WESTERN BAPTISTS PLAN ENCAMPMENT

Summer encampments are becoming more and more popular among all denominations. The Baptist encampments have made a distinct contribution to their denominational life and spirit.

A call is issued to all Baptist workers within a radius of 50 or 75 miles of Stamford to meet at Leaders on the Clear Fork, eighteen miles southeast of Stamford, Friday May 4th to perfect plans for a West-Central Texas Baptist Encampment. It is hoped that a program may be arranged at this meeting for the first encampment which will be held July 15-22 of this year. Pastors and missionaries of the Central West are urged to come and bring with them all interested laymen who may be induced to attend.

This movement has been commended by many local workers and also by such men as Secretary F. S. Groner, Dr. B. W. Vining, Rev. L. E. Finney, Secretary T. C. Gardner, and others. We should have here one of the largest and best Baptist encampments in all the state of Texas in a very few years.

Signed by the committee.

THREE BIG PICTURES COMING NEXT WEEK

The Haskell Theatre has been successful in securing three big pictures which will be shown here next week. This is probably one of the best programs the local theatre has been able to secure in some time.

On Monday and Tuesday "Human Hearts" will be shown; Wednesday and Thursday, "Driven"; Friday and Saturday, "The Flirt." All of the above pictures have been playing the larger cities during the past two months and it is an unusual program for a theatre in a town the size of Haskell to undertake to show all three of these pictures in one week.

Manager Ed Robertson is endeavoring to give the people a program that would be a credit to a city many times larger than Haskell.

PROGRAM FOR THE NEXT SCHOOL LYCEUM NUMBER

On next Friday night, April 27, Miss Castle's pupils will give a lyceum program for the benefit of the schools. It is going to be fine. There will be readings, drills and plays. We hope there will be a good crowd out and thus show their backing of the Haskell schools, the best institution in Haskell.

The admission price will be only 15c and 25c. Let us all come out that night.

LOCAL BUILDING BOOM CONTINUES

Mart Clifton is remodeling the old residence on Depot street that has been standing idle for many years into a nice modern bungalow and will soon have it completed and ready for occupancy. This building is situated on one of the most beautiful residence lots in Haskell, because of the large shade trees. Its excellent location makes it very valuable property.

Mr. Donohoo of the Lynch & Donohoo Novelty Shop on the south side will soon have his residence completed near the Brazelton Lumber yard. He moved part of the building from Rule and is building additions and porches to make it an up-to-date bungalow. Mr. Donohoo recently moved from Stamford to this city.

The new residence of Marvin H. Post in the north part of town is about complete. It is a bungalow type with stucco walls, which makes a very beautiful and serviceable building. All the buildings going up in Haskell at the present time are beautiful and substantial buildings which will add to the city's wealth of beauty.

Walter C. Bevers and family of Munday were in the city Tuesday and while here Walter called around to see us.

W. G. Pope of Barnett's farm near Foster was in the city. Mr. Pope is a good farmer and raises lots of poultry.

SPEAKERS SECURED FOR COMMENCEMENT EXERCISES

Supt. Bradner has secured Dr. J. W. Hunt, president of McMurray College of Abilene to deliver the Commencement Address to the graduating class of the Haskell High School on May 30. Dr. Hunt is one of the best speakers in Texas and he will deliver a very fine address that night to this fine large class. A treat is in store for everyone.

Rev. Hooker of this city will deliver the Commencement Sermon to the class on Sunday, May 27, 11 a. m. at the Christian Church.

We have the largest Senior Class in the history of the Haskell High School, there being over 30 in this class. We believe there are just about as many boys as girls in this class, which is something unusual in Senior Classes.

TIME TO RENDER TAXES FOR THIS YEAR ABOUT UP

Tax assessing time is about over and if you do not want your property to go on the unrendered list you had better call on the Tax Assessor and render your property. If your property goes on the unrendered roll it will have to be appraised by the board and we believe that all property owners had rather value their own property. We call your attention to this fact and hope that you will heed the notice. By doing so you might make a saving in your taxes.

J. A. LANDESS UNDERGOES OPERATION AT STAMFORD

J. A. Landess, who lives in the Howard community, was stricken with appendicitis Sunday and was taken to the Stamford Sanitarium Tuesday where he underwent a successful operation about 4:30 p. m., and on last report was getting along nicely. He is a son of "Uncle Dick" Landess of this city.

HEAVY RAINS FALL OVER THIS SECTION

Haskell county was again blessed with a good rain which fell Tuesday afternoon and night. According to the report of Judge P. D. Sanders the total precipitation in the city was .50, or practically an inch, while the rainfall was much heavier in other parts of the county. In the south part of the county a very heavy rain fell in the afternoon and another followed in the night. More than three inches of rain is reported in that section. Rochester reports about 4 1-2 inches of rain Tuesday afternoon with considerable hail which fortunately was not large enough to damage buildings and roofs, but was reported to have destroyed much of the gardens in the city and the surrounding country. At Cliff the hail was reported much heavier and more damage to growing crops was reported. Farmers coming into town Wednesday morning reported that the hail drifted along the road in some instances more than a foot deep. The fruit crops are said to be ruined in that section, where the hail was so heavy. Very little corn and maize was up in the section traversed by the hail storm and the damage is not as great as it would have been later in the year.

A disastrous hail storm is reported at Henrietta, in Clay County, damage to the extent of \$70,000 being estimated as suffered by building and merchandise in that city alone, and havoc was wrought in the surrounding country by the storm.

SINGERS WILL MEET AT O'BRIEN SUNDAY

It has been announced that an all-day singing will be given at the Baptist Church in the city of O'Brien next Sunday April 29th, beginning as soon in the morning as the congregation can gather, and dinner will be served at noon. All who can be requested to bring a well-filled basket. O'Brien always makes a visitor feel welcome and the invitation is extended to all. It will be a great day. Don't miss it.

HENRY TOUSSAINT MOVED TO THE ANSON JAIL

Henry J. Toussaint, whose murder case was transferred to Anson from Wichita Falls, la t Wednesday morning, was taken to Anson last week, where he will await the calling of his case.

Toussaint has been a prisoner in the Wichita county jail since February 7, 1921, continuously except for the 10 days that he was out on liberty after his sensational escape.

The case will in all probability be set down for trial at Anson six weeks from Monday, which will mark the opening of the term of court in that city.

District Attorney Tom Davis of this city will be prosecutor in the case.

Mr. and Mrs. J. W. Ivey and daughter Mrs. Stella Simpson and children were shopping in the city Saturday.

HASKELL GIRLS WIN IN DEBATING

The girls debating team, composed of Mary Ella Pace and Joan Irby, of the Haskell High School, won the championship in Debating in the Abilene Inter-scholastic Meet at Abilene last Friday.

This is quite a distinction and honor for the Haskell High School and it reflects great credit on these two girls as debaters. They will go to Austin on May 5th to compete for the State Championship in Girls' Debate, where they will meet girls' debating teams from all over Texas.

This is the first time in the history of the Haskell High School that anyone has ever gone to Austin to represent our high school in a State Interscholastic Meet.

Haskell should be proud of these girls for they defeated three teams at Abilene, two of these teams being among the strongest girls' debating teams in West Texas.

They first debated the Abilene team, which had already defeated the Fort Worth team, one of the strongest girls' debating teams in the state. In this debate our girls defeated the Abilene team, with a unanimous decision of the judges. Our girls then met in debate the team from Baird, again winning the victory with the unanimous decision of the judges.

There were seven girls' debating teams and all had been defeated but our team and the team from Parks.

This was the final debate which was held Friday night in Simmons Hall. Our girls had this time the affirmative side of the question, the most difficult side. They also had to meet a very strong debating team but our girls won this debate with a decision of four of the judges out of five in their favor.

Our girls have a very fine chance of winning the State Championship at Austin, for they have mastered both sides of the question for debate. They have their speeches on both sides and they are very ready in rebuttals. This is a great honor for the Haskell high school.

TWO YOUNG MEN FINED FOR THEFT

Two young men who live at Rochester were placed under arrest by the county officials late Tuesday afternoon charged with theft from a freight truck of a bale of rope and a small box of tobacco. When the theft was reported to the sheriff's department, the officials set out at once to locate the stolen goods and were soon on the trail. When they came in sight of the parties accused, who were in another truck en route to Rochester, the boys after discovering the pursuing officers made an unsuccessful effort to hide the spoils beside the road but were seen by the officers and the goods found and restored to their rightful owner. The boys paid fines and were released.

POST ANNUAL SCHOOL FAIR WAS A DECIDED SUCCESS

(Special Correspondent)
The Annual Fair of the Post rural school was held at the schoolhouse Thursday and Friday, April 19-20. A large crowd attended each day, despite the rainy weather.

The school had a good exhibit of the splendid work of the children. The exhibits were in two booths. Besides the school work there were many old relics and other exhibits belonging to residents of that section.

Most of the stores of Haskell were represented with booths displaying their goods and giving souvenirs to the people in attendance. Mrs. Lee Humphries had a booth showing her fancy work, which was very pretty.

The school play given Thursday night was well attended, but on account of the bad weather there was not as large a crowd as there would have been had the weather been more favorable. All parts of the play were well gotten up and were enjoyed by all. Several readings were given by students of the school between the acts of the play. The proceeds of this play went to pay for the barbecue.

Bread and barbecue was served to all present, and everyone had a real feast.

R. E. Sherrill, J. W. Nanny and Frank Simmons were summoned to Abilene this week to serve at Federal grand jury men. Mr. Simmons was accepted, the others being excused and returning home.

Mr. and Mrs. U. S. Rogers of Munday were here Tuesday.

METHODIST REVIVAL TO START SUNDAY

The public is cordially invited and every Methodist in the city is urged to attend the meeting which begins Sunday morning at eleven o'clock. Rev. Mark N. Terrell, general evangelist for the Southern Methodist Church will do the preaching, assisted by Victor W. Harrison, noted soloist and choir director. Rev. Terrell has just closed a very successful revival at Electra.

LARGE INCREASE IN USE OF ONE-TON MOTOR TRUCK

Detroit, Mich., April 25.—Predictions made early in the year that 1923 would see a large increase in the use of the one-ton truck both in commercial and agricultural fields are being borne out in sales records of the Ford Motor Company here.

The rapidity with which the one-ton truck has come into popularity in delivery and hauling systems is shown in recently compiled figures which disclose that 80 per cent of all the motor trucks in service in the United States are one-ton or less and indications are that this high ratio will be materially increased during the present year. The growth has come during the last six years, during which the one-ton truck jumped from 48 per cent to the 80 per cent mark.

Registration figures as of December 31, 1922, showed the total number of commercial cars and trucks in use in the United States to be in excess of 4,300,000 of which fifty-one per cent were Fords.

RULE TO VOTE ON SCHOOL BONDS MAY 3rd

The citizens of Rule are to decide in a bond election Thursday May 3rd, whether or not they will build a new high school building. Those who favor the bond issue claim that the city is sorely in need of a new High School building to accommodate the growing scholastic population.

Picnic

The Men's Golden Rule Bible Class of the Methodist Church, losers in a recent contest with the Women's Class, the Character Builders, entertained them with a picnic. As it was raining the lunch was spread in the church and was a most delicious one, consisting of boiled ham, potato chips, pickles, salad, pie, ice cream and cake.

The men of the class spread the lunch and acted as waiters at the table. It was a very enjoyable and successful occasion. The only accident of any consequence was when B. Cox and Dr. Goss got the ham off in the floor while trying to slice it, however, serious loss was averted by it hitting with the right side up. The only other unpleasant incident was when O. E. Patterson came very near cutting his throat while trying to eat with the butcher knife.

A few informal talks were made following lunch. Mrs. Blakely thanked the Golden Rule class for the entertainment and assured them that they could defeat them again if given an opportunity.

Mr. Langford and Mr. Williams explained just how it came about that they got defeated. They offered various reasons for their defeat but were not able to agree among themselves just where the trouble was, the principal reason seemed to be that "the women just out-argued them in attendance." Mrs. Kitzpatrick thanked the class for inviting those who would be in either the Golden Rule or Character Builders class if not holding elsewhere in the Sunday School, and expressed her thanks for the very delightful evening. Judge Lee made a short talk expressing confidence that the men would make a better showing if given another chance in a contest.

The following enjoyed this delightful hospitality: Mr. and Mrs. B. Cox, Judge and Mrs. R. E. Lee, Dr. and Mrs. Goss and son Joseph, Dr. and Mrs. Gentry and sons Quinton and Jewell, Mr. and Mrs. Sewell and daughter Virginia Gilbert, Rev. and Mrs. S. L. Culwell and son Clyde and daughter Carrie Bess, Mr. and Mrs. L. W. Kirkpatrick, Mr. and Mrs. F. J. Caldwell and daughter Helen, O. E. Patterson and sons Thomas and Bill, H. H. Langford, T. A. Williams, Mr. and Mrs. Kennedy, Miss Nevada Baker, Miss James Farness, Blaine, Cass, Peter and Blaine.

Magazine Club

The Club met at the Library Friday afternoon with Mrs. C. L. Lewis presiding.

The library committee reported having ordered thirty dollars worth of new books, making a total of fifty-three dollars worth bought this year.

Miss Cleo King presented "Secret Places of the Heart", to the library; Mrs. Elkins gave two books and Judge Kinnard gave two reference books on "The North American Indian."

Some of the most widely read books are missing from the library. Will you please look in your book cases for these books and return them, as there are calls for them every week.

Mrs. J. U. Fields conducted a very helpful lesson on parliamentary law.

Don Means and family were in the city Saturday from the Pace farm southwest of town.

Parent-Teachers Association

The association met at the High School auditorium Thursday afternoon. Mrs. Rike was director of the program on "The Financial Training of Our Children." This proved a most interesting and instructive program. Mr. O. E. Patterson, Mrs. O. E. Oates and Miss Minnie Ellis all gave splendid talks along this line.

Six of Mrs. Rike's little pupils gave a health fairy drill. Mrs. Lex B. Morris and the D. E. girls gave a very appropriate demonstration. The following girls were dressed in well-made dresses that they had made themselves at a very nominal cost: Helen Robertson, Iola Simmons, Beatrice Weinert, Anita Grissom, Thelma Lee Norman. The following read splendid papers on their work: Alma Sprowls, Louisa Kutzler, and Edith Jones. Mrs. H. Weinert of Weinert was a visitor.

Thursday Luncheon Club

Mrs. Lebo was hostess to the members of the Thursday Luncheon Club at the home of Mrs. Alfred Pierson Thursday. The home was decorated with vases and bowls of lilacs. The ladies took their handwork and spent a most delightful day together.

At the noon hour an elaborate luncheon was served. In the afternoon "42" was enjoyed. The following were present: Mesdames B. M. Whitaker, W. E. Kirkpatrick, Sam A. Roberts, Elmer Irwin, J. P. Payne, Lora Gambrell, Terrie Arnsperg, H. W. Waldrop, H. E. Emerson, P. J. Dougherty, Wiley Reid, J. A. Couch, and the hostesses.

Thursday Bridge Club

Mrs. Cladhorne Payne was hostess to the members of the Thursday Bridge Club at her attractive home Thursday afternoon.

A delightful afternoon was spent at bridge and the hostess served a varied course to Mesdames R. H. Elliott, John and Bill Oates, W. H. Marchison, J. P. Payne, J. E. Grissom, Donald Wiley Reid.

John Mitchell and Miss Mary Willis were married by Judge R. E. Lee at his residence in this city Saturday night April 14th at 8:30 o'clock. The contracting parties have many friends who join the Free Press in wishing them happiness and prosperity through life.

High School Party

The Seniors who did not go to Abilene Friday planned to have a party, but owing to the rain had to abandon the idea. Mrs. J. A. Couch, who was to have acted as one of the chaperones invited them to her home Friday evening, where they spent most delightful time playing "42." Refreshments of lemon cream and cake were served.

Methodist Missionary Society

The society met at the church Monday afternoon. Mrs. J. T. Fields directed a very interesting lesson on "Building With India." The following women took part in the program: Mrs. James C. T. Lewis, E. T. Blandin, P. J. Alexander, Bill Lebo and L. M. Goss. The society will meet with other societies of the Christian Church Monday.

Ernest Sanders was appointed to represent the Protestants in the Haskell High School by reciting several pieces of prose and declamation contest at Abilene last Saturday night. We are proud of Ernest. He is a good speaker and will be heard from when he goes to college.

The most of the farmers have their feet planted and up and are planting cotton, and our, how we have to see better coming up for that means to get the low seed!

The gardens are looking fine, and only need a little work and warm sunshine.

School is progressing nicely. We are glad to hear of Mrs. J. F. Guillett's speedy recovery. She formerly taught in the school here but went away about three weeks ago for treatment. We expect her home soon.

J. E. Guillett and daughter Miss Dorothy, spent the weekend with relatives in Stamford.

MUNDAY-CANTON BASKETBALL GAME IS A 28 TO 28 TIE

According to an official report received from Munday states that the state championship girls' basketball game played Friday night April 20th at Canton between Munday and Canton was a tie, 28 to 28.

It was called the greatest game of the kind in the history of the state. The Munday girls played at odds, owing to the long trip, the indoor court and the fact that the game was played at night. Munday was the runner-up team to Waco last year. Canton defeated Waco this year by a score of 29 to 15. No championship game will be played this year.

SPECIAL TERM OF ANSON COURT COMES TO CLOSE

The special two-weeks term of the Thirty-ninth District Court, held at Anson, with Judge W. R. Chipman presiding, adjourned last Thursday afternoon.

Three cases against Sam Tanner from Stonewall county charged with violating the prohibition laws came to trial. In the first case defendant was found guilty and punishment assessed at the maximum of five years in the state penitentiary; the jury in the second case was out some twenty-six hours but could not reach a verdict and was discharged—the ballot standing eleven for acquittal and one for conviction; in the third case defendant was given three years in the penitentiary, after the jury had deliberated for twenty-four hours. Both cases in which Tanner was convicted have been appealed. Judge Marchison of Haskell was the defendant's attorney and the state was represented by Tom Davis, District Attorney and Emmet Robinson, County Attorney of Jones county.

A number of other cases were tried, the majority of which were for alleged violations of the prohibition laws.

The next term of this court to be held in Anson will convene May 28th, at which time the Townsend case transferred from Wichita County on a change of venue, will come to trial.

Ted Alexander was a Seymour visitor Sunday.

Howard Davis of Birmingham, Ala., is visiting his parents, Mr. and Mrs. R. H. Davis this week.

Bake Things He Likes

In the art of baking there is no finer accomplishment than good biscuits. When Haskell Flour is used, biscuits as well as all other pastries are made more appetizing. It contains the old-time flavor of the wheat berry. It is healthy; it is delicious; it has superior rising qualities.

Try it and notice the difference.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 5c per bottle.

Solid Comfort

There is nothing like an Electric Fan to give you solid comfort during the coming hot summer days.

The refreshing breeze makes you feel like living!

At home or in the office or store it is indispensable.

Our idea of sensible style would be to make the legs of trousers big enough to get 'em over our shoes.

Some people are always trying to get something for nothing and the worst feature is some of them do.

We have often wondered why so large a percentage of people feel that it is not important upon them to be ladies and gentlemen while driving automobiles.

The newspaper that brings glad tidings into your home is not filled with evil gossip, nefarious personalities, or an unfortunate fellow's sins and shortcomings, which cannot be improved through publications, although it is interesting reading at the time. Glad tidings brings to light the good, burying and forgetting the bad in life's great drama.

YOUR BUSINESS CREDIT

Do you realize that most of the business of the country is done on credit? Very little money is used these days. We do not know that an estimate has ever been made by any one capable of making it, but a very large percentage of the business of the country is done without the use of real money.

A man can borrow or buy on credit because other people have faith in him—they believe he will pay. Credit then is a matter of faith and when you consider the amount of business that is done on credit, you must admit that there is a great deal of faith in the world.

What a foolish thing it is, therefore, for a man to injure his business credit—to weaken the faith that other people have in him. When people lose faith in a man they will not extend him credit, and without credit he cannot do business.

When a man cannot get credit and cannot do business for himself, he becomes a slave of someone else. Some other man will then say when he may work or remain idle, and some other man may say to what extent he may eat and be clothed. If you would be independent preserve your credit. Next to his life and his health, a man ought to protect his credit.

Church and Sunday School

Methodist Revival

The following letter was received Wednesday of this week and is self-explanatory:

April 24, 1923.

Rev. S. L. Culwell,
Haskell, Texas.
My Dear Brother Culwell:

I arrived home yesterday at noon from Elcitra, where we held a great evangelistic campaign, resulting in about 200 conversions and reclamations and about 100 gave their names for membership in the church. Besides, other demonstrations have already received fifteen or twenty members from the meeting.

Providence permitting, I will reach you over the Wichita Valley R. R. on Friday evening.

My sister, Vera W. Harrison, is a graduate of sales from the College of Bond Agents, Dallas, Texas, and was of Mrs. Campbell (born of Wesley) of Long Grove, Texas. He was the general Director of College Music and he has had ten years experience as evangelistic worker.

Praying and believing that we are going to have the greatest meeting in the history of Haskell, I am,

Yours for victory,
Mark N. Terrell.

The First Presbyterian Church
Our motto: "To know Christ and to make Him known."

If you were asked the question, "Are you a Christian?" what would the idea of your being a Christian mean to you personally? Have you formed your notion as to the meaning of the word CHRISTIAN from some unhealthy source? Have you watched the life of some person who claimed to be a Christian, yet whose every-day life gave the lie to such a claim, and then concluded that that is what the church wants you to be when it says to you, "your only hope in this life and the life to come is in being a Christian?" Let us get rid of our prejudices. Let us put aside the ugly pictures of hypocrites whom we know. Let us realize that should every other person in the world be false, yet that do not relieve us of the need and personal obligation of being a SINCERE follower of Christ. Faith and obedience is what the Savior asks from you regardless of what the other man does. It is a personal matter between you and your God.

Services at the usual hours, except that on Sunday evenings we do not have preaching. Also during the Evangelistic Services which begin Sunday at

the Methodist Church, we shall not have the usual Wednesday night prayer meeting. We urge our people to cooperate with our sister church in this meeting, and receive part of the blessing.

DEATHS

Called Home.

The hearts of our people go out in tenderest sympathy to Mr. and Mrs. Roy Oliphant, who mourn the death of their little son, Derwin Eugene, who was two years old when the silver cords of life were broken and he stepped upon the golden shores of the Heavenly land to live with the redeemed for evermore.

He was taken suddenly ill last Monday and despite all that medical skill and human hands could do he grew worse and at 4:20 Tuesday morning he passed away. Funeral services were held at 4 p. m. at the residence of Mrs. Leon M. Gambrell, after which the remains were laid to rest in Willow Cemetery. A large concourse of sorrowing friends followed the body to its last resting place.

BURTON McDONALD DIES AT LUBBOCK WEDNESDAY

Bill McDonald of this city received the sad news Sunday that his brother Burton, was seriously ill, and he and his mother left immediately for Lubbock to be at his bedside. Mrs. McDonald received a telegram stating that Burton had died early Wednesday morning and that Mr. McDonald and his mother would remain for the funeral services.

Burton McDonald was about 40 years of age and is survived by a wife and several children, his mother, and several brothers and sisters as follows: Bill McDonald of this city, Curtis McDonald of Lubbock, Mrs. Andrew Josselot of the Howard community, and I. D. McDonald of Keroville. The family all lived in Haskell county several years ago.

John Agnew and a number of friends here this week in the old friends, Mr. and Mrs. Agnew. They were 22 years ago and Mr. Agnew has been in Haskell. He says Mrs. Agnew has outgrown her former physique and that there is very little of her as he was here last.

Mrs. Agnew is the daughter of W. D. Standford, who laid out the town-site of Haskell in the '80's, and the town was built on his survey. Mr. Agnew was a carpenter when he lived in Haskell and helped build the town that was here at the time he moved away.

SAGERTON

By Theodore J. Ratliff

Last Thursday afternoon Miss Francis Guinn and Mr. Herbert Arnett of Whittier, Calif., drove to Rule and were married by Rev. Richardson of that place. The wedding was very quiet, the sole witnesses being Misses Benita and Mildred Guinn, cousin and sister respectively of the bride. The bride is the daughter of Deputy Sheriff and Mrs. D. M. Guinn. She is well known in Sagerton where she has spent most of her life. Being well trained by her mother in household arts, she is a type rarely met with in these days and will do her share towards making a real home. The groom is also well known in Sagerton, having lived here at one time and visited friends and relatives at different times. He is a mechanic by trade and carries on his business in Whittier, Calif., where Mr. and Mrs. Arnett will make their future home after spending a short time visiting in Oklahoma. The writer voices the sentiments of the entire community in wishing them a long, happy and prosperous wedded life.

Mrs. R. L. Kelley gave a miscellaneous shower at her home east of town last Wednesday for her neighbor, Miss Francis Guinn, when she became the bride of Mr. Herbert Arnett.

T. J. Ratliff visited homefolks in Haskell last week end and while there assisted Justice Hughes to perform the wedding ceremony of Mrs. Francis Leones to Mr. Pedro Soto, both of Rule. The assistance rendered was acting as interpreter and witness.

Sagerton and vicinity was visited with an inch rain Thursday night. The rain fell quietly and every drop will go where it will do the most good, either into the soil or into storage for future use. Farm work will progress rapidly the next few days if the sun continues to shine.

Rev. Raymond Van Zandt will preach at the Methodist Church Sunday at 11 a. m. He will also preach a Memorial Sermon at Fairview at 3 p. m. The public is invited to attend.

Dr. J. C. Davis is having a sleeping porch and other improvements built at his home. Frank Kiner is doing the work.

Sagerton will be forced to remain an obscure West Texas town, all of her young people are too busy at something else to enter the contest for the long distance dancing record. It is terrible to live in a place where the people have so little ambition to shed glory on the old town.

Miss Sterrett of the State Department of Education visited the Sagerton school recently. She failed to report favorably on our application for classification owing to the crowded condition of some of the lower grades, but Supt. Henthington received a letter from the Department commending in high terms the condition of the building and grounds from a sanitary point of view and the neat appearance of the pupils. The Department also said that the citizens deserved great praise for having voted onto themselves the dollar tax rate to support their schools. When we consider that the Department is not lavish with its praise at any time, the people of Sagerton should feel encouraged.

Postmaster Mrs. L. E. Massa reports that she handles an average of nearly one thousand pieces of first class mail, letters, each day. Most people like to receive letters from their friends and a letter at the right time has been a wonderful encouragement to some struggler. Write more letters.

G. S. Medford of the Howard community was in the city Friday and while here called around to see us at the office. He had us place his date forward for the Free Press another year. Mr. Medford has been on our mailing list for a long time and says the Free Press is the best weekly in West Texas. He is a prosperous farmer who grows a variety of crops. He has been growing corn on his farm successfully. Last year he made around 40 bushels per acre on what he had planted and says he has a fine stand of corn up this year and it is growing off nicely. He raises his feed, hogs for his meat and wheat for his flour bread and vegetables for his table and of course he buys the remainder of his supplies, with the proceeds of a cotton crop.

Dr. and Mrs. J. D. Smith and Mr. and Mrs. Jason Smith went to Breckenridge Sunday.

Miss Lillie Ashby and Mrs. Fred Cornblise of Weinert were in the city Monday.

Mr. and Mrs. W. J. Medford were in the city from the Howard community Saturday.

Sam Davis of the Farmers State Bank of Rule was in the city Monday on business.

J. C. Lewellen and J. E. Mapes of Roberts were visitors to the capital city Wednesday.

P. A. Mansell, Russell Reising, C. Mullins and O. D. Poole were here from Rochester Wednesday.

SOON MODERN FARMER WILL USE PRINTED STATIONERY

It will not be long until the modern "letter heads and envelopes". He is just as much a business man and needs as much advertising as any one in any line of business. We can make attractive prices and first class printing for the farmer and we invite them to call and see our line of samples. We guarantee to please them in price and quality of work.

A good many of the people who have had poor success in business are convinced it does not pay to advertise.

Each has a distinct work which it does best. Each possesses a definite and special value for the operator.

Truck owners, using pneumatic tires will find the answer to every demand of rapid, economical transportation in the Firestone Truck Type Cords with the tread that increases carrying capacity and improves traction, and the powerful gum-dipped carcass construction.

R. S. Highnote of west of town made a good haul on a coyote den this week when he found seven pups which were about a week old and brought them to town Monday. His dog had a lively scrap with two of the old wolves but was not able to cope with them single-handed and they made their escape. Mr. Highnote gave the pups away here in town and in the near future if they thrive we will have coyote pets to beat the band.

W. J. Womack of Louisiana arrived in Haskell Sunday night. He says that the country is pretty wet from Louisiana to Texas and that everything is very late in that state on account of so much rain and the cold weather during spring. He says they grow cane, corn, and potatoes in the section he came from.

COUNTY SINGING CONVENTION MEETS WITH WEINERT CLASS

The West Side Haskell County Singing Convention met at the Methodist Church in Weinert Sunday afternoon and one of the best numbers of the year was enjoyed. The program began about 2 o'clock in the afternoon and one continuous round of good singing was enjoyed by the large congregation that filled the church to its capacity and all standing room taken.

A collection was taken to buy books and several dollars was raised and it is thought that by the time the next convention which meets in O'Brien the fourth Sunday in May, enough can be raised to buy a limited number of books.

Munday, O'Brien and Rule were well represented in the convention and several leaders from each place were present and took part on the program. A good crowd from Haskell were also in attendance. We are glad indeed to see the great congregations that attend these conventions and we are furthermore glad to have our ministers co-operate with us. Rev. Jenkins, pastor of the Weinert Baptist Church, was on hand and long after the congregation had dispersed, he was one

of a few who remained and kept singing.

Rev. Jenkins has what we would call a good case of religion, the kind that makes a man unselfish and a lover of every good cause. Rev. Edwards was also with us and opened and closed the convention with prayer. This convention is a religious organization and is standing behind the ministry of our churches and will always co-operate with them in religious work. The purpose of this organization is to help the song services of our churches in getting more people to sing in the churches.

J. E. Solomon of this city has made an effort for some time to find a breeder of the white-faced Black Spanish chickens and he finally succeeded and now he has a hatch of six little birds of that breed and has sent for another setting of eggs that he might have enough to start right in the business with enough stock to get a good start without waiting too long. This breed is the most beautiful of the black breeds of chickens and is of old origin.

Mr. and Mrs. Joe Earnest of Jayton and Mr. and Mrs. O. Cole of Rule visited relatives here Sunday.

SATURDAY WAS A BIG DAY IN HASKELL

Last Saturday was one of Haskell's big days, the streets being thronged with people all day from all parts of the county and adjoining counties and a spirit of optimism prevailed. There were many attractions in the city during the day. In fact there were too many things going on at once for one fellow to see and hear it all. In the morning there was preaching on the street and a medicine show and in the afternoon a medicine show again and W. C. Witeher of Dallas spoke on the Anti-Klan issue. Three of our big dry goods stores had on sales and other merchants over town were offering bargains. The merchants and all other business concerns of Haskell report splendid patronage. In addition to the street entertainments there was a rodeo and ball game at the ball park. The picture show as well had on a good number for that occasion, which taken altogether was a big day. Haskell has a welcome for you, and bids you come to the capital city.

R. M. Smith, president of the Farmers State Bank of Rule was in the city Monday on business.

BROTHER OF MRS. P. D. SANDERS INJURED IN FALL

Mrs. P. D. Sanders of the independent's office received the news Tuesday morning that her brother, Robert Porter, who was in Dallas, was seriously injured in some construction work. It is known just how severely he is injured as his condition is such that the doctors cannot make a thorough examination of the wound.

Mr. and Mrs. J. F. Posey of Stamford this week, on a trip to West Texas, was here Tuesday on some work in the city.

C. H. Stanley of Rochester, now with the Postum Cereal Co. in Battle Creek, Mich., and is a dealer and salesman for 22 counties in West Texas, was here Tuesday on some work in the city.

Mr. and Mrs. H. S. Gibson of Oats farm in the Foster county were shopping in the city Sunday.

GRISSOM STORE AT ROBY WILL BE MOVED HERE

The following clipping is taken from the Roby Star-Record:

"We are informed that the stock of dry goods purchased recently from the T. H. Mayfield Co., by J. E. Grissom of Haskell, will be moved to Haskell next week. They are putting on a closing out sale this week and will close the sale Saturday night, we are informed. "We are very sorry these people are leaving us, but of course we can't always have our wish."

Mrs. T. E. Wright of Spur was in the city a few days the later part of last week. Mrs. Wright has lived in Haskell many years, but recently moved to Spur where she took the management of the Spur Inn one of the best equipped hotels in West Texas. She has many friends here who are always glad to see her and her visit to Haskell are always a joy to the people of this city.

A Wish

"I have taken Cardui for run-downs, worn-out condition, nervousness and sleeplessness, and I was weak, too," says Mrs. Silvie Estes, of Jennings, La. "Cardui did me just lots of good—so much that I gave it to my daughter. She complained of a soreness in her sides and back. She took three years of it."

CARDUI

The Woman's Tonic

and her condition was much better.

"We have lived here, near Jennings, for 26 years, and now we have our own home in town. I have had to work pretty hard, as this country wasn't built up, and it made it hard for us.

"I WISH I could tell weak women of Cardui—the medicine that helped give me the strength to go on and do my work."
