C of C Holds Open Meet

Haskell Chamber of Commerce president Royce Williams was very pleased with the response to the open Chamber breakfast meeting that was held Tuesday morning at 7:00 in Haskell Steak House. Purpose of the meeting was threefold, according to Williams. First, it was to acquaint chamber members with what's actually going on in the organization — both financially and actively. The finances of the organization were outlined and discussed, and every activity in which the chamber participates was discussed and outlined. Second, was to solicit new ideas, both from chamber members, and non-members. "We want to work on the programs desired by the membership. They are the ones who support the chamber, and I feel if the Chamber is doing what the people who support it prefer, then we'll have an active and successful organization," he said.

Third, was to give people who are not members a chance to attend an open meeting and see what goes on; a chance to air their views; to offer their ideas; and to hear of the financial condition of the chamber. This, in turn, gives the chamber a chance to make them welcome, and to solicit their membership and their support, for programs they desire. "The Chamber of Commerce is an organization set up to support the people who support it, and its workings are open to the public. Anyone not familiar with the reasons for its need of support can come to one of these open meetings and state their ideas," Williams concluded. "We extend an open invitation to any merchant, businessman or individual to join and become a part of an organization whose sole aim is to promote Haskell, and help it to grow."

Former Haskellite Kidnapped Friday

Marvin Hancock Jr., president of Nork Park National Bank in Dallas, was kidnapped last week about one-half block from his home. Kidnappers demanded—and got—\$50,000.00 for his release. Hancock is a former Haskell resident, and the son of Mrs. Marvin Hancock, who told us of his ordeal this week. According to his mother, he had left home for work at 8:10 a. m. last Friday and was one-half block from home at a red light when a white pickup ran into the rear of his car. When he got out to survey the damage, one of the two men in the pickup got out, pulled a gun on him, and demanded that he get back in the car and drive to the Nork Park Inn. The white pickup followed. Driver of the pickup was masked—the one who got in the car with Hancock was not. At the Inn they took him to a room, handcuffed and bound him; taped his eyes and mouth; and put a pillowcase over his head, after they had made him call the bank and tell them to put \$50,000.00 in a certain car parked behind a liquor store at the address they gave. At this point, they left him. He found later that the bank had done as the kidnappers requested, and were told to do nothing for 10 minutes after putting the money in the car. Later, a maid at the hotel got a call telling her to go to his room. When she found him, she called the police, who called the police. Hancock was unharmed. No arrests have been made at this time. Two other Haskellites work in the North Park Bank, Riley Couch, son of Mr. and Mrs. R. C. Couch Jr., and James Franklin, son of Mr. and Mrs. J. H. Franklin.

State Representative Charles Fennell To Be Honored In Hometown Dec. 6

House Speaker Price Daniel, Jr., will address a December 6th Appreciation Dinner in Haskell honoring Rep. Charles Fennell, officials of the dinner planning group announced this week. The dinner honoring Fennell will be held in the Holliday High School cafeteria at 7:00 p. m. and will involve friends from throughout Fennell's present district and counties he has represented in the past. Dinner planners also announced that ticket sales for the dinner are going at a brisk pace. Tickets at \$10.00 per person, are available through Don Talley's office and through local steering committee members. "The enthusiasm already has been tremendous," steering committee chairman Don Talley of Holliday said. "The participation of Speaker Daniel will quicken the pace, too." Talley emphasized that although Speaker Daniel will address the dinner, the program will still be "short and sweet."

Christmas Mail Urged To Be Early By Local PM

Postmaster Sam Rosser today joined Postmaster General E. T. Klassen in urging the residents of Haskell to post their domestic and foreign Christmas mail one to two weeks earlier than the Postal Service originally recommended, so that the energy shortage will not interfere with on-time deliveries. "The urgency of the fuel energy crisis compels us to request a one-week advancement of suggested dates we gave for domestic mail and a two-week advancement for foreign mail," Postmaster Rosser said. The new deadline for posting domestic first-class Christmas mail is December 8 rather than December 15, as previously announced. Domestic surface parcels, except those for Alaska and Hawaii, should be mailed by December 3, instead of December 10. To Alaska and Hawaii, mail by November 23 instead of November 30. Airmail parcels and letters within the United States (except Alaska and Hawaii) should now be posted no later than December 15, rather than December 21. To Alaska and Hawaii, mail by December 13, rather than December 20. "The seriousness of the fuel shortage to the Postal Service is underlined," Postmaster Rosser said, "by the fact that in addition to the fuel consumed by commercial air carriers, we require approximately 350,000,000 gallons of fuel to travel 2.25 billion miles delivering the 90 billion pieces of mail that flow through the system each year. Our requirement for the month of December alone is 45 million gallons."

THIS 42-YARD RUN BY INDIAN RANDY IVY set up the only Indian score in last Friday night's game against Bearcats. The Tribe lost the final district clash 13-7. John Larned, No. 68, blocked and made the run possible. (Comedy)

Tribe Beaten In Last Game

The Haskell Indians were defeated 13-7, last Friday night by the Ballinger Bearcats. The game was the last of the 1973 football season. The Tribe finished season play with a record of 6 wins and 4 losses, and a District 6AA record of 3-2.

Ballinger scored in the opening minutes of the game following a five play, 53 yard drive.

Five plays later the Tribe scored on a 19 yard pass from Tim Pringle to Robin Colbert. The big play in the 58 yard drive was a 42 yard run by Randy Ivy. Ivy's kick was good. The score remained tied until 6:38 left in the third period when the Bearcats scored their final TD. The score came five plays and 35 yards after Ballinger recovered a Haskell fumble.

The Tribe out-rushed the Bearcats 193 to 158 yards, and out-passed them 53 yards to 19. The Indians moved the ball well throughout the night but almost every potential scoring drive ended in either a fumble or a pass interception by the Bearcats. The Tribe lost the ball five times because of fumbles and pass interceptions. Both Ballinger scores came seconds after Indian fumbles.

INDIAN ROBIN COLBERT snagged this Tim Pringle pass for the only Indian score of the Ballinger clash Friday night. Colbert, a senior, has played consistently good football the entire year, and ended his Indian career in this game. Photo by Don Comedy)

The defending state champions lost their one game this season to Benjamin, who won the title this year.

Sammy Jackson led the O'Brien charge with five big touchdowns. Louis Conn scored three more; Rayland Hays added one and kicked 18 extra points, and Bert Gutierrez added the last touchdown.

The seniors on the O'Brien team wound up their career with a four-year record of 40 wins and only three losses.

THIS BIG ONE DIDN'T GET AWAY! This 17 pound yellow cat was caught at Lake Stamford recently by Laura and Charles Andress of Abilene.

Jettie Henry**

Mrs. Henry says there doesn't seem to be any problem after the first day of school. When he got home and they asked him how he liked it, all he could talk about was that good lunch at the cafeteria — they served french fries, his favorite food. The other grandchild is Patricia, 4 years old.

Mrs. Henry received her degree from Texas Tech, and started her teaching career as a 4th grade teacher at old South Ward for one year, before going to junior high math. She taught all her career here except for one year during World War II, when she taught at High School.

She is a member of the Methodist Church. Her hobbies include bridge, knitting and reading.
