HASKELL TAKES ONE FROM JUD AT RULE

The Haskell Baseball team met Jud at Rule Saturday and played one of the best games that has been played this eason. . It was a fast game all the way through and there was plenty of pep displayed on each side. Norman who pitched for Haskell deserves special mention as he was in the game and working his best from the begining to the last man. As a whole the entire team played better ball than they have shown this season

shown this season.

The game started promptly at four, thirty and there was not a minute that was dull as the game was full of pep and energy all the way. Jud scored first in the second inning when West singled to right, stole second and scored on a clean bit. After this inning Norman tightened up and only allowed one hit the rest of the game, striking out the next three men after West had scored. Haskell came back in their half of the second and tied the score. C. W. Avary and wife to W. W. Denison. Lot 9 and South 1-2 8 in Block South Side addition to Rule Conderation \$500.00.

THE HOME OF REAL SERVICE

"Service" is a word that has been very much abused during the past few years by so called garages and service stations. We believe in giving our customers "real service" in all that the word implies—our motto is give the people honest service and charge an honest price; that is one reason we are supply headquarters for most car owners.

Vulcanizing

We have just installed one of the most complete electrical vulcanizing machines on the market and secured the services of an expert in this line of work to take care of our ever increasing vulcanizing business.

Bring your tires and tubes to us and we will tell you if they are worth fixing or not and if they are we will give you a first class job and guarantee the work.

Battery Service Station

We handle two of the best line of batteries on the market today and have them in stock, always ready to take care of your wants. We handle the famous Willard and Standard batteries, wholesale or retail. When in need of a storage battery give us a trial, we are sure that we can please you.

Expert Mechanics

Repair department is in charge of Verna Anderson and R. H. Haughey. Mr. Anderson is well known here and Mr. Haughey comes highly reccommended form Seymour. Having had five years mechanical experience in some of the best garages in the country, he knows his business and will be glad to prove it to you. Give him a trial and you will be pleased with work.

We believe that we can take care of your car in every detail in a way that will please you, and we want you to make us prove it.

Tire Cost Is Coming Down

That is, the cost per mile.

Miller Tire mileage has in late years almost doubled, through perfection in tire making. In the factory tests - rear-wheel tests under hard condi-

tions - Miller Cords last year averaged 15,000 miles. The new Miller tread has added 25% to the tread wear. Since its adoption, not a single Miller Tire has come back with the tread gone.

Both maker and inspector must sign every Miller Tire. Both are penalized if a tire comes back.

Every tire user owes himself a test of the Miller Tire. Ita exceptional mileage is talked everywhere today. Under this plan, defects have become a rarity. It is giving hundreds of thousands of users

new criterions of tire service. It is winning contests where a score of makes are given million-mile comparisons.

Notice To Our Patrons

In order to do away with the necessity of using penny change, which is a constant source of bother to our patrons and ourselves; and which is often difficult to secure; and also, to be exactly correct in the handling of our war tax account, we have decided to change the price of admission for adults from 28c to 30c, and of children from 22c

Also, after having given the matter serious consideration, we decided to adopt the policy of never raising our admission price for any picture. We know that the raising of prices on special productions, has, in the past, been a source of dissatisfaction. But it is our aim to please and to give you good BETTER, and BEST shows, all at the same price of admission.

Our motto henceforth will be, PLEASING PICTURES at POSITIVE PRICES.

It is our desire to give you the very best pictures at prices you can pay, and to give you the advantage of such Special Productions as we may be able to secure, knowing that you will co-operate with us by giving such a liberal patronage on same, that it will not be necessary to make any increase in price.

The above change in prices becomes effective Monday,

HARDLY KNEW HER AT FIRST SIGHT Miss Peck's Friends Are Astonished By Her Wonderful Improvement

"I have gained some eight or ten pounds since I commenced taking Tanlac and feel perfectly splendid in every way," said Miss Annie Peck, living at 1421 Charlotte St., Kansas City Mo. "I just can't think of enough good things to say about Tanlac" she continued.

'My troubles began about a year ago with nervous indigestion and my stomach finally got in such bad condition that everything I are disagreed with me. After every meal I would be perfectly miserable from gas forming on my stomach, and this gas would press up against my lungs and heart until I could hardly get my breath. I also suffered from severe headaches and became so nervous I rarely ever got a good night's sleep. Finally I became so weak and run down that I had to give up trying to do any work at all.

give up trying to do any work at all.

"My brother had gotten fine results from taking Taniae so I began taking it, too, and right from the first I could just feel my strength coming back. I continued to improve and now am as well and hearty as any one could wish to be and never have a sign of stomach trouble or nervousness any more. I am looking so much better that my friends who haven't seen me since I began taking Taniac hardly know me at first sight and I am feeling so perfectly fine I just want to tell everybody about Taniac."

Tanlac is sold by the leading drug gists everywhere.

He has 100 acres planted to cotton and says he has a good stand and the cotton is growing nicely. Mr. Johnson had the same lands in wheat last year and intended to resow the farm again but the continued rains kept him from getting the ground plowed in time to sow the wheat lasht fall and therefore he planted the ground to cotton. There would have been more wheat sown in Haskell county and less cotton if the rains had not hindered the plowing of the land.
