Parr, a 160-pound Talco junfor, was one of the big reasons Talco was a close contender for the district championship. The Trojans lost only to Mt. Vernon in district play and put up a stubborn fight against mighty White Oak. A consistent player, Parr paced the fiery Trojan line.

The second team also includes some outstanding football performers. End Skip Glover wa the number one target for the throws of Donnie Screws for Bo gata. Although Bogata did not win a game, these two lads always gave a splendid account of themselves. Both are seniors Both weigh 150.

Rains, Cold Wave **Drops Mercury** To 25 Degrees

This section escaped the gripping ice and snow storm that has prevailed in many areas of Texas, but rains for a week drenched this vicinity.

Skies cleared Monday after a steady downpour on Saturday. This soon gave way to overcast skies as another cold snap moved across the state and sent the mercury down to 25 degrees Tuesday morning, and 28 on Wednesday.

Heavy rains on Saturday sent creeks and streams overflowing into low lands for the second time with a week.

The moisture Tuesday night was in the form of sleet, freezng rain and light snow. A thin coat of ice was in evidence Wednesday morning on roofs and yehicles exposed in the open. The sun broke thru partly cloudy skies about mid-morning. Weather forecast shows more rain the latter part of the week.
