Rev. Walthall Preached Farewell Sermon Sunday Night.

Rev. P. W. Walthall preached his farewell sermon at the Methodist church Sunday night to a large and appreciative audience. His subject was, "My Church." He showed in many beautiful pictures the love of God for the church. He also made a strong plea for the churches to join in united worship during the present crisis.

He left Tuesday night for Camp Bowie where he will be stationed for a while with the Y. M. C. A., awaiting further orders. Bro. Walthall stated that if he remained in Fort Worth he would make occasional return trips for a visit with his family and friends. It is not known definitely at this time whether he will remain in Camp Bowie or go to France.

Red Cross Notice

Those who formerly contributed monthly donations to the Red Cross are requested to resume their payments on August 1st. The payments had been discontinued for the past two months owing to the fact that the Chapter had plenty of money to finance the work, but as the finances are beginning to run low again everybody is requested to meet their payments promptly.

MEETING WILL BEGIN HERE FRIDAY NIGHT, AUGUST 2nd.

Elder J. F. Thurman of the Church of Christ in this city Friday evening August 2nd, which will continue for two weeks or more. Elder Thurman is an able speaker and everybody is invited to come and hear him.

Mrs. W. M. Reid left Saturday for a visit with relatives in Sulphur Springs.

From a Soldier Boy "Somewhere in France."

Dear Father and Mother: I will write you a few lines today. I am feeling fine after my long journey.

Nothing unusual has happened since we left the States. We had no trouble in coming across the pond. I really enjoyed the trip and have seen lots of pretty country and beautiful cities. The cities are so different to ours. The buildings are nearly all alike. They are made of brick and stone. It is real interesting to see them.

I could tell you more but haven't the time but will write you again soon. Give my best regards to all, and answer real soon, as I'm very anxious to hear from home.

I still remain your loving son.

Wm. P. Calloway.

Union Services

The Union Services at the Methodist church will be as usual. Bro. Hoyt will fill the pulpit. This will be his last time to preach to the people of Haskell. We will be glad to have you present, and show our appreciation of his faithful services among us.

F. G. Alexander.

CANDIDATES WHO WERE NOMINATED SATURDAY FOR COUNTY OFFICES

The candidates who were successful in receiving the nomination for the respective offices in the primary of last Saturday are as a whole trustworthy and fully competent to fill every office with credit to which they were chosen by the people of Haskell county.

Judge Jas. P. Kinnard received the largest plurality of votes for the office of County Judge of any other candidate who had opponents in the race. He has made his home in Haskell county for several years and has been actively engaged in the practice of law in all the courts.

Emory Menefee was chosen in nomination for the office of County Clerk. He was reared in Haskell County and held the office of County Treasurer for four years and his record in the above office proves his ability to fill the office to which he has been chosen.

Jesse B. Smith was returned to the office of County Treasurer without opposition. He is now filling his first term and was nominated to succeed himself. Jesse is fully competent and his clean record in this office is an asset to Haskell county.

J. E. Wilfong was chosen County Attorney. He is one of the best known men in the county. He was in the organization of the county and has served as county attorney over half of the time since the organization. He is well qualified to fill the office and will make an efficient officer without fear or favor.

C. D. Long was nominated for Tax Collector. He is an old timer and has made his home in Haskell county for many years. He has held other important offices of the county in years past, and in every instance the people were faithfully served. C. D. is well qualified and will fill this office to the satisfaction of everybody.

R. J. Paxton was returned to the

office of Tax Assessor to succeed himself. He is now serving his second term in office and his record is the very best.

Miss Alice Irby was chosen for District Clerk. She is one of Haskell's accomplished young ladies who has had three years experience in the office of County Clerk and is fully competent in every way to fill the office to which she has been nominated.

W. C. Allen was again placed in nomination for Sheriff without opposition. Mr. Allen is filling the office for the third term and is now soon to enter on his fourth. His work in this office will compare with any sheriff's work in the state.

Mrs. Ed Robertson was successful in her nomination for the office of County Superintendent of Public Instruction. She is an experienced teacher and knows the school work. She is fully competent for the place and will make Haskell county a faithful officer in this trusted position.

All four of our County Commissioners, J. C. Lewellen, A. L. Cox, J. M. Ivey and P. C. Patterson, were retained. Their record is well known in handling the affairs of the county and we are sure a continuance of the same safe administration will be given.

R. P. Simmons was nominated in Precinct No. 1 for Justice of the Peace. He is another man who is well known and has been in the county many years. He is competent to fill the place and will make an efficient officer.

J. M. (Mike) Perry was the man to receive the largest number of votes for the office of cotton weigher for Precinct 1. The only thing in Uncle Mike's nomination is where will he get the cotton.

I. W. Kirkpatrick was given the nomination for Constable of Precinct No. 1. He knows the duties of the office and will make a good officer.

W. M. WHATLEY DIES FROM BURNS

W. M. Whatley of this city was burned to death at Wichita Falls Tuesday July 23rd, while at work on the roof of Lake Hotel, a four story building situated near the city lake.

Mr. Whatley, together with three other carpenters, was repairing the roof when fire broke out in a room on the second floor, and was not discovered until it had gained a big headway. The other three men, all younger than Mr. Whatley, managed to make their way through the flames safely, but he was unable to escape, and found himself entirely cut off by the flames. His only hope was in hitting himself down the side of the building, and with a rope that had been used to draw up shingles, he attempted to lower himself to the ground. The flames had almost enveloped the building, and when he reached the section of the building where the flames were raging he was almost burned to a crisp, but held onto the rope until he was burned into and fell to the ground, a distance of about twenty feet.

He lived five hours after the accident occurred, and his wife, residing in this city, was notified, and reached him before the end came. The remains were laid to rest in the Wichita Falls cemetery Friday.

The bereaved family have our deepest sympathy in their hour of sorrow.

FIRST SERGEANT RICHARD NOLEN GOES TO OFFICER'S TRAINING CAMP

1st Sgt. Richard Nolen of Haskell, Texas, who has been 1st Sgt. in the 41st. Company, 11th Bu., 165th D. B. at Camp Travis, Texas, since February 1st, 1918, left Thursday for Camp Pike, Arkansas, to enter the Infantry Officers Training School. Sgt. Nolen enlisted from Haskell, Texas September 5th, 1917, and his advancement has been steady from that date. He is familiar both with the drill regulations of the army and with the work connected with the office. Every one who is acquainted with Sgt. Nolen, and know his qualifications feel certain that he will make good in his training, that he will have a chance to distinguish himself in the service of his country before the world ere he returns to the paths of peace. He leaves Camp Travis, Texas with the heartfelt wishes of his many friends, who, while they hate to see him leave, are glad that the opportunity has come for him to advance him in position.

As an expert effort to undertake the strength of the forces fighting under the stars and stripes, German propagandists throughout the United States spread broadcast many and numerous false reports of how drafted men in the great National Army were being mistreated by their officers, how they were ill fed, poorly clothed and quartered, and how sanitary conditions were "awful." But there great "Kultur" movement merely proved a boomerang for it has led thousands of those who have come to Camp Travis, as well as to other camps, to write letters home at once denying and refuting many of the rumors brought to endure.

Every week thousands of letters pass through the hands of the Camp Publicity Officer, written voluntarily to the newspapers of the home towns of the drafted men by the men themselves. They are alone indicative of what is to be found in the training camp. Each man tells his impression of army life and how he has found the discipline, food and sanitary conditions. Written over the signatures of the men themselves such letters are not capable of being branded as falsified reports.

A few excerpts of the letters have been gathered promiscuously. They show what the recruit thinks of Camp Travis. They stress in particular "that letter from home." It is something that should not be forgotten, to help the soldier and the cause.

"All are in the best of spirits and showing a determination to make efficient soldiers. There are all classes of compliments passed on what a good Mess Sergeant we have and the 'cats' he is putting out. It would surprise most of you civilians to see how well we are cared for from every point of view."

Some of the excerpts, typical of the others, follow:

"I am in love with this place. . . . We have one fine law; that is there shall be no bread, not a crumb, wasted eat it all."

"I am tempted to ask some of you underfed people to take Sunday dinner with me. For this old bean talk won't stand up. We have the best to eat, a great variety, and all we can eat, but don't waste a thing. . . . I don't remember seeing a fly since landing here."

"If every person in the State could come here and remain until he caught the spirit of the United States in this thing there would be no further need for speaking campaigns to sell Liberty Bonds, Thrift and War Savings Stamps, and to canvas for the Red Cross and similar organizations."

"The boys are proud of their company and determined to make it the best in their battalion. All cleaning up is done without grumbling and is thoroughly carried out."

"At meal time the boys flock around the mail box like geese at feeding time anxious to receive a word from those they love."

"One thing that greatly impressed me was that practically every business and profession was represented in our company. To see Justice Lee Daniels walking guard with Sam Miller, the newsboy; and Jack Eldridge, a former city manager, marching in ranks with a famous Tulsa bootlegger, really proves that this war is to be won by the masses."

"Am writing you a few lines just to put you next to conditions here. It's a man's game, and if you are not a man it will be found out pretty pronto. Sanitary conditions are all that could be desired. The food, to be absolutely square about it, is far better than a lot of fellows were accustomed to. Here, just as in civilian life if you do your best you will never fail to reap the benefit of it."

"We are getting along well: I am enjoying life alright, and all I hate about the army is that I did not enlist long ago. I would have been a man by now."

Methodist Church Announcements

1. Of the (almost \$16,000) church debt we have all now paid except \$3,000 to the General Board, and they will give us \$1,500 of that if we will pay the remainder right away, and my earnest plea is that the teams work hard to get up every dollar in cash that is possible. Let every leader of teams see all on their lists.

2. I have decided to make a trip to the Panhandle and will be away two weeks.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 3, Article 7, of the Constitution, be so changed as to read as follows (inserting a new section 3):

Sec. 3. One-fourth of the revenue derived from the State occupation taxes and a poll tax of one (\$1.00) dollar on every male inhabitant of this State between the ages of twenty-one and sixty years, shall be set apart annually for the benefit of the public free schools; and, in addition thereto, there shall be levied and collected an annual ad valorem State tax of such an amount not to exceed thirty-five cents on the one hundred (\$100.00) dollar valuation, as, with the available school fund arising from all other sources, will be sufficient to maintain and support the public schools of this State for a period of not less than six months in each year, and it shall be the duty of the State Board of Education to set aside a sufficient amount out of the said tax to provide free text books for the use of children attending the public free schools of this State; provided, however, that should the limit of taxation herein named be insufficient, the deficit may be met by appropriation from the general funds of the State, and the Legislature may also provide for the formation of school districts by general or special law without the local notice required in other cases of special legislation; and all such school districts, whether created by general or special law, may embrace parts of two or more counties. And the Legislature shall be authorized to pass laws for the assessment and collection of taxes in all said districts, and for the management and control of the public school or schools of such district, whether such districts are composed of territory wholly within a county or in parts of two or more counties. And the Legislature may authorize an additional ad valorem tax to be levied and collected within all school districts heretofore formed or hereafter formed, for the further maintenance of public free schools, and the erection and equipment of school buildings therein; provided, that a majority of the qualified property tax-paying voters of the district, voting at an election to be held for that purpose, shall vote such tax not to exceed in any one year fifty cents on the one hundred dollars valuation of the property subject to taxation in such district, but the limitation upon the amount of school district tax herein authorized shall not apply to incorporated cities or towns constituting separate and independent districts.

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the state on the first Tuesday after the first Monday in November, 1918, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words, "For the amendment to the Constitution of the State of Texas providing for the levy of a special school tax for the maintenance of the public schools of the State and to provide free text books in the public schools of the State of Texas," and all those opposed shall write or have printed on their ballots the words, "Against the amendment to the Constitution of the State of Texas providing for the levy of a special school tax for the maintenance of the public schools of the State, and to provide free text books in the public schools of the State of Texas."

Section 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have the same published as required by the Constitution and existing laws of the state.

Sec. 4. The sum of two thousand (\$2,000.00) dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such publication and election.

Note.—H. J. R. No. 27 passed the House of Representatives by a two-thirds vote, yeas 108, nays 22; and passed the Senate by a two-thirds vote, yeas 28, nays 4.

Approved March 19, 1917.

"Corn-Less Day" for Feet, Every Day

Use "Gets-It," the Great Corn Discovery! Makes Corns Peel Right Off!

Look at the illustration below. See the two fingers peeling off a corn as though it were a banana peel. And the man is smiling while he's doing it! All done painlessly, joyfully. The moment "Gets-It" touches a corn or callus the growth is doomed. It takes but two seconds to apply "Gets-It." The corn is eased at once. You can sit at your desk or walk about, dance, think, love and work with absolute ease. You can apply "Gets-It" conveniently almost anywhere where you can take your shoe and stocking off for a moment or two. "Gets-It" dries at once; then put your shoe and stocking on again. There's no further excuse for suffering from corns and corn-pains.

"Gets-It" the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store.

To The Public:

The Federal Food Administrator has requested all Ice Cream Manufacturers to discontinue the use of white sugar for the time being.

We will use brown sugar in making our cream. This will make some difference in the appearance of the cream, but we believe that our customers are loyal enough to overlook this matter, as we are all trying to do our "bit" to help win the war.

We will use the same formula, as heretofore, with the exception of the sugar, and we ask that you overlook this little difference.

STOMACH TROUBLE Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard THEDFORD'S BLACK-DRAUGHT recommended very highly, so began to use it. It cured me. I keep it in the house all the time. It is the best liver medicine made. I do not have sick headache or stomach trouble any more." Black-Draught acts on the liver and helps it to do its important work of throwing out waste materials and poisons from the system. General Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be removed, and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are cured by medicine, while in an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts through the blood on the mucous surface of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. One dollar free. All Druggists, 75c. F. J. CHENEY & CO., Toledo, O.

MRS. FLATT, AGED 71,
GAINS 25 POUNDS
Suffered 30 Years and Spent Fortune
Trying to Get Well Before Taking
Tanlac

"I feel better than I have in years and have actually gained more than twenty-five pounds since I began taking Tanlac," said Mrs. Juan Flatt, seventy-one years of age, residing at 117 Hadlock street, El Paso, Texas, recently.

"For thirty years," she continued, "my stomach was in a very bad shape. My appetite left me entirely and the little I forced myself to eat filled me with gas which affected my heart so I could hardly breathe and pained me so at times I would almost faint. Then too, for the past few years I have been bothered with my kidneys and some rheumatism, and my troubles all together just about got the best of me. My back and right side hurt me so bad at times I could hardly help screaming with pain. I have suffered with constipation and headaches nearly all my life and I had gotten very nervous. I don't reckon anybody was ever in much worse fix than I was and I spent a small fortune without getting more than a little passing relief.

"When I began taking Tanlac, I was flat of my back in bed and had spent most of the six months before that in bed. I had read about Tanlac, but paid little attention to it until a friend begged me to try it and the results have been nothing less than wonderful. I am now on my fourth bottle and eat anything I want, even fresh meats, and take sugar in my coffee, something I couldn't do before in years. I have been relieved of constipation and headaches, the pains are almost gone out of my back and side and I sleep all night like a child. Yes, I have good reasons for praising Tanlac and I expect to keep on telling about it."

Tanlac is sold in Haskell by Reid's Drug Store; in Rule by Golden Rule Drug Store; in Rochester by H. G. Rasby, in Weibert by E. E. Cockerell, in Sagerton by W. W. Martin in Nabors by Mrs. L. A. Bouldin, and in Whitesfield by T. B. Higginbotham.

THE MAKING OF A FAMOUS MEDICINE

How Lydia E. Pinkham's Vegetable Compound is Prepared For Woman's Use.

A visit to the laboratory where this successful remedy is made impresses even the casual looker-on with the reliability, accuracy, skill and cleanliness which attends the making of this great medicine for woman's ills.

Over 350,000 pounds of various herbs are used annually and all have to be gathered at the season of the year when their natural juices and medicinal substances are at their best.

The most successful solvents are used to extract the medicinal properties from these herbs.

Every utensil and tank that comes in contact with the medicine is sterilized and as a final precaution in cleanliness the medicine is pasteurized and sealed in sterile bottles.

It is the wonderful combination of roots and herbs, together with the skill and care used in its preparation which has made this famous medicine so successful in the treatment of female ills.

The letters from women who have been restored to health by the use of Lydia E. Pinkham's Vegetable Compound which we are continually publishing attest to its virtue.
