WHOLE NO. 1543

W. H. MANN FATALLY STABBED ON TUESDAY

W. H. Mann, who was stabbed Tuesday morning about 8:30 o'clock, succumbed to his wounds Thursday morning at 1 o'clock. C. P. Fox, who it is alleged stabbed Mr. Mann, has not at the time this is written, (Thursday afternoon) been apprehended by the officers.

It is said that the trouble leading up to the fatal wounding of Mr. Mann was brought up over a fight of the boys of Fox and Mr. Mann. It is said that in the fight between the boys the father of one attempted to stop the fight, which resulted in the two men becoming involved in a difficulty, culminating in the stabbing. Mr. Mann received a long and deep knife gash in the abdomen, which is said to have penetrated the intestines. It was thought from the first that the wounds were fatal.

Immediately following the tragedy, Fox made his escape, and has thus far successfully eluded capture. It is stated that when he left the station, where the trag-

edy occurred, that he went to his home near by and secured a shotgun and a satchel of shells. He started out afoot. Shortly after his escape many officers and citizens were looking for him, and the whole country surrounding the town has been thoroughly scoured in an effort to locate the hunted man. Officers are confident he will soon be under arrest.

Wednesday description cards of Fox were sent out, offering a reward of \$35 for his arrest. We understand that since the death of Mr. Mann this amount has been materially increased.

Fox had only been a resident of Haskell for a month or so, coming here from Oklahoma.

Mr. Mann with his family moved to Haskell about six months ago, being from Erath County. Mr. Mann was 51 years of age, and leaves a family.

Funeral announcements for the slain man were announced for Thursday afternoon, immediately following the arrival of the evening train, due here at 6:45 o'clock.

Trip to Pinkerton and Vicinity Friday

Last Friday evening this writer enjoyed a most pleasant drive through the courtesy of T. C. Cahill, to the Pinkerton community. The trip was made in record time in Mr. Cahill's easy-running Hupp car, and over the good roads out that way. The trip was made primarily for the purpose of showing off that part of Haskell County to some prospectors. And the said prospectors were delighted with what they saw out that way.

The farm occupied by Mr. Brundidge as tenant was visited and a close inspection of same made. At this place a fine cotton crop is almost made, and one of the prettiest fields we have seen of feterita is on this farm. Mr. Brundidge has splendid prospects of realizing a bale of cotton to the acre on all the land he has devoted to the fleecy staple.

In the party making the trip last Friday, in addition to the editor and mayor, were Messrs. H. L. Sherrill of Temple, I. F. Jones of Collin County, and J. L. Martin of Upshur County. Mr. Sherrill is an extensive property holder in Haskell County, and the other two named gentlemen are prospecting with a view to locating here.

Announcement

Mrs. H. R. Jones makes announcement that with the opening of school, the 13th, her music class will be opened. She will have a studio in the North Ward at the residence of Mrs. Dr. Cummins, and in the South Ward the studio will be at the residence of Mrs. Sims. The locations for the studios will thus be conveniently located to the school buildings. Terms will be, for one student, \$4.00, and where there are two from a family a rate of \$7.00 will be made for the two. Mrs. Jones desires to announce that she will not do any sewing at all, but will devote her time to her music class.

Goober is Rich. Energizing Food

Truly this is an age of conservation; conservation both through economy and utilization of heretofore wasted or only partially used products.

The University of Texas has issued a bulletin enumerating the multiple uses which may be made of the Texas peanut. No longer may this popular circus adjunct be arbitrarily confined to peanut stands and to red soda water counters.

The peanut, through scientific investigations, has been raised to the standard of the pea and the bean in its relation to modern diet. Many appetizing dishes may easily be made from the peanut, all of which are contained in this little bulletin.

In addition to its prolific yield in Texas, and its consequently cheap price, the peanut is one of the most nutritious foods known to man. Peanut butter, which may easily be made by any housewife, is said to have three times the food value of a soggy egg sandwich for the school child. Recipes are included in the bulletin for the making of soups, breads, dressings and deserts.

Housewives interested in the use of the peanut as an article of family diet may obtain a copy of this valuable bulletin by addressing the Extension Department of the University of Texas at Austin.

BROUGHT IN FIRST BALE THIS WEEK

F. G. Alexander & Sons Purchasers—Substantial Premium Also Given Raiser

To Mr. M. Sanderson this year goes the first bale honors. Mr. Sanderson resides four miles west of Haskell, and this week marketed the first bale of this year's cotton to be brought to Haskell. The bale was ginned by W. T. Newsom, free of charge, and was purchased by F. G. Alexander & Sons. The purchase price was 9¢ per pound. The weight of the bale was 550 pounds. In addition to bringing a good price, a substantial premium was raised for Mr. Sanderson.

Following is a list of those contributing to the premium fund, together with the amounts:

F. G. Alexander & Sons, \$2.50; Haskell Telephone Co., \$1; W. T. Newsom, \$2.50; Jones-Cox & Co., \$2.00; West Side Drug Store, \$1; W. W. Fields & Son, \$2.50; Robertson Bros. Co., \$2.50; Sherrill Bros. & Co., \$2.00; Haskell National Bank, \$2.50; Grissom's Store, \$1; Posey & Hunt, \$1; Jno. W. Pace, \$1; Courtney Hunt, \$1.50; Tom Brooks, 50c; Corner Drug Store \$1; Farmers' State Bank, \$2.50; McNeill & Smith Hdw. Co., \$2; Hancock & Co., \$1.

Thus, the first bale was quite a profitable one for Mr. Sanderson. The sale price of 9¢, with the premium amount added, netted a neat sum to the grower.

A Business Man Takes an Outing

Mr. and Mrs. E. E. Marvin and little daughter, Mae, have just returned from an automobile trip out West. On the trip they covered nearly 1200 miles, and report a fine time. They went out to Mr. Marvin's ranch, near Grand Falls, Texas, by the way of Stamford, Anson, Abilene, Sweetwater, Colorado, Big Springs, Midland and Odessa, to Grand Falls; then went to Fort Stockton and San Angelo, and that route home, camping, fishing, hunting and having a good time in general all of the way, all the time. They caught some big fish and plenty of small ones, and say they really enjoyed life.

This was the first time Mr. Marvin had had a rest and vacation from his business since he opened his garage here, eight years ago, and he certainly deserved this outing. He states that he had sold and delivered all the Studebaker cars he could get for the present, and had competent help with which to leave his business. Hence his being able to get away from all business cares for a spell and really live.

The entire round was made in a Studebaker 25, 1913 model car, and without any mishap except a broken spring and two punctures.

Holiday Monday

Monday, the 6th, is Labor Day, and a legal holiday. The banks of the city will be closed on that day. As there are not any labor organizations in the city, it is not thought the day will be generally observed here, with the exception of the closing of the banking institutions.

School Shoes

A short time and school will begin. Already you have begun to worry about the child's school shoe.

We sell the BILLIKEN shoe for children. It is the wonder of the world in children's shoes. Comes in all leathers—heavy soles, flexible and smooth as a glove inside and out. Every pair guaranteed. Can be half soled cheaper than any other shoe, and on the same machine it was made on. Let us explain. Comfort, good looks and durability in every pair.

We take care of both your child's foot and your pocket book.

A \$1 "Billiken" watch for 50c with every pair of Billiken shoes.

Bring the children, or send them alone. An expert shoe man who studies the child's foot will fit them.

THE BIG STORE

Haskell, Texas

Sept. 3, 1915

The Free Press is Moving

With this issue of the Free Press out, removal to new quarters will be begun. Friends and patrons of the paper will please take note of the move. The lower floor of the Masonic building has been rented, and after this week we will be found at the new location, just back of Grissom's Store.

The Free Press has long been in the present location, and it is with some regret, owing to past associations of this part of town, that the move is made. But it becomes necessary to secure new quarters for many reasons, one of which is contemplated improvements and the installation of some modern and new machinery, which could not be housed in our present quarters.

Bear in mind the new location, and we extend a most cordial invitation to all readers and friends to call on us in our new home—Masonic building, just north of Grissom's.

Returned From Fort Worth

Hon. Bruce W. Bryant arrived home from Fort Worth Monday being called home by reason of the critical illness of his sister, Mrs. Hackleman. Mr. Bryant reports that Mrs. Bryant, who underwent a very serious surgical operation at Fort Worth, is improving rapidly.

J. R. Hill Calls and Tells of Big Crops

J. R. Hill, who is farming on the W. I. McCarty farm, southwest of Haskell, was in town Wednesday and paid our office an appreciated visit. Mr. Hill is the gentleman who raised the enormous grain crop which created so much comment in the Dallas news and which was the cause of involving State Press of that paper in an argument with a reader from way up in Arkansas.

In addition to the large grain crop this year raised by Mr. Hill he informs us that he will make a large cotton crop, and will harvest fully 100 tons of maize. An interesting feature of Mr. Hill's large crop record this year is the fact that all his crops were made by himself and three boys, the oldest of the boys being fourteen years old, and one hired hand. Of course that does not include harvest hands. But the crops were actually made by two men and three small boys.

Up to date Mr. Hill has shipped nine cars of wheat and oats, the latest shipment being a car of oats shipped last Thursday. The car shipped last week netted him \$38.25. He states he still has on

Buys W. H. Parsons Store

Mrs. D. Love this week purchased the business and stock of the firm of W. H. Parsons. Mrs. Love has already taken over the business, and will continue same at the old stand north side of square. Mr. R. G. French will now be manager of this store.

No Presbyterian Service Sunday

Rev. J. F. Lloyd will be out of the city this coming Sunday, and there will be no preaching service at the Presbyterian Church on that day. Rev. Lloyd will be in Moran, where he goes to assist in a protracted meeting.

The Free Press wants your job printing. Give us your next order.

hand about two cars of oats and 500 bushels of wheat. Mr. Hill says he will make 40 or 50 bales of cotton. This with the grain raised and the large amount of feed shows that farming in Haskell County pays, at least that has been this gentlemen's experience.

Mr. Hill states that he will plant even more grain the coming season than he did this year. Work of breaking the land for next season has already begun on the ground that has been cleared.

SCHOOL DAYS SALE

Ding! Dong! Ding! Dong! The school bell will soon ring. Before it does, dress the children so they may start to school with glad hearts. We like children in our store. Bring them in. We know that little folks are hard on clothes, and in selecting our children's goods we've looked out for wear, and prices as well as looks. Our Fall goods are ready for grown-ups too.

Train Service to Galveston

Galveston, Sept. 1.—Train service between Galveston and the mainland was established today over a trestle which has been built since the tropical hurricane of Aug. 16 and 17, when the causeway was badly damaged. The first train over the trestle was an outbound passenger.

All railroads have sent out orders lifting the embargo against all classes of freight for Galveston. It is considered likely that another trestle will be built in order that business may be handled without any delay.

Fire Alarm Saturday Night

There was another alarm of fire turned in shortly after 11 o'clock Saturday night from the Sherrill elevator. No material damage resulted from the blaze, which was discovered to be a huge pile of straw and chaff to the north of the main elevator building. However, for a time it looked like there might be something doing. Just preceding the fire alarm a stiff norther struck town and the wind was blowing a veritable gale. The wind fanning the flames caused sparks to be blown for some distance, and the fire-light thus created had the appearance of a big blaze.

Plows By Day and By Night
The farm of W. I. McCarty, west of Haskell, is the scene of much activity these days, undergoing preparations for another big crop next year. Mr. McCarty has a big Avery tractor, and recently added an equipment to his farm machinery of a big gang plow, which is pulled by the tractor. For the past week the work of breaking ground has been going on at night, as well as in the day time. The tractor is equipped with Prestolite headlights, and Mr. McCarty says he finds the night plowing very satisfactory.

Posey-Cobb
On Wednesday evening at 8:30 o'clock, occurred the marriage in this city of Mr. Robert Posey and Miss Meck Cobb. The ceremony was performed at the Presbyterian Manse, Rev. J.F. Lloyd officiating. This wedding came as a distinct surprise to friends of the contracting parties, as they had kept the matter secret until the wedding hour.

The bride is well known to all Haskell folk, having been reared in this city, and is daughter of Mr. and Mrs. G.H. Cobb. She is a charming and talented young lady and numbers her friends by her acquaintances.

The groom formerly was engaged in business in Haskell, but lately has been located at Reisel, McLennan County. We understand the couple will make their home at Reisel.

The Free Press joins with the many other friends in offering congratulations and well-wish

The Christian meeting at Idella which was conducted by Rev. A. S. Bradley, of Mulin, closed Sunday night.

Rev. J. R. Miller went in his car to Haskell Saturday accompanied by W. L. Malone, Carl Howell and William Boyd.

W. L. Harcrow was in town Saturday and brought us some large heads of maize and Egyptian wheat and some ears of corn from his field.

Miss Leta Dunn is visiting her

grandparents in Weinert this week.

We are informed from an authoritative source that Prof. P. R. Crowley of Necessity is dead. This is indeed a shock to the people of Rochester and community.

Dr. Dunn and family departed the first of the week for Throckmorton county where they will meet Dr. Easley and family and the crowd are all bound for the creek where they will go fishing.

Fire destroyed the barn and all its contents belonging to G. Rader at O'Brien Monday night during the storm. It is supposed that lightning was the origin of the fire. The barn was filled with kaffir and cotton seed. The loss was total. No insurance.

News Notes From Rule.
(From the Review)

H. J. Leon and family have returned from a visit to central Texas.

Mayor Mason and wife returned this week from a visit to Central Texas.

Barney Jackson of Ft. Stockton is here on a visit to his uncle, J. O. Jackson near Pinkerton.

Sheriff Allen and deputies made a raid on a negro crap game near Rule on last Saturday night, and arrested quite a number.

Elder Thornton is here preaching a series of sermons for the Christian denomination. He is a good speaker and entertains his hearers.

Miss Mollie Williams left Monday morning for a visit to Wheeler, Texas. Her place is being filled at the store by Miss Mattie Lou Wilkes.

The meeting at the Baptist church closed Wednesday night after a several days duration. We were informed that about forty five additions were made to the church.

Rule and Stamford crossed bats on the local diamond Tuesday and Wednesday, results of which were in favor of Rule, of course. Score: first game 23 to 3. Second game 5 to 0. This is Rule's 23rd victory out of 26 games played this season.

After having several days out of door sport, fishing on the Concho, Elmer Wall has returned home. We have not talked with him about his trip but judging from the healthy smile that ripples over his countenance he must have had a good time. He was accompanied by his wife.

Last week Balzer & Goldammer started up their gin for the purpose of trying out the machinery and see that it is in the condition for the fall season's run. It was said that everything worked nicely. When the whistle sounded it made times seem like the flourishing season of the fall of the year.

Jim Place was in town one day this week and reports splendid yields of all kinds of feed stuffs and that cotton is putting on very fast. He reports his cotton about the best that he has ever raised, and has already matured from the early crop more feed than he has storage room for. Place is one of our most prosperous citizens.

Remington-UMC
—the Deliberate Choice of the Great Body of American Sportsmen

Nowhere else in the whole field of sport do you find the like of the strong public opinion in favor of Remington-UMC.

This Remington-UMC public opinion has been growing for ninety-nine years. Partly is it due to the achievements of Remington-UMC in the design or construction of Arms and Ammunition. But back of these achievements stands the fact that your American is the most practical-minded sportsman in the world

—and the most loyal to the arms and ammunition that give him the service he knows he ought to have.

He it is who is holding up the hands of the Remington-UMC dealer—making the Red Ball Mark of Remington-UMC the Sign of Sportsmen's Headquarters in your town.

RHEUMATISM ARRESTED
Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system. To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal ingredients strengthen the organs to clean the impurities and rebuild your strength. Scott's Emulsion is helping thousands every day who could not find relief. Batten the alcoholic substances.
