Worth

While we may not be long in the dignity department, Thomas and I, and our friends, are certainly long in the fun department!

Anyone who reads this column knows that I consider laughter the best of medicine.

This past weekend eight of us, ranging in age from 12 to nearly fifty undertook yet another river trip.

Before we could embark we had to leave one vehicle at the take-out point. That meant that three kayaks, two ice chests, eight people and a couple of cases of canned drinks had to pack into a jeep and travel about 12 miles of gravel road. After a few stares from other vehicles someone made the comment that we probably looked like that group that stuffed 20 people into a vehicle recently.

"At least", someone else said, "we have on clothing!"

In our overloaded, inflated kayaks we set off down the rushing, rocky watercourse. While our inflatables were definitely more stable than a canoe, and easier to get into once we were dumped out, the day was not without mishap. We all tumbled over into the water several times, lost a watch, a pair of sunglasses, two cherished tee-shirts (no, they weren't on anyone at the time) and a tube of suntan lotion.

The two teenage boys applied tan accelerator to their lily white legs instead of sunblock (they didn't read the label). I wound up in a tree at a deep rapid and momentarily wondered if I was going to get out, and the Kings dumped out and decided it was easier to walk on the rocks for a half a mile rather than contend with the rushing waters. We certainly weren't alone, though. As we sat on the rocks at riverside below "Presbyterian Falls" (the name has something to do with being baptized...and you certainly will get dunked) we got to watch dozens of canoes come plunging over, spilling people, contents and paddles everywhere. While we ate squashed bread and soggy cookies we thoroughly enjoyed watching others making the same mistakes we had.

After a long day on the water, we adjourned to the motel for cold showers, sunburn treatments and dry clothing.

We played water volleyball (we must qualify as one of them most enthusiastic and least skilled groups in the world), then slept the sleep of the truly tired.

Next day we returned to the ark for mini golf and bumper boats.

We didn't even bother with a score card...just sneaked our ball into the hole with a foot when no one was looking, made up fake golf commentaries on one another and generally were about as silly as a group can be.

After bumper boats the whole dripping group piled back into the vehicles to drive back to reality.

While this whole silly weekend may seem frivolous it did us all a world of good. We laughed, we played hard and we rested just as hard. We came back to work tired and happy. We all work hard and I firmly believe we are much better able to deal with stress and deadlines after such a weekend!

The only thing is...after telling our "adventures" to everyone else Tuesday morning they simply looked at us and shook their heads...or said that certainly wouldn't be THEIR idea of a good weekend. Oh well, I guess we're going to have to get us all some of those tee-shirts that read "Not quite ready to act my age".

TWO IN A ROW!! This is the second consecutive championship that the Prairiland volleyball girls team has won at the Texas High Pepsi Invitational Tournament. Pictured are team

members, back row, left to right: Coach Ballard, Trinity Bowden, Mandy Babb, Jamie Sue McLeroy, Tammie Gibson and Coach Sessums. Front row:

Lady Pats Take Texas High Tournament

The Lady Patriots volleyball team defeated North Lamar, Atlanta and Commerce last Friday in pool play, with an accumulative score of 66-21.

Saturday in the championship bracket, they defeated Kilgore 15-1, 15-8; Hooks 15-7, 15-8 and Texas High 15-13, 10-15, 15-11.

All the girls had an outstanding tournament. All Tournament selections from the Lady Patriots were Kristy Cantrell, Jamie Sue McLeroy and Trinity Bowden.

As they huddle and chant "gree-dee", the sixsome hits the floor with such suave assurance, you'd think it's uncanny.

As a teammate slips back to serve, the front line locks in at the net, waists bent, arms in blocking position, backs rigid. Their mouths are set in determination as their legs blaze

a straight path through the opposition. They are without a doubt pillars of concentration, intensity and most of all, resolve.

Play is underway when the team captain yells "I'm here" and a thundering of communication is transmitted "Mine", "Line", "5.5.5.5". The oneness is evident as the totally attuned Lady Patriots prove again they have no peers on the court.

The points start to go quickly, the blocks, kills, amazing digs. They are an economy of movement and emotion, play after play, as they mesmerize their opponents and the crowd with the expertise of their skills. A new 1993, and they're already coming on stronger than ever. Don't miss any opportunity to watch the Lady Patriot volleyball team play this year. They're truly outstanding.

Two Prairiland Graduates Join PJC Baseball Team

Mark Farris, a pitcher, and catcher Brian Whitley, both graduates of Prairiland High School, have joined the 1993-94 baseball recruiting class at Paris Junior College. They were members of Prairiland's state finalist team last spring.

Farris and Whitley join a group of two college transfers and 14 players from high schools who are now stu-

dents at PJC.

Paris Junior College baseball coach, Larry Click, said that this could be one of his best recruiting seasons ever for PJC.

"This is a good group of young players and students," Click said. "All of them had excellent high school careers and will bring a winning attitude to PJC."

American Legion To Install 1994 Post Officers

The Deport American Legion Post #199 has planned a fish fry for the post on September 10 at 7 p.m. Due to income in the Post for the past few months, a \$3.00 charge will be charged for all you can eat.

At this meeting, the 1994 Post officers will be installed by the First District Commander Durrell Stevens

along with other District officers.

A business meeting will be held after the fish fry where the legion will report on the progress of the post for 1993 and talk about a membership drive for 1994. The goal for 1994 is set at 74.

All post members are encouraged and invited to attend.

This week I am going to feature some recipes which were sent in by 2 nice helpful ladies. Leah Smith Carrell, from Tatum sent Millie's Dish, Gran's Pancakes, and Quick Fix Meal In One. Cathy Reed sent Mixed Salad, Salad dressing, and Sugar Cake. Cathy got here recipes from a friend she corresponds with from Finland.

I tried Freda Jean's Reuben Sandwich recipe over the week end and it is delicious.

Thanks ladies!
 I hope everyone enjoys the recipes. I appreciate any recipes that are sent.
 Have a good week.

Millie's Dish
 By Leah Smith Carrell
 4 Tbsp. oil
 1 onion chopped
 1 tsp. salt
 pepper to taste
 1 lb. hamburger
 Sear all together. Add: 1 can tomato sauce and 1 can water. Add 1 pkg cooked, drained spaghetti. Serve with garlic bread.

Quick Fix Meal In One
 1 Round Steak, cut in strips
 1 Bell Pepper, cut in strips
 1 onion-chopped
 4 Tbsp. worcestershire sauce salt and pepper
 Sear all together in electric skillet. Pour over Lettuce and Tomato salad. Add 2 cups grated cheddar cheese. Toss well. Best with Wishbone "Santa Fe" salad dressing.

Gran's Pancakes
 1 1/4 cup flour
 1 Tbsp baking powder
 1 Tbsp. Sugar
 1/2 tsp salt
 1 beaten egg
 1 cup sweet milk
 2 Tbsp oil
 Sift dry ingredients. Add eggs, milk and oil. Stir until flour is moist. Batter will be lumpy Bake on lightly greased griddle.

Mixed Salad
 By Cathy Reed
 1 medium head cabbage
 2-3 tomatoes
 2 small celery stalks
 1 paprika (not ground paprika in a can)
 Scrub the vegetables. Cut the cabbage in small pieces, and the tomatoes into sections. Cut the celery and prika into this "matchstick" pieces and mix all the vegetables together in a bowl.

Salad Dressing
 1 or 2 Tablespoons mustard (prepared)
 1/3 cup lemon juice
 1/3 cup olive oil
 1/8 cup orange juice
 white pepper and salt to taste
 Mix all ingredients together, pour into a shaker bottle and shake well before pouring over salad. Mix gently.

Sugar Cake
 3 medium eggs
 3/4 cup sugar
 1 cup flour
 1 1/2 teaspoon baking powder
 3 ounces melted butter (6 tbsps)
 Preheat oven to 350 degrees. Beat eggs and sugar until foamy. Mix flour and baking powder well and add to the egg/sugar mixture.
 Melt butter and stir into batter. Por into greased and floured cake pan and bake about 50 minutes or until done.

Drinking and Driving

More and more Americans have that second cup of coffee in the morning while driving to work. But while that second cup may help wake you up, it can also increase your chances of being in an accident. Driving is a full-time job and drinking coffee while driving diverts your attention. If you hit a good-sized bump while holding a cup of coffee, there could be a spill and possibly an accident. Many motor vehicle accidents could be avoided if drivers would go back to the basics and not allow anything to interfere with their driving.

PATRIOT Zachary Allen rushed for some hard-won yardage against the Caddo Mills Foxes last Friday night at the Prairiland season opener. The

Patriots lost the game 33 to 3. The three points were produced by Jason Pruett on a 27 yard field goal in the second quarter. (Staff Photo by Thomas Nichols)

Local Tax Help Is Offered

State Comptroller John Sharp has announced that his office will be available in the Paris area on Wednesday, September 15, 1993. Wayne Brower, from the Comptroller's Tyler field office, will be on hand to meet and discuss tax questions at the Paris Jr. College - Gabbart Bldg., 2400 Clarksville Street, from 10:00 a.m. til noon.

Mr. Brower will be available to deliver quick and accurate information to all tax questions, assist with filing tax returns, collect on delinquent taxes and provide other valuable information.

"We understand that taxpayers can't just pick up and leave whenever they need assistance. That's why we bring these free services to you," Sharp said.

Those taxpayers who are unable to meet with Mr. Brower can call the Comptroller's toll-free tax hotline for additional assistance at 1-800-252-5555.

For more information about the upcoming visit, call the nearest Comptroller field office. In the Tyler area, the number is 903-534-0333.

PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 2, 1993

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would authorize the Texas Legislature to provide for the issuance of bonds for the state financing of start-up costs for historically underutilized businesses. The amendment provides that the legislature by law may establish a Texas historically underutilized business capital growth and start-up fund. The money in the fund may be used without further appropriation and only for a program established by the legislature to aid in the start-up costs of a historically underutilized business, as defined by the legislature. To carry out the program, the legislature may issue up to \$50 million of general obligation bonds to provide funding. The legislature may require review and approval of the issuance of bonds, the use of the bond proceeds, or of the rules adopted by an agency to govern use of the bond proceeds. Bonds authorized by the amendment constitute a general obligation of the state.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide for the issuance of \$50 million of general obligation bonds for the recovery and further development of the state's economy and for increasing job opportunities and other benefits for Texas residents through state financing of the start-up costs of historically underutilized businesses."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 86 proposes a constitutional amendment authorizing the legislature, by general law, to exempt from ad valorem taxation all or part of real and personal property used, constructed, acquired, or installed wholly or partly to meet or exceed rules or regulations adopted by any environmental protection agency of the United States, Texas, or a political subdivision of this state for the prevention, monitoring, control, or reduction of air, water, or land pollution. The amendment applies to real and personal property used as a facility, device, or method for the control of air, water, or land pollution that would otherwise be taxable for the first time on or after January 1, 1994. The amendment does not authorize the exemption from ad valorem taxation of real or personal property that was subject to a tax abatement agreement executed before January 1, 1994.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to promote the reduction of pollution and to encourage the preservation of jobs by authorizing the exemption from ad valorem taxation of real and personal property used for the control of air, water, or land pollution."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 3 proposes a constitutional amendment to clear land titles in which the State of Texas relinquishes and releases any claim of sovereign ownership or title to the lands and minerals within the Shelby, Frazier, and McCormick League (now located in Fort Bend and Austin counties) arising out of the interest in that league originally granted under the Mexican Colonization Law of 1823 to John McCormick on or about July 24, 1824, and subsequently voided by the governing body of Austin's Original Colony on or about December 15, 1830. Title to such interest in the lands and minerals is confirmed to the owners of the remaining interests in such lands and minerals.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the clearing of land titles by the release of a state claim in a fractional interest, arising out of the voiding of an interest under a Mexican land grant, to the owners of certain property in Fort Bend and Austin counties."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 21 proposes a constitutional amendment that would prohibit the office of county surveyor in Jackson County. The amendment also provides for the powers, duties, and functions of the county surveyor to be transferred to the county officer designated by the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment abolishing the office of county surveyor in Jackson County."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 57 proposes a constitutional amendment that repeals article XII, section 6, of the Texas Constitution, which currently provides that no corporation shall issue stock or bonds except for money paid, labor done, or property actually received, and that all fictitious increase of stock or indebtedness shall be void.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment repealing certain restrictions on the ability of corporations to raise capital."

PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 22 proposes a constitutional amendment that would authorize the commissioners court of McLennan County to call an election to abolish the office of county surveyor. The office of county surveyor will be abolished if a majority of the qualified voters of McLennan County voting on the question favor the abolition. If the office of county surveyor is abolished, the amendment requires the maps, field notes, and other records in the custody of the county surveyor to be transferred to the county clerk of McLennan County. After abolition, the amendment also grants the commissioners court of McLennan County the authority to employ or contract with a qualified person to perform any of the functions that would have been performed by the county surveyor if the office had not been abolished.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to abolish the office of county surveyor in McLennan County."

PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 19 proposes an amendment to article VIII, section 13 of the Texas Constitution that would modify the provisions for the redemption of real property sold at a tax sale. The amendment deletes current language in article VIII, section 13 that allows the legislature to provide for the sale of property without trial to pay for delinquent taxes. It also states that the deed to the new owner vests a good and perfect title subject only to redemption as set out in this amendment or impeachment for fraud. Language is added limiting application of the current two-year redemption period to former owners of residence homesteads and land designated for agricultural use sold for unpaid taxes. When property is sold as the result of a suit to enforce collection of unpaid taxes, the amendment would allow the legislature to limit redemption to property used as a residence homestead or designated for agricultural use at the time the suit was filed. The amendment creates a second type of redemption for former owners of real property when property is neither a residence homestead, nor designated for agricultural use. These owners would have a six-month period in which to redeem their property by paying the amount of money paid for the property, including the Tax Deed Recording Fee, all taxes, penalties, interest, and costs paid plus an amount not exceeding 25 percent of the aggregate total. The amendment applies to redemption of properties sold at a tax sale for which the purchaser's deed is filed on or after January 1, 1994. For redemption of properties sold at a tax sale for which the purchaser's deed was filed before January 1, 1994, the former law is applicable and remains in effect.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to modify the provisions for the redemption of real property sold at a tax sale."

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment that adds a

new section 49-b-2 to article III of the Texas Constitution. This new section provides that, in addition to the general obligation bonds authorized to be issued and sold by the Veterans' Land Board (the "Board") by sections 49-b (8950 million) and 49-b-1 (\$1.3 billion) of article III, the board may provide for, issue, and sell general obligation bonds of the state in an amount not to exceed \$750 million to provide financing to Texas veterans. \$250 million of the bonds authorized by this new section shall be used to augment the Veterans' Land Fund (the "Land Fund"). The Land Fund shall be used by the Board to purchase lands situated in Texas owned by the United States Government, an agency of the United States Government, the State of Texas, a political subdivision or agency of the State of Texas, or a person, firm, or corporation. The lands shall be sold to veterans in quantities, on terms, at prices, and at fixed, variable, floating, or other rates of interest determined by the Board. Lands in the Land Fund that are not offered for sale to veterans and that are not sold may be sold or resold to the purchasers in quantities, terms, prices, and rates of interest determined by the Board.

New section 49-b-2 creates the Veterans' Housing Assistance Fund II (the "Housing Fund II"), and \$500 million of the general obligation bonds authorized by the section shall be used for the Housing Fund II. The Housing Fund II is a separate and distinct fund from the Veterans' Housing Assistance Fund (the "Housing Fund") established under section 49-b-1 of article III. Money in the Housing Fund II shall be administered by the Board and shall be used to make home mortgage loans to veterans for housing within this state in quantities, on terms, and at fixed, variable, floating, or other rates of interest determined by the Board. The principal of, and interest on, the general obligation bonds authorized by this section for the benefit of the Housing Fund II shall be paid out of the money of the Housing Fund II. The principal of, and interest on, the general obligation bonds authorized by section 49-b-1 of article III for the benefit of the Housing Fund shall be paid out of money in the Housing Fund. If there is not enough money in the Land Fund, the Housing Fund, or the Housing Fund II, as the case may be, available to pay the principal of, and interest on, the general obligation bonds authorized by this section or by sections 49-b or 49-b-1 of article III, there is appropriated out of the first money coming into the treasury in each fiscal year an amount that is sufficient to pay the principal of, and interest on, the general obligation bonds that mature or become due during that fiscal year.

If the Board determines that assets from the Land Fund, the Housing Fund, or the Housing Fund II are not required for purposes of the fund, the Board may transfer the assets to another of those funds or use the assets to secure revenue bonds issued by the Board. The revenue bonds shall be special obligations of the Board and payable only from and secured by receipts of the funds, assets transferred from the funds, and other revenues as determined by the Board and shall not constitute indebtedness of the State of Texas or the Board. The Board may issue revenue bonds from time to time, which bonds may not exceed an aggregate principal amount that the Board determines can be fully retired from the receipts of the funds. The revenue bonds shall be sold in forms, denominations, and in installments, and bear a rate or rates of interest as the Board determines.

The general obligation bonds authorized to be issued by the Board by this section or by sections 49-b and 49-b-1 of article III shall be issued and sold in forms and denominations, on terms, at times, in the manner, at places, in installments, and shall bear a rate or rates of interest the Board determines. The bonds shall be incontestable after execution by the Board, approval by the Attorney General of Texas, and delivery to the purchaser.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing issuance of \$750 million in general obligation bonds to augment the Veterans' Land Fund and the Veterans' Housing Assistance Fund and to fund the Veterans' Housing Assistance Fund II."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 31 proposes a constitutional amendment relating to the duties of trustees of local retirement systems which provide retirement and related disability and death benefits for public officers and employees and that do not belong to a statewide retirement system. The amendment provides that the

board of trustees of such a system shall (1) administer the system of benefits; (2) hold the assets of the system for the exclusive purposes of providing benefits to participants and their beneficiaries and defraying reasonable expenses of administering the system; and (3) select legal counsel and an actuary and adopt sound actuarial assumptions to be used by the system.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing that the trustees of a local public pension system must administer the system for the benefit of the system's participants and beneficiaries."

PROPOSITION NO. 12 ON THE BALLOT

House Joint Resolution 23 proposes a constitutional amendment providing that any person accused of a violent or sexual offense committed while under the supervision of a criminal justice agency of this state or a political subdivision of this state for a prior felony may, after a hearing and evidence substantially showing the guilt of the accused, be denied bail pending trial. If the accused is not, however, accorded a trial within 60 days from the time of his incarceration upon the accusation or indictment, the order denying bail shall be set aside unless a continuance is obtained upon the request of the accused. In the amendment, the term "violent offense" means murder, aggravated assault (if a deadly weapon was used or exhibited during the commission of the assault), aggravated kidnapping, or aggravated robbery. The term "sexual offense" means aggravated sexual assault, sexual assault, or indecency with a child.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting the denial of bail to certain persons charged with certain violent or sexual offenses committed while under the supervision of a criminal justice agency of the state or a political subdivision of the state."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 13 proposes a constitutional amendment that amends article VII, section 17(a), of the Texas Constitution to provide that, of the \$100 million currently appropriated by that section for the use of public institutions of higher education during each fiscal year, those institutions may also utilize this money to pay for acquiring, constructing, or equipping or for major repair or rehabilitation of buildings, facilities, other permanent improvements, or capital equipment used jointly for educational and general activities and for auxiliary enterprises to the extent of their use for educational and general activities. For the five-year period beginning on September 1, 2000, and for each five-year period thereafter, the legislature, during a regular session that is nearest, but preceding, a five-year period may, by a two-thirds vote of the membership of each house, increase the amount of the \$100 million constitutional appropriation for the five-year period. The amendment also reflects name changes that have been made to some of the institutions of higher education for which such funding is available. The amendment adds the Texas State Technical College System to those institutions eligible to receive such funding, but limits its allocation of the annual appropriation to 2.2 percent of the total appropriation each fiscal year. The amendment also provides that each governing board authorized to participate in the distribution of money under article III, section 17, may also issue bonds and notes for the purposes of refunding bonds or notes issued under that section or prior law for the purposes of acquiring capital equipment, library books and library materials, paying for acquiring, constructing, or equipping or for major repair or rehabilitation of buildings, facilities, other permanent improvements, or capital equipment used jointly for educational and general activities and for auxiliary enterprises to the extent of their use for educational and general activities. The amendment deletes language in article III, section 17, which authorizes the legislature to designate a single agency to issue such bonds or notes in lieu of the governing bodies, and to transfer to that agency the authority to collect and pledge money to the payment of such bonds and notes as directed by the governing body of each eligible institution. Funds appropriated under article III, section 17, may not be used for the purpose of constructing, equipping, repairing, or rehabilitating buildings or other permanent im-

provements that are to be used only for student housing, intercollegiate athletics, or auxiliary enterprises.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the amount and expenditure certain constitutionally dedicated funding for public institutions of higher education."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 45 proposes a constitutional amendment that adds a new subsection (e) to article III, section 49-h, of the Texas Constitution. The new subsection provides that, in addition to the amounts authorized by subsections (a) (\$500 million), (c) (\$400 million), and (d) (\$1.1 billion) of section 49-h, the legislature may authorize the issuance of up to \$1 billion in general obligation bonds and may use the proceeds of the bonds for acquiring, constructing, or equipping new corrections institutions, including youth corrections institutions, and mental health and mental retardation institutions and for major repair or renovation of existing facilities of those corrections and mental health and mental retardation facilities. The amendment also provides that the provisions of subsection (a) of section 49-h, relating to the review and approval of bonds, and the provisions of subsection (b) of section 49-h, relating to the status of the bond as a general obligation of the state and to the manner in which the principal and interest on the bonds are paid, apply to bonds authorized by this amendment.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of up to \$1 billion in general obligation bonds payable from the general revenues of the state for projects relating to facilities of corrections and mental health and mental retardation institutions."

PROPOSITION NO. 15 ON THE BALLOT

House Joint Resolution 37 proposes a constitutional amendment that would authorize the county commissioners court of a county to call an election to abolish the office of county surveyor. The office of county surveyor is abolished if a majority of voters of the county voting in the election approve the measure. If the office of county surveyor is abolished, the maps, field notes, and other records of the county officer are transferred to the county officer or employee designated by the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit the voters of a county to decide, at an election called by the commissioners court, whether to abolish the office of county surveyor in the county."

PROPOSITION NO. 16 ON THE BALLOT

Senate Joint Resolution 44 proposes an amendment to article III, section 49-(b) of the Texas Constitution, which currently limits the principal amount of bonds outstanding at one time for the Texas agricultural fund to \$25 million and for the rural microenterprise development fund to \$5 million. The amendment would raise the principal amount limit for the Texas agricultural fund to \$100 million. The amendment would also make the principal amount limit for each fund apply to the total principal amounts of both bonds and notes issued or sold rather than just the principal amounts of bonds outstanding at one time.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing up to a total of \$100 million in bonds and notes to be issued or sold to finance the Texas agricultural fund for providing financial assistance to develop, increase, improve, or expand the production, processing, marketing, or export of crops or products grown or produced primarily in this state by agricultural businesses domiciled in the state."

Este es el informe explicatorio sobre la enmienda propuesta a la constitución que aparecera en la boleta el dia 2 de noviembre de 1993. Si usted no ha recibido una copia del informe en español, podrá obtener una gratis por llamar al 1/800/252/8683 o por escribir al Secretario de Estado, P.O. Box 12060, Austin, Texas 78711.

TRAVEL TIPS

By

Marlene Pendleton, C.T.C. Several years ago I wrote a Travel Tips column in the Paris News and I have been encouraged by Nanalee to try it again for these five papers...so here goes.

My main purpose of the column is to keep people up to date on the latest air fares. "In" places to go, current specials and tips to help you get the most out of your travel with the fewest amount of headaches. In August, as usually happens this time of year, there were some air fare specials. Unlike last year, however, some markets have increased in stages. First stage was advertised 35% off regular coach fares. These had to be ticketed by August 17. Second stage was 30% off - had to be ticketed by August 31st. Then, some airlines in certain markets had a third stage with approximately 25% off to be ticketed by September 15th. So, although you may have missed out on the best sales you can still take advantage of discounted fares up until September 15th. These specials are good for travel up until December 15th, which will cover Thanksgiving but not Christmas. We will be going to some Ski Shows this week and most of the ski prices are out for next year so NOW is the time to book your ski space. Especially important to book now is Christmas and Spring Break space! Callusat 785-0017 or 1-800-652-1149 and we will help you in every way we can!

Texas Department of Transportation Announces New District Engineer Position

The Texas Department of Transportation announces that Jay Nelson, deputy district engineer in Dallas, will take over the reins of the Paris District of the department, effective October 1, with the retirement of current district engineer Bobby Myers. Myers, who will retire following a retirement incentive passed by the legislature this session, has been with the department for more than 30 years. He began his career with the department as an engineering assistant in the Wichita Falls District before working his way up through the ranks of design engineer, resident engineer and traffic engineer. In 1983, he transferred to Austin as administrator of traffic safety in what is now the Division of Maintenance of Operations. He then served a 2-year position as director of the Division of Planning and Policy before moving to the Paris District in 1987. He has been named engineer of the year by the North Central Texas chapter of the Texas Society of Professional Engineers. He is a member of that organization as well as the Texas Institute of Transportation Engineers. Nelson's selection is only one of

the appointments the department has made. A total of 13 of the 25 transportation districts across the state, including Ft. Worth and Wichita Falls, will have new leaders. Nelson, who was among over 170 applicants for the district engineer positions opened by retirements and promotions, has been deputy district engineer in the Dallas District for nearly 4 years. The University of Texas civil engineering graduate was born in Hays, Kansas, and was the supervising resident engineer in Kaufman County before taking on the responsibility of second-in-command at the Dallas District. Nelson has been with the department for more than 20 years, most of which have been with the Kaufman County Residency. Outside the office, Nelson is very active with the First United Methodist Church in Kaufman, working with the Boy Scouts and the Kaufman Band Boosters. As district engineer, Nelson will oversee transportation improvements in Delta, Fannin, Franklin, Grayson, Hopkins, Hunt, Lamar, Rains and Red River counties.

The Value of Money

As soon as children can count, introduce them to money—how to save it, spend it, and make it grow. When giving an allowance, give it in amounts that encourage saving. (If the amount is \$5, give your child 5 ones, with \$1 for savings.) Allow them to make spending decisions, but discuss the pros and cons before spending takes place. Alert children to the dangers of borrowing—don't be afraid to charge interest on small loans.

40th Anniversary Held For Veterans of Korean War

Post 3990 & District 12 & Ladies Auxiliary held "A 40th Anniversary Remembrance" marking the end of the Korean War 40 years ago.

Korea has been the Forgotten War for far too many decades. Those heroic veterans must be remembered.

Master of Ceremonies N. F. Layne asked Post 3990 Color Guard to post the colors. District 12 Commander & President led everyone in the Pledge of Allegiance. District 12 Soloist Joyce Penny sang the National Anthem. The invocation was given by J. T. Shipman.

Mr. Layne introduced the special guest, Paris Mayor George Fisher, State Americanism Chairman Don Moon, Post 3990 Commander John Credeur, District 12 Commander Vernon Friday, State Sr. Vice Commander Charles Sinclair, State President Margie Langford, State Americanism Chairman Peggy McGowen, National Chief of Staff Barbara Gulick, District 12 President Patricia Friday, Post 3990 President Lois Kiser, State Sr. Vice President Juanita Workman, State Jr. Vice President Bennie Knapp, State Conduress Patricia Kemp, State Americanism Co-Chairman Hazel Auldridge, Past State Commander's Don Harwood & George Sparkman & State Chief of Staff Reggie Harrel.

Mayor George Fisher read a proclamation from Paris, TX and presented it to Ms. Langford. Department of TX Sr. Vice Commander Charles Sinclair read a proclamation from President Clinton. A proclamation was read from Texas Governor Ann Richards.

Mr. Layne asked the Korean Veterans to stand and introduce themselves. There were 55 present of which 5 were ex-Prisoners of War (POW's). Some gave short stories about the time they spent in Korea.

Lucille Shannon, a therapist from Bonham VA Center, sang a song from the Korean era, "Walking After Midnight", for a lighter note.

Commander Credeur thanked L. B. Wilmeth, a former POW, for a beautiful plaque he presented to Post 3990. He read a list of names of those Killed in Action from Lamar Co. Laverne Green, Gold Star Mother who lost her son in Viet Nam, was escorted by Mr. Sinclair & Ms. Langford to lay the wreath. Wesley Auldridge of Garland & Molly Jean Smith from Post 3990 folded the American flag & presented it to Lois Auldridge. Lydia Collins, Post 3990 Jr. Girl, gave a flag presentation and certificate during the folding of the flag.

A POW/MIA Candlelight Service was held by Post 3990 Jr. Girl Unit. They must never be forgotten until everyone of them is home or accounted for. Lucille Shannon sang "Sleep Soldier Boy, Sleep," which brought tears of memory to many veterans. Ms. Shannon then led everyone in "God Bless the USA."

A forgotten way, a forgotten victory can no longer be forgotten. And all veterans who served in Korea will stand tall with pride, knowing they served the cause of freedom. This is a state-wide awareness Americanism program.

The program ended with a 21-gun salute by Paris National Guard, assisted by Boy Scout Troop 39 of Paris, TX and Taps by Richard Hall. Commander Credeur presented Mr. Sinclair and Ms. Langford with a miniature Eiffel Tower donated by the local Chamber of Commerce.

The benediction was given by Reverend Cary Robinson. Retiring of the Colors was done by Post 3990 Color Guard.

A meal was served to everyone after the program.

Keeping Healthy

Psoriasis

Psoriasis is an abnormality in the production of the epidermis, the top-most layer of skin. For unknown reasons, the production process accelerates, resulting in red patches of skin with a thick, scaly surface that may itch (the word *psoriasis* comes from the Greek *psora*, meaning itch).

Psoriasis can occur anywhere on the body, but is most often found on the scalp, elbows, knees, and legs. It is not contagious. Although there appears to be a genetic predisposition toward the disease, it can affect people of any age, and occurs in varying degrees of severity.

Psoriasis, an unpleasant skin disease affecting some 5 million Americans, cannot be cured, but new treatment techniques can bring it under control in most people.

Deport Nursing Home Residents Attend Senior Citizens Day At The Fair

Senior Citizens Day at the County Fair was held Wednesday, September 1 with a large number of people attending, as well as many groups from area nursing homes.

There was plenty of fun and excitement on the agenda, starting with musical entertainment, dancing, the petting zoo, bell ringers, the antique car show, exhibit building and much more.

Volunteers from area merchants

and nursing homes cooked 500 free hamburger dinners for all to enjoy.

Attending from Deport Nursing Home were Terry Johnson, Frankie Archibald, Miriam Shannon, Nina Hale, Terry McDowra, Ivaletta Edwards, Marshall Dunigan, Mary Mathews and Herman Adams. Mr. Adams celebrated his birthday during the day and was sung "Happy Birthday" by approximately 500 singers wishing him well.

Geraldine Phillely Griffin Honored With Tea On Her Birthday

Geraldine Phillely Griffin was the honoree at a tea in celebration of her birthday on August 28.

The party was held at Lady Primrose's Tea Room in the Crescent Court Hotel in Dallas.

Hostesses for the affair were her daughters, Phyllis Griffin Horn of Abilene and Kathy Griffin of Nacogdoches. Others attending were her granddaughter Kristina Matsler of Abilene, Sybil Griffin Evans of Austin, Lee Griffin of Sulphur

Springs, Elaine Phillely Griffin and Jana Rigby Barker of Mesquite and Allison Rigby of Lufkin, formerly of York, England.

The menu consisted of various teas, assorted finger sandwiches, scones and sweets which are served at traditional high tea in England. Each guest received a champagne glass etched with the Lady Primrose crest.

The affair was a splendid affair and enjoyed by all.

Keeping Healthy

Polyunsaturated Fat in Fish Helps Lower High Blood Pressure

The role of polyunsaturated fat in lowering elevated blood pressure is currently the subject of much medical research. A new study in the British Medical Journal found polyunsaturated fat in fish oil may help reduce high blood pressure. Average blood pressure was lowered by six percent when hypertensive patients were given a fish oil capsule daily for six weeks.

The researchers concluded that the active element in polyunsaturated fish oil, known as EPA, may prove to be a safe and natural treatment for mild hypertension. Corn oil and other polyunsaturated vegetable oils also have been shown to help reduce high blood pressure levels.
