Marvin Garage Sold Last Week

The Marvin Garage was sold last Wednesday Sept., 13th, by J. F. Kennedy, owner to N. Killman of Rockmorton, for a consideration of \$5,000. Mr. Killman took possession of the garage Thursday. The new owner has had much experience in the automobile and garage business, running a garage at Rockmorton for some time, and is a nice, courteous gentleman, and a good business man. J. F. Kennedy will for a time continue on with the garage, and we understand retains the Texas Co. agency.

Miscellaneous Shower

On Tuesday afternoon, Miss E. Tyson and Mrs. Ross gave a miscellaneous shower for Miss Maugerite, a bride to be.

The house was artistically decorated with roses and ferns. Miss Moore was dressed in an orange pussy willow taffeta beaded trimmings. Mrs. Alexander, a recent bride, was dressed in nalie over pink with ribbon trimmings. Guests were received at the house by Mrs. Tyson, who presented them to the receiving party, Miss Tyson, Miss Moore, Miss Pruitt, Mrs. Payne and Fred Alexander. They were then asked to register in the bride's book, presided over by J. U. Fields, Mrs. Patton and Miss Boone gave several musical and vocal selections. Mrs. Tyson gave the life history of the honoree. The hero has so successfully won her will capture our girl Sept.

Miss Boone then gave a toast to the bride after which the guests were invited into the parlor to view all the beautiful gifts. Ice cream and cake were served, and each one was given a slip to write a telegram. The telegrams not to be read after the wedding. After the guests left, they extended to the hostesses their thanks for the afternoon, and for the "bride" joy, happiness and contentment.

Fred Monke of Myers Good Farmer

Fred Monke, of the Myers community, is one of the best farmers in that community. He has lived in that community for nine years, coming here from one of the best farming sections in Iowa, he knew the value of diversified farming. He now has 120 head of graded cattle which he is breeding into Red Durhams; has fifty-eight head of Poland China hogs; has ten head of mules and horses, and has a good growing crop, all his feed being gathered and put up. This year he harvested 19 bushels of wheat per acre, and has his stubble all flat broken for another crop. His, is one of the best improved farms in that section, nice residence, good barns, large tank and windmill, water connections to every place where water is needed. Mrs. Monke is one of the best poultry raisers anywhere, and has a large flock of chickens and turkeys, of the best breeds.

A Delightful Birthday Party

What was to the little folks an enjoyable occasion was given by little Charley Neill on the event of his fourth birthday last Saturday, Sept. 16th. Various games were played which all seemed to enjoy, after which ice cream and cake were served.

The following little folks were present: Misses Vivian Bernard, Marvina Couch, Maryerine Lackey Madge Lackey, Marguerite McCollum, Erlene Mask, Lucile Mask, Jewel Paxton, Louise Ramey, Iola Simmons, Iola Taylor, and Masters Fred Ellis, W. B. Lindsey, Arthur Neathery, Thomas Murchison, Tommie Patterson, Billie Patterson, Virgil Reynolds, Son Taylor, Lee Oliver White, and Frank White.

B. W. M. W.

Met at 4 o'clock in the church in the regular bible study, with Mrs. Leon Gilliam as teacher. The subject, "The Effect On The Believer Of The Second Coming Of Christ," was thoroughly interesting from the fact that we have had two sermons lately along this line. Rev. and Mrs. Groom advance so many good thoughts on the lessons, that it is certainly an inspiration to be under the guidance of these good people.

We hope to have the Abilene Quartette with us again soon. The date will be advertised later. Reporter.

Singing Convention Met With Vontress

The East Haskell County Singing Convention met with the Vontress class last Sunday. The house was called to order by the president and the singing began at 10 o'clock. Over 500 were in attendance and singers from all parts of the county were present and took a lively interest in the singing.

Dinner was served by the ladies at noon and everyone invited and all had a good time. There was plenty to eat and everybody made to feel welcome.

In the afternoon the singing was resumed and after some excellent class singing. There were some quartets and special songs rendered which were enjoyed by all.

At the proper time the Convention adjourned to meet with the Roberts class the fourth Sunday in November.

Thus closed one of the best Conventions in the history of this organization and everyone went away fully satisfied.

H. F. Haley, Pres.
Mrs. Myrtle Cobb, Sec'y.

Joe Ravnes, Joe Smith, Jim Turnbow and Bill Gilbreath of Weinert returned Monday from a prospective tour of the plains and all of them bought land in Dawson county. They made the trip in an auto and had good luck and a pleasant time while away.

Boll Weevil In Vontress Community

There is positive proof that the much feared Mexican boll weevil is now at work in the cotton fields in the Vontress community according to the report of our Fieldman, W. M. Free, who made a personal inspection of the cotton on the farm of John H. Roberts and found them in sufficient numbers to destroy all the late squares and young bolls which are forming on the cotton since the recent rains.

Although, they seem to be more prevalent in cotton in this immediate section than any other part of the Vontress community. Much of the cotton in this section is in the advanced stage and they can not injure it but little so late in the season.

J. B. Hester and family of the New Mid community were in the city last Saturday shopping.

Card of Thanks

We take this method of expressing our sincere thanks to our friends and neighbors for the kindness shown us during the illness of little Clara. Especially do we wish to thank the Ladies Aid Society in so kindly assisting us, also the nurse for her careful treatment. May theirs be a crown of heavenly blessing.

Biggest Cotton Deal Of The season

R. E. Lee, a farmer of the Post community sold to our local merchants Wednesday, seventy-four bales of cotton, which will net him the round sum of \$6,000. Seventy bales of this cotton was held over from last year, and brought fifteen and one-quarter cents per pound all around. As we go to press the cotton is being delivered, and it shows to be in first-class condition.

Mrs. Murray Smith and children of Sagerton are in the city this week the guest of her parents, Mr. and Mrs. S. A. Hughes.

YOUR FAMILY WASH

We have closely figured the actual cost of the family bundle, and can do it at 5c per lb., which will run about 75c per week for the average family. Have our driver to weigh your bundle before sending to the Laundry. All flat pieces finished. No family bundle taken for less than 25c. At the above price we ought to have a bundle from every home in Haskell.

27 new customers added to our Family Wash List last Week. We want 73 next week.

W. C. T. U.

The W. C. T. U. met with Mrs. Sims last Thursday with thirteen members and two visitors present. It was decided to put a table at the Depot with prohibitory literature.

After a very fine program Mrs. Sims and her daughters served delicious home made cream and cake.

Mrs. Gilbert read the following splendid paper:

The first woman we read of in the Bible was Eve. She came last in the creation, but when she received the breath of life the work of God was finished. Perfection was stamped on every thing. There has been no country, no people, and no home complete without the influence of woman. We find in Eve the same influence possessed by woman today. She could and did influence her husband, and most wives can influence their husbands today. How important then that we prepare ourselves to use this wonderful, God given power for the betterment of mankind. We can use this influence in so many ways and one is to create sentiment in the home against the gigantic will of the whiskey traffic. Ladies lets see to it that our influence is always on the right side of this question. Eve was not only the woman but she was the first mother. She was to be a helpmate to Adam, and from the dawn of creation to the present day, woman has been and is helping man to make this a better world to live in. So many of the great institutions founded for helping our fellow man, was conceived, planned and helped by woman.

We next read about Sarah. She was a princess, and was very beautiful. We find from reading a little of her life story, that her beauty was her snare. Is woman's beauty then to be despised? Emerson says beauty is God's hand writing. It is a valuable possession, but a very dangerous one, according to the use made of it. In all ranks of life, the human heart yearns for the beautiful. There is no beauty so beautiful as a consecrated christian life. Ladies lets help in all the ways we can to build these beautiful lives.

Next we read of the unfortunate Hagar, a mother willing to give her life that her boy might live. Oh! how true we mothers know that to be. Then if we are willing to give our lives that our children may live this life. Ought we not to use our every power that they may be prepared to live with our father in Heaven forever?

The next we will read a little about Rebekah. We find she was also very beautiful and wealthy, yet, her life was one of service and her wonderful influence was felt by all in her home. She became the daughter-in-law of Abraham by her kindness. Later we find her using her influence to gain a great blessing for one of her sons.

Then we read about the beautiful Rachel. I am sure we all remember what her husband was willing and did do to gain her love and how beautiful was her life.

Next comes Miriam, the sister watching her little brother and told to see that no harm come to him. So many of us today have the same work we ought to be doing, watching a brother. What a world of meaning in those few words. There are so many noble women we read of in the Bible. I am only going to read a few more, but want to pause long enough at each name for us to call to mind the greatness of their lives and just remember that in each one we see them either using their influence to help or hurt mankind.

Rahab, who was called the friend of Israel Deborah. The woman who was one time governor of Israel and helped the king

gain a great victory for God and the right.

Deliah, the betrayer of Samson Naomi called the Mourner. Ruth Hannah, the ideal mother. Mihal the protector of David. Bethsheba, the mother of Solomon. Rizpah, the protector of the dead. The queen of Sheba, the most wicked woman who ever lived it is said and the first to persecute those who loved and served our God. The Shunamite woman, the little maid of Israel. Esther, the queen Jobs wife, the evil advisor Ladies do we always advise those in our home? We could and should influence to stand firm for God and the right. If we have not before lets begin now.

Elizabeth, the mother of John the Baptist. Mary the mother of Jesus. Anna, the prophetess who prayed to live long enough to see Jesus. We all know the story of the woman at the well, Mary Magdalene. Dorcas, the friend of the poor. Priscilla, the tent maker and helper of Paul. Lois and Eunice, the grandmother and mother of Timothy. Phebe, the servant of the church. The last book in the Bible mentions one remarkable woman, we find her described in the 12th chapter. Read about her.

**Circulation Man
Makes Statement**

Three months ago we came to the city of Haskell and took charge of the circulation department of the Haskell Free Press for the present management. We at once began taking new subscriptions on the plan to stop the paper when the time for which it was paid had expired.

We believe this to be the only satisfactory way to conduct the circulation department of any newspaper. Some of our subscribers paid for three months in advance when we first began to work and their time have expired. Some of them have already set their time one year in advance, after trying the Free Press three months under the new management. Others have failed to do so, and we will drop their names from our list, not because we want to, because it is a business proposition. However, we hope to have them on again in a short time, as we believe we have pleased them.

Our aim is to make the Free Press the best county paper in this section of the state and we hope to merit your patronage.

Thanking each and every one for their support and assuring you that we can serve you better in the future.

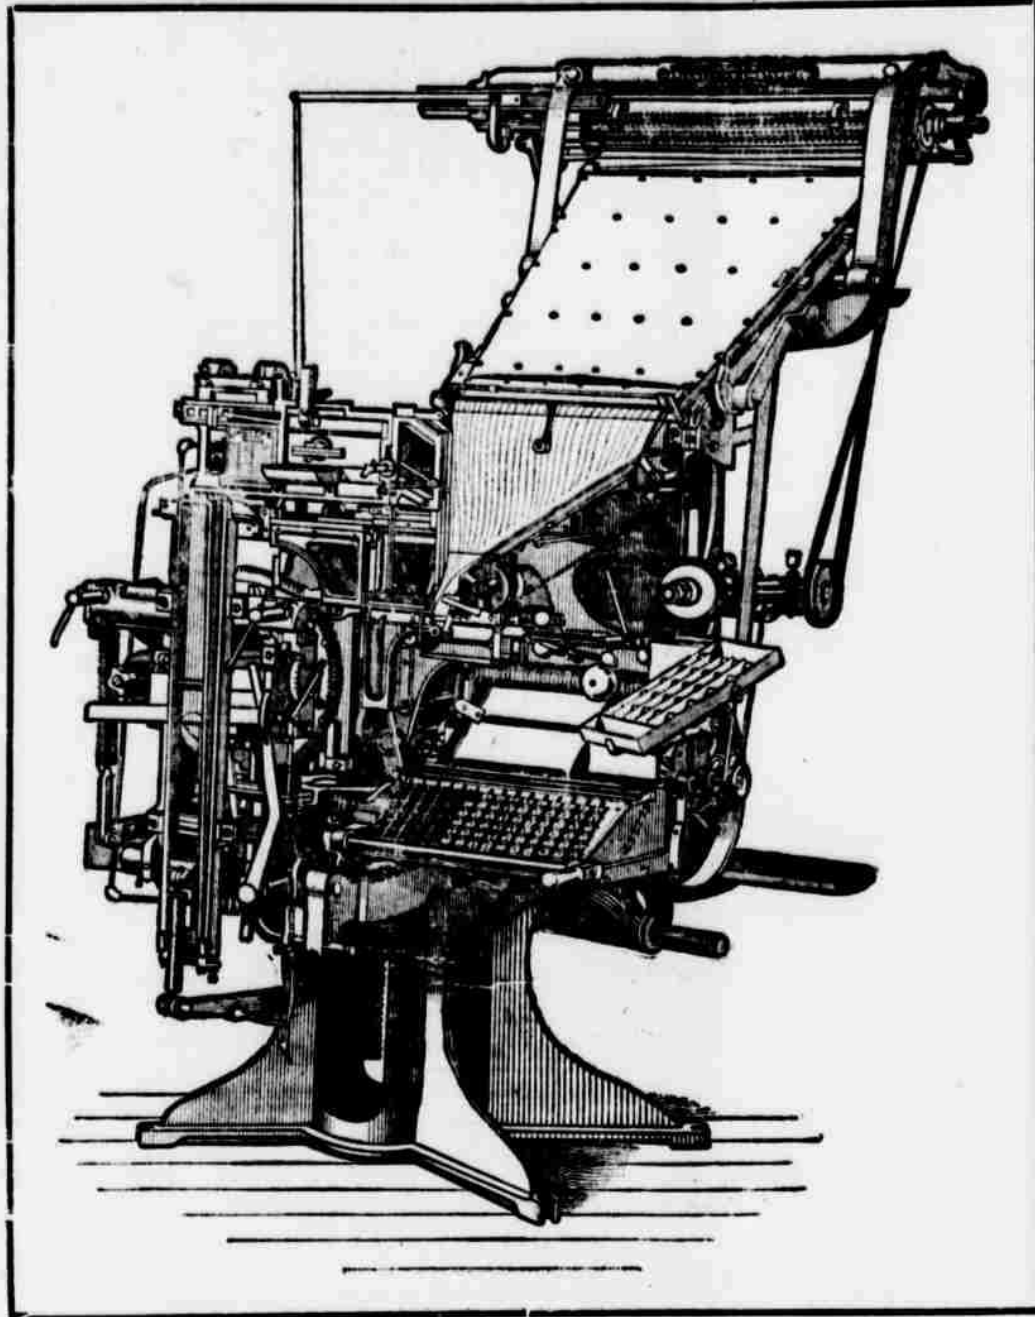

Yours very truly,
W. M. Free,
Circulation Mgr.

There are plenty of things that need doing in every community—you are a part of the community and the conditions—just get out and boost for better conditions and try to interest others and stimulate a little wholesome "team work." Life isn't just a "grab game" in which money getting is the only "treasure." If your community, is not what you would like it to be get busy. Just ask yourself, "what am I doing for my community, how much better is it for my having lived in it?" Then devote a little of your time to working for better conditions and you will be surprised to find what a lot of folks want to climb onto the band wagon.

Haskell is living up to her reputation of the best market in this section. Bring your farm products here and receive the highest market price.

Bring your cotton seed to Haskell, the best market town in the west.

**Free Press Installs New Linotype
Which Greatly Adds to Equipment**

Having the utmost faith in the growth and development of Haskell and Haskell county the management of the Free Press has purchased a new, Model 5, Mergenthaler Linotype machine, and we now have it in operation. This is the first machine of its kind ever brought to Haskell county, and is one of the most wonderful machines ever invented. We are justly proud of this new addition to our equipment, as it will enable us to give our readers a much better paper in the future than we have been able to give them

in the past. We will be glad for our patrons and friends to call and "look her over". The Linotype machine is one of the most important factors in the equipment of a modern newspaper and printing plant, and with the installation of the machine the Free Press plant will be second to none in West Texas, in fact will be equal to most newspaper plants in cities several times larger than Haskell. The purchase of a Linotype involves the outlay of consider-

able capital, really in the neighborhood of three thousand dollars, and at first thought it might look to some like too large a venture for town of this size. Yet, the machine will increase our facilities for the output of work to such a large degree, and we will be enabled to get up so much better paper, that we are confident the venture will pay and pay well. Another thing, we are highly optimistic as regards the future of Haskell and contingent country.

Needmour

Picking cotton is the order of the day most of the farmers in this community. Needmour gin has ginned over a hundred bales of cotton this week. W. H. Day and son Roy made a business trip to Jud Tuesday. A large crowd attended Holiness meeting at Hutto. Robert Hood called on Jack and Archie Dozier Sunday. Aryil Blair is attending the normal at Fort Worth. Nettie Hicks of this community is very sick with the typhoid fever. Rev. Stockins filled his appointment at Idella Sunday. Mornign Glory. Kreger-Homesley Jim Homesley of Weinert, and Miss Pearl Kreger of Pleasant Vally were united in marriage at the home of Mr. and Mrs. Felix Josselet ten miles northeast of this city Wednesday evening at 8:30 o'clock. County Judge A. J. Smith officiating. The bride is the daughter of Mr. and Mrs. H. Kreger of the Pleasant Valley community, and is loved and admired by all her acquaintances. The groom formerly lived in Haskell, but is now employed with a gin company at Weinert, where the young couple will make their future home. The attendants were Dr. J. F. Cadenhead and Miss Monnie Ridling, Luther Toliver and Miss Ardonie Josselet. Both the contracting parties have a large circle of friends who join the Free Press in wishing for them a life of prosperity and happiness.

**HUSBAND RESCUED
DESPAIRING WIFE**

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Patron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side. The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand and I gave up in despair. At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me, and now walk two miles without tiring me, and am doing all my work. If you are all run down from womanly troubles, don't give up in despair. Get Cardui, the woman's tonic. It has helped more than a million women, in 15 years of continuous success, and can surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

FROM THE FIELD

BY W. M. FREE

WEDNESDAY

Began our work in the afternoon out the Throckmorton from Haskell, making our trip with J. S. Barnett, one of the best cotton farmers in the county. He was entertaining his 10 months old grandson when we went to his home, a pleasure we enjoyed very much. He made a personal inspection of the farm and find Mr. Barnett has a fine cotton. He has manifested excellent ability in the management of this crop.

McDonald was in Haskell picking cotton seed when we passed. His cotton is late and has not begun picking.

Bell had just donned a new sack and begun picking and we supposed it took all day and all the children to get their garment in its proper position we found no one at the house.

Porterfield was picking for S. C. Bell and we failed to see him at his home.

Wahlen was cutting the grass of Johnson grass from the field when we called on him. His cotton is late and he had not begun picking. However, he has a good cotton crop and is a

good farmer.

J. R. Harvey was on the Webb farm heading maize and we failed to see him. He has a good late crop and is a good farmer.

E. B. McDonald was at home and was anxious to get to work but his cotton is late and nothing to do just now.

H. C. Wyche was ten miles east of Haskell building a house for Hardy Grissom, and Mrs. Wyche and the children were looking after the farm and the Plymouth Rocks, cattle and hogs.

W. M. Vincent was away from home helping his neighbor Baker pick cotton. His cotton is late and he had none ready to pick.

L. W. Barrett was in the city of Haskell when we passed his home and we failed to see him.

J. T. Kirby was in Haskell when we passed his home. It is said he has some of the best cotton in his section, and we were told by some of his neighbors that he had some cotton that would make a bale per acre if nothing happens to it. That is good cotton for this year.

Gus Meyer was away from home when we reached his place. Gus is another good farmer who studies the condition of the crop he is growing and he has made a success with farming.

W. R. Hunt had just come in

from sowing his turnip patch and reports a good rain which gave him plenty of stock water in his pasture and his crops all doing fine. He has the Rhode Island Red chickens and has sold over \$80 worth of produce from his farm since January the first.

S. C. Andrews was heading maize and we failed to see him at his home.

We spent the night with Dan Anderson who has recently moved his family to the R. W. Rushing farm and will gather the crop on this farm. We enjoyed the hospitality of that pleasant home and went our way rejoicing remembering the many kindnesses shown us.

THURSDAY

We made our first stop at the home of that good farmer I. A. Leonard. He had bought a farm and had gone to move a house on this farm and is getting ready to inhabit it another year.

We called on J. W. Atchison, who was heading maize. He is well hooked up, has a good crop and some good teams especially a team of black horses he was driving.

We stopped at the home of J. J. McCaslin. He was heading maize and has a good crop and is getting on nicely.

Gus Kretschmer and family were picking cotton and had out one bale and was picking on the second.

I. W. Kirkpatrick was gone from home and we failed to see him on this trip.

We took dinner with John Howard who came from the west and bought the H. H. Langford farm and is farming on a big scale. He has a large force of pickers. His own family picks better than a bale of cotton per day. He has 9 head of horses and mules, 22 head of cattle, 11 head of hogs and owns 425 acres of land. He has a family of ten children all strong and healthy. They are very energetic and know how to work. They were very kind to us while in their home.

We visited T. S. Grimsley and spent a short time with him. He has not been able to walk for two years but is happy and cheerful and is making a good living farming. He keeps cows and sells cream although he has to haul it 12 miles to Haskell, yet he says it pays well to produce and sell cream.

We called at the home of F. B. Earnest, he had gone to Haskell. He has a large bunch of cattle and has some good horses and keeps a large pasture rented and sows a lot of grain. He has a number of hay ricks for winter feeding. Mrs. Earnest raises lots of chickens.

We called at the home of G. F. Atchison. He has a splendid home and it well improved. He had just begun picking cotton. His son, Earl, was plowing stubble with six horses and was going over the ground cutting 30 inches at a time. We expect to make a special visit and tell our readers of the progress and the pride he takes in his home.

We left a Free Press in the door of the residence of J. F. Atchison who was very busy picking cotton and we failed to see him on this round.

We called on George Moeller who was picking cotton in the field and walked out to where he and his force were picking. He has out 3 bales of cotton and his crop is fair for the year.

We called on E. P. Lewis, he was very busy picking cotton and was getting along fine.

J. D. Kilgore was picking on his second bale of cotton and has a good crop. He has 300 acres of maize and cotton and is going to plant a large wheat crop this fall. T. J. Baker the Watkins man, came up soon after we arrived and Mrs. Baker was with him. I find that he is sure selling a lot of the Watkins' remedies over the country.

We spent the night with Prof. H. F. Haley of Vontress. He is one of the best singers in the state and is a teacher of many years ex-

perience and ranks among our best musical instructors. Mrs. Haley assists him in singing and teaching and is one of the best Alto singers in the musical field. We enjoyed the song and the good company of those good people and their kindness will be remembered.

FRIDAY

We called early next morning to see Will Dwyer but we were not soon enough for he had gone to the cotton field and no one was at the house to tell us how well he was getting along.

We called on John H. Roberts, he was picking cotton and has out one bale. He is a good farmer and has his place well kept up. We saw some real boll weevils in the cotton. They have a big bunch of turkeys.

We stopped at the home of A. H. Roberts and met the family Mr. Roberts and the boys were picking cotton. He has a good crop and is getting along fine with his picking.

We came to the home of W. B. Roberts he has been here 18 years and is one of our leading farmers in this section. He was plowing his stubble. He and Mrs. Roberts have raised their children to be grown and they are all married. H. H. Green married the youngest daughter and they are living with the old folks at this time. Mrs. Roberts raises the Buff Orpington chickens and has lots of them on the yard.

R. E. Wafford was picking cotton near the road and we had a short talk with him. He is working 250 acres on the shares and has a good crop.

We called on Martin Arent and found an interesting German farmer who has been here 10 years. He has a good residence new barn and 250 acres of good land on which he has a good growing crop. He has the Poland china hogs, Jersey cattle, chickens, turkeys ducks and pigeons. He is a promoter of good school in his community and works for the public good. He is president of the Haskell County Farmer's Institute.

We called at the home of E. O. Chapman who was in the field picking cotton and he has a good crop. He has been in Haskell county 8 years coming from Bell county to this section. Mrs. Chapman was picking a chicken for dinner but it was too early in the day to stop for dinner so we hurried on.

T. E. Mercer came from Fannin

county years ago and is now living on the W. F. Weaver farm at Vontress. He had gone to Haskell and Mrs. Mercer was cooking for the singing Convention at Vontress School house which was to be Sunday.

We came to the home of Mr. and Mrs. W. F. Weaver. They are the owners of the Store and she is Post Mistress at Vontress. Mr. Weaver and his children own about 1900 acres of land in that section most of it is well improved. They came from Bell county 9 years ago and have lived in this community ever since. They are very industrious people and have made their property through energy and good management. They milk from 12 to 20 cows and sell the cream. Raised lots of chickens, hogs and all the other stock they need. Mrs. Weaver gave us a good dinner and a glad welcome and we are very thankful for the kind favor. Mrs. Hill their daughter from Belton is spending the summer with them.

We came by the farm of R. E. Weaver he was plowing stubble and we never called on him this time for we had seen him at his fathers earlier in the day.

We stopped at the home of J. G. Donohoe who was heading maize and we failed to see him.

We called at the home of J. M. Hinkle who was confined to the bed on the account of his back getting hurt but we hope he will be up again in a few days.

We called at the home of Chas. W. Drusedow he had gone to Taylor on business.

We next stopped at the home of J. P. Wheatley who was heading maize. He is one of our best farmers and has some fine cotton that was planted late on account of being hailed out. Mrs. Wheatley has lots of chickens and a bunch of 46 fine Bronze turkeys.

They have a nice home with modern convenience and own 200 acres of good land.

We next called at the home of J. O. Wheatley he was not at home and we failed to see him.

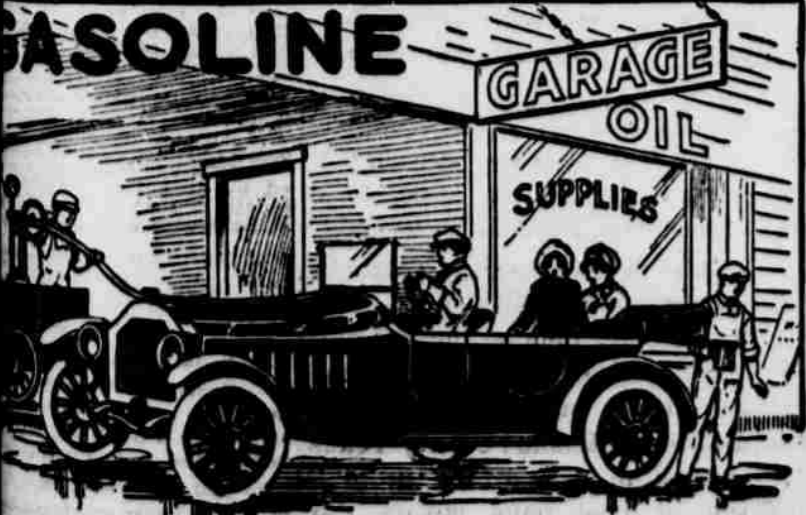

We called at the home of J. A. Mapes he was finishing up heading maize and has a good late crop of cotton.

We next called on J. C. Lewellen he was gone from home looking for pasture for his cattle. He has a fine late crop of cotton and feed.

We drove home from the Lewellen farm not having time to make any more stops on the road reaching Haskell about dark and we were satisfied with our trip finding three or four men who were not already readers of the Free Press. We now have a circulation that any one should feel proud of and we are the people that appreciates from the Editor to the "Devil." When you are in town and want the Free Press to come to you give the Editor the price and the work is done do not wait until I come it might be too long however I will get there as soon as possible.

PRESS DAY STATE FAIR MEMORABLE OCCASION

E. J. Kiest, director in charge of the Press and Publicity division of the State Fair, announced that all press and preparatory work in preparation of the annual Press Day at the State Fair have been completed, and that the arrangements as provided guarantee the highest and most enjoyable event of the year.

"I consider this Press Day at the State Fair as a most valuable and interesting institution, and I am hoping in 1916 we are all hoping that we will have the best of entertainment ever. Local writers and newsmen are this year.

"Press Day is an institution conceived for the purpose of promoting a better understanding of Texas and its people, and to provide an opportunity for cooperation and discussion of matters in which we are all interested.

"I consider that this meeting of right should be held in connection with the State Fair, for it is the State Fair that we are all trying to boost, and which in its turn is doing a powerful boost to everything that pertains to Texas and belongs to Texans.

"I believe I am well within the fact when I say that Press Day this year will have an added interest to every good publisher who is in attendance. We have several new things which we propose to do this year—and have found several new ways in which to make this occasion one long to be remembered.

ATHLETIC GAMES DURING 1916 STATE FAIR SPLENDID

It is announced by J. J. Eckford, who is director in charge of the athletic division of the State Fair, Texas, that many important championship games have been arranged to be held at the State Fair this year. These games, principally football, will be contested by teams representing the foremost educational institutions of the Southwest, and some exceedingly close and interesting sport is looked for.

"Practically every day of the coming Fair, and Mr. Eckford, will have his scheduled contest, and I am sure that these exhibitions of healthy and manly sport will be of interest to thousands of Fair visitors."

COLISEUM ATTRACTIONS GREATEST OF STATE FAIR

A collection of the greatest vaudeville acts that the world has to offer is being presented to the State Fair at Texas this year by A. A. Jackson, director in charge of the big Coliseum in Fair Park.

"This attraction will be staged in the Coliseum and will remain there for the entire period of the Fair, October 13 to 29, inclusive," said Mr. Jackson recently, "and I am confident that Fair visitors will find it the most thoroughly enjoyable bill of vaudeville ever presented in any part of the South."

"For this show we have engaged several of the most famous and highest priced acts in the world today, and the balance of the bill will be rounded out with artists who are seldom seen out of the 42 theatres of the North and East.

HUGE HIPPODROME CIRCUS IS STATE FAIR FEATURE

S. T. Morgan, director in charge of the grandstand at the State Fair of Texas, announces that this enormous structure has been prepared to comfortably take care of the crowds which will see the Fair's big new Hippodrome Circus, to be performed directly in front of the big steel stands.

"This attraction will be an innovation among Fair amusements," said Mr. Morgan, "and I am sure that it will be extraordinarily popular with Fair visitors. Some idea of the class of this event may be gleaned from the statement that twenty-five of the world's best circus acts have been engaged for its performance. This includes riders, gymnasts, tumblers, clowns, acrobats and all the other daring and skillful performers usually seen only in the world's best circuses."

To Our Correspondents

We regret very much that some of our best writers mailed their letters too late to reach us in time for publication. We offer this statement that you may know why you did not see your letter in print.

We have no reason why they are not printed other than they get here too late. Our readers are pleased to see a letter from each community every week and they are disappointed when they fail to reach us in time.

If you could hear the compliments that are passed on your letters by the business men, the farmers and people from every where you would be here an other time. We wish to say that we are pleased with our correspondents and we have good writers as it is possible to obtain. Our correspondents page does not read like the "Bingville Bugle" but like a real news paper giving the facts from every community as they exist without exaggeration.

We would ask of each one to do their very best to get good news as they have been doing, and try to improve, if possible on each letter. Although we do but very little changing as it is and we note a marked improvement in our page writing for publication.

Please send your letters in Monday and be sure to sign your real name. Not for publication, but that we may know who is the author of the news.

NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.

For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes them sturdy and strong. No alcohol.

STATE FAIR DIRECTOR TELLS OF THIS YEAR'S BIG PLANS

Among many prominent Texans who have given largely of their time and talents to the task of making the State Fair of Texas the biggest of all annual expositions, none is better or more favorably known than E. M. Kahn, who has been connected with the Fair for many years.

In a recent statement concerning the work of this big institution this year, Mr. Kahn had this to say: "I believe firmly that the 1916 State Fair of Texas will entertain more people than have ever before visited any State Fair anywhere. I know—no doubt there can be no possible doubt—that they will see the greatest Fair ever assembled."

"While it is now nearly two months until opening day, there are plenty of present indications to warrant the above statements, particularly in the sales of privileges and concessions, which sale has, at this time, reached the largest figure in the entire history of the Fair."

"The dates selected for this year's Fair, October 14 to 29, will bring Fair visitors to Dallas at a most opportune time—just when the incomparable Texas climate is at its very best—and when they arrive here in Dallas they will find just the finest kind of a welcome and entertainment provided for them.

Unique Social

Under the auspices of the Valiant Knights of the Baptist church, a Sock Social will be held this Friday evening at 7:30

Tiny blue socks have been distributed, and those patronizing the social are asked to bring them to the rendezvous—the lawn of Mrs. Marshall Pierson—with twice the number of pennies of the size sock you wear. Music, refreshments and new games will be provided, socks will be on hand for those without. The Valiant Knights will show everybody a good time and will appreciate your presence. There will be two groups—adults, young people and Juniors—so come and bring the family.

The First Paper

When Adam's Eve began to do the housekeeping for Adam, she had no cares such as pursue the modern Adam's madam. She did not know what was the rage, because there was no Woman's Page.

She did not get a Daily Hint from Paris full of passion to start her on a daily sprint to keep up with the fashion. She did not haunt the beauty stores in order to keep open pores.

When Adam capered home at night (he was no wearied plodder!) he did not shiver lest he might be served with curious fodder. There were no papers, so you see there was no Household Recipes.

Old Adam was a happy bloke and lived a life most cheery. He did not know that he would choke some day with his bacteria. Adam and Eve had never read Health Articles to scare them dead.

Eve never went through Adam's breaks when he was sweetly dreaming, because there were no Bargain Weeks to tempt her to such scheming. The serpent thought she was a goose. She was too good for any use.

The serpent was a clever brute. Though he'd not been through college, his sanctum made him mighty cute. It was the Tree of Knowledge. "Ah!" he said, "I'll publish, free, The Daily Eden Apple Tree!"

The first edition raised a row whose scandal shocked creation. Since that first issue Adam's brow is wet with perspiration. It told the scandal, rich and rare, that Eve had not a thing to wear!—From the Mergenthaler Line O' Type News.

\$45 A TON FOR COTTON SEED \$45

There are no strings to this proposition. Simply bring in your cotton seed and we will pay you \$45 a ton in merchandise at a much less price than you can buy elsewhere. Figure what this will mean to you, 20 per cent advance on your product and a 25 per cent discount on merchandise means almost

50 Per Cent Saving

THINK OF IT

Right in the beginning of the fall season, you have an opportunity to lay in your fall and winter supplies at such a great saving. Bring the whole family and spend the day at our store. It will be the best days work for you of the whole year.

HUNT'S have always paid more for farm products than any firm in Haskell County, and now we propose to pay you unthought of prices for your products. Bring us a bale of cotton and the seed and supply the whole family for the winter, \$85 for a 500 pound bale of cotton and \$45 per ton for seed, and the goods below the present wholesale price. But this is our style--give the people more than they expect.

17c A POUND FOR YOUR COTTON! 17c

Did you ever hear of such a price for cotton? Yes, but it was in the "good old days of long ago" Times have turned back to those days and we will pay you 17c a pound for your cotton and sell you goods at a much lower price than you have been paying. If you cannot get all you want here, our Main Store, which is the most up to date store in Central West Texas will take up the balance of your ticket and give you chances at the piano.

Thousands will crowd our Store next week, yet we expect to have plenty of sales people, and keep this stock up with staples so you can supply your every need.

Be sure and be here Oct. 2nd., when the Beautiful Piano will be given away.

How to Find the Man You May Need

If you needed the services either of the best doctor, the best lawyer, the most reliable banker, contractor or dentist, you certainly would not select some unknown man to look after your wants.

You want a man with a reputation for dependable work. The man who advertises his business or profession assumes a responsibility. The responsible man is always the most successful and the cheapest in the end.

LIV-VER-LAX

All the Effectiveness, Not Effect, of Calomel.

LIV-VER-LAX is one of the most important medical discoveries of recent years. For a time medical experts, realizing harmful effects of calomel, have been striving to find a liver cleanser that would be just as effective as calomel, and yet be absolutely harmless in its action. Recently this remedy was actually put into the market by L. K. Grigsby, in his LIV-VER-LAX.

LIV-VER-LAX is a harmless vegetable compound, designed solely for the treatment of liver complaints. The immediate relief it has met with in thousands of homes is proof positive of its real value.

If you feel worn out, tired, coated and skin sallow, don't lay until it becomes dangerous, the trouble in the bud with LIV-VER-LAX. Insist on the genuine bearing the signature and name of L. K. Grigsby, which is guaranteed to give satisfaction or money refunded. For sale at Corne Drug Store.
