All right, enough is enough. The world is picking on me. And I am NOT abnormal! (Well, not very).

You see, it started with a Christmas Parade. No, that's not true...it started back in June when I bought my husband a new camera for his birthday.

Every time I handle this state-of-the-art camera the battery light begins to flash, and it refuses to function.

It never does it with him...and therefore, when we've taken it back they just look at me funny and shrug, unable to find a thing wrong with it.

Well, last Friday I bought another one of these cameras, almost exactly like his. This was to me mine, since my old one is not reliable anymore.

Monday, for the first time, I went to take parade pictures. In the cold wind, I tore up and down the long, long line of floats and cars until the judging was done.

As the first award was presented I raised the camera and...yes, you guessed it...the camera refused to function...the battery light was flashing! Nothing made it work.

I trotted down the line of the parade (being to fat to run) and jumped into the car, zooming downtown to grab the spare camera.

Finally, there were only pictures left to take...and I had a spare roll I felt I must have dropped it.

In total disarray I headed to the office for a roll of film. Then, just as the parade rolled the corner, photographed the two pictures "on the fly".

Then, just as the parade rolled the corner, photographed the two pictures "on the fly". Taking a deep breath I looked up to be confronted with a wreck occurring right in front of my eyes on the highway!

After getting that picture I headed out to return my new camera, breathing fire and steam! I was so stressed out I was nearly shaking.

The camera worked for them. As they looked over the camera I reached out and tapped the tv screen on the counter next to me and commented on it. As my finger touched the screen the lights in the shop dimmed.

The owner and his clerk looked up at me and froze.

Then they announced that I seem to be draining the batteries on cameras.

I sneered "oh, yeah, and I'm a vampire, too". They continued to look at me strangely.

A new battery in the camera fixed it...for now, I'm almost afraid to touch it.

It seems that I really may have too much of a "charge" for the sensitive new generation of electronic cameras!

I knew I stayed "wired up" on nervous energy a lot...but this is ridiculous!

From Donna's Desktop

'Twas the night before Christmas in Texas, you know. Way out on the prairie without any snow.

Asleep in their cabins were Buddy and Sue a dreamin' of Christmas, like me and like you.

Not stockings but lace-ups at the foot of their beds, for this was in Texas, what more need by said?

Then out on the prairie there arose such a clatter I sprang from my bunk to see what was the matter.

Away to the window I flew like a streak, threw back the shutters and took a quick peek.

There on the prairie, I saw, I was stunned, a loaded up buckboard come on at a run.

The driver was gee'n and haw'n with will the horses, not reindeer, he drove with such skill. On there Buck, Poncho and Prince, to the right, there'll be plenty of drivin' for you boys tonight.

When he burst in the cabin, the children awoke, both so astonished that neither one spoke.

He was dressed in pleated Wranglers and a shirt that was red; had a George Strait felt hat on top of his head.

He filled up their boots with such presents galore, that neither could think of a single thing more.

When Buddy recovered the use of his jaws, he asked, in a whisper, are you Santa Claus? Am I the real Santa? Well, what do you think? And he smiled and he gave a mysterious wink.

Then he spring to his buckboard, to his team gave a call, TO THE CHILDREN OF TEXAS, MERRY CHRISTMAS YOU ALL!

That's not exactly how that little poem went but it's close; after all I'm dealing from memory. It was sent to me when I lived in Africa. The year was 1983, and it was the first time in my life that I hadn't been at home for

Christmas. My face was very long. Time has faded the name of the sender but I'm certain it was designed to brighten the season, it didn't... it made my face even longer.

My cousin came from Washington to visit us and she was the only familiar and Christmas thing about the season. (Mali is a Moslem country and they don't do much about Christmas.) Her clothes never got there, nor did our Christmas presents but she was family and I was glad to see her.

Christmas is in the heart, I fully understand, but very little of the foreign community did much about the season. We took a four-day tour up country en bush and camped out. Christmas dinner was C-Rations heated one at a time because we had only a one burner camp stove. Our car caught on fire twice. (We might have cooked our dinners over the car if we'd thought about it.) Oh, did I mention the temperature was nearly 100 degrees. Christmas was not in the air, just a lot of dust.

That day we went to a market in a town called D'Jenne. We were just south of Timbuktu, and despite all the new and interesting places we were going and things I was seeing; the wonderful experiences I was having about which most people only dream, I wanted to be at home in Texas with my family. I wanted turkey and dressing and cranberry sauce and all the trimmings. (I don't eat cranberry sauce or turkey but you know what I mean).

I don't expect Christmas to be as described in the poem I tried to remember for you, but, I am grateful to be here among my friends and family and if you asked what I wanted for Christmas I couldn't think of a single thing more. Well, maybe one or two little things.

MERRY CHRISTMAS

Country Cooking
By Judy Screws

Judy Screws called us Saturday night. She was very upset...it seems she had been hospitalized before she could get her column ready!
Lying in the hospital, the poor gal was apologizing to US for not having a column ready!
We assured her that the only thing she should be concerned with was getting well.
So, since it's the Christmas season, and lots of "goodies" are being made, we decided to look back over the past

year or so's recipes and pick out some that might make great holiday presents.
Food is a gift that welcomed by all. A pretty basket or tin of cookies, candy and sliced cake will brighten almost anyone's day.
Of course, one's own family always loves those homecooked goodies too!
Here are a few of the recipes we found.

- Betty Denison's German Cookies**
1 cup brown sugar
1 cup white sugar
1 cup Crisco
2 eggs
2 cups corn flakes
1 tsp soda, dissolved in 1 Tbl. water
1 tsp. baking powder sifted with 2 cups flour
1 cup coconut
1 cup raisins
2 cups pecans
2 tsp. vanilla
Cream sugar & Crisco well, add eggs, flour, soda and water, corn flakes and other ingredients. Drop on greased cookie sheet. Bake at 325 degrees for 10 to 12 minutes. Take up with spatula.
- Chinese Ting A Lings**
12 oz. Butterscotch chips
5 oz. can chow mein noodles
1 Tbs. Peanut Butter
1 tsp. vanilla
Melt butterscotch chips in microwave, stir in peanut butter and vanilla. Stir in noodles, mashing with spoon as you stir. Drop by teaspoons onto wax paper and cool.
- Lenita Unruh's Brownies**
1 1/2 cups flour
2 cups sugar
1/2 cup cocoa
1 tsp. salt
1 cup Crisco oil
4 eggs
2 tsp. vanilla
1 cup nuts

- Mix together all dry ingredients, then add liquids. Blend well. Bake in 9x13 greased and floured pan at 325 for 30 minutes.
- Cracker Snack** From Gertru Baker
1 box oyster crackers
1 pkg. dry original ranch dressing mix
1 cup vegetable oil
1 tsp. dill weed.
Mix dressing, oil and dill together. Pour over crackers in zip lock plastic gallon size bag. Mix well and marinate for 6-8 hours before serving.
- Christmas Cookies** from Nita Simmons
3 cups sugar
1 cup milk
1/4 tsp. salt
1 cup chopped dates
1/2 cup chopped nuts
1 cup coconut
1 tsp. vanilla
Bring sugar, salt and milk to a boil over medium heat. Cook until color slightly changes and forms firm ball in cold water. Working quickly, add vanilla dates and nuts and coconut. Drop in heaping spoonfuls on wax paper. If part sets hard in pan add a few drops of water and reheat, stirring until it comes together. This will be thick...thick. Makes 5 dozen nuggets.

Rebel Sports Report

Lady Rebels Fall To Mt. Pleasant

The Lady Rebels varsity team traveled to Mt. Pleasant on December 1 and had a slow start, drawing 10 fouls in the first quarter.

The Lady Tigers held a 28-15 score over Rivercrest at halftime. All the Lady Tigers had to do was make their free shots and that's exactly what they did.

The Lady Rebels tried hard to assist each other and Chasity Hall played a good defensive game. LaQuitta Norman scored 28 points followed by LaTrisha Belcher. The fouls called on RHS were awesome in number. LaTrisha Belcher, Konya Nickerson, Chasity Hall, LaQuitta Norman and Kathy Hinsley were all lost to foul trouble, but the girls did not give up easily. Final score was 58-54, Mt. Pleasant. Also scoring for the Lady Rebs were Chasity Hall, Kathy Hinsley, Jennifer Bond and Ashley Ross.

The ladies competed in the Mt. Vernon tournament December 3-4-5.

On Thursday they met Sulphur Springs, taking an easy win. LaQuitta Norman was high scorer for the team with 14, followed by Chasity Hall with 13. Also scoring were Nickerson, Belcher, Shaunda Jones, Michelle Giles, Bond and Ross and Karen Williams. Final score was 55-33, Rivercrest.

On Friday the ladies met Union Hill. The Lady Rebs got in foul trouble early and bad passes and bricked shots hurt the team. Union Hill Lady Dogs led 25-17 at the half. The Reb team waited until the fourth quarter to gain perspective.

In fourth quarter action, Karen Williams and Michelle Giles were lost to foul trouble. LaQuitta Norman turned her off game into an on-game just a little late.

At the final buzzer, Norman busted a 3-pointer, making the final score 54-53, Lady Dogs. High scorer for the game was Norman followed by Nickerson. Also scoring were Chasity Hall, LaTrisha Belcher, Karen

Williams, Kathy Hinsley and Michelle Giles.

The Lady Rebs returned Saturday to play Mt. Vernon with LaTrisha Belcher serving as captain for the team.

The girls jumped to a 32-26 halftime score. Assists were abundant, but again fouls hurt. Seventeen team fouls were committed by the Lady Rebs at the half. The Lady Tigers took advantage of the fouls, making the majority of their free shots.

LaTrisha Belcher and Chasity Hall were lost to foul trouble. A technical was called on LaQuitta Norman for slinging the ball. Although she lost her cool, she scored 20 Lady Rebel points followed by Ashley Ross and LaTrisha Belcher. Others scoring were Kathy Hinsley, Konya Nickerson, Chasity Hall and Michelle Giles. Final score was 54-45, Lady Rebels.

Chasity Hall and LaQuitta Norman received All Tournament Honors. The team took second place.

Talco-Bogata JH Sees Action

The Talco-Bogata Junior High eighth grade girls traveled to Mt. Pleasant to play in the P.E. Wallace girls tournament on December 4 and 5.

The girls met the Mt. Pleasant eighth grade B team on Friday. The Lady Rebels did a great job in assisting one another with pass after pass going in for the score. Kelly Anderson and Jana Weatherall repeatedly stole the ball to score. Halftime score was 19-7, Lady Rebels. Kristi Hines did a good job, ripping the net for 12 points, while high scorer belonged to Jana Weatherall with 17.

Paul Pewitt proved to be a tough game for the Lady Rebels and they were defeated 40-23. Coach Lee said, "If the girls had played as well as they did in the first two games, I have no doubt they could have beaten them."

The breaks simply weren't there.

The girls brought home the second place trophy. It was their first tournament of the season and fans can look forward to more wins from the young ladies.

Talco-Bogata seventh grade Lady Rebels traveled to Chisum Friday and Saturday to participate in their tournament. This was also the first tournament of the year for the Lady Rebels, and they were defeated by Chisum and again Saturday. Both girls teams will play at Bogata on December 14. Everyone is encouraged to come out and support the young teams.

The Talco-Bogata eighth grade and seventh grade boys participated in the Chisum Tournament Friday and Saturday. The eighth grade boys won consolation and the sportsmanship trophy. The seventh grade boys won consolation at the tourney.

Arm your home against energy waste with caulking and weatherstripping

Wipe out air leaks around windows and doors, and you can declare a victory in the battle against energy waste. Caulking and weatherstripping are your best weapons in this fight against leaks... leaks that can waste from 15 to 30 percent of the air you pay to heat and cool.

Caulking and weatherstripping are highly effective, but they're relatively inexpensive — and easy. You can probably caulk and weatherstrip your home in a weekend.

For more information about fighting energy waste, call or visit your local Texas-New Mexico Power Company office and ask for the free brochures, "Straight Talk about Weatherstripping" and "Straight Talk about Caulking."

Rivercrest JV Travels To Mt. Pleasant

The Rivercrest JV team traveled to Mt. Pleasant on December 1. The team was behind 29-24 at halftime. Stephen Thomas did a good job on defense for the team while Jeremy Weatherall and Jack Brown shared high point position.

Also scoring were Kyle Kennedy, Sydney Hines, Andy Speir and Stephen Thomas. Although the Rebels tried, Mt. Pleasant had the advantage of being able to rest their players. Final score was 67-44, Mt. Pleasant.

On Thursday, the JV Rebs began play in their own tournament against Mt. Vernon JV Tigers.

Kyle Kennedy had an outstanding night, scoring 26 points, followed by Jack Brown with 11. At halftime, the team held a 26-19 total over the Tigers. The team lost Jeremy Loggins to foul trouble after a good game. Also scoring were Andy Speir, Stephen Thomas and Jeremy Weatherall. Final score was 54-39, RHS.

On Friday, the Rebels met Cooper. Again the Rebs came to win and

after the first quarter, the score was 23-8, RHS. The team is showing a slow third quarter in nearly every game and this was no exception. Kyle Kennedy went to the boards for 28 points, followed by Jeremy Weatherall. Jeremy Loggins again played good defense for the team. Also scoring were Andy Speir, Jack Brown, Stephen Thomas and Sydney Hines. Final score was 55-44, Rebels.

The Rebels met the Mt. Pleasant ninth grade on Saturday with Jeremy Weatherall as captain.

The game began slowly with RHS holding a 26-22 lead over the Tigers at the half. Reb Kyle Kennedy couldn't go to the goal without at least two players getting by with a free ride. The Tigers had no trouble getting the one and one shot, while the Rebels couldn't even get a foul called.

The third quarter slump attacked the Rebel team, with the quarter ending 35-31.

Jeremy Weatherall and Jeremy Loggins were lost to foul trouble in

the fourth. Jack Brown led the team in scoring with 14 points, followed by Andy Speir. Of these two boys' points, Brown had four three-pointers, while Speir had three.

The Rebels couldn't pull out a last 10-second score. Final was 46-44, Mt. Pleasant.

The tournament ended with Mt. Pleasant first; Rivercrest second; Paris High ninth grade third and Prairiland, consolation.

On December 7 the Rebels traveled to Paris. This could not be called a good game for the younger Rebels, but neither could it be called a bad game. The team couldn't break the Paris press consistently. The Rebels traveled, threw the ball away and let themselves get trapped too often. The half ended 39-32, Paris. Kyle Kennedy went to the board and scored 26 points, followed by Jeremy Weatherall. Also scoring were Andy Speir, Stephen Thomas, Jack Brown, Jeremy Loggins and Sydney Hines. Final score was 77-60, Paris.

Rivercrest Freshmen Play In JV Tourney

The Rebel freshman team began play Thursday in the Rivercrest JV tournament against Cooper.

The younger Rebels stayed close in the first quarter were a nightmare, ending 32-17, Cooper, at the half and 46-29 by the end of the third. But never count a Rebel team out until the buzzer sounds. The Rebs came to life, stealing the ball, assisting one another and popping the net for three-pointers.

John Davidson led the team with 20 points, followed by Eric Waller with 14. Also adding points were Jay Hancock, A.J. Lee, Juan Torres and Carey Gable.

Lee Hancock and Waller were three point makers for the team. As the Rebel score climbed, Hancock and Torres were lost to foul trouble. Final score was 58-50, Cooper.

The young Rebs did an outstanding job. Coach Gary Schultz said "I'm very proud of these boys, they held up great against more experienced boys."

On Friday, the boys met Mt. Vernon JV, again playing comeback ball. Closing the Tiger lead to 6 points at one time. The final score was 56-41, Mt. Vernon. John Davidson was high scorer followed by Carey Gable.

On Saturday, the Rebs played Sulphur Bluff. The boys snoozed through the first half, making uncommon mistakes. As seems to be the pattern for this team, they again had a great fourth quarter. Final score was 66-63, Sulphur Bluff.

These eight freshman boys did a good job throughout the tournament, playing older, larger boys. They will surely be a fine varsity team one day.

On December 7, the boys traveled to Paris High to play the Wildcats. A tiring weekend showed, as the halftime score was 36-27, Paris. The boys closed the score to 51-40 in the third, but lost Jay Hancock and Thomas Stoner to foul trouble in the early part of the fourth quarter. Bad passes, walking and small mistakes took the

toll, and being without post John Davidson, hurt the team. Final score was 81-56, Paris. High scorer for the team was Jay Hancock. Also scoring were Eric Waller, A.J. Lee, Juan Torres, Carey Gable and Thomas Stoner.

Wood Burners

When people see ads in the paper they should know firewood is sold in standard units called "cords," which equal 128 cubic feet. Dense hardwoods, like hickory, oak, maple and ash are the best buys. Softwoods, such as pine, burn rapidly and contain resin or pitch. Use firewood which has been cut, split and dried out for at least one year for more heat and less creosote build up.

Holiday Hints

Caring For A Holiday Pet

A kitten can make a "purr-fectly" delightful holiday gift. A new puppy can also be a tail-wagging success. It's essential, however, that you know how to care for these new additions to your family.

After all, notes Daniel Carey, D.V.M., Iams Research Center, "Puppies and kittens are not simply little people with fur. They have nutritional, social and behavioral needs that are very different from those of infants."

The experts at the Iams Pet Nutrition Center offer these tips for basic puppy and kitten care—feeding, bedding and housebreaking—that pet owners should keep in mind all year round:

Feeding:

- Feed your puppy three times a day until he's three or four months old, then cut out the midday meal and feed larger portions in morning and evening.
- Keep food in your kitten's dish at all times. By nature, kittens regulate their own eating habits according to their nutritional/caloric needs.
- Don't leave stale food in your pet's bowl—discard after one day.
- Don't omit dry food from a puppy or kitten's diet; chewing is good for their teeth and dry food contains important nutrients.

Bedding:

- When choosing a bed for your puppy, set up a cage or crate with an old blanket/towel in a quiet place.
- Be sure outside kittens have a shelter—garage or porch—from the

Knowing the basics of puppy and kitten care can help make the holidays, and every day with your new pet, merry.

tain. Inside kittens may like to sleep in a high-sided box lined with a washable pillow or cushion.

Housebreaking:

- Know the tell-tale signs of a puppy who wants to be walked: walking around in circles, sitting at the door and whining, making sustained eye contact, combined with a slightly anxious expression.
- Take a puppy "caught in the act" outside to finish, and praise him for his efforts.
- Watch a kitten carefully for the first few weeks—especially after sleep and meals. If he's about to relieve himself, put him in the litter box. He'll learn quickly.

For free brochures with information to help you keep your holiday puppy or kitten happy and healthy all year long, call the Iams Pet Nutrition Center & Hotline at 1-800-525-4267.

Rebels Win Mt. Vernon Tournament

The Rivercrest Rebels won the Mt. Vernon tournament by sweeping three opponents. On Thursday, the Rebels took Sulphur Springs by the count of 78-72. The game was a run and gun affair with Rivercrest leading all the way. The largest lead for the Rebels was 56-35 midway through the third quarter. Sulphur Springs would never say "die" as they continued to bomb from the outside with 9-"3 pointers". Leading Rivercrest were 5 players in double figures. Eddie Williams led the way. Williams had a game high 18 points, 11 rebounds, 7 block shots. Dean Tiffie came up with 14 points and a very good floor game. Other players scoring in double figures were Reggie Alford with 12 points, Mike McGee with 10 and Clay Pirtle with 10. The Rebels were outstanding from the free throw line making 20 of 22 for over 90%.

In the game played on Friday Rivercrest trounced Union Hill 97-

35. The Rivercrest starters only played half of the contest due to being ahead 50-15 at the half. The Rebels were all over Union Hill from the start with their press and fast break. The Rebels again had a very balanced scoring attack as 6 players were in double figures. Leading the charge in scoring was junior forward, Jerry Francis. Francis had 20 points and a good rebounding game. Mike McGee in his first role as a starter had 15 points. Eddie Williams, playing only half the contest, had 11 points, 8 block shots and 2 dunks. Dean Tiffie scored 15 points and had 6 assists as he lead the Rebels fast break the first half. Reggie Alford came up with a good game scoring 14 points. Clay Pirtle rounded out the double digit scoring with 12 points. All of the players contributed nicely to the Rebel victory.

In the Championship game the Rebels were pitted against Mt. Ver-

non and were more than equal to the task as they defeated the Tigers 59-25. The Rebels had difficulty in the first half of the game as Mt. Vernon's ball control offense maintained the game's slow pace. Rivercrest led at the half only 22-16. The Tigers had their defense set to stop the Rebels cutting offense and fast break. The Tigers showed excellent patience against the Rebel's zone defense. They took high percent shots and hustled back on defense.

The second half was all Rivercrest

as the Rebels changed their defense and went to their inside game on offense. Pirtle, Tiffie and Williams lead the charge as the Rebels outscored Mt. Vernon 35-13 the second half.

Clay Pirtle had 16 big points the second half including 4-3 pointers. The Rebel man-to-man pressing defense in the contest was the difference as they forced 15 turnovers the second half. Dean Tiffie finished the game "high point man" with 17 points. The Tigers tried double teaming Williams which left Pirtle and Tiffie open for 3 pointers. Jerry Francis was the only other Rebel in double figures as he finished with 10 points and 8 rebounds.

Two Rebels were named to the All-Tournament Team, Eddie Williams and Dean Tiffie.

The wins at the Mt. Vernon Tournament brought the Rebels' season record to 5-3. Next action for the Rebels will be this weekend when they travel to Pattonville to play in the Prairieland Invitational Tournament. Their first action is against Pittsburgh at 2:30 p.m. on Thursday. See the paper for pairings for the tournament.

THOUGHT FOR FOOD by GOULD CROOK

Microwave Calico Quiche
9 or 10 inch unbaked single-crust pastry
1 cup half-and-half
1 can (10 1/2 oz.) cut asparagus spears, drained
1 can (7 oz.) golden whole kernel corn, drained
1 can (6 1/4 oz.) ham, flaked
1 1/2 cups (6 oz.) shredded cheddar cheese
2 tbsp. finely chopped onion
1/2 tsp. salt
1/4 tsp. pepper

Microwave pastry shell on high for 5 to 6 1/2 minutes or until bottom is dry and flaky. In large bowl, beat half-and-half with eggs. Stir in asparagus, corn, ham, 1 cup cheese, onion, salt and pepper. Pour into baked shell. Microwave on defrost (low) for 25-35 minutes or until knife inserted in center comes out clean, rotating 1/2 turn halfway through cooking. When almost ready, sprinkle with remaining cheddar cheese and microwave 30 seconds. Let stand 5 minutes before serving. Serves six.

Home Economic Tips

By Virginia Brock, County Agent

When you decide to eat more healthful, lower-fat food, your first step, naturally, is to rethink your order. Higher fat meat cuts or processed meats give way to lean meat choices such as leg or loin choices from red meats, poultry or fish. Macaroni and cheese becomes noodles with tomato sauce, and French fries show up as baked potatoes. Even smaller changes in what you bring home from the grocery store and simple alterations

in preparation can help you turn your eating habits around.

The same is true of your equipment. A few new kitchen tools will enable you to improve your diet, as will looking anew at your old utensils. The right equipment can make cooking easier and helps you prepare nutritious meals quickly and with minimum effort. Frequently the less expensive, more basic kitchen equipment can allow health-seeking and

often hurried-cooks to change their eating habits with ease. Now you can find out which tools help the most, along with how to use them and how much you should plan to spend on them.

Sharper knives can mean the difference between cooking healthfully and not cooking healthfully, which is why it is the most important tool in any health-conscious eater's kitchen.

Blenders can be used for making low fat beverages, soups and vegetables. For example, blend a cup of skim or buttermilk with a cup of frozen strawberries for a thick, satisfying milk shake without the added fat that comes from ice cream.

A food scale helps in portion control. Three ounces of meat would make a serving, but how many people actually know what that looks like?

A cheese grater will help in lower-fat cooking.

QUESTIONS TO THE CLEAN TEXAS 2000 HOTLINE: 1-800-458-9796

Q: I've heard that it's okay to add used kitty litter and dog poop to compost. I'm somewhat leery and haven't done it yet. Can I?

A: We don't recommend adding wastes from household pets to your compost, especially if you plan to use the finished product on a vegetable garden or on areas of your lawn where children and pets play. The generally accepted rule of composting is to not add wastes from any meat-eating animals. Manure from horses, cows and sheep is great. However, the chances of disease or parasite transmission from cats and dogs is too high for us to be willing to take the chance. If you were able to monitor the heat in your compost constantly and could be assured that you reached a high enough temperature for a long enough period, then the small animal wastes might be okay. But we like to keep composting simple and safe.

Q: A columnist in the October issue of *Runner's World* magazine said that you can recycle cereal boxes along with your newspapers. I've been told not to do this. Which is correct?

A: We hesitate to disagree with anything published by Rodale Press, one of the pioneers in both recycling and use of chemical-free products, but our research indicates this is incorrect information for most recycling locations. You should contact whoever handles your local newspaper recycling for the final answer for your household, but everyone we've talked with in Texas says to keep the cereal boxes out of the newspaper stack. The cereal boxes themselves are usually recycled. (It's easy to tell which are made from recycled materials - the inside of the box is a shade of gray. If the inside is white, it is made from virgin materials.) You can take the empty boxes, if clean, to day care centers or other places that have children's art projects, for one more use before they're sent to the landfill.
