## ATTENTION TO SINGERS

There is only one more week until our County Convention meets in Haskell. Have you made your arrangements to be there? If not, get busy. We want every class in the county to be represented. Send your delegates to meet with us on Saturday as that will be business day of the convention. We will attend to all of the business on Saturday and devote the entire day Sunday to singing. However, we will have Singing on Saturday as well. We are very anxious for every class in Haskell county to be represented. Our desire is make it the greatest success that has ever been in this part of the middle west. We have the promise of some of the most noted singers in the South to be with us, representing the different music companies. We are more than anxious to have an interesting convention and show them that we appreciate their being with us. Also that the singing interest in West Texas is equal to any place. So don't fail to be at the convention on Saturday, May 10th. It might be well for you to bring well filled baskets. Let's not make it a burden on anyone.

Respectfully yours,  
J. M. Riley, Pres.

## CITY BUILD- ING NOTES

Hard work is the best antidote for hard luck.

It requires enterprise to secure industrial enterprises.

Men and towns often sidestep a lot of trouble by moving straight ahead.

An educational institution is a staunch pillar in any community. Erect more school houses.

It is the policy of some people when they cannot use a commercial organization to abuse it.

To leave foot prints on the sands of time, one must first perform some feat.

A habit of efficiency is a greater asset than a heritage of genius.

Conservation and reclamation are the watchwords of twentieth century industry.

More hopes would become realizations if the right amount of energy were applied in the proper channels.

Brighten up your town and promote its social, industrial and commercial progress.

To build good streets only to permit them to disintegrate through carelessness is poor business management.

With one idea ahead, and patient concentration and work behind, all difficulties will ultimately be turned into tools of success.

The newspaper is the mirror of your town, it is there that the progress and condition of your community is reflected to the outside world.

The man who joins a commercial organization for what he can get out of it, instead of what he can put into it, is represented by a cipher with the rim rubbed out.

Support the educational institutions and pay the school tax without kicking. Educate your people and attract the educated. A trained mind is the world's greatest force.

Mr. and Mrs. W. A. Dunwody left Saturday for Anson where they will make their future home. Mr. Dunwody has purchased a job printing plant in that city. For the past two years Mr. Dunwody has been in the mechanical department of the Free Press, where he has at all times rendered the best and most efficient service. The Free Press wishes them success in their new home. Mr. E. H. Neill of Big Springs has taken the place of Mr. Dunwody, and will have charge of the Job and Ad department of the Free Press.

# Help Yourself

Come in and Take \$5.00 to \$7.50 Off the Prices on Seven of the Best Sellers in Our Royal Spring Line

Big Deal Engineered for Us by The Royal Tailors. - Chicago - New York

Here's luck indeed! A big Eastern woolen mill—one of the largest and finest in the World—found itself very short of business this Spring. Half their looms were idle. Knowing that The Royal Tailors of Chicago and New York were big operators, they went to the Royal people and offered to weave any seven styles in the Royal Spring line at bare cost, if they could get an order big enough to keep their plants going full sway for six weeks—when they had orders due to resume their full production capacity.

Did the Royal folks snap them up? Would Hans Wagner overlook a chance to clout an easy home-run? You can just bet the Royal Tailors embraced this remarkable opportunity.

They picked out the Seven Choicest and Best Selling Fabrics in the current season's line, and placed an enormous yardage order on terms that have enabled us to take \$5.00 to \$7.50 off the prices on which these seven fabrics have been selling all through the season.

## Your Spring Royal <sup>Made to Measure</sup> Suit at a Clean Saving of \$5.00 to \$7.50

The man who discovered the Alaskan gold fields, after six weary months of privation and hardships, shrieked, "Eureka, what luck!"

That's just what wise clothes hunters will say when they read about this corking good deal the Royal Tailors have put over!

Reflect a minute! This isn't a reduction offered you next summer when the time for new clothes has gone by. This reduction comes to you at the very height of the clothes buying time—when everybody is charging regular prices. And it's a reduction made—not on old goods—but on the cleverest, freshest fabrics of this very season, warm from the mill—with the bloom of the loom still on them.

## The Climax! Twelve more Samples at a Clean Saving of \$7. and \$8.

The deal above came to us several days ago, and we have had this add ready for the press several days, but this morning's mail brought a big card. Seeing that it was from the Royal Tailors we knew it would be interesting, and when we opened it, what do you suppose it was—LISTEN—it was twelve of the cleanest looking samples that you ever saw—that don't sound quite right—lets see—I believe they call the big ball players—the best ones—STARS—that sounds better. That's what they are—they are the STARS of the Spring Samples. They are priced at \$18 and \$20 and they are worth \$25 and \$28.

Now fellows, we know that you will order one of these suits if you will allow yourself to get your peepers on them. If you have made up your mind to wear your last summer suit, and you don't want to go back on your word, then stay away from our Royal Corner, for as sure as you come in we are going to show you these samples and then there will be no place to turn back. But even at that you will not feel bad for you didn't think of good clothes like Royal clothes being so low priced.

Play fair now, and come and take a look. We will pay you double for your time if you say it is wasted. We play fair. See?

New line of Men's neckwear including the new styles made of Bulgarian Silk—Yes they are pretty loud but we have more modest ones in other styles and materials.

Our showing of straw hats we think will appeal to all men who want to be well dressed. In fact we have everything you will need to dress yourself up from head to foot.

## THE COTTON CONVENTION

From the reports in the Dallas News of the first day's proceedings of the big cotton convention being held in Dallas by the Southern States Cotton Corporation, we gather that they are having a great and enthusiastic time. The News states that about 500 people were present the first day from several states. The first day's session was given largely to business matters, such as the annual election of directors, passing on the by-laws, etc., by the stockholders. By a vote of the stockholders and with the consent of President George Dole Wadley of Georgia, the general headquarters of the Corporation will be moved from Macon, Ga., to Dallas, Texas.

At the afternoon and night sessions several strong speeches were made presenting the advantages that would follow to all interests of the South from the putting into effect the Corporation's plan for 15 cent cotton.

Rev. Geo. C. Rankin of Dallas delivered the opening prayer. City Commissioner W. T. Henderson and J. R. Babcock of the Dallas Chamber of Commerce delivered addresses of welcome in which they spoke in high terms of approval of the purposes of the Corporation. A very strong exposition of the plans and purposes of the Corporation was made in a speech by W. H. Carter of Columbus, Miss., and Thos. H. McGallard, a cotton farmer for thirty years in Denton county, made a rousing talk to the farmers to wake up to their interests. Speeches were also made by Ed R. Kone, Comr. of Agriculture, W. O. Russell of Eastland, Texas, J. W. L. Corley of Oklahoma and others. Extracts from these speeches given in the News show that the meeting was earnest, enthusiastic and determined. We regret that our space this late in the week does not permit us to give these extracts in full.

The night session adjourned to meet at 9 o'clock Tuesday morning with W. H. Carter, vice presi-

## THE SINGING CONVENTION

The Free Press has already mentioned several times about the Haskell County Singing Convention meeting in this city the second Sunday in May, and a great time is expected on that date. Fully 2,000 people are expected to be in attendance, among whom will be some noted singers of state wide reputation. We urge that every family in town and country bring well-filled baskets, and let's spread our dinner together and enjoy the day singing songs of praise and meeting together socially. Nothing will be left undone to make every visitor welcome and feel at home among us. Haskell people have never failed in hospitality and will not do so this time. The executive committee has this matter in hand and the people may come with the expectation that everything will be pleasant and comfortable. The several pastors of the town have called off their 11 o'clock services in order that their congregations may attend this convention, and we hope that the court house where the convention will be held, will be full.

Don't forget the date, but meet us at the court house Sunday morning, May 11, at 10 o'clock with well filled baskets and plenty of song books.

Judge S. W. Scott, G. R. Couch, F. M. Morton and Judge H. G. McConnell attended the meeting of the Mystic Shrine at Dallas last week. This is a Masonic order introduced in this country from the Arabs. The temple at Dallas is one of the finest structures of this order in the U. S. A study of the names and character of the men who belong to Masonry, will convince people of the high character of the Masonic fraternity. There is no place in the high class secret orders for men of dissolute character.

## NOTICE OF BANKRUPT'S PETITION FOR DISCHARGE

In the District Court of the United States for the Northern District of Texas, at Abilene.

IN THE MATTER OF CHARLES CALVIN WEBB AS A FIRM AND THE INDIVIDUAL MEMBERS THEREOF BANKRUPTS. NO. 37. In Bankruptcy.

### Office of Referee

Abilene, Texas, May 1st, 1913. Notice is hereby given that Charles Calvin Webb, a firm composed of Charles Calvin Webb and William Montgomery Webb, of the county of Haskell, and district aforesaid, did, on the 1st day of May, 1913, file in the clerk's office of said court, at Abilene, a petition setting up that they have been heretofore duly adjudged bankrupts under the act of Congress approved July 1, 1898; that they have duly surrendered all their property and rights of property, and have fully complied with all requirement of said acts and of the orders of the court touching their bankruptcy, and praying for a full discharge from all debts provable against their estate in bankruptcy, save such debts as are excepted by law from such discharge.

On considering the above mentioned petition, it is ordered that any creditor who has proved his claim, and other parties in interest, if they desire to oppose the discharge prayed for in said petition, shall, on or before the 2nd day of June, 1913, file with the Referee for the Abilene Division of said district, a notice in writing of their opposition to a discharge in the above entitled cause.

K. K. LEGETT, Referee in Bankruptcy.

### To Get to Work.

Judge Poole states that he and Mr. Hollis Fields will go actively to work within the next few days contracting the 1913 cotton crop for the Southern States Cotton Corporation. They expect to arrange with parties in different parts of the county to handle the work for the convenience of neighborhoods distant from town.

It is of great importance that this part of the work, that is, certifying or contracting the cotton, be completed as early as possible so that the Corporation can perfect its handling and storage arrangements and be ready to begin taking cotton as soon as the market opens. The slowness of this part of the work last year prevented the Corporation from getting into the market as early as it expected to do, and should have done, in order to get enough cotton to thoroughly control prices.

### A Card of Thanks.

I desire through the columns of the Free Press to express my sincere thanks to my kind neighbors and friends, and to the people of Haskell, for their assistance and sympathy, so tenderly shown during the illness of my husband, and for their assistance in the last service human hands can render the dead. May all of you have such assistance and condolence of many friends when such an hour shall come to you.

### Don't Wait Until the Fall,

We are of the opinion that if you are expecting to attend our school you cannot give a reasonable excuse for postponing entering until fall. We can present sufficient proof to convince you that the earlier you start in to obtain a practical education, the better it will be for you. We have now almost as large an attendance in the summer as in the winter. We offer every inducement in summer that we offer in the win-

ter. Our past records show that students attending school in June, July and August make as good progress as those attending any other three months in the year. This is due to the fact that our school rooms are cool and pleasant and that our teachers put forth the same energy in the summer months as in the winter. He who enters now will finish in time for a good position during the busy fall season. We will get the position for you. We will start you

into 1914 with more money and a practical education besides. It has been our life work solving just such problems as yours, and qualifying young men and women to earn three dollars where they could have earned one.

Write us by return mail; tell us confidentially what is hindering you from entering before fall. We have now over 750 in daily attendance. Tyler Commercial College, Tyler, Texas.

### Missionary Notes.

Monday, April 28, at 4 p. m., the Woman's Missionary society held its regular missionary meeting.

The meeting began on time, promptness being one of our mottoes. Fourteen ladies were there. How we wish all had been there. What a treat was in store for you had you only remembered "tis your society."

Mrs. Martin, as leader, proved herself worthy of the trust placed upon her. Misses Elsie Scott, Effie Nola Long and Maczine Bullock assisted Mrs. Martin in the rendition of the program. Each young lady responded promptly with her part.

The ladies of the society greatly enjoyed and appreciated the help of the young ladies, and hope we may have the pleasure of often having them among us on such occasions.

Many good things were brought out during the hour. Among them was the following list of excuses with Bible answers, which we think will be a help to every member of every society, for we believe all are prone to make excuses.

Next Monday will be business meeting. Let each officer come prepared to give her report. All remember your treasurer and bring your change:

1. I am willing to give but not to work.

Matthew vii 16: "Ye shall know them by their fruits. Do men gather grapes of thorns or figs of thistles?"

2. I have so many home cares.

Luke xxi 34: "And take heed to yourselves, lest at any time your hearts be overcharged with surfeiting, and drunkenness, and cares of this life, and so that day come upon you unawares."

3. So few attend the meetings.

Matthew xviii 20: "For where two or three are gathered together in My name there am I in the midst of them."

4. There is so little I can do, for I am so timid.

Isa. xli 13. "For I the Lord thy God will hold thy right hand, saying unto thee, Fear not; I will help thee."

5. I can not help now, but I may some time.

Proverbs xxvii 1: "Boast not thyself of tomorrow, for thou knowest not what a day may bring forth."

6. I believe in home missions but not in foreign.

Matthew xxviii 19: "Go ye therefore, and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost."

7. We should wait till the heathen at home are converted.

Luke xi 42: "But woe unto you, Pharisees! for ye tithe mint and rue and all manner of herbs, and pass over judgment and love of God: these ought ye to have done, and not to leave the other undone."

8. I am not my brother's keeper.

Eze. iii 18: "When I say unto the wicked, thou shalt surely die; and thou givest him not warning, nor speakest to warn the wicked from his wicked way, to save his life; the same wicked man shall die in his iniquity; but his blood will I require at thine hand."

Do any of these excuses apply to you? If so, ponder over the answers carefully and get a better excuse. Press Reporter.

### A Good Citizen Gone.

J. A. Price, who has been ill for some time, died at his ranch in the northeastern part of this county last Saturday, the 26th day of April, 1913. He was born Nov. 19th, 1850. He came to Haskell county about 20 years ago and has established the reputation of a good man and citizen. He is survived by a wife and son. The deceased was buried in Willow cemetery, in this city, Sunday, April 27th. The local lodge of Odd Fellows conducted the funeral services. Rev. McReynolds, pastor of the M. E. church at Bomarton, paid the deceased a splendid tribute for the upright and just life he had lived. The Free Press joins the many friends of the family with sympathy and condolence.

### Last Pilgrimage of Confederates.

Chattanooga, Tenn., May 1.—Perhaps the last pilgrimage they will make as a body to the famous battlegrounds of Lookout Mtn; Chickamauga and Mission Ridge will be the 1913 Reunion of the United Confederate Veterans, May 27-29. The railroads of the Southeastern Passenger Association have made a thirty day rate of a cent a mile. The War Dept. has loaned the requisite number of tents and cots in order that Chattanooga may suitably care for the 15,000 Veterans who are expected to attend, and who will be lodged and fed free of all cost. The United Sons of Veterans will hold their reunion at the same place, May 27-29. They will bring with them the usual bevy of beautiful Southern women, as sponsors, maids of honor and chaperones, all of whom will be lavishly entertained by the citizens of Chattanooga. Enthusiasm and interest never ran so high in the South over the annual reunion of the battle scarred veterans whose spectacular parade at Chattanooga is expected to be viewed by over one hundred thousand visitors in that city of like population.

### Venerable Equine is Owned by Wacoite.

Waco, April 30.—C. W. White, who formerly owned the White Water company, which served the city some twenty years ago, has a horse which is 46 years old. Mr. White has owned him thirty years and thinks he is undoubtedly the oldest horse in Texas, if not in the United States. The horse is still spirited and is driven daily.

# 11,000 Demonstration Farms in 215 Counties In Texas Industrial Congress Contest

From 1,746 students of better farming in 1911, the Texas Industrial Congress has steadily increased this number to 10,869 in 215 counties in 1912.

Unique among associations for agricultural development, the Congress, by offering \$10,000 in gold annually for the best yields of specific crops, cost of production considered, has in a little more than two years awakened among the farmers of Texas an enthusiastic interest in scientific cultural methods, improved seed selection, better preparation of the soil and the conservation of its fertility through crop rotation and diversification.

While this remarkable growth has been the result primarily of the stimulus caused by the prize offer, the inducement to use tractors as well as plows in crop production, is recognized by thinking men as but an incident for the purpose of accomplishing the real object of the Congress, which is to lower the cost of production

while at the same time increasing the acreage yield, hence its slogan, "Smaller farms; better farming." The enrollment of nearly 11,000 contestants in this year's competition means that many demonstration farms in as many neighborhoods, intensively cultivated by 11,000 farmers who are seeking the best information they can get both from the Congress and from other sources, and are striving for the highest farming efficiency, thus educating not only themselves but presenting an ocular demonstration of better cultural methods to their neighbors as well.

Every dot on the above map represents a demonstration farm cultivated in corn, cotton, cowpeas, wheat or milo, in accordance with the advice and suggestions of the Congress. This information is furnished by bulletins at frequent intervals and also by personal letters. The stars indicate those counties in which prizes were won in the contests of 1911 and 1912.

Among the 215 counties represented, Bexar County, which in 1911 had but seven contestants and in 1912 but nine, leads the State with 505 entries. Ellis County is second, having 351 contestants; Hunt County, with 339, is third and Kaufman, Cooke, Navarro, Tarrant, Dallas, Rockwall, Hill and Rusk Counties rank next in the order named.

### Remedy for Hoppers.

To The Free Press:  
I want your idea of how to get rid of the hoppers, as you all know they are here thicker than ever. I am going to give you my plan as to how I think it best to handle them. First, plant all around the field say a strip from 8 to 10 feet. Plant this strip first; do not plant any more until this strip is up. As soon as this strip is up well, keep it poisoned with Paris Green and flour. By so doing we may be able to get them before they get all over the field. My advice to all farmers who are in the hopper district is to adopt this plan and be sure not to plant any cotton until this strip is up and poisoned, and keep this strip well poisoned. I will give my reason for not planting the whole field now. If we go ahead and plant the entire field, we have the entire field for grazing purposes for the hoppers; but to the contrary we have only 8 or 10 feet to graze the hoppers, and we will stand a better shot to get them. Now I will give my plan for mixing this remedy and how to use it, as I have used it for three years in the coast country. Get the cheapest flour you can get.

### Flour from four to six pounds

of flour to one of Paris Green; make a small sack out of a tow sack that will hold from eight to ten pounds of this mixture. Get a pole about six or eight feet long; tie your sack of poison to one end; take this pole and mixture and dust the strip of cotton; do this early in the morning, before sun rise will be better. Repeat the dusting of this strip once a week. By so doing we may be able to handle the hoppers, as we all are aware that we have them worse than ever.

### Health a Factor in Success.

The largest factor contributing to a man's success is undoubtedly health. It has been observed that a man is seldom sick when his bowels are regular—he is never well when they are constipated. For constipation you will find nothing quite so good as Chamberlain's Tablets. They not only move the bowels but improve the appetite and strengthen the digestion. Sold by All Dealers.

"If all the boys and girls are developed to the highest physical and mental perfection they will not be valuable additions to our social system unless they are trained equally along moral lines."

### Not Fit For Ladies

Public sentiment should be against it and we believe it is, there can be no reason why ladies should have to suffer with headaches and neuralgia, especially when Hunt's Lightning Oil gives such prompt relief. It is simply a question of getting the ladies to try it. All druggists sell Hunt's Lightning Oil in 25c and 50c bottles.

Come to the Free Press for neat and artistic job printing.

"With mental training we need heart development, and most of all, we should be strong morally, physically and mentally."

### The "Wooden" Nutmeg

is a time honored joke, yet the way the nutmeg is ordinarily handled it might just as well be wooden.

The nutmeg gets its flavor entirely from its oil. Some have more, some have less of this oil to start with. Then by careless handling and a poor grinding method often much of this oil is lost—the ground nutmeg in such cases might almost as well be made of a wooden nutmeg. Yet it is pure and complies with the law.

White Swan Nutmeg is made only of nutmegs that are richest in oil (flavor). They're packed for shipping to the mill in a way to preserve this oil. They're ground by a process which saves all this oil, and the ground nutmeg is put into air tight tins which keep the flavoring strength. Absolutely pure, and more than that—better than the law requires. Ask your grocer.
