DESTRUCTIVE FIRE AT JAYTON SATURDAY AFTERNOON

Saturday at about one p. m. I. R. McLain, owner of the Maxwell Garage, at Jayton, Texas, while at work struck a match for some purpose and immediately the whole inside of the building burst into flames.
The garage burned, as did two Max-old car. Then the postoffice building, occupied as an office by H. J. McLeand and all contents was destroyed. By this time most of the stock of general merchandise owned by Kennedy & Lee had been carried out of the next building and this building also was totally destroyed. Kennedy & Lee's stock, which was mostly saved, was badly damaged and was almost a total loss. All had some insurance but not enough to cover the loss.
The wind happened to be from the southwest and blew the fire away from the rest of the town, otherwise the whole town would have been burned.

BACCALAUREATE SERMON PREACHED AT ROCHESTER

The Baccalaureate Sermon was preached by Rev. Leroy Litchfield Sunday evening to the High School graduates of the Rochester Schools at the Presbyterian church. Bro. Litchfield's remarks were brief but to the point and his hearers were delighted with the sermon. The closing exercises of the school will be held Friday night, May 28th, at the auditorium. The school will render a good program and Rochester will have closed a successful school term.

Prof. J. J. Warren, who finished this term of school as the principal, has contracted for the school for the ensuing term and we are sure Rochester will have another successful school term under his guiding hand.

BIGGER AND BETTER SCHOOL PLANNED FOR NEXT YEAR

The Haskell School Board has decided to adopt the calendar-school month another year. The term will open September 1 and continue to June 1, 1921. Teachers are to be paid an adequate wage and are expected to return to give a longer period of service to the schools each year.
Nearly all the teachers have been elected for another year, but not all have accepted. A complete list will be published at the earliest possible date. It is planned to have thirteen teachers in the grammar school and five, exclusive of the superintendent, in the high school. In the grades this will give a maximum of forty pupils to the teacher as required by affiliation standards. In the high school the extra faculty member will permit new courses to be added. Hitherto mathematics has had no regular departmental organization but has been divided among the heads of other departments and consequently more or less "butchered."
Under the new organization "math." will be taught by the assistant high school principal, Prof. Magers. Business arithmetic, book-keeping and possibly other subjects will be added to the "math" courses already taught. Prof. Magers' halls from the State University.
Spanish will be substituted for Latin in junior and senior years. Mrs. Magers, an experienced teacher and a graduate of Southern Methodist University, will teach Latin and Spanish. Fourth year Latin will be taught next year in order to accommodate those who wish to finish the previously planned Latin course.

HASKELL COMMANDERY KNIGHTS TEMPLAR CELEBRATES FOURTEENTH ANNIVERSARY

Surely the Masonic Spirit was never more splendidly expressed in Haskell than on the evening of the 25th inst. when the local Commandery were hosts to local and out of town Knights and their ladies.
The profound sentiment of affection and fraternal solidarity which bind all Masons found full expression in all proceedings of the evening.
The ladies had assembled at the Smith House Annex and at the appointed hour were met in the E. G. Hall by their Knights dressed in the beautiful and imposing uniform, emblematic of their loyalty to christianity and the spirit of true brotherhood.
After a "get acquainted" and social hour in the beautiful reception hall, Sir Knight O. E. Patterson, marshal of the occasion, called all knights and ladies into order for the grand march by the orchestra to the main hall, where tables, beautiful and well appointed had been placed, with covers laid for 200 guests.
Sir Knight H. G. McConnell, with a dignity worthy of the order, presided as toastmaster, introducing each speaker in that happy, personal way making them sympathetically in touch with their audience.
After the invocation by Sir Knight F. G. Alexander, the cordial and sincere words of welcome by Sir Knight C. B. Long was responded to by our esteemed Sir Knight Joe A. Jones of Rule, in his most joyous style.
The esthetic and artistic are woven into every phase of life, so no occasion would be complete without music. Much of the success of this occasion was due to the inspirational music furnished by our local orchestra composed of the following members: Miss Lucille Taylor, Jno. V. Davis, Miss Hassie Davis, Thomas Wright, Fred Mauldin, Jack Tappert.
"In the Sunshine of Your Smile," and "For You" was very beautifully sung by Mrs. Jas. A. White of Rule.
In the absence of Sir Knight A. W. Waddill of Stamford, Sir Knight W. T. Andrews of Stamford responded to "My Idea of a Knight Templar."
Sir Knight Andrews outlined the standard of the order, saying the individual life of its members should be exemplary to the young, the rescuing of human lives, and the lifting up of human institutions. That the wearer of the Cross should be chivalrous men as well as reverent men, saying our need of today is the creation of a manhood which shall stand to our age as the Knighthood of old stood to theirs—a manhood with the virtue and goodness to draw all to a plane of high living.
Our former townsman Sir Knight S. W. Scott of San Antonio, spoke on the organization and early history of the local Masonic Lodge, making honorable mention of some of its charter members and their constructive work and lives, among whom were: Capt. W. W. Fields, R. B. Fields, F. G. Alexander, Jesse Jones, A. C. Foster, J. W. Evans, W. B. Anthony, H. G. McConnell, C. D. Long, and Zed Marcy.
Sir Knight Scott especially mentioned Sir Knight A. C. Foster as a man zealous in all the work of the Lodge with a profound, comprehensive knowledge of its laws and precedents.
Our departed and loved Sir Knight C. D. Long was eulogized by many of the speakers of the evening with expressions of how well he did his job, how among us, with recollections of his loyalty and constancy in the performance of his duties as a brother Mason.
What can give us so much joy as the memory of him?
What time shall we

WELLS FURNITURE STORE

How Are You Folks

We Are Feeling Fine Thank You

Trade has been good, and the fine rains have put West Texas on the map again, and everybody ought to be feeling fine and dandy.

The Eastern Manufacturers have concluded contracts with their help for another year at an advance in wages of from 15 to 20 per cent; so the workers should be satisfied and thus keep the mill men in the market for our raw material.

We see nothing in the situation to lower prices for either our products or manufactured goods. If they will pay us a good price for our Cotton, Grain, and Cattle, we can pay the present prices for their goods.

You have doubtless seen in the papers where the big department stores have cut prices on certain lines 20 per cent. This is nothing. They do it every year and sometimes three times a year. But they would have to cut the prices 40 per cent to be on a level with our every-day prices for the same cost of merchandise.

We can prove it. You can prove it by a fair comparison. Just take any standard brand of goods for a test—get their prices and ours. We will be glad to give you samples and price to make the test.

The fact that our business has increased more than 64 per cent this year over last is explained by three prominent factors:

FIRST—The people have learned for a certainty that we are cheaper than the average store anywhere.

SECOND—They know for a surety that we carry only dependable and trustworthy goods.

THIRD—Our stock this year is so full and complete that the average buyer can find what he wants at this store.

If you are not one of our regular customers join the procession of satisfied customers and come to this store to trade.

FORMER HASKELL COUNTY YOUNG LADY DIES IN N. M.

Below we give an account of the death of Mary Omev Stevens, as reported by the Portales Valley News of New Mexico, where her parents now reside. They formerly lived in the Lone Star community north of Weimert where the family have many friends whose hearts will be saddened by the news of the young lady's death.

"Miss Mary Omev Stevens died of tuberculosis May the first, 1920 at the home of her parents, Mr. and Mrs. S. W. Stevens, some nine or ten miles south of Portales, at the age of 23 years, 3 months and 10 days.

"Deceased was born in Central Texas January 21, 1897. She spent most of her girlhood in Haskell County, Texas.

"She was taken to Crosbyton, Texas, and laid to rest in sweet peace May 3rd. The remains were accompanied by her mother and four sisters, father and brothers having made the trip through in a car the night before.

"Omev joined the Baptist Church when quite young and was always a sweet Christian girl, loved by all who knew her. She had been ill something like a year and a half, contracting tuberculosis after having a case of the whooping cough and later the flu the latter part of 1918. Everything had been done that loved ones and friends could do, but the Lord saw fit to take her home to him. In her prayers before death came she told the Lord she was ready to go any time He wanted her, if she could be of any use to Him. But if He wished her to remain here upon earth she would gladly stay, only please relieve her of the intense suffering she was and had been undergoing.

"All her family was at her bedside when the end came, except two brothers and one sister, also her fiancée, her sister and family, accompanied by this young man, had gone south on a trip and did not hear of her demise in time to be with her at the end.

"One of the sweetest prayers the writer ever heard was said by the deceased's mother at her home just before dear Omev was placed in basket carrier and taken to Portales to be laid in casket.

"She leaves, besides her father and mother, four brothers, Cal. of Munday, Texas, Roy. of Ralls, Texas, Luther, of Eastland, Texas and Joe, of Portales, and five sisters, Mrs. Maggie Elam, of Ralls, Texas, Mrs. Cora Taylor of Munday, Texas, Mrs. Annie Taylor of Munday, Texas, Ethel and Gladys Stevens of Portales, N. M., also Will Wilson of Weimert, Texas, her fiancée, besides a host of friends in Texas and New Mexico.

"Asleep in Jesus! Peaceful rest, Whose waking is supremely blest, On that bright, immortal shore We shall meet to part no more."

Why a Majority of the Smaller Cars Come on Goodyear Tires

Last year more cars using 30x3-, 30x3½-, or 31x4-inch tires were factory-equipped with Goodyear Tires than with any other kind.

This is plainly a result of the high relative value produced in these tires for the smaller cars by Goodyear's enormous resources and scrupulous care.

They represent the same intense endeavor to supply utmost satisfaction in tires that has laid the basis for the marked preference which exists everywhere for Goodyear Tires in the larger sizes.

This real Goodyear value in tires is available for your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at our nearest Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

Chicken Shortcake
Boil until tender a nice fat hen, season and make rather a thick gravy around it. Have ready a baked crust the same as for strawberry shortcake, and while hot put a layer of chicken and gravy and then of the crust and so on until your large platter is filled. Serve while steaming hot.

Mix together 1 cup of sugar, 1-2 cup of butter and lard mixed, 1 egg, 1 cup of milk, 2½ cups of flour, 2 teaspoons of baking powder, and 1-2 cup of currants. Pour into a large flat bread pan and sprinkle with sugar and ground cinnamon. Bake 20 minutes. Serve hot with butter and coffee.

Lemon Foam
Use 2 cups of boiling water, 1 cup of sugar, 2 heaping tablespoons of cornstarch, a piece of lemon and the whites of 3 eggs. Put the sugar in the boiling water on to cook. When it boils stir in the cornstarch which has

been dissolved in water, and cook until quite thick. When cool stir in the lemon, then pour slowly over the beaten whites of eggs, stirring constantly until cold. This is delicious poured over any kind of fresh fruit and served ice cold.

Oyster Salad
Take one large can of tomatoes and mix with two small cans of oysters, add 4 tablespoons of catsup, salt and pepper to suit taste, one teaspoon of sugar and serve with cracked ice. Use onion if desired.

Wit & Humor

A Reflection on the New Baby

A friend of mine has a little boy who was taught at school how to spell the word "anonymous." After that each child was told to print on its slate (they were too young to write) a sentence containing the new word, after just looking up its definition in the dictionary. Little Harry, for that was the child's name, looked out the word anonymous and found the definition was "without a name," so this was the sentence he printed on his slate, and sent up to the teacher, "Our new baby is anonymous." He now wonders why the teacher smiled.

A Fair Estimate

"Have you ever tried, Lawrence, to estimate the height of my father's regard for you?"
"No, but it occurred to me last night that it was about a foot."

A Controlling Feature

Brown—The facial features plainly indicate character and disposition. In selecting your wife were you governed by her chin?

Jones—No; but I have been ever since we married.

Family Loyalty

A Stevens avenue young lady was much pained and shocked as she walked down the street yesterday to see her young brother sitting astride the prostrate body of another boy and raining down blows upon his struggling victim.

"Johnny!" she almost screamed, "what are you doing? Come here this minute. Aren't you ashamed of yourself, fighting this way in the street?" The boy reluctantly arose from his vanquished antagonist and faced his indignant sister. Then he explained: "Well, I don't care. He said you was not good looking. I don't think you are either, but it ain't none o' his funeral. So I licked him."

Made Himself Right

The editor of a Western weekly wrote up an account of the death of a good and prominent citizen, putting over it the time-honored heading: "A Good Man Gone." After the issue was printed, but before it was distributed it was learned that the dead man was an emblesmer. So the editor sat down and wrote the word "Wrong" after the word "Gone" in the headline in every paper of the issue.

The Reason

Geo—I wonder what makes my eyes so weak.
George—Why, they are in a weak place.

Judge and Mrs. D. H. Hamilton Return to Haskell.

We were delighted early Monday morning by a visit from our old friend Judge D. H. Hamilton who was among our first settlers at the office. Judge and Mrs. Hamilton returned home Friday morning from a seven month stay with their children at Van Horn, Texas and Almodoro, N. M.

Judge says he was very glad to get back home, and to see the improvements that Haskell has made since his going away seven months ago. He has lived in Haskell over twenty years and has held the office of County Judge in our county, and was a good one, too. He loves Haskell county and her excellent citizenship and has always been a power for good since he has made his home here. Although he is bent with years, yet his mind is clear and strong, and he stands firm for the principles that he has advocated through his useful life. Judge sends the paper to his daughter, Mrs. J. L. Gardner of Almodoro, N. M.

J. S. Stephens, who is now at Atsah receiving medical treatment is still improving and it is thought if he keeps getting better he will be able to return to his home east of town in another month.

Miss Annie Mae Hancock is expected home this week from Eureka Springs Arkansas, where she has been attending school.

Mrs. J. A. McKee Returns Home Sunday

Mrs. J. A. McKee returned Sunday from a Waco sanitarium where she underwent an operation. Her many friends will be glad to learn that she is much improved in health.

With the return of warm weather the ever popular swimming parties are the leading amusement. The first of the season occurred Monday evening when a jolly crowd of young people met at the Baptist Church, where they departed in cars for the Hays tank.

Arriving at the tank they entertained themselves swimming and fighting mosquitoes until their chaperones, Mrs. Oates and Mrs. J. T. Therwanger announced a delicious lunch which was served to the following guests:

Messrs. Arthur Fox, Bud Whatley, Lonnie Griffin, Monroe McConnell, Cedric Sanders, Vernay Anderson, Kenneth Thornton, Ed Sprowls, and Hill Oates; Misses Verna Oates, Mary Langford, Opal Simmons, Ermine Daugherty Gladys Smith, Irene Cox and Dorothy Dean. After a most delightful evening, the guests returned home, thanking their chaperones for the evening of pleasure.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. F. J. CHENEY & CO., Toledo, O.

INTERESTING NEWS FROM PROGRESSIVE CITY OF RULE

Judge Jesse G. Foster was in the city Wednesday from Rule and called around to see us while in town. He says the farmers are so busy planting their crops that very few people are seen on the streets of Rule these days. Crop prospects according to Mr. Foster, were never better in the Rule country. He also told us of a few changes that his home town has recently made. A few of the most important we mention below.

Edgar Wilmon and Archie Bowers have purchased the Mayes Restaurant and moved it across the street to their new building where they have an up-to-date eating place with T. A. Fessenden an experienced man, in charge of the place.

W. A. McGehee of Haskell, formerly proprietor of Bill's Kandy Kitchen of Haskell has installed a new candy kitchen in the Mayes building vacated by the removal of the restaurant. Duncan Head is repainting his residence and making it shine with its new coat of paint.

Mr. Foster says that the future prospect is looking optimistic and he believes that with the bumper crop that the good rains insure, they will have another year of good business and prosperity that will put everybody on their feet.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness. GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

How to Keep a Hired Man

When an old Arkansas farmer saw the comforts a neighbor was providing for his farm hands, he snorted: "Huh! I ain't a-goin' to carry no hired man round on a leaf!" . . . But he didn't have a hired man and couldn't get one.

The answers make an article that is full of live-wire suggestions for farmers everywhere. Every idea in the lot—and they range all the way from bathtubs to bonuses and from hogs to hunting trips—is practical, is working today. Articles of this sort—helpful, hard-headed suggestions for the farmer—make up THE COUNTRY GENTLEMAN every week. What would it be worth to you to be sure of a hired man the year round? Every Tire Signed

We insist that Millers must be uniform. Each tire is signed. A record is kept of the maker, the inspector and the process.

If a tire comes back for adjustment we learn the reason. If the workman is at fault he is penalized. If the inspector overlooked a flaw he is held responsible. If any process or material is at fault, we correct it.

After years of this checking we've attained uniform tires. There are whole large cities from which not a Miller Tire came back last year.

Treads Must Endure

Miller Treads, by our standard, must outwear the balance of the tire.

We have attained a tread which outwears rivals by 25 per cent.

Every day our tread stock is vulcanized, then tested, in our laboratory. We permit no variation.

Not a single Miller Tire with these new-grade treads has ever come back with the tread gone.

Not 20,000 Miles

Countless reports come to us on Miller Cord Tires showing 20,000 to 28,000 miles of service. And tales of that kind are told everywhere, we learn.

But mileage depends on conditions—on size, care, load and road. Millers are uniform, but they are not used under uniform conditions.

In our factory tests we average 15,000 miles on Cords.

But a Miller Tire will outlast—almost always—any tire that you place opposite, no matter what it costs. Compare them under like conditions, and see what mileage modern tires can give.

You will gain a new criterion. When you buy a new car insist on Miller Tires. Twenty car makers now supply them and there is no extra charge.

THE MILLER RUBBER CO., Akron, Ohio

Tire Prices

Some False Ideas About Them

Should an extra price buy an extra grade tire?

It should not. Any first-grade tire should be built as well as a tire of that type can be built.

Cord Tires cost more than Fabrics, and are worth the extra price. Men who figure cost per mile are coming to Cord Tires.

But any tire, Cord or Fabric, should be built for the utmost service which that type can give.

Some Men Over-Pay

Some men pay extra prices, expecting extra mileage. Some pay under prices for an under-grade, and hope to save in that way.

Both are wrong. There may be exceptions—there are always freak tires. But countless tests have proved that Miller Tires at Miller prices, on the average, give the lowest cost per mile.

And Miller Tires, both Cord and Fabric, cost about the standard prices.

Tread Patented
Center tread smooth with suction cup, for firm hold on wet asphalt. Geared-to-the-road side tread mesh like cage in dirt.

We Insist on This

There are three requirements which Miller Tires must meet.

First, they must average greater mileage, type for type, than any rival tire.

We constantly prove this. Eight machines in our factory run two tires each under rear-tire conditions. Each tire is run 650 miles daily by running extra-fast.

Won Over 21 Makes

The Eldorado Stage Co. of Los Angeles tested 21 other makes against Millers on 12-passenger Packard Buses, weighing 8,600 pounds loaded. In this supreme test Millers won by long odds, on long-distance uniformity.

Here we constantly compare the best other tires with Millers. Also in ceaseless road tests. Thus, day by day and week by week, we are guarding the Miller supremacy.

SPLENDID SINGING MEET AT MITCHELL LAST SUNDAY

The Mitchell Annual Singing and the Haskell County Singing Convention met jointly at the Mitchell Church last Sunday and a splendid musical program was rendered. E. L. Corley, president of the Annual, C. G. Barnett and John Corley, arrangement committee and W. M. Free, president of the Convention, were all present and filled their stations.

Ed Blair, Calvin Brothers, G. R. Page, R. A. Bradley and Charlie Thomas the house committee, were on hand and performed their duty to the satisfaction of all and every comfort was looked after to make the congregation feel welcome.

The house was called to order by W. M. Free and the singing began about 10:30 a. m. No program was arranged until after noon and the singers were called by the president in the forenoon. At 12:30 p. m. the president E. L. Corley, announced everything ready for the feast that had been spread by the good ladies of Mitchell and O'Brien. Thanks were offered by W. C. Graham and all were invited to partake of the bounty that was fit for the kings. The undertaking proved too much for those present, and after about 30 minutes deliberation the ladies placed back in their boxes and baskets enough good things to eat to have fed another large congregation.

After dinner the house was called to order by President E. L. Corley and the program began as arranged by the committee. The entire afternoon was spent in singing and many leaders were called to the floor. The features of the day were a quartette arranged by W. B. West and another by H. M. Cooner and last but not least three songs by Prof. J. C. Tremain of Foster, after which the closing song was sung by the president of the convention and the congregation was dismissed with a short prayer by Rev. Ben F. Roberts.

This is the 10th Annual Singing held at Mitchell since its organization. The announcement given out each year is that this date will be kept at Mitchell on the 4th Sunday in May, rain or shine. And up to this time they have never had a failure, although some severe weather conditions have been experienced. On last Sunday morning a slow drizzling rain was falling and all preparations would have come to naught by a less courageous people. But it was not so with this community, the congregation began gathering despite the unfavorable weather outlook and kept coming until the house was filled to overflowing and again the date was saved and a good day enjoyed by all.

The Haskell County Singing Convention will meet with Jud 12 miles west of Rule and 8 miles west of Rochester in an annual all day singing on the 4th Sunday in June. Remember this date and come rain or shine. If you come we will have a singing. Don't forget the date.

R. C. Couch is attending the Bankers Convention in Galveston this week.

O'BRIEN SCHOOL CLOSED TERM FRIDAY AFTERNOON

The 1920-21 session of the O'Brien school came to a close last Friday afternoon with a splendid program rendered Saturday night to a house full of people at the big Baptist church.

The program consisted of songs, readings, drills and piano music and the presentation of diplomas, and was a night of enjoyment and pleasure for the entire city and many words of praise were expressed by those present for the faithful work of the teachers of this excellent school. Prof. C. S. Bowles, superintendent, assisted by Misses Ora and Lillie Cooner and Mrs. J. B. Speck planned this excellent program which was very entertaining and instructive.

SUMMER SCHOOL WILL OPEN MONDAY AT THE NORTH WARD

The School Board has authorized a summer school at the North Ward during the months of June and July. The school will be conducted by Prof. F. P. Magers, and a corps of teachers selected by the board and superintendent.

Students will be required to pay a monthly tuition fee of \$3.00 for one subject or \$5.00 for two courses. Pupils will be encouraged to take not more than two courses previously studied nor more than one new subject.

Prof. Magers will organize classes in eighth and ninth grade algebra, business arithmetic and plane geometry. Also he will teach courses in history if there is a sufficient demand. Mr. Magers is the regularly elected mathematics teacher for the 1920-21 term. Students who take the summer work are to be congratulated on the opportunity of taking such work under the regular instructor.

Report cards will be issued monthly and free text books used during the summer term. Pupils will be allowed all privileges of the regular term. Recitation or class work will count two-thirds and examination one-third in averaging for promotion at the end of the summer term.

Students will recite at the school building but will be allowed to study at home.

Pupils interested in summer school work are urged to see Mr. Magers Monday morning at the North Ward and register for the term.

Beware!

Stop, Look and Listen!

Profiteers are numerous.—

But who ever heard of a "Religious Profiteer?" Does anyone ever get too much profit from Religion? Do you?

In your mad rush for money, you forget your Religion. Will Christianity save you from Spiritual Destruction, or will Money?

A man without ambition is lost, forsaken, and forgotten—but what about a man without Religion?

Does a financial success on Earth, mean a Spiritual success in the Future?

You think of today and of the future in your business—but neither in your Religion.

Ask yourself the above questions in all sincerity—then give a part of your time and thoughts to Christianity,—it will pay physically, mentally, morally, spiritually, and financially.

The First Christian Church extends to you a hearty invitation to worship God with them on each and every Lord's Day.
