EDUCATIONAL MEET HELD AT STAMFORD

The Northwest Texas County Superintendents and County Trustees Association met in Stamford January 9th. Twenty-four counties were represented. Temporary officers had been elected at Houston at the State Teachers Association, but at the meeting the temporary officers were made permanent by a vote of the association. The following program was carried out:
Address of Welcome—N. S. Holland.
Response to Welcome—Mrs. Ed Robinson.
Roll Call.
Address—L. D. Borden, state department.
At noon a barbecue dinner was enjoyed, served by the Rotary Club.
In the afternoon session, reports of committees was heard, and a round table discussion was engaged in.
The Resolution Committee reported resolutions to the 30th Legislature concerning needed school legislation.
A committee consisting of Mrs. Ed Robertson, Mr. H. A. C. Brummett, Mr. H. Avants, G. W. McDavid and Missie Bass was appointed to draft the constitution and By-Laws. This committee will report at the next meeting.
The County Superintendent's Association will mean much to rural schools and much enthusiasm was manifested at this meeting. The next meeting will convene August 9th at a place to be decided later.

Four Turkey Hens Sell for \$22.40 Here

E. B. McDonald sold four turkey hens in the city last week that brought the fancy price of 28 cents per pound and the hens averaged 20 pounds each. The total cash figures totaled \$22.40, which is a better price per head than Texas Yearling would bring since we have lived in Texas.
Mr. McDonald is going to change his breed of turkeys this year from the Bronze to the Red. He says he realizes that the Red is a smaller turkey than the Bronze but they are a little more domestic and do not roam so far away while feeding on the range, which gives them protection from the coyotes, which is the menace to the turkey grower of Haskell county.
He is also a breeder of the Brown Leghorn chickens and has made a success with them. Mr. McDonald is a good farmer and produces his living at home and is a believer of diversified farming and poultry raising and he is growing in the wealth of this world's goods by his wise decision.

BAPTIST PARSONAGE BEING REPAIRED THIS WEEK

The Baptist Parsonage is being repaired this week and will be made ready for the new pastor of the First Baptist Church who will move his family to the new location next week. He is at present living in Fort Worth.

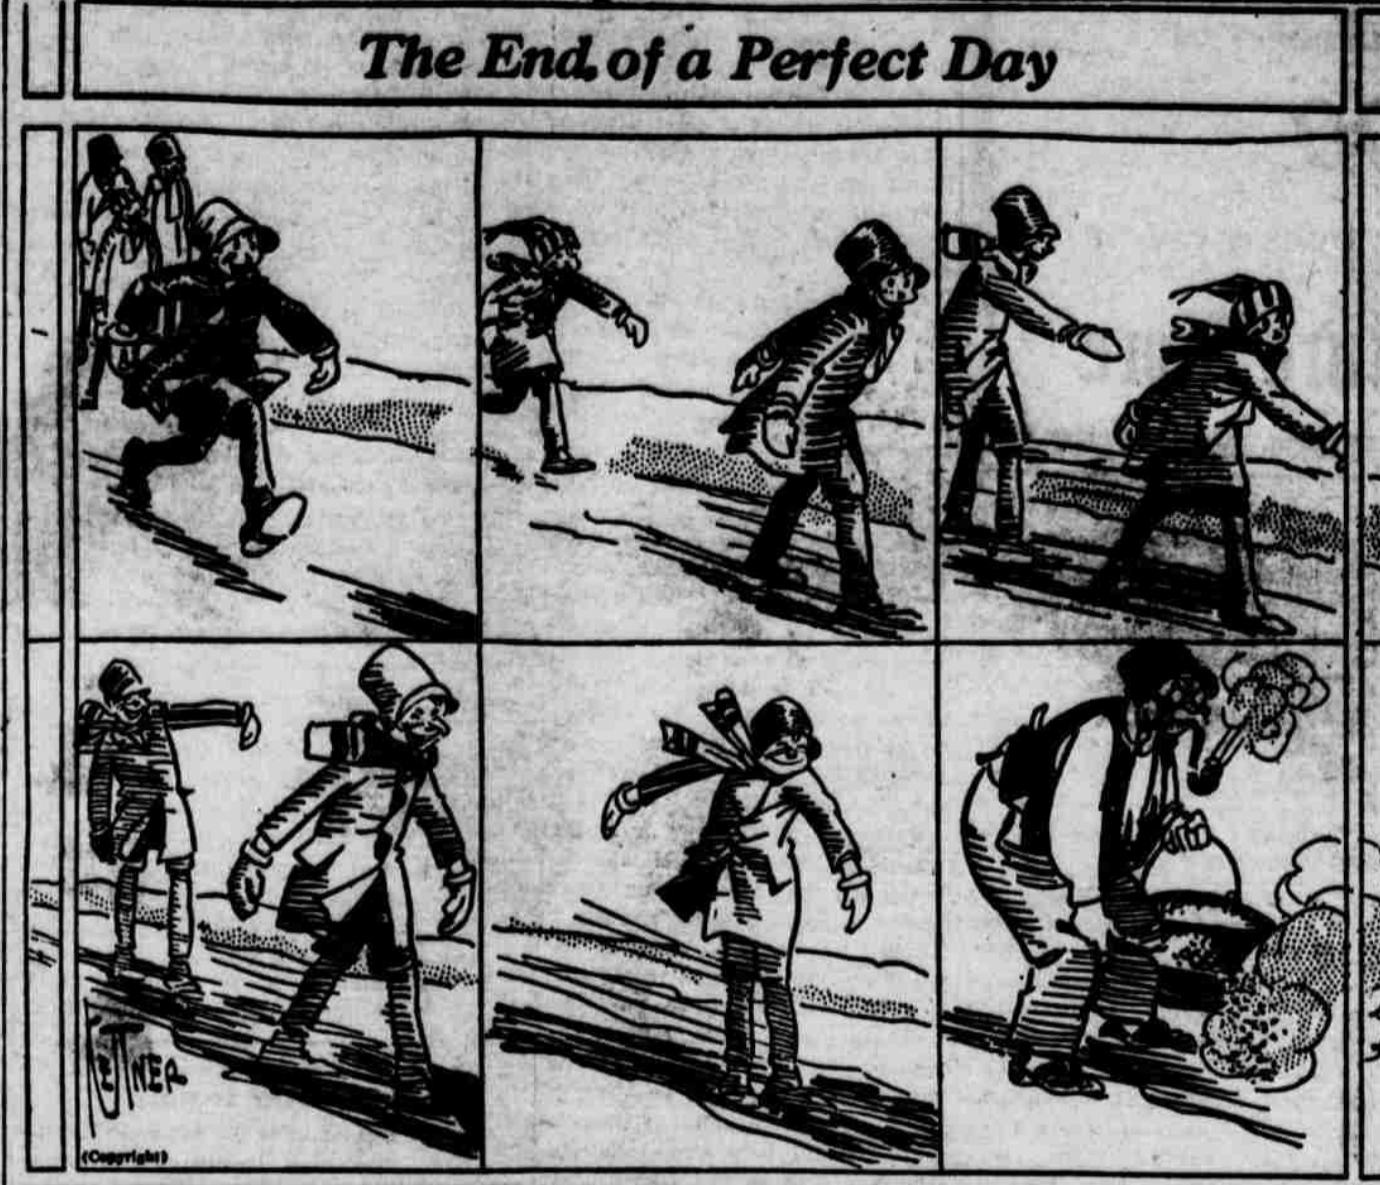

BILL SAM'S DICTIONARY

By J. L. MARTIN
Ace Doolittle, who blows the tuba for the Taterhill brass band, has another bad attack of asthma. Ace is so fond of his own music he just had to try on something, so he has bought Jew's harp with which he will cheerfully entertain himself until he is get rid of his asthma.
ASTHMA: Human heaven. BILL SAM'S Dictionary, page 81.
JEW'S HARP: A contraction classed with musical instruments. It is operated by being held tightly against the teeth and struck with the fingers. It produces a sound which the operator declares he can recognize as the Jew's harp. BILL SAM'S Dictionary, page 512.

BAPTIST WORKERS MEET AT MUNDAY

The Haskell County Baptist Association held a Worker's Council Monday January 8th, at the Baptist Church at Munday, beginning the program at 9:30 a. m.
Rev. J. O. Heath, pastor of the Munday Baptist Church called the house to order and two songs were lead by J. J. Keel of Munday, after which Rev. Jess H. Morgan of Simmons College held a short devotional service, reading the 23rd Psalm.
Rev. I. N. Alvis, County Missionary, was first on the program to discuss the question, "How May We Improve the Haskell County Association." Rev. Alvis made an interesting talk on the subject and he stressed the needs of strong co-operation in the work of improving the Association. By special request of Rev. Heath, Rev. Alvis was elected Moderator and took the chair after his talk was completed.
Rev. S. E. Stevenson was given the subject, "What is the Place of Repentance in the Plan of Salvation?" He made a logical talk on this important subject and his hearers were very much pleased with the plain, simple way he discussed the fact of the needs of repentance in the plan of salvation.
He told of how the people were getting away from the old-time repentance and said he believed in preaching the gospel in the old time way, the doctrine of Hell-Fire and Brimstone as recorded in the Bible.
The best way to build a live B. Y. P. U. was discussed by Rev. Luther T. Jenkins. He referred to the personal work among the church he is pastoring and his conclusion was that it takes work by the church and pastor to build a live B. Y. P. U. Rev. Blonney Foreman sang a solo before Rev. Jenkins made his talk, which was very much appreciated by the congregation.
"How to Keep an Interesting Prayer Meeting," was discussed by Rev. H. E. Davis. As it was near the noon hour Rev. Davis did not make a long talk but the main thought given out was to attend every prayer meeting service, and in so doing you will keep alive the interest of your church work and prayer meeting. The principal thought was constant attendance and fervency in the work. Rev. C. Jones of Haskell added a few thoughts to the subject which were very appropriate. His principal argument, was to furnish entertainment with new songs and call on all the members for a prayer or song and to keep all members busily engaged in the work of the prayer meeting would insure attendance and interest.
A bountiful feast was served at noon and there was plenty and to spare. The ladies had prepared enough to feed another congregation of the same number and still would not have ran short of good things to eat.
The afternoon was devoted to Woman's Work in the church, and Mrs. W. C. Reddell of Rule, county president of the W. M. S. took charge of the services. Mrs. C. A. Powell of Rule conducted a short devotional service, after which Rev. Foreman sang another solo.
Mrs. W. C. Reddell of Rule discussed the question of "Authority from the Bible for the W. M. S." She made a beautiful talk that was very interesting to all. Mrs. J. S. Fisher of Munday arranged a special song, assisted by Mrs. J. H. Stodghill and Mrs. D. M. Morgan which was well rendered and was a joy to the congregation. Mrs. W. B. West of O'Brien made a splendid talk on the Juvenile Work of the society and the trend of her speech made known to all that she has had much experience in the work of training children in Sunday School and church work. Mrs. J. O. Bowden was called upon to make a talk on the juvenile work and she responded with an interesting talk that was very much appreciated by all.
A. U. Hathaway made several short talks during the day on different subjects pertaining to the work on different lines and he was always ready with an interesting thought to give to the congregation of anxious listeners.
Rev. C. A. Powell of Rule called a conference and several important matters were brought before the body and acted upon.
Just before the close a reading was given by Miss Ethel Barnett and a Piano Solo by Miss Laura Clinton, both of Munday. The closing prayer was offered by Rev. Heath and the council stood adjourned.

EXTENSION OF W. V. NEARLY COMPLETED

The extension of the Wichita Valley Railroad which is now under construction from Byers, Texas, to Waurika, Okla., a distance of 14 miles, will be completed by February 20th and train service will be put on. This is a statement given out by the promoters of the project. The steel has already been laid from Byers to the Red River and the bridge across the river is completed and it is predicted that the steel will be laid into Waurika by the time mentioned above. This will give all the shipping points along the Wichita Valley direct connection with the Rock Island north and south, which will shorten the distance and lessen the changes of shippers of cattle and other freight to the northern markets.

Barn Destroyed by Fire Wednesday

A small barn at the home of Frank Kennedy in the northeastern part of the city was destroyed by fire early Wednesday morning with all its contents, consisting of a small amount of coal, feed and other articles stored in the barn. The origin of the fire was believed to have been caused by burning trash which was burned the evening before and it was thought that sparks blew from the smoldering embers of the fire.

FIELD EDITOR VISITS RULE LAST FRIDAY AFTERNOON

We had a pleasant trip to Rule with J. E. Leflar, one of our good friends Friday afternoon. We noticed that the town of Rule has made many improvements in the last few years, and for the short space of time we were there we did not have time to take in the sights of the city as we would like to have done. We visited the Review office and met Editor E. B. Harris, who had just gotten his paper off the press and mailed out to his anxious readers. He is giving the people of Rule a good paper and is working hard to keep the Review up to the high standard.
We also met a few of the old guards, J. E. Cloud, several of the Norman boys, Judge J. W. Mason, who was still wearing the smile of prosperity. We came back by the home of George A. West, who is improving his home by building four new rooms to his residence.
We arrived in Haskell in plenty of time to reach home before the lights were put out.

MRS. W. J. LOWERY GOES TO ABILENE FOR OPERATION

Mrs. W. J. Lowery was taken to an Abilene Sanitarium Tuesday night where she may undergo an operation for appendicitis in a few days. Mr. Lowery accompanied her to Abilene. Mr and Mrs. Lowery have recently moved here from Seymour and Mr. Lowery is with the Finley Barber Shop on the east side. Mrs. Lowery is a daughter of Mr. and Mrs. W. F. Deper and was reared in Haskell and has many friends here who are anxious about her condition and will be glad to hear any good news from her.

Will Deliver Address On Law Enforcement

Captain F. B. Ebbert, of San Francisco, Calif., a veteran of the World War and also of the Spanish-American War, and Associate General Council of the Anti-Saloon League of America, will speak on "The Unfinished Battle" at the Baptist Church Thursday January 18th, at 7:30 p. m. This is to be a big mass meeting of red-blooded American Citizens of Haskell and surrounding country, both men and women who believe in law enforcement and are against the whiskey business. All are welcome. You will miss a great address if you fail to hear Capt. Ebbert. He knows what he is talking about. He is the very highest authority on the law enforcement situation in the United States. Be sure and hear him.

Stockholders of Loan Association Meet

The National Farm Loan Association held a meeting Tuesday afternoon and the following officers were elected for the ensuing year: G. W. Waldrop, president; S. M. Leflar, vice president; A. F. Neal, Leon Gilliam and T. M. Poteet were elected directors to act with the other officers who are also directors, making a total of five good men to guide the ship of the association.
Clyde F. Ekins was elected secretary and treasurer. An eight per cent dividend was declared and ordered paid to the stockholders of the land bank, according to the amount of stock each one held in the association.

NEW BAPTIST PASTOR PREACHED LAST SUNDAY

Rev. Leon Gambrell, the new pastor recently called for the First Baptist Church of this city, who now lives in Fort Worth, preached his first sermon at the church last Sunday morning at the 11 o'clock hour, and also filled the pulpit at the evening services. The Methodist people honored the new pastor by Rev. Culwell calling in the services at their church and came in a body to hear Rev. Gambrell preach. This spirit of unity among the christian people of the city is to be commended.

OVER \$15,000 WORTH OF TURKEYS SOLD

The Turkey Growers Association has sold to the Western Produce Company of this city 3,067 head of turkeys, which brought the total cash figures up to \$15,448.28. The turkeys have been delivered in the last 8 days, which is a wonderful amount of cash that the turkey industry is bringing to the farmers as a side line. Mr. Caldwell, manager of the Western Produce Company of this city says that he bought more than 2,500 turkeys during the holidays and several hundred head at Thanksgiving, which being added, will run the turkey crop that has been marketed at Haskell more than \$30,000.00 this season and we believe that more than \$50,000.00 worth of turkeys were raised in Haskell County and sold to different produce companies in other towns. The poultry and eggs will swell the figures to far beyond the \$100,000.00 mark. We are just getting into the poultry and turkey business. Watch us grow and prosper in the business in the future.

Change Operators at Western Union

The change at the Western Union office began with the first of the new year when Lottie James, who has been the operator for the past several months went to Moran to take charge of the office there and his place will be supplied by Mrs. Carrie Moser who with her father and mother, Mr. and Mrs. B. T. Cowley have moved here from Rule and she will be operator for the Western Union. She is well known here, having been practically reared in Haskell county.

Knox County Singers Will Meet Sunday

The Knox County Singing Convention will meet with the Munday Singing Class in the City Hall at Munday next Sunday afternoon at two o'clock. All the singers and lovers of good music are invited to come and join in the singing. Let's make 1923 a great musical year and begin the year by attending the Knox County Convention. A good program is always rendered by the Knox County Singers and if you miss the convention you will regret it when your friends tell you of the good time they enjoyed and you will be left out.

We are glad to report the 18 months old baby boy of Mr. and Mrs. W. F. Key, who has been very ill for the past week, much improved in health and we trust he will soon regain his normal health.

LOCAL BANKS ELECT NEW DIRECTORS

The past year was declared by the stockholders of the Haskell National Bank to have been one of the most prosperous years in the history of this institution, at the stockholders meeting which was held in the banking rooms Tuesday afternoon.
At this meeting, J. W. Gholson was added to the Board of Directors and Hardy Grissom was unanimously elected vice president.
The Board of Directors will be composed of the following: Mrs. M. S. Pierson, J. U. Fields, Hardy Grissom, Dr. L. F. Taylor, J. W. Gholson, G. W. Waldrop and Jno. W. Pace. The following officers were elected: Mrs. M. S. Pierson, President; Hardy Grissom, Vice President; O. E. Patterson, Active Vice President; O. B. Norman, cashier; Fred Mauldin, assistant cashier, and A. C. Pierson assistant cashier.
At the annual meeting of the stockholders of the Farmers State Bank which was held Tuesday afternoon, three new names were added to the Board of Directors: R. C. Couch, T. E. Ballard and J. E. Grissom. The board is now composed of the following directors: H. S. Post, T. C. Cahill, M. H. Hancock, T. E. Ballard, J. B. Post, R. C. Montgomery, F. M. Morton, R. C. Couch and J. E. Grissom.
The following officers were elected: R. C. Montgomery, President. H. S. Post, Vice-President. R. C. Couch, Active Vice-President. J. B. Post, Cashier. Jno. Draper, Assistant Cashier.

T. P. Brooks Bakery Being Remodeled

Since T. P. Brooks has leased the Merchants Cafe to Mr. Fryar, he is planning to give his entire time to the bakery, which he ran in connection with the cafe for several years. The bakery has been separated by a partition from the cafe and other improvements will be made from time to time until Mr. Brooks reaches the ideal set in his plans for this up-to-date bakery. A new cake machine has recently been installed and other improvements made to supply the increasing demand for this line of merchandise.

RETURNS FROM FUNERAL OF R. B. SPENCER AT WACO

Jno. A. Couch returned Sunday night from Waco where he had been to attend the funeral of R. B. Spencer, which was held in Waco Wednesday Jan. 10. Mr. Spencer was president of the R. B. Spencer Lumber Company of this city and was a well known lumber dealer of the state. Mr. Couch remarked that in the passing away of Mr. Spencer one of his best friends had gone.

Mrs. J. A. Shriver visited the family of Editor and Mrs. E. B. Harris of Rule Friday.

BILL SAM'S DICTIONARY

By J. L. MARTIN
Slim Longfellow got off something real clever at Sherry Smith's logging last Friday. Slim got enough of being teased about having sick headaches so much and came back at the boys by telling them that the reason some folks never have sick headaches is because they haven't brained enough in their craniums to get sick. Slim thinks so much of his job, he is thinking of having it published and sent them in the Haskell Herald.

SCHOOL NEWS

Misses Collins and Chambers have had their English classes this week to write themes on Fires, their losses and how to prevent them. Miss Ellis has had her English classes to write themes on this subject this term. A theme will also be written on this subject next term. In this way Haskell will receive a reduction of 2 per cent on her fire insurance premiums, saving the people of Haskell between \$1200 and \$2,000 per year. This same plan was carried out here in the schools last year.

The boys and girls are now entering debating, declamation, spelling and essay contests of the Interscholastic League. We would like for the parents to encourage their children to enter some one of these contests for they give the children a wonderful opportunity to receive very important training for life. The teachers are more than willing to train the pupils in this work. It should not be the matter of winning as it should be the training they will receive from this work. The teachers of the Haskell schools are eager to give this valuable training to our children but we should have the backing, the encouragement and the appreciation of the school patrons with reference to this work.

This is review week and it means much to many of our children. Many

of the pupils are doing good work in this review and quite a number are not working as they should. We have been appealing to the homes of numbers of these children to see that their children study at home, leave off the picture shows and other forms of amusement and attractions. In some cases we are receiving the proper responses from the home with reference to this home study but in a number of cases the homes are indifferent to the welfare of their children.

Next week will be devoted to the First Term's examinations. On the results of these examinations, the first half-year's work will depend in a large measure. If the pupils have worked regularly and consistently, five nights each week at home, and have been studious and attentive in school, the past three semesters, and have studied faithfully this week of review, these examinations need not have any terrors for these pupils. But the pupil that has loafed on his job, both in school and out of school, has a very slim chance. See that your boys and girls this coming week, get plenty of sleep. They should, every night this coming week, do about two or three hours reviewing at home for each examination. This will help them very much, if they have been faithful all along during the year.

The High School teachers are doing their best to interest the high school students in high school life and they are trying to get them to see the absolute necessity of their staying in high

school until they graduate. The Superintendent makes a series of talks in Assembly, every once in a while, on this subject. We feel that many of the boys and girls are most interested now than they have ever been in their high school work. This is where we need the help and the cooperation of the home along this line.

The Boys Basketball Team, under the efficient coaching of Mr. Anthony is getting in good shape to win the county and the district championship in basketball.

The Girls Basketball team, under the fine coaching of Miss King, assisted by Miss Collins, are getting in good shape for some good games. They are going to do their best to win. They play Weinert School next Saturday at Weinert.

The Debating Club has started to work in earnest in the debating subject. We have some fine material for developing a girl's winning team and a boy's winning team to send to Abilene in the spring.

Misses Barkley and Sherrill are planning to give an operetta by the sixth and seventh grade pupils in February for the School Lyceum. The people of Haskell are appreciating the great good these Lyceum programs are doing for their children their schools and their community. They are wonderful developers of our children, a great stimuli of school spirit, and wonderful advertisement of our schools and our community.

Through publicity the Haskell schools are becoming well known over Texas and they are drawing some good people here all along. The people of Haskell need to back their schools to the limit. If Haskell expects to grow or even hold her own, she must always maintain a first-class system of schools. To do this requires the unqualified backing and boosting of all the people of Haskell. If the Haskell people would help make the Haskell schools absolutely the best school system in West Texas, Haskell will grow, for people would move every year all over West Texas, and East Texas too, to send their children. If you do not believe this, try it.

KINDERGARTEN

(By Mrs. Katie S. Finley)

The word means child garden and originated with the first school of this kind which was established by Froebel over seventy years ago. Kindergartens are designated for the instruction of children between three and six years of age. Do we not hear some one say:

"Oh, yes, Kindergarten, that is where you make the pretty chains and cut out the paper dolls, etc. It is all play, a place for the mere amusement of the children." The general impression concerning Kindergarten can be summed up in the above oft heard comment.

But how far from the truth are such thoughtless remarks. Everything connected with the Kindergarten is fraught with meaning.

There is no idle amusement for the sake of being amusement. Every subject talked of: every occupation; all the little games are for the purpose of awakening and developing the sleeping powers and faculties of the child.

The work becomes instructive play. In other words the children work while they play and play while they work.

Therefore the underlying principles of the Kindergarten are to use every impulse, desire, hope, interest or purpose of the child in advancing his skill along the lines of self activity, then he will become familiar with the ordinary occupations of life.

To teach the children to love one another and to be kind. To remove every barrier between teacher and pupil. The scope of study is so extensive that the Kindergarten course makes a very wide appeal. Kindergarten schools are now found in all large cities and many small towns, so that there are over 300,000 children receiving instruction from kindergarten schools. Has some one made a remark like this: "But your child won't get credits for a year spent in Kindergarten." "Not much to the Kindergarten, very weak, just throwing away money," etc. Any one making a remark like the above is a back number or grossly ignorant of the great work of the Kindergarten.

McCONNELL

The health of this community is very good and the farmers are busy preparing for another crop but the prospects seem a little blue so far.

Mr. and Mrs. Earnest Cauthen visited Mr. and Mrs. R. W. Rodgers Sunday.

Mr. and Mrs. M. V. Bland were the guests of Mr. and Mrs. M. L. Jones Sunday.

Mr. and Mrs. W. Cody spent Sunday afternoon with Mr. and Mrs. Jim Clark. School is progressing nicely, with new scholars almost every day.

Mr. Freeman was in the Post community Friday.

Miss Goldamae Chapman spent Friday night with Miss Betty Cauthen.

Mr. and Mrs. Sharp are the proud parents of a fine baby.

Thomas Cauthen spent Sunday with Odie Rodgers.

Mr. and Mrs. Walter E. Bunkley visited Mr. and Mrs. T. J. Turner Sunday.

A large crowd attended singing at the home of M. V. Bland Sunday night.

CENTER POINT

Mr. and Mrs. E. L. Hamlett spent the week-end with Mr. and Mrs. Gilbert.

Mrs. Will Jeter is on the sick list this week.

Mr. and Mrs. W. E. Bland entertained the young folks with a singing Sunday night.

Misses May Patterson, Ethel Bland and Ida Mathews visited Miss Iona Harwell Sunday afternoon.

Mr. and Mrs. Terrell Jeter gave the young folks a party Friday night.

Several from here attended the Pie Supper at Gauntt Friday night.

Mr. and Mrs. Omar Jeter called on the former's parents, Mr. and Mrs. W. J. Jeter Sunday night.

There was a large congregation at the Sunday School at Center Point Sunday afternoon. We invite you back again.

Moving is about over among the tenant farmers. Several new families have moved into our community.

We extend an invitation to all who have recently moved here to our Sunday School and we want you to come and feel welcome.

Robert Bradford arrived at the home of his uncle, Mr. Means, Wednesday, and will make his home here for the year.

SAGERTON

The Junior Girls basket ball team of Sagerton have played two games this week and the Seniors one. The first games were played at Old Glory Friday afternoon. The Junior game was won by Sagerton, the scores being 6 to 1. The Seniors also played Old Glory on the Old Glory Court and won with a score of 8 to 4.

Saturday afternoon the O'Brien Junior Girls played Sagerton on the Sagerton court. O'Brien won with fourteen points to Sagerton's eleven. The Sagerton girls played good ball but were out-classed by the visitors. The O'Brien girls succeeded in keeping the ball in their half of the court the most part of the time and the Sagerton guards were powerless to prevent them from making goals.

The Sagerton girls played a good game and improved as they played, as the score was nine to four in favor of O'Brien at the end of the first half. If the game had lasted five minutes longer the results might have been different. Both teams do credit to their coaches.

Mr. and Mrs. O. B. Poole are the proud parents of a daughter born Dec. 24th.

J. H. Shipman has returned from Colorado Springs, where he has been hoping that the climate would ben fit his health. He returns somewhat improved but not entirely recovered.

Mrs. Clark of Lockhart is visiting her sons Tom and John, and her daughter, Mrs. R. L. Kelley.

Sagerton resembled Goldsmith's famous deserted village Monday when the larger part of the citizens went to Anson to attend court in the case of the State vs. Moore.

Mr. and Mrs. A. Ross of Altus, Okla., are visiting their daughter, Mrs. John Watson this week.

Mrs. E. S. Lee entertained both the Sagerton and O'Brien ball teams with a party Saturday night. Besides the two teams of girls the following boys

were present: Cecil, Leon and Willie Schroeder, Joe Bradley, Foster and J. C. Davis. They all joined in making candy and an enjoyable evening was spent.

I. H. Terry of Stamford was in town Monday on business.

Mr. and Mrs. Lon Darlen, Mrs. Will Schroeder and Mr. R. H. Rife have returned from a trip to Fort Worth where they visited friends and relatives.

Small Profits VS Large Profits

We have just completed our inventory. Our books for 1922 show that we had a big volume of business; that for every dollar sold we made a net profit of 3 1/2 c. This is a small profit and would not be sufficient income on anything but a large volume.

It is the policy of this store to make a small profit with a quick turnover, rather than a larger profit and a smaller volume.

It is our aim for 1923 to increase our volume; To hold expenses at the minimum; To even give better values than ever before.

The First Presbyterian Church
 Our Motto: "To know Christ and to make Him known."
 Do you believe in prayer? Do you believe that there is a "reign of law," and therefore all prayer is useless? The reason you are not a better Christian, perhaps, is because you do not have absolute confidence in the efficacy of prayer. Come to church Sunday morning, and let us reason together from the Scriptures on this all important subject, "The Prayer Life of the Christian."
 We are making a special endeavor to begin all of our services on time, and we ask the parents to co-operate with

us in seeing that the children get to Sunday School and Christian Endeavor on time. The Sunday School begins promptly at 9:45; preaching at the eleven o'clock hour; Christian Endeavor Sunday evening, 5:00 o'clock; prayer meeting 7:30 Wednesday evening.

Presbyterian Ladies Auxiliary
 The Ladies Auxiliary of the Presbyterian Church met in regular business and social session Monday afternoon, January 8th, at the home of Mrs. R. V. Robertson.

The meeting was opened by the president reading a passage of scripture, followed by a prayer. During the business session several important matters were discussed and a most interesting and satisfying account of the Japanese Sale was given.

At the close of the business session the ladies enjoyed a pleasant and delightful social hour. The hostess, assisted by her lovely daughters, Galen and Ruth, served a most delicious refreshment plate consisting of chicken salad on lettuce, pickles and olives, sandwiches, candy and hot tea to the following members, Mesdames H. S. Wilson, R. R. English, L. Durrett, J. P. Kinnard, Joe Blake, J. L. Sleeper and J. D. Smith.

Subject, "Improving our Social Conditions," Scripture Ps. 15.—Mrs. F. L. Caldwell.

"Improving Social Conditions Among the Young People," 5-minute talk by Mrs. Kugler.

"Law Enforcement," 10-minute talk by P. D. Sanders.

Special music by the Girls' Missionary Society.

All active and associate members of the Social Service Committee are expected to be present and assist in securing a good attendance.

A very cordial invitation is extended to the public to worship with us in any or all our services. We are doing business at the same old stand and always something of interest going on.

Woman's Missionary Society

The first meeting of the year was on installation of the officers conducted by Bro. Culwell. After this beautiful and impressive service, he told us of some of his plans and hopes for the year and held up for our motto "Attempt Big Things." One of these big things was to make our church a tithing church—many of the women of the Missionary Society are already tithers but so pitifully few of the real pocket books of the church.

The president, Mrs. Sanders, and vice-president, Mrs. Gose, appointed their committees for the year. The Treasurer made her report of 1922, which showed we had paid our pledge in full and was on the Honor Roll.

It was moved and carried that we continue our roll call of some church or missionary news.

The following ladies are the leaders of the five circles: No. 1, Mrs. Gentry; No. 2, Mrs. Abel Jones; No. 3, Mrs. C. L. Lewis; No. 4, Mrs. O. E. Patterson; No. 5, Mrs. T. A. Williams.

Next Monday will be our annual Pledge Day program. Mrs. J. B. Smith of Stamford will be with us and those who know her, know what a wonderful treat is in store for the women that day. Everybody is invited and the Methodist women are urged to be present and start off the new year right.

Phone Mrs. Fred Sanders about what to bring for lunch and come at 11:30. Enjoy the social hour, then follow with the regular meeting in the afternoon.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a result they are slow or lose interest in school. The use of a few drops of this medicine will cure the worm, improve the circulation, and act as a general health-giving tonic to the whole system. Worms will not come off or breed the worms, and the child will be a happy child. Pleasant to take. 25¢ per bottle.

Got accustomed yet to writing 1923?

Europe seems to have developed a habit of needing to be saved.

We met a remarkable man the other day. He could name every member of President Harding's cabinet.

Really we ought to be thankful that those European nations didn't borrow more money from us than they did.

A woman candidate is charged with buying votes. They surely must have been offering them at a bargain sale.

Most of us wouldn't worry so much over the weather if there were no thermometers to tell us just how cold it is.

Among your resolutions should be one to do everything in your power to make your town a better town to live in.

There is no good workmen in European politics these days, else their cabinets would not fall to pieces so easily.

Women have equal right with men now, but we have still to hear of one being arrested for failure to support her husband.

A New York photographer is to pick the country's twenty-two fairest women. He doesn't care a hang for his popularity.

Greece's policy of dealing with cabinet ministers has doubtless made them an unsatisfactory risk to life insurance companies.

Wouldn't it be better for Germany to try to fulfill the terms of the Versailles treaty before claiming it impossible of being carried out

If Europe were as keen about paying her debts as she is about wiping out old scores, relation between the Old and New Worlds would be a lot more cordial.

Pat Page, athletic director at Butler College, declares that married men are the better football players. Probably because they are used to rough treatment.

There is still some hope for Germany coming to her senses. It's reported that William Hohenzollern's book has had a very small sale in that country.

When a boy goes to school with his face clean, his hair brushed and his nails manicured he is either stuck on some girl or he has the right kind of a mother.

An Altoona couple quarreled before they could reach the minister's and returned their marriage license. However it was better to discover their incompatibility before than after visiting the clergyman.

JAS. F. KINNARD MOVES OFFICE TO THE LEE PIERSON BUILDING.

Judge Jas. F. Kinnard has moved his office from the courthouse to the Lee Pierson building, over Gholsen's Grocery Store and will engage in the general practice of law. He has a nice new sign placed in front of the stairs leading to his office which will make it very easy for his friends to find his office which the judge has just fitted up to take care of his business for the new year.

Here from California.

Uncle Billy Meyers, a former citizen of this county, is here from Valley Home, Calif., spending a six weeks visit with old friends and looking after a small ranch he owns east of town near Kouri No. 1, which he says he is holding for the oil interests he believes will develop in Haskell county some time in the future. Mr. Meyers was one of the first settlers of the county, having purchased a large tract of land near Meyers school house, that bears his name, and built several dwellings years ago which he sold to others who now live happy and contented on these excellent farms. Mr. Meyers is glad to be here among his old friends and he always has a smile ready when you meet him.

R. J. Paxton, ex-Tax Assessor of Haskell County, who has been making his home in Denton for the past several years is now employed with the Haskell Garage, beginning his new duties about the first of the year. He is contemplating moving his family back to Haskell in the near future. They all come back.

Price Campbell, assistant manager of the West Texas Utilities Company was here Wednesday and he and G. T. Seales, the local manager here, made a business trip to Munday looking after the business of the company in that city. They are erecting a new building at Munday near the depot, where they expect to make a beautiful home for the company.

Mrs. Harvey made a business trip to Rule Tuesday.

J. T. West of Pinkerton was in the city on business Saturday.

H. E. Bland was here Saturday on business from south of town.

Miss Willie Mae Wells spent the week-end with her little friend Jo Whitsett of Munday, returning Saturday evening.

Roderick Clifton has been on the sick list for the past week with pneumonia fever but on last report he was improving.

GIRL'S BASKETBALL TEAM DEFEATED BY HOWARD

A hard fought game of basket ball was played on the Haskell High school grounds between the Howard girls and the Haskell High School girls Friday afternoon in which the Howard team won in a score of 20 to 19. The game was a very close contest throughout, and was a tie until the last few minutes of play, when Howard put one over.

Died.

The six-weeks-old infant daughter of Mr. and Mrs. Witt Thompson, died in the home of Mrs. Thompson's grandparents, Mr. and Mrs. J. T. Bowman, on Thursday morning. The baby had been sick a week, and everything possible was done to stay the disease and allay the pain, but the progress of death could not be checked. The little body was laid to rest in the Rule cemetery late Thursday afternoon. To the parents and other relatives, we extend our deepest sympathy.

ALL IN ONE LIFETIME

A scientist has figured out that an average man of seventy has slept 23 years four months; worked 19 years eight months; has had ten years and two months of recreation and religious devotion (how is that for a combination?); and spent six years, ten months eating and drinking, six years traveling; two years dressing and undressing, and has been ill four years. The scientist has left out one important item. It is the number of years the average man spends hunting for a match.

HOWARD COMMUNITY ENJOYS GOOD SINGING SUNDAY

The singing at Howard last Sunday afternoon was the occasion for the gathering of a large crowd at the new school building where they enjoyed several hours in singing together and enjoying the beautiful afternoon. Several special songs were rendered by the visiting singers which were enjoyed very much by the congregation. Quite a number of Haskell people attended the singing, including M. O. Lyles, Otis Johnson, I. V. Marr, V. A. Brown Prof. E. T. Haley and others.

Mr. and Mrs. S. E. Bell of south of town were shopping in the city Tuesday. Mr. Bell is one of our best farmers and is a booster for West Texas.

Mr. Earl Morley, who was recently transferred from Baird to Stamford where he is the present manager of the West Texas Utilities Company, and Dan Lackey of Baird were in the city Sunday afternoon the guests of Mr. and Mrs. J. W. Farmer of the City Studio.

C. L. Kimbler of Rule was in the city Friday on business.

Lighthouse Apparatus of Metal. The optical apparatus of the Lighthouse of Galitz, an island off the coast of Tunis, is entirely of metal. The great parabolic reflector, the largest metallic mirror in any lighthouse, is of galvanized iron 7 feet 5 inches in diameter, with a focal length of 20 inches, and its 200,000 candle power beam can easily be seen 20 miles at sea.

Around Our Town

Charlie McCown was in the Wednesday from Whitt Chapel made a pleasant call at our sanatorium in town. He came to meet McCown, who returned Tuesday from Cleburne, Fort Worth, and points, where she had been visiting children and other relatives.

E. W. Penick and little daughter for their home in Dallas Saturday. She was accompanied as Stamford by her mother, Mrs. Walden.

Ada E. Rich from Texline is her sister, Mrs. J. G. Walden.

Ed Self of Pinkerton community in the city this week buying an axe. He probably has made a man's resolution that he will cut

the wood and of course that would require a new axe.

Mr. and Mrs. F. G. Alexander were called to Olney to the bedside of a sister of Mrs. Alexander, who is reported real sick. They left Tuesday morning.

Henry Alexander spent several days of this week in Dallas buying merchandise for Alexander's Big Store.

W. O. Thorne, accompanied by Mrs. Thorne and Frank Harris visited W. B. Alexander and family of Seymour Sunday.

F. M. Morton attended the meeting of the stockholders of the Wehnert State Bank Tuesday and reports all the old officers of the bank re-elected.

Fred Monke, one of our best farmers living in the Meyers community, was in the city Saturday on business. Fred has about 35 acres of wheat sown that is still living and growing although needing rain very badly. He made a good cotton crop last year and says he made it without rain.

M. H. Guinn was in town Saturday from Sayles and says he is farming to beat the Jews (of course we all know how a Jew farms.) But Mark says he will be through plowing in two or three more days and then is ready for rain. He never waits for the seasons to be just right as some do, but goes ahead and lets the seasons take care of themselves. He always does his part of the farming and he has been very successful up to this good day.

C. F. Graham of Meyers was in the city Saturday on business. He is one of our best farmers who has grown from a tenant farmer to home owner by working hard and managing well. He takes a pride in thoroughbred stock and Red chickens and we are always glad to see our old friend in the city.

W. W. Collins of Wehnert was in the city Saturday. He recently moved from Fisher county here and will farm on the Jim Esell farm near Wehnert. Mr. Esell of Hamlin recently bought the farm, we are told.

Mr. and Mrs. Jesse Barton were shopping in the city from east of town Saturday.

George Best and family of Foster motored to Haskell Saturday and spent the day. George is another good farmer of Haskell county that has grown from a tenant farmer to a home owner.

S. G. Perrin and family were in the city Saturday shopping, from their home eight miles north of town. Mr.

Perrin has been suffering with his left eye, which was injured some time ago and became inflamed and has caused him considerable pain and trouble. But he is now under special treatment of Wichita Falls doctors and he says his eye is rapidly improving.

R. L. Medford of Howard was in the city Saturday renewing his acquaintances with his many friends. Lee is one of our best farmers and we are always glad to see his smiling face.

J. L. Tubbs returned Saturday from a business trip to North Texas and Oklahoma.

Alvin Chamberlain who has made his home near Brushy for the past several years is now with Attorney A. J. Smith and will be office deputy for the ensuing year. Alvin is one of our best young men and is a graduate from the A & M. College.

Artie McFatter of Ranger spent Sunday and Monday with old friends in this city.

T. M. Fritts of Marcy was transacting business in Haskell Monday.

J. H. Free, J. R. Mitchell and B. M. Gregory, trustees of the Pleasant Valley School, were Haskell visitors Tuesday.

George Best of the Foster community was in the city Wednesday.

M. V. Bland and daughter of McConnell were Haskell visitors Wednesday.

G. W. Bossee of the Ward community was in Haskell Wednesday on business.

W. E. Bland of Center Point was in the city Tuesday. He reports school interest unusually good, except a crowded condition.

J. M. Crouch of the Lone Star community was in the city this week. J. M. thinks they have the best school in the county.

Mrs. Ed Robertson, county superintendent, attended an educational meeting at Stamford Tuesday.

Mr. and Mrs. M. B. Howard of the Howard community were pleasant shoppers in the city Saturday. Bunyan is one of our best farmers who owns a well improved farm and a splendid home.

Mr. and Mrs. Felix Joeslet of Joeslet Switch was in the city Saturday shopping. Mr. Joeslet is a breeder of the Rhode Island Red chickens and he has had them on exhibition for several years in the Haskell shows.

H. Brog was in the city Saturday. He has moved from one of the Rule Routes back to a Haskell route and had no change his address accordingly on our mailing list.

Mr. and Mrs. G. W. Davis of south of town were shopping in the city Saturday.

Mr. and Mrs. J. P. Wheatley were in the city Saturday. They have mov-

ed from the farm near Roberts to the Ross Hemphill place near town and have rented out the home place.

Ex-Sheriff M. E. Park was in the city Saturday from his good farm near Myers schoolhouse, where he has lived for many years.

M. H. Harris of Center Point was in the city Saturday. He says that he is batching while Mrs. Harris is away visiting her sister, Mrs. B. P. Sandifer of Floydada. He says that he has done but little plowing for the new year crop, and that rain is badly needed on the tight land so the farmers can prepare their ground for planting.

Mr. and Mrs. Adolph Nussbaum of Roberts were in the city Saturday shopping. Mr. and Mrs. Nussbaum raise lots of chickens and sell lots of eggs on the Haskell market. They have been breeding the White Leghorns exclusively, but they are going to add the Barred Plymouth Rock in order to have a larger breed to sell on the market for fryers.

Brad and Raymond Lee and Misses Hattie and Thalia Boatright were shopping in the city from Wehnert Saturday.

Elder J. C. Turnbow of north of town was in the city Saturday trading with our merchants. He is a minister of the gospel of the Primitive Baptist faith and has appointments in different sections of the county on Sundays. Brother Turnbow is a good Christian man, a good citizen and a good farmer.

Mr. and Mrs. J. R. Dinsmore and their children of Howard were in the city shopping Saturday.

Mr. and Mrs. Wayne Perry of McConnell were in the city Saturday. Wayne is Commissioner of Precinct 3 and began his second term on the first of the year.

Mr. and Mrs. T. H. Woolsey of Roberts were shopping in the city Saturday. Mr. and Mrs. Woolsey are among our best turkey growers. Their check for their turkeys this year was above \$250.00 and they are going to put forth greater efforts next year.

A. J. Joeslet was in the city Tuesday and called at our sanctum for a pleasant chat. A. J. is from the Whitt Chapel country near where the new school building was recently erected when Howard and Whitt united their school districts. He is a breeder of the Rhode Island Reds and says his stock this year is better than ever before and he is anxious for a show to be pulled off in Haskell that he might have the opportunity to win the prize for he believes he has the birds that will win.

Mr. and Mrs. H. D. Bland and their little daughter Oleta, were in the city Saturday shopping.

J. A. Hartfield of Post was in the city Saturday and was all smiles over the fact that he had dug a new well on his farm and found plenty of water. He is not on the water wagon any longer since he has plenty to drink at home.

T. J. Bold, a wealthy farmer of the Wehnert country was in the city Friday and called to see us while in town. He and Mrs. Bold have planned to spend a year in California on a vacation.

Don Means, who moved his family to the Jim Pace farm near Center Point about the first of the year, where he will farm this year, was back in the city Saturday afternoon and was behind the counter at the Haskell Spot Cash Store dishing out groceries to his old friends. Mighty hard after you once get the habit, to stay away from the old profession.

Mr. and Mrs. William Cranfill of Munday were in the city shopping Saturday. Mr. Cranfill has recently moved to West Texas and likes our county fine so far. He made his first crop in this section last year, which was a very satisfactory yield and he received a good price, which has already made him a booster for the west.

Mrs. W. L. Clifford and son Jack of West, Texas, are visiting Mr. and Mrs. T. L. Donohoo of this city.

H. B. Berry of Rochester was in the city Saturday on business. He is a new reader of the Free Press.

Frank Havran and son Adolph of Meyers were in the city Saturday on business. Adolph has been living in Oklahoma for the past several years, but has moved back to Haskell county and will make his future home in the Meyers community where he was principally reared. They all come back.

Mr. and Mrs. R. T. Carney of Rochester were in the city Saturday.

Mr. and Mrs. O. H. Hutchins of the Midway community were shopping in the city Saturday.

Henry and Charlie Drusedow were in the city Saturday on business. They are good farmers and readers of the Free Press.

Albert Peiser of the Irby community was in the city Saturday on business.

Mr. and Mrs. George Taylor of Cottonwood were in the city Saturday shopping. Mr. Taylor is the county commissioner of Precinct 2 and began his second term the first of the new year.

Mr. and Mrs. H. S. Gibson of Foster were in the city Saturday shopping. Mr. Gibson is one of our best farmers.

Mr. and Mrs. Will Chastain of Midway were in the city Saturday. Mr. Chastain is the secretary of the Turkey Growers Association and has been very successful in getting a better market for the members of the association for all the turkeys grown by them.

W. D. Arden of Ennis was in the city several days this week looking after his farms here. Mr. Arden is a real estate man and has owned his lands in Haskell county for several years and considers it a good investment.

Prof. A. W. Moore, who is teaching the Idella School near Rochester was in the city Saturday. Mr. Moore is one of our best teachers. He taught the Idella School before the World War, and has again returned and took his old place.

T. J. Bold, a wealthy farmer of the Wehnert country was in the city Friday and called to see us while in town. He and Mrs. Bold have planned to spend a year in California on a vacation.

WARNER BROS. Present WESLEY BARRY IN "RAGS TO RICHES" Harry Rapf Production

To the blind—SIGHT is Riches.
To homely women—BEAUTY is Riches.
To those in poverty—SHELTER is Riches.
To wealthy people—What are RICHES?

Most of us count riches in terms of gold and princely living. You who struggle and grow old in a never-ceasing battle for more possessions and more luxuries—have you ever stopped to think what riches really mean?

"Freckles" Barry, the lovable juvenile screen actor, in this thrilling, beautiful and marvelously acted photodrama, serves to bring home in an entertaining and forceful manner the keynote to success and happiness.

THE STOCK LAW AND ITS PROVISIONS

no or more ineffectual as the stock law in Haskell is proper petition and other proceedings were carefully prepared by Judge Kinard during the term of his two administrations. Judge Long was county judge at the time of the law prohibiting the impounding of stock at large in Haskell County of horses, jacks, jennets, and carried by a majority of the free-holders and the provisions of the county judge was during the law in full force

Provisions of the Law
The law provides that it is the duty of the sheriff or constable to seize horses, jacks, jennets, or mules, which may become known to be running at large on any premises, and to impound them in the place provided for that purpose and immediately notify the owner, if known to such officer, to redeem the same on the impounding fee of one dollar per head and an additional fee of five cents per day per head

for each day such stock is so kept, whether they are horses, jacks, jennets, or cattle. However, sheriffs and constables are generally kept too busy attending to other matters and have paid no heed to the enforcement of the stock laws.

Impounding Stock.

The law further provides that if any stock shall roam about the residence or cultivated land of another, without the consent of the person in lawful possession of such lands, he may impound such stock and detain the same until his fees and all damages sustained by such stock are paid to him. (It is well to note the difference in the law when stock are impounded by the officer and when impounded by the one in possession of the land.) The law allows the officer one dollar per day per head and Twenty-Five cents per head, on all stock, while it allows the taker up such damages only as he may sustain together with a fee of 25 cents per day per head for horses and mules, 15 cents for cattle, and 10 cents for jacks and jennets.

Notice to Owner of Stock

Whenever stock is impounded, notice thereof shall be given to the owner, if known, and such owner shall be entitled to their possession on payment of damages and fees.

Usually the owner of stock and person impounding the same can easily agree to the actual damages, if any, made by such stock, but if they cannot agree, it is better for both parties to agree on some neighbor or neighbors to look over the situation and say what the amount of the damages should be, and both the owner and taker up agree to be bound by such decision.

If, however, they cannot or will not do so, then resort may be had to the legal and binding remedy.

Damages and Fees May Be Assessed By Three Disinterested Freeholders.

Application may be made to the county judge by the taker-up for the appointment of three disinterested freeholders, who, after taking the oath to discharge with impartiality the duties devolved upon them, after hearing the evidence for and against, shall make an assessment of the damages and fees allowed in writing, signed by such freeholders, or any two of them, and verified by their affidavit that said assessment is just and that they

have no bias in favor of or prejudice against either party; and shall file said assessment with the justice of the peace, which will be final. Provided, however, that the owner of the stock, if known, shall have five days notice of the time and place of the meeting of the free-holders and, if the owner of such stock is unknown, then a written notice thereof shall be posted in two public places in the justice precinct and one at the Court House door, or by one publication in a newspaper of the county.

Sale of Impounded Stock. Fees.

After filing the assessment by the three freeholders, the constable of the precinct shall sell such stock at public auction for cash, after having given proper notice as is provided by law in constable's sales of personal property under execution, and apply the proceeds of such sale, after deducting his expenses and fees, to the satisfaction of the damages and fees assessed against such stock, and pay the balance, if any, to the owner of such stock. Constables shall receive such fees as allowed by law in civil cases. It will be seen that this procedure will require considerable care and attention to details.

TONN GARAGE

Opportunity Sale

Right now, at the threshold of a new year, we offer you an opportunity to lay in a supply of staple and fancy groceries at prices that are positively without parallel within the history of West Texas. We offer you the largest stock from which to select and we offer you real merchandise of known value. If you are within a radius of 50 miles of Stamford it will pay you to attend this most wonderful "Opportunity Sale" as it will without doubt be the most gigantic effort ever made to convert merchandise into cash. The majority of sales you have attended were inaugurated primarily for the purpose of unloading old shelf-worn and out of season goods and to make room for up-to-date seasonal merchandise. This is a sale of the items that you use every day in the year and the prices quoted are absolutely at and even below the present wholesale market. This sale is preliminary to a vast change in our business which we have contemplated for years.

CASH PRIZES—We will pay \$10 in gold to the person that comes the greatest distance and buys as much as \$25.00 worth and will also pay \$10.00 in gold to the family who buys the largest bill of goods during this sale. The Sale is on and will continue until we have made the desired reduction in our stock. Don't allow anything to keep you away from this sale which is an "Opportunity" in the fullest acceptance of the term. We offer you the best flour that is milled in Texas, at per 48 lb. sack \$1.85, while the same flour is today worth \$8 per bbl. at the mill, which would mean \$2.00 per sack. You need not hesitate to buy a sufficient amount to run you to June 15, '23 as there is no danger of any damage before that date. Look over the following list and make out your order for the things you need.

Suit May Be Brought to Collect Fees and Damages.

It is further provided by law, however, that the taker up may, if he sees proper, bring suit in the county court on any claim he may have for such fees and damages and to subject the stock so taken up to enforce the payment of his damages and legal fees. Where the taker up and owner cannot agree as to the amount of fees and damages, this latter method is preferable to the other.

No Fence Required to Protect Crops.

Where the stock law is in force the law does not require any kind of fence to prevent the depredations from other peoples stock; but, on the other hand, the owner of stock is required by law to build such fences as will be sure to keep his stock within his own inclosures.

A Criminal Offense, Also.

The stock law further provides that if any person shall wilfully turn out or cause to be turned out on land not his own or under his control, or shall wilfully fail or refuse to keep up his stock, or shall wilfully allow his stock to trespass upon the land of another, or shall wilfully permit to run at large any of his stock or stock under his control, he shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of from Five to Fifty Dollars. So it will be seen that it is a criminal offense for one to turn his stock out and thus wilfully permit it to run at large in Haskell County.

Card of Thanks.

We want to thank the many friends who were so kind and thoughtful during the recent illness and death of our baby girl. Especially did we appreciate the beautiful floral offering sent by the Freshman Class of the High School. Should you be called on to go through the same kind of trial we have had, may you find the same un-failing friendship that was shown us, is our prayer.

FREE PIE SUPPER AT GAUNTT LAST FRIDAY NIGHT

A free pie supper was given at the Gauntt schoolhouse last Friday night by the Sunday School class and a large gathering of people came and enjoyed the occasion. The news has gone forth giving Gauntt credit for having one of the liveliest rural Sunday Schools to be found anywhere in this section of the country. Those who are pushing the Sunday School know how to get results in this good work and much praise should be given them for their sincerity in such a good work.

I. H. Harrell was in the city Friday from the Foster community on business.

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough. Both remedies are packed in one carton and the cost of the combined treatment is 35c. Just ask your druggist for HAYES' HEALING HONEY.

A NEW GROCERY

We have opened a new stock of groceries in the building formerly occupied by R. J. Reynolds on the north side of the square.

Our stock is all fresh and will soon be complete in all lines.

We will appreciate your trade and will endeavor to serve you to the very best of our ability.

Let us serve you during the coming month.

HONEYCOMB COILS IN CONVERTING RECEIVER

Third Regenerative Circuit Arrangement Is by Electrostatic Coupling.

In making a receiving set over into a regenerative circuit, the DeForest honeycomb coils are very well adapted to a circuit arrangement as shown in Figure N. One coil is used as a primary, a second coil as a secondary, and a third as a tickler or plate inductance.

When mounted in a set the secondary is placed in the center and the primary and tickler coils on the outside in such a manner that the coupling between the primary and the secondary can be varied.

The greatest advantage derived from the use of honeycomb coils is the

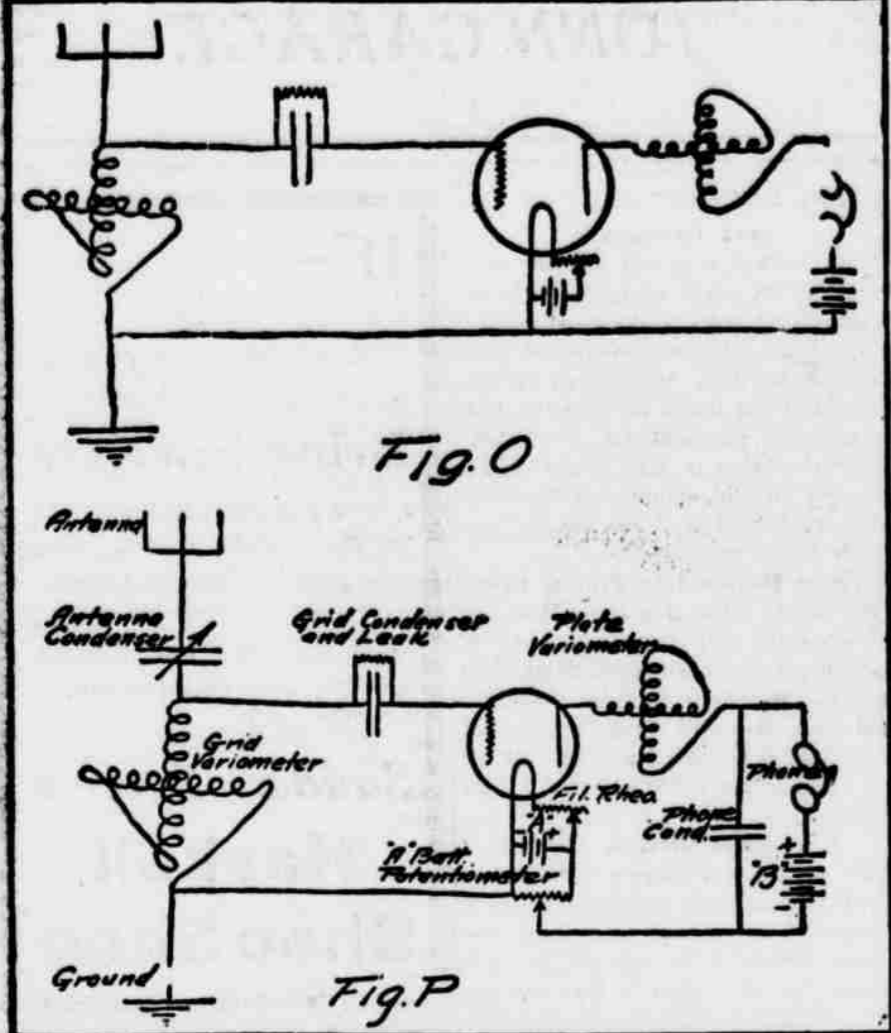

and a circuit of the general arrangement of that shown in the diagram. An amateur can get excellent results. Any of the standard variometers or the market can be used for the grid and plate variometers "A" and "B."

For those who wish to build a set of this type, a more detailed diagram of connections is shown in Figure P. The antenna series condenser is one of the 21-plate size. An "A" battery potentiometer is shown in the circuit for those who wish to use a soft detector tube.

ELECTRICAL SHOP AND RADIO

Establishment That Does General Electrical Work Has Big Advantages Over Others.

One of the strongest arguments presented by the electrical store selling radio supplies is the expert service it can offer, says Burton Millar, in a comprehensive article in Radio Merchandising. All sorts and descriptions of apparatus and parts can be put in stock by any store in any line of business and that is exactly what is being done in every city in the country, but the establishment which makes a specialty of doing general electrical work—wiring for light, pow-

ability to cover the entire range of wave length with very small dead-end losses. With the same receiving set the coils used for receiving long wave trans-Atlantic stations can be plugged out, a smaller set of coils plugged in, and amateur stations picked up efficiently.

This ability tends to make this particular type of receiver the closest approach to a universal wave length receiver that can be made.

The regenerative circuit arrangements already shown feed back from the plate circuit to the grid circuit in one of two ways: First, conductively, as in the circuit called the DeForest Ultra-Audion circuit, and second, by inductive coupling as in the circuit which makes use of the tickler coil. There is a third method of coupling—electrostatic, by which the circuits between which the energy is to be transferred are connected by condensers.

In a circuit in which the energy is small and the frequency is high, that is, short wave length, the coupling condenser need be of only a very small capacity. The elements of a vacuum tube have a capacity with respect to each other. Some of the most efficient of the short wave regenerative receivers used today depend on the capacity between the elements of the vacuum tube to furnish the necessary electrostatic capacity between the plate and the grid circuits to feed energy from one of these circuits to the other.

Figure O shows a simple single tube regenerative receiver for short wave work that depends on the electrostatic capacity between the elements of the tube for the coupling between the plate and grid circuits. A variometer "A" in the antenna circuit is used for tuning. Another variometer "B" in series with the plate is used for tuning the plate circuit to the same natural period as that of the received signal. This circuit is sometimes called the tuned plate circuit method of regeneration.

There are two tuned oscillating circuits in the receiver. One tuned circuit consists of the variometer "A" with the capacity of the grid to filament of the tube across it. The other tuned circuit consists of the variometer "B" with the capacity of the plate to filament across it. These two circuits are in turn electrostatically coupled to each other by the capacity between the grid and the plate.

A receiver of the type shown in Figure O is very efficient, because there are no untuned circuits. In addition the energy sent back from the plate circuit to the grid circuit compensates for the losses in the circuits. This results in very high amplifications.

Though the adjustment of a set of this type is rather critical, especially the amount of induction in the plate circuit, but two knobs are necessary to control the tuning and the amount of regeneration. With a good antenna

er, etc., and carrying a stock of electrical goods of every sort—has a distinct advantage over the store which added a radio department to other lines of merchandise entirely different in character.

It is virtually important, however, that the availability of this expert service be broadcast to the field it is desired to reach. Publicity is the only thing that will do it. The public must be told. Not once, but repeatedly, and in every possible way.

It is not enough to have a card in the display window announcing: "Our electrical experts will be glad to give you any information or assistance in installing or operating your radio outfit." Or to run an occasional small ad in the local newspapers. Or to have a card in the local street cars. Or to distribute small folders through the mails to a local list.

All of these methods are good—if you keep persistently at it! There is no single quality of advertising so absolutely essential as persistence. If you do not concede this you are simply ignoring the experience of all successful advertisers of all time.

If the radio department is to be built up and made a substantial part of your store's business it is essential that the public be told where it can find this superior service, tested apparatus and expert counsel.

TIPS TO THE RADIOIST

A talk given recently at Schenectady by Dr. Marconi was enjoyed by a crowd of 3,000 persons who had assembled in Washington park, Albany, for the purpose.

On the Pacific coast preference in time for broadcasting is to be given to the stations having the greatest efficiency and therefore able to serve the greatest number of people.

Rubber is very useful material in radio work. You will find rubber stoppers to bottles make excellent knobs or tips to electrodes, adjusting rods, etc., and that block or sheet rubber is very useful as an insulator in many places; but if you have ever tried to cut rubber with a knife you will know how hard it is to make a neat, smooth, straight cut. But if you use a sharp knife and keep the rubber wet with cold water, or out it under water, you will find that it cuts like cheese.

A radio university, placing higher education within the reach of all, is now considered but a matter of time. The future educational possibilities of radio seem to be limited only by the co-operation of the people.

SOCIETY and Club

The Christmas parties could not all go in the paper last week for lack of space and the Society Editor is putting those that were left out last week in this week.

Mr. and Mrs. A. H. Alexander Keep Open House Christmas Morning.

It has been a custom of Mr. and Mrs. Alexander for years to keep open house for their friends on Christmas morning. This time they gave a delightfully planned buffet breakfast with everything on the menu suggestive of the holiday spirit.

The following enjoyed their hospitality: Mesdames and Messrs. W. H. Murchison, John Oates, Hardy and Earnest Grissom, O. Neathery and C. B. Long of Dallas, Withers of Mineral Wells, Matthew Alexander of Stamford, Wallace Alexander of Seymour, Courtney Hunt, W. E. Lavender, Trigg of Bastrop, Ted Alexander of Seymour, Oscar Oates.

Mrs. John Oates Entertains.

Mrs. John Oates entertained with a bridge party during the holidays. Her attractive home was decorated to carry out the Christmas idea.

A most delightful evening was spent at bridge. The following were present: Mesdames and Messrs. A. H. Alexander, W. H. Murchison, Wallace Alexander of Seymour, Withers of Mineral Wells, O. Neathery and C. B. Long of Dallas, Richard Weinert of Weinert, Miss Vera Neathery, Messrs. S. Neathery and Bernie Neathery.

Mrs. Buford Long of Dallas Honored.

Mrs. W. H. Murchison gave a lovely party Saturday afternoon, honoring Mrs. Buford Long of Dallas.

Bridge was the diversion and Mrs. Joe A. Broadus won high score and was presented by the hostess with a Japanese bowl. Mrs. R. R. English received the consolation, which was a Japanese Telephone screen. The table favors were exquisite colored glass bon bon dishes. Mrs. Long received the guest prize, which was silk lingerie. An elaborate two course luncheon was served on Japanese trays to Mesdames Broadus, R. R. English, W. E. Lavender, J. P. and Claiborne Payne, J. E. Bernard, John Oates, the honoree and hostess.

Magazine Club Elects Officers.

It is a custom of the Federated clubs to elect their officers the first of January, but they do not formally assume their offices until May.

The following officers were elected Friday afternoon:

Mrs. R. C. Montgomery, president; Mrs. R. J. Reynolds first vice president; Mrs. N. T. Smith, second vice president; Mrs. Jno. Oates, corresponding secretary; Mrs. F. T. Sanders, recording secretary; Ms. H. S. Wilson, treasurer; Mesdames J. E. Grissom and C. D. Long members of the executive board.

Avery-Powell.

Mr. Otis Avery and Miss Euline Powell were married Sunday in Seymour, the ceremony being performed by Rev. J. R. Balch. The ceremony was an unostentatious one. The young couple have begun their wedded life in rooms at the W. T. Finn home.

The bride is the daughter of Mrs. Stella Powell of Megargel. She has been in Seymour quite a bit, having graduated from the High School here. She was attending the Denton Normal when the call came from her future mate, and when the call comes you have to go. Miss Euline is possessed of many charms and graces of character, and her friends are myriad.

The groom is the son of Mr. and Mrs. E. D. Avery of this city. He has lived here for the past two or three years, and has merited the confidence and esteem of our people. He is now one of the indispensable force at the Seymour postoffice. The Banner joins in the extension of good wishes, which have been so freely given on this occasion.—Baylor County Banner.

Mr. Avery was reared in Haskell county, moving to Seymour with his parents a few years ago. He has many friends here who wish the happy couple much happiness.

Miss Thelma Williams Hostess

Friday evening, January 5th, Miss Thelma Williams gave a delightfully planned party. Many games were played and enjoyed by all. Delicious jello with whipped cream and cake was served.

Those present were: Misses Ermine English, Georgia Smith, Iola Simmons, Anita and Frances Grissom, Johnny Morgan, Kathryn Smith, Lynda Robertson, Eileen Smith, Galen Robertson, Thelma Lee Norman, Veta and Opal Weaver, Marion Guest and M. J. Sherrill. Messrs. Clift Chapman, Cecil Weaver, Marion Guest and Maryderson, Henry Wilson, Walter Glenn Robert Whitman, Hugh Gauntt, Jerome Sanders, and I. D. Killingsworth.

Does Poultry Pay?

We have often heard the question asked, "Does Poultry Pay?" and it has been answered in the affirmative time and again. But we can furnish additional proof from the poultry yard of Mrs. J. M. Everheart of this city, who handed us a true statement from her yard of the expenses and profits correctly tabulated.

Mrs. Everheart began the season with 75 hens on the first of January last year which she valued at \$150.00 and feed on hand that was valued at \$50.00, thus she started the new year with \$200.00 capital, and after paying for themselves, the feed, hatching, brooding, housing and all labor and other expense the net profit received by Mrs. Everheart was \$370.00, or \$5.02 per hen from her pen of Rhode Island Reds, kept in the city and fed from feed that was bought on the market from our local feed dealers.

The gross sales from the yard of stock and eggs reached the figures of \$601.27 for the year of 1922, including stock on hand not sold. Mrs. Everheart is planning greater gains in the poultry business next year from the fact that she is starting in the year with more experience, better stock and better equipment. She has purchased a 250-egg incubator and already has it installed and ready for business with plenty of brooders and houses to care for the young birds when hatched.

Parent-Teachers Association.

The association met at the high school auditorium Thursday afternoon. Mrs. Goze gave a splendid report of the meeting she recently attended in Waco. She said one of the things the leaders seemed to think so deplorable was the cigarette habit among the girls. It made the correspondent feel very proud of West Texas and Haskell to think that she had never even seen or heard of a girl smoking in this part of the state.

Mrs. Jess Edwards Wins Furniture Set at Wells Furniture Store.

Mrs. Jess Edwards of this city was the fortunate one to get the suite of furniture given away by the Wells Furniture Co. during the holidays. It was a valuable set of furniture for the dining room complete, and Mrs. Edwards was one of the happiest ladies in the city when it was known that she was the winner of the valuable prize.

Harmony Club Elects Officers.

The Harmony Club has already started work on their Sacred Cantata to be given Easter. Mrs. Hardy Grissom will be the director and they plan to have Sam Losh of Fort Worth, well known musician, at this time.

The following officers were elected: Mrs. Will Whitman, President; Mrs. R. J. Reynolds, first vice president; Mrs. H. S. Wilson, second vice president; Miss Exa Cahill, recording secretary; Miss Mary Clifton, corresponding secretary; Mrs. W. H. Murchison, treasurer; Mesdames Sleeper and C. L. Lewis, members of the Executive Board.

GEORGE WEST IMPROVING HIS HOME WEST OF TOWN

George A. West, living 6 miles west of Haskell on the Rule road has about completed four new rooms for his residence and made other improvements about his place which will add much to his home in value and comfort.

Mr. West came here 14 years ago and worked on the public road for Haskell county the first year he lived in the county. And today he owns one of the best one hundred acre farms in this section which he has built up to the highest standard of cultivation and the improvements recently made will greatly enhance the valuation of his property. He says he had the whole amount of \$60.00 in cash when he landed in Haskell county. He owes no man nothing today and is happy and contented.

MINISTER LAMBETH IN INTEREST OF NEW HOME FOR ORPHANS

Elder G. A. Lambeth, formerly pastor of Haskell County who now resides in West Texas, spent day night and Monday here on his acquaintance with old friends.

He began his ministerial career in the state of Texas about twenty years ago and is now one of the strongest preachers of the Church of Christ in the state. He is traveling for the orphan's home that it is planned to build at Haskell, Okla., and it is thought work will begin on the new home by March next year if all work is carried on now in progress. The home, Canadian, Texas, but has been small to accommodate the children and to enter the home, and Lambeth with several other members of Texas and Oklahoma are the plans before the members of the Church of Christ of the two states who are contributing liberally to the fund.

He made a talk at Rochester, Okla., Sunday at the day morning, at Rule Sunday at here and here Sunday night, and brethren of the different towns contributed liberally to the fund for the building of the home.
