I wonder if this is what they mean by one of "those things that happen as we get older"?

Have I actually reached a time in life when learning new things has become more difficult?

I've known lots of people like that. Of course some of them weren't old at all...just not open to new ideas.

Recently supplies for our old (and we do mean OLD) addressograph machine became impossible to get. Therefore we decided it was time to get a computer program and a labelling machine to send our papers out with.

Of course that means we have to learn how to operate the computer program, and operate the labelling apparatus. And we had to learn how to use the new type label paper in our dot matrix printer.

Then we installed a new program to help make ads on the computer.

It's absolutely wonderful, giving us new capabilities, new type fonts, new borders...a world of stuff. But I admit after a morning with the instructor I was just about mind-boggled down to a nub! It was almost (note the almost) easier to keep using our old program than to struggle with the new one!

About this time the post office changed our mailing rates and sent us a nice, fat packet of new style second class mailing forms. By that time I was so baffled by all the new things on the computer I nearly blew a gasket at the idea of having to deal with all these new government forms! My mind refused to consider it...instead I tossed the forms into a drawer and will worry about it (like Scarlett O'Hara) tomorrow!

So many new things to deal with...so little time...so little inclination!

After a stern lecture to myself, (you should hear those arguments sometime) I have dug back into the drawer and found those forms and considered them. I'm working very hard at learning the new ad program, and the circulation program is licked. I'm leaving running the new labelling machine to someone else for a while...wouldn't want to short-circuit my brain cells.

But now I have to work on permanently re-installing that quest for knowledge, desire for new things and inability to get in a rut in my mind. I will not refuse to learn. I will not refuse to accept new things. After all, I don't want to be eighty years old some time in the future - outdated and still clinging to the last vestiges of late-1990's technology when it's been replaced by something else!

But boy, it's gettin' harder!

## Armed Forces Recruitment Slightly Up In Spite Of War

The ribbons of yellow or red, white and blue flutter in the breezes. Flags fly on pole and porch.

Most people want to show their support for U.S. Troops in the Persian Gulf War in some way. Others want to become U.S. Troops!

Calls to local recruiters revealed that on a local level recruitment is up very slightly.

Calls to the Dallas area branches of the service revealed that on a Nation-Wide level recruitment was up slightly.

Major Tracy of the U.S. Marines reported that "Nation wide we exceeded our goal for enlistments for the month of January."

The major continued that "generally January is a very good month to recruit."

"Many people have expressed the Gulf War is a primary motivation to their enlistment. Many others simply see the Marines as a means to advancing themselves and achieving goals."

Major Tracy also said that according to these figures people "certainly weren't avoiding enlistment because

of the fighting".

Petty Officer Alan Baribeau of the Dallas Navy Recruiting Office did not have national figures available. He did have figures for Northeast Texas, however.

He stated that in August through December of 1989 the Navy signed up 873, 103% of their goal for that time period. In the same time frame for 1990 they signed up 684 in the Northeast Tex area...114% of their goal. Although the numbers were down, the percentage was up. This was because Navy recruitment figures depend on how retention is going in the fleet. "If more are staying in we need to recruit less" Officer Baribeau said.

"Also," he said, "we recruited a higher quality of people. Our aptitude scores and number of high school graduates was way up."

As a "sidebar" to his statements he said that Petty Officer James Patterson, who is in the Paris Navy Recruiting office, was "one of our best people and we are lucky to have

him".

In January, he continued, the Navy's goal for this area was set at 107 and they actually recruited 108, so once more the Gulf War is not deterring people from joining up.

Mary Ann Phillips, Public Affairs officer for Army Recruiting in North and Central Texas, says that from October through December of 1990 enlistments are down from the previous year about 12%. However, she continues that inquiries are up.

"Many of these are people with prior military experience who because of one reason or another (age, etc.) aren't qualified". She also continued that there was a definite feeling of patriotism causing many to inquire. No figures were available for the month of January..

Sgt. William Perry of the Air Force reported that the Gulf crisis hasn't made much difference in their recruiting. "We are getting about a 200% upswing in inquiries" he did say. Perry continued that a feeling of intense patriotism was evident in these inquiries.

### Country Cooking

By Gerrie Bankhead

Country Cooking is coming from the home of James and Dorothy Holt of Milton. Being married for almost 46 years, they have made Milton their home since their births and have three children, Linda Kay Parks, husband Greg and their children Timothy and Dale, all of Faight; Barbara Maurisch, her husband Jake and children Michael and James of San Antonio; and Johnny Holt, his wife, Kathy and children Christopher and Renee, all of Milton. James and Dorothy are members of the First Baptist Church of Deport, where Dorothy has been a Sunday School teacher for some 40 years. She teaches a Ladies Class which she began about 15 years ago and a preschoolers class on Wednesday nights for Mission Friends.

Dorothy's career for 22 years was at Hollywood Vassarette. She and James are retired now and James has taken to the TV and loves to stay home, but Dorothy loves to travel and could live out of a suitcase. She loves to cook, paint, fish, garden, sew and visit. She makes a lot of T-shirts and designs them. The sweatshirt she

is wearing is her own original cotton stalk design.

Dorothy plans to fish this summer and whatever she catches, she eats. She prefers bass and crappie, but won't turn down anything.

They have a big garden, also, and she has already started purchasing seeds. She loves to grow blueberries and strawberries, and she cans vegetables, fruits, pickles, etc.

Dorothy has chosen to share her family's favorite potato salad, which includes her own canned pickles, along with her own creation of meat loaf. This recipe includes carrots, which is a story that is 33 years old. When son Johnny was 2 or 3, he wanted to eat only meat and potatoes so she began putting carrots in the meat loaf and he continued to love it, so she kept up the tradition.

We hope you enjoy the recipes this week. If you have a feature suggestion, please call 652-6032 or write to Rt. 1, Box 67A, Deport.

It still have not had a response to the Wisconsin Soup request. Recipe collectors continue looking.

## Lady Pats Fall To Winnsboro

In their third meeting of the year, with the District title on the line, the Lady Pats just could not seem to get it together and lost to Winnsboro 81-49.

In a jam packed gym in Mt. Pleasant Saturday night, the Lady Pats would end the first quarter 17-13, thinking that it would be their night, but early into the second quarter, they knew that Winnsboro would not relinquish their title very easily. The Lady Raiders were hot under the

basket at a free throw line, while the Lady Pats were still trying to figure out what hit them. They went into halftime trailing 42-28, and where was Ruckman?

With Winnsboro holding the ladies to only 10 points in the third quarter, three of these by a trey shot by Lori Malone, the Lady Raiders showed their muscle and let everyone know why they are ranked #2 in the state by scoring 21 points to take a whopping lead, 63-36.

The fourth quarter was all Winnsboro as the Lady Pats scored 9 of its 11 points in the first few minutes of the game and then went cold. The game ended 81-49 with Ladd and Scudder tying for top honors with 10 each.

The girls will play 14-3A Clarksville for bi-district.

The girls have done an outstanding job this year and we are very proud of them.

## JV Boys Defeat Rains-Varsity Boys Lose

The Prairiland JV team defeated the Rains JV team 67-44 here Friday night, February 8.

Brandon Johnson hit 8 of the 20 points that was scored in the first quarter.

In the second quarter, the JV team hit 15 more points and went into halftime 35-17.

Swede Ladd hit 2-3 pointers in the third quarter to end it 50-27 and the young JV team scored 17 more in the fourth quarter to take the game.

Johnson was tops for the night

with 16, while Ladd had 10.

The varsity boys lost to Rains by two points in the game that followed. This loss forced the Pats into last place in district 13-3A play.

The Pats maintained the lead in the first quarter, 11-9 with the help of an Anderson 3-point shot. This was the only quarter where they were ahead.

With only a free throw in the "ice cold" second quarter, Rains took the lead 13-12.

Greg Vickers hit 3 trey shots in the third quarter, but could not maintain

any type of lead and trailed 42-38.

Both teams missed critical free throws in the fourth quarter and the Pats just couldn't make up the extra basket that would have won the game.

Vickers was high with 12 and Baker had 10.

We are very proud of our team, regardless of where they placed. They faced some very tough opponents throughout the year. Our hats are off to Coach Martin and the 1990-91 Prairiland Patriots.

## Prairiland Junior Varsity Boys Take Rains

By B.A. Sessums

The Junior Varsity boys handily defeated the Rains boys Friday night by an easy 67-44 win. After a walk over 20-3 first quarter the Junior Varsity squad breezed on through the game unchallenged. Brandon Johnson led all scorers with 16 points and

Swede Ladd added 10 points. David Singleton put in 9 points, James Standford 8, Jimmy Little and Chris Whitney each contributed six while Toby Dockray and Junior Burson scored 4 each and James Taylor and Cody Bowen 2 each.

**TAX TIPS**

from **MARK BOWER CPA**

**Y** UNTAXED MONEY our social security account is like a savings account. Deposits made but not properly registered are no better than those not made in the first place. Errors can happen for a number of reasons including a change in marital status or a name change. Because the amount of your benefits depends upon how much has been deposited, you should periodically check your account balance.

It's simple to do. Just call the Social Security Administration (SSA) at its toll-free number 800-234-5772 and ask for Form 7004, "Request for Earnings and Benefit Estimate Statement." The form is self-addressed and is easy to complete.

You should receive your "Personal Earnings and Benefits Estimate Statement" (PEBES) within six weeks after returning the completed request form. The PEBES will set out your entire earnings history and will show how much has been contributed to your account. Review the PEBES carefully for accuracy. Check especially to ensure that you have no zeros entered for years in which you have worked. Also look for other inaccuracies that reduce your account balance.

If you find a mistake in your account, call SSA at the toll-free number given on the PEBES itself. SSA will require acceptable documentation to correct the mistake, so you should have copies of W-2's, tax returns, or check stubs. A recent law change requires SSA to correct your account as far back as you can demonstrate a mistake has been made not just those mistakes made within the last three years.

The PEBES also provides useful estimates of how much your benefits will be upon your retirement. Even if you're a long way from retirement, review your account now while you're more likely to have the necessary papers to document any mistakes in your balance. The sooner, the better.

Call our office for more information or for assistance with these and other required tax filings.

**Deport Junior High News**

By Jenny Roach

The Deport Junior High boys team played their District Tournament last weekend. They played real well and brought the fourth place trophy home with them to prove it. The Deport Eighth Grade is going to be selling inflated heart balloons on a stick Feb. 13-14 for \$1.00. All proceeds will go toward the eighth grade graduation. Track is starting this week so everyone make sure that they are doing what they want to do.

The 7th grade writing class has been writing to local family members of the people in Kuwait. They have gotten a lot of replies, so if you have time go and read a few. This week the Deport Eighth grade has been working on the first five years of their life for their autobiography in English class. Some of us are finding out that when Mom and Dad said you were a bad kid, it was true!
