## Step Lively! Corns Quit with "Gets-It"

The Great Corn-Loosener of the Age. Never Fails. Painless.

Watch my step? What's the use! I go along "right side up without care," even with corns, because I use "Gets-It", the painless, off-like-a-banana-peel corn remover. I tried other ways galore, until I was blue

in the face and red in the toes. No more for me. Use "Gets-It." It never fails. Touch any corn or callus with two drops of "Gets-It," and "Gets-It." does the rest. It's a relief to be able to stop cutting corns, making them bleed, wrapping them up like packages and using sticky tape and salves. It removes any corn clear and clean, leaving the toe as smooth as your paim. Tou can wear those new shoes without pain, dance and be frisky on your feet. It's great to use "Gets-It." "Gets-It" is sold at all druggists (you need pay no more than 25 cents a bottle), or sent on receipt of price by E. Lawrence & Co., Chicago, Ill. Sold in Haskeli and recommended as

My we are having some fine spring

Everybody seems to be busy these pretty days. Some are hauling water, some finishing breaking their land and some planting gardens.

Mr. and Mrs. V. L. Pennington of the Meyers community visited J. D. Irvin and family Sunday.

Mrs. W. C. Norton has been very sick, but we are glad to report her much better at this writing.

Rev. Sheppard filled his regular appointment at Curry Chapel Saturday night, Sunday and Sunday night.

J. T. Pennington is right sick this week with rosiola.

Mr. and Mrs. Norton of Haskell visited their son, W. C. Norton Sunday.

Mr. and Mrs. Balley of Whitman were visiting in this community Sun-

Mrs. Curry and little son, Earnest, of Jones county, are spending a few days with Mrs. W. C. Norton.

Mrs. Clarence Ashley and mother, Mrs. Price Ashley of Pinkerton spent the day with Mr. and Mrs. B. F. Cluck last Wednesday.

Scott Green and Miss Bertha Jones Cavin took dinner with Irene McCain Sunday.

There has been some few oats sown in this community since the rain and they are up and looking fine.

H. Wheeler's family sure have had a hard time with the measles, as none of them had ever had them except Mr. Wheeler. The last ones to take them are just able to be up at this writing.

Haskell Monday.

Best wishes to one and all, Sarmantha.

#### BALLEW

Most everybody is through with the German measles in this community.

We had a good crowd at Sunday School Sunday. Rev. Turnbow is to preach at Ballew next Sunday.

Mrs. Dolly Holder of Haskell visited her sister, Mrs. J. H. Cunningham Saturday and Sunday.

Mrs. Mabel Toliver is slowly recovering from a lingering spell of sickness, Prof. Linville was able to take charge

The Red Cross met Friday evening with ten ladies present. Twenty triangle bandages were made. We hope to have more present next Friday.

Mrs. J. C. Holt returned Friday from New Mexico where she has been attending the bedside of her grad son, James Patterson. She reports him slowly recovering.

Words cannot express our sorrow when we heard of the death of our dear friend, Mamye Omen. We have been knowing Mamye since they moved to the Meyers community. She attended church and Sunday School regular with her parents at Curry Chapel. was always there with a smile and kind word for everyone. We realize what a loss it is, not only to her dear parents. to the community and the church to have one of the brightest jewels plucked from our midst. We extend our heartfelt sympathy to the bereaved parents, and though we know she was taken from us here, we know she has a sweet home with Jesus.

#### BRUSHEY

We will return again after a few weeks absence to give a few dots from Brushey. We are having some real nice weather at present.

The farmers are making good use of the good weather planting their feed crops and if the cool spell about Easter doesn't get it, the fields will soon be green once more.

We are seriously in need of rain. The last rain was not sufficient for

that purpose. We are having lots of sickness in our community but it does not seem to be of a serious nature.

Old Brushey is coming alive; there was a fine crowd at preaching both Saturday and Sunday and Bro. Luther Jenkins filled the pulpit and delivered some good sermons, as he always does. There will be a Missionary Rally at

come and bring some one with you. .The school intends to have their play Friday night for the benefit of the Red

Cross. We hope the people will attend and help this worthy cause. We believe we have the best teachers in the county and everybody seems to

like them. The pupils are learning very fast. We learn that O. E. Fudge of the

# Exquisite Easter Millinery

Of all things that go to enhance feminine loveliness, chic, up-to-date millinery is perhaps the most important.

The careful consideration of all women who appreciate the distinctive touches that can be given to millinery in order to add charm and individuality to the wearer is invited in the examination of our unusual and charming display.

Hats for every occasion at a wide variety of prices. The particular demands of the women of this community have been carefully studied and we believe you'll agree with us, when you see the complete array, in saying that we have met these demands in a way never before accomplished.

# WANTED-AMERICANS!

There are 90,000,000 of us in the United States - all in the family of our own Uncle Sam.

And Uncle Sam needs money - your money - everybody's money. He doesn't ask you to give it to him; he wants to borrow and pay you interest for it.

Maybe you didn't have \$50 or \$100 to lend him in Liberty Bonds, but surely you have 25 cents. If we, all of us, buy one thrift stamp -- just one stamp apiece -- that is \$22,500,000, and if everyone of us buys \$4.12 worth - 25 cents worth from time to time for sixteen times—that's \$370,800,000.

Your pin money does help. Doesn't it?

We don't know how much money you have - how much how little. It doesn't matter, anyway. For it is getting to a point that every man-every woman-every boy-every girl-must make the business of helping win this war - the most important thing on earth.

Like the Liberty Bonds, the war savings certificates bear 4% interest. On January 1, 1923 each certificate will be worth \$5. These stamps are exchangeable at face value plus accumulated interest at any time between now and January 1, 1923.

He believes in planting and taking chances on early feed and we are sure he is on the right road and we will note with interest the outcome of his early planting.

J. W. Derr and Henry Free of Pleasnt Valley were in the city on business Tuesday. They are among the best farmers of that section and make the trip to the capital city most all the time together and some folks think they are real kinfolks; but we know they are just good neighbors.

T. C. Williams and son, J. L., of Brushey were in the city Tuesday on business. Mr. Williams reports oats up to a good stand and the farmers planting row crops with moisture sufficient to bring it up in most cases.

We received a letter from our old friend W. A. Breeden of Sagerton R. 1, telling us to place his name on the list as a breeder of the Single Comb Rhode Island Reds, and you will find his name in the list published in this issue.

Mr. and Mrs. M. S. Dotson, H. D. Billingsley, Mrs. C. C. Jones, Misses Pearl and Nellie Shelton and Miss Flossie Pinkley of Joe Bailey were in the city shopping Tuesday.

Little Miss Bettie Neal, daughter of Mr. and Mrs. C. C. Walden of Tonk Creek came over Friday to spend two weeks with her grandparents Mr. and Mrs. J. G. Walden.

D. W. Parsons of Weinert was in the city Saturday on business.

Mrs. J. R. Dinsmore and daughter of Howard were in the city Friday.

It is only natural for any woman to dread the thought of an operation. many women have been restored to health by this famous remedy, Lydia E. Pinkham's Vegetable Compound, after an operation has been advised that it will pay any woman who suffers from such ailments to consider trying it before submitting to such a trying ordeal.

Our new Spring Suits and Coats for Women and Misses with their definite decrees in fo bric, color and trimmings are delightful in their distinctive treatment.
