Organize American Legion Post Here

Saturday May 1st, at the Elks Hall, the organization of a local post of the American Legion in Haskell was completed. This post was named in honor of Press Rogers of O'Brien, the first Haskell county boy who lost his life in the service of his country during the Great War. Constitution and by-laws were adopted and the following officers were elected: John P. Payne, Post Commander; R. C. Johnson, Vice Commander; Fred E. Mauldin, Adjutant; Marvin H. Post, Finance Officer; Tom Davis, Clyde Grissom and T. L. Donohoo were elected members of the Executive Committee in addition to the officers as ex-officio members. Much interest and enthusiasm has been manifested, although the membership is not as large as it was hoped it would be at this time. The following names have been enrolled as members of this organization:

D. M. Mathison.
C. M. Conner.
Henry L. Smith.
J. V. Everheart.
Y. G. Gilbert.
W. H. Collier.
W. T. Holland.
J. I. Shriver.

For the benefit of those who do not know what the American Legion is, what it stands for, and what its principles and objects are, the following explanation is given. It was first organized in Paris on March 15, to 17, 1919, by a thousand officers and men, delegates from all units of the American Expeditionary Force to an organization meeting which adopted a declaration of principles and selected the name "American Legion." The action of the Paris meeting was confirmed and endorsed by a similar meeting held in St. Louis May 8 to 10, 1919, when the Legion was formally recognized by the troops who served in the United States, and a constitution in conformity with the Paris declaration of principles was adopted. The American Legion is incorporated under special act of Congress and it might be of interest to many to know that it is the largest patriotic organization in the United States.

The American Legion is the organization of American veterans of the World War. It is a civilian organization, not military or militaristic. Nearly all its members are men who were civilians before the war and are now again civilians. It makes no distinction of rank and no distinction between overseas men and men who did not go overseas. Any soldier sailor or marine who served honorably between April 6, 1917, and November 11, 1918, is eligible to membership.

The American Legion stands for one hundred per cent Americanism in home and country, and according to the constitution as adopted, by this post the objects and purposes of the organization are as follows: "To uphold and defend the Constitution of the United States of America; to maintain law and order; to foster and perpetuate a one hundred per cent Americanism; to preserve the memories and incidents of our association in the Great War; to inculcate a sense of individual obligation to the community, State and Nation; to combat the autocracy of both the classes and the masses; to make Right the master of Might; to promote peace and good will on earth; to safeguard and transmit to posterity the principles of justice, freedom and democracy; to consecrate and sanctify our comradeship by our devotion to mutual helpfulness." It is hoped that every ex-service man in Haskell county who is not a member of the Legion will tender his name for membership in this post. Next regular meeting will be held at the Elks Hall Saturday night, May 15th.

Wind and Hail Storm South of Town

A wind and hail storm passed thru the south part of the county Tuesday afternoon about 5 o'clock, doing serious damage to grain crops, unroofing buildings, blowing down barns and outbuildings. Several windmills and small outbuildings in the south and east part of the city were blown down and the damage in other places seemed to be in sections. Three miles south of town the home of M. O. Fields was moved from its foundation and windows blown out. A rent house belonging to Uncle George Bischoffhausen was blown off the blocks. In the Howard community the worst damage was done to buildings. The home of M. B. Howard was wrecked by the wind and the roof beaten off by the hail. J. B. Nanny's home was unroofed, Jno. Many other dwellings were badly damaged that have not been reported to us. The roof of the Howard school building was damaged by hail and the Whit school building was also damaged. A general rain has fallen over most of the county and in the sections visited by the storm heavy rains are reported. G. S. TELLS OF VISIT TO HASKELL IN WESTERN EVANGEL

The following is taken from the Western Evangel, and was written by Dr. W. F. Fry, who recently visited our city:

"In a Baptist way things are sure-going humming at Haskell City. There is no longer any indebtedness on the handsome brick building. It was recently paid out and dedicated to the holy worship of God the Father. The brethren have also recently bought a home for the pastor next door to the church. Brother O. B. Norman makes the church one of the best Sunday School superintendents in the state. His school finished a contest with the Methodists last Sunday, winning by several points. The Sunday School's offering for missions last Sunday was considerably over one thousand dollars. Dr. Seal, the happy and worthy pastor, goes to Washington by the grace of his splendid people."

L. N. Lusk Brings Large Snake Rattles to This Office

L. N. Lusk, a farmer living east of town brought to this office the largest rattlers, from a snake that we have seen, and doubtless the largest ever taken from a snake in Haskell county. The rattles are old and dry and show to have been kept for several years and may not be quite as long as when taken from the snake, but there are 31 rattles and a button still hanging together. It is said that a rattlesnake is three years old before any rattles appear and according to this the snake was almost 35 years old when he was killed and the rattles removed.

Van Irwin of Nolanville and his sister, Mrs. Orland Cowen of El Paso, visited their brother, Elmer Irwin and family last week.

Photoplay Airdome Will Open May 17th

The Photoplay Airdome is being overhauled and repaired, to be used as the show house through the summer months. An electric piano and a number of additional seats will be installed.

Manager Biri Hight announces that he has secured as an extra added attraction for his opening dates, May 17th and 18th, "The Royal Hawaiian Musical Company." This is the same company who make the records for the Columbia and Pathe Graphophone Co., and numbers among its company some of the most famous Hawaiian musicians, singers and dancers, including Princess Lelloke, famous Hawaiian Hula dancer who took all honors at the San Francisco Exposition; Solomon Nawahine, Hawaii's sweetest tenor singer; Madame Kane, lyric soprano; and Henry Ahieno, who won the gold medal at the Panama Pacific Exposition on the ukulele.

This is the only Hawaiian company carrying native hula dancers. This company has played the leading theaters in Panama, Mexico, South America and the United States. It was through the sheerest good fortune that Mr. Hight was able to book this attraction for the local show, as they usually do not make the smaller towns. But as they had two weeks open between their engagement in El Paso and Dallas, he was able to secure them by giving them a full week's engagement. They will play Haskell two days, Seymour two days, and Breckenridge two days.

This is the kind of musical entertainment that is worth while.

BOY ACCIDENTALLY SHOOTS SELF WITH SHOTGUN

Clifford, son of Mr. John Felkner who lives about ten miles south of Goree, accidentally shot himself thru the foot last Saturday while handling a shot gun.

At the time of the accident the boy was resting the gun on his foot with the muzzle on his toes. Two of the toes were so badly mangled that Drs. Heard and Taylor had to remove them. Clifford was brought to town and kept here until Monday afternoon in order that he might get the best of attention. At last report he was doing well—Goree Advocate.

Sonamaker of the Pinkerton community. The happy young couple have many friends who wish for them a life of happiness and prosperity.

Word was received here Sunday evening by J. O. Stark that a little son of Mr. and Mrs. H. Hisey of Spur was accidentally shot in the hip by a little playmate Sunday afternoon while handling a gun. The wound is considered serious but it is not believed to be fatal. Mr. and Mrs. Hisey formerly lived in the Howard community and have many friends here who will regret to learn of this sad accident.

\$200.00 Raised in Tag Day Campaign

An amount estimated at \$200.00 was raised in the "Better Schools Tag Day" in Haskell county Saturday. The campaign was conducted throughout the entire day in the city. Tag Day Saturday was a state-wide movement, that day having been designated by Miss Annie Webb Blanton, State Superintendent of Public Instruction, as the day on which to conduct a campaign to raise funds for the adoption of the constitutional amendment at the November election, for better schools. Half the money raised will be kept in our own county for use during the campaign, the other half goes to the state department, to be used over the state.

Mrs. Hardy Grissom was city chairman for Tag Day in Haskell and reports \$108.98 raised by the city alone with other sections of the county to hear from, which will place the grand total at or above the \$200 mark. We learn that some of the country schools were also very active in the campaign. Cook Springs held a picnic in honor of the tag day and speeches were made by Mrs. Ed Robertson, County Superintendent, and others, and a program rendered by the school. An old-fashioned lunch was spread at noon and the day was enjoyed by all. Mrs. Ed Robertson drove to Seymour to confer with Miss Annie Webb Blanton regarding the schools. Miss Blanton made the statement that 70,000 children of Texas are without teachers and unless something is done the number will be increased another year. Miss Blanton spoke at Seymour Saturday night on the school question.

Retrenchment is the Battle Cry!

This is a wise idea, and one that is bound to do good. Whether it is the direct cause of lowering prices; its effect is going to be felt in many quarters. But there is another Slogan—**PRODUCTION**—that should be coupled with it, to make a complete success.

The Nation should Produce More of Everything

The farmers should produce a larger variety of crops. The stockraiser, more stock, and everybody should produce a garden, and raise everything it is possible to raise, that can be used for food, for man or beast.

Production and economically buying by the public will uniformly reduce prices. With lower prices on the necessities of life, skilled labor can work for less, then manufactured goods can be sold for LESS.

We are in a position to help our trade to lower the cost of their Dry Goods and kindred lines.

We have by far the largest stock of Dry Goods, both in Quantity, and "S" Valuation we have ever had in the history of our Dry Goods areer.

Three Drop Corn Killer

"Gets-It" Stops Pain Immediately and Corns Go Quick.

The way to handle corns is the tried and proved "Gets-It" way—the way that millions have found quickest, easiest, safest and most reliable.

A few drops of "Gets-It" knocks the hurt out of any corn at once and soon loosens it so it lifts right off without any feeling. Oh, what comfort! How grand to walk and dance and jump without a single twinge! Why not? "Gets-It" is the never failing, guaranteed money-back corn remover, costs but a trifle at any drug store. Mfg. by E. A GOOD NAME HAS VALUE

One of the first lessons every young farmer should learn is that square dealing in all business transactions is the only way to succeed. The Golden Rule holds good in business transactions with strangers as well as with your neighbors. There are cases where the crook succeeds to a certain degree, but such cases are exceptions and are few in number. It is important that you keep a good name in business by meeting every obligation, whether written, oral or implied, with promptness and without quibbling.

The man who has a name for square dealing makes his word as good as his bond and possesses an asset that is worth more than gold.

STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found my way were no good at all for my trouble. I heard

HAPPIEST WOMAN IN THE STATE NOW

Mrs. Smith Says It Would be Ungrateful Not to Tell Others of Tanlac

"I believe I am the happiest woman in California today and it is all because of what Tanlac has done for me," said Mrs. Eugene Smith, a prominent and popular Los Angeles woman who resides at 680 West 52nd St. Mrs. Smith is an officer of the Eastern Star and other organizations.

"For six years I suffered from a complication of troubles that finally led to a general break down. I had awful pains around my heart, which I was told were caused by pleurisy. My kidneys were in such bad condition I had constant pains in my back and my neck and shoulders would get stiff at times and my limbs swelled so I could hardly walk. I was so nervous that even the ringing of the door bell upset me and it seemed impossible to get a good night's sleep. I tried everything I could hear of to get relief, even to having all my teeth treated, but kept getting worse and became so weak and emaciated that I weighed only one hundred pounds. Finally they took me to the hospital and I stayed there six weeks, but did not seem to improve in the least, so I was brought home and had just about given up hope when a friend persuaded me to try Tanlac.

"I began to feel better after the first few doses and by the time I had taken four bottles of Tanlac I had gained eighteen pounds in weight and felt as well and strong as I ever did in my life, for every one of my troubles had left me.

"The results from Tanlac must be permanent, for it has been four months since I took my last dose, and I feel as well now as I did then, and I think I would be ungrateful not to tell others what a wonderful medicine Tanlac is." Tanlac is sold by the leading druggists everywhere.

Cling to Savage Customs.

Throughout the islands of the New Hebrides many of the primitive ceremonies are still performed. The "sing sing" ground is still kept in readiness for the periodical outbursts of feeling, when the islander dances his wild and sacred dances to the ghastly music of the drums. Watching one of these weird revels followed by an orgy of eating, or more correctly stuffing, it seems to the observer that the New Hebrides race is destined to continue until it dies out a savage, or, at best, semi-civilized people.

Remarkable Flight of Pigeon.

A homing pigeon bearing the name of Ben Bolt was announced as having established a new long-distance flight record of 2,200 miles in the summer of 1915, from Norwalk, Ohio, to Los Angeles, Cal. The bird made the trip in five days nine hours and thirty-one minutes, arriving at Los Angeles August 30.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Methodist Missionary Meeting

Monday, April 26, was a day well spent by the Methodist Missionary Society. This is the second year that we have used the relay plan in our Mission Study Class, and we find that we get more out of one day of intensive study than the old way of long drawn out lessons. Our book this year, Christian Americanization, deals with the vital questions confronting us today, and we believe that we are more intelligent and more alert Americans for having studied this book. We know there are millions within our land speaking foreign languages and we hear so much about America as a "melting pot." It is something far more human and vital, more divine and spiritual

than that. We want to learn the meaning of true citizenship, and keep steadily in mind that Americanization is not the reduction of all to a common denominator, but the elevation of all to the highest possible plane, and that each race reacts upon the other to the enrichment of all. We must learn the price of National Unity. It is in a new openness of mind on the part of multitudes of people who really love their fellowmen and are devoted to their country that we place our faith.

Mrs. Fred Sanders, as director for the day, gave us many other good thoughts on Americanization.

The morning and afternoon devotionals were conducted by Mesdames P. D. Sanders and J. P. Patterson. The dif-

ferent chapters were brought out by Mesdames Smith, Guest, Kimbrough, Flelds and Fred Sanders.

The social hour at noon added to the general feeling of well being which prevailed throughout the day.

We appreciated the fact that visitors from other churches spent the day with us.

For State Builders.

They who preach patience to the peoples as the sole remedy for the ills by which they are oppressed, or who, while they admit the necessity of a contest, would yet leave the initiative to be taken by their rulers, do not, to my thinking, understand the state of things coming upon us. . . . It is not enough to precipitate a monarchy into a gulf; the gulf must be closed up and a durable edifice erected on its site.—From "Faith and the Future," by Mazzini.

Markets in China.

China is a land of markets. They are held in every city and town, and even in the small villages. Where there is no regular market place, much of the buying and selling is done out of doors. But there is hardly a village that hasn't its regular market plot. In the larger towns and cities there are several.

50% More Mileage
In Boston, Green & Swett Co. watched the Miller records on some hundreds of large cars. They found that Millers increased the former tire mileage from 50% to 75%. They eliminated blow-out troubles. And only six tires in each 1,000 proved disappointing to the users.

\$1,000 Daily To Reduce Your Tire Cost

The Miller Tire mileage, now discussed everywhere, is not an accident.

Over \$1,000 daily is spent in tests and inspections. Fifty inspectors guard against defects.

Every lot of tread stock is first vulcanized and tested in the laboratory.

Over 1,000 tires yearly are worn out in factory mileage tests.

Every tire is signed by maker and inspector, and both are penalized if a tire falls down.

Highly-paid experts spend their years in making betterments.

Mark the results

The Miller Tire is now talked everywhere. It is today's sensation.

It is winning countless contests where a score of makes are brought into comparison.

In the factory tests—radical rear-wheel

tests—Miller cords last year averaged 15,000 miles.

The new Miller treads, in these tests, outwear the best of others by 25%.

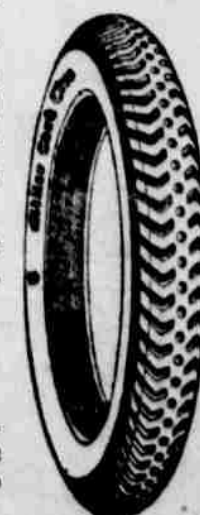

Defective Miller Tires are a rarity. Some large Miller dealers last year had not a single adjustment.

If you don't know these new-day tires you should find them out. They are saving millions of dollars to motorists.

Get one and watch it. It will give you new conceptions of a modern tire.

Peaches All Killed

Clyde, Texas.
With reference to the fruit crop in this vicinity, beg to submit the following:

The recent hard frosts have been the most destructive recorded here since the beginning of the fruit industry. On April 4th we had a temperature of 29 degrees, and again on the 11th the mercury registered 29 degrees.

The peach crop is a total loss, and there will be about enough pines to supply the local demand. There will be no peaches or apricots. From the information we get we would estimate the apple crop at about one-fourth of a normal crop.

On account of the dry weather and high winds, there are very little row crops planted, and farmers report that the ground is so dry that seed will not germinate if planted. However, we get later plenty of time, as the seasons are later here than farther east.

Scott W. Key of Eastland was here on business the first of the week. He is a former Haskell attorney and many friends were glad to see him.

Wit & Humor

Not Sectional
"Where were you born?" the teacher asked.
Said the child, "In Tennessee."
"What part?" she asked; and he replied "Why, every part of me!"

Agile Sambo
A negro was trying to saddle a rather unruly mule, when a bystander asked: "Does that mule ever kick you?"
"No, sah; but he kicks sometimes whin I see Juts been."

Not Unusual
"Gentlemen of the Jury," said a newly elected justice of the peace in Indiana, on the occasion of his first trial, "chargin' a jury is a new business to me. All I got to say is this: You have heard the evidence in the case as well as me. You have also heard what the learned counsel have said. If you believe what the counsel for the plaintiff has said, then your verdict will be for the plaintiff. That follows. An' if you believe, on the other hand, what the counsel for the defendant has said, you'll reach a verdict in his favor. But if you're like me, an' don't believe a dang word either of 'em has said, then the Lord help you. Constable, take charge of the jury."

How Did He?
A long and patient but vain effort on the part of a khaki-clad driver to induce a mule, drawing what appeared to be a load of laundry through the gateway of a hospital "over there" afforded considerable amusement to the blue-jackets who were watching the proceedings. The mule would do anything but pass through the gateway.
"Want any 'elp, eh?" shouted one of the blue-jackets to the driver, as he rested a moment.
"No," replied the driver, "but I'd like to know how Noah got two of these blighters into the Ark?"

Closing Up
It was early fall, and Pat and Mike had come across a persimmon tree in their journey across country.
"Faith," said Pat, "look at th' foine plums. I'll climb the tree and throw some av thim down."
"Sure" said Mike, "and I'll pick thim up."

Pat had thrown down half a dozen or more when Mike decided to sample the fruit: whereupon his mouth began to pucker.
"Pat!" he called excitedly. "If ye want to know anything from me, faith, an' ye'd better spake now: I'm closing up fast!"

Why Not?
"I know what drawing is," said Dot, who had been watching her big brother blocking out a sketch.
"Well, what is it?" he asked indulgently.
"It's thinking and drawing a line around the think," she answered.

Sans Ceremony
Doctor, (politely, but looking at his watch with visible impatience)—Pardon me, ma'am, but my time is not my own. You have given me your symptoms in sufficient detail and now, perhaps you will kindly—er—
Husband (not so considerate)—Maria he doesn't want to hear your tongue any more. He wants to see it.

Some Slide
A soldier whose head and face were heavily swathed in bandages, and who obviously had had a bad time of it, was being sympathized with by the solicitous lady.
"And were you wounded in the head, my poor fellow?"
"No, ma'am," Tommy replied. "I was wounded in the ankle; but the bandages slipped."

Hadn't Taken Much
"Have you taken anything for your complaint?" asked the doctor of a long, lank, hungry-looking man who came to him complaining of being "all run down", his appearance verifying his words.

"Well, I ain't been taking much of anything doc—that is, nothing to speak of. I tuk a cupple o' bottle o' Pinkweed, bitters a while back, an' a bottle of Quackham's Invigorator, with a couple o' boxes of Curen's Pills and a lot o' quinine and some dandelion tea my old woman made. I've got a mustard plaster on my back an' a liver pan on, an' I'm wearing an 'lectric belt, an' takin' cod liver oil four times a day, with a dose or two of ginger ev'ry other day. One of the prettiest parties of the season, was a surprise shower given by Mrs. Etoy Stewart at her home in Weinert Friday afternoon honoring Mrs. Richard Weinert (nee Miss Elsa Neathery), of this city. The house was beautifully decorated in spring flowers, ferns and pot plants. The afternoon was spent in contests which afforded much merriment. At the close of the afternoon's entertainment the guests were invited to the dining room to view the beautiful shower of gifts. Delicious refreshments of ice cream and cake were served, and all departed wishing the honoree many years of happiness.
