If you see me, you'd better tell me I look thinner. That is the motto of almost all of us afflicted with a weight problem, and who are dieting.

The first month of the new year is over, and by now many of us who resolved to lose weight in 1996 have fallen from their lofty perch of good intentions. Then, there are those lucky folks who have lost in a single month what they needed to lose.

I began my quest for weight loss three months ago...and even made it through the holidays with a slight loss instead of gain. I've always struggled with my weight, and I've never worried about it too much because I'm not that vain about my physical appearance. Now, I'm faced with the fact that my poor old broken foot needs some relief from its burden. That puts a different light on things, and I'm working with great determination.

But, as everyone with a problem knows, it's not easy. Commercials, magazines, even books have lovingly shown and described delicacies to sell or talk about! Every time I sit down to visit with friends we turn the subject towards food. Someone has a new, delicious recipe or a new, delicious place to eat!

At my house my poor husband (who is losing too) is faced with a bare refrigerator, pantry and freezer. If it has more than 300 calories it's been banished.

But, what is the point of all my moaning and whining? Just this...don't tell me that it gets easier. Don't tell me the stomach shrinks up and doesn't want as much to feel full and don't tell me that the time comes when "you really don't miss it". I do miss it... "IT" being hot, fresh breads, baked potatoes with all the trimmings, desserts with more calories in a single serving than my caloric allowance for the whole week. After three months I still want that good stuff, and I don't like the low-cal frozen stuff I'm eating at all.

But, the results should be worth it. Talk to me in about nine more months, when I should have dropped the weight I've sworn to lose. Then, I'll be faced with the really hard part...trying to keep it off when the world will still be filled with delicious, fattening foods that I will never again be able to eat on a regular basis.

Now that I've managed to depress myself I repeat...if you see me, you'd BETTER tell me I look thinner!

## McCoy seeking re-election as Lamar Co. Sheriff

Lamar County Sheriff B.J. McCoy is seeking re-election to the office.

McCoy was elected as Lamar County Sheriff in 1992, and took office in 1993. Since taking office, he notes overwhelming support from the communities has been given the Sheriff's Department under his leadership.

The list of significant accomplishments in his first term are numerous. All murder cases have been solved, and all robberies, but one, are solved. Assaults, burglaries and thefts are being cleared daily with property being recovered. McCoy attributes this success to better trained officers, more emphasis on rural patrol to deter crime and better working relationships with other agencies such as the Paris Police, State Police, Constables and Sheriff's Reserve Officers.

McCoy has made many changes during his first term. Most importantly, McCoy says, is better communication, improving the 911 system, passing the requirements of the Commission of Jail Standards for 3 consecutive years and increasing patrol staff by three deputies which has enabled "us to have 3-4 deputies on patrol at night".

McCoy was instrumental in obtaining state money to increase the jail capacity from 196 beds to 244 beds.

Sheriff McCoy says he has been

working with local volunteers and fire departments, implementing a "Weather Watch" program consisting of 18 fire departments to provide faster and more accurate information regarding severe weather.

The Sheriff and the fire departments have established policies and procedures in dealing with other emergencies that may occur in the county such as injury accidents, house fires and missing persons.

Since taking office, McCoy has obtained several blood hounds and created a canine unit to be used to search for missing persons, tracking dangerous criminals during man hunts and narcotic detection.

McCoy and his officers have worked with local schools and communities, educating them on the awareness of drug abuse and crime prevention. Sheriff McCoy is also working on re-establishing the Neighborhood Crime Watch program with several areas already participating in the program.

McCoy is currently seeking to obtain grant money for a D.A.R.E. officer for schools.

When asked his reason for being in law enforcement, McCoy says it is his care and concern for the public. "The citizens come first. Like the slogan of law enforcement says, 'To protect and to serve', that's the way my staff and I feel".

 By Liz Irwin

This week I am going to share with you a Christmas gift that I received from my family. It is a bread machine and I love it.

The first week I made, I don't know how many loaves of bread. I experimented with just plain white bread and then I would go on to something else. The recipe for Banana Bread is delicious and the Raisin Bread is my favorite. You can make all types of breads, including French and Garlic. You can make Hot Rolls and even Doughnuts.

Several years ago, one of the teachers at school bought one. That was when they were so expensive and the bread came out dry and tough. I thought then that I would not like one, but modern technology has changed and they are great!

Just add all of the ingredients and boom... there it is... a complete loaf of bread and with lots of butter, you will soon look like the Pillsbury Doughboy! So, I have had to cut back and not make so much, although I am experimenting with whole wheat flour and ways to cut out the calories... IMPOSSIBLE! Because everyone knows that it doesn't taste near as good if it doesn't have the calories! Right?

Oh, by the way... this reminds me of one of my stories. This one is about a District 4-H Food Show. We always had to travel some distances to district food shows, so with three girls in the show, we tried to choose recipes that could be prepared as much in advance as possible.

Jamie, the oldest, decided to make homemade bread. She mixed it up as late as possible on Friday night and let it rise the first time. It rose to double in bulk. She punched it down, kneaded it and layed it out on the

bread board and covered it with a light towel to let it rise the second time. . . . the phone rings! It is our neighbor telling us that the bank has been robbed in Detroit and the robbers are escaping down Highway 82 in the woods down our way. Our house is parallel to Highway 82 or "as the crow flies", about a mile and a half from the bank. The girls and I dropped everything (Jim was at work), grabbed a gun, nevermind that I couldn't shoot it (it was loaded too), jumped in the truck and headed to Blossom to a friend's house to stay until Jim came in. There I was careening down F/M 1502 with three young kids and a loaded deer rifle! This was between 6:00 and 7:00 p.m. (Keep in mind that bread only needs to rise about 1-1/2 to 2 hours.) Jim comes in about 12:00 p.m. and goes into the house check all the closets and under beds and we return safe and sound.

Where is the bread you ask? It has risen to several times its size and is all over the cabinet and running down the sides. It looked like a giant Blob! We punched down the remains, Jamie made it into rolls and she received a blue ribbon the next day and had quite a story to tell.

The bank robbers? They were hiding in an abandoned barn on the other side of the tracks right outside of Blossom.

Any way, I am sharing some of the recipes from the book and if you get a chance get a bread machine and play with it. They are a lot of fun, very versatile, and can be programmed to have a hot loaf of fresh bread ready for you when you come home from a hard day working or in the morning for breakfast!  
 See you in the kitchen!

### Prairiland celebrating school counseling week

Prairiland CISD joins thousands of other school counselors across the United States in recognizing National School Counseling Week February 5-9. The week is sponsored by the American School Counselor Association and highlights counselors' contributions to student growth and achievement.

School counselors are "changing agents" helping students with academic, social and personal concerns. They are the vital links connecting students, parents, teachers and school system staffs. They serve as catalysts in enabling young people to become productive citizens.

Prairiland has a counselor at each campus. Mrs. Daphnia Downs is counselor at the high school, Mrs. Fran Patterson at Deport, and Mrs. Edna DePriest at Blossom campus. They work together to coordinate the

testing and guidance programs within the system. Some of the highlights of the program include special self-esteem classes in grades K-3, presentations in special target areas such as study/test skills in grades 4-8, decision making activities, especially concerning colleges and careers in the high school and special events such as drug awareness and guest speakers in all grade levels. Joint projects for all grades this year include Red Ribbon Week in October, Random Acts of Kindness in February and a parent program in March. They also work with various outside programs and agencies to help meet the needs of the students.

Parents, students and civic leaders are welcomed and encouraged to contact or visit the counselor on your campus.

### Lady Pats bury Rivercrest

The Lady Pats from Prairiland are on the bottom end of their bid for district. The girls are 3-4 and 11-13 for the season.

Keeping the game at a slow pace to get the Rebelettes out front and in trouble was the name of the game. It must have worked, because the ladies kept the victory at home 45-23.

Breah Sessums (5A-3S) scored 17, Brandi Upchurch (7R) 15, Meagan Hatfield 8, Katha Crawford (7R) 3 and Fair Shae Gifford (7R) 2.

The Lady Pats took control of the game early on and maintained leads in all quarters, 9-4, 19-8, 28-14 and a final score of 45-23.

The girls will face Cooper on their home turf and Como-Pickton at Rivercrest on Tuesday night.

The boys game was a tough defensive game with Rivercrest (4-1/18-8) sending fresh players in and out every few minutes. Rivercrest claimed the victory to earn a certain berth in district play.

The Patriots (1-4/14-10) held on and gave the Rebels a run for their money, but could never gain a lead in any quarter. Scores of 8-10, 16-19, 25-31 and a final of 41-54 held the Pats from a much needed district win.

Jeremy Day hit for 11, Justin Taylor 8, David Ford 7, Corey May 6, Jeremy Newberry 5 and Todd James 4.

The boys will play Como-Pickton on Friday night at Prairiland Honey Grove at Prairiland on Tuesday night here. All gaes begin at 7:30.

### Pats lose three to Honey Grove

The JV Lady Pats started the night off at the Honey Grove Warriors gym on Tuesday, January 23.

The girls lost a tough game 43-45. They maintained the lead in the 1st 9-10 with Christy Patterson hit 4, Cari Irwin 2, Susie Sutton 2 and Kim Gibson hitting 1-2.

Second quarter saw the young ladies still in the lead by three and hitting 15 points to make the score 24-21.

Honey Grove took the lead away in the third, 31-34 and Gibson hit her second trey of the night in the fourth.

The girls lost to the Lady Warriors for the second time this year by two points, 43-45.

Patterson (6R-1A-6S) hit double figures with 13 followed by Gibson (IR-4S) with 12. Irwin (IR-2B-1A-4S) had 7, Sutton (IR-1B) 5, Stacy Harrison (2R-1B) 3, Katie Mullins ((6R-1B-1S) and Elizabeth

Tapia (IR-2S) one.

The Varsity ladies fared no better with a loss of 43-59. Sessums hit a trey in the first quarter and Fair Shae Gifford added a trey in the third. The orange ladies continued their outside shooting along with their rebounding skills to take the win 43-59.

Sessums (IR-1B-1A-) held high point with 20, Brandi Upchurch (2R-1A-1S) 7, Gifford (IR-1S) 7, Katha Crawford (3R) 5, Meagan Hatfield (3R) 4 and Misty Day (5R-3S).

The Patriots fought hard the entire game, but the Warriors were determined to keep the win on their home court and did 52-58.

Cory May, after coming off of a dry spell, hit 18 (4R-1S), Jeremy Newberry (3A-4S) Todd James (4R-1S) 8, Jeremy Day (2R-1B) 7, David Ford (2S) 4 and Carey Langston 4.

### JV ladies lose two for the week

The JV Lady Patriots played host to Cooper on Tuesday, January 16 to fight another hard fought battle for the season to lose 47-49. The girls seem to keep the momentum going until the final quarter and just lose steam. But they have had some games that make you stay on the edge of your seat.

Cari Irwin (7R-4B-1A) hit for 13 for high point, while Kim Gibson (3R-1B) layed in 9. Suzie Sutton (3R-1B) had 8, Amanda Wherley (IR-3S) 7, Renea Holt (6R-1B-2S), Katie Mullins (IR), Elizabeth Tapia (IR-1S), Stacy Harrison (IR-1B) and Christy Patterson (2R-1S) each had two. Also coming off of the

bench was Kendra Hicks and Kristina Patterson.

In the second game of the week on Friday night, the girls traveled to Como-Pickton and again lost 31-37.

Patterson was high with 13, Wherley 9, Harrison 4, Mullins 3 and Holt and Tapia each had one.

On Friday night, January 26, the girls played Rivercrest at home and won by a landslide of 56-24. They held quarter scores of 10-4, 24-12, 48-19 and a final 56-24.

Gibson was high with 17, Patterson 12, Sarah Hooge 6, Beth Hunt, Stacy Harrison, Katie Mullins and Deana Merrill each had 4 and Kendra Hicks 3.
