You are immediately impressed with an atmosphere of dignity and tone of beauty that the well appointed home provides. You then concentrate your gaze upon each individual piece of Furniture, and remark upon its beauty. If in the living room or library, it's probably the attractiveness of a pearl table or chair or a suit that causes so much admiration. Isn't it refreshing to enter such a home? KISSING AS A CUSTOM IS EXCUSE FOR THIS

Since the "kiss" is without question a fairly well launched custom throughout the world, it is indeed apropos that comments on this subject have been given some consideration by the newspaper humorists of the country. When shown on the motion picture screen in the Literary Digest "Topics of the Day," these "kiss" paragraphs have proved sure-fire laugh provokers.

"Our idea of a tough situation is for a fellow to get a kiss fairly well launched and then have a sneeze beat him out."—Philadelphia Inquirer

"I told her I was going to kiss her right in every step on the way home." "And what did she do?" "She went up stairs and put on a hobble skirt."—

Pearson's Weekly.

"How did you get your mustache into this condition?" asked the barber. "I tried to steal a kiss from a girl who was chewing gum."—Kansas City Journal.

News Item: "Disease in dog's kiss. But why go to the dogs?"—Pennysylvania Punchbowl.

Dear Beatrice: "How shall I treat a young man who always kisses me on the porch." "What if you mean porch?"—Buffalo Evening News.

"Darling, I kissed the very stamps on your letters because I knew they had been touched by your sweet lips." "Oh? Jack, I mistook them on dear old Fido's nose."—Bystander, (London)

"What do records cost today, lady?" "Well, sir for fifty cents you can have 'em smiles' for a dollar 'Kisses' and

for a dollar and a half. 'You'd Be Surprised'."—Princeton Tiger.

Paying War Debts

According to an eminent authority, O. P. Austin, statistician for The National City Bank of New York, the debts of the world are about \$265,000,000,000. At the beginning of the European war the indebtedness was \$44,000,000,000. This is an enormous increase, the present amount being so great as to be incomprehensible.

The interest charges on the world's debt is said to be about \$9,000,000,000 per year. One year before the war it was \$75,000,000 a year. The per capita indebtedness of the world is said to be \$150 now; interest charged 86 per cent. In 1913 the per capita debt was \$27 a year and the interest \$1 per capita every year.

This enormous debt must be paid. Every individual must discharge his portion of the debt if normal civilization is to continue and if nations are to show through their governments that they are worthy to exist. There is but one legitimate way to pay and that is in taxes, each citizen of the nation paying his proportionate part. But people who do not work and earn cannot pay. The idle, the agitators, the disturbers of the peace will have nothing with which to pay and will interfere with others who are trying to pay.

Unless the people of this country go to work, quit spending for luxuries and cease trying to get wages and salaries without adequate services, how are they to pay their portion of the war debt? It will require more than farmers to provide the revenue to discharge this country's war debt and feed and clothe the people. Every individual must do his "bit" and do it willingly.—Farm & Ranch.

The Home

Is there a name dearer anywhere than "Home, Sweet Home?" It is often said that no nation can rise above its homes. Is there a word capable of suggesting a wider range of ideas than this word "home"? To the ancient Roman his home was the abiding place of his household gods; to the medieval baron it was the castle where he maintained his retinue and from whence he sallied forth to his conquests; to the pioneer it was a retreat from his struggles with the forces of nature, the spot where he realized the results of his efforts to live the free, untrammled life of his convictions.

Today it means to some, little more than the place where meals are served and lodging is secured; to others a retreat from the day's labor in the field or at the desk; and to still others a means for enjoying social intercourse with friends and acquaintances. If the world is to be made better, it must be done by using God's plan. God founded the home, and there is nothing on earth so beautiful as the household on which Christian love forever smiles, and where religion walks a counselor and a friend. No cloud can darken it, for its stars are centered in the soul. No storms can make it tremble, for it has a heavenly support and a heavenly anchor.

To the young man and woman contemplating a home let it be said that the sweetest type of heaven is home—may, heaven itself is the home for whose acquisition we are to strive the most strongly. Home, in one form and another, is the great object of life. It stands at the end of every day's labor, and beckons us to its bosom.—Exchange.

J. C. Cobb, a former Haskell county citizen who left last year to make his home near Corpus Christi was in Haskell a few days last week shaking hands with old friends. We never heard him say, but it is our honest opinion that if the right opportunity presents itself we will again have Mr. Cobb a dweller within the domains of Haskell county. The crop conditions with the recent rains will bring to bear on a fellow the wonderful visions of the home of plenty in such a way that this flesh of ours can no longer resist the spirit that is striving within, and no man can live estranged from the blessings that await him in Haskell county. Mr. Cobb is just like other men.

You Do More Work.
You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine. It is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. PASTORS OF TEXAS ENDORSE THE PLAN OF INTERCHURCH

EIGHT HUNDRED LEADING DIVINES PLACE STAMP OF APPROVAL AT DALLAS CONFERENCE BY UNANIMOUS ACTION ON FINDINGS OF COMMITTEE REPORT. URGE THAT ALL CHURCHES CO-OPERATE IN GREAT CHRISTIAN MOVEMENT.

In a message of acknowledgement and gratitude the Findings Committee appointed at the recent Pastors' Conference of the Interchurch World Movement held in Dallas issued a statement which was unanimously adopted by the Conference. This is the message to the church people of Texas, as sent by more than eight hundred active ministers, representing twenty-one denominations from fully two hundred counties in the State of Texas.

We acknowledge with gratitude the gracious leadings of Gods Providence in all things. We record with reverent hearts the profound conviction that this movement is of God.

It has been a season of spiritual fellowship when more than eight hundred pastors of our Protestant Churches of Texas have been sitting together for three days thinking about and praying about the common interests of the kingdom of our common Lord and Master. Our hearts have been moved with the earnest of the fellowship that is to be ours after the victory is won.

The Interchurch World Movement is not a scheme for organic union but a plan whereby the Protestant Churches of America may co-operate in carrying on their educational, missionary and benevolent programs, at home and abroad. It is first of all an effort to survey the needs of the whole world, and measure the whole responsibility of the church. This is the first time in history that the Christian churches in North America have ever attempted to study the condition of the whole world. These surveys stand before the Christian church as the greatest challenge it has ever faced since it received the great commission, and they have revealed the magnitude of the unfinished task and the independence of the effort which the church has set out for itself.

It further proposes a program by which the churches may unitedly attack their common task. That task is fourfold: to bring the whole church to a recognition and acknowledgment of its stewardship of life and possessions; to enlarge the scope and improve the methods of missionary education; to win souls; the chief business of the church; and to enlist the whole life of the church for Christian service.

We approve the spirit and progress of the movement since the World Survey Conference was presented to us by the Interchurch leaders at the Texas Pastors' Conference. We feel that this is a program in which all the churches of Christ could co-operate and venture to hope that the day may soon come when they will be found in such fellowship of service.

We recommend the approval of the findings of the Atlantic City Conference. We urge that our pastors in their respective ecclesiastical fellowships use every influence to secure adequate support for the ministry and an adequate provision for the care of the aged and infirm ministers and their dependents, and we are persuaded that the realization of this program will make this possible.

We recommend that all pastors co-operate in the holding of county meetings in order that this program and the fellowship of its service may be brought to all local churches.

We urge that every minister sympathetically study this movement and humbly and earnestly pray that God may guide in all things and give us the grace to follow where He leads.

Respectfully submitted, Rev. Brooks I. Dickey, D. D., chairman, Presbyterian, U. S., San Antonio; Rev. W. R. Hall, D. D., Presbyterian, U. S., Milford; Rev. E. A. Temple, Presbyterian, U. S., Temple; Rev. J. Walter Hall, Nazarene, Hamlin; Rev. A. E. Dicker, D. D., Congregational, Dallas; Rev. C. Williams, D. D., M. E. Protestant, Tulecent; Rev. R. S. Hyer, President S. M. Sometimes a fellow who seems to be full of ideas is merely full of premises.

The world will find you if you're worth finding, without any noise on your part. Even the Angel Gabriel doesn't blow his own horn every day.

The Boston Transcript prints a picture of Senator Harding adorned with a wig to show his remarkable resemblance in appearance to George Washington, and the New York World very properly remarks that the country is likely to be more interested in the senator's mental processes than in his looks.

In this issue of the Free Press will be found three editorially prepared amendments to be submitted to the voters of Texas for their adoption at the November election. We have not thoroughly gone into the merit of each proposed amendment but we believe that they are worthy of the support of the people. Read the amendments which will be found in another column and be prepared to vote on the questions intelligently at the general election in November.

The West Texas Chamber of Commerce is boosting for a West Texas A. & M. College. This school should have been established several years ago and it is time for the West to lay aside little petty jealousies and cooperate for the best interests of this section of the state as a whole. The western half of Texas is composed of too high a class of citizens to let the location of this school fall to the west. Every town in West Texas should join the move and work for this new school because it is needed and we are entitled to it.

THE PROPOSED AMENDMENTS (Wellington Leader)

For the last three issues the Leader has been publishing three proposed amendments to the constitution of the State of Texas. Have you read and studied them? It seems that the reason so many proposed amendments have been turned down by the voters was because the voters did not familiarize themselves with what the amendments were.

In these proposed amendments an important one is, in our opinion the one relating to the school districts' taxing power, and remove the limit now in force. This amendment does not propose to change the tax, but seeks merely to give any district the power to raise more money by increasing the rate shall said district see fit to do so. It is a democratic measure in that it gives each school district the power to set its rate at the figure needed to maintain its school.

Take Wellington Independent School for a concrete example. All know that there was not enough money to run the full term this last Spring, and the balance had to be made up by donations from the public spirited citizens. The valuation has to be raised and the limit will be reached, while the power to raise tax rate would assist materially in maintaining a full term of school by teachers entitled to better salaries.

Every citizen who appreciates the value of good schools should vote for this amendment.

Another important proposed amendment is the proposed change in the constitution which provides that cities and towns of five thousand or less population may, by legal election, raise their tax rates to not exceeding one and one-half dollars on the one hundred dollar valuation. Take the city of Wellington for example. The valuation has been raised to provide enough money to pay the running expenses, and pay off its bonded indebtedness. Any improvement needed, such as streets, sidewalks, paving, etc., cannot be done now, but with a raised tax rate such things can be done, and all know it is badly needed. For the reason given above concerning school districts, the voters should support this amendment, and any town that sees fit to vote an additional tax rate can go ahead and do so.

The third proposed amendment seeks to set a standard salary for all public officials. This should be supported. Let's not say, like certain men of old, "The Constitution was good enough for dad—it's good enough for me." But let's improve as everything else improves.

Mrs. O. J. Tucker of Bryan, and Miss Elma Gilstrap of Adison, who have been visiting their sister Mrs. M. B. Davis, of Post and their brother J. A. Gilstrap of this city left for their home Sunday morning.

M. H. Wood of O'Brien was here this week and reports crops good in his section. Mrs. Wood left for Linville, Ala., to spend a short vacation with relatives in the Hoosier State.

Lee Stephens is going into the red hog business in the right way by buying the best to begin with. He received a fine young gilt this week from one of the best Duroc-Jersey breeders in Texas which adds another good number to his bunch of Durocs.

"When I said my prayers last night didn't you hear me ask God to make me a good boy?"

"Yes, Tommy, I did."

"Well? He ain't done it."

Evening Up

"Look here!" said an excited man to a druggist. "You gave me morphine for quinine this morning!"

"Is that so?" replied the druggist. "Then you owe me twenty-five cents."

Indeed!

Eight-year-old Mary was studying her Sunday School Bible lesson. For several minutes she was very still, but a pucker between her brows betokened deep thought.

Finally she asked: "Mamma, how old are babies before they can talk?"

"You began talking when you were two years old, dear."

"Did they begin any younger than that?"

"Not very often dear."

"Never when they are very, very young?"

"No, dear; why do you ask?"

"Because it says here in my Bible, 'God created the day he was born.'"

How It Works

"I don't see why mothers can't see the truth in an education," said Mrs. Smith to Mrs. Jones.

"Do you think you can?" asked Mrs. Jones.

"Why, I would in a minute if my children had any."

The Sixth Sense

The teacher had been giving a lesson on "the senses." "Now, who can name the six senses?" she asked the class.

Nobody could think of the sixth sense. To prompt them, she said:

"What sense is it that not all of us have? Some of you haven't it; I haven't it."

A hand waved wildly. "Well, Mamma?"

"Common sense," shouted the child.

Sophisticated

Mamma—"Dorothy, you and your little visitor are doing nothing but sit around and look miserable. Why don't you play something?"

Dorothy—"We are playing."

Mamma—"What on earth are you playing?"

Dorothy—"We're playing that we's growed up."

The Reason

George Ade is a bachelor. The other day he said at a wedding breakfast:

"The single man is worse off than the married man."

The women fairly beamed.

"But how is it that you think this, Mr. Ade?" pointedly asked one woman.

"Well," Mr. Ade explained, "you see the married man fears only one woman while the single man fears them all."

A Life Job

Two friends met after having seen each other for several years.

"Hello, Hilkins. Who are you working for now?"

"Same people," was the cheery reply. "a wife and five children."

Wanted the Concensus

Little Paul was naughty and his mother took him in his bedroom and told him what God thought of little boys who acted so, and what Jesus thought.

"Well," he said finally, "looking up with some interest, 'What does Moses think?'"

Sounds Reasonable

"How" asked the teacher, of the youngsters in her domestic science class, "can you keep milk from curdling?"

Emily's answer was brief and to the point.

"You should leave it in the cow," she said.

Poor Taste

Young Andrews had called upon the young lady of the family. Her little brother Willie came in and offered Andrews a piece of sticky candy. Andrews wanted to make a friend of Willie so he took it and ate it. Willie watched the eating intently, and when it was all finished he said: "Was it all right?"

"Yes, indeed," replied Andrews. "Very nice, in fact."

"That's funny," thoughtfully said Willie. "My cat spit it out once and my dog spit it out twice."

Catarrhal Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it has a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced, and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are cured by Catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. **F. J. CHENEY & CO., Toledo, O.**

Helpful Hints

Grape Sherbet.—Warm 1-2 pint of grape jelly or 1 pint of pure rich grape juice, dissolve in it 1 cup sugar, mix thoroughly with 1 quart of rich milk; ice cold, freeze at once. This makes a lilac-colored sherbet.

Tomato Sauce.—Simmer 1-2 can tomatoes, 1 chopped onion, 1-2 teaspoon salt, 1-4 teaspoon pepper, 1 clove, together 10 minutes. Rub through sieve. Cook together 1 tablespoon each of flour and butter 1 minute, add tomato gradually, stir till smooth, and simmer 5 minutes.

Apple Pot Pie.—14 apples, peeled, cor- ed, and sliced, 1 1-2 pints flour, 1 tea- spoon Royal Baking Powder, 1 cup sugar, 1-2 cup butter, 1 cup milk, large pinch salt. Sift flour with powder and salt, rub in butter cold, add milk, mix into dough as for tea biscuits; with it line shallow steppan to within 2 inches of bottom; pour in 1 1-2 cups water, apples, and sugar; wet edges and cover with rest of dough; put cover on, set it to boil 20 minutes, then place in moderate oven until apples are cooked; then remove from oven, cut top crust in four equal parts; dish apples, lay on them pieces of top crust on a plate; serve with cream.

Fig Pudding.—1-2 pound good dried figs, washed, wiped and minced; 2 cups fine dry bread crumbs, 3 eggs, 1-2 cup beef suet, powdered; 2 scant cups sweet milk, 1-2 cup white sugar, in which 1 teaspoon Royal Baking Powder has been mixed, little salt. Soak the crumbs in milk, add eggs, beaten light with sugar, salt, suet and figs. Beat 3 minutes; put in buttered mold with tight top set in boiling water with weight on cover to prevent mold from upsetting, and boil 3 hours. Eat hot with hard sauce made of butter, powdered sugar, 1 teaspoon extract nutmeg.

Brown Fricassee of Chicken.—Clean and disjoint, Brown in a few spoons hot butter or pork fat. Transfer to kettle. To fat in pan add sufficient flour to absorb, stir and brown, gradu- ally add 1 pint hot water, stir till thickened, strain over chicken. Cover and simmer gently till tender.

Welsh Rabbit.—Select richest and best American cheese, the milder the better, as melting brings out strength. To make 5 rabbits, take 1 pound cheese, grate and put in tin or porcelain- lined sauce pan; add ale (old is best) enough to thin the cheese sufficiently, say about a wine-glass to each rabbit. Place over fire, stir until it is melted. Have slice of toast ready for each rabbit (crusts trimmed); put a slice on each plate, and pour cheese enough over each piece to cover it. Serve while hot.

Ride on Goodyear Tires in That Sturdy Small Car of Yours

It surprises certain users of small cars to find that they can obtain Goodyear Tires at a first cost ordinarily not greater, and sometimes less, than that of other tires.

This initial value, as well as the very low final cost, results from the application of Goodyear experience and care to their manufacture in the world's largest tire factory devoted to 30x3-, 30 x 3 1/2- and 31 x 4-inch sizes.

Such facts explain why more cars, using these sizes, were factory-equipped last year with Goodyear Tires than with any other kind.

If you drive a Ford, Chevrolet, Maxwell, or Dort take advantage of the opportunity to enjoy real Goodyear value and economy; equip your car with Goodyear Tires and Heavy Tourist Tubes at the nearest Service Station.

30 x 3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread . . . \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available! \$45.00

MINE OWNER WAS FORCED TO QUIT

Moves to Coast Seeking Health—Takes Tanlac and Will Return Home A Well Man.

"I was forced to give up my mining business and move to Los Angeles seeking health, but thanks to Tanlac I am going back a well man," said William H. Hart, who owns the Vindicator-Divide mine in Tonopah Nevada.

"For nine years," he continued, "I suffered terribly from indigestion, my appetite was poor and everything I ate would cause so much gas in my stomach that I would be drawn almost double with pain. I got so nervous I couldn't write a letter and even the wind blowing around the house at night would upset me so I couldn't sleep. I lost forty pounds in weight and finally had such bad attacks that I could not stay on the job another day. I just gave up and came out here, but the change like all the treatments I had taken, seemed to do me no good at all.

"One day a friend recommended Tanlac to me and I will never be able to thank him enough, for now after taking four bottles I feel like a new man. I eat three hearty meals a day, my nerves are as steady as a rock, I sleep like a child at night and I am going back to my mines feeling fit and fine in every way. I am glad to have a chance to tell other people what a great medicine Tanlac is."

Tanlac is sold by all leading druggists everywhere.

Magazine Club Notes

On Friday, July 9th, the friends and members of the Magazine Club were invited to meet in the library building at 5 P. M. to hear the report of the Club delegate, Mrs. J. U. Fields, to the recent Biennial Convention held in Des Moines, Iowa.

A large crowd of women were present and after a short introductory talk by our club president, Mrs. J. E. Posey, we were favored with a musical number by Mrs. Jno. W. Pace. Then followed the excellent report of our delegate, in which she gave a very graphic description of her trip and the proceedings of the convention, stressing the most important and interesting points.

Catching Mrs. Fields' vision we were made to see the civic attractiveness of the city, the magnificent buildings in which the programs and receptions were given and the modish attire of the women in attendance. She also brought to us the spirit of enthusiasm which pervaded the meetings, with extracts from the brilliant speeches made, and this proved to us what we already believed; that the General Federation of Women's Clubs stands for all the lofty things that "America" stands for.

We of the Magazine Club appreciate the fact that we could have this splendid representative and feel sure that all who heard the report registered a promise with themselves, to become better citizens of our home town.

In closing Mrs. Fields paid quite a nice tribute to Haskell and remarked that her heart was here, and her work was for the good of Haskell people. We feel fortunate, indeed, that this is true.

Former Citizen Dies at Iredell

News has been received here that J. B. Cox, a former Haskell county citizen, died at his home at Iredell last week. We are unable to give any details regarding his death but what information we have is authentic, coming from his son O. E. of Hico, who only made brief mention, thinking we would get the full account from the Hico paper which we have not received up to this time. Mr. Cox owned a farm west of town near Gaunt and was well known in Haskell County. He made the race for County Commissioner of Precinct No. 4 a few years ago. He has many friends here who will regret to learn of the death of this good man.

A Letter From Lee Pierson

San Diego, Calif., July 20. The Haskell Free Press, Haskell, Texas.

Dear Sirs:

My family and E. M. Morton and family, W. B. Marple and family and Misses Harbye Hancock and Annie Kate Ferguson arrived here by auto across the country Friday evening the 16th of July. They report a hot time coming across the desert, and glad to get here. "This cool and pleasant here and we sleep under a blanket every night. That may sound like a "fish story" to you, as I suppose you are not sleeping under many blankets up there. Please direct my Free Press to 733 26th St., San Diego, Calif.

A Fishing Party

Elects Chas. M. Conner and Wayne Perry accompanied by R. D. and Will Mackey, H. B. Conner and Will Jeans of McKinney, spent several days on Paint creek this week. The boys claimed that Chas. Conner and Wayne Perry were so doggone lucky that they would have to get behind a tree to bait their hooks.

Mr. and Mrs. Chas. Barton Entertains

Mr. and Mrs. Chas. Barton of Weiner entertained the young people at their home Saturday night with a party and a large crowd was present and all report a good time. Mr. and Mrs. Barton are great favorites among the young folks and they all bespeak for them tokens of friendship for the good time enjoyed at this hospitable home.

ONLY WANTED TO SEE WHAT WOULD HAPPEN NEXT

This unique reply was received by a newspaper which asked a man to pay his bill, long overdue:

"Dear Editor: Your bill for the last subscription received, and I, for the following reasons, am unable to send you a check just now. I have been held up, held down, sandbagged, walked on, flattened out, and squeezed, first by the United States government for federal income tax, the excess profit tax, the Liberty Loan Bonds, the capital stock tax, auto tax, merchant's license, broker's license and by every society and organization that inventive mind can invent to extract what I may or may not possess.

"The government has so governed my business that I do not know who owns it. I am inspected, suspected, examined, re-examined, required and commanded so I do not know who I am or why I am here.

"All I know is I am supposed to be an inexhaustible supply of money for the human need and because I will not sell all I have and go out and beg, borrow or steal money to give away—I have been cussed, discussed, boy-cotted, talked to talked about, lied to, lied about, held up, robbed and nearly ruined, and the only reason I am clinging to life is to see what is going to happen next. I. O. EVERYONE."—Exchange.

Hamlin Yeomen Lodge Holds Open Meeting

The Brotherhood of American Yeomen Lodge held an open meeting in the city hall Thursday night, July 15. Mr. A. Morgan Duke, state manager of the Yeomen, of Dallas, Texas, was in attendance and delivered an interesting address on the benefits of the Yeomen Society. Also A. P. Greene, District Manager, of Haskell Texas, made a short talk followed by Deputy G. H. Barker of this city. The Honorable Foreman J. F. Miller, presided at the meeting. Refreshments were served by committee, consisting of ice cream and cake, and every one present pronounced the meeting a success from every point of view. Mr. Barker is to be congratulated in organizing such a splendid lodge in so short a time. He has twenty or more Benefit members to date and about 10 or 12 old Yeomen members will transfer their membership to Hamlin, thus making a lodge of over thirty members. The Haskell degree team will come to Hamlin in about two weeks to confer the degree on the new members here. The Brotherhood of American Yeomen is the largest fraternal society in America, admitting men and women on equal terms and privileges.—Hamlin Herald.

Grape Juice Honey

A man whose veracity will stand the acid test dropped into the Signal office Monday and reported that the bees of his neighbors are making a very fine grade of honey, and something that is new to this section. Recently someone spilled a quantity of grape juice near the bee-owner's home and the bees took to the grape juice like ants to a molasses barrel. The other day the man harvested his crop of honey, and lo it is grape juice honey, with all the delicious flavor of the grape.

So far so good, but this discovery is as sure to cause trouble as the night is to follow the day. Having learned that the bees can make grape juice honey, certain men will readily conclude that the little workers can make other kinds of honey. They will put corn mash and other substances where the bees can reach them, and the result will be intoxicating honey. And it looks very much like a way has been found to beat the Volstead enforcement act.—Honey Grove Signal.

Religion of Harding and Cox

So far as we know the Baptist and the United Brethren have never had a representative in the White House. The good year of 1920 will change all of this. Harding is a Baptist and Cox is a member of the United Brethren church. One of these men will be the incumbent of the White House after March 4th, 1921.
