Vincent Van Gogh. This is the 100th anniversary of the artist's death.

Van Gogh's talent, like many artists, went virtually unnoticed during his life time. He only sold one painting. He spent three years in a mental institution, and in the end, he took his own life.

And yet, like many others, he left behind a legacy of haunting, often painful, but always thought provoking canvasses that millions have reflected upon.

There is another aspect of Van Gogh's life that can be found repeated over and over throughout history.

How did Van Gogh manage to pursue his chosen destiny as an artist?

By the self-sacrificing efforts of his brother, who supported him all of the artist's adult life.

After the death of their parents, Vincent's brother sent money to Vincent regularly, which allowed Vincent to draw and paint prolifically.

During Vincent's lifetime he almost never managed to hold a regular job, but his brother always saw to it that he was fed and sheltered.

His brother was a poor man, and had to sacrifice to do this.

It's a story that has been repeated over and over through history.

How many artists, inventors, writers and philosophers have been able to work full time to support themselves? How much talent has been wasted because of a need to provide for basic necessities instead of create?

How many unknown, unappreciated, (and untalented) relatives, or friends have sacrificed so that talent that they so admired and did not possess could flourish?

These people, whether brother or wife, parent or friend, provided the practical, day-to-day means of living to those whose minds were frequently too involved with creating to think of mundane things.

These people, unknown and unremembered, were frequently the only reason that genius was able to unfold.

They kept those whose minds and hearts were on other things fed, clothed, warm and safe, allowing the full scope of their creativity to blossom.

Who were they, why did they do it? Almost no one knows.

Perhaps they did it out of respect for a talent. Perhaps they did it simply out of love.

There are tombs of unknown soldiers to remember those whose names are unknowable.

Perhaps there should be one to the supporters of genius and creativity. Without them humanity as a whole would be poorer. There is a nobility beyond compare.

## Drought Causing Serious Problems, Cooler Weather Helping

After an incredibly wet, destructive spring, North-Eat Texas finds it is faced with an incredibly dry summer! However, record cool temperatures, and some rainfall, have relieved the problem, at least temporarily.

Rains that kept farmers out of their fields until the first of June quit and until last week no further rain had been felt.

The abundance of moisture earlier has kept crops looking green until now, and sporadic rainfall over the area has ranged from 3 tenths of an inch to an inch and a half.

One of the biggest problems is hay production. Hay producers have been hardest hit so far, because of the

below zero temperatures of December. The long-range effect of that kill is being felt now, especially on Coastal Bermuda meadows.

After the winter damage meadows were sodden with rain, and then baked cement hard by the 100 plus temperatures of June and early July.

Hay crops are cutting out from fifty to thirty percent of their usual amount.

Grazing of pastures is becoming short, also.

Early planted crops are suffering the least, having had more chance to "make". Cotton is varied, with that planted latest least likely to produce.

Home gardeners have watched

their gardens first wash away, now burn up. Many gardeners have replanted two to three times.

Lawns, flowers and newly planted shrubs are requiring massive amounts of water, and still are reported doing very poorly.

Even people who normally feel unaffected by the heat feel it in the form of high air conditioning bills, and whether rain has fallen on their particular "spot" the cooler temperatures are welcome to all in that respect.

The rain that has fallen is certainly not enough at this time to relieve all the drought symptoms and it is hoped that more will fall within the next few days.

## Area Sales Tax Figures Released

State Comptroller Bob Bullock said Monday that this month's sales tax rebate checks to cities and counties in Texas totaled \$84 million.

"That's a comfortable jump ahead of last year's payments and another indication that our economy continues to grow," Bullock said.

July's rebate checks to cities totaled \$75 million, an increase of almost 10% over last July's payments. So far this year, total payments to cities have increased 8%.

Houston received \$12.3 million, the state's largest payment while Dallas received the state's second largest payment of \$7.9 million. San Anto-

nio received \$4.5 million and Austin received \$3.3 million.

Mt. Pleasant received \$84,165.96 for 4.02% increase while Talco received \$1,244.66, for a 6.01% decrease.

Blossom received \$1,085.75, marking a 10.55% decrease while Deport received \$1,222.64, for a 5.66% decrease over last July's payments.

Paris received \$170,565.38 for a 9.66% increase.

Bogata received \$1,644.63 for a 3.48% increase and Clarksville received \$14,626.99 for a .30% increase.

Detroit received no payment this period, marking a 14.54% decrease over July, 1989.

Merchants collect the state and local sales taxes and send them to the Comptroller's office with their tax returns. The state keeps its share and sends cities and counties monthly payments reflecting the local portion for the sales tax.

All local sales taxes must be approved by area voters and may be used for any legal city or county expenses. Most areas put the money in their General Fund and use it for operations like fire fighting, maintaining roads and law enforcement.

## Social Security Notes

A list of names is available for people who want to choose a doctor or medical supplier in this area who will accept Medicare assignment. Each Medicare carrier publishes a Physician/Supplier Assignment Rate List for the local service area. The Social Security offices in the carrier's service area receive a copy of this list for use as a reference source.

The list shows the name, address and percentage of assignments for each doctor and supplier in the preceding year. The assignment rate is shown in a range from 0 percent to

100 percent. If a doctor practices as part of a group, the group's name and assignment rate are shown.

A person can come into the Social Security office and look at the list to find out which doctors accepted assignment in the past year and about how often. This is not a guarantee, however, that the doctor will accept assignment. Doctors choose to accept assignment on a case-by-case basis.

The Medicare carrier in this area is listed in the back of Your Medicare Handbook.

THE SUGAR HILL coed league began July 16 with five teams entered this year. They are Jimmy Hall's team of Mt. Pleasant, Greg Holt's team of Sugar Hill, John Easley's team of Talco, Johnny Thompson's team of

Sugar Hill and Cecil Reynolds' team of Mt. Pleasant. The teams will play Monday and Tuesday each week beginning at 6:30 p.m. Everyone is invited to enjoy an evening of softball. (Staff Photo by Nancy Brown)

not want to stop entirely. You may ask, "If I take a part time job or run a small business, can I still get Social Security retirement checks?"

The answer depends partly on your age. If you are under 65, you can earn up to \$6,840 in 1990 and receive all benefits due. If you are 65 through 69, the annual exempt amount this year is \$9,360. And if you are 70 or older, there is no limit on earnings. The exempt amounts increase each year to keep pace with rising wage levels.

Even if you earn over these amounts, partial benefits may be payable. The basic rule is that for people under 65, \$1 in benefits is withheld for each \$2 earned over the

exempt amount. the withholding is

\$1 of each \$3 earned for people 65-69.

There is also a special rule that applies in only 1 year, usually the year you retire. You can get a full benefit for each month earnings do not exceed one-twelfth of the annual limit, (in 1990, \$570 if you are under 65, and \$780 if you are 65-69).

This monthly rule allows you to start getting benefits right away in the year of retirement no matter how high your earnings are earlier in the year. If you are self-employed, your time and services devoted to the business are considered in addition to net income; you can get more information on this at the Social Security office.

We will be pleased to answer questions you have about how earnings affect Social Security benefits.

Mrs. William Brown

### Thompson-Brown United In Marriage

Ms. Gale Thompson and William Brown were united in marriage July 4 at the Church on the Rock in Mt. Pleasant. Pastor J. Terry Brown presided over the candlelight ceremony. The bride was escorted to the altar by her father, Fred Howard. She chose a long antique white dress with lace sleeves and neckline. The fitted bodice flowed into a full skirt and train. She carried a cascade of white roses and carried out the tradition of something new, something borrowed, something blue and a six pence in her shoe.

Attending the bride as Matron of Honor was Mrs. Susan Howard, sister-in-law of the bride. April Thompson attended her mother as Maid of Honor. The ladies wore navy blue tea-length dresses with lace white collars. Courtney Mayberry, youngest daughter of the bride, was flower girl. She wore a dress of pastel colors and carried a basket of flower petals.

Attending the groom as Best Man was Freddie Howard, brother of the bride. Bud Barnes, friend of the couple, was groomsman. Shane Thompson, son of the bride, was usher and Clint Thompson, also son of the bride, was candlelighter. The groom was attired in a white tux while his

attendants wore grey tux. Master Matthew Waldem, dressed in a grey suit was ringbearer.

During the ceremony, Ms. Kathy Barnes sang "Only God Could Love You More", Ms. Nancy Davis sang "Rebuilder" and "Security" was played.

After the ceremony the couple were honored with a reception in the fellowship hall. The bride's chosen colors of navy blue and gray were carried out. Miss Dana Thompson, daughter of the bride, presided at the register.

Following a wedding trip to Eureka Springs, AR the couple will reside in Mt. Pleasant. The bride is employed with Kwik Way Corporation while the groom is employed with Roach Paint and Body in Talco. The new Mrs. William Brown is the daughter of Fred Howard and the late Mrs. Fred Howard. William is the son of Mr. and Mrs. W.H. Brown of Bogata.

Mrs. Furguson of Florida, was in Bogata to attend her husband's, Mr. Tom Furguson, family reunion at the home of Mr. and Mrs. Homer Scoggins.

Mary and Lenna became acquainted at an orthopedic sanitarium in St. Louis when the girls were 10 years old. Both girls were victims of polio and were at the sanitarium for treatment.

Although the girls lived only a few miles apart, Mary in Bogata and Lenna in Deport, they had never met, as traveling in those days was done by horse and buggy and even when the girls returned to their homes, they were unable to visit.

According to Miss Lassiter, the ladies had much to talk about and both enjoyed the reunion very much.

**Host Families Wanted**

With barriers coming down around the world, students like Bozicek and Gorazd from Yugoslavia, Man-Ho and Wa Shing from Hong Kong, Luciano and Francisco from Spain, as well as boys and girls from many other countries, would like to spend a high school year with an America family like yours. The International Education Forum, a non-profit high school exchange program, is now seeking families in Texas to host foreign high school students for the 1990-91 school year.

These students, ages 15-18 from Europe and Asia, will arrive August 18 for a 10-month school year. There also a few European students that come on a 3-month or 5-month program.

Upon registering, each student completes a detailed application from which a profile is drawn. This profile is available to aid in selecting a student whose interests and lifestyles are compatible with yours and your family. All students are thoroughly screened and tested during the application process and all have good academic skills and sufficient English to function in your family, community and local high school. All students bring ample spending money for personal needs and have full medical coverage. Host families are asked only to provide room, board

and love. American families with small children, grow children, teenagers as well as no children at all, and single parents are encouraged to apply.

The I.E.F. Coordinator will assist in matching your family's and student's interests, hobbies and activities, and are responsible as a local contact during the year for any questions that may arise. They also plan various get-togethers with other students and their host families. The organization also has Area, Regional and National Coordinators that are available to work with the local coordinator, family, student and school.

I.E.F. has summer programs to France or Spain, and 6-month and one year school exchange to Australia available for 13-18 year old American high school students. Contact Ginger Moyer at 214/427-3095 or 427-5943 for more information on any of the above programs.

The International Education Forum is a non-profit educational organization founded in 1981, and operating according to all United States Information Agency and the Council on Standards for International Educational Travel rules and regulations. Won't you please consider your family today, and start an adventure of a lifetime!

TEXAS ARMY National Guard Spec. 4 Kenneth Howerton of Bogata adjusts the mirror of his heavy construction vehicle recently during his unit's two week

annual training exercises at North Fort Hood. Howerton is a member of Company C, 111th Engineer Battalion of Paris and Powderly.

**Howerton "Moves Up" In National Guard**

For Bogata resident and Mazda worker, Kenneth Howerton, moving up in vehicles took on a radical new meaning this week.

Spec 4. Howerton's duty as a combat truck driver and unloader at Fort Hood placed him behind the wheel of vehicles considerably larger than the Mazdas he drives at the regional distribution center.

Howerton, a member of the 49th Armored Division's Company C, 111th Engineer Battalion, from Powderly, went to Fort Hood to participate in two weeks of Texas Army National Guard annual military training.

The 49th Armored Division employs more than 16,000 citizen soldiers and operates the largest armored division in the free world.

As a heavy vehicle driver, Howerton operates a variety of vehicles in support of Company C's combat engineer mission which includes constructing tank traps and battle emplacements.

A four-year Guard veteran, Howerton enjoys powering around in an oversized vehicle on the tank trails of Fort Hood. He also indicated that he didn't expect any difficulty in readjusting to the Mazdas when camp ends next week.

By Linda Eilers

A miscellaneous shower will be held July 29 at 2 p.m. until 3:30 p.m. at the Cuthand Methodist Church for Houston and Margaret Johnson, who lost their home and all the contents to fire. If you would like to help but will not be able to come to the shower, leave your items at Jim's Country Corner in Cuthand or call Linda Eilers at 632-4530 or Bell Borders at 632-5472.

Evie Baird is attending 4-H camp this week and will be gone for three days.

Earl and Louise Townes visited Milt and Elvis Wooten last week.

Bell Borders went to Dallas to visit her brother who had balloon surgery this past week. He is reportedly home and doing well and will return later for another surgery.

Cami Eilers is attending church camp at Wilburton, OK this week.

She and 30 other young people from First Baptist Church left Monday and will return Friday.

Rick and Ferby Baird went on a weekend trip to points of Arkansas and Oklahoma, to Petit State Park and toured the Mid-America Museum in Hot Springs.

James, Linda, Cami Eilers and Amanda Callahan were in Texarkana Saturday. They had lunch at Red Lobster in honor of Cami's 16th birthday and went shopping at Central Mall that afternoon.

Helen Barnett is continuing therapy in Mt. Pleasant and progressing well. She walked by herself Tuesday during therapy. We remember Helen in our prayers.

Linda, Cami Eilers, Allan, Sandra, Amanda and Aaron Callahan went to Cypress Springs Friday on a picnic.
