I promised you addesses to complain to the State Board of Insurance about Insurance Company practices (or, if you want, write them a letter telling them what a great job you think they are doing if that's the way you really feel).

I suggest that you write to the State Board of Insurance Commissioner, Philip Barnes. The address is 1110 San Jacinto Austin, TX 78701-1998.

Here are the addresses of your officials, too, and it would be nice to send them a copy of the letter you send to the Insurance Commissioner.

Rep. L.P. Pete Patterson, P.O. Box 2910, Austin, TX 78769.

State Sen. Bill Ratliff, P.O. Box 12068, Austin, TX 78711.

Rep. Barry Telford, P.O. Box 2910, Austin, TX 78769.

Here are your national officials, too:

Senator Lloyd Bentsen, Room 703, Hart Senate Office Bldg., Washington, D.C. 20510.

Senator Phil Gramm, Room 370, Russell Senate Office Bldg., Washington, D.C. 20510.

Representative Jim Chapman, Room 236, Cannon House Office Bldg., Washington, D.C. 20515.

Let's get to it folks... it may not do much good, but it's for sure that NOT writing won't do a darn thing!

Now, to change the subject! Who else feels as if they had moved to a South American rain forest?

I'm a yard fanatic. I love to keep my yard, all five acres of it, neatly cut, clipped and trimmed. I hate to see a weed poke its ugly head up above my flowers, and I normally enjoy all the yard work. It's cheaper, I always say, than a psychiatrist.

Well, this summer has been something else, indeed.

Since working for a living comes into the picture, I can't mow except on certain days. And, it seems it is always raining on those particular days.

this summer our yard has looked decided shaggy.

Looking out the window while drinking my coffee I discovered that weeds are once more in the rose bed...and it was weeded only a few days ago!

I notice that even lawn care companies are having trouble keeping places looking neat this summer.

It's difficult to stand the humidity when one does get a crack at mowing.

I expect to see tropical vines taking over the whole place any day now. Perhaps we could consider planting banana plantations?

And, as frustrating as this is, it's worse for people like my husband, who is trying to bale hay without getting it wet, or farmers who are trying to harvest their crops!

Records show that we received almost 12 inches of rain in July, and there has already some in August.

It's a little more than we needed...if we'd wanted to live in a swamp we could have moved there!

Guaranty Bank Contracts To Purchase First National Bank Of Deport

Bill Jones, Chairman of the Board and Art Scharlach, President of Guaranty Bank, Mt. Pleasant announced that Guaranty Bank has contracted to purchase the First National Bank of Deport and its branch office located in Paris, Texas subject to regulatory approval.

Both Jones and Scharlach expressed that customers will experience no interruption to banking services and they anticipate a smooth transition of management. They feel this acquisition will allow the residents of Deport and Paris the choice of banking with an independent bank that will put the best interest of their community first.

Virgil Jones will be named to serve as Branch President at Deport and Rusty Jones, President and CEO of Talco State Bank, will assume the additional duties of Branch President at Paris.

A native of Talco, Texas, Virgil Jones is the brother of Bill Jones, Chairman of the Board of Guaranty Bancshares, Inc., Guaranty Bank and Talco State Bank and Jerry Jones, director at Talco State Bank. His father, Felix Jones, headed the Talco State Bank for many years. Virgil will bring to the Deport bank an extensive financial background. His experience includes working ten years for the Texas Banking Department as an examiner, during which time his primary focus was the credit function of banking. He has twenty years experience as a senior bank officer whose principal duties included management and evaluation of loan portfolios, overall bank operations and bank regulatory reporting. The majority of his lending experience has concentrated in the agricultural

market which will allow him to easily relate to the financial needs of the Deport area. For the past two years he has also served as a bank director.

Virgil attended Abilene Christian College and is a graduate of the Southwestern Graduate School of Banking at Southern Methodist University of Dallas. Through the years he has kept abreast of the changes in

the financial industry by attending industry related schools and seminars.

Virgil and his wife Helen will make their home in the Deport area. With his relocation, Virgil will become an active member of the Deport community. The Jones have three children, Lance, Anissa and Kenlea and are members of the Church of Christ.

Rusty Jones is a native of Talco, Texas and the son of Jerry Jones. Rusty brings to the Paris bank nineteen years of financial experience. He joined Talco State Bank upon graduation from Rivercrest High School and is currently serving as President and Chief Executive Officer. He also serves as a member of the board of directors of the Talco Bank, Guaranty Bank and Guaranty Bancshares, Inc. His duties will include the overall branch operations.

A graduate of East Texas State University in Commerce, Rusty holds a bachelors degree in economics. He is also a graduate of the Southwestern Graduate School of Banking at Southern Methodist University of Dallas.

An active member of the Talco community and Titus County area, Rusty is currently serving as a member of the Titus County Memorial Hospital Board of Managers, the Titus County Appraisal District and the Titus County Civic Center Board. He is a past President of the Northeast Texas Bankers Association and is a member of the Texas Bankers Association Board of Directors.

Rusty and his wife Carla have two children, Josh Jones and Angela Sargent.

Guaranty Bank has been a locally owned, independent bank since its inception in 1913. It is the feeling of Guaranty management that the life blood of the communities is the independent community bank. This, it is the primary goal of Guaranty Bank to serve each individual communities' financial needs by having strong banks in which the public can feel safe in depositing and investing their funds. Guaranty Bank traditionally

maintains a high lending ratio in the communities they serve. This philosophy will be carried through in the lending policy at both Deport and Paris where branch presidents will reinvest funds in the best interest of the individual communities. Decisions will be made locally and directed toward the enhancement of the local economics.

As a further extension of its local commitment, Guaranty Bank officers and employees are encouraged to actively participate in all community civic organizations and become resources for public entities. This commitment will extend to the Deport and Paris areas.

Both banks will operate as a branch of Guaranty Bank, a subsidiary of Guaranty Bancshares, Inc., of Mt. Pleasant. The branches will conduct business under the names of Guaranty Bank-Deport, A Branch of Guaranty Bank; and Guaranty Bank-Paris, A Branch of Guaranty Bank.

MRS. RUBY LEGATE sits at her kitchen table, looking at a cookbook. She is sharing recipes with readers this week in Country Cooking. (Staff Photo by Judy Screws)

Country Cooking

By Judy Screws

I remember Miss Rena, Miss Jodie, Miss Archie, Miss Mable, Miss Christine, Miss Eva, Miss Earie, Miss May Dan, Miss Ruby, Miss Pauline, Miss Edie, Miz Holder, Miz Stubblefield, Miz Haynes, Miz Strain, Miz Cody, Miz Huddleston and Miz DeWeese. These ladies were teachers when I went to school. Please note where they change from Miss to Miz. This was when we went from elementary school to high school. At that time, they also began to have last names instead of first names. But in elementary and high school, the entire name was said in one breath, regardless of how many syllables it contained. Men teachers were either Mr. or Coach, but the ladies were Miss or Miz. The title had nothing to do with their marital status.

I visited in the home of Miss Ruby this week. She was never my teacher because in 1952 when she started teaching the third grade, I was in the fourth grade with Miss Mable, but I've always felt as though Mrs. Ruby Legate had a part in my growin' up. Mr. and Mrs. Oscar Legate moved to Bogata in 1952. He had a dry goods store and she taught school. Mr. Legate died in 1970 and Mrs. Legate retired from a 45-year teaching career in 1971. During her career, she had gone back to college and become certified to teach children with Cerebral Palsy and later on Special Education classes for children with learning disabilities and

mental impairments.

In 1974, Mrs. Legate married Mr. Oscar's cousin, Albert Legate. It was at that time she inherited a family of three daughters, nine grandchildren and one great-grandchild. Since then the family has increased to 21 great-grandchildren and one great-great-grandchild. Mrs. Legate said that for years she did a lot of cooking when the family came and when they went to visit the families they would also take food. She expressed how much the family has meant to her and how special they are. Since Mr. Albert died, she doesn't do much cooking.

The recipes she is sharing with us are used mostly for church dinners. She is an active member of the Church of Christ in Bogata.

The Tator Tot Casserole was given to her by her nephew's wife, Eddie Holcomb. Mr. Albert's niece, Inez Sooter gave her the Green Chilies Casserole and Connie Roach, a step-granddaughter gave her the Chicken Spaghetti and Ground Meat Casserole. In 1962, Selma Baker shared her Oatmeal Cake recipe with her and in 1985, Mrs. Legate's sister, Ruth Kelley, gave her the Lemon Chiffon Pie recipe. Vickie Holcomb, a nephew's wife, gave her the Baked Squash recipe in 1991.

If all of the recipes aren't printed this week, they will be printed at a later date as space permits.

Thanks, Miss Ruby.

1992 **Property Tax Rates in Talco-Bogata CISD**

This notice concerns 1992 property tax rates for Talco-Bogata CISD. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Last year's tax rate:

Last year's operating taxes	\$ 176,979
Last year's debt taxes	\$ 51,227
Last year's total taxes	\$ 228,206
Last year's tax base	\$ 109,860,532
Last year's total tax rate	\$ 0.21 /\$100

This year's effective tax rate:

Last year's adjusted taxes (after subtracting taxes on lost property)	\$ 224,397.29
+ This year's adjusted taxes (after subtracting value of new property)	\$ 113,881,108
= This year's effective tax rate	\$.19704 /\$100

In the first year a hospital district or city collects the additional sales tax, it must insert the following lines unless its first adjustment was made last year:

- Sales tax adjustment rate	\$ N/A /\$100
= Effective tax rate	\$ N/A /\$100

x 1.03 = maximum rate unless unit publishes notices and holds hearing

	\$.20295 /\$100
--	------------------

This year's rollback tax rate:

Last year's adjusted operating taxes (after subtracting taxes on lost property)	\$ 73,141
+ This year's adjusted tax base	\$ 113,881,108
= This year's effective operating rate	\$.06423 /\$100
x 1.08 (or add \$.08 for schools) = this year's maximum operating rate	\$.14423 /\$100
+ This year's debt rate	\$ -0- /\$100

A school district must insert the following lines:

= This year's rollback rate before adjustment	\$.14423 /\$100
+ Rate to recoup lost revenue	\$.06113 /\$100
= Adjusted rollback rate	\$.20536 /\$100
= This year's rollback rate	\$.20536 /\$100

A hospital district or city that collects the additional sales tax, including one that collects the tax for the first time this year, must insert the following lines:

- Sales tax adjustment rate	\$ N/A /\$100
= Rollback tax rate	\$ N/A /\$100

NOTICE OF COMPARABLE TAX RATES AND REVENUES

The legislature has enacted a statute on school funding to comply with a court mandate enforcing the state constitution. Under prior statutes (SB 1) the tax rate for last year provides \$ 4,176 per student in state and local revenues. Under this statute (SB 351) that same rate now provides \$ 4,418 per student in state and local revenues.

State law only requires a minimum tax rate of \$ 0.82 for county education districts. State law does not require a school district to adopt additional taxes. Neither does state law require a school district to adopt a tax rate that maximizes the receipt of state funds.

The board of trustees of the Talco-Bogata Consolidated Independent School District hereby gives notice that it is considering the adoption of a tax rate of 0.20 that will provide \$ 4,418 per student in state and local revenues.

Lock in energy savings this summer with the right thermostat setting

For energy efficiency that doesn't sacrifice your comfort, keep your thermostat setting on 78° this summer. For each degree below this setting, you'll add from 6 to 8 percent to your cooling costs. Since air conditioning is usually one of the largest energy users in your home, the savings can be significant.

For more information about low-cost and no-cost ways to save energy, call or visit your local Texas-New Mexico Power Company office and ask for the free booklet, "Energy Management Guide."

HELPFUL IDEAS FOR SUCCESSFUL RETIREMENT

The Check Isn't In The Mail
For many people, a monthly Social Security check is the major portion of their income. When the check fails to arrive, a financial catastrophe can result. What do you do first? Naturally, you call your local Social Security

office, or even go there so you can talk to someone face to face. But think for a minute. That first week of the month when all the checks have been mailed is the worst time to contact any Social Security office. You will run into long lines or hours

and hours of busy signals. That's because everyone else who didn't receive a check on time is there in front of you. But still you persist, and when your time finally arrives, do you know what is going to happen? They are going to tell you to wait *three days!* As with any government program, Social Security has a set procedure

PREVENTION IS THE KEY

Back injuries keep more workers off the job and are the cause of more lost wages than any other ailment. Back injuries make up 30% of all job injuries.

Once you suffer from a back injury you are four times as likely to suffer from back pain again. The best solution to this problem is prevention and the Industrial Backsupport helps in reducing and prevention of back injury.

Things To Be Seen Around Here... At This Time Of Year!

**Prison Pen Pals.....
Handle With Caution**

Pen Pals have been with us for years. Perhaps you had one when you were in school. Adults have pen pals too. Often they are jail inmates who place pen pal ads in magazines, which caters to seniors living alone, or others who are looking for relationships. Prisoner ads have proliferated in recent years, and some prisoners may be looking for genuine contact with life outside their prison walls. However, many prisoner ads are merely a part of the sophisticated mail fraud scheme which has bilked consumers of their hard earned savings.

Be aware of the tell tale signs of this unusual scheme. If you begin to write letters to a prisoner who is attempting to cultivate you for his mail fraud scheme, he will slowly attempt to gain your trust and confidence. If you are a single woman, he may even promise to marry you upon his release. Eventually, the prisoner will ask you to deposit some money orders in your checking or savings account, because he has no one else he can trust. After sending you several money orders, usually in the amount of \$700.00 each for you to deposit in your account, the prisoner will wait long enough for the money orders to be deposited, then he will call you by telephone and urgently request most of the money be withdrawn. He will want the money to be sent by Express Mail or wired by Western Union to

DPS Needs Your Help

The Texas Department of Public Safety needs your help in stopping a scam artist who is pretending to be a DPS Highway Patrol trooper.

The person is telephoning individuals an identifying himself as a DPS trooper and names a family member of the person he's called and says that family member has been seriously hurt in a traffic accident. Then the caller says the hospital can't treat the injured person until someone sends a cash deposit.

In another instance, the person

posing as a trooper called a business and said one of his employees had been hurt in an accident.

The conartist then instructs the victim to wire an amount of money to a Western Union office.

According to the DPS, if you do get a call from someone who says he's a trooper and that a loved one of yours or an employee has been in an accident, verify the call by calling the DPS or the hospital where the injured person has supposedly been taken. Do not send anyone cash.

Social Security Notes

By Ray Hudson,
District Manager

Are you 7- years old or older and still working full time?

If you are, then you should know this: you don't have to retire to start getting Social Security benefits.

Before you turned 70, Social Security earnings limits may have kept you from getting benefits if you were a high earner. But the Social Security earnings test does not apply after you reach age 70.

The exempt amount for beneficiaries age 65-69 this year is \$10,200. For earnings above \$10,200, \$1 is deducted from the individual's Social

Security benefits for each \$3 earned up to the full amount of Social Security tax could earn over \$49,000 a year and still receive some benefits from Social Security.

If you're now 70 or older and you've never applied for Social Security retirement benefits, you should contact your nearest Social Security office. The toll free national number is 1-800-772-1213; or you can call your local office listed in the telephone directory. The benefit application process only takes a few minutes and you can get back to work.

Kids Have A Right To Healthy Bodies

By Virginia Brock,
County Agent,
Home Economist

Parents need to exercise authority in the home; therefore, talking about "rights of children" may rub against the grain. Where health is concerned, however, children need and deserve for parents to meet necessary standards for well-being stated Virginia Brock, Red River County Agent, Home Economist.

The critical time for well-baby check ups and immunizations against common childhood diseases is between the ages of birth to 4 years old. Parents hold the key to setting up regular visits to the doctor who is the best source for knowing when and what health practices and immunizations are necessary.

Diphtheria and polio immunizations rates among preschool children in the United States average about 60% lower than in many Western European countries. Immunizations are the most healthy and cost effective ways to control communicable diseases.

The following guidelines are provided by the American Academy of Pediatrics' Guidelines for Health Supervision II and pediatrics clinics: Newborns--A complete physical examination at birth, including meta-

bolic screening for phenylketonuria, hypothyroidism and other inborn errors is conducted. New parents need a lot of information about how to prevent injuries in the home, securing the baby in a car safety restraint seat, methods and schedules for feeding, pros and cons of breast and bottle feeding, what to do when the baby gets sick, sleep practices, bladder and bowel habits, managing the baby's crying responding to the baby's needs, the importance of holding, cuddling and talking to the baby and the importance of parents spending time together. Both Moms and Dads need special consideration and help to relieve stress during that time. It's important not to be isolated from friends, family and other support givers.

Following the birth of the baby, parents will be told when to bring in the baby for the next visit, including immunization series. Hematocrit or hemoglobin tests and urinalysis may be suggested between one and twelve months of age.

At two to four weeks, a complete physical exam is given. Parents should be informed about the benefits and risks of immunizations and that the following schedule is required at:

Two, four, six and 18 months: Four years ppDTP; OPV; HBPVB; prevents spinal meningitis; TD booster recommended every ten years following first series of shots. Parents need to know that fever and irritability are common with immunizations.

Twelve months--TB skin test; annual skin tests are recommended.

Fifteen months or at doctor's recommendation--Due to the recent surge of measles in the United States, two shots are required by everyone. First, at 15 months with a booster between 5 and 12 years old. Second, adults born after 1957 need a MMR booster. Hemophilia influenza B vaccine may be given; MMR.

Two year--Hemophilus influenza type b diphtheria toxoid conjugate vaccine, as per doctor's recommendation. Parents are encouraged to become involved in parenting edu-

catin classes. Guidance from an informed leader, and support from other parents with similar concerns, relieves uncertainty at a time when the baby's needs and demands are changing rapidly.

Eight years--Mumps vaccine given if not previously or if there is no history of mumps; Rubella vaccine given to girls if there is no evidence

or serologic immunity. Summers can provide more time for parents to spend with children in relaxed, fun activities at home or away. These plans can be spoiled, however, by the unwelcome visit of childhood diseases unless parents take a necessary step to prevent them. Remember, kids deserve healthy bodies too.

Wayne,
Twenty-one years ago today,
We got married under a cloud of gray.
Nobody said that it was going to be fun,
And with Kevin grown, our job's almost done.
I didn't think I had another poem for you,
But our love inspired me, and that was my cue;
To tell you I LOVE YOU with all my heart
And hope the day never comes when we have to part!
HAPPY 21ST ANNIVERSARY!
LOVE, JELU 8-13-92
HAPPY 21ST BIRTHDAY, CRAIG!
