Concert of Men's Glee Club

In keeping with the high standards of the staff of the high school annual, the people enjoyed one of the best public concerts of this season on last Monday evening. This concert was given by the Men's Glee Club of John Tarleton Agricultural College. The program varied from selections of Verdi's Grand Opera "Aida" to "Ford Song" by A. Flivver, thereby satisfying everybody's taste.

The Glee Club, under direction of H. Andre Schmidt, accompanied by Max Sybert Clark at the piano rendered the following program:

Boys of the Old Brigade—Club.
Reading, Selected.—J. Patterson.
Honey I Want You Now—Quartette.
Pale on the Amber West—Club.
Strolling Along—Club.
The Bill of Fare—Quartette.
Hail to Our Nature Land (March from "Aida")—Club.
A sketch was given by six actors, which proved very humorous.
"Fort" Song—Quartette.
Winter Song—Club.
The quartette, composed of C. Kay, V. Adams, T. O. Montgomery and R. Hudspeeth, was thoroughly entertaining and displayed unusual ability. The audience enjoyed the quartette back again and again.
As was stated, the Glee Club was brought here under the auspices of the staff for the purpose of financing the annual. It is well known that the Senior Class in cooperation with the representatives of under class men, are editing the first annual of this high school. Since early in the fall, they have worked faithfully on this, and under the direction of Miss Essie Tyson, are hoping to produce a first class Annual.

The staff is thankful for the support the community gave in attending, for the girls in lending the hall, and the churches for the chairs. It might be a matter of interest to know that a profit of about \$75.00 was made.

He has sown 30 acres of winter wheat and some spring oats, planted corn, maize and other feed crops for this year. He keeps standard bred horses pure bred hogs and cattle and the Silver Laced Wyandotte and Brown Leghorn chickens. BAPTIST DEDICATE HANDSOME NEW BUILDING LAST SUNDAY

In the year 1916 the Baptist of Haskell grew dissatisfied with their house of worship and under the leadership of Rev. Wm. Groom, who was pastor at that time, they launched a building campaign. When the plans were completed the contractor, J. N. McFatter, a former resident, now residing in Ranger began the erection of the building. When completed in the year 1917, the congregation with a debt of several thousand dollars hanging over them and facing one of the worst droughts in West Texas, realized they were entering a struggle that only trusting minds, generous hearts, and willing hands could win, but with a faith ever looking upward they struggled on until last Sunday, April 11, their four years of labor and sacrifice were rewarded in the dedication of their handsome new house of worship, which would cost nearly \$40,000 if erected new. As a congregation they deserve much credit, every department of the church bearing a part of the financial burden. The Ladies Aid deserves honorable mention, always coming forward with more than their share.

Dr. J. B. Tidwell of Baylor University, Waco, delivered the dedicatory sermon, which was masterful and forceful. The former pastors present were: O. W. Dean, I. N. Alvis, Wm. Groom, J. T. Nicholson, and R. A. Scanton, all of whom participated in and added much to the joys of the day. Mrs. W. S. Robertson, Mrs. F. R. Collard, and Miss Daisy Whorton, all of Wichita Falls, rendered inspiring vocal and instrumental music. Mrs. Wm. Groom gave a most helpful message in the afternoon on ladies work. The ladies of the church had a great feast of good things prepared for the noon hour and after everybody had filled themselves there were many baskets full left. Rev. Wm. Groom was chosen by the former pastors to preach at the evening service and painted the congregation to the Cross of our Lord in a most picturesque way. The Baptist pastor and his congregation were indeed grateful to the pastors of the other churches of the city for bringing over their congregations on this occasion. It was a great day of joyous fellowship.

MODERN FLOUR MILL NOW ASSURED FOR HASKELL

E. C. and E. I. Christian of Eastland County were in the city the first of the week looking after the site near the Wichita Valley Depot where they are soon to erect a modern Midget Marvel flour mill. Arrangements have been made with the American Mill Manufacturing Company to have the mill and equipment on the ground by June 1st.

When asked by our reporter for a statement regarding this new home industry Mr. Christian said: "I became interested in a flour mill for Haskell some months ago, and after making a close investigation was convinced that Haskell not only wanted, but needed a flour mill." A factory expert will be sent by the makers of the mill to superintend the construction of the mill and the installation of the machinery and nothing will be left undone to have it comply with modern milling practices.

This will be a short system mill and will convert wheat into flour in the remarkable short time of 50 seconds against the one-half to three-quarters of an hour by the long system. It is claimed that flour made on these mills is a beautiful product of utmost purity.

The mill is to be conducted on the community plan, which means that its products will be milled from home wheat and sold to home people. A corn mill and feed crusher will be run in connection with the flour mill and it is believed that the promoters will receive the hearty co-operation of the people of Haskell county.

3 Good Reasons Why

There are three very good and sufficient REASONS why you can do better at the House of J. T. Bryant & Co. than most any where in West Texas.

FIRST—Is the Quality of Goods we carry. This is easy to say, but hard for you to understand the full meaning of the phrase, unless you are one of our regular customers, then YOU KNOW. We buy nearly everything direct from the manufacturer. His name and trademark—in fact, his reputation—is behind his goods, so competition makes him put out the very best goods possible for the prices. You are "dead sure" of getting a known standard brand or make. More than twenty-five years of experience qualifies us to judge accurately good merchandise.

SECOND—We stand squarely behind our goods, and if any of them go wrong, you do not lose, for we will cheerfully make them good. You are bound to get your money's worth.

THIRD—We do only a cash business, hence you do not have to pay for bad accounts. This fact enables us to sell our goods at the very lowest price, which saves you big money in the course of a season's trading.

Christian Pastor and Family Receive Good Founding

Last Friday night the members of the Christian Church met at the Parsonage and surprised the pastor and family, by the route of a good founding. The quantity of good things brought can hardly be estimated. While a complete surprise, it was certainly appreciated beyond expression in words. Aside from the value of the things in dollars, there is a much greater value underneath it all. It is this value that makes us feel our unworthiness. Try as we do to live in such a way that we might be worthy of such kind consideration, we feel more and more our frailty and our unworthiness. There is, however, a very strengthening element in such friendship. It tends to spur us in a more determined way to do more for God and Humanity in the future than we have done in the past. We in this way wish to express our appreciation of your kindness and helpfulness, and to assure you that the expression of your love and friendship goes a long way in helping us to try harder to be of real service to others, and to pass on the same spirit of kindness and consideration that you have expressed to us. And we pray each day for more of the Spirit of Christ by which we are able to do more, be more of what God would have us be. May God bless each of you and may He make each of us a greater blessing in His service. It is the prayer of those who love you, and who are not forgetful of your love, expressed by your deeds of kindness.

Better Homes

Better homes are coming to the South.

Where poverty has stalked hand in hand with illiteracy, with poor churches, poor roads, poor farm conditions, miserable huts, women working in the fields—there prosperity is coming with its magic wand of betterment.

The American Cotton Association is the wizard to bring these better days.

Working alone the cotton growers have been for fifty years in a state of agricultural slavery. Banded together with bankers and merchants in the American Cotton Association, they will emancipate themselves and will enrich the South and the Nation.

By growing a smaller acreage of better staple; by better baling; by holding the crop in warehouses for profitable prices; by marketing slowly instead of

dumping the crop on the market suddenly; by direct selling to spinners—by these means the cotton growers will come into their deserved prosperity.

This bank welcomes the day when cotton shall be free and every cotton farmer shall be prosperous.

In the Country Gentleman dated March 27th you will read of the home betterment that is coming. (Five cents a copy on newsstands; 32 issues for \$1 a year by mail from The Country Gentleman, Philadelphia, Penna.) Read this great series of articles about the American Cotton Association.

The South has found the truth. Its prosperity for the future is assured. You will profit. The Nation will profit. And this bank hopes to share that prosperity.

Best of 22
The Eldorado Stage Co. of Los Angeles tested 22 leading makes on 12-passenger Packard buses. Not a tire was found to match the Millers in that extreme service.

Some Costly Mistakes

Men are Making on Tires

Men who buy tires on a guess, or on claims, are making some costly mistakes.

Large tire users make tests and comparisons. And the results in late years are amazing.

Hudson Taxi Co. of Detroit, for instance, made a long test on Miller Cords. And the average was 15,000 miles.

Miller dealers get hundreds to compare Miller mileage with others. And they find an increased mileage of 50 per cent to 75 per cent.

Large truck users are comparing Miller Cords, passenger type, with all others. And they are coming in large numbers to Millers.

California stage lines are using Millers after million-mile tests with many rivals.

The Way to Know

At the Miller factory over 1,000 tires yearly are worn out in tests and comparisons.

They constantly prove that Miller is the best tire built.

In extreme rear-wheel tests they require an average of 15,000 miles on Cords.

They prove that the new Miller tread outwears the best of others by 25 per cent.

Such tires should be tested by every owner of a car. See what they give you. Compare with any tire on opposite rear wheels.

Miller experts, in late years, have doubled average tire mileage. Old-times figures do not apply today.

You will fix new requirements for your tires when you try a Miller. Do it now.

ILLINOIS DOCTOR PRESCRIBES IT

Says He Has Never Known Medicine to Produce Results Like Taniae

Dr. B. H. Elder, with offices at 410 Shradski Bldg., Peoria Ill., who has been in active practice for over forty years, says:

"Medical science has never before produced a medicine that brings results like Taniae. I have been prescribing it some time with remarkable results. Personally I had suffered for years from stomach trouble and rheumatism and had devoted my best thought trying to find relief but to no avail. After eating gas would form in my stomach and affect my heart, causing poor circulation, cold hands and feet, dizziness peculiar feelings, terrible headaches and cramps. The rheumatism pained me so I could hardly stand to move my legs or arms.

"I had a patient who had also suffered for years with the same trouble as mine, and although I did all I could for him he got no better. One day, after he had been away for about six months, he came to my office and never in my life have I seen a man look better or seem to feel better than he did. He told me Taniae had brought about the wonderful change. I began trying the medicine at once with the result that a few bottles relieved me entirely of stomach trouble, rheumatism and all my other ailments. Although I am an extra hearty eater nothing ever disagreed with me any more. I have prescribed Taniae in cases of rheumatism, kidney and bladder disorders and a run down condition with wonderful results, and I feel that I ought to give my experience with Taniae to the public for the benefit of suffering humanity."

Taniae is sold by the leading druggists everywhere.

WIT AND HUMOR

See Who's Here

She—"The man I marry must be bold but not audacious; handsome as Apollo, yet industrious as Vulcan; wise as Solomon, but meek as Moses—a man all women would court, yet devoted to only the one woman."
He—"How lucky we met!"

That Unhappy Expression

"He looks to me like a man who had loved and lost."
"He looks to me more like a man who had love d and won."

Enough Said

In a certain Sunday school the superintendent, after talking for nearly an hour, made this appeal:
"Now, children, what more can I say?"

"Pleathe thir," hisped a small weary youngster in the front row, "they amen and thit down."

In Memoriam

"I presume you carry a memento of some kind in the pocket you wear?" the inquisitive wife of a clergyman asked a parishoner.

"Yes, it is a lock of my husband's hair."

"But your husband is still alive!" the lady exclaimed in considerable surprise.

"Yes, that is true, but his hair is gone."

The Performing Kind

"Are you the trained nurse mother said was coming?" said little Bobby.
"Yes, dear, I'm the trained nurse."
"Let's see your tricks!" demanded Bobby.

A Wise Investment

"Are you looking for a permanent investment?"
"Not too permanent."
"Huh?"
"I don't want to put my money in unless there's a chance to get it out."

The Old-Fashioned Way

The young hopeful of four years had been a source of continual vexation and trouble all through the meal, and at its finish a woman friend turned to the child's mother and said:

"If your boy belonged to me I should not stand so much of his nonsense at meal times. I should give him a spanking."

"But," said the mother, "you can't spank the poor little fellow on a full stomach."

"No," said her friend, "but you can turn him over."

Why He Was Exempt

"Eustus," asked an old colored parson of a sturdy-looking young negro, "how comes it dat you ain't done fined de a'my?"

"De doctors done turn me down, Pahson," replied the negro. "Dey tells me dat I got a—a—caddillac on ma eye."

Strictly Cash

Shortly after the reconstruction period began an old Southern planter met one of his negroes whom he had not seen since the liberation.

"Well, well!" said the planter. "What are you doing now, Uncle Josh?"

"I see a-preachin' 'of de Gospel."

"What! You preaching?"

"Yassah, marster, I see a-preachin'."

"Well, well! Do you use notes?"

"Nossuh. At de fust I use notes, but now I demands de cash."

A Gold Star for Lizzie

It was Sunday and Sergeant Jones was driving a bucking, one-cylinder flyover down the streets of the old home town.

"Ought to put Lizzie's name on the casualty list," called a fresh job, who was witnessing the struggle.

"Whatdaya mean?" hissed the sergeant between bucks.

"Missing in action."

How Did She Mean It?

The small boy was being reproved by his mother.

"Why can't you be good?" she asked.

"I'll be good for a nickel," he said.

"Ah!" responded the mother, "you want to be bribed. You should copy your father and be good for nothing."

The Woman's Tonic

You can rely on Cardui. Surely it will do for you what it has done for so many thousands of other women! It should help. "I was taken sick, seemed to be . . ." writes Mrs. Mary E. Veste, of Madison Heights, Va. "I got down so weak, could hardly walk . . . just staggered around. . . I read of Cardui, and after taking one bottle, or before taking quite all, I felt much better. I took 3 or 4 bottles at that time, and was able to do my work. I take it in the spring when run-down. I had no appetite, and I commenced eating. It is the best tonic I ever saw." Try Cardui.

Brazil Roads.
 Over-abundance of patience, plenty of pluck, and a large measure of stamina are the three essential qualities that motorists in South America must possess, particularly when traveling over Brazilian roads. In southern Brazil, roads are not only almost impassable most of the time, but are generally hopelessly impossible from the standpoint of touring comfort. Traversing them constitutes one of the most severe tests to which motor cars and tires can be subjected.

20c ADMISSION 40c

The Following Timely Article Has Been
 Handed Us for Publication by
 Judge Jas. P. Kinnard.

In a recent editorial in the Dallas News attention was called to the law requiring County Commissioners to be elected from four different precincts, and pointing out the viciousness of the system in that each commissioner deems it his duty to stand up alone for his precinct, and the other commissioners thinking that they must let him do as he pleases in his precinct and they will stand by him, and expecting in return that they will be permitted to do as they please in their respective districts and he will stand by them. In other words that it is too often a matter merely of "You scratch my back and I'll scratch yours."

In another editorial last Wednesday, the "News" says that the law requiring County Commissioners to be elected by districts cannot be changed at this time. But it may be we can elect as County Commissioners men who will not cultivate the pernicious possibilities of that law. If we must give, says "The News", formal recognition to the theory that every County Commissioner is the representative of the district from which he is elected, we need not permit that foolish and improvident theory to elect men who believe that they owe allegiance only to that part of the County lying within their respective districts.

The Commissioners' Court must be

made up of district representatives, it is not necessary that it should be made up of men whose visions are bounded by their districts. The "News" points out the evil consequences of the law governing the election of County Commissioners as being numerous and serious, but as not being unavoidable.

The citizens of Dallas at a recent meeting resolved to put forth as candidates for the offices of County Commissioners men, who, in handling the County's affairs will consider themselves as the agents of all the people in Dallas County and not each as the agent only of the people of a single district.

What the Dallas News says concerning conditions in Dallas County is equally applicable to other Texas counties. Men should be elected County Commissioners who are big enough and broad enough to represent the entire county, and look after the interests of all the people of the entire county.

Helgoland Legends.
 Helgoland's great staircase that ascended to the rocky heights had fairies lurking above it, according to legend. In the sixteenth century when a baby was born, its feet were battered promptly so the child would slip through the fingers of a fairy who might try to exchange it for the fairy's babe.

Steak and Creole Dressing

Salt, pepper and flour a nice steak, fry in hot grease, have ready three large onions, sliced; when steak is done fry onions until nearly done, then add one can of tomatoes; 2 teaspoons of chili powder; salt and pepper, a little water, and when well done, pour over steak.

Chicken Las

Boil the chicken until you can easily remove the bones, take a common tin, buttered; put in a layer of the dark meat; season with salt and pepper, a layer of the skin of the chicken, then a layer of the white meat, seasoned same as the dark. Proceed in this way until the pan is full, using skin between layers; take a little broth from the boiling; make a rich gravy and pour over all; bake until brown; to be sliced and eaten cold.

Puff-Ball Doughnuts

3 eggs, 1 cup of sugar, pint of sweet milk, salt, nutmeg, and enough white flour to permit spoon to stand upright in the mixture add 2 heaping tea-

spoons of baking powder to flour; beat until very light; drop by dessert-spoonful in boiling hot lard. These will not absorb a bit of fat and are not rich at all.

Swiss Eggs

Melt 1 tablespoon of butter in an omelet pan, add 1-2 cup of cream and slip in one at a time, 4 unbeaten eggs; season with salt, pepper and a small amount of cayenne. When the whites are nearly firm sprinkle with 3 table-spoons of grated cheese and cook until cheese melts, serve on buttered toast, pouring the sauce left in the pan over the whole.

Crackling Bread

To 1 1/2 quarts of meal add 1 table-spoon of salt, 1 teaspoon of soda; 1 cup sour milk; pour 1-2 pint of boiling water over 1 pint of fat cracklings cut fine, let stand until soft or cool; mix all together with hands, making a stiff dough; place in thin pones in a hot, well greased pan; bake in hot oven.

You Do More Work

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness. GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood. The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago John would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.
