Mrs. Happell Entertained

Mrs. Addie Massey Happell of Big Springs has been spending a week with her old friends and school mates of Haskell.

Last Thursday Miss Mary Fields gave a dinner in honor of Mrs Happell.

Promply at 9 o'clock the guests arrived with tatting, crochet and embroidery, each one bubbling over with joyous anticipation of another "all day" affair in the Fields' home, and another opportunity to help eat one of that splendid lady's good dinners.

Some expressions before dinner were: "Mrs. Fields make the bread just like you 'used to'-and the dressing and gravy; and be sure to have some green grape pie."

With such recipes as these the dinner was prepared. Mrs. Fields. assisted by Misses May and Dulin 5 bushels of wheat (300 lbs.) at Fields, served eight guests.

Mrs. Happell drank a toast to "The Old and New Girls," which was very sweet and tender.

Mrs. J. F. Posey gave a response to the honoree and hostess, after which the guests retired to the living room, where "school Selling value of products days" was the subject of conversation for the afternoon.

Miss May's "school diary" and autographs from her album were read, recalling fond recollections of childhood.

HASKELL, TEXAS, May 27, 1916.

Job was a patient man, but we do not believe that he ever had to listen to the modern day knocker.

Sometimes a ripping three-day wind means rain, sometimes more wind; verily, all signs fail in west Texas.

Now, since the reunion is assured, let's all pull together and make it the biggest celebration ever staged in west Texas.

Begin boosting now, for the big celebration and reunion to be held from the 4th to 5th of July. Make it an occasion that will be long remembered.

A Wichita Falls cotton broker has offered 12e per pound for cotton delivered this fall, which is a good indication that the buyers believe that the price will not be lower. With the large acreage and the excellent stand in this section, the Haskell county farmers should be very optimistic over the outlook for this year.

The Abilene Daily Reporter in its Tuesday's issue came out with a headline thusly: "Oil well brought in six miles south of Abilene Tuesday morning." If the supposed well develops into as good a producer as some people believe, it will be the source of many good things for Abilene and will strengthen the rivilary which exists between that place and Wichita Falls.

The candidacy of Dr. S. Brooks for the U.S. senate to succeed SenatorCulberson is meeting with fayor over all sections of Texas, if reports are true. The man stands for something and yet that appeals to the voter who wants a statesman to represent our great commonwealth in the upper house at Washington. Be sure and come out and hear him next Thursday June 1st.

Notice To Our Patrons

The Free Press has secured the services of Mr. W. M. Free of Wiehita Falls, an old time newspaper man, to take charge of our subscription list and act as our field man.

Mr. Free will spend his entire time in the interest of the paper and will try and visit every one in Haskell county. He is authorized to collect money on subscription, job work, advertising, etc.

The writer has known Mr. Free for anumber of years, and we are sure that our readers will find him to be a gentleman and striaght forward in all of his dealings. Any courtesies shown Mr. Free will be appreciated by the management. Respectfully,

Sam A. Roberts, Publisher.

We are glad to take up the field work for the Free Press, as we did our first work of this kind for the present management in another part of the state and it is like coming back to our first love.

Field work is not new to us as we have been in the work for many years. It will be our aim to put forth our best effort in the interest of the Free Press, and serve our patrons to the best of our ability in every way. We will never grow careless or indifferent to our part of the work and we know from past dealings with Mr. Roberts that every effort will be put forth to please the patrons in every way and with your co-operation we will be able to give you a paper that will fully come up to your expectation.

We shall be glad to make your acquaintance by a personal visit to your home just as soon as we are able to reach you. It will be our duty to see you about your subscription to the paper and we trust that you will aid us in placing every name in Haskell county on our subscription list. We hope to meet you and become friends.

Yours truly, W. M. Free.

To the Business Men of Haskell

Capt. T. M. Freeman, agent for the Angla-American Mill Co., man-Roller flour mill is here with a view of locating a mill here. One of these mills is in operation at O'Brien, another at Throckmorton another at Archer City, another in course of construction at Crowell, shows a sensible conservatism and in all probability the District FOR PUBLIC WEIGHER, Prec. Farmer's Union will put another at Munday. Now, our farmers are going to carry their wheat to one or the other of these mills to be made into flour. And they will of course spend a lot of their money in those towns to the hurt For Rent-Two light house of Haskell trade, they "sure will". unless we put up a mill here and that right quick, in which event we will get our full share of this trade. We had better get busy and keep up with the procession.

Installing a Midget Marvel Mill here, is not only gaining a new business asset for this town, but the people of the whole community will hereafter eat sweeter, better flavored bread than ever before. The Midget Marvel Flour sure is fine. None better was ever made or sold in Texas. Attention of the wheat growers is especially called to Mr. Freeman's ad below. - Advertisment.

High Class Memorials in Marble and Granite

I am now representing the National Marble Mills, Atlanta, Georgia, and will be glad to call on you at your convenience, should you be

interested in any size or style memorial.

Ressons Why You Should See Me Before Buying The Company that I represent believe in their work and furnish a written guarantee to each customer.

2 The prices I quote are the lowest consistent with finest quality work and absolutely highest grade of atone.

3 Georgia Marble and Winnsboro Bine Granite are the two finest moramental stones in existence. Their beauty, combined with their lasting qualities make them to none.

We never have—and never will—send out a monument with a sandstone or one base or hottom base. The bases are of the same stone as the die.

I allow the freight and personally supervise the setting up of all monuments.

Warning! Danger!

All persons are warned that there is very great danger in tampering with or coming in contact with, the wires of the transmission lines between Haskell, Rule, Knox City and Munday, or slight contact may result in instant death.

The lines have been installed with great care, and in a manner and great efforts will be made to maintain the lines in perfect condition, but if by any accident any wire should fall within reach it should by no means be touched even with a stick, but the company should be notified of the condition as soon as possible.

Especially should children be warned and parents and school teachers are especially requestto warn them, of the danger of throwing at or shooting at, and especiallyof the danger of throwing wires at the lines, insulators or equipment, as such may

As long as the lines are not tampered with and are allowed to remain as they have been installed there is no danger, as no part which is dangerous has been placed within reach of any person on the ground or while pursuing any usual means of travel.

A Symbol of Health

The Pythagorean of Ancient Greece ate simple food, practiced temperance and purity. As a badge they used the five pointed star which they regarded as a symbol of health. A red five pointed star appears on each package of Chamberlain's Tablets, and still fulfils its ancient mission as a symbol of health. If you are troubled with indigestion, biliousness or constipation, get a package of these tablets from your druggist. You will be suprised at the quick relief which they afford. What Do You Know About The Maxwell Car?

THIS is the time of the year when more people are considering the question of 'what car to buy" than at any other time of the year.

This community has its full share of people who will soon be driving their first car or a new car to replace the old one.

Now, we know that we are going to sell Maxwell Cars to a great many of these people—depending upon how many we are able to acquaint with the merits of the Marwell.

The generous value offered in the car is so evident-its past record is so full of good performance—owners speak so well of it—that when the buyer knows these things, he is eager to buy a Maxwell.

In order to tell as many people as possible about the merits of the Maxwell Car we are going to spend a lot of money in the next few weeks in this paper advertising Maxwell merits to those who do not know them.

The reason-we want to sell as many Maxwells as possible this season. Our future allotments will depend upon how many Maxwells we sell now.

You may know that the Maxwell market is a buyer's market, not a seller's market-broadly speaking. The demand for Maxwells the country over is greater than the supply.

For this reason cars are allotted to dealers by the factory according to the size of the dealer's business.

We want to make a showing and be in a position to get a generous allotment of Maxwells hereafter. Because the more Maxwells are sold in any community, the greater is the future demand. We realize the opportunity to do an ever-increasing Maxwell business.

This is only the first of the several messages we are going to print-a few days apart-concerning the Maxwell Car. But we don't expect to be able to adequately present Maxwell merits in printed words alone.

If you are one who is going to buy a new car you will find it decidedly to your advantage to find out all you can about the Maxwell before you place your order.

Come in and talk it over with us and let us demonstrate the car to you. Then, don't take our word alone, but ask those who now own Maxwells.

Get "posted" about the Maxwell and you will realize more satisfaction and get more "value received" for your motor car money than ever before.

And we are just as willing to have you investigate other cars just as fully as you do ours. The Maxwell will not suffer by the comparison.

Why not start your Maxwell investigation today?

Notice to Ice Customers

As yet the number of ice cus tomers does not warrant us in covering the town thoroughly each day with our Ice wagon.

Those wishing ice will please phone their order in to us early each morning, and the delivery will be made as promptly as possible. As soon as the Ice season opens up sufficiently our wagons will make regular rounds reaching all points of town daily (except Sundays.) We will not make any Sunday deliveries except to make one round of the business district early Sunday

O long as Paige cars are built, we shall unceasingly maintain our policy of building only good cars—with quality our first and foremost consideration.

So long as Paige cars are sold, we shall remain keenly sensible of our obligation to see that these cars render unfailing service and continue to merit the confidence which has been reposed in them.

It is on this basis, that we ask your consideration of the Paige Fairfield "Six-46". We ask you to buy this car-not because of its price-but because of the nameplate which it bears.

We willingly accept our share of the responsibility.

Haskell County School Items

The following schools closed a ery profitable session last Friday the 19th day of May: Jud, Cliff, Mitchell, Dennis Chapel, Post, and Gauntt. Most of these schools closed with interesting and appropriate programs. Several had speaking during the day, dinner on the ground, athletics in the afternoon, and a program at night by the school children. The people quit their work to come out and spend the day in a social way It is gratifying to know that the people taking such active interest in the school work this year, and that they are doing everything that they can to make the country schools compare with the best. Every man and woman should support any move that has for its purpose better schools.

A Distinctive Reason

What is the chief reason for the superiority of Dr. Price's Cream Baking Powder?

There are several good reasons, but there is one which distinguishes Dr. Price's from other baking powders.

This reason, which every woman should know, is that Dr. Price's Baking Powder is made from cream of tartar, which comes from grapes. This means a healthful fruit origin. It means natural food as distinguished from mineral substitutes used in other baking powders.
