etc. But after all is said and done, if all these things are RIGHT, the style is there as a consequence. That's why we say that "style completes clothes."

And CURLEE CLOTHES is the last word in style. There is that something about them that makes others admire them, makes the wearer feel comfortable and bear that feeling of self assurance that only good and correct clothing lends.

CURLEE CLOTHES are hand tailored of the finest wool fabrics obtainable, the lines are built in from the start, and the finishing is of the best. The result is a garment "par excellence."

Come in and look at the showing for Spring and Summer. See it and you'll not wonder why the best dressed men demand the Curlee label. Priced at

\$35.00 to \$65.00

There is a Special Showing Here of Men's Spring Suits at \$12.50 to \$35.00

Your "Stetson" for Spring is Here

Good hats are rare, indeed, this season. Our tip is to buy one you know—theerfore, our featurng of the "Stetson." We're showing them in a variety of shapes and colors and trimmings—all authentic as to style—and bearing the Stetson label you know what to expect in wear. There's a scale of prices to satisfy.

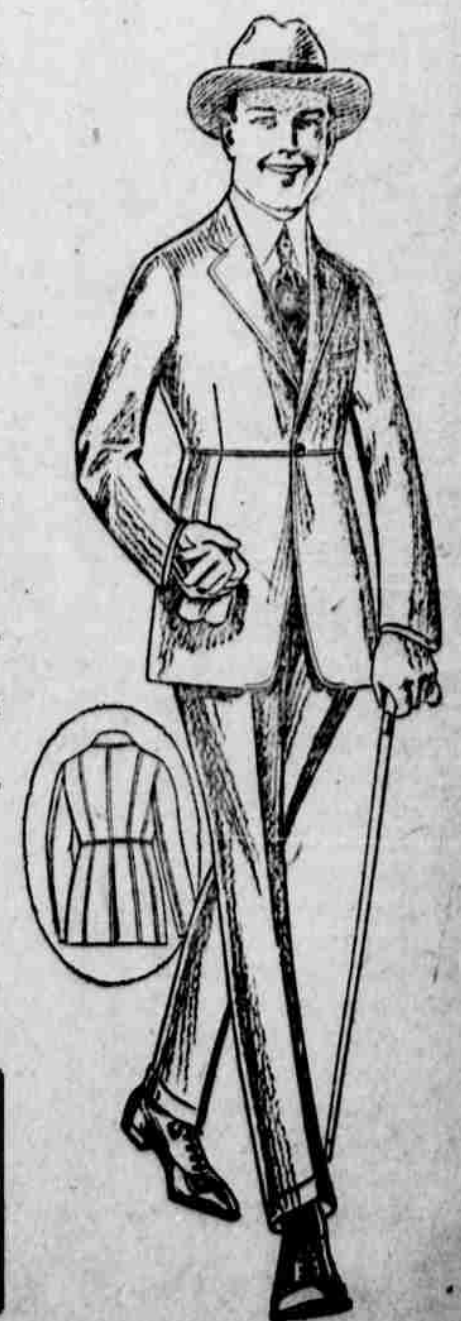

In two and three-piece suits. Blues, blacks, grays and mixtures. All-wool garments, hand tailored. Skeleton, half and quarter-lined. Belted, semi-fitted and full models for men and young men. Various weaves and fabrics for various purposes. Come in and let us show you what we consider a superfine showing of clothes for Spring.

There Is Everything Here That Men Wear

In the Spring there are many things—dress accessories—that men need. We can supply the whole list, from collars, soft and stiff, white and in colors, on down to socks of the sheerest silk, silk mixtures and cotton. Whatever it is you need, a collar button or an outfit, you can get it here.

There Is More Money In Refining a Barrel of Oil Than Producing It

And the refinery is a substantial manufacturing enterprise, as safe and sound as any substantial industrial institution or bank. The risk, the element of gamble is absolutely eliminated when you buy stock in

The Dublin Oil and Refining Company

Capital Stock \$750,000.00 Par Value \$10.00 Share

Yet, without doubt, it should prove as profitable as any investment you can make, in or out of the oil business.

There's no guess work to oil refining. We know from actual test and experience the profits that can be made from Texas crude oil.

EXPERTS AGREE

That the refining of crude petroleum is the one and only 'sure shot' in the greatest industry in the world today. There are but three ways in which the company engaged exclusively in refining can fail to make huge dividends—lack of crude oil, inefficient management, dishonest officials. This company has provided absolute safety against each and every one of these contingencies. **Your Money is Perfectly Safeguarded.**

YOUR BIG OPPORTUNITY

Here is an opportunity offered to the people to invest in an exclusive refinery, and it may be your last.

There are 5,000 millionaires in America today because they had the courage to invest in new things. The most conservative business men, professional men and bankers are investing with

SMALL INVESTMENTS

In many of the older independent companies—the Standard no longer controls the industry—have grown to many times their original volume as a result of the payment to stockholders of enormous stock dividends to cover increased valuation, following successful operation. Refineries entering the field now are assured of a long period of prosperity because of the woeful inadequacy of refining facilities in the ever-expanding mid-continent fields.

us. They know that our proposition is meritorious and that the men behind it would under no condition engage in a questionable enterprise.

Our stock is selling rapidly and in as much as we do not intend to sell all of the capital stock you may be too late if you procrastinate.

We are located in Haskell and will be pleased to explain our proposition further if you will write or phone.

THE ARMSTRONG IMPROVED FARM TRACTOR

TWO ROW MODEL

Turns square, pulls, plows, plants, cultivates, belt work, light weight, simple, powerful, durable and economical

A one-half tractor with the ability to do all farm work. Ample clearance for cultivation (29 1/2 inches), and the wheels so placed that they do not interfere with the growing plants. Due to its compactness and short turning space, you can cultivate closer to end of turn row than with teams or any other tractor built. The frame of the tractor is the main frame of the implement operated in it. Throttle, control levers, steering wheel, clutch and brake pedals are convenient to driver's seat. It is built on three-point suspension throughout, which insures flexibility and adaptability to the cultivating of the most uneven lay of land.

Ninety per cent of the weight is placed on the main drive wheels when in operation, putting practically all the weight into the pull. Being light in weight and equipped with high duty roller bearings throughout, guarantees economy and ease of operation. It is built in three units, either of which is accessible for inspection or adjustment without disturbing the others. The motor, clutch transmission and differential are assembled in one unit. One speed forward and reverse with a variation of one to four miles per hour. All gears are made 100 per cent over size, steel cut, hardened and enclosed and run in a bath of oil.

This tractor is a tried and proven success, having been thoroughly tested out in every respect in actual service on the farm and found possessing the advantages of other farm tractors with the added benefit of being a really practical and serviceable lister, planter and cultivator for all row crops; in fact, an all 'round farm implement.

The Armstrong Farm Tractor Company was formed for the purpose of manufacturing this tractor and its implement attachments, and in order to further its purposes it is offering at present, a limited amount of stock at \$15.00 per share, fully paid and non-assessable, all share and share alike.

It is the Company's desire to hasten the production of these tractors, therefore, it is our intention in the beginning to let contracts for the making of certain parts in order that we may begin production at the earliest possible date.

We already have a big demand for these tractors, therefore, should you be interested in the purchase of a tractor or a portion of the stock, communicate with us.

A Point, Experience Will Drive Home to You

Is that you can't afford to experiment with ordinary unknown and inferior brands of groceries. You should patronize the establishment that takes a pride in their reputation for quality as well as price.

We could buy a cheaper line of groceries but we do not because our trade demands the best, and when an establishment ceases to fulfill that demand, it no longer has an excuse for its existence.

The brand of groceries we sell are well known throughout the country and have given satisfaction for many years—they are advertised in all the leading magazines—and we know they are good. Our service is as high class as our merchandise and we solicit your business under a guarantee of satisfaction.

Our system of doing business has won for us a reputation of selling groceries reasonably priced.

You Do More Work.
You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness. GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. GROVE'S TASTELESS CHILL TONIC is not a potent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood. The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 50c per bottle.
