### FIRE AGAIN AT THE NORTH WARD SCHOOL

For Second Time within Three Weeks Blaze Discovered last Saturday Night

Again, for the second time within three weeks, the North Ward, or High School Building, was discovered to be a-fire last Saturday night. The blaze was discovered by some of the neighbors near the school, who turned in the alarm. The blaze was discovered about 9 o'clock. Doubtless had it been a few hours later the building would have been totally destroyed.

Saturday night's blaze was confined principally to one room, where the teacher's desk and a number of books were burned. In addition to the destruction of the teacher's desk, a number of the desks occupied by pupils were partially destroyed and charred.

The fire department made a prompt response and soon had the fire extinguished.

Many rumors have been current since the last blaze at the school building, many being of the opinion that a plot to destroy the school building exists. It is stated by some that kerosene oil was plainly visible in the room that was atre, also that a quantity of the oil was spread on the stairway. That being the case, the building would have been destroyed but for prompt work.

Before the beginning of this school term, there had been much talk as to the building being unsafe, leading up to the school board securing the services of an expert to examine the structure. After the building had undergone a thorough examination it was declared to be safe. The opinion is advanced by some that fear of the building being unsafe might be the cause for the attempts to burn the school, if the two recent fires there were of incendiary origin.

Officers have been diligently at work on the case trying to discover a clue as to the origin of Saturday night's blaze. Up to this time, we understand, there has been no clue unearthed.

The North Ward school building is constructed of concrete and cement, having been built just a few years ago at a cost of something like forty thousand dollars.

At present the building is taxed to its capacity to take care of the large number of pupils that attend there, and should it be destroyed, a serious problem would confront the school board and patrons in providing quarters to continue the school.

### STREET LIGHTS TO BE ON SOON

Ornamental Light Poles to be Placed Around Square and Street Leading to Station

Haskell street's are to be lighted, electrically.

Arrangements have been perfected for the turning on again of Haskell's street lights, and on a more magnificent scale than ever before. This time, with the advent of the lights, handsome ornamental posts will be placed on the square and on the street leading to the depot. Twelve of the ornamental posts will be placed around the square and others will lead to the station.

At last Thursday evening's session of the city council the proposition of the lights and posts was tully decided upon, and accordingly the order for the posts has gone forth. There has been much talk of late looking to the lighting of the streets, and the city council has had the matter under consideration for some time past. Just as soon as a fund was available for the lights, the order was passed.

Large 150 candle power globes will be used, and these large lights with the posts, will make an attractive array for the town.

The present city council had many obstacles to overcome, and a policy of strict economy has been practiced throughout. The fact of the matter is, though probably not generally known, the city of Haskell was more than Fifteen thousand dollars in debt when Mayor Cahill and the present board of aldermen took over the reigns of the municipal government. Also, when they took office, city script was worth only something like forty cents on the dollar, while it now brings, at least ninety-five cents, and in many instances, full value. The city's finances are now in better condition than in many years, doubtless largely due to the policy of rigid economy as pursued by the council.

Another fact probably not generally known, is that the present city council have rendered their services without compensation, which of course has meant a large saving to the tax-payers, at the same time, allowing the city to more rapidly get out of debt. So far as the members of the council are concerned, individually and collectively, they would have been more than pleased to have had the street lights on before now but as a matter of economy, deferred action upon the matter until a time when the finances of the city would permit the service, and we are pleased to announce that the time has arrived when the city will be well lighted, as to street lights.

#### Report Fair as Good

During this and last week many Haskell people have been down to Dallas to attend the great State Fair. All report the Fair as great this year. One of the big attractions this season is the aerial flights of Art Smith, the famous aviator, who performs all manner of antics in the air. As this is the last week of the fair, doubtless many more will go from here the last of this week.

### Prosperity

It seems to be in the air. We have been compelled to enlarge our sales force in both Dry Goods and Grocery departments on account of the continued increase in our business.

### Some Splendid Bills At Dick's Theatre

There have been some mighty good photoplays put on at Dick's Theatre of late. The Paramount features, which have lately been added to the repertoire of this playhouse, are proving great winners. Of late there have been some especially good features, with such noted stars as Marguerite Clark, Mary Pickford and others, appearing.

On Monday of this week John Barrymore was the attraction at the theatre, appearing in: "Are You A Mason?" The picture was pronounced great by all who witnessed it.

Perhaps one of the most enjoyable picture plays of this week was an Essanay comedy

Wednesday in which Charlie Chaplin appeared in the leading role. This picture was a veritable "scream." Chaplin never fails to bring down the house when he appears upon the screen.

All other programs have been good, and many notable features are announced by the management to appear in the near future.

#### Charged With Assault.

Following a difficulty that occurred Monday night, one of the participants was placed under bond in the sum of \$250.00. We understand that a charge of assault and battery was preferred against him. One of the gentlemen involved in the altercation is a resident of Haskell, while the one placed under bond is a showman, we are told.

### The Haskell National Bank

With a Capital, Surplus and Profits of **\$90,000.00**

Offers banking facilities, and safety for your deposits that is unexcelled in this portion of the State.

We are ever delighted in the prosperity of our farmer and merchant friends and customers. We foster and encourage any movement that will advance your prosperity and we now further advocate the idea of a broader diversification. Now is the time to get entirely above the level and to provide additional revenues outside of the farm. The idea of more silos and pig pastures appeals to us very forcibly. And too, if you can profitably use a few more milch cows they should be provided. Their product and increase bring you money when your crops do not. We are helping some one branch out in one of the above lines every day. We are ready to help you.

Come and talk these matters over with us and bring your cotton checks along for cash or deposit. We are glad to handle your checks with cotton tickets attached, on any other bank.

*We are Strong, Safe and Conservative.*

**\$37** For Your Seed  
**SPOT CASH** **\$37**

Mr. Farmer, we began buying seed last year and since we began Haskell has led any town in West Texas in price and paid as high an average price as any town in Texas. Some farmers appreciate this and haul us their seed. Some don't. Whether you haul us your seed or not you have profited. You have money in your pocket you would not have if we were not buying. The farmer who does not haul us his seed is not doing us right nor himself. You have no excuse for talking hard times or to ask more for your cotton when you won't take more for your seed when you are offered more.

IT IS A FACT that the independent buyers are the sole cause of seed being the price they are today.

IT IS A FACT that your cotton is bringing more on the streets because we are buying your seed.

You want all your cotton is worth, why not take all your seed will bring?

Now, Mr. Farmer, you can put your seed higher if you want to. If not you will and ought to take less. We will take your seed day or night and furnish a man to unload it. We pay more for your seed in **SPOT CASH** as well as trade.

Now, Mr. Farmer, if you are sincere in wanting more for your products you may haul us your seed.

HASKELL, TEXAS, Oct. 30, 1915.

Haskell leads the procession as a market point.

This is the logical town in which to market your cotton and seed. There's a reason, principally the high prices that prevail.

One man told the writer that up to last Saturday night that he had paid out, in good cash, one hundred and seven thousand dollars this season for cotton seed. And he is just one of a large number who buy seed here. Verily, Haskell is THE market center of West Texas.

We note by Sunday's issue of the Abilene Reporter that Judge Thomas L. Blanton is again in the race for Congress. In fact, he says has never quit running since he announced two years ago. He states that he expects to make the most energetic campaign of his life, and will speak in every county in the district.

Amusement features for Haskell have not been lacking during this week. In addition to the very best moving picture theatre in the West, which is always with us, there has been a big carnival going on under the auspices of the local Fire Department. Everybody has been having a big time, and on every hand, prosperity is apparent.

A hint to the farmer: Now that Haskell business men have demonstrated that they have the interests of the county at heart and have made of Haskell the best market town in the entire section, would it not be proper to reciprocate by throwing away all mail order house catalogs and doing your buying exclusively in Haskell?

Tuesday's news dispatches from Como, Italy, bring the news that Porter Charlton was found guilty of killing his wife. His penalty was assessed as six years and eight months imprisonment. Charlton is the young American who a few years ago is alleged to have killed his wife and placed her body in a trunk, throwing the trunk into a lake in Italy.

## THE HASKELL ICE, & LIGHT CO.

The Fort Worth Record has made a strong fight in behalf of the cotton growers of the state; there have been telling results from the campaign waged and advice offered by this splendid newspaper. Now, to show their appreciation, some of the leading cotton growers of the State have started a campaign looking to the matter of securing many more readers for the Record. In addition to being one of the very best newspapers in the country from the standpoint of the farmer, the Record in many respects, we think, surpasses any paper that it is our pleasure to receive on the exchange list.

Read the ads in the Free Press. Then when you make your purchases go to the merchant who spends his money for advertising. By so doing you help to maintain the community newspaper, which all are agreed upon as one of the greatest assets of any town. Another thing, the merchants who advertise always have the best values to give, as the volume of their business is greater and they are constantly getting in new goods. The live merchants who advertise are the progressive ones, and the ones who make your town. Bear this in mind when doing your shopping.

Haskell is promised some nice entertainment features in the near future, through the energetic efforts of the ladies of the Symphony Club, who have perfected arrangements for the bringing here of a high-class Lyceum Course. Every citizen should show appreciation of the ladies' efforts by purchasing a season ticket when the ticket campaign is launched. Help the club to make of the event a financial success. They have placed a guarantee to secure the numbers, and unless the co-operation and patronage of the local citizens are had, the Symphony Club will lose a large amount of money.

### FEED AND FORAGE

For about two years now the farmers of the South have been advised to plant more feed and forage crops and less cotton, and they have apparently taken the advice in great measure. Bulky crops are so abundant that the railroads from El Paso to Norfolk are feverishly gathering rolling stock to move the tonnage. The Central of Georgia railroad has recently ordered a thousand freight cars and ten locomotives, and the Illinois Central, which controls the Central of Georgia, has duplicated the order with the addition of ninety locomotives. These are but recent announcements, the like of which have been going through news channels for the past two months.—Ft. Worth Record.

### WHAT HASKELL NEEDS

(Editor's note:—The following article is from the pen of a citizen of Haskell, who has given the matter of the feed value of maize, feterita, etc., a careful study. We commend this article to your careful perusal):

It has been suggested that one of the greatest needs of this community is a grist mill for grinding our maize and feterita for stock feed and human consumption.

The chemical analysis of maize shows it to contain about the same percentage of protein as corn, and to be only about ten per cent less valuable for feed stuff, while that of feterita shows it to contain about twenty per cent more protein than corn; nearly equal to oats as a feed stuff, especially for young, growing stock, in growing muscle, tissue, or lean meat.

It is claimed by some that maize will run milch cows dry. No such thing. But a cow cannot eat and digest maize in its usual form. But if maize and feterita are ground into meal, not merely chops, and moistened or soaked for a few hours and fed in connection with pasturage or plenty of roughness, the cows will give an abundance of rich milk, and besides, there is no doubt but that meal from maize and feterita make good bread and pancakes.

Although these feeds are raised in super-abundance in Haskell County, we have no suitable custom mill for grinding them for our farmers, with which to make their own meal for bread and feeding their cows and hogs. Let some enterprising Haskell citizen look into this matter; it will pay to do so.

### Citation by Publication

The State of Texas,  
To the Sheriff or any Constable of Haskell County—Greeting:

You are hereby commanded, that you summon, by making Publication of this Citation in some newspaper published in the County of Haskell, once in each week for four consecutive weeks previous to the return day hereof, Olive Casper and husband, E. M. Casper and Carmen Callahan, who are non-residents of Texas, and whose residence is unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be holden in the County of Haskell at the Courthouse thereof, in Haskell on the 22d day of November, 1915, then and there to answer an amended Petition filed in said Court, on the 18th day of October, 1915, in a suit numbered on the docket of said Court No. 2295, wherein Fred C. Salvagiot is plaintiff and Olive Casper, E. M. Casper and Carmen Callahan are defendants. The nature of the plaintiff's demand being as follows, to-wit: For title and possession of a part of Block 48, Brown and Roberts Addition to Haskell, in Haskell County, Texas, Beginning at a point in W. B. line of said Block, 52 feet south of its N. W. corner; Thence South 208 feet; Thence East 130 feet; Thence N. 208 feet to S. E. Corner of S. H. Tucker lot out of same block; Thence with S. B. line Tucker lot 130 feet to beginning.

Plaintiff alleges that T. A. Johnson is common source of title, and conveyed said lot on Dec. 20, 1909 by deed to G. W. Callahan, a part of consideration being 2 notes for \$56.45 each, 10 per cent interest, and due Dec. 20, 1910-11, and retained vendor's lien upon said lot to secure payment. That said Johnson transferred said notes with the superior title to said land to Plaintiff, the present owner and holder of same. That said Johnson at time of assignment of said notes held the superior title to said land. That said G. W. Callahan died, leaving as only heirs his wife Olive Callahan, who since married E. M. Casper, and minor daughter, Carmen Callahan; and that said notes are still unsatisfied. Defend-

ants are charged with possession of said deed, and notified that said notes are lost or misplaced, and to produce said deed or secondary evidence will be used to prove contents of same and of said notes upon the trial of this cause.

Herein Fail Not, and have you before said Court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Haskell this, the 18th day of October, A.D. 1915.  
E. W. Loe, 43 4t  
Clerk District Court  
Haskell County, Texas.

### Constipation and Indigestion...

### BILLION DOLLAR FARMERS

The harvest of the American farmer this year is certainly abundant. With a wheat crop exceeding a billion bushels, three billion bushels of corn, a billion and a half bushels of oats, surely we might be called billion-dollar farmers. But this is not all. Cellars, pantries, storehouses, etc., are filled with goods and barns are full of feed, fat cattle graze the pastures and the banks are custodians of the farmer's cash.

Our export demand has emptied the warehouses of last year's crops and products of the farm, orchard and garden are bringing excellent prices. Today we are at peace with the world and in a condition to supply a large part of the foods needed by the armies of Europe.

There has never been a better opportunity for farmers and other business than now. There is every reason why intelligence and perseverance should succeed. There is business for the deserving who work for it and who are willing to give a dollar's worth of service for a dollar in cash.—Farm and Ranch.

### Boy Taken Into Custody

On Monday evening the county officers took into custody a youth who lives out several miles from town. It is stated that the boy was acting in a strange manner, and had caused some little disturbance at various places of business. The boy is said to have left his home early Monday morning, riding into town. The officials took him in charge for the night, and on Tuesday morning notified his parents of his whereabouts. The boy while said to be some thing like 18 or 19 years of age, was of small stature, and did not look to be more than 15 or 16.

# HUSBAND RESCUED DESPAIRING WIFE

**After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.**

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "Home Treatment for Women," sent in plain wrapper.

## Haskell is No Exception

**Haskell People Come Out as Frankly Here as Elsewhere**

Haskell people publicly recommend Doan's Kidney Pills. This paper is publishing Haskell cases from week to week. It is the same everywhere. Home testimony in home papers. Doan's are praised in thirty thousand signed statements, published in 3000 communities. Haskell people are no exception. Here's a Haskell statement.

E. L. Frierson, telephone line-man, Haskell, says: "My kidneys were badly disordered and I had heard so much about Doan's Kidney Pills, that I got a box from Jno. W. Pace & Co's Drug Store. The worst symptom of the trouble was pain in my back and my kidneys didn't act as they should. Doan's Kidney Pills relieved me before I had used them long and I intend to continue taking them with increasing benefit."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Frierson had. Foster-Milburn Co., Props., Buffalo, N. Y.

### H. E. Garrett Was Here

## Girls! Have Wavy, Thick, Glossy Hair Free From Dandruff

**Save your hair! Double its beauty in a few moments—Try this**

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?

Mr. Nathan C. Smith, for many years a resident of Haskell, but now of Hagerman, New Mexico, was in the city the first of the week greeting old friends. He made an appreciated call at the Free Press office.

Don't stay stuffed-up! Quit blowing and snuffing! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound" which costs only 25c at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.

### Oil News

We are advised that actual drilling began on the well on Hughes Bros. ranch lands east of Stamford this week. Work on the well will be pushed with all possible speed. Drillers hope to reach what is known as the Bunkley sand within forty or fifty days. This proposition is backed by a few Haskell and Stamford men and they have ample machinery, etc., on the ground to go 2500 feet if necessary. However, they hope to get a good paying well in the above mentioned sand, which they figure to encounter at about 1600 feet.—Stamford Leader.

### Seed Market Still High

The market price for cotton seed in Haskell still hovers around forty dollars per ton, with many loads of seed coming in daily. The cotton market, also, holds up fairly well. It is the prediction of many that within a few more weeks the price of the staple will attain a price of fifteen cents, while others believe it will not go so high.

Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back and out comes the pain. It is harmless and doesn't burn the skin.

Limber up! Don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. ## A Child's Tongue Shows if Liver or Bowels Are Active

**If cross, feverish, sick, bilious, give harmless fruit laxative at once**

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, Mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeiters sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

You men and women who have headache, coated tongue, a bad cold, are bilious, nervous, upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

### B W M W

Monday evening 36 of the Society members and other members of the church met in the home of Mr. and Mrs. Hughes in a social meeting. Sister Groom was the honoree of the occasion, and the ladies showed in various ways their love and appreciation of her and her work since she has been in our midst. Quite a host of ladies from the other churches were welcomed, each one bringing her love token, all of which were presented to the Honoree by Mrs. B. M. Whiteker, and a charming response was given. Different contests brought a round of merriment. Mrs. Key's solo will long be remembered for beauty of word, and voice. Mesdames Scott and Russell delighted all with their piano duet. Refreshments of sandwiches and chocolate was served, and all present felt that the hours passed all too soon, and in one voice praised Mrs. Hughes and Mrs. Craft for the happy afternoon.

**NEGRO FATALLY SHOT WEDNESDAY NIGHT**

Shooting Occurred at an Early Hour Wednesday Night. One Dead, Other is in Jail

In a shooting affray which occurred Wednesday night, between 9:30 and 10 o'clock, Arthur Moore was fatally shot, dying in just a few moments following the shot. It is said that Geo. Henderson, better known as "Snake George," fired the shot that ended Moore's life. Both parties to the affray are negroes.

Up to the time this is written, late Thursday evening, "Snake George" is still at large. However, the officers have a clue that they believe will shortly lead up to his apprehension.

Night Watchman Lemmons was not far from the scene of the shooting, and saw the flash of the revolver. He caught one of two negroes that ran following the shooting, but the man wanted succeeded in eluding arrest. While Mr. Lemmons saw the flash of the shot, it was impossible for him to see the negro who did the shooting, and he did all that was possible to capture the guilty one.

The shooting occurred just in front of the Haskell National Bank and had the shot intended for Moore missed its mark, doubtless the lives of many white people would have been endangered. A number of autos were directly in range of the shot, and most of them were filled with people. Moore, after being shot, ran across the street, opposite Sherrill Bros. & Company's store, fell, and expired within a few seconds.

It is said that two negro men were quarrelling in front of the bank, and that one of the men in the quarrel was a relative of "Snake George." It is not known whether or not any ill will existed between the dead negro and the one that did the shooting, it being the opinion that the latter fired the shot to take up for his relative. The revolver used is believed to have been a 38-calibre.

Two negroes are now in jail in connection with the shooting, but it is not thought they will be held other than as material witnesses.

Henderson, or "Snake George" at the time of the affray Wednesday night was out on bond for another offense.

LATER—George Henderson, alias "Snake George," is in the county jail, having been captured just before dusk Thursday evening. He was apprehended about two miles south of Rochester. In the party that effected the capture were Sheriff W. C. Allen and Deputies Edwards and Kirkpatrick and County Attorney Kline.

The officers espied George crouching in a field and immediately took to the field after him. At the time of his arrest, Henderson had the gun with which he did the shooting in his hand, but without any trouble the negro handed the gun over to the sheriff. The cylinder of the revolver contained an empty shell, supposedly the shot that killed Moore.

After being brought to jail, Henderson was seen by the writer, and asked if he had any statement to make for publication. He talked freely, stating he fired to save his own life, as he believed Moore was about to shoot him. He stated that the dead negro made for his hip pocket as if to draw a weapon. Henderson also stated that previous to the shooting he and Moore had had some warm words over the matter of some money Moore desired to borrow from him. He said Moore had cursed him before the trouble leading to the shooting.

The capture Thursday evening of Henderson was a neat piece of work upon the part of the officers, who had worked diligently throughout Wednesday night and all day Thursday, until the arrest was made, on the case. Both the county and city officers were active in working out plans looking to the arrest of Henderson.

**Citation by Publication**

The State of Texas, To the Sheriff or any Constable of Haskell County—Greeting:

You are hereby commanded, that you summon, by making Publication of this Citation in some newspaper published in the County of Haskell once in each week for four consecutive weeks previous to the return day hereof, S. Baker, whose residence is unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be holden in the County of Haskell at the Court House thereof, in Haskell on the 22nd day of November, A. D. 1915, then and there to answer the Amended Petition filed in said Court on the 21st day of October A. D. 1915, in a suit numbered on the docket of said Court No. 2319, wherein Mrs. W. R. Kelly and husband W. R. Kelly are plaintiffs and S. M. Baker is defendant. The nature of the plaintiffs demand being as follows, to-wit: Plaintiffs sue defendant for title and possession of lot 10 and 184 feet off the West side of lot 11 in Block N of the Courtwright & Smith addition to Haskell, Haskell County, Texas.

Plaintiffs allege that they are common source of title and that plaintiffs conveyed said premises to S. M. Baker, defendant, by warranty deed, dated Dec. 13, 1911, recorded in Vol. 49, page 68, Haskell County Deed Records, a part of the consideration being four notes for \$200.00 each, of even date with said deed, with 8 per cent interest from date, and due 1, 2, 3 and 4 years from date; that though long since past due, none of said four notes have been paid; that said deed and notes recite the retention of the vendor's lien to secure the payment of said notes, which are still due and unsatisfied.

Defendant is charged with possession of said deed and is hereby notified to produce the same upon the trial of this cause or secondary evidence will be used to prove its contents.

Herein Fail Not, and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

**BIG CARNIVAL HAS BEEN A SUCCESS**

Large Crowds Have Prevailed Throughout the Week and All Have Enjoyed Occasion

The big carnival is on this week.

Under the auspices of the Haskell Fire Department, the Southern Amusement Company's carnival attractions are here this week playing to well-pleased Haskell crowds.

Judging by the first three night's crowds, the carnival is due to be a huge financial success, as on Monday, Tuesday, and Wednesday evenings huge throngs of humanity have packed the grounds upon which is situated the carnival. Monday night, the opening night, there was what would be called a large crowd out, but each succeeding night has witnessed an increase in attendance.

The weather thus far this week has been ideal for the successful carrying on of the carnival. There has been so far no accidents or displays of rowdiness to mar the pleasure of folks attending the carnival. The best order has prevailed. Mr. Don C. Stevenson, the genial manager of the Southern Amusement Company has been ever on the alert looking after the comfort of the patrons of the carnival. We find him to be a splendid gentleman and an excellent manager. He makes it a rule to bar everything from the grounds that might be classed as "rough stuff" and there is no attraction in his entire group of shows but what are clean, and to which ladies and children can safely attend unattended. In fact, the Southern Amusement Company is an extraordinarily clean set of attractions, the kind that are always welcomed back to a town for return engagements.

There is one show, in particular, that is deserving of special mention, and that is the Old Plantation show. This show is in fact an up-to-date minstrel show, fully the equal of most one-night stand minstrels that travel the country. And the show has been put on to a full tent at each performance. The other shows are good, too.

In addition to affording a week of pleasing amusement for Haskell people, the fire boys share in the proceeds, and doubtless will realize a nice sum as their part of the week's business.

The Southern Amusement Co. goes from here to Stamford, where next week they play under the auspices of the Stamford Fire Department.

**Turkey Red Wheat at a Bargain**

Some of the Turkey Red wheat shipped here from Nebraska and sold at \$3.75 per bushel, was not taken and was sold by the bank. We have it and will furnish what we have at \$1.50 per bushel, less than half the price at which it was sold. We have also the red May wheat, Nicaragua wheat, Mediterranean and common mixed wheat for seed.

A small lot of genuine Mebane Triumph cotton seed from the Mebane Co. recommended by him himself, for exchange for common seed, one for three bushels. This is a chance for highest grade seed easy.

**J. S. Martin to Have Permanent Sales Stable**

As was announced by his ad in the Free Press last week, J. S. Martin Saturday held an auction sale of mares in the city. The sale was a success and some very nice stock was placed on sale. W. R. Hilton, of Stamford, officiated as auctioneer at the sale.

Mr. Martin this week left for his farm to make arrangements for the shipment to Haskell of a large list of fine brood and farm mares, and will shortly have another sale in the city. Mr. Martin has for some time past been contemplating locating in Haskell, and it is now assured that he will establish a permanent sales stable here.

The McKelvain Trading Company has purchased the property where Mr. Martin's sale was held last Saturday, and the company will cause to be erected suitable sales stables, and good stock will be kept on hand at all times for sale.

Mr. Martin is a splendid gentleman, one who knows the stock business thoroughly, and will make a valuable addition to the citizenry of Haskell. There has been much favorable talk of the sale held last Saturday, everyone being pleased with the manner in which same was conducted, and all were agreed that some splendid values in stock were offered, and some sold for remarkably low prices.

**Roberts Ripples**

### Extra Fine Apples From New Mexico

J. O. Stark was in town Monday, and while here received through the local express office a box of fine apples from New Mexico. The apples were sent to Mr. Stark by T. E. Young, who lives at Hope, New Mexico. Mr. Stark and Mr. Young were friends and neighbors back in Bell County a number of years ago, Mr. Young moving to New Mexico about the same time Mr. Stark came to Haskell county.

The apples were of the large white variety, and the best eating apples we have seen. We have always heard that New Mexico is a fine fruit country, and if the fruit received by Mr. Stark is an average of what they raise there, we are convinced that New Mexico's claim to being a fruit country is a thoroughly legitimate claim.

The editor and family are indebted to Mr. Stark for a large sack of the apples, for which he has our thanks. They were fine.

### Marriage Licenses

The following permits to wed have been issued from the office of the county clerk since last report:

Frank Boyd and Miss Lula Thornberry.

### Chamber's Novel Advertisement

E. A. Chambers, who conducts a feed store and is also one of the live wires in the coal business, is putting out with his compliments, to his customers, some novel advertisements. We acknowledge, with thanks to Mr. Chambers, two of the pokers, one for the office and one for the home.

Present at last Thursday night's session were:  
Mayor T. C. Cahill, presiding; Aldermen K. D. Simmons, N. McNeill, Jno. L. Robertson, H. M. Rike and J. J. Guest; City Attorney F. L. Daugherty; City Secretary-Treasurer Leon Gilliam, and City Marshal Alex Edwards.  
One of the important matters discussed and finally disposed of was the matter of the street lights, mention of which appears in another column.  
Another advance step taken up and discussed was some extensive street improvements. It is likely that some very much needed improvements along this line will take place in the very near future.

**Ladies Auxiliary Had a Sale**

Special mention should be given the Ladies' Auxiliary of the Methodist Church for their bazaar, which was held in the old Donivan building, last Saturday. Booths containing candy, groceries, magazines, cakes and toilet goods were in capable hands and the sales netted the ladies something over forty dollars. The feature of the day was the parcel post window, conducted by Mrs. R. C. Montgomery, from which a great deal of pleasure was derived.

At noon, and again in the afternoon, tea and lunches were served. The following stores donated most liberally: Corner Drug Store, West Side Pharmacy, Pace's Drug Store, Alexander & Sons, Hunt's, Hancock & Company, Grissoms', Posey & Hunt, W. W. Fields & Son, and A. F. Rutherford's Grocery.

**Kansas City Live Stock Markets**

Kansas City Stock Yards, Oct. 25, 1915.—There was a strong demand for yearlings and twos last week and good ones sold 10 to 15 higher. Good feeders also sold slightly stronger, and grass beef steers fully steady, corn fed cattle 10 to 25 higher. Cows and bulls lost 10 to 25 cents. Today the supply is 45,000 cattle, market on killing 15 lower, common stockers 15 to 25 lower, cows steady to 10 lower. Trade was active, a very large percentage of the supply being stock cattle, and plenty of buyers are here, while the relatively small number of killing cattle found ample outlet at the killing noted. Offerings, of course, included a wide variety, but the demand was equally as diversified. Panhandle yearlings of high breeding sold up to \$8.30, good ones around \$7.80, plain, \$6.75 to \$7, twos up to \$7.75. Colorado twos sold around \$7, yearlings \$7.25 to \$7.40, one lot of 1000 lb. feeders at \$71.5. Colorado-Southern beef steers \$6.15 to \$6.50, 23 cars of Wheeler & Lavender beef steers, 1000 lbs. at \$6.85, Colorado cows \$5.50 to \$6.00. Cattle receipts here today were largest on record at Kansas City for a single day's market, and the clearance made showed a remarkable demand for all classes of cattle. It is the buying season in the corn states. One Ohio order for fifteen carloads went unfilled, the buyer unable to get anything at what he considered low enough prices. Sheep and lambs sold 10 higher, top fat lambs \$8.75, fat yearlings \$6.50 to \$7.55, some feeding yearlings at \$6.90, fat ewes \$5.40 to \$6, feeding ewes at \$4.50 to \$5, breeders \$5.50 to \$7.25. Receipts are decreasing rapidly, 8,200 here today, and dealers here believe strong markets will rule during the next two months at least.
