COMPLETE NEWS AND ADVERTISING COVERAGE OF THE GREAT TALCO OIL FIELD

TWENTY-FOURTH YEAR

TALCO, TITUS COUNTY, TEXAS, FRIDAY, JUNE 19, 1959

NUMBER 19

## Local Site Scene Of Movie Filming By MGM Artists

Passing through Bogata early Monday morning was a caravan from Metro-Goldwin-Mayer studios in California. They were enroute to the Hart's Bluff area, south of Cuthand community, with some of the animals to be used in hunting scenes for the movie, "Home From the Hills." Filming is underway and expected to continue for three weeks.

Robert Mitchum arrived Sunday for three or four days work in the picture. Also here for location shooting are George Hamilton, Everett Sloan, George Peppard. Russ Tamblyn, young film star, also has a part in the picture and will be on location for a few days while on leave from Fort Sill, Ok., where he is stationed with the Army.

Roads have been built by construction crews into the woods in the Hart's Bluff area. A landing field for helicopters has also been built.

Some local animals, as well as a wild boar and hunting dogs will be used in hunting scenes filmed in Sulphur River bottom. According to reports, a limited number of Red River Valley people will be used in the picture. Joe E. Russell, an Annona rancher, will portray a ranch foreman and have a small speaking part.

The movie is based on a novel written by William Humphrey of New York, who was born at Clarksville.

## Researchers Devise Sunproof Lipstick

London.—Solar lipstick, a colorless protection against damage from excessive sunlight, has been devised by two Australian medical researchers, the Lancet Medical Journal says. Men prefer the lipstick to ointments and opaque protective creams, the researchers say.

## Thunder Cloud Brings More Rain To This Section

Strong winds preceded an electrical storm and big rain early Friday morning. Tree limbs, leaves and some yard furniture were strewn over lawns by the forceful wind. In some areas electrical service was disrupted by falling debris, but was repaired within a few hours.

Rainfall at Deport totaled 1.10 inches, according to A. C. Nixon in charge of the government gauge. This brought the total precipitation to 2.53 inches this month.

Rain Thursday night amounted to .7 of an inch at Bogata; Rivercrest reported .61.

The heavy rains were detrimental to cotton, and delayed poison operations for the crop. Cotton farmers need plenty of warm sunshine and dry weather right now. The corn crops and pasture lands are in good condition and are unhurt by the rain.

Temperatures have varied, ranging from the mid-60's to the low 90's. Summer will officially arrive Sunday, June 21.

## Price of Success Is Often High

The price of success generally runs high.

Evangelist Billy Graham is paying for his success with headaches and failing eyesight. "Terrific emotional tension" was the doctor's explanation of the trouble.

Senator Lyndon B. Johnson and President Eisenhower paid for the tensions and the physical burden their success had imposed on their bodies with heart attacks. Now both men must be on guard against again going too far. The laborer envies the rich man, but rich men die young.

Occasionally there is a cheap road to success, but usually the cost is high in ulcers, hypertension and early funeral rites. The rate of heart failures continues to rise, possibly along with the increasing number of people who have "made good."

All of which might indicate that the writer fears success, which isn't the case at all. We have just been reading statistics and doing a little thinking, which leads us to the conclusion that folks who live in small communities, such as Georgetown, Florence and Liberty Hill, may never be nationally famous, or millionaires, but have their compensations, too. They can be useful to themselves and to their families longer, they can go fishing more often, they can sleep at night,

## Elections Held Earlier Next Year

Come spring-time, 1960, the thoughts of Texans will turn to politics eleven weeks earlier than usual.

The Legislature passed, and the Governor signed, a bill moving the primary elections and conventions from July and August to May and June. Main portions of the 1960 political calendar will look like this:

Filing Deadline — Monday, Feb. 1.

First Primary and Precinct Conventions—Saturday, May 7.

County Conventions — Saturday, May 14.

Second Primary — Saturday, June 4.

State (Presidential) Convention—Tuesday, June 14.

State (Governor) Convention — Tuesday, Sept. 20.

## PARTY IN HONOR OF SEVENTH BIRTHDAY

Mr. and Mrs. Glenn Gauden honored their son, David Glenn with a party on his seventh birthday Friday afternoon at their home. Favors of balloons, baseballs, bubble gum and party hats were given. Refreshments of home-made ice cream and cup cakes were served to Gloria Upchurch, Cheryl and Johnny Kelley, Mark Wilson, Randy Clements, Karen and Marla Pittman, Donna Beth Mitchell, John Delbert Goodroe, Carol and the honoree, David Glenn.

In the games that were played Mark Wilson and Gloria Upchurch were winners. Indoor movies were taken. Take home favors of soap bubbles were given each guest.

## Sullivan Aboard U. S. Patrol Plane Fired Upon Tuesday

A Talco man, Ensign Donald R. Sullivan, was a member of the crew of the U. S. Navy patrol plane damaged by MIG fighters over the Sea of Japan Tuesday.

One member of the crew, the tail gunner, suffered 40 shrapnel wounds. No other injuries to the crew were reported in Thursday's edition of the Dallas News.

they can live normal and happy lives.

Some of us as, Mr. Burns pointed out, take the high road and others take the low road, and sometimes the fellow on the low road runs the best race.—The Williamson County Sun.

Mrs. Sallie Gage attended the 29th Hair Dressers convention in Houston, Saturday.

## Hargrove Kills Big Rattlesnake

Rip Hargrove of Talco, who with his brother, owns the Moon ranch near Jolntown, told the editor he killed another big rattlesnake on the place recently.

The reptile was five feet, four inches long and a Velvet tail. It was attempting to swallow a full grown fox squirrel at the time, and had gulped about half of the squirrel when Hargrove killed it. This is the second big rattler he has killed on the ranch.

## A Gift for Dad Every Week the Coming Year

Want to give Dad something that will remind him of your thoughtfulness every week in the year. It's easy — just give him a year's subscription to this newspaper.

Your order will be acknowledged thru these columns. Place that order now so he will receive next week's edition. Use the order blank on the front page and be sure to give us your name as well as his, and his address.

## US POPULATION SHOWS GAINS

Washington.—The United States will enter 1959 with a population of slightly more than 175½ million, a gain of 24½ million since the 1950 census.

Youngsters and oldsters have shown the greatest percentage increases, the Census Bureau said Saturday in a year end memorandum, because of the high birth rate and lengthening life span.

Women and girls continued to gain numerically over men and boys. There were 87,900,000 females at midyear and 86,200,000 males. Females made up 50.5 per cent of the population as against 50.2 per cent in 1950.

## Wear of Engine Double 30-40 MPH

Geneva, Switzerland.—An automobile engine wears out twice as quickly at 40 m.p.h. as 30 m.p.h., British scientists told the Atoms for Peace conference.

At 50 m.p.h. it wears out three times more quickly than at 30 m.p.h.

Radioisotope tracing techniques have given these answers, said a paper prepared by M. J. Detering and R. B. Cawlow of the Shell Research Company.

It said these continuous-study methods avoided disadvantages of testing by conventional means, and now are being used by many British manufacturers.

## All Residences Business Houses Will Be Numbered

At the regular monthly meeting of directors of Talco Chamber of Commerce for June it was decided to start a new project, which will be numbering of all houses and businesses in the city limits of Talco.

The Chamber will purchase these numbers and a donation of \$1.00 will be asked each owner where numbers are installed.

Help from the Boy Scouts will be solicited in putting up the numbers. This project will be underway as soon as a report comes from Jerry Jones as to the amount of numbers to be secured.

We believe that this will be of great value in the future when telling or trying to locate a certain place.

## Talco Churches Soft Ball League

Calvary Baptist Church, the Church of Christ and the Methodist Church have organized a soft ball league. Official play got underway June 2nd.

The playing age for boys is 13 thru 18 years. The Wildcat playing manager is Charles Lewis; Royal Ambassadors playing managers are Delbert Ballard and Leon Shoffner. Managing the Mustangs is Jimmy Sloan. The playing dates are each Tuesday and Friday afternoons at the Calvary Baptist ball diamond. Playing hours will be changed from afternoon to night when lighting the diamond is completed.

The Brotherhood is sponsoring the Royal Ambassadors. M. J. Davis is Brotherhood president. The pastors of Methodist and Church of Christ are sponsors of their teams.

Mrs. Mary Lewis is managing the Church of Christ girls; Dora Ann Gandy is managing the Baptist girls.

## Red River Singing Convention June 21

Red River County Singing Convention will be held Sunday, June 21 at the Brewster Methodist Church in Clarksville. This is an all day affair and some good singing is in store for all attending. Several visiting quartets are expected to be present and participate in activities.

A noted quartet from Dallas will give a concert in the Clarksville High School Saturday night. The public is invited.

Marion Ward is president, J. N. Lee of Bogata, vice-pres., and Joyce Abernathy, secretary.

## RAIN AND HIGH WIND INTERFERE IN TALCO'S CLEANUP PROGRAM

### Driver Training Classes Offered at Talco School

The Talco School Board has passed and agreed to offer driver training classes at Talco High School during the summer months. They selected H. L. Shoffner to be the instructor.

All students will receive ½ credit in high school work if they pass the required work. The student must be at least 14 years of age and have finished Junior High School. All students over 14 and 15 years of age will enter on individual approval.

There will be a tuition charge for the instructor and the school will furnish the car and classroom.

Those who are interested in entering this class will meet with their parent at the school Friday morning, June 19, 1959 at 7:30 o'clock a. m.

## Wolves Are Bad South of Bogata

Weldon Elbert Veteto of Dallas, formerly of Deport, has sold to William Rozell, Bogata banker and stockman, 630 acres of unimproved land 2½ miles south of Bogata on Highway 37. The tract adjoins land owned by Rozell.

When the editor asked William if he planned to fence and stock it with goats to clean it up, he said that wolves were too bad.

What the newspaper man can't understand is why all the deer hunters in the area with high-power rifles don't clean them out and make some money from the bounty. It is as much sport to wait out a wolf and kill it as it is a buck—and get paid for doing it.

### BUMBLE BEES BUILD NEST IN QUART FRUIT JAR

Rodger Wayne Dudley of Deport was displaying a bumble bee's nest Monday in a quart fruit jar. Dudley discovered the nest in the barn at his home and the jar to prevent being stung. Several bumble bees were in the jar and busily at work.

The bees had placed small bits of paper, burlap bags, hay, along with some soil to form the nest. Ordinarily the insects build in the ground or lumber.

Mr. and Mrs. James Cain, Debbie and Jimmy of Greggton, spent the week end with her mother, Mrs. Nora Williams and Wanda, her sister, Mrs. Roy Primm and Mr. Primm.

Rains, high wind and mower breakdowns combined to slow down Talco's week-long clean up and fire prevention program last week, but the work will be finished up as rapidly as possible, said Harold Bonham, chairman of the Chamber of Commerce's steering committee.

Beginning last Monday, mowers were put to work on vacant lots and residents began collecting unsightly and unsanitary rubbish of all sorts. Set out at the curbs late Thursday for collection Saturday, the trash included quantities of paper, which were scattered by high wind later and had to be gathered up again.

Rains slowed all the work, and several of the moving machines hired by the Chamber of Commerce had to have repairs made.

American Liberty Oil Company aided in clearing vacant lots by donating use of a mower. Ernest Smith and Autry Sikes were in charge of this feature; the Book Lovers Club aided elderly people in putting trash out for collection; Eugene Mankins and J. W. Via arranged for trucks to pick up the rubbish and workers were enlisted by Postmaster Bill Miller, A. G. Norwood and Tom Pirle. School Supt. W. R. Young asked school boys to aid; M. A. Owings oversaw elimination of fire hazards, and Dr. E. L. Miller, of unsanitary conditions. Jerry Jones had charge of painting street-marker poles.

## New Telephone Books Arrive

New telephone books have arrived in the mail for Talco, Mt. Vernon, Saltillo and Glade Branch telephone subscribers with explicit instructions that the new books are not to be used until after June 20.

Saltillo subscribers will be on the Mt. Vernon exchange after the switchover to dial, and will not be a toll call as in the past. Glade Branch phones will not be toll calls but will have the prefix JUniper and can be dialed direct to Mt. Vernon. The Mt. Vernon exchange which has just been converted to dial, is LEhigh.

### SUSAN RYAN TEACHING IN DALLAS CAMPS

Susan Ryan, outstanding twirler of Talco Band, and nominee for state honors, has recently been teaching in twirling camps in Dallas. Miss Ryan, who qualified for state contests last year, is expected to qualify again this year. The twirling camp, from June 1 through June 6, was held in Lee Park in North Dallas. Students ranging from 12 to 15 years of age attended the camp.

## Government Credit

CHICKENS HAVE COME home to roost. A spending congress that has thrown away the money of the people of this nation—spend and tax and tax and spend—for over 20 years has finally undermined the confidence of the people in government bonds and the dollar that has only a 48 cent value in purchasing power over the same dollar of 20 years ago.

The president has asked congress to increase the interest rate to 3 3/4 per cent on savings bonds. More of them are being cashed

## WANT ADS

HAY—D. W. Shelton meadow northwest Deport, 35c a bale. See H. M. Milam. dbt-tfc

HAY for sale—Bermuda grass, 40 cents bale. George Marshall, Bogata, Phone ME 2-5631.

FOR SALE—House to be moved; 5 room frame. American Petrofina Co. of Texas, Phone DR 9-3041. t-19c

FOR SALE—Vine-ripened tomatoes, roasting ears; okra will be ready next week. Lorenzo Handley. bt-tfc

FOR SALE—8 acres land, good fence, good five room house bath, 1 1/2 miles of Bogata. Mrs. Hooker, ME 2-5621. t19c

PIANO BARGAIN—We have a Spinnet piano, same as new and one 3/4 size piano for the balance due; both located in your vicinity. Terms can be arranged. Write Credit Manager, Brook Mays Music Co., Box 1044, Henderson, Texas.

SUMMER DOESN'T START until next Monday, according to the calendar, but temperatures recorded several days indicated old Sol slipped in two weeks ahead of time. In an agricultural area like ours it is always best to be a little early than too late. It is also good practice in any business or social contact.

ROY P. CRENSHAW, 44, press room foreman at the Paris News is dead, much to the sorrow of his many friends. He began working for that newspaper as a newsboy and advanced to an executive position over a 25 year period. We shall always treasure recollections of his friendship and courtesies over many years.

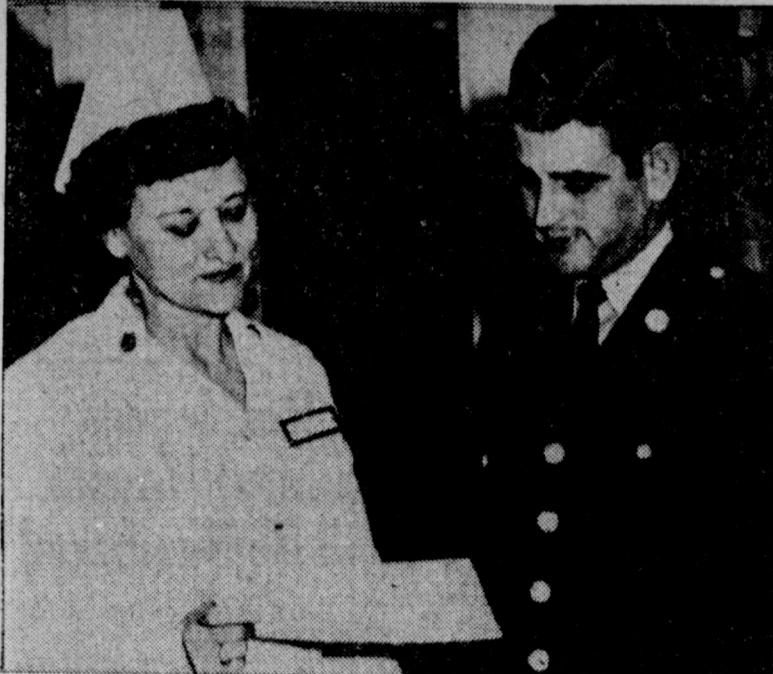

Some treasury bonds, bought to help fight wars, paying 2 1/2 per cent interest are selling at 83 cents on the dollar. The president wants to raise the 4 1/4 interest rate ceiling on them and increase the national debt to 283 billion.

What congress had better do is to forget perpetuity of office long enough to balance the budget, stop sloughing away our resources and start paying on that public debt.

It will require just that to restore confidence in government credit and a sound dollar that is worth more than 48 cents.

HOME COMING IS WELL ATTENDED  
 Homecoming at Hagansport Cemetery shed was well attended Sunday. Old friends and relatives enjoyed meeting and talking old times. The table was spread with many good things to eat. Brother Lester voiced the prayer. All departed having been glad they came and promised to be back at the same time next year.

Dominion Day in Canada is on July 1.

ARMY SPECIALIST Four James H. Gaddis (right) of Talco, receives a certificate from Nurse (Lt. Col.) Lucy Jacobson, after completing the surgical and medical specialist course at the U. S. Army Hospital in Bad Cannstadt, Germany. Gaddis, son of Mrs Estelle Gaddis, is a medical specialist in the 546th Medical Company in Ulm. He entered the Army in January, 1958 and completed basic combat training at Fort Carson, Colo. The 24-year-old soldier is a 1953 graduate of Talco High School.

## TEN AND TWENTY YEARS AGO

Condensed from Back Files of The Talco Times for Dates Indicated

Week of June 17, 1949  
 New officers for Burks-Cloar American Legion Post were Frances Dalby, post commander; Jerry Caldwell, vice commander; J. D. Northam, adjutant; A. B. Lator, service officer; Ike Reid, chaplain.

Senior band members receiving jackets were Eugene Davis, Doris Pittman, Ellanore Ferris, Wanda Morris, Forrest Wimbish, Dale Faulkner, Wanda Rogers, Billie Dean Scarborough, Audra Britt. Lon Jones and Claud Parr had received jackets from athletics.

Miss Susan Jane Fuhr and Conway Childers had married.

Mr. and Mrs. A. C. Waddell, Mr. and Mrs. M. E. Jones had attended wedding of their niece, Betty Denmore in Longview.

Lowell Parsons was the new salesman at Winn's Appliance.

Harold E. Washington had arrived to visit his parents, Mr. and Mrs. E. F. Washington, after being delayed by the Berlin blockade.

Joyce Richerson and Eugene Davis were to attend a band clinic at NTSC, Denton.

Titus, Morris and Camp County Cub Scouts spent three days at Glass Lake. In contests, Talco boys won two first places, two second places and three third places. Den Chiefs were Bobby Martin and George Leake; other scouts were Bobby Broughton, Darrell Morris, Richard Stansell, Tommie Neugent, Jerry Hood, David Johnson, Eddie Griggs, Jimmy Williams, Tommy Parish, Leland Stracener, Bobby Moon, Mike Thompson.

Week of June 16, 1939  
 C. L. Whatley 17, and Olen Williams 18, narrowly escaped death when their car stalled on a railroad track near Pittsburg. They escaped just before the train hit the car.

Funeral services had been held for Eva Sue, four months old daughter of Mr. and Mrs. Ed Monroe of Kinney Point.

An 8 1/2 pound daughter had been born to the Gertie Buchanans at Hagansport, and a daughter named Wava Frances had been born to the Jesse Yorks at Talco.

Miss Athalene Holder of Talco and Clyde Thomas of Sulphur Springs, had married.

The annual home-coming was to be held at the Baptist church at Johtown.

R. H. Crawford, manager of Lavada baseball team, had challenged any amateur team within a radius of 100 miles.

Merchants were advertising dressed fryers at 39c each.

Funeral services had been held for Wright Patman Howard, three year old son of C.R. Howard of the Bridges Chapel community.

Work of repair of Paluxy Asphalt Co. plant in Talco, which had been damaged in an explosion the week previous. C. W. Moore had been killed in the explosion and two others injured.

Deaths: Mrs. Fannie C. Williams of Wilkinson; Andrew Collins McKnight, 79, retired farmer, at Paris; Riley Young at Kennewick, Wash.

## Cal Farley and His Boys Ranch

THIS NEWSPAPER is highly pleased over the honor's paid to Cal Farley, operator of Boys Ranch near Amarillo, upon the occasion of the Home's birthday. Cal takes boys whose parents have failed to control them because they failed in their duty as parents when they were young—boys the law can't do anything with except to put them in jail or send them to Gatesville—and makes good citizens of them. The home is supported by public donations.

Farley has printed a small paper called Boys Ranch Roundup. Here are some of his paragraphs: Parents can either paddle a boy once in a while or they can visit him once a month in a reformatory.

"Junior" has been running wild ever since we tore down the woodshed, broke the buggy whip and took the razor strop from behind the bathroom door.

When Dad says, "The kid is getting too big for his britches," he means that "Son" is catching a few glimpses of manhood.

Many hot shots are just blanks. He who teaches his child to work hard and be thrifty bequeaths him an ever-growing fortune.

It was Faith that built Boys Ranch for, as Abraham Lincoln once said, "Without faith in the Almighty, nothing can succeed; with it, nothing can fail."

Farley has just written a book—"A Shirttail to Hang To"—out Monday, that will doubtless be a best seller. FBI Chief J. Edgar Hoover wrote the preface.

## TOT GIVES CROWD FIVE ANXIOUS MINUTES

Cincinnati.—It was an agonizing five minutes for inlookers in downtown Cincinnati, but Alma Lee Sanders, 17 months old, just thought it was fun.

The youngest stretched, wadded her arms, looking around, sat down and dangled her feet, laughed and shouted: "Look at the doggy."

She was pointing at the dog in the street four floors below her apartment home. The girl had climbed out a window to a narrow ledge while her mother slept.

A workman in the street ran upstairs to hammer on the apartment door, wake Mrs. Lois Sanders and get her daughter inside.

When a man sees eye to eye with his wife, it means that his vision has been corrected.—Grit.

## Did You Know—

If you are an adult weighing 175 pounds, in 14 hours:  
 Your heart beats 103,689 times.  
 Your blood travels 168,000,000 miles.  
 You breathe 23,040 times.  
 You inhale 938 cubic feet of air.  
 You eat 3 1/4 pounds of food.  
 You drink 2.9 pounds of liquids.  
 You lose in weight 7.8 pounds of waste.  
 You perspire 1.43 pints.  
 You give off 2.6 degrees Fahrenheit.  
 You turn in your sleep 25 to 35 times.  
 You speak 4,800 words.  
 You move 750 major muscles.  
 Your nails grow .000046 of an inch.  
 Your hair grows .017414 of an inch.  
 You exercise 7,000,000 brain cells.—Weekly Rotator.

## PECAN CROP DUE TO BEAT AVERAGE

Austin.—Texas' pecan crop prospects are still below the bountiful 1957 harvest but better than the 10-year average, the U. S. Department of Agriculture reports.

The current crop was estimated at 38,000,000 pounds, unchanged from last month's estimate. The estimate is 31 per cent below the 55,000,000 pounds produced last year but 20 per cent above the 1947-56 average.

## POUND OF HONEY FROM POUND OF NECTAR

It requires about 20,000 bees to bring a pound of nectar into the hive. Nectar is the sweet droplet, like sugar and water, which the bee sucks from the flower. The incredible worker bee processes this nectar into honey, and from a pound of nectar comes a pound of honey.

## Britain Will Junk 110 Old Warships

London.—Britain said last week it will junk 110 warships, including six aircraft carriers, from its shrinking navy.

The Earl of Selkirk, first lord of the admiralty, told the House of Lords all the vessels were of World War II or prewar construction and could be of no further use.

He listed the obsolete vessels as: 6 aircraft carriers, 9 cruisers, 14 destroyers, 44 frigates, 24 ocean minesweepers and 13 subs.

There is no wisdom in marrying a girl for her beauty. Simply marry her and leave her beauty up to the cosmetic salesman.

# ALCORN DOUBTS WHITE-COLLAR FARMING IS LESS TIRESOME

Editor's nose: Achin Alcorn, philosopher on his Johnson grass farm on Sulphur, adds his two-bits worth to the monkeys' flight into space. This is known as inflation.

Dear Editor: As a student of space, by which I mean I guess I've stared off into as much as anybody. I have been very interested in reading about those two monkeys that were sent 300 miles out into space and successfully brought down.

That is, what has interested me most is what a lot of people have imagined the monkeys' reactions were to the flight, and while a lot of words were written about the "press conference" the two animals held in Washington, nobody seems to have hit on what the monkey's reaction probably was.

I can tell you. It was, and I will add it's also what the first space men will say too if they ever get out there and back: WE'RE SURE GLAD TO GET BACK HOME AGAIN.

I still say travel into space may be sort of like some men going off to war. At the time, it seemed like an exciting thing to do, they were sort of bored with life at home anyway, but after they'd been there a little while, home sounded like the most exciting place in the universe.

And as for the death of one of the space monkeys after it got back, I can explain that. Before it was sent up, it was put to sleep with an anesthetic so a small recording instrument could be placed under its skin, then when it got back, you know, it was given another anesthetic so the instrument could be removed.

Now here's the thing. Monkeys may not be as smart as people,

although I'm not prepared to say this as I don't know as many monkeys as I do people, but that monkey wasn't so dumb and he thought, just as they started to give him that second anesthetic the first time they did this to me, shortly afterwards I was put into a capsule and blasted 300 miles into space at 10,000 miles an hour.

The thought the second time around was too much for him and he died of shock. Yours faithfully, A. A.

## Red River-Titus Accident Report

Accident figures for May reveal that 14 people were killed on rural highways in the Northeast Texas Highway Patrol District.

Traffic accidents in Red River County caused an economic loss of \$465.00 with three injured in May.

Traffic accidents in Titus County caused an economic loss of \$16,990.00 with two injured.

The Highway Patrol in District 1-B, Northeast Texas area contacted 5,647 motorists violating rules.

### MAMA MINK CANCELS IDAHO JET FLYOVER

Win Falls, Idaho. — The Air Force canceled plans to send low-flying jet bombers over southern Idaho in observance of Armed Forces day, and all because of Mama Mink.

Mink raisers warned officials at Mountain Home Air Force base that any sudden noise—like roar of a jet—would cause Mother Mink to eat her young.

May 30 is not observed as Memorial Day in all states.

## JOHNTOWN

By MRS. G. A. VAUGHAN

Joe Black, employed in Mendota, Calif., arrived Saturday for a visit with his parents, Mr. and Mrs. W. A. Black.

E. V. Pirtle and family, Mr. and Mrs. Drue Pirtle and W. E. Hawkins and daughters of Longview, are spending part of their vacation here this week.

Mr. and Mrs. H. E. Hawkins and Roger of Corpus Christi, arrived Monday for a visit. Their daughter, Miss Kay Hawkins accompanied her grandmother, Mrs. W. R. Baxter from Corpus to New Jersey by plane Friday to visit Mr. and Mrs. Ted Baxter and family.

Avret L. Vaughan visited friends in Wharton from Friday until Monday.

## Bogata Rodeo June 25-26-27

Plans are being made for Bogata's annual Rodeo which will be held on June 25, 26 and 27 this year.

Clyde Crenshaw of Oklahoma, who has produced several successful shows at Bogata, will again furnish the stock to be used.

Seating capacity at the arena in South Bogata has been increased about 50 per cent, according to a story appearing in The Bogata News several months ago. Additional land was also purchased.

Free passes are offered to all who ride in the parade and entry at 4 p. m. opening day. A record-breaking number of horseback entries are expected.

The three night shows will be held in the rodeo arena. Entry fees for calf roping will be \$20; for the ladies barrel race, \$10, and for bareback bronc riding, bull riding, bull dogging and cutting horse contests, \$15 each.

Sam Barnard is president, R. L. Fennell, vice-president and Billy Allen Leggett, secretary.

Miss Wanda McCall of Pittsburg, was a Sunday visitor of Miss Janice Dyke.

Mr. and Mrs. W. W. Blalock and their niece, Lynda Hood of Dallas, spent Sunday on a picnic at Beavers Bend.

Mr. and Mrs. T. C. Riddle of Dallas, spent Sunday night with her parents, Mr. and Mrs. A. T. Blalock.

Jack Floyd of Beaumont, is spending his vacation with his grandparents, the Dee Floyds. Delois Floyd of Dallas, spent last week with them.

Mr. and Mrs. Mirt McAllister of Perryville, spent Monday with the Dee Floyds.

Mrs. Alex Sanford of Talco, visited Mr. and Mrs. Dee Floyd, Wednesday.

Visiting in the home of Mr. and Mrs. Walter Blalock are Misses Linda Hood and Diane Faulkner of Dallas. They spent Sunday picnicking, hiking and swimming at Beavers Bend in Oklahoma.

## Feb. 29, 1960, Will Cost \$100 Million

Washington. — American taxpayers better start planning now to get a full \$100,000,000 worth of fun out of Leap Year's extra day in February next year.

That's the amount of money it will cost to operate the federal government on Feb. 29, 1960.

The sum is incorporated in the \$77,000,000,000 budget which President Eisenhower has submitted to Congress for the 1960 fiscal year beginning July 1.

If it weren't for Leap Year, Budget Director Maurice H. Stans would have been able to shave the budget even more.

The extra \$100,000,000, a high administration source said, is "a very rough estimate" that does not include the cost of heat, lights and supplies that will be used on Leap Year day in government buildings in Washington and far-flung installations around the world.

It is based primarily on wages and salaries of government workers and armed forces personnel. The civilian payroll for Feb. 29, 1960, will cost the taxpayers approximately \$55,000,000.

An estimated \$7,000,000 of this will be needed just to keep the nation's mailmen in business that day.

On the military side, the 1960 budget contains an estimated \$45,000,000 in pay for that day's armed forces roster.

The military payroll could go up or down "a million or so," an administration financier said, depending on the number of reservists who may be taking weekly training on Leap Year day.

But the budget bureau can offer one comforting thought to congressional appropriations committee members, if not to taxpayers.

An extra day's expenses can be balanced off against an extra day's taxes.

Barring accidents ants may live four or five years.
