## **Better Furniture**

You have junked lots of things you were once proud of. You'll no longer put up with things you were once satisfied with. As you grow in wisdom and experience you've come to demand better things both in the home and in business. We can meet that demand.

Don't wait until the Devil gets you before you hollow, or do not wait until danger is upon you before you take precaution to avoid it. This is good common sense. It applies in a business way just as well.

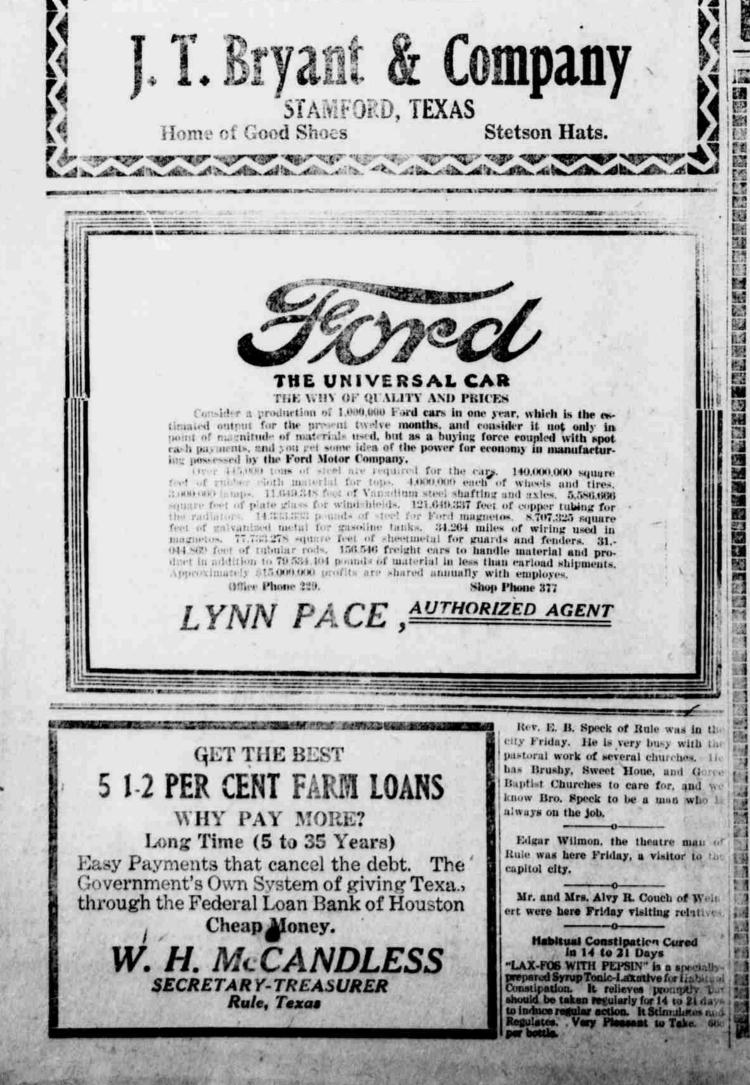

We have decided to give the people the benefit of our close buying, and also give them a chance to dress up for Easter Sunday -the day that divides Spring from the Winter season. For that reason we have named some very attractive REDUCED PRICES on our entire line of ladies Sport Coats and Coat Suits, to be in effect from the 1st of April until Easter.

We have also decided to include Men's Suits too. It is not right for the ladies to be all dressed up and the poor, down-trodden men to be trailing along in their winter clothes, so we will give them a chance by making a big reduction on all of our Men's Suits until Easter.

Now, people, if you throw away this opportunity to dress up at very reasonable prices, do not later complain of the high cost of living, for now is the time to get good merchandise cheap.

We have received this week several hundred pieces of High Grade Ginghams made by the Red Seal Co., which is a very nice, soft and fine woven goods, in a most beautiful range of patterns. Many new volles, and Fancy Silk Dress Goods. Also some fancy Skirting Cloth.

The main thing under consideration is that Easter Suit! Come to see us and bring the whole family.

We hope to soon receive the good news that she has fully recovered from the operation.

#### Mullins-Hallmark

Wednesday afternoon Mr. R. L. Mullins slipped quietly out of the city and for a few hours was actually lost to his friends, young and old, here,

He was accompanied by John Tankersley and the two arrived in due time at Haskell where at 7 o'clock in the evening Mr. Mullins and Miss Nola Hallmark were united in marriage by Rev. Conway, at the home of the bride's mother. The groom is the cashier of the First National Bank here and is a young man whom it is a pleasure to know. He is widely known for his ability in business and his affable disposition and he has enough friends to take Berlin if they were marshalled together. The bride is also know and appreclated by our people as a young lady of estimable character, accomplished and talented. She has many admirers who will wish for this happy union many enjoyable years of prospecity and contentment and that their way may be cast in pleasant places .--Southwestern Journal.

**Better Homes** 

WELLS FURNITURE STORE

Better homes are coming to the South.

Where poverty has stalked hand in hand with illiteracy, with poor churches, poor roads, poor farm conditions, miserable huts, women working in the fieldsthere prosperity is coming with its magie wand of betterment.

The American Cotton Association is the wizard to bring these better days.

Working alone the cotton growers have been for fifty years in a state of agricultural slavery. Banded together with bankers and merchants in the American Cotton Association, they will emancipate themselves and will enrich the South and the Nation.

By growing a smaller acreage of better staple; by better baling; by holding the crop in warehouses for profitable prices; by marketing slowly instead of

ing.

dumping the crop on the market suddenly; by direct selling to spinners-by these means the cotton growers will come into their deserved prosperity

This bank "elcomes the day when cotton shall be free and every cotton farmer shall be prosperous.

In the Country Gentleman datel March 27th you will read of the home betterment that is coming. (Five cents a copy on newsstands; 52 issues for \$1 a year by mail from The Country Gentleman, Philadelphia, Penna.) Read this great series of articles about the American Cotton Association.

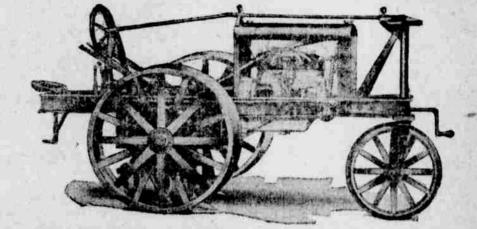

The South has found the truth. Its prosperity for the future is assured. You will profit. The Nation will profit. And this bank hopes to share that prosperity,

## THE ARMSTRONG IMPROVED FARM TRACTOR

TWO ROW MODEL

### TURNS SQUARE, PULLS, PLOWS, PLANTS, CULTIVATES, BELT WORK, LIGHT WEIGHT, SIMPLE, POWERFUL, DURABLE AND ECONOMICAL

A one-lan tractor with the ability to do all farm work. Ample clearance for cultivation (291/2 inches), and the wheels so placed that they do not interfere with the growing plants. Due to its compactness and short turning space, you can cultivate closer to end of turn row than with teams or any other tractor built. The frame of the tractor is the main frame of the implement operated in it. Throttle, control levers, steering wheel, clutch and brake pedals are convenient to driver's seat. It is built on three-point suspension throughout, which insures flexibility and adaptability to the cultivating of the most uneven lay of land.

Ninety per cent of the weight is placed on the main drive wheels when in operation, putting practically all the weight into the pull. Being light in weight and equipped with high duty roller bearings throughout, guarantees economy and case of operation. It is built in three units, either of which is accessible for inspection or adjustment without disturbing the others. The motor, clutch transmission and differential are assembled in one unit. One speed forward and reverse with a variation of one to four miles per hour. All gears are made 100 per cent over size, steel cut, hardened and enclosed and run in a bath of oil.

This tractor is a tried and proven success, having been thoroughly tested out in ev-ery respect in actual service on the farm and found possessing the advantages of other farm tractors with the added benefit of being a really practical and serviceable lister, planter and cultivator for all row crops; in fact, an all 'round farm implement.

The Armstrong Farm Tractor Company was formed for the purpose of manufactur-ing this tractor and its implement attachments, and in order to further its purposes it is offering at present, a limited amount of stock at \$15.00 per share, fully paid and nonassessable, all share and share alike.

It is the Company's desire to hasten the production of these tractors, therefore, it is our intention in the beginning to let contracts for the making of certain parts in order that we may begin production at the earliest possible date.

We already have a big demand for these tractors, therefore, should you be interest-ed in the purchase of a tractor or a portion of the stock, communicate with us.

to those fortunate enough to have money invested in this safest of all enterprises, because it will supply an enormous demand that is already created.

## Here's Your Opportunity

A very limited amount of Great Western is to be sold at par, (\$1.00 per share), but you will have to move fast if you get it at that price as it will be advanced to \$1.25 per share at an early date. This stock will be selling at \$5.00 per share within a very few months.

# The NEW WHITE STORE

Has become the favorite shopping place for the thrifty housewives of Haskell and surrounding country-"There's a Reason." You can choose your dinner from the world's best products for the same price you ordinarily pay for inferior merchandise.

Our system of doing business enables us to sell for less without lowering the standard of our groceries.

1st. We sell for cash, and do not have any bad accounts on our books to charge off as loss at the end of the year-which must be paid by the "good pay" customers in higher prices.

2nd. You are your own clerk and de livery boy-eliminating this enormous expense that must be made up in higher prices at the "old fashioned grocery."

Therefore we can pass this saving on to our customers without sacrificing our profit or lowering the standard of our merchandise.

If you have not already become a customer of the New White Store we invite you to make one visit, then you will always be our friend.

Just as Goodyear is successful in building extreme value into the Goodyear Tires that go on the highest-priced motor cars, so is Goodyear successful in supplying unusual worth in Goodyear Tires for smaller cars.

Into the making of Goodyear Tires in the 30x3-, 30x31/2-, and 31x4-inch sizes have gone the full advantages of Goodyear experience, skill and modern facilities.

The results of this unusual endeavor are easily available to every owner of a Ford, Chevrolet, Dort, Maxwell, or any other car requiring the sizes mentioned.

Go to the nearest Goodyear Service Station Dealer's place of business for these tires, and Goodyear Heavy Tourist Tubes. He carries them in stock.

SPRING TIME IS ALMOST HERE

All of nature is brightening up for the season's array of beauty. The home is none the less important. You will want to brighten up the wood worn, the floors and the outside of your building. WE HAVE THE MATERIAL TO BRIGHTEN UP THE HOME. ASK US ABOUT IT.

Brazelton Lumber Company At the Methodist Church Sounday, March 28, was a red letter day at this Methodist Church. There were 211 present at Sunday School, 161 of whom stayed for church. These brought an offschig of \$23,35. The goal for Easter is 250. Reader, help us to each it.

At the 11 o'clock hour, Bro, Pattereon was at his best on "Who is Jesus?" He dwelf on the growing Christ, caused by the expanding Christian.

An opportunity was offered to Join the charch, and the following names were announced to wit: James, frema, Halbe Tamie, Mittle and Elmer Mercer, from First Church, Corstenna, were received by letter.

Cards were passed to see how many lead piedged to tithe, and 57 signed the piedges.

At the evening hour a large audience gathered to hear the discourse on "How to Surceed." The theme was handled from a pychological point of view first, then this view was shown to be in harmony with Scripture; and a practical application was made to our lives, Many were heard to say, "It is the best I have ever heard on the subject." The reading was given by Claudia Little and an instrumental solo was rendered by Artie Wright. Both these pieces were appreciated by the large audience.
