C. I. A. EXPERT WILL SPEAK HERE FEB. 3rd

Miss Long of the College of Industrial Arts, will be in Haskell Tuesday February 3rd.

She speaks to the High School in the morning and to the public at 3 o'clock at the Library.

Many people do not realize the wonderful educational work C. I. A. is doing. Heads of its departments are sent all over the state into the small towns and rural districts, giving lectures and demonstrations according to request. All expenses of these lectures and demonstrations are borne by the college. Mr. Brawley, President of C. I. A., believes in the education of all the people as well as the education of all the children of all the people.

The public is cordially invited to hear Miss Long at the Library at 3 p. m. Tuesday, February 3rd.

NEW STORE WILL OPEN FOR BUSINESS NEXT WEEK

O. D. Van Buskirk, manager of the new store of the Industrial Transportation Company, which will be opened in the old bank building on the northeast corner of the square, informs a Free Press reporter that they will be ready to open their doors to the public some time next week.

The opening has been delayed for several days on account of the bad weather making it impossible for the carpenters and painters to finish the building on schedule time. The building is being remodeled and treated to a new coat of paint both inside and out. The interior is being finished in white enamel and will make one of the prettiest stores in this section of the state.

Mr. Van Buskirk is very enthusiastic over the outlook for a prosperous business and promises the people of Haskell and Haskell County something out of the ordinary in the way of a grocery store.

JESSE B. SMITH ANNOUNCES FOR TAX ASSESSOR

Jesse B. Smith comes before the people this week as a candidate for the office of Tax Assessor of Haskell County, subject to the action of the Democratic primary next July.

Mr. Smith has held the office of County Treasurer for the past three years—discharging the duties of this office with marked efficiency. His work has been accurate and well done and all those who have had business with the treasurer's office have found him at all times and under all conditions courteous and obliging.

The public servant who has administered the duties of his office with honesty, correctness and dispatch, merits and is entitled to the consideration of every voter. The office of Tax Assessor is considered a promotion and for this reason we believe that the voters of Haskell County will give Mr. Smith's claim due consideration. He asks for your vote and influence during the coming campaign and election.

SINGING CONVENTION WILL BE HELD AT ROCHESTER

The Haskell County Singing Convention was to have met with the Rochester Class last Sunday, but owing to the "flu", bad weather and bad roads, visitors from other parts of the county were unable to attend. But we are reliably informed that a good singing was enjoyed despite the weather condition.

The Convention will meet with the Rochester Class at the Baptist Church the Fourth Sunday afternoon in February and it is to be hoped that the roads and weather will be so that all singers over the county will be able to attend. New books have been ordered and we trust they will get there on time.

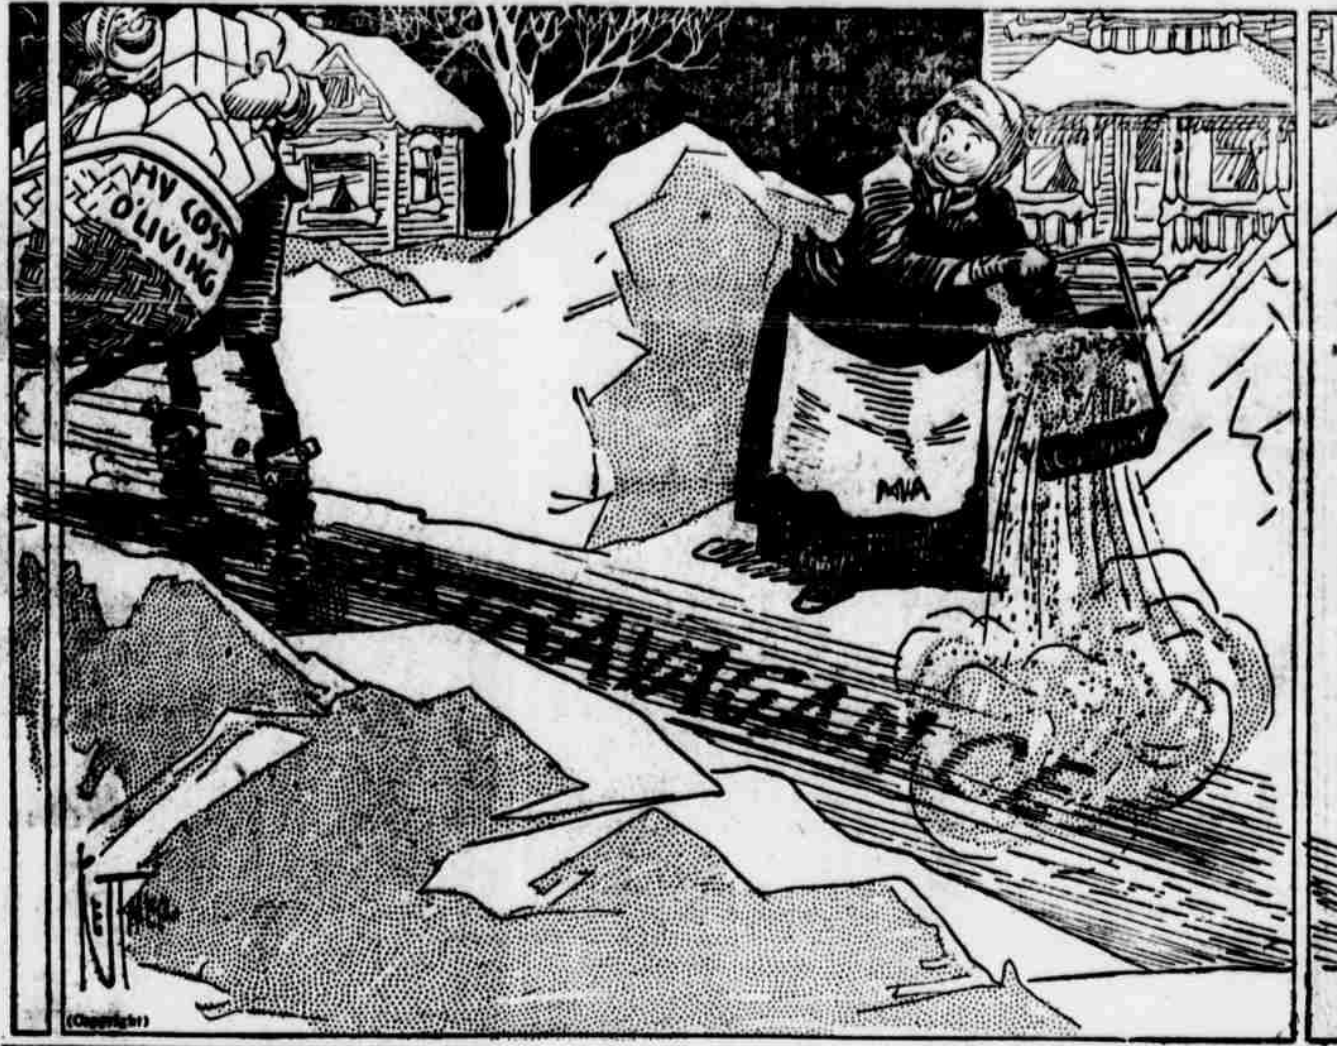

Everybody come.

NEW SHOE SHOP GOES IN NORTH OF THE SQUARE

W. M. Free and C. C. Vaughn, have put in a new shoe shop in the Nolen building, next door to the Model Tailor Shop, north of the Farmers State Bank. This shop when complete, will be one of the most up to date shops in this section. A new finishing machine has been ordered and is now in transit. A new shoe sitcher will soon be installed.

Mr. Vaughn has been here several months and his work is well known, having learned the trade in Abilene, where he has worked several years. Mr. Free needs no introduction to Haskell county people. Mr. Vaughn will have charge of the work and Mr. Free will remain with the Free Press.

One Way to Upset Him

T. H. WRIGHT OF MUNDAY BUYS ONE OF SANDERS GINS

T. H. Wright, an experienced gin man of Munday, Texas, has purchased one of the gins belonging to F. T. Sanders and has already taken over the management of same.

Mr. Wright has been in the gin business for a number of years, and thoroughly understands the business from every angle. He is very enthusiastic over the prospects for a good business for another year. Mr. Wright expects to move his family to Haskell in the near future.

W. E. WELSH ANNOUNCES AS CANDIDATE FOR SHERIFF

The Free Press is authorized to place the name of Sheriff W. E. Welsh in our announcement column as a candidate to succeed himself. We do this with a feeling that no one in the county is better qualified to fill this place than Mr. Welsh.

Mr. Welsh was appointed sheriff last December to fill out the unexpired term of W. C. Allen, who resigned. He has made a good and faithful officer. He stands for the enforcement of the law without fear or favor. He has been a citizen of Haskell county for five or six years—coming here from Bell county. He was connected with the sheriff's department there for a number of years, where he made good as an officer of the law.

Mr. Welsh asks that you give his candidacy due consideration promising if elected to make Haskell County the very best peace officer possible.

Death of a Good Man

Rule and the surrounding community was saddened Sunday afternoon when it became known that Mr. J. B. Casle had passed away at the family home in this town. He had been in poor and failing health for a long time. He was a good citizen and a devoted Christian and those who mourn for him do so in the assurance that if they live in the faith that was his chart and compass, they shall meet him again in that "Beautiful Home of the Soul." Mr. Casle leaves a devoted wife and a number of children to mourn his death. Funeral services were held at the Baptist Church Monday evening at 4 o'clock after which interment took place at Rule Cemetery. The Review condoles with the bereaved ones.—Rule Review.

Davis-Mullins

Wesley Davis and Miss Margaret Mullins, both of Haskell county, were united in marriage Wednesday, January 28, by Justice R. P. Simmons at his office. They are very estimable young people and have the best wishes of a host of friends. They will reside on a farm in Haskell county.

Mrs. E. C. Cass left Tuesday for Troy, Texas, to attend the bedside of her father, who is seriously ill.

HASKELL NATIONAL BANK ELECTS OFFICERS FOR YEAR

At the annual stockholders meeting of the Haskell National Bank which was held on January 13th, the following officers and directors were elected for the coming year:

Mrs. M. S. Pierson, President.
T. E. Ballard, Vice President.
R. C. Couch, Active Vice President.
O. B. Norman, Cashier.
F. E. Mauldin, Asst. Cashier.

The following directors were elected: Mrs. M. S. Pierson, T. E. Ballard, John A. Couch, Courtney Hunt, A. J. Conab, Hardy Grissom, and G. W. Waldrop.

ROBERTSON BROS. CO. CHANGE TO R. V. ROBERTSON CO.

The firm name of Robertson Bros. Company was changed the first of the year to R. V. Robertson Company, R. V. Robertson taking over the interest in the business of his brother, John E. Robertson, who has been making his home in Mineral Wells for several years.

The company has been a corporation during the past, but will be changed to an individual partnership. However, the business will be under the same management and conducted along the same lines as heretofore.

Mr. Robertson states that he is planning to make a number of improvements in the arrangements of the store during the year and will also add several new lines to the stock.

School News of the Week

Mrs. Ed Robertson has been suffering with the "flu" and has been kept at home several days during the week but we are glad to learn that she is improving and will soon be able to look after the duties of the office. However Miss Ruby Aycock has looked after the office and kept the records straight while Mrs. Robertson was away.

All the schools have secured teachers for this term except Hutto, Powell and Center Point, who have not been able to find suitable teachers, although the Hutto school has a teacher in view and doubtless will open the school in the near future. Mrs. Ed Robertson has done all in her power to aid the trustees of the school over the county to secure teachers and her efforts have been crowned with success in most cases.

All the schools have made bonds for: Free text books and the books will be supplied as fast as they can be received from the state.

The schools over the county are crowded to their utmost capacity because of the emigration to Haskell county, but the teachers are doing their very best to class them properly and do the best part by the pupils possible under the circumstances.

B. M. Hicks of Rochester was over Thursday and handed us a few bones for a year's subscription to the Sun-h's Special. Thanks, to our friend, Mr. Hicks.

TWO AND ONE HALF MILLION ON DEPOSIT IN BANKS

The official statements of the banks of Haskell County which were published recently showing the condition of the banks at the close of business on December 31st, shows some very interesting facts regarding the financial condition of the country. Especially the individual deposits which exceeds all records made in the history of the county. The following amounts are shown to be on deposit in each town in the county.

Haskell	\$1,065,362.85
Rule	648,937.18
Rochester	411,538.37
Weinert	177,252.67
Sugerton	136,539.50
O'Brien	91,332.28
Total	\$2,531,062.85

COUNCIL WILL ORDER CLEAN-UP DAY SOON

The City Council will order a Clean-Up Day for the city at an early date. Mayor Hunt states that plans are under way for a general clean-up of the city and the proclamation will be issued as soon as the weather is favorable. The day will probably be set for next week—but in the mean time you are requested to clean up around your premises and not wait until regular clean-up day.

AMERICAN YEOMEN WILL HOLD CLASS ADOPTION

Haskell Homestead No. 4480, American Yeomen, will hold a class adoption next Tuesday night, February 3rd. Something like 75 candidates will be initiated.

Dr. Chas. F. Smith, Chief Medical Director, of Des Moines, Iowa, and A. Morgan Duke, State Manager of the organization, of Dallas, will be present on the occasion and a big time is expected.

ACCEPTS MANAGEMENT OF WELLS GREENHOUSE

Mrs. Fannie Parish has accepted the management of the Wm. Wells greenhouse and will make several improvements in the plant with the view of furnishing the public of Haskell and surrounding country with cut flowers at all times.

The change was made necessary on account of Mr. Wells being unable to devote his time to the work for the reason the furniture business was increasing so rapidly that the store needed all his time and attention.

JONES COX COMPANY BUYS FUNERAL CAR

Jones-Cox and Company have purchased an up-to-date funeral car which will be added to the undertaking department of their business. The car was shipped from Dallas the first of the week and is expected to arrive in the next few days.

Wichita Falls Man Will Attend Poultry Trade Days

J. C. Philo of Wichita Falls, for many years with Purina Feed Mills of Fort Worth, has promised to be in Haskell on Saturday, the 6th of March during the Haskell County Poultry Trade Days which are to be held Friday and Saturday, March 5th and 6th. Every poultry breeder and everybody is urged to be on hand. Mr. Philo will tell us more about how to feed and care for poultry than we could learn from any other source. Don't miss this opportunity. It will not cost you one cent to get the information it cost this man years of study to learn. Bring your poultry and put on exhibition on the above dates. Let's get the machinery in motion for a poultry show this fall that will be the best ever pulled off in West Texas. The poultry interest in Haskell county is growing. Our other Poultry Trade Days told the story. You will miss something if you are not there at the March Show.

J. D. Brumbelee of Wichita Falls is visiting relatives in the city and his father, I. N. Brumbelee of Gilliam, this week.

These Tires Are a Revelation

The Brunswick is frankly a combination of the best in tire building.

There is one tread that's supreme beyond question. And that is now on Brunswicks.

There is one side-wall construction, which, by every test, holds the summit place for endurance. And that one was adopted for Brunswicks.

Fabrics differ — up to 30 per cent — in their strength tests. On Brunswicks the maximum long-fiber is the standard.

There are certain additions, each one expensive, which add vastly to tire mileage. The Brunswick embodies all these extras.

There are no patents, no secret formulas to prevent any maker from building the best. It is simply a question of knowledge and skill — cost plus care.

Brunswick standards are known the world over. The very name certifies an extraordinary use. Yet Brunswicks cost no more than like-type tires.

Buy ONE Brunswick. It will prove that a better tire cannot be bought, regardless of price.

W. T. Derry of Wilbourn was in the city Tuesday and made this office a pleasant visit. Mr. Derry is one of the best farmers of his section. He gives special attention to things pertaining to the farm. He is progressive in every line. His hogs are registered names and horses standard bred. He is also a breeder of the Silver-laced Wyandottes and White Leghorn chickens. We always get an inspiration when this good man drops in to see us.

Sleeping on a Sealy Mattress Is Like Sleeping On A Cloud

What a friend is a man's bed! After the toil and care of a long, hard day, or when one's very bones ache from too much play, what luxury it is to feel the gentle softness of a bed! And always the vital factor in the bed is the mattress it bears.

The Sealy is made of pure, white, long staple cotton, woven in a single bat, and is guaranteed not to lump, or get out of shape.

We have a variety of tick patterns, and one to suit you. A Carload of Hercules Buggies are in and going fast.

PE-RU-NA

THE REMEDY FOR EVERYDAY ILLS

"I have used Pe-ru-na for years in cases of colds and catarrh. The results have been good, in fact, more than you claimed. Have also taken Lacupia and can easily say it is one of the best blood purifiers I have ever used."

Mr. J. F. Arendt

For Catarrh and Catarrhal Conditions

The evidence of one man like Mr. Arendt is more convincing proof to you of the merits of Pe-ru-na than any written words of ours. For fifty years Pe-ru-na has been the standby of the American family for diseases due to catarrhal inflammation of the mucous membranes lining the organs of the body. Thousands, like Mr. Arendt, have proved the effectiveness of Pe-ru-na for coughs, colds, nasal catarrh, stomach, bowel and liver disorders or any disease characterized by a catarrhal condition. If your suffering is the result of a catarrhal disorder try Pe-ru-na. It is a true, tried medicine.

Common-Sense for Corns, "Gets-It"

The Great Painless Corn Loosener. Simple as A. B. C. Never Fails. If you have ever tried to get rid of a corn by bandaging your toe with bandages, or by using salve that made your toe red and almost

raw, or tried to drag your corn out with a knife, there will be a surprise waiting for you when you use "Gets-It." Imagine peeling your corn off gloriously, easily and painlessly, just like peeling off a banana skin. Well, that is what happens when you use "Gets-It." There is nothing else that will give you this same result. Millions of folks have had the same blessed experience. Why suffer and suffer, limp, and spoil a good time for yourself and your friends, or your peace of mind while trying to attend to business? Use "Gets-It," the simple common-sense way. "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. MFD by E. Lawrence & Co., Chicago, Ill.

NEWS ITEMS FROM KNOX

CITY AND VICINITY

Considerable changes are being wrought in our town and vicinity by the selling out and moving out of a good man of our old citizens and the moving in of new ones.

Tucker Brothers, one of the mercantile firms of our town have sold out and gone out of business, and it is also reported that Baker-Bryant-Link Co. are moving soon to the oil field, which will make a good opening for some good substantial merchants, as there is no better farming country in West Texas than Knox City country and the trade of Knox City covers a large territory.

We have quite a lot of cotton yet in the fields to be gathered, especially holes to be pulled. The shipping blockade is opening up some, and some cotton has been shipped out recently.

Land in and around Knox City has recently been selling for \$65.00 to \$75.00 per acre and a good many places have changed hands at those prices. We have good schools and churches, a splendid sanitarium, two splendid physicians, two good drug stores, but as two of our strongest merchants are leaving we are going to need some good all around merchants to handle the immense trade of this town and country.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

FOR SALE

A ranching proposition, everything included. Land, cattle, horses, feed and implements. 320 acres improved \$8.00 per acre bonus—640 acres well improved leased, more available. 127 head cattle and 14 horses. See or write

AT REST BENEATH FLOWERS

Beautiful Conception of "Garden of the Brave" Above the Heroic Dead in France.

That was a beautiful and moving conception of Sir John Fraser's spoken at the Pilgrims' luncheon that the burial lands of the war in France should be made gardens of flowers. In his eloquent words:

"I would like to see—and I do see sometimes in my vision—the flowers of America growing over where lie so many of your gallant sons.

"I know there will be mighty stretches of fleur-de-lis marking the sleeping place of 1,500,000 brave Frenchmen. I would like to see the blooms of Belgium nodding over the graves where brave Belgians sleep, and I know that out there I would like to see a mighty avenue of maple trees, all glorious with their crimson and with their gold, telling the place where the Canadians rest, and there will be mighty masses of the wonderful Australian wattle showing where the Australians are sleeping; yes, and I know that out there, too, will be great sheaves of green, the shamrock coverlet for the brave Irish; and there will be roses everywhere, the white rose and red rose, the roses of Old England, of Lancaster and of York, telling where 500,000 brave Englishmen lie.

"Perhaps out in that Garden of the Brave I would come across stretches of heather, beautiful gold-purple heather. I would know there were Scotsmen buried there. There would be playing—I would hear the sound of the pipes, for the pipes always play where dead Scotch soldiers lie; that is the vision that comes to me."

There would be many American symbols to join the puegan—goldenrod, California popples, the wild rose, among the rest. Certainly no more glorious and fitting memorial could be imagined than such fields of mingled beauty.—New York Tribune.

Regular Hours Now.

"Judge, he hasn't worked for about six months," testified an elderly woman in an Indianapolis court recently. She was testifying against her son, age seventeen, who had been arrested on a charge of vagrancy.

"How does he spend his leisure time?" asked the prosecutor.

"Sleeping," was the reply.

When the boy took the stand he denied that he had been out of employment for six months and said his mother had erred as to the length of time, as the last work he did was "about four and one-half months ago."

"How many hours a day do you sleep?" asked Judge Pritchard, to which the defendant replied that he didn't sleep all the time, but just when he felt like it.

"Ever been in jail?" said the judge.

"No."

"Well, they have regular hours over there and I believe regular hours plus a few days' work on the roads will do you good. I will fine you \$15 and costs, and you can pay it out in jail."

No Wonder.

At a recent county institute in Indiana one of the teachers made an announcement. At the close she said: "If any one has any objections to this plan of mine let him do as the Bible says: 'Either speak now or hold his peace forever.'"

A little teacher, whose years in the schoolroom numbered 31, stalled slightly as she turned to the person next her. "That isn't in the Bible, is it?" she asked, and then finished: "It does sound familiar, but not exactly as if it came from that book."

This person laughed. "Why, that's from the wedding ceremony," she replied.

The little teacher was quick to retort: "No wonder none of us here recognized it then," she laughed.

Signaled for Fifty-Six Hours.

It is the eternal vigilance of the sailor or of our ships, his undying faithfulness to duty, his steadfastness to his detail, his bound-to-win spirit that has made him the man to be counted on every time and all the time.

There was a young man serving as a signal man on a ship that had gone aground. With his waving flags he was talking the silent language of the ships, calling for help. The lives of hundreds of men, the safety of his ship depended on him.

For 56 hours of unbroken duty—seven ordinary working days—he remained at his post, scanning the sea and with unerring skill handling his signals.

And he was a country boy—from Oklahoma.—Great Lakes Bulletin.

Couldn't Find Him.

Japanese bellhops at a Seattle hotel are polite. In fact too polite to ask a gentleman to repeat anything when he speaks to them. So when a busy clerk said, "Boy, sign light," meaning to turn on the lights in the front of the building, the boy rushed to the counter, picked up a tray with a card on it and went through the lobby and dining room crying: "Mr. Signlight, Mr. Signlight. Call for Mr. Signlight."

He reported that "Mr. Signlight" could not be found.

Could Do No More.

Private Isaac Mycroft of the Leicestershire regiment, who has recently been reported killed, was wounded six times and gassed once. This is all that is known of Private Mycroft's record in the army, but it is enough. Six times wounded and six times patched up and sent back into the firing line, and at last to die, still fighting—surely no man could do more!—London Times.

Mrs. Morrison Says She is Well and Happy After Taking Tanlac

"I wouldn't give one bottle of Tanlac for all the other medicines in Ensley and Birmingham put together," said Mrs. J. D. Morrison of 314 25th Street, Ensley, Ala.

"Three years ago," she continued, "I lost my health had stomach trouble of the worst kind and just seemed to go into a slow decline. I lost my strength, never knew what it was to get a good night's rest and was a nervous wreck. I suffered also from biliousness and constipation and was never free from pain. I was taken to the hospital for an operation, and when I was taken home afterwards I weighed only sixty-six pounds and was so weak it looked like I would never recover.

"After trying everything else that was recommended to me without getting any better, I decided to see if Tanlac would help me. While on my second bottle my appetite picked up and I began to improve. I kept on with Tanlac and soon was able to eat whatever I wanted without having any unpleasantness afterwards. My nerves became quiet so I could sleep at night and my weight increased thirty-three pounds. I am now doing all my own housework and nothing seems to hurt me at all. I believe I owe my life to Tanlac and never expect to be without it."

Tanlac is sold by the leading druggists everywhere.

"MICKY"

For over a year we have heard and seen the name "Mickey." We have asked people a thousand times or more where it originated and what it meant and now the answer has arrived—it is "Mickey" the big Mack Sennett special comedy that will show at Dick's Theatre for two days commencing Friday, February 6th. Now that the suspense is over something should be told concerning "Mickey." Mack Sennett claims it is the funniest and best play he ever made since his first days in the motion picture industry and that is some mouth full for Mack Sennett. "Mickey" is the name of the heroine, played by the rainbow girl, Mabel Normand. We see her in every sort of role from that of a modern Cinderella and drudge to that of queen of the ballroom. But after all Mickey is a lovable harum-scurum tomboy, who gets into all sorts of scrapes that make you laugh at her and cry with her in an instant. Whether with old Joe, her foster father and her foster mother Minnie Ha Ha in the mining camps, or later with her aunt in the city, she finds a place in the heart and holds on until the very last scene. There is always an atmosphere of reality predominant and not a dull moment in the entire film. Every conceivable form of clean amusement that motion pictures provide with the sole exception of war is used in the production and Mack Sennett adds another feather in his cap through his able direction. But Mabel Normand isn't the only star in the play, there are many, many others, some of them the most prominent personages of the screen.

FORDSON TRACTORS

The big crop has required so much time to gather that farmers generally are behind with their plowing, and as a result the work necessary to put land in condition for another crop will require speeding up as much as possible. The high prices prevailing now and promising to continue for some time at least, make it all the more important that farmers take advantage of every available help possible. This is where the tractor comes to your relief. It is an economical power. You can use it now for flat breaking or for listing, later for planting and cultivating, and with some of the crops for harvesting. Why not get one now while you are able and in time to help you along with another big crop at high prices. Let us furnish you a tractor with a plow, tandem harrow, and lister. If you handle them properly they will make you money. We have already furnished a number of these. Here ready for you now.

Haskell, Texas, January 31, 1929.

Mr. and Mrs. R. P. Glenn and little daughter, Miss Ruby, returned last week from San Antonio, where they went to visit their son, Clifford R. who is in the Base Hospital at Fort Sam Houston. Clifford was one of the first to go overseas from Haskell and was in active service for over a year. In July of last year, just one day before his company was to leave for the United States Clifford was injured in a motorcycle accident near Rouffort, France, suffering a broken leg. He was kept in a hospital in France for some time, then sent to Fort Sam Houston. His leg has almost completely healed and he expects to be discharged and return home within the next month.

Hounds Catch Wolf in 20 Minutes

C. O. Scott, R. C. Lowe and A. L.
Tyler of Gilliam report their famous
Walker Hounds catching a large coyote
in a twenty minute race. The coyote
was noticed walking leisurely across
Mr. Scott's farm when he was spied by
the hounds, who immediately gave
chase, which ended in disaster for the
intruder before the boys, who were only
a short distance behind the dogs when
they caught the wolf, could reach the
scene the coyote had ceased to struggle
and had breathed his last. These hounds
have been so successful here of late
the coyote that saves his scalp has got
to go some.

Will Harrell of Foster was here sev-
eral days this week and he handed up
the price of a whole year and had
money left. Thanks.

S. W. Vernon Moves to Spur

S. W. Vernon of the Pinkerton com-
munity who has been a resident of
Haskell county since the year of 1885
moved his family to Spur, where he
purchased above 400 acres of excellent
farm and ranch lands. Uncle Sam, as
he is familiarly known, expects to make
his future home in Dickens county. We
regret to give up this good family after
so many years sojourn among us, but
we wish them all prosperity and happi-
ness the world holds in store, and we
commend them to the good people of
their future home. The Free Press
will make a weekly visit to Mr. and
Mrs. Vernon and tell them the news of
Haskell county.

West Texas Real Estate Company

TAHOKA, TEXAS

The best farming section in Texas. Plenty of good water; lots of undeveloped cheap land. Good schools, churches and roads; delightful climate. Can sell you land in blocks ranging from 40 to 10,000 acres. We also have some well improved farms and ranches for sale. We refer you to the First National Bank at Tahoka, Texas, as to our integrity. Write or see us for our list if interested.

Mr Wheat Farmer

Did you know that five bushels of No. 2 Wheat gets you a barrel of guaranteed flour, or six bushels gets a barrel of flour and one hundred pounds of bran and shorts or five bushels and \$2.50 cash gets a barrel of flour and one hundred pounds of bran and shorts on exchange?

Figure this and you will find that you can save a very handsome sum on your flour and feed by exchanging with us.

A good way to save time and have fresh flour is for several neighbors to take time about in coming to mill. You take your wheat this time and bring flour for your neighbor, and he the next. In that way each one would only have to come to mill once or twice a year.

We are always glad to serve you.

Sunday School Sentiment

We are striving to create in this community the "Sunday School Spirit". Believing that we have one of the best Schools in all this country, we invite you to join forces with us. Going to Sunday School is a habit, and a good one. Staying away is also a habit, but a bad one. You will enjoy having a part in this great work, if only you get started.

When you come to our Sunday School we want you to feel that you are taking an active part in a great work. We promise you something to do.

Baptist Sunday School

O. B. NORMAN, Superintendent

Albert Glenn, who recently moved from Oklahoma here, called at this office before he had lived in the city a week and had his name placed on our list among our many readers. There is no better test of citizenship than the interest shown by Mr. Glenn in county and state than to become a reader of the county paper in which you live. Nothing can acquaint you with conditions more accurately.

Mr. and Mrs. A. J. Jarman of O'Brien were in the city Thursday. Mr. Jarman has begun plowing for this year's bumper crop, and says things look good for the farmers up his way.

NEWS OF THE WEEK FROM THE HOWARD COMMUNITY

The first two days of the week were taken advantage of by all people in different ways, and the weather took advantage the rest of the week.

There are some sick folks in nearly every family of this vicinity, and Louise Nanny, son of Mr. John Nanny, has a case of the pneumonia. We wish for him a speedy recovery.

Mr. and Mrs. John Tidwell of the Weaver community have moved into this community. We are glad to have them with us.

The singing at the home of Mr. and Mrs. Montgomery of the Whitte vicinity was attended by a few of this community and they all report a nice singing.

The school at Howard has started again with Mr. Meredith of Welnet as our teacher, to whom we wish success with the school.

Burl Porterfield of Weaver, and Al fouse and Henry Novak visited at the Dismore home Sunday afternoon.

Gordon Larned and family, who have been residing in this community moved near the city now.

A group of young folks spent Sunday evening with Mrs. Novak and enjoyed Virola music.

Frank Underwood and family moved on the Lee Medford place, and Mr. and Mrs. John Kuestler and Phynnie Davis of Post will move on the place where Mr. Underwood has been residing.

A small crowd enjoyed themselves at the "42" party that was given by Mr. and Mrs. A. L. Cox last Saturday night.

Anderson Landess has purchased a new Ford car.

W. L. Cox has gotten a family of W. L. Cox has gotten a family of negroes to help him work his farm the previous year.

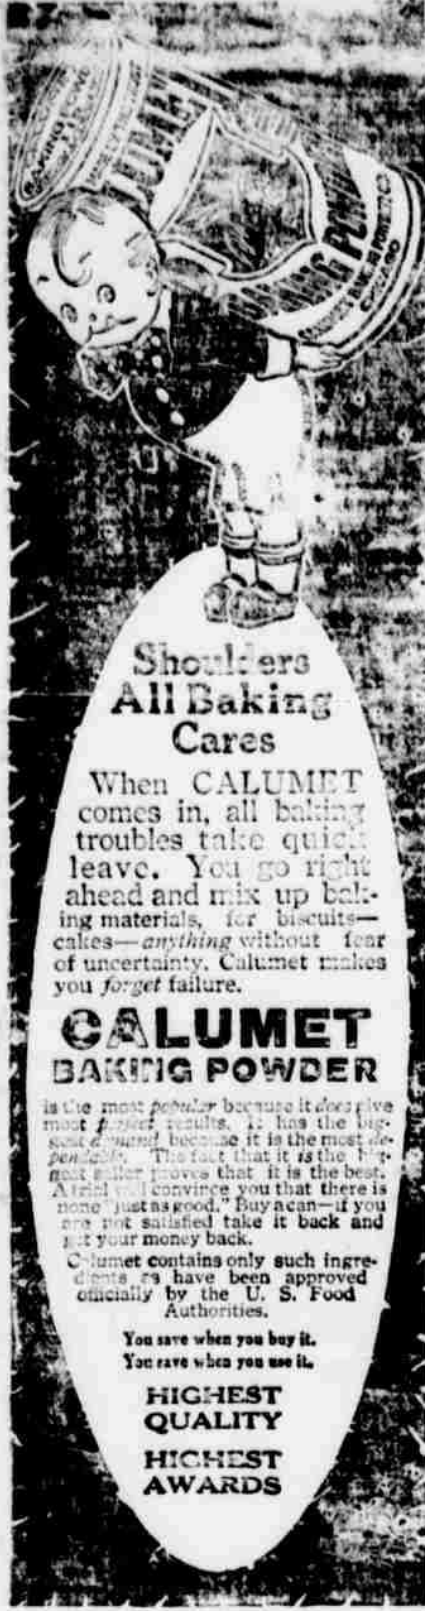

Mrs. D. G. Landess of this vicinity is visiting her brother near Swenson. Buffalo Bill.

Ancient Papermaking.

The art of making paper from mulberry bast is said to have been invented in China in the second century B. C. Afterward bamboo shoots, straw, grass and other materials were also used. The manufacture spread to the adjacent countries.

Revival of the Troubadour.

The troubadour is imagined as a long-haired creature with a big nose. But the real meaning of the word is one who "troubad" his own song. In Provence the word is spelled "troubador" or "troubador." It comes from the verb "troubador" to trouble.

ITEMS OF THE WEEK FROM PLEASANT VIEW

The weather still continues to be bad although the sun is shining at this writing for the first time in several days.

Bro. Bateman didn't get to fill his regular appointment Sunday on account of the bad weather.

Miss Summerville and Miss Killian were forced to close their school at this place for a few days on account of not having any coal, but maybe they will be able to get some coal in a few days.

Myrtle Griffith has moved his family back to this community again.

Will Price has moved back to this community, and will occupy Mrs. Dahl Richardson's place. We are glad to have them back with us.

Palmer and Ora Watson spent Saturday night with Mr. and Mrs. W. T. Ford.

Hugh Ford and wife spent Friday at Haskell Thursday.

W. T. Ford has bought a few fine Holstein cattle and some Red Duroc Jersey pigs. Guess he intends to raise some fine stock.

Mr. and Mrs. Dye spent the day with Mr. and Mrs. W. T. Ford Sunday.

B. J. Gains is getting ready to build a new house on his place near this community.

The box supper at the school house was well attended, the boxes bringing something over \$200.00. The proceeds will go to buy some library books for the school.

Essie and Palmer and Miss Ora Watson of Monday spent Sunday night with Hugh and Bertha Ford.

There is very little sickness in this community at this writing.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 80c per bottle.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes:

"From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

TAKE

CARDUI

The Woman's Tonic

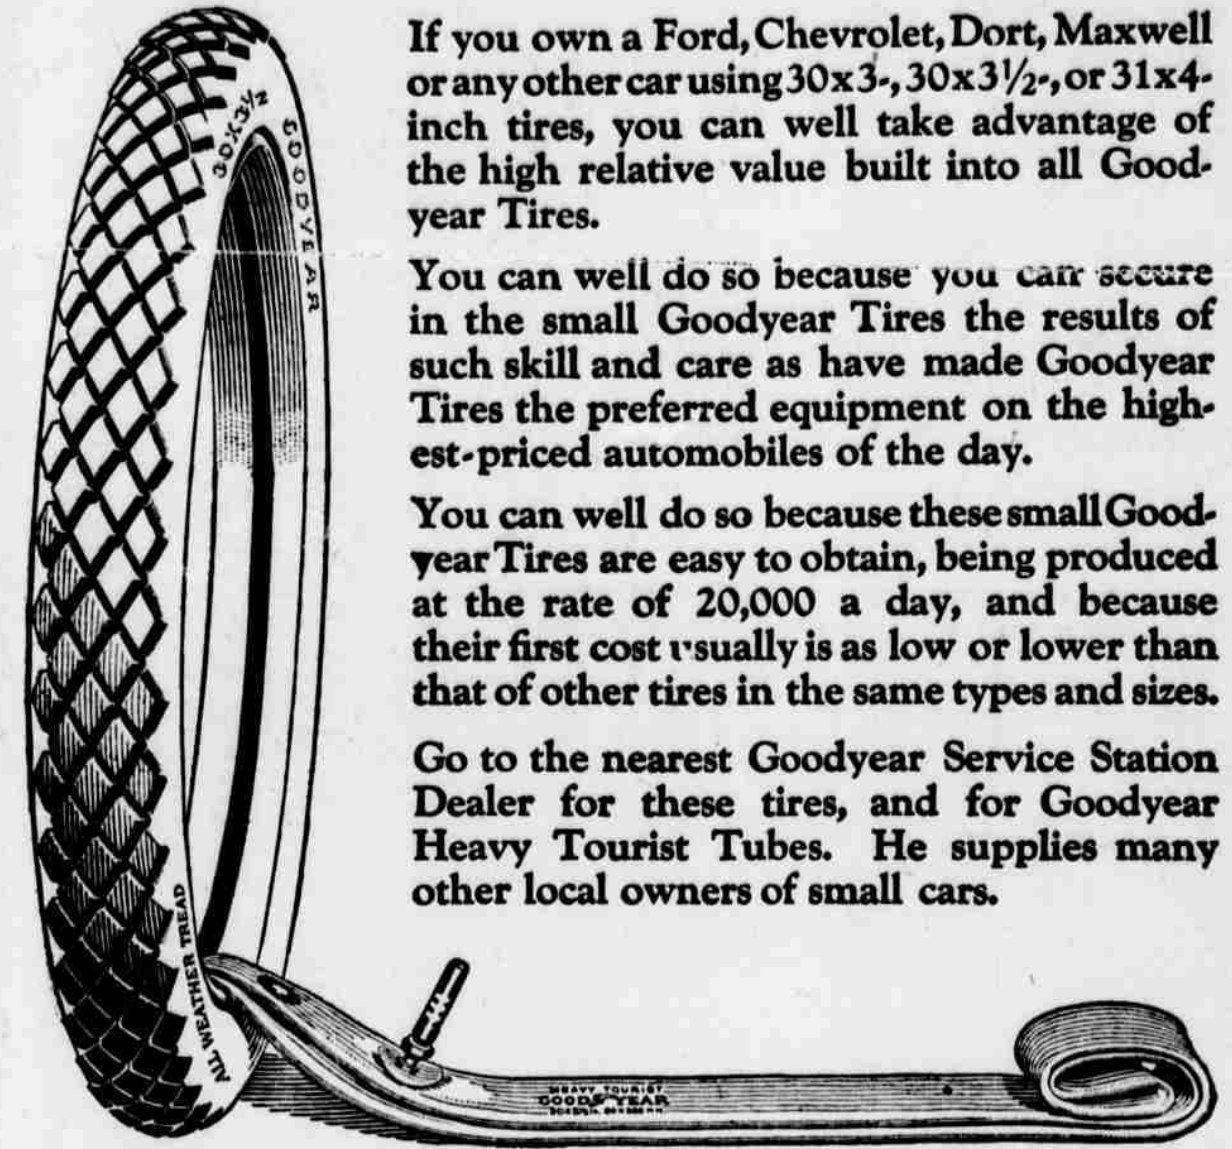

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . ."

"It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

Equip Your Small Car With Goodyear Tires

If you own a Ford, Chevrolet, Dort, Maxwell or any other car using 30x3-, 30x3 1/2-, or 31x4-inch tires, you can well take advantage of the high relative value built into all Goodyear Tires.

You can well do so because you can secure in the small Goodyear Tires the results of such skill and care as have made Goodyear Tires the preferred equipment on the highest-priced automobiles of the day.

You can well do so because these small Goodyear Tires are easy to obtain, being produced at the rate of 20,000 a day, and because their first cost usually is as low or lower than that of other tires in the same types and sizes.

Go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He supplies many other local owners of small cars.

30x3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$20.00

30x3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in water-proof bag \$3.90

Vegetable Leather.

The Japanese grow a plant which furnishes a sort of vegetable leather. It is a pretty shrub called the "mitsumata," and its inner bark, after going through certain processes, is converted into a substance as tough as French kid, so transparent that one can almost see through it, and as smooth and soft as calfskin.

THE UNIVERSAL CAR

Every Ford Owner Should Know

Just what Ford service is, and why it is different from ordinary garage service. The Ford Dealer is a part of the Big Ford Family. He carries a large stock of genuine Ford parts for repairs and replacements, and he uses only genuine parts because he knows the imitation parts aren't dependable.

He has a thoroughly-equipped, up-to-the-minute garage with tools that enable his Ford mechanics to efficiently and properly make any repair—from a minor adjustment to a complete overhaul.

Now, we are Authorized Ford Dealers—a part of the great Ford Service organization which was formed chiefly to put within each community a dealer who would have more than a passing interest in Ford repairs and adjustments. Drive in or phone and we'll come for your car.

RED STAR

Detroit Vapor Oil Stove

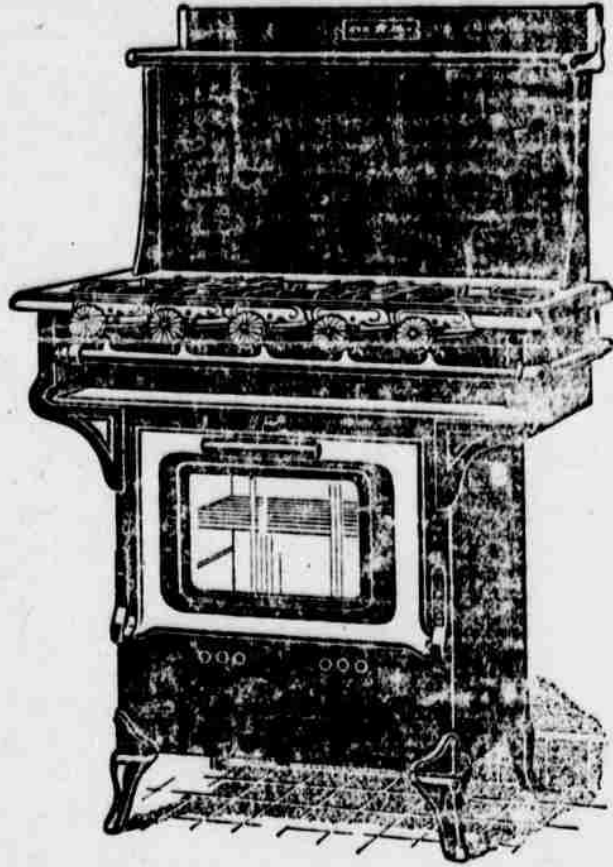

The Red Star is the stove that became world famous as the Detroit Vapor Oil Stove.

Its success is due to many superior principles of construction.

Especially to its patented 8 1/2-pound "double-flame ring" burner. The burner that produces an intense, even heat directly under the utensil and consumes all the disagreeable gases and fumes of cheap kerosene. Requires no wicks or asbestos rings.

It makes possible, for the first time perfect vaporization of all the heat units. Cheap kerosene may be used with astonishing results, and at a great saving in operation. Each gallon of oil gives an average of 19 hours of cooking and baking heat.

If you are not familiar with the wonderful "Red Star"

Range come or telephone to our store for a demonstration. Let us show you why it is the safest, cleanest, most economical oil stove ever made.

People of Villages of the Ukraine Hold Peculiar Celebration on Resurrection Sunday.

The Ukraine is the richest and most thickly settled district of Russia. Travelers will remember it as a plain of never-ending wheat fields, a land of silent, friendly peasants, of colorful dress and curious folk customs. Large cities are few, but there is a village every few miles.

The people of the villages, and even the more enlightened folk of the cities, have retained some traditional observances peculiar to the land. One of the most curious of these was a part of the celebration of the Greek church holiday, Resurrection Sunday. This date was up to a few years ago the occasion for a municipal, free-for-all fight in many Ukrainian cities.

The people of the city were divided into two camps. Sometimes the city was divided into halves; more often the division was made into the true urban dwellers on the one hand, and the suburbanites on the other. All the able-bodied men, and still more enthusiastically, all the small boys, poured into the streets for battle. No weapons of any kind were used; even sticks and clubs were barred. Fists were employed freely, however, and any man could get literally all the fight he wanted.

The combat sometimes raged all day. Any time some combatant had "enough," he needed only to indicate as much, and the crowd was bound to part and let him through. He was then barred from further participation. The battle sometimes ended with one party or the other driven from the field, but usually the decision was a draw and nothing but a collection of bruised knuckles and sore heads remained to show for it.

The origin of this custom has given rise to considerable speculation. It is probably due to the fact that the Ukrainians were for centuries a fighting people. In the middle ages they were continually involved in petty warfare with the Cossacks and the Tartars. When the "balance of power" peace descended upon Europe, they seem to have turned instinctively to warlike sports to keep alive the fighting spirit among the people. In view of recent developments, the recourse would hardly appear to have been a success.—Chicago Daily News.

War Activities of Geological Survey.

The special training of the geological survey engineers made them available for effective war service both overseas and in this country. The large amount of technical data collected through the years by the geological survey was found to possess a value not anticipated, and the official machinery organized for scientific investigation of the subjects within the geological survey's province was also utilized in the more intensive inquiries required as such industrial or military need arose. The increase in the geological survey's representation in the army from 61 men at the beginning of the fiscal year 1918 to 322 at the end of the year (462 on November 11, 1918) necessarily involved a serious reduction in the man power available for other contributions to war work. Yet it is believed that both in variety of scope and in volume of results the war activities under direction of the geological survey, department of the interior, were more important during the closing months of the year than ever before.

One of Twain's Heroes.

One of Mark Twain's famous "bad men" wasn't bad at all, according to those who were well acquainted with the character. In the book "Tom Sawyer" "Injun Joe" is a half-breed renegade who murdered Doc Robinson while helping to rob a grave to get a body for the dissecting table.

But the old people of Hannibal declared "Injun Joe" was a kind-hearted negro who had been a slave, and that he had never done a real mean thing in his life except to aid and abet Mark Twain and his pals when they played hooky from school and went to the river, says an exchange. Then "Injun Joe" would row the boat for them and take them to some good "fishing holes." But bad he was not.

When someone told him Sam Clemens had "put you in a book," and showed him the ferocious picture labeled "Injun Joe," the real character "grinned from ear to ear" and was proud of it.

Remarkable Gipsy Funeral.

Jazz funeral music and three mourners signaled the funeral procession of a gipsy at Adelaide, Australia, recently. In front of a photographer's the cortege halted while the body was snuffed in its coffin. Then the march was resumed with a crowd supplementing the three tearful ones. The high cost of wines prevented the sprinkling of champagne and wines into the grave, but perfume was substituted to conform, as nearly as possible, with the gipsy custom. Fingers of the body were literally covered with diamond rings, and several hundred dollars in coins and bills was tossed into the coffin.

Well Known in the Fraternity.

One of the first men a young sergeant ran into after having been transferred from one camp to another was a fraternity brother from his home town. During the conversation the sergeant spoke of having met another fraternity brother at his former camp and asked his friend if he knew him. "Know him! Well, I should say I do! He owes me \$125." Another soldier standing near whom neither of them knew said: "I know him better than that. He owes me \$200."

THIS LETTER

Is Self-Explanatory—

Little Rock, Arkansas, Jan. 27, 1920.

Mr. O. D. Van Buskirk,
Haskell, Texas.
Dear Mr. Van Buskirk:

Information has reached me regarding propaganda circulated in your division and while the writer does not attempt to trace the source, can assure you that there is no grounds for such complaints and that it is a fact that Bradstreet Company and R. G. Dun & Co., Little Rock, are qualified to furnish a substantial report, which is entirely satisfactory on this company, besides this, reference can be had thru the Southern Trust Company, Little Rock, regarding the successful operation, as well as the value of our packing plant here; reference from the American National Bank, Shreveport, regarding the successful operation of our entire Shreveport Division, which takes in several towns and cities; from Robert Deupree of the Central Texas Exchange National Bank, Waco, regarding the Waco Division, which has in actual operation stores in Marlin, Moody, Clifton and Meridian and fixtures being installed and merchandise bought for stores at Rio Vista, Gatesville and Grandview, besides the operation of our Waco Warehouse; reference from Mr. Wood of the First National Bank at Mission, Texas, regarding our store, store and office building also the construction of our canning plant, which is being built in that city; and should there be any of your local people desiring further information, we shall be glad to supply same from this office at their command.

It must be fully understood and remembered that competition out there, as well as in any other city or town, where we are operating, could not be expected to indorse or favorably report on this Institution.

With very best wishes, we are

Yours very truly,
