First Congressional Dist. of Texas "Heart of the Gulf Southwest"

A CALL FOR A ROLLBACK IN INTEREST RATES - Last week I wrote David Rockefeller, Chairman of the Board of the big Chase Manhattan National Bank of New York, asking that he use his great influence among money center banks to bring about a reduction in the prime lending rate to at least 6 per cent. Many smaller banks have lowered their interest rates but a real improvement in economic conditions won't come about until the giants of the banking community decide to reduce their rates. UNSOLICITED CREDIT

CARDS. Credit card convenience has become a credit card menace as a flood of these unsolicited debt escalators have inundated our nation. In 1967, I introduced legislation to curb the unsolicited distribution of bank credit cards and was. of course, pleased that the House voted unanimously last week to approve H. R. 16542 restricting such mailings. Specifically, the bill requires that any unsolicited credit card must be sent by registered mail with delivery restricted to the addressee only, and with return receipt requested showing to whom, when, and where delivered. Whiel I would have favored even stronger controls over credit card mailings, H. R. 16542 will provide greatly improved protection four our citizens.

WHERE DOES YOUR MON-EY GO? It is reported that the average American family pays 23% of its income, after taxes. for interest charges- This is just about the same amount the average family pays in total Federal, state, and local taxes! While the taxpayer can see some tangible benefits from his taxes, (highways, water and sewer systems, a strong military force to protect our national security, etc.) there isn't much to show for interest payments.

VETERANS who are entitled to GI educational benefits, and who have not completed high school, should keep in mind that GI benefits are available for high school attendance. An eligible veteran can receive payments of \$175 a month (more if he has dependents) to complete high school, and this does not reduce his basic eligibility for 36 months of college instruction. It is hoped that our young veterans who do not have a high school diploma will not fail to take advantage of this valuable provision, which will greatly benefit them in the future.

U. S. FLAGS FOR PARENTS OF DECEASED SERVICEMEN. Under existing law, a single U. S. Flag is presented to the wife or pext of kin of a serviceman who dies while on active duty. The Congress has now passed a bill, however, H. R. 13195, to provide for the presentation of a Flag to the parents of the deceased serviceman in addition to that given to his wife or child. While I favored making this change in policy retroactive to include all parents who have previously lost sons in the military the new policy will only be effective beginning from the date it was signed by the President, Septeber 1, 1970, as Public Law 91-397.

construction in the state is at an all-time high, the Texas Highway Commission has cancelled the regular December lettings of highway contracts.

Commission blames the contract moratorium on the recent holdback of part of Texas' apportionment from the Federal Highway Trust Fund. Action came at a time when, because of favorable weather, highway construction was at its hihest. For the past two months, pay-out for construction completed by Texas Conractors has set new records in dollar volume.

Contractors were paid \$42.6 million in July for work completed in June and \$56.3 million in August for work completed in July. Payments represented work on 501 contracts in June and 592

contracts in July. Federal Aid Hiihway Act of 1968, as approved by Congress, provides that states should receive \$5.4 billion for the 1971 fiscal year from the Highway Trust Fund. Amount allocated, however, was reduced by the Administration, Highway Commission Chairman Dewitt Greer said, to \$4.6 billion nationally and resulted in a reduction of the Texas share from \$275 million to 3210 million - \$65 million less than was expected.

Proceeds in the Federal Highway Trust Fund are derived from special taxes levied on motor vehicle users. Fund was set up in 1956 to provide a stable source of revenue for the construction of National System of Interstate and Defense High-

Cancellation of the December bid letting is the first since World War II, Greer said. The Commission Chairman said the reduction has come because the condition of the finances of the Federal Government has required that it borrow money from the Federal Highway Trust Fund for government operation even though the trust fund was established for the specific purpose of building the highway system from highway user revenues.

Greer said the "motor vehicle users of this country, who pay these dedicated taxes, have every right to expect that the Federal Government return to the highway system these revenues, in accordance with agreements made 14 years ago.'

HOSPITAL TROUBLES IN TEXAS - State Rep. R. H. "Dick" Cory and House Speaker Gus Mutscher made a trip to Washington seeking better interpretation of recent Social Sceurity regulations which threaten to

close 158 of the state's hospitals. Most are in rural areas and are having extreme difficulty complying with new regulations such as the one requiring them to have registered nurses on duty around the clock. A Texas nursing shortage of 10.000, plus the difficulty of finding nurses willing to live in smaller communities, contribute to the problem.

Hospitals which do not comply with the regulations are in danger of having Medicare payments terminated, which would in turn force them to close their doors. Representative Cory, who is

Austin. - Just when highway chairman of a special Speaker's Committee on Texas Health Care, noted that Texas, because of sparse population in wide areas of the state, has 40 per cent of the nation's Class 7C hospitals.

Another fear of the Committee is that if the small hospitals close their doors many physicians will move away due to lack of hospital facilities.

IMMUNIZATION LEGISLA-TION UPCOMING - Gov. Preston Smith says he'll ask the 62nd Legislature, which convenes in January, to pass legislation requiring immunization against several communicable diseases before a child may enter Texas schools.

Governor proposes compulsory immunization against measles, polio, whooping cough, tetanus and - in the wake of the epidemic in San Antonio - protection against diphtheria.

Smith said figures available to him for 1968 ,the latest year for which complete data is available. indicate that Texas has the highest incidence rate in the nation for measles and polio, the highest for diphtheria and the fourth highest for whooping cough. Tetanus is not an epidemic disease, but a single injection generally immunizes against diphtheria, whooping cough and tetanus.

ATTORNEY GENERAL OP-INIONS - A non-profit, charitable organization which conducts a driver training program must be licensed to do so by the Texas Department of Public Safety, says Atty. Gen. Crawford Martin. The exceptions are training or classes conducted by colleges, universities, high schools and junior high schools for regularly enrolled students. In other recent opinions, Mar-

tin concluded that: · A county may extend City-County Health Unit services to a city within county boundaries. even though the city does not paricipate in the unit; however, the county may contribute only those services normally made available by the county unless the city wishes to join the City-Coun-

ty Health Unit. • Justice of the Peace is not entitled to collect a fee for actions transferred or dismissed without trial from his court.

· Commissioners Court may authorize travel expenses if an expert witness to appear at an HEW Committee hearing in Washington, D. C., to give evidence of the need of federal funds in certain poverty areas in the county. Commissioners Court may also authorize travel expenses for Chairman of a County Historical Survey Committee necessary to the performance of his duties in that capacity; and Court has power to create a Museum Board to manage a County Museum and pay travel expenses of the board members in carrying out their duties in those capa-

The Talco-Bogata School District has authorized the Johntown Teenage League to build a baseball field on the school property adjacent to the shop building at Johntown.

The plans are to build a backstop, concession stand, and install lights for playing at night. Work has already begun on the grounds and pipe has been donated to build the back-stop. The field will be built by volunteer labor and will be financed by donations. The Talco-Bogata School District has agreed to pay the utilities for the Teenage League.

The Board of Directors met on Sept. 5 and voted to join the Mt. Pleasant Teenage League. The Teenage League is for boys who are 13, 14 and 15 years of age and all boys in the Talco-Bogata School District will be eligible to play on the Johntown team. The games will be played in Mt. Pleasant and at Johntown. There will be five teams in the league during the summer of 1971.

If anyone would like to make a donation to the Johntown Teenage Baseball League, please contact one of the above officers or directors.

## **Rivercrest Wins** Season Opener

The Rivercrest Rebels used a tough defense as they beat the Maud Cardinals. 14-0 at Rivercrest Friday night in the season opener for the Rebels.

The Rebel defense allowed only 135 total yards to the Cardinals (58 rushing and 77 passing) to stymie their attack and held on several close plays.

Rivercrest scored their first touch down in the second half when quarterback Troy Brown scored on a 12 yard drive by the Rebels. The drive was sustained. on runs by Brown, halfback Willie Simpson and Stanley Jones. The extra point attempt by Bruce Case was unsuccessful and Rivercrest led 6-0.

The Rebels got another break in the waning moments of first half when lineman Jet Savage recovered a Maud fumble on the Cardinal 27 yard line. Three runs by Stanley Jones netted enough yards to put the Rebels on the Cardinal two yard line and two runs later. Brown used a quarterback sneak play to get into the

#### Dinner Honors **Betrothed** Couple

Fifteen couples attended a dinner given in honor of Jerry Stansell and his bride-elect, Mrs. Pattie Thomas, in the home of Mrs. Ruth Jones on Thursday

Each couple brought a covered dish and the thirty people were served chicken and spaghetti. fried chicken, salad, baked beans, hot bread and ice tea, followed by cake, pie and coffee. Each table had a pink or blue arrangement with matching candles and ivy to lend a look of freshness.

There were the honorees seated at the main table which was covered with a hand embroidered white cloth imported from Porta Rico, and seated at the same table were Mrs. Buck Stansell and her husband, Mrs. Felix Jones, Mrs. Jerry Jones and husband and Mrs. Dr. Dottie Miller. The other tables placed at vantage points throughout the house were places of serving for all others who enjoyed the gala affair.

Mrs. Thomas and Mr. Stanseli were next escorted to a special corner in the house and seated comfortably on a mock love seat to open the kitchen gifts. Both thanked the viewers for a lovely shower of needed and useful things. Congratulations were in order throughout the evening, and after gifts were passed to each, a session of just plain fellowship was enjoyed. Each sincerely wished for Jerry and Pattie the best married life two could ever have together. They will be married Sept. 25, 1970.

Mrs. Buck Stansell presented Mrs. Jones with a bottle of Estee Lauder perfume as an appreciation gift.

## Clifton-Belcher Wedding Saturday

Miss Patricia Darlene Belcher of Bogata became the bride of Eddie I ee Clifton of Daingerfield Saturday, Sept. 5 in a semi-formal ceremony at the First United Methodist Church in Bogata. Rev. James Walker, Methodist minister, heard the couple's doublering vows at 8 o'clock in the

Parents of the bride are Mr. and Mrs. J. W. Belcher of Bogata, and parents of the groom are Mr. and Mrs. Donald Clifton of Daingerfield.

The focal point of the altar was matching 15-branched oval candelabras holding pink tapers. Interspersed throughout the candelabras were garlands of summer greenery. Flanking the altar were two arrangements of gladiolas in shades of pink resting atop classic Greek columns. Standards of greenery bordered the prie dieu where the couple knelt for prayer. Completing the wedding scene were matching seven branched candelabras entwined with jade foliage.

# HOW TO MAKE LIGHT WORK AT THE STUDY TABLE

- 1. See that your child's study table has a table lamp that is tall enough and has a shade wide enough to spread light evenly over the work area.
- 2. Equip the lamp with a 150-watt bulb or equivalent.
- 3. Choose a study lamp with a diffusing bowl to soften the light and prevent glare. Or use a white indirect bulb that has its own built-in diffusor.
- 4. Have enough light elsewhere in the room to prevent eyetiring contrasts of brightness and shadows.

Your lighting dealer will gladly help you select the right light for home study. Or call our office for suggestions.
