

FARMERS' INSTITUTE WILL BE HELD HERE

Mr. J. A. Kinard, Assistant Organizer of Farmer's Institutes for the State Department of Agriculture, will hold a farmers' institute at each of the following places:

- Haskell, July 3, 3:00 p. m.
- Weinert, July 5th, 3:00 p. m.
- Munday, July 6, 3:00 p. m.
- Goree, July 8, 3:00 p. m.

Attention will be given to food and feed crops as can be planted after harvesting small grain and other crops. The importance of these follow-up crops to increase the farmer's food and feed supply calls every patriot to do his best; also the fixing of the price of cotton by the government and its relation to the grower will be discussed.

We specially invite the press, the industrial department of the railroads, the business men and all agricultural organizations to co-operate in getting a large attendance to hear these valuable lectures. We are in the fight to win the war by producing more food and feed. Come and help us. Ladies especially invited.

Fred W. Davis, Commissioner of Agriculture.

REGISTRATION OF WOMEN BEGAN HERE WEDNESDAY

Registration of women who will take part in the primary July 27th, was begun here Wednesday by Tax Collector H. H. Langford.

Whether all women in the county expect to vote in the primary will register is a matter of conjecture as it was generally understood over the county at one time that it would not be necessary for the women in Haskell county to register in order to vote, but the ruling of the Attorney General requires all to register to be on the safe side for their right to vote would not be questioned.

Forty-two women registered here Wednesday, the first day.

Weinert W. S. S. Society

The ladies of Weinert organized a W. S. S. Society here with the following officers:

Miss Wilhelmine Williams, chairman.
Mrs. Joe McCullough, Secretary.
They organized with sixteen members present.

LUMAN CASE CONTINUED UNTIL NOVEMBER

The case of the state versus Will Luman, charged with murder in connection with the killing of J. F. Bostick in Fisher county, in 1915, was called in Anson Monday morning, having been transferred from this county, but was continued on motion of attorneys for the defendant, on account of the absence of witnesses.

The case was transferred back to Haskell county and set for the November term of court.

Alfred Rasberry, who was charged with murder in connection with the same killing, was given 10 years, in District Court at Anson last week.

Grandpa G. F. Glenn left Thursday for Temple where he will visit his grand children for several weeks. He expects to be away for about six weeks.

Mrs. Alex Edwards and children returned the first of the week from Lawn Texas, where they had been visiting Mrs. Edwards parents, Mr. and Mrs. J. M. Stevenson.

WEB WORMS ARE DOING GREAT DEAL OF DAMAGE

The web worms have seriously damaged the growing cotton crop in Haskell county, and reports are coming in that they are still at work in parts of the county. When they strike a field of cotton, they generally make quick work of it, and are capable of doing a great deal of damage in a very short time. Some of our farmers have hooked up to their cultivators and drove to the field to find that the worms had destroyed their crop in one night's time. They seem to do greater damage where the cotton has been freshly plowed, and are not so bad where it has not been worked. The worms, together with the drouth, makes crop prospects very discouraging, but with a good rain soon, we believe that Haskell county will come to the front this year with a good crop.

Presbyterian Church Notice

There will be no services at the Presbyterian Church Sunday as the pastor expects to go to Throckmorton for that day.

S. B. Hoyt.

CONGRESSMAN MARVIN JONES SPEAKS IN THE NORTH

The following is an editorial from the Evansville, Indiana, Courier, and as our Congressman, Marvin Jones, has made a splendid record at Washington, and is being sent out by the government to different sections of the United States to make patriotic speeches, we are publishing same to refute some of the allegations that has been made regarding his loyalty to the administration.

"A RISING TEXAN"

"The meeting of the Indiana Editorial Association was made distinctive by the address of Hon. Marvin Jones of Texas.

"The editors, accustomed to hearing at their annual meetings the most eminent men of the country, were thrilled by the eloquence of the young statesman from Texas. He began his speech late in the evening, but he got the attention of his hearers at once and held them breathlessly till his final climax was rewarded by rounds of applause.

"The Lone Star State has given many eminent men to the councils of the nation. The guests in the crowded banquet hall predict that in Congressman Jones Texas is adding another to her many luminaries.

"Indiana pays her respects to Texas and congratulates her sister commonwealth on sending to the halls of congress the brilliant and eloquent young statesman, Marvin Jones. His career will be watched from the banks of the Wabash with the keenest interest and his successes with the utmost satisfaction."

Rule Employs J. N. Moseley for Superintendent of The High School.

The school board has employed Prof. J. N. Moseley of Baird for superintendent of the Rule High School for the ensuing term. Prof. Moseley comes well recommended having had charge of the Baird High School for 2 years prior to coming to Rule. He graduated in the State University at Austin in 1916, and has been teaching since that time in the schools of Texas. He is a native Texan, and a man of strong character. We predict a successful term for the Rule High School under Prof. Moseley's guiding hand.

Singing at Joe Bailey Sunday Was a Success

Rev. Joe R. Mayes sang at Joe Bailey Sunday afternoon. The singing was well attended by the home people and some real good singing was enjoyed. After singing until the congregation began to tire Rev. Mayes preached an interesting sermon which all present appreciated very much.

Mrs. W. L. Massengale and children returned last week from Blum, in Hill county, where she has been visiting relatives and friends for quite a while.

Chock Thomas returned Tuesday from Weatherford, Dallas and Fort Worth and other points where he has been on business.

Miss Loraine Cary returned home with Mrs. Alex Edwards from Lawn and will spend the summer with Mrs. Edwards.

FIFTEEN BOYS LEAVE FOR CAMP TRAVIS

Fifteen more Haskell County's boys left this city Wednesday afternoon for Camp Travis where they will enter training in the National Army. Those who composed the party were: Christopher Columbus Hager, Fred Copps, Chas. H. Moeller, Ewell B. Lusk, Tillman Smith, Alfred F. Brandenburger, Jesse J. Benson, John Franke, Luther Pope, Jas. E. Boyd, Terry L. Robertson Clifford C. Rose, Joe H. Stockton, Aubrey L. Robertson, Jerry F. Morrison.

The Local Exemption Board has received the questionnaires for the new registrants and they will be mailed to those who registered June 5, 1918, this week. Beginning Tuesday 25 per cent of the questionnaires were mailed each day until all were mailed.

Beginning July 1st, the Local Board will begin the re-classification. All who who have married since June 5th, 1917, will be placed in either Class 1-A or 2-A, according to Hon. W. H. Murchison, Chairman of the Local Board. No deferred classification will be permitted on account of dependent wife, but deferred classification may be claimed on account of child, born or unborn on June 9th, 1918. No deferred classification will be granted to the new registrants who have married since January 1, 1918.

Hon. W. H. Murchison, Chairman of the Local Board, is attending a meeting of the Local Boards of the Northern District of Texas at Fort Worth this week.

JOHN BARLEYCORN BIDS FAREWELL TO TEXAS

John Barleycorn packed his grip and has moved from the State of Texas. He made his departure Tuesday of this week. He will be sorely tried to find a place to lay his head. But few states remain where he is even tolerated and even in these the powers that be are preparing to hand him his hat.

There were but few wet spots left in Texas after the zone law went into effect and they passed out at 9:30 Tuesday night when the state wide law went into effect.

Ice Cream Supper at the Home of V. A. Brown Well Attended.

The young people met at the home of Mr. and Mrs. V. A. Brown of the Gilliam community and enjoyed an ice cream supper last Friday night. The new game of snap was played to a queen's taste and all present had a good time. Plenty of cream for both young and old was made and Mr. and Mrs. Brown distinguished themselves as chief of entertainers. It was late in the night when the crowd broke away, with hearts filled with appreciation for the happy occasion.

NEW FARMERS' ORGANIZATION PERFECTED RECENTLY

A new farm organization has been founded, known as "Farmers' Fraternal Loyal League." The Farmers' League is only a little more than a year old, was organized April 9th, 1917. The founders believe that they have at last found an organization into which the cotton farmer can be successfully organized. Its membership is to be composed of cotton and peanut farmers only. It's first years existence has been handled secretly. Its plans carefully and cautiously laid, and its members selected with care. In selecting a man to head the new organization, the honor has been conferred upon Geo. E. Courtney of Haskell, Texas. It is said, that he is peculiarly fitted for the duties of this character. He is a Texan by birth, and was reared in the cotton patch, and in recent years has been connected with other business as well as farming. He has been a presiding officer in the Farmers Union 14 years in succession. He served two terms as vice president of the Farmers Union of Texas, and was elected the first President of the Wichita Valley District Farmers Union, which was at one time the largest District Union in the State, in fact, one-

third of the membership of the State was in the Wichita Valley District. He was reelected President of the District each year for nine years in succession, without opposition. Said District being composed of the organized counties north and west of Fort Worth. He is recognized as being one of, and possibly the best presiding officer and parliamentarian among the organized farmers of the State.

During the 14 years that he served as presiding officer, he has wielded the gavel over many State, District and County meetings in which many heated battles have been fought, lost and won. He has made hundreds of rulings while many measures and resolutions were being hotly contested, and holds the record of never having a single one of them reversed by an appeal to the house. No charges have ever been brought against him. He has taken but little stock in politics. Has never held a political job or run for office.

The Farmers' League is unlike other Farm Organizations, and its purpose and policy should not be opposed by

FROM THE FIELD

By W. M. FREE

Last Saturday we had planned to spend most of the day in the city, but when a good friend says "let's go" it is hard for us to say no. Rev. H. A. Lamb of Foster asked us to accompany him to his appointments at Rockdale church in the southeastern part of the county, near Nabors store and postoffice. We gladly accepted his offer and soon we were off, driving his pony, Blue Jay, who with just a little persuasion soon reached Paint Creek where Bro. Lamb gave him a good feed of corn while we took refuge under the spreading branches of a large elm, and basked in the cooling shade and looked upon the placid waters of the creek, wishing for hook and bait, that we might quench our thirst for fishing, which had become very great at this time and was almost unbearable. But we were wholly unprepared and had to go away from the place as we had come, "empty handed." We drove to the home of J. E. Bunkley, who owns a ranch and stock farm, and spent the night, and attended preaching at Rockdale church, where Bro. Lamb preached to an attentive congregation. Mr. Bunkley has been in the Nabors country for about three years and owns a section of that good grass and farming lands, which has at this time fine grass and a good crop prospect, because of the good rains that

have fallen in that section of the country all the year. He came from Collin county, and knows something of better farming, which a visit to his growing crop will show. Mr. and Mrs. Bunkley have reared all their children and they are all married. The youngest boy and his wife are living with the old folks. Mrs. Bunkley has the place almost covered with chickens of all ages and some of them will soon be ripe. We think these good people for their kindness shown us in their home and we shall ever remember them as we go through life.

We attended the morning service at the church. The people of the Church of Christ held their services before preaching and remained until after preaching. A large congregation was present and Bro. Lamb preached a good sermon.

We went out to the home of W. E. Bunkley, a son of Mr. and Mrs. J. E. Bunkley, where we had a good dinner and were made to feel welcome by these good people. He owns a section of land joining his father and it is fine grazing and farming land. He has a large acreage of feed and cotton and his crop was looking well. They have made some progress in oil prospects in that section. A deep well is put down on his farm and the gas is coming from the well all the while, bubbling up through the water. They have an interesting family of two boys and two girls. We appreciate our visit to this happy home and their names are written in our memory among our many friends. We attended Sunday School and preaching again in the afternoon and we can say for the little Sunday School at Rockdale that we never saw more interest taken in this good work. The lesson was almost perfect. Bro. W. E. Bunkley is the able superintendent. We spent Sunday night at the home of Mr. and Mrs. Tull Newcomb, a prosperous stock farmer of the Nabors community. He has a good growing crop and good grazing for his nice white faced cattle and he is milking 12 cows, has a cream separator and sells butter and feeds the skim milk to his hogs. Mrs. Newcomb has the Brown Leghorn chickens and a large flock of them, too. They were very kind to us while we were in their home and Mr. Newcomb will get the Sunshine Special for a whole year, and he also has our thanks for the many kindnesses shown us in this prosperous and happy home. We started for home early Monday morning, stopping at the home of our old friend, C. D. Heath, who moved from Haskell to his ranch last year. He is doing fine, and has a good crop, plenty of good cattle and a nice home. He had gone over to the store at Nabors and we never had time to wait until he returned. Mrs. Heath was milking some fine cows and every where around his place looked very prosperous. We would liked to have seen that pleasant smile C. D. has for us, but we were in a hurry and did not have time to look him up, but we are going back. We reached Haskell about 12 o'clock. We are very thankful to Bro. Lamb for his kindness, and wish him much success and happiness along the way.

We made a trip to the Rounton City country by the way of Weinert Tuesday and we found a busy set of farmers all along the way. We saw E. Cornelise plowing maize and he was doing a good job and in a dust of a hurry.

We spent a few moments in Weinert, which is always very pleasant for us, meeting several of the boys and learning more of the good people of Weinert.

We hurried on from Weinert to the Brushy store where we found that E. M. Bowman has a nice stock of goods and is doing a dandy good business. We filled our jitney with oil as our partner always keeps plenty of gas without buying. We rushed out to the home of our old friend A. J. Smith, who was plow-

ing his maize and his children were chopping out the scattering weeds. He had his crop in fine condition and it was looking good. We are always glad to see Bro. Smith and we like his way of farming. He don't let anything grow in his field but what he plants, and we think that is a good idea.

E. T. Bowman was plowing near the road and we had a chat with him. He is another good farmer who believes in tickling the soil with up-to-date farm machinery. He has one of the best teams of young horses we have seen.

P. H. Rounton was also plowing near the road and he was doing a peach of a job on some young maize. He asked us to send him the Sunshine Special, and he granted his request, knowing that he knew what he wanted better than we could tell him, and we just let him have his way. Pleas is a good farmer and was giving General Green the worst of the bargain.

J. P. M. Rounton and his boys were running four go-devils in some fine cotton and they were giving the Hurrab, Grass what Patty gave the drum, with those good teams. Mr. Rounton owns some of the best land in that country and he is a good farmer.

We called at the nice home of R. S. Porter, who owns a large tract of good farming lands in that section. He has owned this land for 42 years and bought it for \$1.75 an acre, and today this land is worth \$50 per acre, but is not for sale. His three sons are living on the farm and are putting lots of this land into cultivation, which will make a fine farm. Mr. Porter is getting up in years but he had been out in the field cutting weeds and looking after the crop. We had another good trip and we enjoyed it too.

After we had gotten the paper off the press and all mailed out we again hit the trail for the country, making our first stop at the home of a former Haskell business man, L. E. Marr, but now a full fledged farmer living on the Tompkins Ranch north of town where growth the red pig and thriveth the Rhode Island Red Chicken, which goes to make a contented and happy family. Mr. Marr runs three teams and he was going to see that a good grade hoe was kept busy, if the day was hot, when we called on him. He is enjoying farm life, and with rain he will make a dandy good crop.

P. A. Mills was hooking up his team for an assault on the tares when we reached his place near the home of Mr. Marr. He has some fine cotton and a good stand and it was growing nicely. His plan is to make hay while the sun shines, and it was shining.

We called at the home of Mrs. M. M. Powell, who lives near the Powell school. She is farming. Mrs. Powell has a beautiful home and is a good farmer. She is well up with her farm work and her and the children were taking a little rest while we were there. She has made a success and is still on the job every day looking after her farm interests and does lots of the plowing herself.

We called on G. H. Smither, a good man of that community who was at home on that occasion. He is one of our best posted men on the bible and it is very inspiring to hear him talk on this very important subject, and all Bible readers can gain knowledge from the study of this good man. He is a farmer and has done his part and was hoping for a good rain to complete the job. About this time a cloud was seen boiling west of us and thinking that it might rain, we hit the trail for town, but as we expected it failed to rain in our section, altho Rule had a good shower.

Money to Loan on Loan.

We can get you a loan on your land at as low rate of interest as can be gotten at all, and give you the option of paying a part or all of the loan off at the end of one year, or end of any year after one year. If you want to get a new loan, or pay off an old loan on your land, it will pay you to come and see us or write us.

HER GRATITUDE SO GREAT IT CANNOT BE TOLD IN WORDS

Gained 30 pounds on Tanlac—Is Relieved From Trouble of 25 Years Standing.

"Words of praise cannot express the gratitude I feel to Tanlac, for it has not only relieved me of troubles that kept me in misery for twenty-five years but has built me up until I am thirty pounds heavier than I was when I started taking it," said Mrs. J. C. Bogardus of 4220 Clifton street, El Paso, Texas, a few days ago.

"I have suffered since I was about ten years old," she continued, "with a catarrhal trouble of the stomach and of recent years with rheumatism and it seemed my troubles were steadily growing worse.

"My food would sour on my stomach and the gas pressing against my heart affected my breathing greatly. I fell off until I only weighed seventy-six pounds and was so weak and nervous I got but little sleep at nights. I was constipated and suffered terribly from headaches. The rheumatism affected my lower limbs mostly and I had such pains through my back and right side I simply could not look after my household duties.

"It surely was surprising to me the way Tanlac took hold of my troubles. My appetite got better and in a short time I was eating just whatever I wanted. My strength came back to me day by day and I soon overcame the trouble from constipation and the headaches. The pains in my back and sides have left me and I don't even feel the rheumatism in my lower limbs any more. I now weigh one hundred and six pounds—more than I ever weighed before in my life. Many of my friends have asked what on earth I had been taking. Of course, I simply tell them "Tanlac" for I think it the most remarkable medicine ever made."

Tanlac is sold in Haskell by Reid's Drug Store; in Rule by Golden Rule Drug Store; in Rochester by H. G. Rasby, in Weinert by E. E. Cokerell, in Sagerton by W. W. Martin in Nabors by Mrs. L. A. Bouldin, and in Whitesfield by T. B. Higginbotham.

WAR PROCLAMATION

President of the United States Proclaims Friday June 28, 1918, as National War Savings Day

Pursuant to the proclamations of the President of the United States and the Governor of this State, I, Louis Lipsitz, War Savings Director for Texas, acting under the authority of the United States Treasury Department, have called all tax payers and wage earners to meet on Friday, June 28th, 1918, to make their subscriptions for War Savings Stamps. In rural communities and the smaller towns and cities, meetings will be held in the school houses at 2 p. m.

The school officers will conduct the meeting in each school house, keeping a record of the proceedings and reporting the names of all persons present and the amount of War Savings Stamps subscribed for by them. The names of absent persons, and of those who refuse or neglect to subscribe, with their reasons for so doing, will also be reported.

War Savings Stamps, (which are United States Government Bonds the same as Liberty Bonds) can be paid for during any month in the year 1918, but it is intended that subscriptions will be signed for them on June 28.

The price of each War Savings Stamp depends upon the month during which it is bought. During June each Stamp will cost \$4.17. In July one Stamp will cost \$4.18, and so on, one cent more each month during 1918. On January 1, 1923, the Government of the United States will redeem all War Savings Stamps at \$5.00 each, no matter during which month in 1918 they were bought. They cost less during the early months in 1918 than during the latter months because the person who buys earlier has loaned his money to the Government for a longer time than if he should buy later.

The law provides that no person can hold in his own name War Savings Stamps exceeding \$1,000 maturity value. War Savings Stamps, however, may be purchased for other members of the family, including minor children.

The money invested in War Savings Stamps is not a gift or a donation, but is a loan to the Government. It will be paid back with 4 per cent compound interest. If, because of some serious financial reverses, or calamity, it should be necessary to get your money before January 1, 1923, you may do so by giving ten days notice to any Money Order postmaster, in which case you get what you paid for the Stamps, with interest to date of payment. The Stamps are free from all State and local taxes; when registered at the postoffice they are insured against loss; they are backed by all the property in the United States; they cannot fall in value below the price you pay; they are convenient and as well paying an investment as has ever been offered by our Government.

A definite quota of War Savings Stamps has been assigned each school district and community, which will be announced at each meeting on June 28th. The government of the United States expects all the citizens of every school district to subscribe for its quota and to pledge themselves to save and economize to help win the war.

It is to be hoped that the subscriptions taken at the meetings in your county will show you and your neighbors to be loyal Americans to whom our Government, in this hour of need, does not call in vain.

LOUIS LIPSITZ, War Savings Director for Texas.

F. G. ALEXANDER, War Savings Director, Haskell County. Appointed and Acting Under the Authority of the Secretary of the United States Treasury.

BIG CONSOLIDATION SALE

Conditions brought on by drouth and war forces us to consolidate our two stocks, our main store and the Hub. Our main store is already overflowing with goods and to get the two stocks into one building we have got to reduce both stocks, and to accomplish this means sacrifice of profits which we need very bad now. Most lines throughout the two stocks will be sold for less than Wholesale Cost. While we are being taught and preached thrift and saving, the purchaser at this sale will be doing a patriotic duty for we all have to have a certain amount of Dry Goods, so why not make your purchases now while there is such a large saving and make your spare dollars thrifty. This might be classed as a Thrift Sale—for saving is thrift. We can't class each item and show you the saving, but when you see the items priced below you will know at a glance what a great sacrifice we are making.

HISTORIC PRECEDENTS

"Four thousand years ago Food Commissioner Joseph, in the land of Egypt, commanded one-fifth of the wheat crop of Egypt each year for seven years and stored it in the cities nearest the wheat fields. His drastic action at that time saved the world from starvation.

"Two thousand five hundred years ago Nebuchadnezzar, King of Babylon, instructed that certain men whom he wished to have attached to his court be fed on king's food and wine to give them a well-nourished look. One of these men, named Daniel, persuaded his caterer that himself and friends could be better nourished on pulse and water, and requested that he make a test covering a sufficient length of time; the others to be fed on king's food and wine. The test showed that those who lived on pulse (lentils) and water were better nourished than those fed on king's food (luxury and wine).

"Two thousand years ago Bible history records the miracle of feeding five thousand with a few barley loaves and fishes. The people were commanded to sit in rows of 50 to the row, and the servers passed before each and gave to everyone his portion, so that all were served. It was an instance where a little food went a long way, and the fragments that remained were gathered up so that no food was wasted."—Hotel Monthly.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to . . ."

TAKE

CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . ."

"It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

SOME THINGS ACCOMPLISHED DURING THE PAST YEAR

Six school buildings have been constructed, one of brick, one of concrete; 3 buildings enlarged and 5 remodeled, with equipment, cost approximately \$25,000.00; 4 teacherages constructed; 29 schools received State Aid; efficient teachers employed, and, as a rule, successful schools maintained. In these accomplishments, I was a co-worker.

Plans for the Future. Construction of permanent buildings will be encouraged; every school building made to meet the requirements of State building law; libraries and necessary equipment supplied; teacherages built; course of study standardized and made to meet rural needs; instruction in domestic economy being definitely planned and teachers employed to take care of same. More efficiency and less sham. More work and less politics.

DOES THE FOOD ADMINISTRATION PAY? THE ANSWER

A BRIEF RESUME OF HOW SUGAR AND FLOUR HAS BEEN KEPT WITHIN THE BOUNDS OF CONSUMER DURING YEAR ENDING MAY 31, 1918.

Does the Food Administration pay?
Here is the answer of the Food Administration:

"The chief job of the Food Administration is to feed the allies and our soldiers.

"Saving of money to the consumer is a secondary job. This money is saved through the elimination of speculation, through elimination of profiteering, and through stabilization of all food prices. In general, the Food Administration claims to have steadied all food prices by keeping the public informed of the presence of cheap and abundant foods, such as potatoes, and by urging conservation of less abundant foods, particularly those foods which can be shipped abroad. Two important foods may be taken as example. They are wheat and sugar.

"Herbert Hoover was appointed Food Administrator May 15, 1917. On that day flour sold at \$16.75 a barrel f.o.b. Minneapolis. One year later it sold for \$9.80 a barrel, or a decrease of 41 per cent. That reduction came in the face of the greatest world-wide wheat shortage ever known since the days of Jacob and Joseph.

"In May, 1917, the difference between the price the farmer got for his wheat and the price the wholesaler got for the flour was \$5.68 a barrel. The difference in May, 1918, was 64 cents a barrel.

"As for sugar, the average wholesale price for refined sugar is 7.1 cents a pound. One year ago it was 8.33 cents a pound, a decrease of 13 per cent. The margin between the price of raw and refined sugar has been decreased from 2.12 cents a pound to 1.3 cents a pound. And this in spite of the fact that sugar offered unprecedented opportunities for speculation. During the civil war sugar went to 80 cents a pound when there was no world shortage. The retail price of sugar is less than one-third that price, and there is a world shortage such as has never existed since the world began eating refined sugar.

"A rise of 1 cent a pound in the price of sugar costs the American public \$80,000,000. A rise of 20 or 30 cents a pound costs thirty or forty times \$80,000,000. Had the Food Administration not stepped in and saved the sugar situation, the American public would have been billions of dollars poorer today, or the poor would have gone without sugar while the rich would have eaten it all.

"So the Food Administration admits it pays the taxpayer. It admits that it has saved the consumer enough to oversubscribe all the Red Cross drives and possibly all the Liberty Bond drives as well. Speculators would have gotten those billions had the government not interfered."

TEXAS IS PLACED IN SOUTHWESTERN ZONE FOOD ADMINISTRATION.

Administrator Peden, Federal Food Administrator for Texas, arrived June 9 from a two weeks' visit to Washington, where he attended a conference of State Administrators and later conferred with the different departments of the National Food headquarters. Monday night, June 10, he left for Fort Worth, Texas, to attend a special meeting of the Texas Cattle Raisers' Association, called by its president, James Callam, to discuss problems affecting the territory so seriously retarded during the drought and from which so many cattle were shipped to other pastures and sold to the packers.

As a result of the Washington conference the nation was divided into zones, and the zone in which Texas is placed consists of Louisiana, Mississippi, Arkansas, Tennessee and Oklahoma. This zone is called the Southwestern Zone, while its sister zone is the Southeastern Zone, consisting of Georgia, Alabama, Florida and the Carolinas. The problems of the two zones are identical in many ways. On Tuesday, June 11, the Southeastern Zone administrators met in Atlanta, while on June 15 the Southwestern Zone administrators met in Vicksburg. Administrator Peden was represented at the Vicksburg meeting by E. L. Beville, director of the grocery division, and H. Wirt Steele, director of organization. The principal topic at the two meetings was the question of flour allowance to farmers from their own home-grown wheat.

PLEDGE THE PRESIDENT

TODAY IS PATRIOTS' PLEDGE DAY—the day the Government will call upon you to give a new pledge of loyalty; new proof of your will to win; new evidence that your dollars as well as your hearts are behind the men facing the Hun on the martyred fields of fair France. **YOU WILL BE ASKED TO SIGN A PERSONAL PLEDGE TO BUY WAR SAVINGS STAMPS.** Get ready to sign your Pledge of Patriotism—and buy W. S. S. until you wonder how you were able to do it.

With the Red Cross

While as a rule our workroom is very pleasant, we have found it rather uncomfortable some days the past week.

The room is kept open, however, regardless of weather conditions, and each day has found a number of willing workers present. It is absolutely necessary that we keep the work going steadily, and each woman must prove as brave in facing difficulties, as the boys who are confronting untold danger for us. Let us keep this thought ever in mind: "The American army no longer holds a single sector on the western front; it has been brigaded with the British and French armies. As the battle goes on and the losses mount heavier and heavier, the American wounded are gradually filtering into hospitals scattered all the way from Devonshire to Italy."

The Red Cross has met the emergency promptly. In the weeks just passed it has perfected its organization so that it can take care of them no matter where they eventually land. There's no hospital in all France, that the Red Cross does not reach at any hour of the day or night.

The Secretary of our chapter asks that each one who donated to the Red Cross drive, please remember that the first payment on these pledges will be due the 1st of July. If everyone will bear this in mind, it will save the committee quite a bit of work looking up the many who contributed.

We must not forget to mention that on Monday afternoon, while the ladies in the workroom were laboring under difficulties on account of the intense heat, Messrs. Jno. R. Mauldin and Bruce Cliff gave them a pleasant surprise by bringing in a huge bucket of delicious iced lemonade. Everyone present expressed their gratitude for the thoughtfulness of these gentlemen, and several were heard to say: "Too bad that neither of them are asking for an office, that we might show our appreciation more fully." On Tuesday afternoon Mr. and Mrs. W. I. McCarty served the workers to ice cream, which was indeed a treat, gratefully accepted.

MUNDAY

Uriel Akin left Friday for New Orleans to enter the Naval Training Station at that place.

Mrs. Jno. S. Fisher is visiting her brother at Camp Bowie this week.

Mrs. E. E. Akers was called to the bedside of her father in Mississippi this week, who was seriously ill. Later reports are that he has passed away.

F. U. McCutchen, Cashier of the First National Bank, is visiting in Weatherford this week.

G. E. Reeves and little daughters have returned from a visit to East Texas points.

J. E. Wilson, local manager for the Woolridge Lumber Company, has resigned his position at this place, and C. W. Diggs has accepted the position as manager, temporarily.

C. R. Riggs, local operator for the Western Union, has been transferred to Dundee as agent, and Miss Puckett of Childrens has taken his place as operator here.

The Farmers Union held their District Meeting here last week, delegates being present from several counties.

The business men have been going out in the country after 4 o'clock every evening and chopping cotton. They have chopped as high as thirty-five acres in one evening, which is a great help to the farmers.

Crops in the vicinity of Munday are generally good, however, rain is needed badly. Feed is beginning to suffer, and in some instances, falling down. Cotton is holding up fairly well, but rain must come quickly to insure a crop.

Correspondent.

Richard Nix and wife left Friday to visit relatives in Fort Worth, after which they will return to Wichita Falls where Mr. and Mrs. Nix will make their future home. Mr. Nix has been with Sherrill Bros. for some time and was one of our best young men and we regret very much to give up this good family, but we wish for them much success in their new home.

The Government expects every man, woman and child in this county to own a minimum of \$20.00 in War Savings Stamps. Are you standing behind your government or hiding behind it? Count up your stamps and see.

Mrs. D. M. Thompson left for Dallas Saturday where she will visit relatives.

WHITMAN

Hot, dry weather is our portion at present. Everybody is wishing for a good rain. Jim Archer and wife of Knox City are visiting Mrs. Archer's brother, A. J. Seag and family. The ice cream supper at Mr. and Mrs. Jim Thompson's last Friday night was highly enjoyed by a large crowd. The stock paid a pleasant visit to the home of W. E. Welch the 21st and left with them a little girl. Ray Hays and wife came near having a serious accident Tuesday when their team ran away, turning the buggy over and throwing them out. They escaped with several bruises. Rev. Reed of Weinert visited the home of Jim Peptide Sunday night. Miss Ruby Aycock of Foster is visiting Mrs. Virgil Bailey this week. Miss Stella Otts has been on the sick list for a few days. Misses Lucille and Gladys Taylor, Bernice and Mary Long visited Miss Audrey Linn Sunday. Messrs. Perdue, Hays, Treat, West Bailey and Frierson accompanied by their families spent Tuesday on Paint Creek fishing and picnicking. Mrs. Fletcher West has been visiting in Foster this week. Busy Bee.

ALLEN, Sheriff Haskell County, Texas.

WAR SAVINGS CAMPAIGN, SAYS PRES. WILSON, BASIS OF GOVERNMENT'S WAR-TIME FINANCIAL PROGRAM. THE War Savings Campaign is the foundation on which the Government has based its entire war-time financial program. In the meantime...

we are that the lesson of saving is learned and practiced by all the people, both President Wilson and Secretary William G. McAdoo have emphatically declared, in just that measure will the Government float the bond issues that may be necessary in the future.

The saving and investing of the War Savings Stamp quota is far from the only thing based on the War Savings Campaign. The future Liberty Loan bond issues and the floating of the Treasury's indebtedness certificates are wholly dependent for success upon the constant practice of economy through the medium of War Savings Stamps.

Texans are called upon to save and invest \$91,000,000 this year in War Savings Stamps and it is vitally necessary that this be done and that everyone practices to the utmost the principles of war-time economy which the Government is teaching with War Savings Stamps.

Texans are called upon to put \$91,000,000 in War Savings Stamps this year and Texans will do it. Senator Culberson confidently declares. Pledge the President.

W. F. DOUGHTY, State Superintendent of Public Instruction for Texas, sees in the War Savings Campaign the greatest possible opportunity ever presented to Texans. The United States is now a big schoolhouse of forty-eight rooms for the teaching and learning of the lesson of economy—the vital factor in defeating the German Kaiser. Each State is a thrift school room. Texas is the largest room of them all. Every Texan, big, little, old and young, is a student. Unless Texans learn well the lesson of saving, each investing to the extent of his or her ability in War Savings Stamps, we will have failed to do our part. We will have blocked the progress of the Government and endangered a hundred million American lives. We must learn well this lesson of economy, study it diligently and constantly because the learning of it means National victory and personal prosperity. Pledge the President.

TEXAS cattlemen, barons of the Lone Star plains, are urged by James Callan, President of the Cattle Raisers' Association, not only to keep on feeding the "boys over there" but to invest all they can in War Savings Stamps so the Sammie can feed the Hun's bully bullets. Although laboring under the most adverse and trying conditions in the history of Texas range country, you have not lost your courage nor your patriotism. Mr. Callan addresses Texas cattlemen: "An appeal is made to everyone to help to his ability in the purchase of War Savings Stamps. Help whip the Kaiser, cattlemen of Texas! Our boys are on the firing line." Pledge the President.

W. A. FRASER, Sovereign Commander of the Woodmen of the World, is intensely interested in the War Savings Campaign. Several days ago, shortly after his return from Omaha, where he and Mr. Fraser were together a good deal, Louis Lipitz, State Director of the National War Savings Committee, received the following telegram from the Woodman Sovereign Commander: "A War Savings Society in every Woodman of the World camp, every sovereign member and the doctrine of personal economy practiced hand in hand with the great principles of woodcraft—that's my ambition. Woodman of Texas: Chop down the trees of extravagance with War Savings Stamps; blast out the stumps of unnecessary expenditures with War Savings Stamps. Help make an open road which the Government needs if it is to travel the paths of victory. The Woodmen of Texas have a vastly important part to play in putting Texas in the clear. Acquire War Savings Stamps, invest to the hilt. Save your country. Save yourself. The cry must not go up that 'the tree is falling.'" Pledge the President.

THE Government looks to the women of Texas for much support in driving home the teachings of the War Savings Campaign. To every Texas woman the Government has assigned the role of Joan of Arc," declares Mrs. Percy V. Pennybacker, former President of the National Federation of Women's Clubs. "The French maid saved the land of the Tri-color. Texas women are called upon to save with an economic hand that their funds, invested in War Savings Stamps, may perform their full office. Let us one and all save—save and serve for the safety of our Lone Star lads fighting for us in Europe."
