Cookie Sale Continues

The 1975 Girl Scout Cookie sale is now in progress. All West Texas Council Girl Scouts began selling cookies Friday, January 24th, at 4 p.m. The girls are selling the Family Size box in four flavors: Chocolate Mint, Assorted Sandwich, Peanut Butter and Butter Shorties.

The cookies are \$1.25 per box. Money earned is used to finance the Girl Scout camping program, to support council

properties, to help girls finance their troop activities and special events, such as camp attendance and national and international opportunities.

A new patch has been designed for the Scout who sells 42 boxes. It is an owl design stating, "Who-o-o Sold 42?". The girls may wear this patch on their camp shorts, jacket, hats, back of the Junior badge sash, or on the Cadette vest.

Troop treasuries will earn \$1.20 for each case of 12 boxes that the troop sells. Individual girls can also earn camperships to Camp Boothe Oaks for the 1975 session. Girls selling 80 to 139 boxes get 1/4 of their camp fee; 140 to 224 boxes will earn 1/2 of their camp fee; 225 to 299 boxes 3/4 of their camp fee; or 300 or more boxes will earn a full camp fee.

Brownies selling 80 boxes or more will have their way paid to a special camping event to be held for Brownies earning this award.

The council goal is 80,000 boxes. Girls will be selling door to door and in booths in shopping centers and supermarkets for your convenience.

Haskell Scouts are attempting to sell 1,500 boxes.

Vets Continue To Receive Benefits

Legislation enacted by the 93rd Congress immediately before adjournment in December 1974, will permit a large number of veterans, widows, children and dependent parents to continue receiving disability or death benefits from the Veterans Administration during 1975. According to C. H. Herren, Veterans Service Officer for Haskell County, if this legislation had not been passed, many claimants would have suffered reduction or discontinuance of their VA payments at the end of 1974 because their annual income would have exceeded the amounts previously allowed by law.

The new law increases the annual income limits which are used to determine VA pension eligibility. Prior to 1974, a single veteran who was permanently and totally disabled because of injury or disease not caused by service was entitled to pension if his annual income was not more than \$2,600. If he had a wife or children, the income limit was \$3,800 per year. Effective January 1, 1975, the annual income limits are \$3,000 for a single veteran, and \$4,200 for a veteran with dependents. When a veteran dies, his legal widow with no children may receive pension if her income is not more than \$3,000. A widow with children must have income of not more than \$4,200 per year. When there is no widow, a child is eligible if his or her annual income does not exceed \$2,400. When the death of a serviceman or veteran is caused by service, his parents may also be eligible for VA benefits. A single parent is entitled when income is not more than \$3,000 per year. Two parents, when living together, are eligible if their combined income is not more than \$4,200.

TIPS FOR OUTDOORSMEN

Throw Rugs For Campers

Most of today's tents have built-in floors, which probably accounts for the increased interest in camping on the part of so many women.

That also means better housekeeping on the part of campers.

One noticeable habit of today's campers is the use of throw rugs inside the tent as well as a foot-wiping rug outside, in front of the tent entrance.

Floors of canvas are real dirt-catchers and should be swept clean and kept clean at all times. Those throw rugs help a lot, as does a good whiskbroom.

If the tent is erected over a huge plastic tarp, thus providing a double floor, the life of the tent floor will be lengthened considerably.

Tents Are Touchy

Unless you have spent some time in a tent during a rain-storm you may not know that no matter how well the canvas roof is water-proofed it will

leak wherever you touch it from the inside.

Furthermore it will continue to leak at that same spot until the tent dries out completely. So, let "hands off" be your policy.

Removes Mildew Quickly Has mildew formed on your tent or boat cover?

This will happen any time canvas stays wet for too long or is stored while damp, or in a damp place.

Remove the mildew as quickly as possible by first drying out the canvas in the sun to kill the organisms; then scrubbing it with a bleach and water; and finally drying it thoroughly before erecting the tent or storing it.

If storing the tent, don't put anything in the pack with it. Use a separate duffel bag exclusively for the tent poles, stakes, rope and other rigging—or strap them to the outside of the tent.

Anything that goes inside the pack with the tent will cause rot if it's wet or even damp.

WASHINGTON

"As It Looks from Here"

OMAR BURLESON
Congressman—17th District

WASHINGTON, D. C.—ON SEVERAL OCCASIONS DURING THE LAST CONGRESS we discussed in this column the creation of a Joint House-Senate Budget Committee which has as its purpose a review in advance of spending levels of the Federal Government for the following year.

THAT COMMITTEE IS NOW ORGANIZED and expects to begin its studies and deliberations in the weeks ahead.

THIS EFFORT IS THE NEXT BEST THING to a Constitutional Amendment proposed by a number of us here in the Congress which would put the Government on a "pay as you go" basis. Such a Constitutional Amendment would be similar to that which we have in our own State of Texas, except there must be provided a waiver of such requirement in times of national emergency such as war.

TO RESTATE WHAT HAS BEEN SAID BEFORE, the purpose of the Committee is to set ceilings on expenditures related to revenues received in all forms of taxation. At the present time, revenues are estimated in the President's budget in the early part of the year and we will get those figures on February 3. In the same message, the President will lay out the same amounts to be spent for the numerous programs of the Federal Government.

MORE OFTEN THAN NOT, revenues are underestimated, as they were last year, and spending likewise is greater at the end of the year than recommended by the Executive Branch.

THIS LATTER INCONSISTENCY IS USUALLY THE FAULT OF THE CONGRESS

by enacting new programs and activities which have to be paid for. Some have to be paid for soon after enactment while others constitute a sort of a C.O.D. which has to be paid for three, four or five years in the future. By reason of these long-term commitments the Congress has control over less than 30% of all the huge expenditures of the Government.

A JOINT COMMITTEE BETWEEN THE HOUSE AND SENATE WILL ATTEMPT first to do its own estimating of income and set ceilings on expenditures for each program. It will then consolidate total costs according to the expected income. As it is now, these two have only a nodding acquaintance.

THE PURPOSE OF THE JOINT COMMITTEE OF THE CONGRESS is not to rely on the Executive Branch alone but to assume our Constitutional responsibility in seeing that we get back to a more sound fiscal operation.

THIS IS ALL WELL AND GOOD if it is made to work. It will be up to Congress to make it work but the whole idea is surrounded with skepticism as to whether or not we are willing to say we will go so far and no farther.

THE DEFICIT FOR THIS FISCAL YEAR 1975 will be more than \$30 billion and unless steps are taken to get our economy in better shape, there is little doubt that it will reach more than \$70 billion in the 1976 fiscal year beginning next July 1. There is no doubt that the deficit in the next two years will be far beyond any red ink which has gone on the books in the history of our Country. The interest alone on what the Government owes is now more than \$32 billion and is one of the best examples of "uncontrolled" expenditures.

AT NO TIME COULD I HAVE CHOSEN a less opportune time to serve on the Budget Committee between the House and Senate but I have been elected to do so, accepting it as one of the biggest challenges of a career. WITH INFLATION AND

RECESSION AT THE SAME TIME revenues will be off and spending continues to climb.

BY THE NEWS MEDIA, EVERYONE KNOWS that the President has made certain proposals for tax rebates and tax cuts ranging from \$16 to \$17 billion. Some of this loss is to be recovered by additional taxes on oil and gas. Other reduced income will result in raising the investment credit tax from the present 7% to 10% or 12% to encourage business to expand. It appears that some of the proposals would operate in such a way that they would give with one hand and take away with the other. What appears to be the case is that, unless there is actual expansion of plants, facilities, more exploration for oil and gas, productivity will not result. Productivity is, in the final analysis, the only answer to more employment, more goods for the consumer at cheaper prices. This is known as the law of supply and demand and no one has yet been able to beat it nor can it be repealed.

Rice Springs News

Seems only yesterday we were greeting a brand new year and now it seems that January is almost gone. The old saying, Where does the time go? It applies to us all because it is the only thing that we all have everyday of our lives. We each have exactly the same amount of time. How we use it may be different, but be careful not to waste any of it. It cannot be returned, relived or replaced.

Rice Springs had several visitors this week despite the cold weather. Charles Rose of San Angelo visited his mother, Mrs. J. A. Rose.

Hazel Almond, Marie Branch and Alma Smith, all of Rule, and Mrs. Jack Dozier of Haskell visited Mrs. Bertha Yarbrough.

Visiting Mrs. Susie Stark were Wallace and Opal Stark of Artesia, New Mexico. Johnny Stark of Arlington, Cecil and Alma Jetton, Mrs. I. L. Smith, Mrs. Otis Baker and Mrs. W. C. Camp of Rule.

Visiting Mr. and Mrs. Herbert Klump was Peggy Tab of Deer Park and LaVern of Arlington.

WELFARE SPENDING UP—Welfare spending during the last fiscal year came to \$613.7 million in Texas, the State Welfare Department reported.

Of the total, \$405.8 million was in federal funds. Medical expenditures increased sharply, but average family payments declined slightly. More than a million Texans received food stamps at the end of fiscal 1974.

AG OPINIONS—Atty. Gen. John Hill held the legislature is limited in the amount of its appropriations to state employees and teacher retirement programs by a constitutional ceiling of six per cent of salaries paid participants.

In other recent opinions, Hill concluded:
• A school board may meet in closed session to discuss

salaries of individual employees, but not to discuss salaries of a class.

• A commissioners court must pay reasonable attorneys' fees for lawyers named to represent indigent defendants.

• The Department of Public Safety must supply on request a magnetic tape containing data on Texas drivers over age 64.

• Class A and B misdemeanor complaints may be lodged before a justice of the peace.

• The Jefferson County Commissioners Court has no authority to prepare, approve or amend Jefferson County drainage district budgets.

• The Texas State Board of Landscape Architects may not authorize its licensees to perform plumbing acts without a plumbing license.

MANY CRIMES UNREPORTED—Only a half to a third of all crimes are reported to law enforcement agencies, according to the Law Enforcement Assistance Administration.

J. Robert Grimes, LEAA regional administrator, said increased reporting probably accounts for a large part of the 16 per cent jump in national crime.

Current figures indicate no Texas city has failed to report a rise in the "Part I" crimes of murder, manslaughter, rape, aggravated assault, burglary, larceny and auto theft. Figures indicate the rates are in keeping with the national trend, LEAA said.

PUSHING REVISION—Attorney General Hill carried a plea for support of constitutional revision this year to the State Democratic Executive Committee.

Hill also has asked the top officials to support his plan for article-by-article revision, with an effort to get proposals through the legislature in regular session and on a November 1975 ballot.

APPOINTMENTS—Ford D. Albritton Jr. of Bryan was named to the Texas College and University System Coordinating Board, succeeding Loren Bryce Meaders of Dallas who resigned.

Others appointed by Governor Briscoe included William Ralph Elliott of Sherman, 59th district judge; John D. Bevers of Lubbock, 72nd district judge; Ted Z. Robertson of Dallas, 95th district judge; Pat McClung of Dallas, juvenile court No. 2 judge of Dallas County; Belisario D. J. Flores as assistant adjutant general for air, and Brigadier Gen. Willie L. Scott as assistant adjutant general for Army.

JOB BILL SIGNED—Extended jobless benefits will be available for 25,000 Texans a month early, due to passage last week of the first bill of the 64th Legislature.

The bill allows Texas to receive \$5 million in federal funds during the next month in recession-fighting aid. Unemployment benefits can be extended 13 weeks beyond the normal 26-week period by the act.

SHORT SNORTS
A "bakery" lease can be broken when the business starts permitting topless dancers to perform for supper club guests, the Court of Civil Appeals held.

The Senate Finance Committee is conducting hearings on a \$12.5 billion proposed 1976-77 appropriations bill.

Texas turkey growers may raise six per cent fewer turkeys in 1975 than they produced last year, Secretary of Agriculture John White said.

About 36,000 Texans were arrested for driving while intoxicated in 1974, according to Department of Public Safety reports.
