Buckman Drug Store Celebrates 32nd Anniversary

Mr. and Mrs. A.L. Buckman of Bogata are observing the 32nd anniversary of Buckman Drug Store, which Buckman has operated in the same location since August 1, 1942.

It has always been a one man operation, Buckman said, and now his son, Bill, is part of the business. The store had modest beginnings with all wooden show cases, and

has kept pace with the times since its opening.

The theme of the business has been good service to the public by filling prescriptions with the freshest drugs and following the doctor's orders to the letter. The store has been constantly changing to keep pace with the times, and a gift shop was added 15 years ago.

Jewelry has always been

part of the Buckman Drug offering, and now they feature a full line of Revlon cosmetics. The watchmaker, Amos Green, has been working in the drug store for 25 years.

The Buckman family expressed appreciation for the kindness of the community during their years in business, and look forward to many more years in Bogata.

Auxiliary Has 48 Arrested Quarterly Meeting

The Woman's Missionary Auxiliary to the Fellowship Association, met Thursday at the First Baptist Church, Talco, for its quarterly session.

President, Mrs. Betty White of Mt. Pleasant opened the meeting with prayer and spoke briefly on the "Outward Appearance Of Man", reading I Samuel 16:7.

"How Do You Use Your Time?" was the title of the devotion presented by Mrs. Linda Marsh of Pittsburg. Her scriptures were Eph. 5:16.

The Rev. Clint Acker of Pittsburg, brought the morning message. His subject "How To Find Happiness", was taken from Proverbs 16:8-16-25 the main thought, "Happy Is The Man Who Trusts The Lord".

The afternoon session opened with singing. Mrs. Kay Beauty of Pittsburg voiced the opening prayer.

After a program of songs and skits by the Sunbeams and GMA's, the state GMA promoter, Mrs. Wanda Mullino of Winnsboro, presented an object lesson in chalk, on GMA's, "From The Beginning".

Doyle Russ closed the meeting with prayer. Next meeting will be October 24, with the Macedonia Baptist Church, Pittsburg, when new officers will be elected.

MICHELLE JOHNSON HONORED ON BIRTHDAY

Leslie Michelle Johnson celebrated her third birthday Sunday July 21 at her home. Attending were Mr. and Mrs. Clyde Johnson, Mr. and Mrs. James M. Johnson and Bill Stewart, grandparents, Mr. and Mrs. Eugene Cox and Angela, Mr. and Mrs. Butch Pace and Tonya and Shaunda. Refreshments of cake and ice cream were served.

Deputies Bust "Pot Party"

Red River County officers arrested 48 persons Saturday night, July 27, at the Harts Bluff Ranch intersection with FM 1487 between Cuthand and the Maple Communities for possession of marijuana, and alcoholic beverages according to Red River County Sheriff Mac McGuire.

One adult was to be charged with a felony for having 1 1/4 pounds of marijuana in his possession, McGuire said.

"My deputies and some of the other county officers worked 30 hours without sleep to make this arrest," McGuire said, "and now if we can get the cases to trial, we will have accomplished something." McGuire said that often charges are filed in Red River County and are never tried.

Fourteen of the persons

arrested were turned over to juvenile officers, the adult women were released in the custody of their parents, and the adult men spent Saturday night in Red River County Jail. There is not enough room in the county jail to accommodate such a crowd.

Seven county officers, including a constable, a city marshal and two game wardens made the arrests, McGuire said, and took the prisoners to Clarksville, using both police vehicles and some of the private vehicles that were at the scene. Some of the participants in the "pot party" scattered when the officers arrived, McGuire said, and left their vehicles.

Much of the marijuana was scattered and some of it was destroyed, but McGuire felt there was plenty of evidence

to make convictions, if the cases are brought to trial.

The persons arrested listed their home addresses as Clarksville, Annona and Avery, and McGuire said that no one arrested was from Deport, Bogata or Talco. Monday morning almost all those arrested had made bond and had been released, but McGuire said it would be later in the week before charges could be prepared against all those arrested. He voiced his thanks to the Clarksville PTA which has supported the Sheriff's office in a crack-down on drugs in the county.

Early Registration For PJC Set

Early registration for the fall semester at Paris Junior College will begin Monday, August 12, and continue through Friday, August 23, announced Paul Pederson, dean of student affairs at PJC. Early registration allows students more time to work out schedules and degree plans and prevents a last minute rush, Pederson said.

Prospective students should report first to the Admissions and Records Office in the Administration Building to complete admission forms and obtain registration packets. After completing necessary forms, students may

report to the Student Center ballroom for counseling and class scheduling from 8:30 a.m. to 4 p.m. during the two-week period.

New students should have high school and college transcripts sent to the Admissions and Records Office prior to registering. Applicants should have information for the state requirement on immunization records, but most of this information may be obtained from public school health records.

Dormitories for men and women students and the new 48-unit Masters Apartment Complex for married students will be open this fall. Reservations for the complex and dorms should be made soon in the Business Office of

the Administration Building.

Financial assistance is available for all students who qualify. Application for the grants, educational loans, and student employment may be made immediately with Jerry DeBin, financial aids director, in the Admissions Office, Administration Building. Veterans may obtain forms for veterans' educational benefits from Mrs. Ora Lee Tomes, veterans counselor, in the Applied Sciences Center.

Early registration will begin August 12 at the Cypress Basin Community College Center on North Riddle St. in Mount Pleasant and at the Fannin County Center, West Annex Building, Honey Grove.

Mrs. Rex Craddock Tours Europe

Mrs. Rex Craddock, daughter-in-law of Mrs. Amy Craddock has returned after a tour of Europe with a group of State Teachers Association members. Nine cities in five countries were visited. They traveled by plane, train, bus, boat and an excursion to the top of a mountain by cog wheel railroad and cable cars.

She reports one of the highlights being an evening spent in a casino at Lucerne.

Mrs. Craddock is convinced one way to appreciate our own country is to visit elsewhere.

Football Workouts To Begin August 12

Rivercrest Athletic Director and head football coach Bobby Dobbs said last week that football workouts will begin August 12 from 5:30 p.m. to 7:30 p.m.

Dobbs said that all football players that missed their free physical must have undergone physicals before August 12. Any athlete who needs a physical form may pick one up at the Rivercrest fieldhouse August 5 through August 10. Dobbs also said that players may come by the fieldhouse August 9 or 10 to pick up shoes.

Jerry Ann Via was named as a teachers aide at Talco. Mrs. Via has previously worked as an aide in the school system.

Special Democratic Primary Set August 31

Secretary of State Mark W. White, Jr. has announced that the Court of the 2nd Judicial District has ordered a special primary election to determine the Democratic nominee for the State Board of Education, District 1. The special primary will be held on August 31, 1974, rather than on September 7, as previously ordered.

The special election is the result of a suit filed against the State Democratic Executive Committee seeking to

void the May 4 primary election for the position in District 1, for the reason that one candidate's name was left off the ballot in two counties. The district court in Rusk, Texas, agreed that this was sufficient cause to require another election for the two candidates involved, Ray Houston Green and E.R. (Bob) Gregg, Jr.

White said the August 31 election will be held in all counties in State Board of Education District 1, includ-

BOGATA PTA SALE AND DRAWING SATURDAY

The Bogata PTA will have a bake sale and also drawing for the packaged beef Saturday August 3 at Bogata Furniture. The drawing will be at 10 a.m. You are urged to support this for the benefit of your school.

BAPTIST VACATION BIBLE SCHOOL SET

The First Baptist Church will have Vacation Bible School August 5-9 beginning at 6:30 p.m. and run til 9 p.m. This is for nursery thru the 6th grade. You are cordially invited to send your children to this school.

Proposed Road Up For Discussion

The Texas Highway Department will conduct a public hearing for the discussion of the construction of FM Highway 1699 from 3.3 miles north of FM 114 west to FM 1158. This hearing will be held at 10:00 a.m. on September 5, 1974, in the Whiterock Community Center on FM 1158 approximately eight (8) miles northeast of Clarksville, Texas, Red River County. Announcement of these plans came from J.W. Cravens, District Engineer for District Number One.

Maps, geometric designs, and other drawings will be used to show the proposed location to those attending the meeting. Together with environmental studies and other available information about the proposed project, these documents are on file and available for inspection and copying at the office of J.B. Hutchison, Jr., Senior Resident Engineer for the Texas Highway Department located on U.S. Highway 82 west of Clarksville.

The drawings showing the proposed geometric design have been placed on file with Red River County Judge Gavin Watson.

The state's relocation assistance program and information concerning the relocation assistance office will be discussed.

Tentative schedules for right-of-way acquisition and construction will also be discussed.

Cravens invites all interested persons to attend this public hearing. "Written statements and other exhibits may be submitted to the resident engineer's office but must be received not later than ten (10) days after the public hearing", said Cravens.

B. A. Holbrook Hired As Bogata Principal

B.A. Holbrook, formerly the superintendent of the Saltillo School District in Hopkins County, has been named principal of the Bogata Elementary School in the Talco-Bogata School District, according to Superintendent Talmadge Morgan.

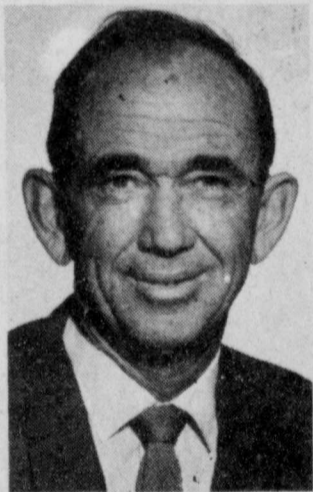

Holbrook is a native of Mineola, is married, and he and his wife, Bonita, have a daughter, Janet, who is a senior student at NTSU. He has been in education for 25 years, with experience in elementary and high school teaching, as a principal and as a superintendent.

Holbrook earned his bachelor of science degree in 1950 from NTSU with a major in social studies and a minor in physical education. His masters degree is in administration and supervision, and he holds a permanent teaching certificate for high school and elementary schools, a professional administrators certificate and is qualified as a drivers education instructor.

Holbrook has taught in the Ponder Public Schools, Pat-

ton Springs School, Saint Jo Schools; and has served as athletic finance director, assistant principal and principal in the Harlingen Schools. He is a member of the National Education Association, the Texas State Teachers Association and the Texas Association of School Administrators.

Water Line Progressing

A truck load of pipe was unloaded at the Lake Chapel Church Friday morning for the water line to North Franklin. Morris Morris, along with Ken Slaughter, Mike Johnson and Melvin Munn, employees of the Franklin County Water District were on hand to help unload the 12,960 feet of plastic pipe and all the fittings.

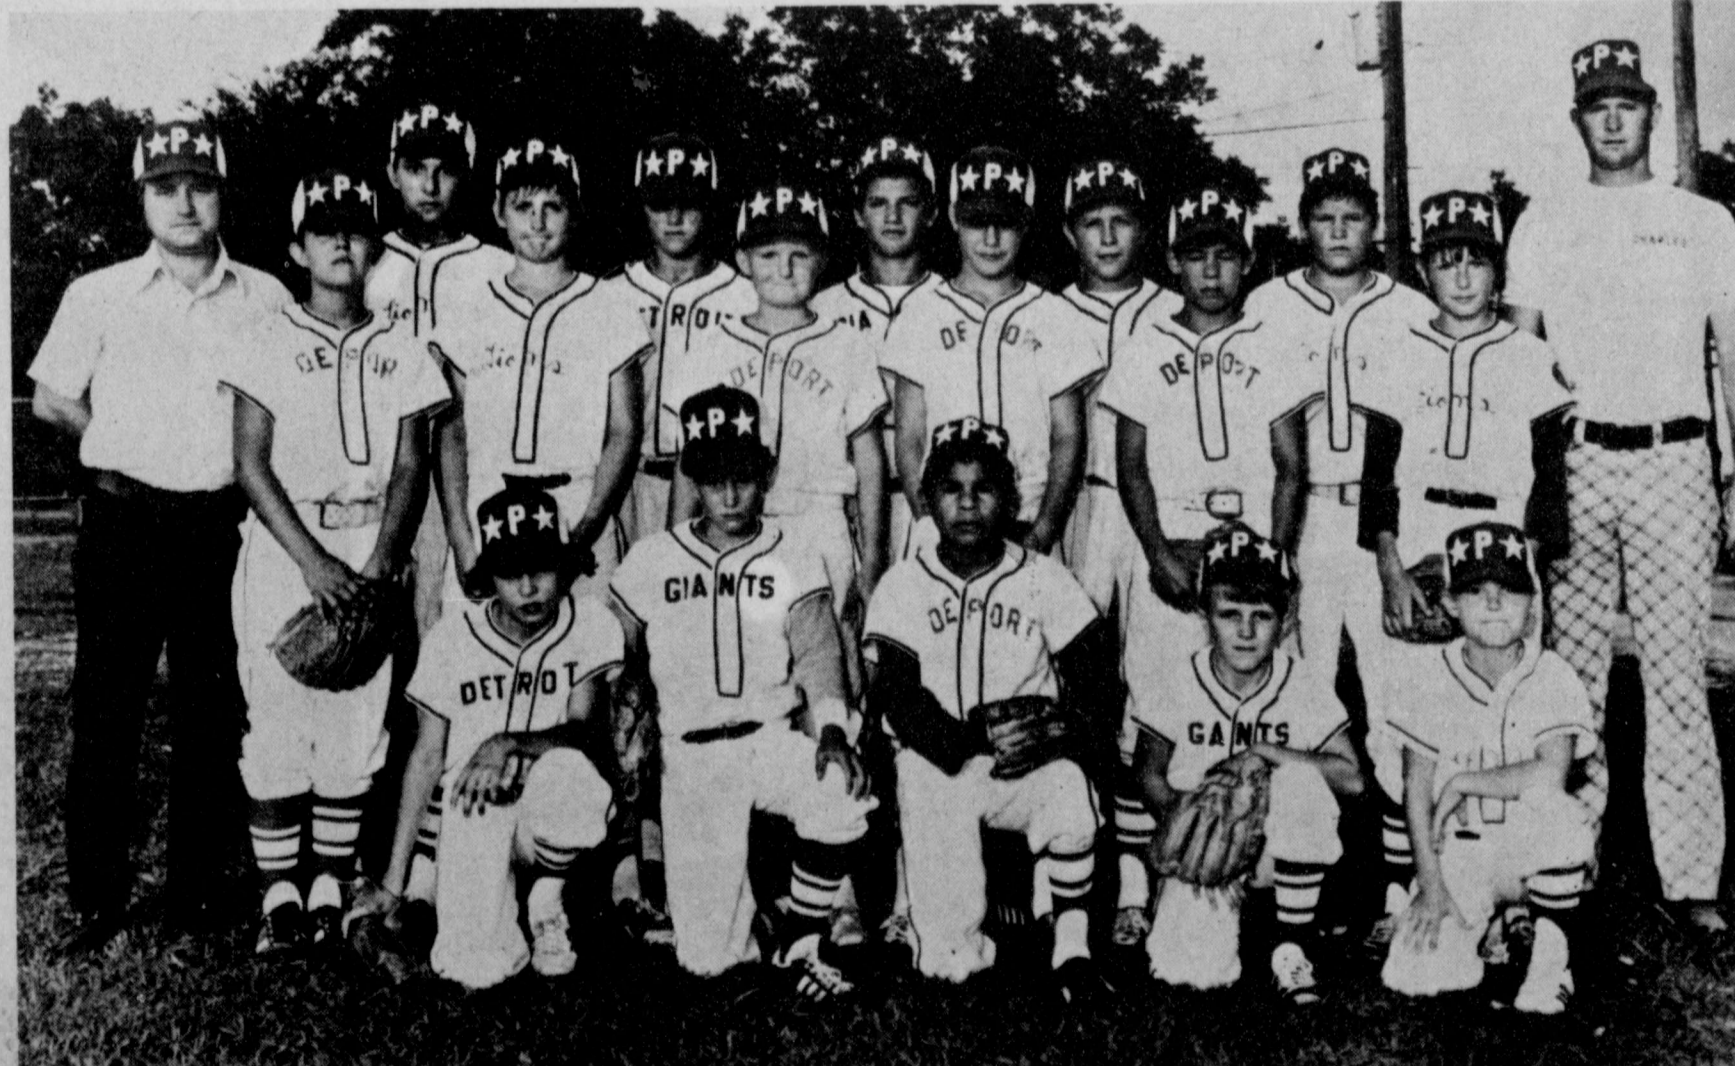

A Water District spokesman said Monday the 12,960 feet of pipe is already in the ground and the White Oak Creek crossing has been completed. The spokesman said the contractor is waiting for delivery of the remainder of the pipe to complete the job.

The pipe came from the Concrete Asbestos Pipe Company in Van Buren, Arkansas to the Water Works Supply

Company of Texas located in Nash. Ray Maples was successful bidder for the pipe and then sold it to the Franklin County Water District. The H.L. Quinn Oil Well Service of Winnsboro is in charge of laying the pipe.

Problems arose Friday morning when the men set out to unload the 40-foot bundles of pipe from the truck. A spokesman for the Water Works Company stated that the problem stemmed from the fact that most pipe is bought in lengths of 20 feet. The Water District had bought 40-foot pipe to speed up construction time.

The pipeline will extend from the Morris Byrd farm near Dickson Hill to somewhere near the Lakeview Store. Workers estimated that completion time would be approximately one month.

Jerry Freelen

A former Blossom resident, Jerry Lane (Butch) Freelen, 21, of Grand Prairie, died at 7:35 p.m. Friday, July 26, in Parkland Hospital, Dallas.

According to Grand Prairie police he suffered a self-inflicted gun show wound two weeks ago. No further information was available.

Funeral services were held at 4 p.m. Sunday, July 28, in Leverett and Steele Memorial Chapel. Interment was in Knight of Honor Cemetery, Blossom.

A son of the late John Lewis and Jessie (Davenport) Freelen, Jerry Lane Freelen was born September 18, 1952. He married Marian Riley, who survives, on July 27, 1973. He was a Baptist and was employed at ARA Trans Stamp Air Conditioning Co. in Grand Prairie.

Other than his wife, survivors include a son, Chad Lane Freelen; three brothers, J.T. Freelen, Lloyd Wayne Freelen and T.J. Freelen, all of Grand Prairie; five sisters, Mrs. Geraldine Sprools, Mrs. Rebecca Ferris and Mrs. Wanda Rhodes, all of Grand Prairie, Mrs. Johnnie Rains of Ardmore, Oklahoma and Mrs. Debbie Johnson of Seaside, California.

Max Rowland

Max E. Rowland, a Blossom resident, died at 12:10 p.m. Sunday, July 28, in McCuiston Medical Center.

Funeral services were held at 11 a.m. Tuesday, July 30, in First Baptist Church, Blossom, with the pastor, the Rev. Dan Smith, officiating. Fry & Gibbs Funeral Home made burial in Evergreen Cemetery.

Mr. Rowland was born Sept. 12, 1896, in Lamar County, a son of William D. and Victoria (Page) Rowland. He first married Miss Tollie Bybee in 1926. After her death on July 20, 1939, he married Miss Laverne Latimer on August 16, 1940. He was a retired farmer and employee of Texas Power and Light Co.

He was a member and deacon of the First Baptist Church of Blossom and was a member of its Men's Bible Class. He was a member of the Blossom masonic lodge. He and Mrs. Rowland had lived in Blossom since 1942.

Survivors include his wife; a daughter, Mrs. A.E. Pitts, Jr. of Lubbock; a granddaughter, Miss Phyllis Pitts and two grandsons, Tom and Jerry Pitts, all of Lubbock and one great-grandson, Todd Pitts.

John Eudy

Funeral services for John H. Eudy of Deport were held at 2 p.m. Sunday, July 28, in Grant Funeral Home Chapel with burial being in Mount Pleasant Cemetery near here.

Mr. Eudy died Friday afternoon, July 28, in the Veterans Administration Hospital, Dallas.

He was born August 26, 1913, in Deport, a son of Dr. Homer Eudy and the former Elbert McGill.

Survivors include a daughter, Mrs. Adelia Jane Garham of San Leandro, California; a granddaughter, and several cousins in this area.

Lee Soward

Lee Soward, 73, Rt. 6, Clarksville, died at 7 a.m. Thursday in Red River County Hospital. He was a retired employee of the Texas Highway Department.

CARD OF THANKS

In our recent bereavement we found comfort in the thoughtfulness of our friends. The memory of your kindness will always remain with us. The M. B. Salter family.

CARD OF THANKS

We are so thankful for every kindness shown us in our time of illness, special thanks to Carlton Stanley for his help when needed so badly. Mr. and Mrs. Edgar Rodgers.

Representative Wright Patman (D., Tex.) today introduced a resolution to provide for a rule on H.R. 14782, to establish a general-service pension program for World War One veterans and their widows.

Mr. Patman said the filing of the resolution was part of an effort to push through the pension bill during this session of Congress. If the resolution is not acted on within seven legislative days, Mr. Patman said, he will file a discharge petition and seek necessary signatures of at least 218 Members of the House.

The Texas Democrat noted that his bill, H.R. 14782, is already co-sponsored by seventy-five Members of the House and predicted that the discharge petition would be successful and that the bill would be brought up for early consideration in the House. The bill is currently in the

To the Editor of the Bogata News:

I am a former Bogata Girl—Sarah Elizabeth Cook. I love to read my home town paper. Your article about the "three children" moved me very much.

These checks are from my Bryn Mawr neighbors and friends, who know that I am from Bogata.

I love my "home town". Mrs. Dick Scott (Sarah Cook Scott) 4304 Bryn Mawr Dallas, Texas 75225

Editor's Note: The letter from Mrs. Scott contained cash and checks from 20 people in the amount of \$95.05. The checks were made out to The First National Bank in Bogata for the Don Yarbrough Fund. Three Yarbrough children were drowned recently in Irving and buried in Bogata.

Dear Editor, I returned from a weeks seminar held July 15-19 at Baylor University on Citizenship and Democracy. I went on a chartered bus with all expenses paid. I won this trip after I had delivered a speech at the Farm Bureau office in Clarksville and was the winner from Red River County. I must thank the Farm Bureau greatly for sending me.

The trip was very educational and I wish that each one interested in their country could have attended. I saw many films, received books and heard many speeches.

The highlights were Dr. Cleon Skousen and Dr. Clifton Daws on Communism, three convicts from the Huntsville prison speaking on their use of drugs and the first escapee from the Vietnam War at prison camp speaking on what happened to him and his friends and how they escaped.

I learned that Communism and Drug abuse are on every hand and we must keep alert or we will lose our freedom.

God Bless America and Keep Her Great.

Veterans Affairs Committee where no action has been taken on the legislation.

"This legislation is necessary to provide World War One veterans and their widows with benefits comparable to those provided the veterans of every major war in which the United States has been involved," Mr. Patman said. "The veterans of the Spanish-American War and earlier conflicts were provided unrestricted pension programs and the veterans of World War Two, Korea and Vietnam were given broad benefits under the G.I. Bill of Rights. This bill will provide the World War One veterans some equity at a time when it is most needed."

"The issues are very clear. The principal question is whether World War One veterans and their families are entitled to the same pension program as Spanish War veterans. I feel very strongly that they are."

"In recent years I have received hundreds of letters from veterans throughout the country expressing their need for such legislation. These people are keenly aware of the fact that the benefits to which they are entitled are much less than those available to Spanish War veterans. They know that the harsh and demeaning welfare-type income reporting requirements with which they must comply are not applied to Spanish War veterans. They also know that they did not receive the educational and loan assistance that veterans of World War Two and more recent conflict received—assistance which was paid without regard to other income.

"In short, World War One veterans know that they have not received equitable treatment at the hands of their government. This is something that should be corrected if we are to continue to assert that we have provided for the needs of veterans on a just and fair basis."

The bill would give veterans with 90 or more days of service, \$151.59 per month. There are an estimated 1.1 million veterans of World War One living today and their average age is 79.5 years. Only about 443,000 of these are currently receiving VA pensions of any kind.

H.R. 14782 would: —Extend the existing unrestricted pension program for Spanish-American War Veterans to include World War One and Mexican Border Veterans and their survivors.

—Increase monthly pension rates under the expanded unrestricted pension program (applicable to Spanish-American, Mexican Border, and World War One Veterans and survivors) to the following levels:

... Veterans with 90 or more days of service—\$151.59 or \$185.45 if in need of regular aid and attendance.

... Veterans with 70 to 90 days of service—\$117.73 or \$138.04 if in need of regular aid and attendance.

... Widows—\$125.00 or \$120.00 with the higher amount paid to widows who were married to the veteran during his term of military service.

—Permit eligible veterans and widows to remain under the existing program if that is to their advantage.

Arts And Crafts Festival Set In Clarksville For October

An Arts and Crafts Festival to be held on the lawn of the Red River County Court House has been scheduled for October 12, and is to be sponsored by the Red River County Hospital Auxiliary. Proceeds will go toward the Auxiliary's pledge for the building of Red River County Hospital.

Artists will be assessed a 25 percent commission for the works sold at the festival, and each artist will be responsible for his own display and selling. The auxiliary suggested that the artist supply his own easels, card tables, and whatever else might be needed. Allotted 10' spaces will be assigned on a first come, first served basis.

Persons wishing to sell crafts will also be allotted 10' spaces that will be rented for a \$12 fee and assigned on a first come, first served basis. Each person will be respon-

sible for his own selling and collecting and the fee is the only charge.

A bazaar area will be available for those who wish to donate art or craft work to the auxiliary for sale. In the event these items are not sold the auxiliary would like to hang any art work in the permanent art collection in the new hospital. All bazaar items will be priced by the donor.

A "flea market" consisting of "high class junkie" will

Once A Week Course At PJC

Housewives and others interested in the new program with only one class period weekly may enroll for any of the four courses during early registration beginning August 12 at Paris Junior College. Classes will be held from 1 to 2:20 p.m. one day a week for housewives and mothers, career persons and others unable to fit structured college classes into their schedules.

Offered in the special program this fall are Basic English on Mondays, General Chemistry on Tuesdays, U.S. History on Wednesdays, and Introduction to Sociology on Thursdays. Students may take one or all of the courses, which are fully accredited and transferable to any senior institution in the United States.

The courses will allow students to progress at their own rate using instructional packages to complete assignments at home. Class periods will be used primarily for the instructors to assist students when they need help. Classes are designed to end at 2:20 p.m. so mothers may pick up their children at schools.

Students may enroll for the courses during early registration from 8:30 a.m. to 4 p.m. weekdays August 12 through August 23 at the college.

Oil Income Higher

Current higher prices for crude oil and natural gas produced in Franklin County point to a significant jump in 1974 income for county land and royalty owners who last year received \$1.9 million as their share of the county's output, according to a study by Texas Mid-Continent Oil & Gas Association.

"With the average price of Texas crude oil now at about \$6.70 a barrel, compared with the 1973 average of \$3.84 a barrel, and with some newly discovered natural gas selling intrastate for more than \$1 per thousand cubic feet, the outlook for the economy of producing communities is encouraging if prices hold up," according to Sherman Hunt, Dallas, Association president.

"Should price rollback schemes and other tax-and-control proposals now under way in Congress be successful, current economic gains will evaporate," Hunt said.

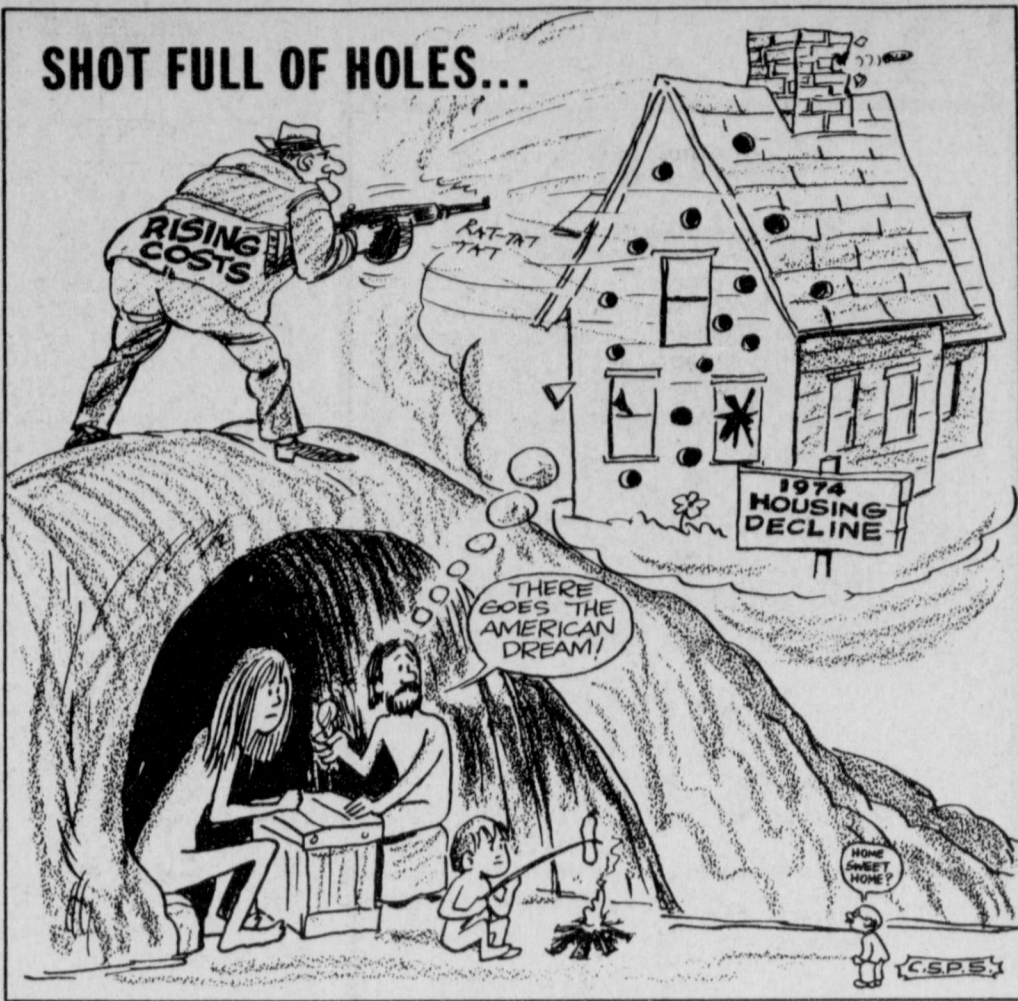

The Association's study shows that crude oil and natural gas produced last year in Franklin County was valued at \$15.2 million, ranking the county 81st in the state. Crude oil production of 3 million barrels was valued at \$11.6 million and 18.9 billion cubic feet of natural gas at \$3.6 million.

Statewide, crude oil prices for 1974 are estimated to be some 74 percent higher than 1973. This expectation has stimulated a revival of drilling in Texas, with well completions the first five months of 1974 at 4,013 at 19 percent jump over the same 1973 period.

From the county's 1973 output, the State of Texas collected \$535,725 in oil production taxes and \$268,991 from natural gas.

Also adding to the dollar flow in the county last year were these factors:

- Drilling activities, on which producers spent \$729,125 in drilling 10 wells, \$258, 933 of which was lost in three dry holes. Successful completions amounted to six oil wells and one gas well.
- Operation of other oil and gas facilities, including three natural gasoline processing plants with 68.3 million cubic feet per day capacity.

North Franklin Water Rates Increased

The Board of Directors of the North Franklin Water Supply Corporation voted on Monday night to increase rates charged to members for water in order to provide sufficient income to pay off indebtedness incurred in the laying of the water supply line from near Dickson Hill on Highway 37 to near the Lakeview store.

The Farmers Home Administration requires that all rural water supply corporations provide sufficient revenue to pay off indebtedness, operating expenses and to maintain a reserve for contingencies.

The Franklin County Water District is building the line and will provide the long term financing for the line.

The board voted to raise the

minimum charge for all members from \$8.00 to \$9.00 for the first 3,000 gallons or less and the rates for all brackets above 3,000 gallons was increased by 10 cents per 1,000 gallons. The board estimated the increase will provide \$465.00 per month additional income.

The motion to increase the rates was made by Charles Cannon and second was by Vernie Jennings. All members voted for the proposal according to Carlton Newson, president of the board.

Cannon is relatively a new member on the board having been appointed to replace Jearl Cooper who resigned to accept appointment as a member of the Franklin County Water District Board of Directors.

Eastern Star Has Meeting

Talco Chapter, No. 846, Order of the Eastern Star met Tuesday night with 17 members present. Protems were Mrs. Jerry Clemmons, Mrs. Opa Morris, and Mrs. Lena Westbrook.

Worthy Matron and Patron, Mrs. Ivy Smith and V. L. Taylor, presided over the meeting during which time a petition for affiliation with Talco chapter for Mrs. Lena Westbrook was read and an investigating committee was appointed as follows, James Gieger, Mrs. Robert Giddens and Mrs. Jerry Clemmons. Secretary, Mrs. W. S. Richardson, read a letter from the Worthy Grand Matron, Mrs. Joyce Alsop giving the Chapter authority to change the chapter's meeting nights to once a month instead of twice a month. The chapter will meet from now on each second Tuesday of each month.

Mrs. D. F. Dixon gave a perfect rendition of the secret work. The birthday of Mrs. Lyndon Reed was observed and she was presented a gift by her secret sister, Mrs. Opa Morris. Happy Birthday was dedicated to her in song.

Worthy Patron, V. L. Taylor, gave a report on illness of his neighbors, Jack Thompson and Mrs. Taylor and Mrs. Smith reported on the O.E.S. members in the Red River Haven Nursing Home in Bogata and asked everyone to visit them when possible. She also read a poem, entitled "Reach Out and Touch" Mrs. Frank Sloan gave an informative talk on chapter courtesy. After chapter closed a wonderful fellowship was enjoyed with refreshments of cookies and cold drinks in the dining room with Mrs. Smith as hostess.

Gardening Made Easy

By Barrie L. Kridler

Some of the area has been blessed with some welcome rain but don't sit back now and let things dry up—keep on soaking if you can and the rain will last a lot longer as the moisture goes deep into the soil. By all means get a mulch on plantings! Compost, grass clippings, leaves, pine needles, sawdust (be sure to sprinkle some high nitrogen fertilizer on this one as it robs the soil of nitrogen as it breaks down) and one of the best looking and most effective, pine bark. Use the fine bark on azaleas and flower beds where it can work into the soil and use the medium and large bark as a topping on ground covers and around shrubs. The extra advantage will be a noticeable lack of weeds in your plantings as well as less watering to do. Nature never meant the soil to be bare, even in the desert there are tufts of grass and rocks and gravel acting as a mulch to keep the soil cooler and moist longer after rains. Exposed soil has a terrific evaporation rate and is constantly exposed to erosion.

It's time to be thinking fall even though we have a good deal of summer ahead. Plantings now of zinnias, marigolds, celosia (both the coxcomb type and princess feather type), periwinkle, moss rose, sunflower, dahlia, strawflower and cosmos all from seed will bloom in a few weeks and brighten beds, border and pots until late November or even longer. Seeds are inexpensive and go a long way to give plenty of color for large areas. I always start a lot of new annuals now for fill in but to be sure that you will have what you need. Buy the seed and plant it

now—few garden centers or nurseries will be starting bedding plants now to sell and it's a shame because quite often the zinnias, marigolds, and dahlias that seed in the summer and come up are the finest plants of the whole season. Fall rain and cool nights are to their liking and they go all out to make a terrific splash of color before going down with Jackfrost.

Give your mums their final cutting back, feed and keep well watered. If your cushion mums have been blooming all summer like mine they will need that trimming to stimulate new growth and the food to set hundreds of buds. Add a few new mum plants now for fill in and replacement, their season is not far off. HAPPY GARDENING!

CRIB SAFETY
Use the new baby crib safety regulations set up by the Consumer Product Safety Commission to rejuvenate an old crib. These can give you a guide for changes in safety.

First, check the overall condition of the crib. Missing slats and broken parts should be replaced and loose bolts tightened. And, if you decide to refinish the crib, use only non-toxic paint or other finish. A baby can suffocate by wedging its head between the mattress and crib. So be sure the mattress fits the crib frame snugly. If you can fit more than two fingers between the mattress and crib, then the mattress is too small.

Some infants have been seriously injured and even strangled by getting caught between the slats. Here's where a bumper pad helps. But be sure the bumper runs around the whole crib, and that it has at least six straps that tie or snap it securely into place.

As your child grows, check the mattress height. As soon as he can pull up into a standing position, put the mattress in its lowest position to keep him from toppling over the rail. In fact, when the height of the side rail is less than three-fourths the height of the crib, it's time to stop using the crib.

Crib safety is important in "used" cribs — as well as new ones. So make the new safety regulations a check-up guide for the baby crib you already have.

Volcanic Action
Since May 1969, the Kilauea volcano on the island of Hawaii has produced more than 440 million cubic yards of lava, an average of about 300,000 cubic yards a day.

Gas has saving ways

Take Gas Air Conditioning, for example.

How Gas Saves You: Cooling with Gas—when demand for gas is lowest and demand for electricity is highest—helps balance our summer energy needs. Gas cooling is simple, too. That means less maintenance and longer life. Gas HEAT is the biggest energy saver of all. It's the most efficient, DIRECT use of a premium natural resource. And Gas heat is the most economical.

How You Save Gas: Gas air conditioning circulates clean, fresh air throughout your house. So don't cover grilles and air returns with drapes or furniture. Keep that nice "inside weather" inside, too. Make sure your house is properly insulated. Caulk and weatherstrip around windows and doors. Learn the saving ways of all Gas Appliances.
